  - Approved at 2:02 pm

Report from Chair: Barb working behind the scenes with Dwayne Tunstall (CLAS) on the cross-listed CLA 311 and PHI 311 course. We will begin working on our charges from ECS next week.

Report from Provost: Reminder of this afternoon's (4-5) Curricular Road show and Friday from 12-1.

**Discussion:**

- **Discussion regarding "math of % for ranges"**

UCC could offer instructions on the percentage math of topics or MOEs (anywhere you choose to use a range of percentages). If the bottom adds to 100%, no action required.

If the lowest percentages are over 100%, then you cannot have anything lower. All percentages should be possible.

Darren will draft some language to clarify this for UCC members and college curriculum committees. He'll include examples.

Additionally, the RTX proposals had additional issues regarding activity hours in courses that are not offered in a typical 14-week semester (SAIL form needs to be adjusted. Suggestion from Amy to give hours per semester rather than hours/week. Could SAIL be coded to calculate activity hours for different types of activities for proposers?) We may need examples of this for various activity types.
- **SOR supergroup formed:** *Darren, Amy, Erica to huddle around this SAIL issue of requiring authors to include SOR change button and attachment of prior SOR. Supergroup will report back their recommendations to the UCC for approval*
