14th Annual MIPERC Conference

Virtually, September 23-24, 2021

Expanding our reach: Responding to the needs of diverse patient populations through interprofessional advocacy, education, and research

Thank you to our partner sponsors!

Questions may be directed to 616-331-3356 or Julie Hall at hallju@gvsu.edu.

Thank you to our partner sponsors!

Conference Objectives

• Describe how social determinants of health impact health disparities and health equity.

• Highlight the importance of IPE and IPCC in the delivery of quality health care to diverse and underserved patient populations.

• Examine the ways in which IPE and IPCC can enhance cultural competency and improve health care outcomes.

Continuing Education credits are certified by Creighton University Health Sciences.

Conference Registration

Early Bird - $75
after September 1 - $100

Registration Deadline:
September 20, 2021

MIPERC Conference Registration
or on the conference website:
www.gvsu.edu/miperccconference
NOTE: The conference livestream link will be sent to participants prior to the event.

"Expanding our reach: Responding to the needs of diverse patient populations through interprofessional advocacy, education, and research"

Pre-Conference Workshop

Because of the virtual format of this year's conference, the pre-conference workshop has been cancelled. We will plan on an in-seat workshop with in-person conference next year!

Register here and join us!
