

**Nuclear Science Exploration  
Open House for Middle and High School Students**

**Saturday, January 15<sup>th</sup>  
9am – 3pm  
Hope College**

Explore with Hope College science students how the high tech world of nuclear science impacts us each day.

Experience the unique research facilities at the college, including touring a high particle accelerator, creating your own cloud chamber, and performing your own hands-on experiments.

Full day event meets BSA Nuclear Science Merit Badge Requirements.

Registration at <http://www.hope.edu/explore>.
