RESEARCH & INNOVATION AT GVSU

Hello colleagues, and welcome back! We hope you all had a wonderful break and that your semester is off to a great start. Like you, we are doing our best in the transition to Workday and your patience is appreciated.

CSCE & Workday

CSCE will continue with the same process in which the departments submit a fund transfer request for the one lump sum, just like we did with OnBase, but now it's in Workday. We've updated each of our grant webpages with some instructions that we hope will help, but please do not hesitate to reach out with any questions. Be sure to take a look at the [Dissemination Grant Budget Information](#) and [Mini Grant Budget Information](#).

Office Hours for Writing a Successful Catalyst or Collaborative Grant Proposal

Do you have questions? We have answers. We are here to help you prepare your proposal for **Round 2** of the [Catalyst](#) or [Collaborative](#) Grant due on **February 1st**.

Tuesday, January 30, 2024 3:00 PM - 5:00 PM Grand Rapids 297C DEV [SIGN UP NOW](#)

Wednesday, January 31, 2024 11:00 AM - 1:00 PM Allendale 049 JHZ [SIGN UP NOW](#)

Fulbright U.S. Scholar Program 2025-26 Competition to Open February 2024

In February 2024, the Fulbright U.S. Scholar Program will launch our 2025-26 competition! Hundreds of awards across all world regions will allow academics, professionals and artists to teach, research, and carry out professional projects abroad. Curious to see what awards in 2025-26 have to offer? Join the first webinar of the year to learn more about the Fulbright U.S. Scholar Program, awards and the application process.

The Fulbright U.S. Scholar Program: Opportunities for 2025-26

Thursday, February 15 2:30-3:30 PM EST

Fulbright U.S. Scholar Information Session on February 16, 2024

Hold the date for this year's Fulbright Scholar information session which will occur on **Friday, February 16, 2024, from 3:00 - 4:30 in the University Club, Pew Campus**. You will hear from GVSU colleagues who have recently been Fulbright Scholars and from your campus Fulbright liaison, Dr. Tooley. We'll have plenty of time for Q&A, as well!

This event will soon appear in Sprout - please do register so that we know how many people to expect. All are welcome!

Join us for good conversation about exciting opportunities within the Fulbright Scholar Program.

Office of Sponsored Programs

OSP Staffing Update

Please join OSP in wishing luck to a couple of former members, and welcoming two new members to the team.

While we will miss them, we are happy to see both Sara Ledford and Abbey Cook pursue promotional opportunities in their careers here at GVSU.

Please welcome Jodi Lockhart, our newest Senior Grants and Contracts Specialist.

Please also welcome Corey Roberts. He will be focused on pursuing institutional programming grants as our Senior Grant Writer.

Office of Research Compliance and Integrity

Classroom Presentations

ORCI is currently scheduling classroom presentations for the Winter semester. If you are interested in having a representative from ORCI and/or the Institutional Review Board (IRB) serve as a guest presenter in your classroom to discuss research ethics/compliance topics (i.e., human subjects research, responsible conduct of research, etc.), please contact ORCI at rci@gvsu.edu. We will try to accommodate as many requests as possible.

Compliance Corner

Q: What are the best storage options for the data I've collected on my IRB protocol, and how can I safely share it with my collaborators?

A: The level of data protection required will depend upon the type of information being collected and stored. Please consult [IRB Guidance Document G-16: Guidance on Data Management Requirements for Research Data](#) for further information. Note that sensitive information and information subject to additional protections (such as HIPAA or FERPA) requires a higher level of protection, and transferring such data to 3rd party apps/software requires GVSU IT review if the items are not already on [IT's approved list](#). For surveys, researchers are strongly encouraged to use the GVSU-licensed Qualtrics platform.
