EDF 100 is an exploratory elective for students uncertain about pursuing teacher certification. It can be taken in either the fall or winter semester.

It is imperative to meet with your faculty advisor and an advisor in the CLAS Academic Advising Center regularly.

Academic Advisor: Nick Woodward, woodwani@gvsu.edu

The CLAS Academic Advising Center is located in C-1-140 MAK, 616-331-8585.

Online at: <http://www.gvsu.edu/clasadvising>

PHY 280 – Forces and Energy (2 credits, Fall semester) and PHY 280 – Electricity and Magnetism (2 credits, Winter semester) together can replace PHY 200 – Physics for the Life Sciences (4 credits) in the Integrated Science major.

¹ Students who self-place into WRT 098 should take this course in the fall semester and then take WRT 150 in the winter semester of their first year. Students who self-place into WRT 150 should normally take this course in the winter semester of their first year.

Students will not need to take WRT 150 if they have earned credit for the course through AP/Dual Enrollment. A grade of C or better is required in WRT 150 in order to satisfy the WRT 150 requirement at GVSU.

² Students must complete a total of two courses with an SWS attribute.

³ PHY 202 is only offered in the fall semester. PHY 203 is only offered in the winter semester.

⁴ GEO 201 is only offered in the fall semester. SCI 336 is offered only the fall and spring/summer (1st six weeks) semesters.

⁵ EDS 378 may be taken prior to the Teacher Assisting Semester but must be completed prior to Student Teaching. Permit required (COE – 616-331-6650).
