IRBManager to Be Renamed to OneAegis

Effective **Friday, June 9**, IRBManager will be renamed to OneAegis. Two additional changes will also occur on that date:

- 1) The dashboard will be updated to a more modern layout, and
- 2) Emails generated from the system will now have a "From" field that reads "OneAegis on behalf of [user name]" and the return address will be listed as "no-reply@gvsu.oneaegis.com".

Current IRBManager URLs will automatically redirect to the new OneAegis URLs following the change and, except for the new-look dashboard, the functionality of the system will remain the same (including the submission forms).

OneAegis: Coming Soon!

The Office of Sponsored Programs continues to work toward the implementation of OneAegis, our new internal approval routing system for grants and contracts. The new system is very user-friendly and should make the submission process much easier. We anticipate OneAegis will be rolled out university-wide at the beginning of the new fiscal year – exact date and time to be announced soon. In the meantime, please contact your grants and contracts specialist with any questions about the transition or any of your grant and contract needs.
