

Call for abstracts

*for the first presentation of the
Iota Iota Iota Beta Delta (Triota) Women & Gender Studies Honor Society's
Student Lecture Series*

The goal of this monthly, student-run event is to foster a comfortable academic environment where students can share their scholarly work with other students.

All GVSU students are welcome to submit their work.

We welcome proposals for student-led lectures of a scholarly nature, such as those based on:

- Research projects
- Investigative or argument-driven papers
- Creative endeavors

The material should also be of a feminist nature, which can be as broad as:

- Race, class, gender, ability, and/or sexuality
- Critique of popular culture
- Local or global issues
- The personal tied with the political
- Inclusive scientific research
- Discourse on your original creative work

Please do not feel limited to these themes. If you are unsure if your piece fits, feel free to submit anyway. All rejections will receive personal notes with suggestions for improvement. If accepted, you will be scheduled by demand and theme, starting with the first lecture date.

If you would like to participate, please send the title of your presentation and a brief proposal (**an abstract of 150 to 200 words**) to gvsu.triota@gmail.com with the subject heading “Triota SLS”, with the brief application found at the WGS website. Presenters will speak typically for 15 to 30 minutes, and will receive a certificate of accomplishment.

Submissions due: March 10th, 2010
First lecture: March 18th, 2010

For more information and the application, please visit: <http://www.gvsu.edu/wgs>
