myPath Emoji Party

Don't let myPath confuse you! Here are some simple hints presented by our Emoji friends!

What is myPath? myPath is a tool designed to assist in preparing for and tracking academic progress towards graduation!

Is there a difference between myPath and my Banner - Yes! myBanner is where you Register for classes and keep student records, myPath is a degree progress tool, they are not the same

myPath is confidential and is updated every night. You can't register in myPath, but you can see your degree progress

How Can I Read myPath?

•Student Info - Displays degree choice & requirements
•Legend - Assists in reading the symbols
•Degree Block - Degree requirements & progress

•Univ. Requirements - Displays Basic skills requirements (SWS, WRT 150, MTH 110)
•Gen Ed - Displays all courses required to fulfill requirements
•Major/Minor block - Displays Major/Minor requirements and progress in each
•Degree Cognate - Displays cognate requirements and progress

•Free Electives - Shows courses that count toward the minimum credits to graduate but are not used for specific requirements. Grad audits will apply these electives if applicable
•Courses Not Used - Course not used or applied towards graduation
•Repeated Courses - Will show twice until the end of the semester

Fun Functions for Students

Student Plan
Take your advisors study plan and input it into the student plan. The student plan is a great tool, no worries about losing the paper plan, keep it all here electronically! The student plan function will not automatically register you for classes.

What If? Function
Thinking about changing your major/minor, want to know how the classes you have already taken fit into the new requirements? The What If? function will actually give you an idea of how it might look like.

Course History
Students' can view any courses that they have completed, registered for, or transferred to GVSU. Transfers still need to go through the official process before they appear on myPath.

GPA Calculator
This will indicate what is needed to obtain a desired GPA in the credits that remain in a student's program

All the Boxes are Checked
If the student completes all outstanding requirements in their final semester and all repeats have been properly processed the audit should show all degree requirements as complete. However, the student will still need to inform the Registrar's office of their intention to graduate by completing a graduation application the semester before graduation.

Always meet with your advisor if you have Q's about myPath (www.gvsu.edu/integrativelearning)
