

SURPRISE! KIDS ARE VAPING

An Alternative to Throwing Up our Hands and
Handing Out Suspensions: Providing Support

FEBRUARY 7, 2020; WEST MICHIGAN HEALTH FORUM, GRAND RAPIDS, MI

Michael Ostrander, Principal, Belding High School

What Are We Seeing?

MOVING FROM INTEREST TO ADDICTION

When the vaping epidemic started to creep into schools around four years ago, students were intrigued and feel victim to peer pressure. Four years later, they are addicted and begging for help.

HOW ARE WE SUPPORTING STUDENTS?

AWARENESS

EDUCATION

RECOVERY

**STRANGELY ENOUGH,
SOME STUDENTS
COME IN HERE TO
PUT CRAP INTO
THEIR BODIES.**

Wipes can contain some of the same
cancer-causing chemicals found in cigarettes.
