Healthcare Talent

As the leading provider of healthcare professionals in our region, Grand Valley is committed to meeting the healthcare needs of our community.

- Over one third of Grand Valley students are currently enrolled in one of our 75 health-related programs.
- The health programs are nationally recognized and accredited.
- The Health Campus anchors the East end of Grand Rapids' Medical Mile, making it the ideal location in close proximity to great clinical sites.

Health Campus Expansion

- Allows for expansion of programs and accommodates more students in our health science programs.
- Adds new health sciences programs to meet the needs of regional, state and national health care organizations.
- Expands our classroom and laboratory facilities.
- Allows for expansion and renovation of our simulation center.

In May of 2018, we will open Raleigh J. Finkelstein Hall (84,000 square feet)
