

Dear GV Computing Laker,

Congratulations to all our new graduate students on your admission to one of the College of Computing's graduate programs! We're excited to have you join our community.

As we prepare the upcoming Fall 2025 semester, we kindly ask students to register now for the courses you plan to take. Early registration helps us ensure we offer the right classes in the right formats, as space is limited, and adjustments to the schedule may be necessary.

Please note:

***You can register for classes now without immediate payment.**

***The payment deadline is August 15, 2025, and you can select a payment plan to spread out tuition costs.**

***You may cancel a course and receive a 100% tuition refund at any time before August 29, 2025, at 5 p.m. ET**

To make registration easier, we've included step-by-step instructions below, along with a helpful [video instruction guide](#). If you have questions or need assistance, please refer to your [plan of study](#), and if you need additional guidance, please [request an appointment with your graduate program director](#). We are also offering special [GPD Summer Office Hours](#).

For any additional questions, our [Graduate Handbook](#) is a great resource to guide you.

We are looking forward to a successful semester ahead!

Best wishes,

Marouane

Instructions on How to Register for Classes

*Begin by logging into Banner with your Banner ID and your password.

*Select a term (Fall 2025)

*'Subject' will be 'CIS' for most classes. Other subjects include 'CMB', 'PSM', and 'STA'. Please consult your Plan of Study for subjects.

*'Course Number' will be the course number (such as 500, 635, etc.)

Term: Fall 2025

Term: Fall 2025

*To add more classes, click 'Search Again' at the top right.
