Report from Chair: Willingness to meet over exam week? Email Barb and let her know if you can meet this week. Re: requirements for the BS degree. 32 programs who are not in compliance with these requirements. Plan to move forward: assist these programs to reconcile these. Please pay close attention moving forward to ensure any new BS program that is proposed meets requirements. RE: MTH 110 has not been and is not a GenEd foundations course. It was listed as a basic skills course in GenEd and this has created confusion that it can function and a foundations course–this is false.

Report from Provost's office: Thank you for staying focused on the work rather than the politics. Keep up the good work.
