1. UNIVERSITY OF EDUCATION Schwäbisch Gmünd – the right place to study?

Welcome to the University of Education Schwäbisch Gmünd – or as we call it, the “Pädagogische Hochschule Schwäbisch Gmünd”, or just “PH”! This brochure will give you an idea about the courses and the opportunities offered at our institution.

The University of Education Schwäbisch Gmünd is a fairly small institution of Higher Education, but has a long tradition. Teacher training at Schwäbisch Gmünd dates back to the Catholic Teacher’ Seminar, established in 1825 and housed in the Franciscan monastery. In 1905, the Seminar moved to its new location in Lessingstraße, a carefully-restored classic building still used today by the Department of Music. After several transformations, the Seminar was turned into an Academic Institution of Higher Education, and in 1972 it moved into its new buildings on the present campus, 15 minutes away from the city centre.

The University of Education Schwäbisch Gmünd derives its attraction not only from the charming ambience of the Staufer Town, with its largely-preserved town centre and the magnificent panoramic view of the “PH” from the Emperor Mountains of the Swabian Highlands, but also from the qualities that a fairly small institution can offer with regard to attention to its students (anonymity and mega-classes don’t exist here). The lecturers respond to your individual interests and needs, and you can take an active part in shaping your training. At Schwäbisch Gmünd, your coursework is closely linked to the practical part of teaching from the very beginning and you are highly trained for your profession. The University of Education is well-equipped with modern media and information technology and offers all of today’s standard services.

We hope that this brochure will encourage your decision to study abroad and to make you feel comfortable at Schwäbisch Gmünd. Apart from this general information package, you can find more information on our web-site www.ph-gmuend.de. Under “→ Studium → Studienorganisation → Vorlesungsverzeichnisse” you will find the course catalogues of some of our departments in English.

We are looking forward to meeting you soon and are happy to answer all questions that you might have in advance. We wish you success and enjoyment with your studies and hope that your time at the “PH” Schwäbisch Gmünd will be an exciting and profitable one.

Dr. Monika Becker – Head of the International Office

2. Ten good reasons to study at the “PH” Schwäbisch Gmünd

- Studying at the University of Education Schwäbisch Gmünd is considerably more practice-orientated than at a regular university. Thanks to a low number of students you will be able to assess from the very beginning under realistic conditions, whether the teaching profession suits and appeals to you.
- Schwäbisch Gmünd is a regional centre of education with four institutions of higher education. Of these, the University of Education is the largest, yet it is not a mega university – its institutes are of a manageable size and you will easily find your way around.
- The PH offers a wide choice of the most modern teaching and research facilities that guarantee up-to-date teacher training.
- You will be treated as an individual during the entire span of your studies.
- Our university is very well-equipped: the library offers a modern internet-based loan and research system. In addition, the Modern Media-Centre and the Data Processing Centre offer a variety of multi-media services.
- The PH houses a renowned Montessori Studio and Training Workshops, with a large choice of materials that offer a great variety of opportunities for working and experimenting.
- The constant exchange between academic theory and practice is standard at the PH Schwäbisch Gmünd: the excellent cooperation with the training schools makes it possible to try out new research findings in the classroom and assess their suitability for practical teaching.
- The PH Schwäbisch Gmünd exercises student and staff exchanges between its partner institutions abroad. We welcome international students and ensure valuable personal and academic contacts for them.
- We offer students an intensive academic life with a variety of activities, such as activity weekends for first semester students, a student summer and winter fete, in-house music festivals, sports events, functions organized by the student church groups, a bar in students' accommodation, etc.
- The PH campus, the Staufer Town Schwäbisch Gmünd and the region offer many attractions: whether you are culturally intrigued or interested in the natural beauty of the countryside – there is always something for everybody and we are sure you will enjoy yourself.

3. What is ECTS (European Credit Transfer System)?

ECTS – the European Credit Transfer System, was devised by the European Commission to guarantee the acceptance of study qualifications acquired in the European Union through a common valid procedure. It is a system in which study qualifications are assessed, compared and made transferable from one institution to another. In addition, it is designed to provide a greater degree of transparency, liability and flexibility in the organization and handling of studying abroad. The University of Education Schwäbisch Gmünd has agreed to participate in ECTS within the framework of ERASMUS – programmes.

This system enables ECTS-students to check with their home university, how many courses they have to take at the host university, even before taking up their studies abroad, and how their study qualifications will be accepted by their home university upon their return. To ensure this, a *Learning Agreement* is made between the individual and their home university. Before returning home, ECTS-students get a *Transcript of Records* that contains the courses and exams passed while abroad.

To guarantee acceptance of your study qualifications by your home university we use ECTS-points: these provide a measure of your work for a particular course in relation to the total workload for an academic year at a university. 60 ECTS-points are necessary for the successful completion of one academic year, and respectively 30 ECTS-points for one semester. Depending on the type of course attended, the following ECTS-points are awarded at our institution:

Vorlesung = Lecture (without credit)	2 ECTS-credits
Übung = Practical class	3 ECTS-credits
Seminar	4 ECTS-credits
Hauptseminar = Advanced Seminar	6 ECTS-credits
Colloquium (undergraduate)	3 ECTS-credits
Colloquium (graduate)	6 ECTS-credits
Schulpraxis = Teaching Practice	6 ECTS-credits
Blockpraktikum = School Placement	6 ECTS-credits
Naturwissenschaftl. Praktikum = laboratory practical	3 ECTS-credits
Betriebspraktikum = Industrial Placement	6 ECTS-credits
Excursion / Short Field Trip	3 ECTS-credits

ECTS-points merely give information about the average work load, not about the individual success. Therefore, the Transcript of Records has to contain a grade.

According to the ECTS-rules, the home institution has to fully accept the credits achieved at the partner institution if the seminars fit into the student's curriculum at home. Therefore, we advise that you check with your home institution which courses will be accepted – and how.

Study Opportunities for ECTS-students

At the University of Education Schwäbisch Gmünd, ECTS-students have a free choice of courses, e.g. they can choose any combination of subjects and courses. Nevertheless, it is advised to check with the home University and the ECTS Coordinator at the PH Gmünd first. The actual PH Gmünd course programme can be accessed on the internet at <http://www.ph-gmuend.de> -> Vorlesungsverzeichnis or <http://lsf.ph-gmuend.de>.

On the web-site of the International Office: www.ph-gmuend.de -> International -> For Incoming Exchange Students) you will find information about ECTS and course catalogues for courses in English.

Using this information, you can prepare your Learning Agreement even before your departure, which will then be signed by your home university and the University of Education Schwäbisch Gmünd. This will form the contract for your study programme abroad. At the end of your studies at the PH Schwäbisch Gmünd your work will be assessed and graded; the ECTS-coordinator will convert the grades into ECTS points and transfer them into the Transcript of Records. This procedure will ensure the acceptance of your study qualifications gained at the PH Gmünd by your home university

For further information concerning ECTS and the acceptance of course work, as well as the signing of a Learning Agreement, please contact Dr. Monika Becker (Room A 116, Tel.: +49 7171 983-225; E-mail: monika.becker@ph-gmuend.de).

4. Range of courses

Education:

- Theory of Education / Didactics
- Early Childhood Education
- Primary and Secondary Education
- Vocational and Adult Education

Language and Literature:

- German
- English

Social Sciences:

- Geography
- History
- Political Science
- Social Studies
- Philosophy
- Psychology / Pedagogic psychology
- Sociology / Politics
- Religious Education

Arts:

- Fine Arts
- Music

Theology:

- Protestant Religion
- Catholic Religion

Health, Food and Nutrition, Sports:

- Home Economics / Textile Studies
- Health Promotion
- Sport

Mathematics / Information Technology:

- Mathematics
- Information Technology
- Technology

Natural Sciences:

- Biology
- Chemistry
- Physics
- Applied Sciences

Courses of Study

- Primary and Lower Secondary School Teaching
- Intermediary Secondary School Teaching
- Business School Teacher (in cooperation with the FH Aalen)
- Bachelor Courses in: Health Promotion and Early Childhood
- Diploma Courses in
 - IT / Data Processing
 - Media Didactics
 - Intercultural Education and Training
 - Counselling
- Master of Early Childhood Education
- Master of Intercultural Studies and Integration
- Master of Health Promotion
- Doctorate and Postdoctoral Qualifications
- Research Offers in Interdisciplinary PhD Programmes

Courses Contents

The courses of study for teachers at primary, secondary, and secondary modern schools consist of four units:

- Education
General Education, Methods, Educational Psychology, as well as General Studies. Additionally, classes in interdisciplinary teaching and learning.
- Subjects and their Teaching Methods
In this unit two subjects have to be studied, as a rule, one being German, English or Mathematics.
- Teaching Practice
From the start, students participate in a one-day-a-week teaching practical unit in one of our training schools under the supervision of an experienced teacher trainer. That way, they are in a position to experience at an early stage whether the teaching profession suits them and whether they can cope with the demands of the teaching routine.
- Speech Training and Therapy
In this unit students gain basic competences in speech and rhetoric (breathing, voice training, articulation).

5. Studying

5.1. Academic Calendar and Application Deadlines.

The academic year in Germany is divided into two semesters: the winter term, lasting from October 1st to March 31st of the following year, and the summer term, spanning from April 1st to September 30th. Courses take place from the beginning of October to the beginning of February, and from the beginning of April to the end of July.

The application deadline for the winter term is July 15, and for summer term is January 15. We advise international degree students to hand in their application at least 6 weeks before this deadline. You will get an application form and further information about your application at the Admissions and Registration office.

5.2. Application Deadlines for International Exchange Students

Students from our partner institutions (international exchange students), who will only spend one or two terms at Schwäbisch Gmünd and who do not wish to get a degree in Germany (e.g. ERASMUS students or participants in international exchange programmes), should contact us via their international coordinators.

The application deadline for the winter term is May 31, and for summer term is November 30.

5.3 Registration for Exchange Students

Registration at the University of Education Schwäbisch Gmünd must be completed before the start of your studies. You will need the following documents:

- document of enrolment at your home university (*except exchange students*)
- High School Diploma / GCE A-level
- proof of health insurance (*please, read attentively p. 12!*)
- 3 biometric passport photos
- Learning Agreement
- residence permit

International degree students should contact the Admissions office directly („Studierendensekretariat“). (Room A 020, phone: +49 7171 983-213).

International exchange students should contact the International Office (*Lesia Kimmel; Room 016; phone: +49 7171 983 486*)

5.4 Welcome Events

Each term, introductory events are organized for first semester students before the official start of term in which all the necessary information and directions are given. The International Office organises an excursion programme especially for foreign students throughout the whole semester. Veteran students and the Students' Union provide individual assistance and a welcoming programme to help you find your way around campus and (the pubs of) Schwäbisch Gmünd. They will help you make initial contacts and plans for a joint period of study at the University of Education.

5.5 Modern Media and IT-Centre (MIZ)

The University of Education Schwäbisch Gmünd has a well-equipped Modern Media and IT-Centre. You can borrow video and audio equipment, use the modern video studio and photo lab, or take courses there. Students are offered several IT-rooms and all students get a free e-mail- and internet account for the duration of their studies (but have to pay for print-outs and copies).

5.6 Cafeteria

The Student Services of Ulm University runs a lunch counter and a cafeteria at the University of Education in Schwäbisch Gmünd, where you can get a very reasonably-priced meal. Vegetarian dishes, snacks and salads are on offer in addition to warm meals. A nearby supermarket also provides a wide range of food and drinks.

5.7 Students with Disabilities

Wheelchair access is universal at the University of Education: there are ramps everywhere, as well as lifts and toilets for students with handicaps. If you have any other special needs or require assistance, don't hesitate to contact the admissions office. With the help of the university's technical director we will do everything possible to enable you to take up your studies at the "PH".

5.8 Health Insurance

General Information

Health insurance is compulsory in Germany. In particular, all students need to offer proof of health insurance valid in Germany in order to be enrolled at the PH. In addition, health insurance coverage needs to be demonstrated to obtain a residence permit.

All students and staff are covered by an accident insurance by the PH for incidences occurring on campus or on the direct way to and from the PH premises.

Initial Coverage

If you plan to take out health insurance in Germany, please keep in mind that it will take a few days to receive valid coverage. Therefore, students and guest from all countries outside the EU and those with a social security agreement should purchase a travel sickness insurance that covers medical treatment for the initial days in Germany.

EU Exchange Students

Germany holds social security agreements with a health insurance clause with all EU members. Exchange students will be covered during their stay in Germany by the health insurance in their home country under the condition that they remain enrolled at their home university for their study abroad period in Germany (usually limited to 2 semesters). Please contact your home insurance company to find out, whether you will have coverage during your stay in Germany. If so, you will receive the EHIC (European Health Insurance Card) providing your insurance status.

Students from Turkey

Germany maintains a social security agreement with Turkey (Türk-Alman Sosyal Güvenlik Sözleşmesi). However, not all insurance companies in Turkey are partners. Therefore, please contact your insurance company and ask them to issue a T/A 11 certificate. With this certificate you are entitled to receive urgent medical treatment (not for preventive medical care).

Students from non EU countries

You need to be insured while studying in Germany. Travel insurance policies cannot be accepted by the university. Public health insurance is able to provide coverage as soon as you are enrolled at the university. The monthly costs amount to approximately € 80 – 83.

Public Insurance versus Private Health Insurance

You should take into consideration that with private insurance you will always have to pay for your medical expenses yourself first before you can submit the bills to your insurance company for reimbursement. Usually, any pre-existing medical conditions are not covered.

Some private insurance companies offer special packages for exchange students and guest researchers at low monthly rates. The rates will rise considerably, however, for longer periods.

Please note: once you have been exempted from public insurance in Germany, you cannot revert back! That is, when you decide to stay in Germany after your semester abroad, you cannot simply change your insurance to public, but must take out private insurance.

Please contact us IN TIME, if you do not know how to insure yourself. We will assist you in finding the appropriate coverage you will need while studying at the PH.

5.9 Accommodation

The dormitory with 278 rooms is associated with the PH Schwäbisch Gmünd. It is situated at Neißestraße 20, Oberbettringen, in close proximity to the University (about a 10 minute walk). The rooms are furnished with a bed, clothes cupboard, bookshelves, desk and chair. There are fully-equipped shared kitchens on each floor – even with a TV set; laundry facilities and a sauna are on the ground floor. There is internet access in each room. Please send your application directly to: Studentenwerk Ulm, Wohnraumverwaltung, 89069 Ulm, or call +49 731 50-238 46.

More information:

http://www.uni-ulm.de/uni/studentenwerk/wohnen/wohnhaus_gd.htm

The town of Schwäbisch Gmünd and the surrounding region also offer sufficient possibilities in finding suitable and reasonably-priced accommodation. You will find the respective advertisements in the Wednesday and Saturday issues of the local papers:

Rems-Zeitung	www.rems-zeitung.de	Tel. +49 7171 6006-0
Gmünder Tagespost	www.gmuender-tagespost.de	Tel. +49 7171 6001-0.

In addition, the Student Union (AStA) will also assist you in other ways to find the right accommodation. You can contact the AStA-Office from Monday to Thursday.

For participants in international exchange programmes, it is part of the service offered by the International Office to organise the reservation of rooms in the dormitory for them.

5.10 Budget

You should make timely plans for the financing of your studies in Germany, as you won't have time for a job while studying. The cost of living is, of course, dependent on your personal needs. Nonetheless, you should expect to spend 600 – 700 € per month.

Furthermore, a contribution of 65 € (or 100 € if you want a local bus ticket for the entire semester) has to be paid per term to the Student Services (Cafeteria, Student Hall, Sports, etc.) This contribution has to be paid by each and every student.

6. Student Life

6.1. Living in Schwäbisch Gmünd

Schwäbisch Gmünd is an old Staufer town with a long tradition: as early as 1100 Gmünd was established as a market place under the first Staufer Dukes, and by 1162 was officially designated as a town. Since the Middle Ages, trade and industry have been flourishing, and in more recent times Gmünd has become famous through its excellent gold and silver smithing that has given the town a prestige. The importance of these arts and crafts can still be seen today. In the first half of the 20th century various other industries, such as spectacle production, have settled here in addition to the precious metal industry.

Today, Schwäbisch Gmünd totals a population of about 65,000 people, but constitutes, despite its size, an important educational centre in East Württemberg. Gmünd houses four of the six institutions of higher education in the region, in addition to several academies and research institutes, and last but not least 50 schools with pupils from all over the world.

The town's regular various cultural programmes are very colourful – you can be sure to find something to match your taste. Be sure not to miss the European Festival of Church Music. Every summer, renowned musicians from all over the world perform in historical halls and turn the whole town into a magnificent concert hall. You can check what's going on in Schwäbisch Gmünd on the town's website www.schwaebisch-gmuend.de.

Schwäbisch Gmünd offers plenty of leisure activities. In summer, the beautiful open-air pool and some nearby reservoirs invite you to a refreshing swim. Hikers and climbers will find attractive spots and routes around the Rosenstein range. Biking or inline-skating in and around Gmünd is no problem. There is no shortage of opportunities for sports enthusiasts.

A number of attractive cultural events for young people are on offer: every year there are open-air concerts, parties organized by the School of Design that are considered legendary, as well as the frequent festivities at the University of Education. The Gmünd Town Festival and other town festivals nearby have their special flair and are always worth a visit.

In Gmünd, a number of pubs and cafes offer a relaxing and pleasant atmosphere. We would recommend that you discover your favourite pub on your own on an evening stroll through the historical lanes of Gmünd.

The urban life of Stuttgart, the capital of South-West Germany, with its 600,000 inhabitants, museums, theatres, arenas, shopping facilities and such famous companies such as Daimler or Porsche is only 40 minutes away by train.

Southern Germany offers wonderful sights: Old university towns like Heidelberg, Tübingen or Freiburg, the Romantic Road with Augsburg and Rothenburg, and cities like Munich and Frankfurt are close enough for a one-day-trip or a weekend-excursion. Even the Alps or neighbouring France with Strasbourg are not more than 3 hours away. The International Office can give you lots of ideas for excursions and help you organise them.

6.2 Students' Union

At the "PH", the AStA – Allgemeiner Studierenden Ausschuss – (the Students' Union) is of particular service for students. It is a team of highly-involved students who are in charge of social and study-related affairs, organizing super fêtes, cool first term student parties, literature readings, children's theatre, movie nights – nearly everything that keeps the social life at the university alive. The AStA also advises students that have both minor and major problems, like timetable planning or studying as a single parent, among many other things. Last but not least, there is the Matrikü(h)l – a self-administrated student café where one can meet lots of nice people. (www.matrikuehl.de).

6.3 Protestant and Catholic Student Parishes

Both the Protestant and the Catholic Student Parishes offer personal talks and counselling, and form a platform for people to meet and "recharge their batteries". Each term a programme of events is offered, ranging from lectures to social events with talks of religious issues, literary topics, the world in general, etc. to events like "Sing & Pray", and in-house evenings under the motto: Faith is socially acceptable.

6.4 University Sports

All students, as well as members of staff, are welcome to take part in university sports events. This is your opportunity to keep fit and practice your favourite sports under the professional guidance of a sports teacher.

Volleyball, basketball, badminton and gymnastics courses have been particularly popular over the last few years. The current courses offered during the term are listed on the university calendar.

6.5 The University Choir and Orchestra

For those musically inclined, the University of Education Schwäbisch Gmünd is an excellent prospect: you may join the University Choir or the Orchestra, and there are numerous other opportunities to join a group, be it a chamber music ensemble or the jazz band. Music of all periods is played and new members are always welcome. One special event you shouldn't miss is the "Hausmusikabend", an in-house musical soiree, organized each term by students of the music department and performed in the beautifully-decorated old festival hall, where students give a sample of their term's work and a demonstration of their musical skills. These are no ordinary auditions or concerts, though. The colourful and wittily presented programme is a demonstration of how cheer-

ful and diverse studying at the "PH" can be.

7. Checklists

Another country's bureaucracy may sometimes remind you of a jungle. The following checklists will help you find your way through it.

7.1. What to do before you come / what to bring along:

Make sure you have ...

- document of enrolment at your home university
- proof of health insurance
- chosen the classes you want to attend at the PH
- your Learning Agreement signed by your home university
- sufficient money or access to cash (bank-card, credit card)
- 3 biometric passport pictures
- informed the International Office when exactly you will arrive (only for exchange students).

7.2. On your arrival:

For exchange students, the International Office will be of assistance to you in all of above matters – but of course other international students are welcome as well.

- Report to the International Office first thing
- Register with the Residents' Registration Office
- Check with the staff of the student hall of residence to agree as to when you can move into your room
- Enrol at the University of Education Schwäbisch Gmünd
- Take out a health insurance policy
- Open a bank account
- Get your e-mail-account.

7.3. What to do before your departure from Gmünd:

- Make sure you have had all grades entered in your course record booklet by your lecturers and picked up your Transcript of Records from the ECTS-coordinator
- Return all borrowed books to the library
- Give notice of your change of address at the Residents' Registration Office
- Cancel your bank account
- Check with the staff of the student hall of residence to return all keys

8. Contacts

Postal Address of the University of Education

Pädagogische Hochschule Schwäbisch Gmünd
Oberbettringer Straße 200
D-73525 Schwäbisch Gmünd
Deutschland

Phone + 49 7171 983-0

9. Location and Traffic Connections

How to get to Schwäbisch Gmünd

Traffic Connections

By plane

The nearest airport is Stuttgart. There is a subway terminal right at the airport that takes you to the Stuttgart Central Station (Hauptbahnhof). From there you can take a train to Schwäbisch Gmünd (see below). If you travel to Germany by bus, you will arrive at the Stuttgart Central Station as well.

By rail

Schwäbisch Gmünd has a direct train connection from Stuttgart Central Station. Express trains and regional trains run between Stuttgart and Aalen at least once an hour. Regional trains (RE) take 40 minutes, the – more expensive – InterCity trains (IC) take 30 minutes. Aalen is 20 minutes away by train.

By bus

At Schwäbisch Gmünd there is a direct bus line (Nr. 1, direction Heubach or Oberbettringen/Nordwest) that takes you from Gmünd Station to the University of Education (stop: PH / Berufsschulzentrum or BSZ / PH Heidenheimer Str.). Travelling time about 10 minutes.

By car

A – Drive east from the centre of Stuttgart on B-road B 29 direction Aalen and when at Schwäbisch Gmünd follow the white signs for Pädagogische Hochschule. Driving time: 40 minutes.

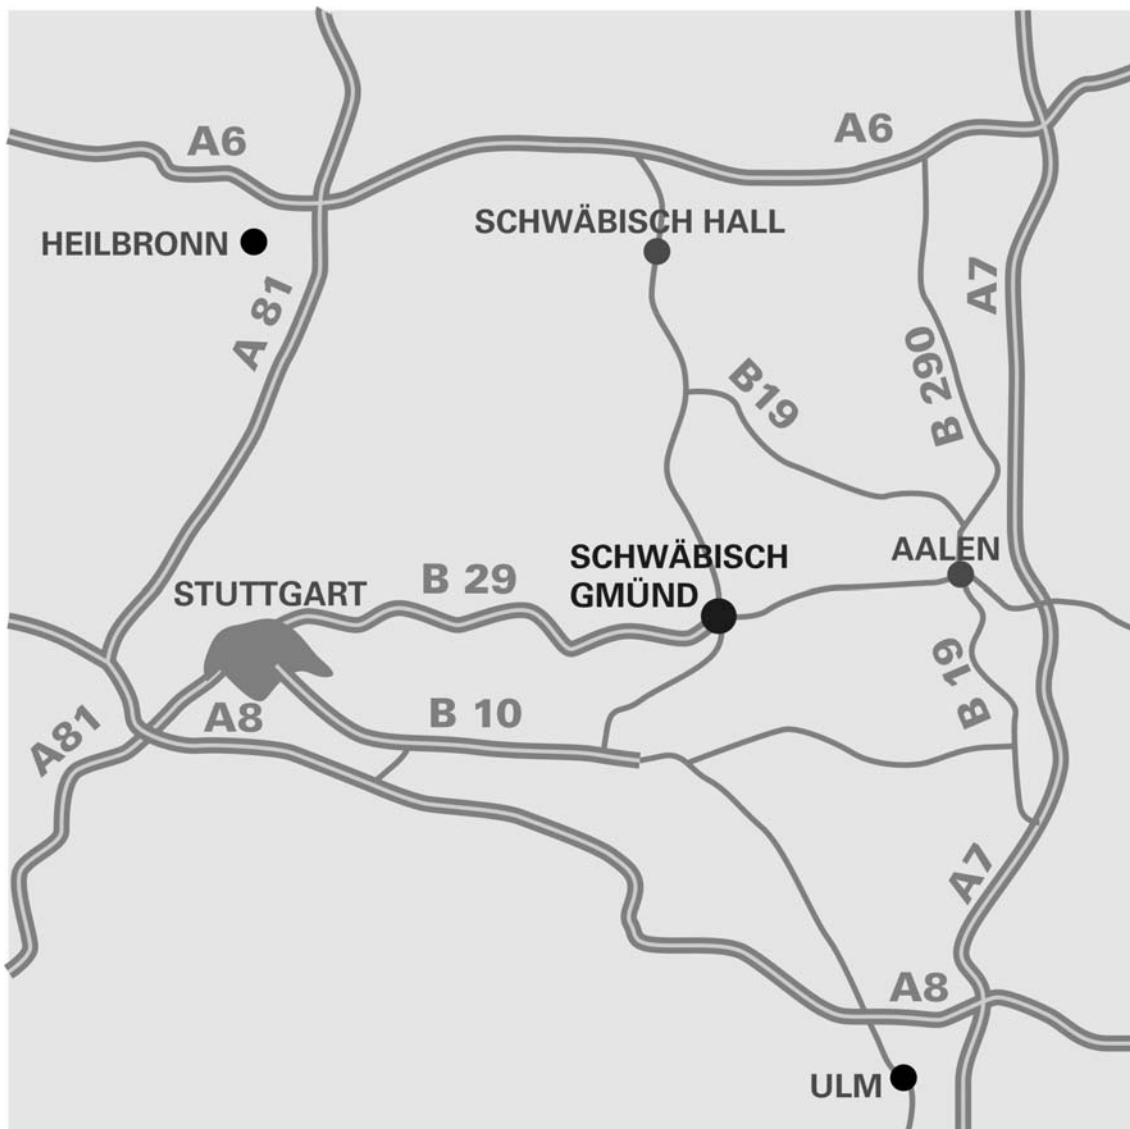

B – Drive to Stuttgart on the motorway A 8, take exit Wendlingen / Plochinger Dreieck (B 313), drive direction Göppingen on B 10 and follow B 298 from Lorch to Schwäbisch Gmünd.

C – Take motorway A 7 (Ulm – Würzburg), take exit Aalen-Westhausen , follow B 29 to Aalen and then on to Schwäbisch Gmünd.
