Nursing Program Health Compliance – Getting Started!

Why This Matters
Successful completion of all health compliance requirements is mandatory for participation in courses and clinical experiences. Students who do not complete compliance by the deadline will forfeit their seat and must reapply for future admission.

Getting Started
You will receive a Welcome Letter from Health Compliance in your GVSU email account. Begin working on the requirements as soon as possible. We recommend printing the Welcome Letter and using it as a checklist and reference guide while completing your tasks in the Viewpoint Health Portal.

Important Deadlines:

Date	Item
Thursday, March 26, 2026 by 5pm	Deadline to Open Viewpoint Account
Monday, July 20, 2026	Viewpoint Health Compliance Deadline
Monday, August 3, 2026	ACEMAPP Deadline *(Corewell & Trinity only)*

Compliance
You must remain compliant in two separate places each semester. First, you'll complete all required steps in the GVSU Viewpoint Health Portal. Then, once you receive your clinical site placement, you'll begin the onboarding process specific to that organization each semester.

Viewpoint Health Portal

This is where you complete and track all your initial GVSU requirements. It's essential to keep your Viewpoint account updated, even after your first semester.

Clinical Site Onboarding

After receiving your clinical site assignment, you must complete that organization's onboarding requirements (ex: ACEMAPP).

Viewpoint & Compliance Questions

Contact the Health Compliance Office for help with documentation, deadlines, or requirements.

healthcompliance@gvsu.edu
(616) 331-5812

Clinical Onboarding Questions

Contact your Academic Community Liaison for help with IT access or clinical onboarding instructions (ex: ACEMAPP).
