## **FREQUENTS ASKED QUESTIONS**

### **If I receive this scholarship, will I have to pay it back?**

No, as long as you complete the program. Students who decide to withdraw before the program ends should contact ZHAW to discuss any penalties associated with early withdrawal.

### **Can I take classes from any academic department?**

No, this program only includes engineering and computer science classes.

### **Is this a competitive scholarship?**

Yes, ZHAW has limited scholarships available to in-coming exchange students. Decisions on awards will be made by ZHAW and will be based on the strength of a student's application and academic background.

### **If I attend for the full academic year can I receive the scholarship for both semesters?**

No. The scholarship is only available for one semester because the program is only offered in the fall semester.

### **What can the scholarship money be used for?**

Students can use the scholarship funds toward the cost of housing or other living expenses.

### **If I receive this scholarship, will that keep me from receiving other scholarships or grants through PIC?**

No. Students who receive this scholarship may still be eligible for other PIC scholarships or grants. Students may also still be eligible for other GVSU grants and scholarships or external funding sources.

### **Will this scholarship impact my financial aid award in any way?**

It may. The total amount you receive in grants, scholarships and loans cannot exceed your program costs.
