Have a good trip to Boston, Barb!
Ongoing discussion about certificates. For example, IPE certificate offered from an outside entity, MIPERC. FYI.

Report from Provost's office:
OEMC's request to use SAIL for non-academic units to propose non credit bearing badges in SAIL.
	UCC is in support.
SPA 120 update: Erica met with Provost Mili and needs more time to consider. Request to keep this course proposal as "tabled." *Should the UCC be thinking about enrollment data and feasibility of courses to succeed? Enrollment data is not always available, however curricular complexity and overlap is in the UCC's purview.*

Digital Literacy work being done on campus. Currently there is a task force to bring digital literacy work across campus together to define the term "digital literacy" for consideration by ECS/UAS. Once we have a definition, we'll be able to assess where this instruction is happening. GenEd is also considering adding "digital literacy" as a skill in their curriculum.
