New Business

- CAR Reviews

Members created a statement about Knowledge SLOs and the one-exposure model to add to all CAR Feedback. The statement is as follows:

Previously, GEC had directed faculty to rate student performance on the Knowledge outcomes using the same expectations as the Skills outcomes. Your results are consistent with that older expectation. However, since students have only one (or two exposures in SBS and Issues) to the Knowledge outcomes, GEC has revised its expectations. Effective from Fall 2018, the goal is for students to achieve Level 3 for the Knowledge outcomes in a single course.

Members reviewed CARs in groups and brought concerns to the whole committee.
