

PAS Peer Mentorship Policy and Procedure

The PAS program supports a peer mentorship program for second-year PAS students to mentor incoming students.

Procedure

1. Participation in the peer mentorship program is voluntary for mentors and mentees.
2. Peer mentors to incoming PAS students are assigned by The Richard Paul Clodfelder Student Society (RPC) Executive Board and faculty advisor.
3. The program provides times for mentors and mentees to meet and provide advice and counseling related to coursework, program resources, studying and organization tips, and general advice for success.
