

Everyone is encouraged and welcome to attend the CECI Technology Committee meetings.

Fall 2022

September 27, 2022 (Tuesday)

Active Learning Classroom showcase, CECI Digital Studio & Hybrid-Hyflex Teaching Tips and Tricks

Faculty presenters: Justin Melick, Ty Rizer & Larry Warkoczeski

What can our CECI digital studio, iDEL staff, and Graduate Assistant do for us in course development? In this webinar session, we will highlight some of their excellent work and ideas for faculty on how to utilize those resources. Knowing the services offered may be beneficial to help faculty see and experience what is available to support instruction.

We will also feature professor Larry Warkoczeski, who has taught in the hybrid-hyflex pedagogy for some time. He will share insights about his journey in this delivery style and pedagogy.

Maybe some tips and tricks too!

10am - 11am (BigByte)

11am - 12pm (CECI Technology Committee Meeting)

Location: DeVos 121E for those attending in person, zoom for those participating virtually.

October 25, 2022 (Tuesday)

Hypothesis

Presenter: Vince St. Germain and Faculty Friends

Studies suggest the use of social annotation and the co-creation of knowledge encourages student engagement and the achievement of learning outcomes while raising awareness of the importance of open and collaborative practices. Until now, there has not been any campus solution for incorporating a social annotation tool directly into a course's curriculum. Now, with Hypothesis: <https://web.hypothes.is/>, you will have the opportunity to support student success by placing active discussions right on top of your course's readings, enabling you and your students to add comments and start conversations in the margins of the text.

10am - 11am BigByte

11am - 12pm (CECI Technology Committee meeting)

Location: DeVos 121E for those attending in person, zoom for those participating virtually.

November 29, 2022 (Tuesday)

Ultra Pioneer Experiences

Presenters: CECI Faculty in the Ultra Pioneer Program

In this session, we will hear from "ULTRA PIONEERS" - those folks in CECI and in other colleges who have begun the work to learn "Ultra." They will share the highlights, challenges to be aware of, and tips and tricks to help transition to Blackboard Ultra.

10am - 11am BigByte

11 am - 12 pm (CECI Technology Committee meeting)

Location: DeVos 121E for those attending in person, zoom for those participating virtually.

If you cannot make the meeting in person, you can attend virtually via zoom. Use the details and link below:
