1. WELCOME from
GEM International Student Integration
Soon you will be coming to Grenoble for an academic year or a semester as an International Business student on one of the programmes offered by the Grenoble Ecole de Management. The integration team looks forward to welcoming you. In order to prepare you for your stay in France we are including some practical information.

Grenoble is a dynamic university city of 500,000 habitants in the south-east of France. It is within easy reach of Paris (3 hours by TGV high-speed train and less than an hour by plane), Switzerland and Italy. Grenoble is one of France’s foremost international cities. Nestled in the French Alps, it was the host for the 1968 Winter Olympics. More than 60,000 students and 8,000 researchers along with companies such as Caterpillar, Hewlett-Packard, Rhône-Poulenc and Schneider Electric show that Grenoble is a booming city where technology and education play a major role.

The weather in Grenoble varies enormously. We suggest you pack a broad selection of clothing from thick woolly pullovers to T-shirts and shorts. The winters can be icy cold and the height of summer is almost unbearably hot. And, whatever you do, do not forget your umbrella!

For more information on Grenoble, including a map of the city, please visit these following websites: www.mappy.com, www.grenoble-isere.com, www.isere-tourisme.com

2. BEFORE ARRIVING IN FRANCE & GRENOBLE
You should bear in mind that Grenoble Ecole de Management has no influence whatsoever on French laws regarding foreign citizens traveling to and/or residing in France nor on any change that may occur between the time you read this document and the date of your application. This document should only help you clarify the process.

2.1 VISA

1. Who needs a visa?
2. Who should register with Campus France, French Consulate or French Embassy?
3. Who needs a visa?
4. What documents are required to obtain a visa?
5. What type of student visa can you be granted?
6. What does your visa entitle you to do? What does your visa mean?

1. Who needs a visa?

You do not require a visa if you are a citizen from one country member of the European Union or the European Economic Zone, or Andorra, Monaco, Switzerland, San Marino, the Vatican. For the complete list see www.diplomatie.gouv.fr.

Students from all other countries must obtain a FRENCH STUDENT VISA from the French Consulate in their country of origin. Students who do not reside in their country of origin can apply at the nearest French Consulate by providing proof of residence in the country where they submit their visa application.

Example: you are from India, currently residing in Dubai. You apply for a visa at the French consulate in Dubai while providing a proof of residence in Dubai.

Bear in mind that you come to France as a student, not as a tourist, even though your study period is short. A tourist visa is not sufficient and you will face being expelled from France after 3 months and any diplomas or credit obtained will not be recognized.

If you are a non E.U citizen and are temporarily studying in one country member of the European Union (e.g.: Netherlands, Germany, etc.), you cannot use the residence permit of that country to apply for the French housing subsidy (abbreviated in APL/CAF). Thus, you must contact the French consulate in the country where you are temporarily residing to obtain a French student visa.

Depending on the type of visa you get, you might be eligible for applying for the French residence permit.

2. Who should register with Campus France? [http://www.campusfrance.org](http://www.campusfrance.org)

You should verify if, depending on your country of residence, not your citizenship, you must register with a Campus France Center in cases where such a Centre does not exist, apply directly through the French Consulate or Embassy in your country of origin.

Examples:
- You are Chinese and currently residing in China there is a Campus France center in China you have to register with the nearest Campus France center before you go to the French consulate.
- You are Chinese and currently residing in Switzerland there is no Campus France center in Switzerland you go directly to the nearest French consulate in Switzerland.
- You are Venezuelan, there is no Campus France center in Venezuela but you are residing in Brazil you have to register with the nearest Campus France center before you go to the French consulate.

To fully understand the visa procedures, you may go to these useful links for a list of French Consulates and Visa requirements: [http://www.diplomatie.gouv.fr](http://www.diplomatie.gouv.fr).

Because regulations are subject to change, it is highly recommended to inquire directly at the nearest French Consulate. The consulate is the sole body authorized to issue a visa and decide what type of visa you should be granted.

You should also bear in mind that GEM International Student Integration has no influence whatsoever on French laws regarding foreign citizens traveling to and/or residing in France nor on any change that may occur between the time you read this document and the date of your application. This document should only help you clarify the process.

Caution! No organization, individual, or entity has any right in the visa-granting process, which is the sole responsibility of the French consular service. This is why we urge you to make early contact with the nearest Campus France center and/or French Consulate.

3. What documents are required to obtain a visa?

- Passport
- Proof of acceptance from GEM
- Proof of financial support
- Proof of health insurance coverage (depending on consulates)
- Proof of vaccinations (depending on consulates)
This list is only informative and requirements vary from country to country. It is your responsibility to contact and check with the nearest French consulate.

**Passport**  
Your passport must be valid for the duration of your entire stay in France.

**Proof of acceptance from GEM**  
You must furnish your GEM letter of acceptance, whether you will be a full-time student or an exchange student. This letter must have your first and last name, your date and place of birth, your major and level of study, the year of enrolment or dates of study period.

**Proof of financial support**  
The required amount of financial resources is set by each embassy. The average is approximately **615** Euros per month for living expenses. This amount does not include tuition fees.

**Proof of insurance coverage**  
All the students coming to France must be covered by a temporary international insurance (civil liability, repatriation, travel, etc.). You are required to produce proof of this in order to apply for a FRENCH STUDENT VISA. This insurance should not be taken as a health insurance, temporary travel insurance is only for emergencies.

Please note that GEM will ask you for 3 compulsory insurances, they must be valid for the whole academic year, upon arrival: repatriation insurance, health insurance, civil liability and housing insurance. To know about this procedure in detail please check the “**Insurance Section**”.

If you are under 28 years old and your study period at GEM after October 1st exceeds 3 months, you must be registered by GEM with the French national health insurance, “sécurité sociale”. Consulates know about this regulation and will verify the length of your studies. The coverage provided by the French National Health System for students becomes effective as of October 1st only, which is the official starting date of the school year in France. Consequently, if you arrive to GEM before October 1st and are eligible for the French student social security coverage, you must be covered by your own health insurance until you may benefit from the French student social security coverage.

If you are over 28, then you must take out a special personal health insurance policy (“assurance personnelle”). You will be requested to provide evidence of your health coverage not only by the consulate but also by GEM.

Reminder! For administrative student registration in France, you must have a valid medical coverage.  
If you are under the age of 28 and your study period at GEM after October 1st exceeds 3 months, you must take out the French social security for students. GEM will handle your registration with French National Health System for students.  
If you are over 28 years old, you must show documentary evidence of health coverage during your study period at GEM.

French Health Insurance is compulsory for any student who is registered on a program in a French University or Business School for more than 3 months and for the duration of the program. Around 215€ for 2015-2016

* Cost per year, you need to renew this insurance every new academic year during your studies at GEM.*

European Union students are exempt if they provide a copy of an E111 or 128 forms, or the European Health Insurance Car (EHIC) or a valid private health insurance.

**Vaccinations**  
In some countries, the French Consulate may require proof of vaccination against certain diseases.

4. **What type of student visa can you be granted?**

Students staying less than 3 months will need to apply for a SHORT STAY STUDENT VISA. A short stay visa is NOT a Schengen visa; a short stay visa is for France ONLY.

Student staying more than 3 months will need to apply for a LONG STAY STUDENT VISA. A long stay visa is NOT a Schengen visa; a long stay visa is for France ONLY.

**Caution!** A tourist visa cannot be converted into a student visa in France or in any other country of the European Union. If you have come to France as a tourist, exempt from a tourist visa due to your nationality and you intend to stay in France to study, you absolutely must return to your country of origin to obtain your student visa.

You will be delivered a visa with the mention:  
Either “**carte de séjour à solliciter dès l’arrivée en France**” (you have to apply for a residence permit once in France with the Prefecture of Grenoble (office at the St. Martin d’Hères Campus).  
Or “**CESEDA R311-3 6° autorise travail limité 60% durée légale**” (you have to apply for an OFII stamp once in France, which is the new version of the residence permit).
Or “dispense temporaire de carte de séjour” (you are exempted from applying for a residence permit). In this case, you may not be allowed to travel in Schengen countries during your stay in France. Please, inquire at your consulate before your visa is issued).

To note: Without “carte de séjour” or OFFI stamp, students cannot do salary work or receive the CAF financial help for accommodation.

A long-stay visa is a visa delivered for the number of months you will stay in France and which indicates if you have to apply for a residence permit in France or not. If it is written “dispense temporaire de carte de séjour” you are not allowed to apply for a residence permit.

5. What does your visa entitle you to do? What does your visa mean?

**Visa FRANCE +1 TRANSIT SCHENGEN**

The visa “FRANCE +1 TRANSIT SCHENGEN” allows you to come to France through the Schengen area. In case your plane did Mexico – Brussels – Paris, you already used your +1 transit Schengen and cannot leave France anymore for Europe, you’ll have to wait for the residence permit (carte de séjour or OFII stamp).

You cannot travel through Schengen area during your studies period. According to your country of origin, and the agreements signed between your country and France, regulations are different: you may be able to travel as a tourist in Europe before coming, and then do your studies period with your visa without going out of France.

At the end of your studies period you may travel again as a tourist (sometimes provided that you do not come back to France).

These are legal obligations set by the visa you receive.

Please check with the French Consulate / Embassy in your country what your student visa allows you to do.

Please also contact foreign Consulates / Embassies in France of the countries you want to visit (in order to know if you can enter foreign countries with this visa, and then be allowed to come back to France).

http://www.mfe.org/index.php/Annuaires/Ambassades-et-consulats-etrangers-en-France: this website is done by The French Ministry of Foreign Affairs and gives the contacts of foreign embassies and consulates in France.

You may have to apply for visas to travel in European countries, after getting your residence permit. Please check the previous website to get the information.

**For the students who are required to get a residence permit (Carte de séjour) / OFII stamp**

1. MULT (multiple entries) on your visa means that you can make as many travels as you wish between France and your home country (direct flights, no transit in Europe) during the length of your visa. This is available until the expiration date of your visa.

2. Once you have your residence permit / OFFI stamp you are able to travel in Schengen area PROVIDED that you fulfill all administrative conditions to enter countries outside France. Please check the previous paragraph.

3. If you wish to travel outside of France but within the Schengen area: a valid multiple-entry long stay visa will suffice to travel in the Schengen area. Border authorities may ask you for the OFII stamp, you will need to show them that you are in the middle of the process to obtain it. This applies only for the first three months upon arrival.

**For the students who are NOT required to get a residence permit (written on the visa)**

The French Prefecture cannot transform this visa in any official authorization to leave the country. You cannot leave French territory during your whole stay.

**Visa FRANCE (sauf CTOM)**

The visa “FRANCE (sauf CTOM)” allows you to come directly to France (no transit through another country). You can go to France, but not to its CTOM (French overseas territories: French Polynesia, Wallis and Futuna, New Caledonia, French austral territories (TAAF), Mayotte and Saint Pierre and Miquelon).

**SCHENGEN VISA**

A Schengen Visa is only for short stays (less or equal to three months). Usually, GEM international students won’t get a Schengen Visa but a LONG STAY Visa for STUDIES in FRANCE.

The only exception to this is Indian students coming to France for less than 90 days due to the trimester system in India.

Note: the Schengen agreements aim at instituting free movement / circulation of people between the signatory countries. The free circulation measure not only applies to the citizens of the signatory countries, but also applies to all the citizens of the EU and to the non-EU citizens who have a Schengen short stay visa. Since end 1997, all the short stay visas delivered by France are Schengen visas. You should expect a minimum 3-week delay (depending on nationality).

Please NOTE that the UK is not a Schengen country! To visit countries outside the Schengen area, please inquire at the respective country’s Consulate or Embassy located in Paris on whether you need a visa or not.
**IMPORTANT INFORMATION FOR STUDENTS WHO ARE REQUIRED TO GET THE OFII STAMP**

When you submit your visa application, you will have to join the French immigration (OFII) form should be filled out by the following students:

- **ALL students who will be staying in France for more than six months (180 days)**
- **Students who will be staying in France for a period of time between four and six months (for a total duration of 91-180 days) who wish to be allowed to work in France while studying**
- **Students who will be staying in France for a period of time between four and six months (for a total duration of 91-180 days) who wish to be able to extend their visa once they are in France**

The French immigration (OFII) form is available online on the Web sites of all French consulates. Students should bring the OFII form to their consulate appointment, and should make sure to print their e-mail address very carefully on the form to avoid any risk of confusion or error.

At that time you'll fill out the upper half of the **OFII form**. The form is available in French only.

You'll also be given an explanatory note. Keep all your documents for the formalities that have to be carried out in France.

**Note:** To have evidence of your arrival in France, before exiting customs, **make sure your passport receives a stamp with the date of your arrival**. If for some reason this is not possible, keep the stub of your airplane and/or train boarding pass or any other document that helps determine the date you entered French territory.

**Upon your arrival** you will need to register with the French Office of Immigration and Integration (OFII) during the first three months of their stay in France.

You will have to send by registered mail to their local OFII:
- A completed OFII Residence form (Demande d’Attestation).
- A copy of the ID pages of passport, your STUDENT FRENCH VISA and of the immigration stamp received at the border.

**Important information regarding foreign travel while waiting to complete OFII paperwork:**

1) If you wish to travel outside of France but within the Schengen zone: a valid multiple-entry long stay visa will suffice to travel in the Schengen area.

2) If you wish to travel outside of France and the Schengen zone or return to your home country:

   A. Within the first three months of your arrival in France, travel is authorized without the OFII sticker or proof of paperwork submission ("attestation de dépôt de dossier") provided you have a valid multiple-entry long stay visa

   B. Beyond three months, the OFII sticker is mandatory or, in its absence, proof that you have submitted your paperwork to the OFII ("attestation de dépôt de dossier") to leave France. If you have not submitted your paperwork to the OFII in the indicated timeframe (3 months), you will need to apply for another long stay visa in your home country.

**Current Schengen signature countries:** Austria, Belgium, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovak Republic, Slovenia, Spain, Sweden, Switzerland.

Bulgaria, Cyprus, Ireland, Romania and, most notably, the United Kingdom are **NOT** part of the Schengen zone.

**Please read the detailed OFII procedure you need to follow in France upon your arrival** 

**VISA & Residence Permit Section**

**Note regarding the Schengen Area:**

For students traveling to Schengen countries, please note: The maximum length of stay in Europe for non-European Union passport holders is determined by the Schengen accord and is currently limited to 90 days within any 180 day period. The important thing to note is that you may not leave the Schengen Visa area for a day and return to restart the 90 day clock. In other words, you must be absent from the Schengen area for at least 90 days in a 180 day period to be legal. The following states are part of the Schengen area: Austria, Belgium, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, and Switzerland. Check individual consulates for regulations regarding the necessity of a Schengen visa and/or long-term resident/study visa.

Remember that when traveling outside France, you should enquire at the embassy in Paris of the country you plan to visit whether or not you have to apply for a visa. A French visa is only valid to enter France.

Furthermore, bear in mind that a French long stay visa allows you to travel to, but not reside – i.e. study or work - in Schengen countries. If you go to another country for an internship or an exchange program, you should enquire at the embassy in Paris of that country.

**Reminder!** As an exchange student you cannot do any internship with an internship agreement signed by GEM. This must be signed by your home university.

**Constraints related to “Short-term visa” - less than 6 months**

If you are student from outside the European Union and you come to France for only one semester, your consular service will deliver you a student visa for 6 months, marked “no application for a residence permit”. But with this type of visa, you will probably encounter difficulties if you wish to travel in the Schengen area*. Please ask at your consular service for precise details before your departure. Also, with this type of visa, you will probably have no rights to housing assistance from the CAF (Caisse d’Allocations Familiales).
2.2 RESIDENCE PERMIT ("CARTE DE SEJOUR") / OFII STAMP

Do I need to apply for a residence permit in France?
Since June 2009, long stay visa holders are allowed to reside in France for up to 12 months according to the validity of their visa and purpose of stay. They are no longer required to obtain a residence permit ("carte de séjour") from the French local authorities ("Préfecture") as long as their visa is valid.

However, long stay visa holders who intend on staying in France for more than six months have to register to the French Office of Immigration and Integration (OFII) during the first three months of their stay in France.

How do I register in France?
As soon as you arrive in France, you have to send by registered mail to the local offices of the OFII, please read the OFII procedure.

Does it concern all long stay visas?
No. These regulations only concern:
- long stay visa to work in France
- long stay visa to study in France for more than six months (student, au pair)
- long stay visa for visitors, if you intend of staying in France for more than six months
- long stay visa for spouses of French national

Other long stay visas holders have to apply for a residence permit in France at the local administration called "Préfecture" within 2 months of their arrival in France.

Students who need a residence permit upon arrival please take an appointment with the Prefecture of Grenoble. you will need to go to the St. Martin d’Hères Campus.

Does it concern all nationalities?
No. It does not concern the citizens of:
- The European Economic Area
- Switzerland, Monaco, San Marino, Andorra and Vatican
- Algeria. France has a bilateral agreement with this country regarding immigration matters.
- Also special rules apply for family members of an European Union citizen.

What shall I do when my long stay visa expires?
If the purpose of your stay is extended, you should apply for a renewal of your residence permit at the local French administration called "Préfecture" two months before the expiration of your visa. The residence permit, which is distinct from a visa, must be renewed annually.

If the purpose of your stay in France has ended, you should leave France before the expiration of your visa.

If the purpose of your stay has changed, you should contact the local French administration called "Préfecture" to apply for a residence permit according to your situation two months before the expiration of your visa. Please be aware that a change of status might be refused.

Students who need to renew their student residence permit can find the detailed procedure here.

2.3 EVIDENCE OF ADEQUATE FINANCIAL SUPPORT

The required level of financial resources is set by the Ministry of the Social Affairs, Labour and Solidarity at approximately 615 Euros per month. However, each consular service is free to refer to this sum or to require more at the time of the request for a visa.

In practice, a budget between 900 and 1200 Euros is more realistic. It is important to have a sufficient budget for your needs without putting your health or your studies in danger. (See chapter "Budget")

The person who will provide support must furnish a signed statement of responsibility (following a model obtainable from the French consular services in your country of origin).

2.4 FRENCH HEALTH INSURANCE (KNOWN AS “LA SECURITE SOCIALE”)

Medical insurance under “La Sécurité Sociale Etudiante” is obligatory in France. It provides reimbursement for health-related expenses. You enroll in this plan at the same time that you enroll at your academic institution (the annual cost of membership is approximately 215 Euros). (See chapter “Insurance”)

If you are European or Swiss, you should ask for the European Sickness Assurance Card or provide insurance before your departure.

If you are from Quebec, you must get a form SEQ + # before your departure.
Temporary travel and health insurance
For the first few weeks of your stay, we insist that each student comes to France with some kind of temporary travel and health insurance. This insurance should not be taken as a health insurance. Temporary travel insurance is only for emergencies.

2.5 DOCUMENTS YOU SHOULD BRING WITH YOU

- Your passport and French Visa if needed.
- Extra passport photos, 4 or 5 and this only applies for non-European students
- Health insurance documents. Please check the medical insurance section to see which kind of insurance you need.

Concerning repatriation insurance, you should buy it in your home country. Please make sure that this insurance covers you in case of serious illness or death and that it will repatriate you to your country of origin, and not back to France, make also sure that guarantees are valid for a long stay (> 3 months), remember to ask for a certificate stipulating this.

Your birth certificate – to be accepted in France, this certificate needs to state the name, birth date and birthplace of your parents. It also requires an official French translation. This translation has to be carried out by a certified translator. Ideally you should have this translated before you arrive in Grenoble. Contact the nearest French Embassy for addresses of certified translators in your country.

This is not compulsory for European students.

Note about birth certificate for French Health Insurance and Financial assistance with accommodation (CAF) (CAF)

The LMDE or SMERRA, (health insurance for students under 28 years old), the CMU (health insurance for students over 28 years old) and the CAF (financial assistance with accommodation) are requesting legal certification on your birth certificate ("Apostille" or "Legalisation" both are intended to confirm authenticity of a legal document) in order for your registration in the French Health Insurance System and the CAF (financial assistance with accommodation).

Only students from certain countries are affected by this requirement (please see the list below).

For those of you who are concerned by this there are two ways to proceed:

- Apostille: this is a simplified procedure, which only applies to certain countries, and which is issued by a Competent Authority in these countries. The following link provides the list of Competent Authorities designated by each Contracting State, the contact details of Competent Authorities and other practical information: http://www.hcch.net/index_en.php?act=conventions.authorities&cid=41

- Legalisation: this is a more complex process which retraces the origins of the original document in order to certify its authenticity. For this you will need to go through the Ministry of Foreign Affairs from the country which the birth certificate comes from and then with the French Consular Services from the same country.

Please note, a permanent French Health Insurance number leads to the creation of a Health Insurance Card ("Carte Vitale") whereas a provisional Health Insurance Number is given in the form of an Attestation. The medical reimbursement rights are the same for both, but the rights can only be renewed if you are in receipt of the "Carte Vitale".

This is very important for those of you who intend to undertake an internship, as a temporary Health Insurance Number will not allow you do the internship – you will need a permanent number which can only be obtained by providing this legally certified copy of your birth certificate.

Please note that you will be required to provide two documents – the copy of your original birth certificate with the “Apostille” or “Legalisation” plus a legal translation of this birth certificate.

**Translation of documents**

If you need a legal translation in French for your official documents, for instance the birth certificate or the driving license, you may contact the ADATE (Association Dauphinoise Accueil Travailleurs Etrangers). This association proposes a translation service and interpretation in 22 languages. The translation of the document costs 20 Euros and a reduction of 10% is available to foreign students.

**ADATE**

Association Dauphinoise Accueil Travailleurs Etrangers
5, place Sainte-Claire
38000 Grenoble
Tel. 04 76 44 46 52
e-mail: traduction@adate.org
(Tram B stop « Sainte-Claire / Les Halles »)
Certain documents may not be approved by the ADATE; you may contact a translator from the Court of Appeal in Grenoble. To obtain the list of the translators, consult the site of the Court of Appeal in Grenoble 10 Rue d'Arménie, 38000 Grenoble

*Please note that the French administration does not generally accept translated birth certificates that are older than 3 months.

For Hindu and Muslim students, you may have a problem because your birth certificate is issued by the government department which does not mention in detail your parent's birth date and birth place. Therefore, you will need to have your passport translated to use as proof of birth instead of your birth certificate. It should be translated by a certified translator such as, for example, l'Alliance Française.

- **Your last few bank statements** or those of your parents if you are relying on them financially while you are in France. This is necessary to apply for your residence permit. You need to show that you have around 615 Euros per month of your stay in France.

- You might need official documents showing your revenue for the previous year. If you were a student please bring official documents indicating this.

- **Your car registration papers** If you are bringing your car with you, don’t forget to bring your car registration papers and to make sure that your car is insured while staying in France.

- **Be careful with your credit cards** from home; please bring some cash with you.

### 2.6 PRACTICAL ADVICE AND WARNINGS

**Housing**
Living in Grenoble requires a certain budget. It takes time to find housing at a reasonable price, so we advise you to start your search as soon as possible. Please check the housing section of the guide.

**Financial aspects**
The financial resources required by the consular authorities are not sufficient to be able to live even as students. (See chapter "Budget")

Scholarships in French universities are not granted to foreign students. Nevertheless, the CROUS social services can help you on the basis of some criteria (see "CROUS"). Please plan your budget to have enough money to avoid a precarious lifestyle or the need to ask for help.

- **Option 1: Bring an international credit card.**
- **Option 2: Bring an international debit card with a code.**

- **Option 3: Set up a wire transfer** from your home bank and once you get the account in France, send a wire to your IBAN number. It should clear in 5 days. (There is a fee associated with this)

**Choose your arrival days**
Avoid arriving at the weekend, since many services and administrative offices are closed on Sunday. It is thus preferable to arrive weekdays.

**BOOK A HOTEL**
If you have not arranged accommodation for your stay in Grenoble, you should think about reserving a hotel for the first few days, while you look for housing. Alternatively, read about temporary housing. (Section 7, Housing)

**For your peace of mind**
Please be vigilant with your belongings. In particular, do not leave your computers unattended. It is better to put them in a backpack rather than a computer bag.

### 2.7 NOTES FOR ASIAN STUDENTS

#### NOTE TO CHINESE STUDENTS
**Baggage allowance:** You may carry 20Kg on the flight (CAAC) and you may take another small suitcase with you.
**When to book your ticket:** There are no time restrictions but do shop around for the most economical fare.
**Currency:** You can only change 2,000US$ or the equivalent amount in Euros. You may change it at the Bank of China after you get your visa.

#### NOTE TO INDIAN STUDENTS
Please note that you will need a certified, translated copy of your birth certificate for all the administrative formalities in France – the High School Diploma or ‘Brevet des Colleges’ is not a recognized document in France. Please get your Embassy to advise you before leaving home.

#### NOTE TO HINDU AND MUSLIM STUDENTS
You may have a problem because your birth certificate is issued by the government department which does not mention in detail your parents' birth date and birth place. Therefore, you will need to have your passport to use as proof of birth in place of your birth certificate. If it is in English you don’t need to translate it.
3. GETTING TO GRENOBLE ECOLE DE MANAGEMENT
Grenoble is at the heart of a dense transportation network. You thus have various options for coming to Grenoble, depending on your departure point.

In the most likely case, you will be flying to Grenoble. The nearest international airports are located in St Etienne de St Geoirs (Grenoble-Isère Airport), Lyon (St. Exupéry airport) and Geneva (Cointrin airport). Alternatively you may fly into Paris (Roissy-Charles de Gaulle airport) and take a train to Grenoble (recommended), or a connecting flight to Lyon and then a shuttle to Grenoble.

TO GRENOBLE FROM LYON ST. EXUPERY AIRPORT

Lyon St. Exupéry airport is the most convenient airport for flying to Grenoble.  
Most European airlines fly here, so if you are coming from far away (North or South America, Asia) you will probably be able to find a connecting flight to Lyon through each airline's hub.

GRENOBLE TRAIN/BUS STATION

The train and bus stations ("Gares") are right next to each other, and GEM/Grenoble Graduate School of Business is situated directly behind the stations. You will find us in a new international business centre known as Europole. When you come out of the train station, look behind you, across the tracks and you will see the school (the name ‘Ecole Supérieure de Commerce’ is written on the building). Take the subway under the train tracks to come out on the other side, and you’re there!

If you get lost, ask someone for directions to “Sup de Co”, the school’s more common nickname.
4. GETTING SETTLED IN GRENOBLE
What do I need to do upon arrival to Grenoble?

Please consider that you should arrive to Grenoble before your classes start and in time for the Welcome Desk. It will be easier to settle you down and organise housing, open a bank account, insurances, get the OFII stamp and apply for the housing allowance from the CAF (Caisse d’Allocation Familiale).

1. Find housing
You must have a permanent address in Grenoble for the length of your stay. You should book your accommodation before your arrival. Keep your lease carefully filed away. See HOUSING.

2. Apply for housing insurance
You are now renting a place and you have to obtain housing insurance within two days.

Housing insurance is compulsory to cover the tenant’s risks (fire or water damage…) and natural disasters (storms, floods). This insurance is often called “multi-risk renter’s insurance”. A document will be required by the owner as proof.

This insurance not only protects accommodation but also the tenant. If the tenant causes an accident or hurts somebody, even outside the housing, it will require the “Civil liability insurance” (damage to a third party).

The “mutuelles étudiantes” proposes “multi-risk renter’s insurance” at advantageous prices. You can also subscribe to this insurance in private companies or banks. You can also apply for it at the “International Students Welcome Desk”.

Beware! According to the types of insurance, the risks covered are not the same - you should pay attention to the contracts proposed.

In the event of theft, you must report this to the police and do not touch anything before authorization. It is then necessary to make a statement to your insurance company.

3. Open a bank account in Grenoble
You will need one in order to receive financial assistance if you qualify, and for medical refunds. Do not forget to ask for a RIB or RIP (“Relevé d’Identité Bancaire ou Postal”), i.e. the particulars of your bank account or post-office bank account. You will be able to open a bank account at the “International Students Welcome Desk”.

To open an account you will need:
- Passport
- GEM student registration certificate (acceptance letter)
- Housing contract
- Some money for a deposit

Don’t forget to ask for a “carte bleue” - which acts like a debit card, and a “chèquier” (cheque book).

A cheque book is necessary for all your administrative procedures in France.

4. Check insurance documents
You need to have the 3 compulsory insurances which MUST BE VALID FOR THE WHOLE ACADEMIC YEAR in order to become an enrolled student at GEM:

- Medical (For European students, you need to show your European Health Card; non-European students under 28 need to subscribe to it through the program administrator, non-European over 28 can buy a health insurance at home, with our AXA partner our apply for the CMU, this last one can take 3 months. For more detailed information read the Insurance Section in our guide)
- Repatriation (you can buy it at home or here in France with AXA. This insurance should cover repatriation in case of serious illness and death.
- Civil liability and Housing insurance (they usually come together) please note that you need first to find an address in France to obtain this insurance.

Temporary travel and health insurance
For the first weeks of your stay, we insist that each student comes to France with some kind of temporary travel and health insurance. Students applying for a French visa will be asked to provide this insurance to the French Consulate but it should not be taken it a health insurance policy. Temporary travel insurance is only for emergencies.

Note for GGSB students: In order to be covered for your 2 year program, you will need to pay for the health coverage again for the second academic year. Please be sure to include this in your budget.

Internships: If you need to do an internship as part of your program you must take out repatriation insurance according to your destination. I.e.: Internship in USA, China, France, Germany, etc.

Check with your insurance company if you can renew the insurance you bought at the beginning of the academic year of if you need to buy a new one.

Remember that this insurance should cover repatriation in case of serious illness and death.

Note for students who must subscribe to the French Health System: Please note that the French Health Insurance will ask you the certified/legalized birth certificate, check with French embassy in your home country for the correct form and ask for “apostille”.

You need to legalise this document before your arrival in France in order to obtain your health insurance card (“Carte Vitale”). Remember that is you plan to do an internship or work you MUST hold this insurance card.
5. Obtain your student card at Grenoble Ecole de Management.
In order to apply for your card, you need to present your program administrator with the following:

- A copy of your European Health Card along with the official document showing dates of validity. This must be applied before leaving your home country (or Carte Vitale if French citizen)
- For French students, apply and pay for French health insurance (SS). 6. Validate your VISA as a residence permit – Get the OFII stamp “Office Française de l’Immigration et de l’Intégration”(only necessary for certain non-European students.)

7. Apply for financial assistance with accommodation (CAF)
You will only be eligible for financial assistance if you have the OFII stamp in your VISA or the “CESEDA” inscription on it, you can try to get the CAF at the beginning but after some time they will block the payment until you provide a copy of this stamp. Students whose visa states “Dispensé temporaire de carte de séjour” are not entitled to this benefit. European students can apply without problem.

It is now obligatory to apply on-line at http://www.caf.fr/. Once you have completed the online form, you will be requested to print it off and sign it. Once this has been done, you can send it with the following required documentation (good quality photocopies are acceptable).

Some tips when dealing with the French administration

You will have noticed by now that France is quite bureaucratic, and you have to be prepared to wait for the bank to give you your chequebook and your debit card, wait for the Securité Sociale to get your social security number and wait for the Préfecture to give you your residence permit. **Patience is a key word.**

When you deal with the French administration, the following advice might help you to make the process a bit easier, although not faster.

- If you don’t speak French, you might find that the civil servant in front of you gets a bit stressed especially at busy hours. But if you at least **try** to speak a little French, people will be much friendlier. Try to pick quiet times to deal with administrative formalities or come when the office opens in the morning.

- **Be patient! Bring a good book, and stay polite at all times!**

- As a general rule, French people are normally concerned about losing face - this explains why you should handle status-conscious civil servants with care.

- In France the customer is not always right… Just continue being polite, and try to remain calm - but firm.

- Be prepared to come back several times to resolve an issue.

- Phone calls are not the best solution! To get a complete answer you will have to go in person and ask your questions. In France personal contact is very important.

8. PERSONAL SAFETY IN GRENOBLE

Grenoble is a small and very enjoyable city nestled in the Alps. Living in Grenoble is very comfortable and convenient due to its geographical location in France and Europe, and its transportation facilities. You will probably spend the best time of your life in our beautiful region and school. However, do not forget to be careful about your personal security.

Our international students are so happy to be in France that sometimes they forget to pay attention to their personal safety. Unfortunately, we have experienced a couple of unpleasant incidents. As in many cities all around the world, Grenoble has recently shown a slight increase in personal crime which has not been the case in the past. As an international student, you can be a target for harassment and theft.

**As we are very concerned about your comfort and security, we would like to make the following suggestions:**

- At night, always try to go out in a group and be discreet about the fact that you are from abroad. Even if it is a very short distance, take a taxi. Don't put your safety at risk for a few Euros.

- If you do find yourself out late at night, be very discreet, do not reply to strangers. Walk home with friends at night.

- Be discreet also with valuable items such as laptops, jewellery, mobiles and do not carry too much money on you.

- Don't put yourself in a dangerous situation by drinking too much. In France, it is not usual for young women to drink to excess.

- Lock housing doors at all times, even when you are inside.

- Lock car doors, even while travelling in the car.

- Do not carry more than 20 Euros at a time on your person and secure your cash in a bank.

- Students living in Echirolles area should be especially vigilant.

Please remember the following telephone numbers for the emergency services:

- **Ambulance:** 15
- **Fire:** 18
- **Police:** 17

The closest police station to the school ("commissariat" or "Hôtel de Police" in French) can be found at **36 boulevard Maréchal Leclerc**, tel: 04 76 60 40 40.
If unluckily anything is stolen from you or something bad happens to you, please go to this station with your papers and make "une déposition" (a report).

This information should not discourage you from enjoying your stay, just be careful!

If you have any concerns about any of these issues, please contact GEM International Student Integration.

**An American Student's Point of View on Personal Safety in Grenoble:**

I think it is very important to tell students to carry only the amount of money they will need for the nights they go out. Many students will have more money than they have ever had on hand because they are in France, living away from home. It is always smarter to just bring a little bit of cash and maybe a French bank card with a limited amount balance. Leave most money and credit cards with large limits at home.

French female students do drink to excess sometimes but as part of the culture, the French boys whom they are with always customarily walk them home or they just stay out at a friend's place. I have never experienced a French girl who walks home alone after midnight. In American culture, the girls who get too drunk will leave the party without an escort, out of embarrassment. Here, they definitely need to take it easy until they know people whom they can trust.

Also, if you are a foreign student in a situation that is uncomfortable on the street with a dangerous looking person it is better to say nothing and keep walking away than to speak English to them. Sorry to be politically incorrect but unfortunately much of this advice is more pertinent for women. Nonetheless, men also need to be careful.

When you come to a new city, it takes time to learn how to live safely in a new environment. You may discover here a new freedom and a new way of life. Nevertheless, you’re important to us, so please, don’t forget to take care of yourself!

6. Visa & Residence permit
6.1 VALIDATION OF YOUR VISA UPON ARRIVAL IN FRANCE: HOW TO OBTAIN THE OFII STAMP
OFII (Office Française de l’immigration et de l’intégration)

STEP 1: Verification of your visa
Verify the bottom part of your visa:
“CESEDA – AUTORISE TRAVAIL LIMITE 60% DUREE LEGALE”

The French authorities have issued you with a long stay visa allowing you to stay in France under the following conditions:
1. Upon your arrival in France, you must make sure that the Immigration Officer at the port of entry stamps your passport with the date of entry.
   * If you are transiting through another Schengen state, the stamp must be obtained from the relevant authorities in the country of transit. In this case it is understood that you will enter France no later than five days after this date of entry.
2. Your visa needs to be validated by the Office Français de l’Immigration et d’Intégration (OFII). Proceed to step 2.

STEP 2: Registration of your stay in France: sticker ("Vignette") from the "OFII" in your passport
1. Your long stay visa becomes the equivalent of a "Titre de séjour" (Resident permit) in France only when it has been validated by the "OFII" (Office Français de l’Immigration et de l’Intégration). To carry out this formality, you must immediately upon your arrival in France:
   - Complete the form titled "Demande d’attestation OFII" that you were given with your visa, by filling in your date of arrival in France, address, telephone number(s) and the full number of your French visa, so that the "OFII" may contact you for a medical examination for the validation of your visa.
   - Attach to the original form ("Demande d’attestation OFII") all the following photocopies: a) your passport pages containing information regarding your identity and passport validity, b) the stamp from the French immigration officer (or from the authorities of the country of transit), showing the date of your coming through the relevant border, and c) the visa issued to you at the French Consulate.
   - Send your complete application file by post, as soon as you arrive in France, to:
     OFII GRENOBLE
     Office Français de l'Immigration et de l'Intégration
     76, rue des Alliés
     38100 – GRENOBLE
     *The OFII Grenoble has authority over your place of residence in France.

   Note: To avoid any mail distribution problems, make sure that your name is written on the letter box of the place where you are living. Any missing information or document in your application dossier will result in it not being validated. Do not forget that you have a limit of three months to validate your visa. If you wait longer, your papers will not be in order and administrative penalties can be taken against you.

2. A receipt confirming that your file has been received ("Attestation de reception du formulaire de demande d’attestation OFII") will be sent to you if your file is completed. This temporary document will enable you to prove the legality of your stay in France while waiting for your file to be fully validated by the "OFII". On your acknowledgement of receipt will be indicated the internet address and access codes for applying on line for appointments at the Health Centre of Université de Grenoble.

   Once you have filled in and sent the online application, the Health Centre will send you two appointments by e-mail (one for a general medical examination and the other for chest/lung X-rays). Make sure that you turn up for the appointments on the day and time indicated and have your passport with you. Two certificates will be given to you once these medical examinations are completed.

3. For the definitive validation of your visa, you must go in person to the OFII during the opening times which are reserved for you (Mondays from 13.30 to 3.30 p.m. or Fridays from 9 to 11 a.m.) taking with you the following documents:
• Your passport
• A passport-size photograph, front facing with head uncovered
• The two medical certificates given you by the Health Centre
• A proof of your residence in France: a photocopy of a rent receipt or an electricity/gas/ fixed telephone line/water bill in your name, or, if this is not available, a statement certifying your residence by the person providing you with accommodation, together with photocopies of that person’s identity document and an invoice in the name of that person
• A fiscal stamp (timbre fiscal) for 58 euros or the proof of online payment of the stamp to this amount

You can purchase a fiscal stamp at the Prefecture, and also in certain tobacco/press outlets or online at: www.timbresofii.fr.

Beware: you cannot buy the tax stamp directly from the OFII.

4. Once these formalities are carried out, your visa and the endorsement by the “OFII” (Vignette OFII) on your passport will authorize you to stay legally in France for the entire length of your French visa.

NB: Since the completion of these formalities may take a while, approximately two months, you must start the process within the first days of your arrival in France.

Failing to do so within three months could result in a procedure against you, for staying illegally in France, and in the payment of a legalizing fee.

Remember: The validity dates of your visa are the same for your OFII stamp (residence permit).

STEP 3: Renewal of your authorization to stay

If you wish to renew your student resident permit you must, within the last two months before your visa expires, go to the relevant local authorities of your place of residence (“Préfecture”) and apply for a student resident permit. You can find the necessary forms and the list of requirements in the guide for international students www.ggsb.com/studentlife - Visa & Residence Permit Section/Renewal.

Failing to do so will result in your having to return to your last country of residency to request a new visa.

VERY IMPORTANT:

1. You wish to travel to another Schengen Zone country: your long stay multiple entry visa allows you to do so anytime. Border authorities may ask you for the OFII stamp, you will need to show them that you are in the middle of the process to obtain it.

2. You wish to travel to a country outside the Schengen Zone, or to your country of origin:
   - within the first 3 months of your arrival in France: your long stay multiple entry visa allows you to do so without having the OFII sticker in your passport or receipt stating your file has been received.
   - After these 3 months: you have to have the sticker “Vignette OFII” in your passport (or at least the OFII receipt). Failing to comply with the necessary formalities with the OFII within 3 months of your arrival in France will result in your having to present a new application for a long stay visa at the French consulate or embassy of your country of origin.

To be able to renew your French student residence permit you have to prove that you are pursuing serious studies in France. Please produce the originals and the photocopies of the following documents at the Prefecture: (NOTE: If you organize the documents in the same order as listed here the procedure at the Prefecture will go a bit faster (make one file with photocopies - that you will hand in - and one with the originals).

1. **Identity justification:**
   - a) The copy of your **Passport** should contain the pages where appears: date of entry in France, identity, number, and the validity and also the French **VISA** and the **OFI stamp**.
   - b) **Four identity photos** not older than 3 months, full-face, bareheaded, size 3,5 x 4,5 cm.
   - c) A **birth certificate** or a marriage certificate - and your family booklet if you have children and/or your judgement of divorce if you are divorced, translated in French.
   - d) A **theoritical certificate** or a marriage certificate - and your family booklet if you have children and/or your judgement of divorce if you are divorced, translated in French.

2. **Enrolment justification:** Your new **Student card** (correspondence courses give no right for getting any types of residence permit) delivered by an establishment approved by the Ministry of National Education – GEM - or a new registration certificate from the school or preliminary registration certificate, waiting for the student card.

Then, according to the status:
- For the trainee students: training period agreement dated, signed, stamped, mentioning the duration and nature of the training, “Convention d’stage”.
- For the doctoral students: produce the tutor certificate, explaining the objectives, the duration of the thesis and the defending date.

3. **University curriculum’s justification:** In all cases of renewal of student residence permit: fill out the form regarding the university curriculum and provide the school report and diplomas. (Please fill the form below “Cursus Scolaire et Universitaire”). You also need to attach the transcripts and/or diplomas obtained during your studies in France so far, as your coordinator program to provide you your transcripts.

4. **Proof of resources**: A certificate from your bank, showing you have got either 7380 Euros for the whole school year or that you receive at least 615€ into your bank account regularly each month.

5. **Proof of Residence** not older than 3 months in the “department” of Isère (stating that you are living in Grenoble or another municipality in the “department” of Isère). (Ex: housing contract, electricity bill with your name on from the GEG/EDF, or a housing insurance where your address is mentioned.)

If you are renting from a **private landlord** (not a CROUS-residence or private student residence) you need to choose one of the following options:

   a. Housing insurance documentation or.
   b. Your landlord/landlady has to write a letter declaring on his/her honour that you are living in his/her apartment accompanied by a copy of his/her French identity card or his/her residence permit (carte de séjour) and his/her personal certificate of residence.

   The first option is obviously the easiest.

6. The completed form called: "**Demande de titre de séjour**" (see the form below). The Prefecture will send you all the form while confirming your appointment.

7. The day you will get your new residence permit you need to buy a **fiscal stamp**, cost: 49€

   No documents in foreign language will be accepted. You have to present documents translated by an official translator.

Return to the country of origin before obtaining the OFII stamp or the residence permit

If you must return to your country of origin before obtaining your residence permit, we suggest you to read the information mentioned below before your departure. If your visa is expired, you are likely to have your access denied at the frontier at the time of your return. You will have to make a new request for visa in your consular service.

In the case of the request of the OFII stamp (to make valid the student visa as a residence permit):

When a student holding a student visa valid as a residence permit it is possible to return his country of origin but the student must inform the OFII about this.

Important note:

Certain countries refuse these conditions. Please double-check with proper authorities before your departure in order to avoid complications at the time of your return in France; otherwise, you will have to make a new request for visa at your consulate.

7. HOUSING
The process of looking for accommodation is made easier by:

1. Determining your budget
2. Deciding on the type of accommodation that best suits you
3. Book accommodation before your arrival

7.1 OVERVIEW OF THE ACCOMMODATION SITUATION IN GRENOBLE

Grenoble Ecole de Management does not have its own student accommodation, therefore all our students live off-campus with a large proportion of them living within walking distance of the school.

With a total population of 60,000 students in Grenoble, there is obviously a lot of competition to find a place to stay.

In France, it is normal procedure for a landlord/landlady to ask for a GUARANTOR. A guarantor is someone who signs a legally binding agreement to pay the rent on behalf of someone if that person defaults on their rental payments. The guarantor normally has to be resident in France (but does not necessarily need to be French). This is an obvious disadvantage for our international students as most of them cannot provide a guarantor. If you can provide a guarantor, the process will be much easier for you.

GEM International Student Integration proposes housing solutions for private student residences with special international student booking facilities. If you go elsewhere it is more difficult as you will need a French resident to guarantee your accommodation. The residences are listed in this chapter.

It is worth noting that the Grenoble Ecole de Management welcomes around 1000 international students a year and no-one has ever been left homeless. Students should book their accommodation before their arrival.

Please note that both residencies and private landlords will ask you to pay a deposit that usually corresponds to 1 or 2 months’ rent. You will ask to get this money returned when you move out. The landlord has 60 days under French law to pay you back the deposit, but it’s obviously an advantage for you to settle this issue before leaving France. Make sure to leave the apartment in the same condition as you found it when moving in. If the apartment is dirty, damaged or if items are broken, the landlord might keep part of your deposit money as compensation. This is also the case if you have not paid all your bills - electricity, water, etc - before leaving.

1 Disclaimer:
Please note that GEM/Grenoble Graduate School of Business is only an intermediary between the student and the residencies/landlord and may in no circumstance be held accountable for any problems arising between the two parties. If a student, upon arrival, does not want to move into the apartment that has been assigned to him/her, the student will have to accept the economic consequences of breaking the intended contract and take responsibility for finding another place to live.

7.2 YOUR ACCOMMODATION SEARCH

There are various ways for international students to find accommodation:

1. Come for a pre-visit, see section 7.3.
2. Arrange your own accommodation before arriving in Grenoble, see section 7.4 and 7.5 (LC-Mobility).
3. If you are on a tight budget, apply for CROUS accommodation.
4. Look independently, see sections 7.7 and 7.12.
5. Sharing an apartment, see section 7.11
6. DIGI, see section 7.12
7. Further notes, see section 7.13
8. Meaning of terms and procedure and useful terms, see sections 7.14 and 7.17
7.3 PRE-VISITS

If you prefer to arrange accommodation with our housing partners before coming to GEM, you can arrange to come on a pre-visit. Please contact the residences directly to book an appointment.

If you want to meet our Service during your visit to Grenoble, you must contact us by e-mail to arrange an appointment as we may not be able to see you if you turn up unannounced. If you make an appointment and find that you cannot keep it, please do cancel the appointment with us in order for us to give the appointment to someone else. You can come from mid-May to beginning of July for the August/September intake and in mid-November to beginning of December for the January intake.

Please note: If you come in May/July or November/December to arrange accommodation, the landlord/residence might expect you to pay rent for the months of May/June or November/December to secure your place.

7.4. DIFFERENT TYPES OF ACCOMMODATION

You may contact the following private residences which have apartment/studio accommodation at various locations in Grenoble.

We advise students to call rather than e-mail the residences, as this guarantees a response.

The following apart hotel/residences won’t ask you for a French guarantor if you indicate that you are an international student at Grenoble Ecole de Management:

Aparthotels:
1. Adagio
2. Les Privilodges Apparthôtel
3. Residhome Caserne de Bonne
4. Séjour & Affaires – Résidence Marie Curie (aparthotel)

1. Cardinal Campus
2. Studélites Le Carline
3. Les Estudines
4. Les Privilodges Campus
5. Nexity Studéa
6. Mutelles de France – Service Logements

*They will probably ask that your parents sign a guarantor-document.

You can also contact LC Mobility a personalized service for accommodation search for long and short stays in Grenoble.

HOUSING*

Important note:
GEM and International Student Integration do not make any exceptions to the students that have already found accommodation.

This means that if you have a room/studio or flat upon your arrival in Grenoble, GEM International Student Integration and the Welcome Team will not be able to help you find other accommodation through the Welcome Desk. We have to give priority to students without any housing.
CROUS is a housing option for students. It can be suitable for students on a tight budget as it offers basic accommodation. Rooms are in CROUS residences, rates start from 177€ per month to 450€ per month but rules, conditions and the application procedure are quite strict. Please note that CROUS is one of our housing partners, therefore the residences are not part of GEM. We are just a link between you and this organization.

GEM International Student Integration will contact new students to give further details about the application procedure. CROUS won’t accept your application if you contact them directly. Don’t take in count the information you can find on CROUS website as the CROUS/GEM agreement is specific for GEM international students.

**Booking dates, arrival date and check-in:**

CROUS make assignments based on the French school calendar:

1. **September intake:** Contracts start on 01 September and not before that date. CROUS will assigned places until 31 December or until 31 August next year. It means that you have only two possible choices.
   - You can always go through this procedure even if you want to stay a few months but you need to consider that you should pay the whole rent until the date CROUS will assign. You can leave the residence before the assigned date by giving a month’s notice to the intendant of your residence before the 01st of the month that you wish to leave. The rent and the deposit will be reimbursed to you after leaving the CROUS residence in around two months.

2. **January intake:** Contracts start on 4 January. You can’t arrive before that date. CROUS will assign places until 31 August. There is only one possible choice.
   - You can always go through this procedure even if you want to stay a few months but you need to consider that you should pay the whole rent until 31 August. You can leave the residence before the assigned date by giving a month’s notice to the intendant of your residence before the 01st of the month that you wish to leave. The rent and the deposit will be reimbursed to you after leaving the CROUS residence in around two months.
   - If you want to stay after 31 August you should apply for a CROUS renewal housing application before 15 June, read the renewal section below.

If you are going to arrive late you must inform GEM and CROUS about your new arrival date. Otherwise, you risk to pay one month rent.

**Do not plan to arrive during the weekends or before the dates indicates above, the administration of the residences will be closed.**

**Departure and renewal:**

Incoming students will be accepted for the academic year from September to August next year or from January to August.

If you want to stay for the new school year, remember to renew your contract with CROUS on time through the online application. Our Service will send a reminder and the instructions but please remember that you are responsible for the renewal procedure.

Contracts **ending on August 31** must be renewed before June 15.
Contracts **ending on December 31** must be renewed before October 25.

If you don’t follow this procedure you will lose your place. Limited number of places, inscriptions can be closed before the deadline

**IF YOU WISH TO LEAVE A CROUS RESIDENCE, YOU ARE REQUIRED TO GIVE A MONTH’S NOTICE BEFORE THE 01st OF THE MONTH THAT YOU WISH TO LEAVE.**

Please note that once you have obtained a room at the CROUS you are bound by the same rules as if you had signed a housing contract with a private landlord. If you do not show up at the CROUS residency when you arrive in Grenoble, the CROUS will charge you one month’s rent.

Remember that you are taking an engagement with CROUS and GEM.

Take in count that if you decide to apply for CROUS and you send your application file the deposit won’t be any reimbursement if you desist.

GEM and the International Student Integration do not make any exceptions to the CROUS’ policy, and they will not be able to negotiate out of paying the fee if the CROUS has not been informed in time. This means that if you have a room with the CROUS upon your arrival in Grenoble, GEM International Student Integration and the Welcome Team will not be able to help you find other accommodation through the Welcome Desk. We have to give priority to students without any housing. You are considered as already lodged for your whole stay.

Site web : www.adiij.fr (in French)

7.11 SHARING AN APARTMENT
If you are interested in sharing an apartment with another student from the school, please join our Facebook group THE FLAT you can maybe find other students looking for a room mate.

There are also some websites which may help you. Some students have found flatmates through these websites. These web pages are only in French, so you will need some basic French language skills.
- www.appartager.com
- www.easycoloc.com
- www.recherche-colocation.com/grenoble.html
- www.portail-colocation.com/colocation-grenoble

As with all things on the internet, please be careful with the information that you give out.

7.12 DIGI: Domicile Inter-Génération Isérois
DIGI is a solidarity association and their services offer the possibility for an elderly French person and a student to get to know each other while living under the same roof.
The students get a separate room with a lock in the elderly person’s apartment and in exchange the student offers his/her company, small services, etc.

As an example:
Some elderly persons are afraid of being alone at night in case they fall and are not able to get up again. Knowing that there is another person in the house, just in case, is reassuring.

The student does not take care of cleaning or of medical tasks. The elderly people are physically independent.

Company and solidarity are the key words, for instance by sharing a meal together. Therefore, the student must speak some French to be able to communicate.

Living under the same roof as a French person is of course an excellent opportunity to improve your language skills and to learn more about the French mentality and way of life.

Price: Upon arrival the student and the elderly person have a 2-week “trial-period” before they sign a joint contract. Then the student pays a fee of 175 Euros a year (150 Euros in January) to the association. In addition the student pays 45 Euros per month to share the costs of electricity, water, gas, etc.

It is important to understand that this service is not an option if you are only looking for inexpensive accommodation. This solution means you commit yourself to giving some of your time, and to offer company. You are of course not obliged to stay home every night, but a regular presence is required.

7.13 FURTHER NOTES

- NOTE: Please note that the GEM is usually closed for summer (August) and winter holidays (December). There will be no-one available for pre-visits during these dates and e-mails will not be answered.

- During the summer and winter holidays there is not recommend to come to Grenoble to try to settle practical and administrative matters. It is better to wait until the re-opening of the School. Please check the academic year calendar.

- Please be aware that the accommodation service is available to all students apart from those receiving scholarships from EDUFRANCE, EGIDE or SFERE. As part of the terms of the scholarship, these organisations are obliged to assist their beneficiaries directly in securing accommodation.

- GEM International Student Integration and the Welcome Team will help you with general information to find accommodation before and upon your arrival. If you wish to change your accommodation later, you should be prepared to handle this by yourself.

- Please note that the list of available apartments will not be given out to students as we need to make constant modifications in order to provide you with the most up-to-date information possible.

- The Alliance Française may also be a good contact to help you to get settled in Grenoble:
13, boulevard Gambetta, 38000 Grenoble
Tel: 04 76 56 25 84 (8.30 a.m. to 12.30 p.m. and 2.00 p.m. to 4.00 p.m.)
E-mail: contact@alliancefr-grenoble.org Website: www.alliancefr-grenoble.org

- You can buy clothes, books, appliance, decoration accessories and DVDs in order to be well equipped for a low price at La Remise, 29 and 35 rue General Ferrie - 38100 Grenoble.

- A good tip! As there is great demand for accommodation in Grenoble, students should begin their search before they arrive by contacting students from their home institution who are already in Grenoble, or organisations offering accommodation.

If you are planning to settle down with your family please ask for further, special information. Remember that you may take more time to find accommodation and deal with all the administrative procedures for you and your family.

IMPORTANT NOTE: The school will not tolerate any student owing a debt to any landlord, hospital or any other French Public Administration. Please note that students who have any outstanding debts or other problems which could harm the image of the School, will have the award of their degree delayed.

7.15 PROCEDURE AND USEFUL TERMS
In order to avoid some traps, you should be aware of the following essential information before signing a lease agreement. In France, the lease agreement protects not only the tenant, but also the owner.

To sign a lease agreement:
The lease is the contract which proves that you rent your housing legally.

With the owner, you will have to sign the lease in which the following should be clearly stated:
- the effective date and the duration (it is generally for 1 year for furnished rentals)
- the designation and description of housing
- the rent
- the methods of payment
- any extra monthly costs or “charges”
- the deposit

The lease must be established in 2 originals, and must obligatorily be signed by the tenant (you) and the leaser (owner or rental agency).

**IMPORTANT NOTE:** The school has worked very hard to establish good relationships with Grenoble’s housing services and landlords/landladies. Please be respectful and do not do anything that might jeopardize the good relationship that we have worked hard to establish. Remember that while you are here, you are acting as an informal ambassador for both your home country and the GEM/Grenoble Graduate School of Business.

Find a Flat “conventionné APL ou ALS”
If you are requesting an OFII stamp/resident’s permit (carte de séjour) you will probably be entitled to get financial assistance with accommodation (CAF) (read CAF section). You should find accommodation which is “approved” for the purposes of requesting the financial assistance. Ask prospective landlords or landladies if the accommodation is “conventionné APL ou AL”.

Signing a Contract / "Le Bail"
When you find your accommodation, you must sign a contract. This is called a “bail” in French. The contract should be filled out in two copies: one for you and one for the landlord / landlady. The typical rental contract in France is for three years, with a notice period of three months. That means that if you wish to leave the accommodation before the three years are over, you must give the landlord/landlady at least three months notice (“préavis”) before your planned departure date. If you are not comfortable with French, try to have someone accompany you who speaks or understands French, so that you are clear on the conditions of the rental. The Aloha student association can help you out with this.

Some contracts, notably for furnished accommodation, are for a fixed period with no notice period. That is, you are supposed to rent the accommodation for the entire period specified in the contract and cannot hand in your notice and leave earlier than the date specified (or if you do, you are still obliged to pay the rent). Check carefully what type of contract you are signing.

Guarantor/ "Garant"
The landlord or landlady may request that a third person act as a guarantor for you. The guarantor is responsible for paying the rent if you are not able to do so yourself. Normally, real estate agencies require a guarantor living in France. A student’s parents would normally be expected to do this. Some landlords or landladies may be more lenient and may instead ask you to provide your parents’ salary slips or a financial declaration*. 

*Financial Declaration

What is a financial declaration?
This is a letter that can be written by the parent(s) or guardian(s) of the student, stating that he/she has the resources necessary to live in France.

Do I need this document?
With this financial commitment the entire administrative process in France (obtaining the residence permit/carte de séjour, accommodation, and opening a bank account) can be much easier. We therefore highly recommend that the parents/guardians of the student write a letter IN FRENCH following the model below (English version for reference only).

This is not an official document, and thus remains optional.
**Paying a Deposit / “La Caution”**
You will probably be asked to provide a deposit for your apartment. The amount of the deposit will be no more than the equivalent of two months’ rent. This deposit covers any possible damage you may do to the apartment while you are occupying it. By law, the landlord or landlady must return the deposit to you within two months after you leave the accommodation. Of course, they may retain money from your deposit for damage you may cause in the apartment, or for cleaning expenses if you leave the apartment in a dirty state, etc. This will be determined by you and the landlord/landlady when you complete the inventory.

**Inventory/ “L'Etat des Lieux”**
When you sign the contract, or when you move into the accommodation, you will have to examine the condition of the accommodation with the landlord/landlady and fill in a document called the “Etat des Lieux”. The “Etat des Lieux” lists all the rooms in the accommodation, all the equipment and furniture provided and the condition that the rooms, equipment and furniture are in. For example, if there are any stains on the carpet, or if something is broken, this should be stated on the “Etat des Lieux”.
You must carry out an “Etat des Lieux”. This should be done by both you and the landlord or landlady together in the accommodation.
Keep a copy of the “Etat des Lieux” along with your copy of the contract.

When you leave the accommodation you should then carry out another “Etat des Lieux”, checking against the first “Etat des Lieux” that all the equipment provided is still there and noting any differences in the condition of the furniture etc. Again, you should keep a copy of the second “Etat des Lieux”.
The landlord / landlady will use differences between the two “Etats des Lieux” to evaluate whether your deposit will be returned in full or not. For example, if you do not leave the accommodation in a clean condition, the landlord is entitled to retain money from your deposit to cover the cleaning costs. Or if you have broken something in the accommodation, the landlord may retain money to have it replaced or repaired.

**Rent/ « Loyer, droit au bail » and extra costs / « charges »**
Your rent each month will probably be made up of the basic rent (“loyer”), the “charges locatives” and the “droit au bail”. “Les charges” or extra costs are added to the basic rent and you will have to pay them every month at the same time as the basic rent. The amount is to cover the maintenance of the building, the lift, and other such facilities. Your landlord or landlady should be able to specify what is included in the “charges”.

**Rent Receipt/ « Quittance de Loyer »**
The “quittance de loyer” is basically a receipt which the landlord or landlady gives you, free of charge, every month when you pay your rent. It proves that you have paid your rent and can also be used as a proof of your address.
Housing tax
You will pay the housing tax (rates) once a year. You are subject to this tax for the dwelling as its occupant on January 1 of each year. You will receive a letter from the Tax office specifying the payment of the tax as well as the address of the Treasury responsible. Respect the deadline for payment, because beyond this date, your tax will be increased by 10% in addition to the other charges. Do not forget to pay it before your departure from France; contact the Tax office for this.

If you live in the university residence halls or if you rent a room in a personal residence, you will not pay this tax. It is possible to avoid paying it by making a request to the Tax office and by justifying your income. But most cases are rejected. The amount is approximately equivalent to the amount of your monthly rent and you should pay it around October.

Please, before signing your housing contract, talk with your landlord about this tax and try to find a deal, otherwise you will be surprised when you leave Grenoble and you receive the tax letter back home.

Housing insurance
Housing insurance is compulsory to cover the tenant’s risks (fire or water damage…) and natural disasters (storms, floods). This insurance is often called “multi-risk renter’s insurance”. Proof of subscription will be required by the owner. This insurance not only protects accommodation but also the tenant. If the tenant causes an accident or hurts somebody, even away from the housing, it will be covered by “Civil liability insurance” (damage to a third party).

The “mutuelles étudiantes” proposes “multi-risk renter’s insurance” at advantageous prices. You can also subscribe to this insurance in private companies or banks. Beware! According to the types of insurance, the risks covered are not the same; you should pay attention to the contracts proposed.

In the event of theft, you must report this to the police and not touch anything before authorization. It is then necessary to make a statement to your insurance company.

Departure and notice/ “Préavis”
Depending on the conditions of your rental contract, you will need to inform your landlord or landlady well in advance of your planned departure date. This is called the “préavis”. Check your contract carefully to find out how long in advance you have to hand in your notice. This is often at least three months before you intend to leave. You will need to send your landlord or landlady a registered letter with acknowledgement of receipt (“lettre recommandée avec accusé de reception”). You will find a sample letter below.

The owner can terminate the contract only if the tenant does not respect his obligations (not paying the rent, no insurance…). The owner must justify the reason for the reclaiming the premises and must give 6 months’ notice before the expiry of the lease.

When leaving your flat, please note that you give clothes and appliance to La Remise, 35 rue General Ferrie.

7.16 SERVICES
ELECTRICITY AND GAS

How do I get electricity in my apartment?
First, find out from your landlord whether electricity and gas are connected in your apartment before you move in.

If they are not connected, you will need to contact the GEG for an address in Grenoble, or the EDF if you live outside Grenoble.

If you are moving in between during the Welcome Desk the Aloha student association can help you with these procedures.

- **GEG – Gaz Electricité de Grenoble**
  8, place Robert Schuman, 38000 Grenoble
  Phone: 04 76 84 20 00 -

  **Opening hours:** Monday to Friday 8.15 a.m. to 7.00 p.m. and Saturday 8.15 a.m. to 12.15 p.m. You may either contact GEG by phone to set up an appointment, or go to their offices directly.

- **EDF**
  English helpline 05 62 16 49 08 or email simpleenergywithedf@edf.fr
What information do I need?
GEG will ask for the name of the person that lived in the apartment before you (so don't forget to ask the landlord / landlady for this) and they will arrange an appointment with one of their technicians. **Connection fee**: approximately 30 euros.

If your apartment is connected you still need to contact the GEG with the name of the previous tenant of your apartment, in order for them to change the name on the bill to yours.

How much do I pay for electricity?
The GEG offers different subscription packages, depending on your energy needs (e.g. the number of appliances you have in the apartment) Their customer service representatives will be able to tell you what package the previous tenant had. For a small fee, they also offer reduced electricity rates.

Ask if the **"tarifs avec heures creuses"** can apply to your electrical needs.

If your landlord or landlady receives your apartment’s electricity bill and will then charge you, be very careful and to pay the bill only if it is shown to you.

Don’t get ripped off with supposedly huge electricity bills!

**In case of emergency :**
- If you need an electrician, call Dépannage Electricité: 04 76 84 37 37
- If you have a problem with the gas call: 04 76 84 36 36

**WATER**

How do I get water in my apartment?
Find out from your landlord or landlady if the water needs to be turned on in your apartment before you move in.

If your apartment is in Grenoble and the water needs to be turned on, you must contact the **Régie des Eaux de Grenoble** in order to schedule an appointment:
- **Régie des Eaux de Grenoble**
  - 6, rue Colonel Dumont, 38000 Grenoble
  - **Phone**: 04 76 86 20 70
  - **Fax**: 04 76 86 18 46
  - **E-mail**: contact@reg-grenoble.fr
  - **Opening hours**: Monday to Friday 8.00 a.m. to 5.00 p.m.
  - **In case of an emergency**, call 04 76 86 20 80

If you are moving in between the Welcome Desk the Aloha student association can help you with these procedures.

**TELEPHONE AND INTERNET**

**Mobile Phones and Internet**
There are so many different mobile phone options and companies in France that it is difficult to include them all.

There are four big telephone and internet operators in France: **Orange** (France Telecom), **SFR**, **Free** and **Bouygues**. Each network has a wide offering of subscription services ("avec abonnement") or pay-as-you-go ("sans abonnement").

Pay-as-you-go services are generally more advantageous for foreign students. There is no minimum obligation with these services, no contract and you only pay for the calling time you use.

With a subscription service you are tied to a one- or two-year contract. Although this can usually be cancelled by sending a letter stating that you will be leaving the country, you pay a monthly fee for a certain amount of calling time. With these services, the mobile phone is usually much cheaper than with a pay-as-you-go service, since the operator makes money on your calls, not on the sale of the equipment.

**French operators usually offer package including**: mobile, home phone line, internet and cable TV. Their offers often so- called “free” phone calls to 30-40 different countries. Be aware that many of them require a 12-month subscription.

**What documents do I need?**
You will need to show your passport and a proof of residence (for example, your rental contract). You will also need to provide them with:
- The apartment's address
- The floor the apartment is on
- The flat number (if there is one)
- The name and phone number of the previous tenant (ask your landlord for this)

You will usually be connected within 48 hours of requesting a phone line, if the previous tenant had a land line. If this is not the case, you must be prepared to wait for several weeks for a technician to come and make the installation.

Be aware that there are quite high set-up fees for the phone line, as well as a monthly line rental fee. The set-up fee will appear on your first phone bill. Ask the provider for the rates.

Once your line is activated, you can either rent a phone from your provider for as little as 3 euros/month, or you can buy a phone at with your telephone provider.

**Calling Long Distance?**

With an internet connection, Skype is a good, free way of communicating with the world. Also, many different companies offering internet services include phone calls to 30-40 different countries in their offers. Some other offers available:

### 7.17 FINANCIAL ASSISTANCE WITH ACCOMMODATION (CAF)

All students, including international students, can take advantage of French government help towards cost of accommodation called “allocation logement” or by the initials AL or APL, so long as you fulfill certain conditions. This scheme is administered by the Caisse d’Allocations Familiales called “la CAF”

**How can I benefit from the APL or AL?**

To benefit from the APL OR al, you must be the principal renter of a dwelling, new or old, which is covered under an agreement between its owner and the French government. The social status, age and previous history of the renter are irrelevant. The amount of the APL benefit varies. It is calculated according to your resources, the size of your family, the place of residence, amount of rent and employment status. For students, a minimum revenue is applied.

the student must be tenant, subtenant or flatmate in a new or old dwelling. It must be his principal residence, with the rental agreement established in the name of the occupant. One technical detail: the housing cannot measure less than 9 m² for one person or 16 m² for a couple. Also, it must meet standards of salubrity.

**Amount of benefits**

The benefits are variable. The formula used to calculate benefits is identical for APL or AL (except in residence halls). It considers the student’s resources, the number of dependents in his care, the place of residence, the amount of rent and the type of occupation (shared or furnished). For students who have no declared resources, a minimum revenue is applied for purposes of calculation. It is €4,400 for grant holders and €5,500 for others, except in hostels where the figures are €3,700 for grant holders and €4,200 for others.

**Eligibility conditions**

Attention: not all students are eligible for these benefits.

Foreign students may receive it if they have an OFII stamp or a French residence permit that is currently valid. ALS and APL are never paid during the first month of residency.. For more information, contact your Caisse d’Allocation Familiales.

**HOW TO APPLY FOR FINANCIAL ASSISTANCE WITH ACCOMMODATION (CAF)**

**YOU WILL BE ONLY ELIGIBLE FOR FINANCIAL ASSISTANCE IF:**

- You are staying for more than 2 months in your accommodation in France.
- The landlord is not a member of your family.
- The contract has to be under your name.
- You are an European Member.
- You are a non-European Member and you have an OFII stamp or a French residence permit that is currently valid (you have 3 months from your arrival to get the OFII stamp on your passport and provide it to the CAF)

**NOTE:** If your visa states « Dispensé temporaire de carte de séjour » and/or you don’t have the OFII stamp after 3 months you will not be entitled to this benefit.
YOU CAN ONLY APPLY ON-LINE. If you submit your application forms by mail it won’t be accepted.

HOW TO PROCEED:

1. Go to www.caf.fr. You will need your RIB (French bank details - IBAN and swift code), the amount of your rent and charges, your complete address in Grenoble, name and address of your landlord/residence.
2. Follow the instructions that you will find the page below to know how to proceed with the online application and scan the required document to complete your file.
3. After you finished, download the application file “Déclaration » in PDF form, together with “L’Attestation de Loyer” if required, and save them so that you have a record of your request.
4. Remember that if you need to print “L’Attestation de Loyer”, this form has to be filled and signed by your landlord/landlady/residence.
5. Once this has been done, you can send copies of the following requested documentation according to your nationality:

DOCUMENTS YOU WILL NEED FOR YOU CAF APPLICATION:

If you are a member of the CEE/EEE/Switzerland:
- A copy of your passport or your ID card
- A copy of your birth certificate
- A copy of your European Health Insurance Card or private insurance
- “L’attestation de loyer” if it is required en the end of the application on line
- Your school acceptance letter
- A certificate of honor (a simple letter – it could be handwritten) explaining that you have sufficient income to follow studies in France. You will find a template on page 14.
- If you live as a couple even if your partner is abroad, you will have to provide his/her ID card, professionnal status and income

If you are a non-European member:
- A copy of your passport and your VISA (you will be asked to provide a copy of the OFII stamp later on).
- A copy of your birth certificate
- “L’attestation de loyer” if it is required en the end of the application online

IT IS POSSIBLE TO SCAN REQUIRED DOCUMENTS DURING YOUR ONLINE APPLICATION
If you do not manage to do it, you have to wait for your CAF number to send back the requested documents. If so, please send the requested documents to complete your on-line application file by certified mail to the following address:

CAF de Grenoble
3, rue des Alliés
38051 Grenoble Cedex 9
Office hours: Monday to Friday from 8:30 a.m. to 4:30 p.m.

HOW DOES IT WORK?
Housing benefit is paid one month after the month the application is accepted. There is no benefit for the 1st month. Besides, there is always a one-month delay to get the benefit on the bank account. Eg. Students arriving in September and who apply for financial assistance on that month will be accepted by October and will get the money on their bank account by November.
Housing benefit calculation is based upon your income of the year before last year.

HOW TO PROCEED WHEN YOU LEAVE YOUR ACCOMMODATION?

DO NOT FORGET TO INFORM THE CAF WHEN YOU ARE LEAVING YOUR ACCOMMODATION OR WHEN YOUR SITUATION CHANGES

If you leave the apartment in the end of May remember to report it to the CAF like that you will get your benefit for the last rent on your bank account in June. It is important to leave your bank account open until the last payment has been done.

NEED INFORMATION OR HELP?

You can go to the CAF Grenoble downtown at 3, rue de Belgrade
Open from Monday to Friday from 8:30 a.m. to 12:00 p.m. and from 1:30 p.m. to 4:30 p.m.
Phone: 0810 29 29 29* or 0 810 25 38 80

*Direct line for students. Cost of a local call on a landline phone; with possible surcharge from a mobile, depending on your telephone provider.
Note about birth certificate and CAF application:

The CAF is requesting in some cases legal certification on your birth certificate (“Apostille” or “Legalisation” both are intended to confirm authenticity of a legal document) in order for your registration in the system.

Only students from certain countries are affected by this requirement (please see the list at the beginning of the guide).

For those of you who are concerned by this there are two ways to proceed:

- **Apostille**: this is a simplified procedure, which only applies to certain countries, and which is issued by a Competent Authority in these countries. The following link provides the list of Competent Authorities designated by each Contracting State, the contact details of Competent Authorities and other practical information: [http://www.hcch.net/index_en.php?act=conventions.authorities&cid=41](http://www.hcch.net/index_en.php?act=conventions.authorities&cid=41)

- **Légalisation**: this is a more complex process which retraces the origins of the original document in order to certify its authenticity. For this you will need to go through the Ministry of Foreign Affairs from the country which the birth certificate comes from and then with the French Consular Services from the same country.

This is very important for those who intend to apply for the CAF. You risk to lose your rights to apply for financial assistance with accommodation if you don't provide the legal certification on your birth certificate.

Please note that you will be required to provide two documents – the copy of your original birth certificate with the “Apostille” or “Legalisation” plus a legal translation of this birth certificate.

Important note for European students: In some cases the CAF is going to ask for a certified and translated copy of your birth certificate. It will be good idea to bring a certified birth certificate in case you need it. You can translate in Grenoble with ADATE organization.

In ADDITION, you need a mutuelle to obtain 100% coverage.

The affiliation fee for the French sécurité sociale/ student health insurance is compulsory for all non-European students under 28 years old. It provides 70% cover.

You need to buy a “mutuelle” (optional) at LMDE or Smerra to give you 100% cover.

Important Note:
Remember to renew your health insurance every new academic year during your studies at GEM
8.2. FRENCH STUDENT HEALTH SYSTEM (Securité Sociale)

Students from the European Union plus Iceland, Liechtenstein, Norway and Switzerland

The European Health Insurance Card (EHIC) ensures that you will get the same access to public sector health care (e.g. a doctor, a pharmacy, a hospital or a health care centre) as nationals of the country you are visiting. If you have to receive medical attention in a country that charges for health care, you will be reimbursed either immediately, or after you go home to your own country. The idea is that you are given the care you need to allow you to continue with your stay.

However, it is important to note that the card does not cover your health care costs while abroad if you are travelling in order to obtain treatment for an illness or injury that you had before travelling. Nor does the card cover you for private sector health care providers.

Healthcare under 28

If you are an EU citizen going to study in France, check with the health insurance in your home country whether they will cover the cost of your healthcare abroad for the full duration of your studies.

Some national health insurors will only cover the costs of your healthcare in another country for a limited time. If this is the case for you, you will need to register for state healthcare in the country where you are studying or to take up private sickness insurance. (French National Healthcare under 28)

As long as your home health insurance covers you during your studies abroad, you will need to have a valid European Health Insurance Card with you to receive medical help from local doctors, and to claim for reimbursement of any costs.

All E111 and E128 forms are now invalid. You now need to apply for a European Health Insurance Card.

Be prepared for differences with your own national system: in some countries, for example, payment upfront is required at the doctor’s, whereas you may be used to a system in which no money changes hands.

European Health Insurance Card

You can get a European Health Insurance Card from the health insurance body with which you are insured, or where your parents or spouse are insured if you are their dependent.

You must obtain your European Health Insurance Card before you leave for your studies abroad. Beware of the validity date of your card, it must cover the whole academic year.

NB! This card gives you the same rights as French citizens, which is a 70 % refunding your health expenses. This is even if the system in your own country covers you 100 %. With the European health insurance card, you can be covered like the French (consultations and pharmacy). For the reimbursements, please contact the CPAM International Service (“la Caisse Primaire d'Assurance Maladie”).

You can find out more about the EHIC on the website: http://ec.europa.eu/employment_social/healthcard/. It is in most of the languages of the European Union

Refunds for EHIC holders

Around 70% of generalist doctors’ and dentists’ fees are refunded, and between 35% and 65% of the cost of most prescribed medicines.

If you want to claim 100%, you must take out complementary health cover (check Complementary Health Insurance below)

Doctors, Dentists: Make sure that the dentist or doctor is "conventionné", i.e. they work within the French system. After treatment, you will pay the doctor upfront and he/she will give you a "feuille de soins" which is the receipt you use to claim a refund.

Prescriptions: Similarly, the pharmacist will give you a receipt which you should attach to a copy of the prescription in order to obtain a refund. On the box of the medicine, you will find a sticker with the price printed on it (a "vignette"). You need to peel this sticker off and attach it to the pharmacist’s receipt before you send for a refund.

Hospital treatment: For out-patient care, you will need to pay upfront and claim a partial refund. If you are treated as an in-patient in an approved hospital and you show your EHIC, the French health authority (CPAM) will pay 75% directly to the hospital and you will pay the balance. You will also need to pay a "forfait journalier", a daily charge for food which you pay upfront and can claim back from your mutuelle, if you have one.

How to claim: For most of cases you will be reimbursed in your home country so please contact your Health Organization to get further details about how to proceed. In case you can be reimbursed in France, you should send your receipts and a copy of your prescriptions to the CPAM de Grenoble, it will take around 2 months for the amounts to be refunded.

Healthcare over 28

The costs of your healthcare will sometimes not be covered by the sickness-insurance institution of your country of origin during your studies abroad:

- This is often the case if you are older than 28.
- It is also likely that some PhD students may be considered resident workers, rather than students, depending on the source of their funding.

**In such case, you will be required to take out private health insurance (check Private Health Insurance), or to subscribe to the national health service in France (check French National Healthcare over 28).** The first option is recommended.

Students from Quebec

You must get a specific form SEQ + # before your departure.
For the reimbursements, please contact the CPAM International Service ("la Caisse Primaire d'Assurance Maladie").

**Important Note: Remember to renew your health insurance for the second year of your program**

Students from other nationalities

French National Healthcare under 28

The student social health insurance plan (LMDE-Mutual insurance company for students or SMERRA-Mutualist regional companies for students) is compulsory for students under the age of 28 and they enroll in the plan at the time they registered at their academic institution. The annual cost of membership in the plan is 215 € (2013-2014).

Once the membership is established, these mutual insurance companies ensure repayments based on your health expenses covered by the Social Security.

**IMPORTANT:**
- French health insurance (called Sécurité Sociale) is compulsory for any student who is registered on a program in a French University or Business School for more than 3 months and for the duration of the program.
- You need to renew this insurance every new academic year during your studies at GEM.
- Please be sure to include this in your budget.
- We advise you to take an additional coverage (“une complémentaire santé”).
- You can find further information at your health insurance centre (LMDE or SMERRA).

Once you have opened a bank account and have received your cheque book, you will need to see your program administrator to subscribe to the health system. Please bring a photocopy of your passport and a copy of your birth certificate translated into French, in order to obtain your social security number faster.

Your administrator will ask you to choose either LMDE or SMERRA.
It is important that the student social security provider you choose (LMDE or SMERRA) has all the following documents for you to receive your social security number and your membership card (Carte Vitale). When you receive a letter about this from your provider, make sure to return copies of the following to them:
- Your passport (if not handed in to your program administrator)
- Your certified and translated birth certificate (if not handed in to your program administrator) Read the note at the end of this section.
- Your FRENCH VISA + OFII stamp
- Your ID photo

To get your reimbursement paid directly into your bank account: attach the banking details of your French bank account (RIB).

In addition to this basic health cover, the school strongly recommends that you take out a complementary health cover, (usually with LMDE and SMERRA) as the French system will only reimburse up to 70% of the cost of any health care and medication you need. You can get this once you are in Grenoble and after your inscription with your program coordinator.

If you are under 28 years old and your study period at GEM after October 1st exceeds 3 months, you must be registered by GEM with the French national health insurance, "sécurité sociale". Consulates know about this regulation and will verify the length of your studies. If you are over 28, then you must take out a special personal health insurance policy ("assurance personnelle"). You will be requested to provide evidence of your health coverage not only by the consulate but also by GEM International Student Services.

The coverage provided by the French social security for students becomes effective as of October 1st only, which is the official starting date of the school year in France. Consequently, if you arrive to GEM before October 1st and are eligible for the French student social security coverage, you must be covered by your own health insurance until you may benefit from the French student social security coverage.
**Complementary Health Insurance/Mutuelle (strongly recommend)**

Complementary health insurance = illness cover = complementary illness assurance

If you subscribe to the French National Healthcare or if you have a European Health Card, this will cover only 70% of your medical costs, so it is **strongly recommended by the school** that you take out a 'top-up' insurance in order to be covered for 100% of your costs.

This insurance costs from 100-300 euros per year depending on your individual needs and choices, and can be bought, on arrival, at the following agencies:

**LMDE**
28 cours Jean Jaurès – 3800 Grenoble
Tel: +33 (0)9 69 96 96 01
Website: [www.lmde.com](http://www.lmde.com)
Monday to Friday from 9h30 – 13h00/ 14h00 – 17h30

**SMERRA**
15 rue St Joseph – 38027 Grenoble
Tel: +33 (0)4 76 87 88 33
Website: [www.smerra.fr](http://www.smerra.fr)
Monday to Friday from 9h30 to 17h30

**Special case:** If you are under the age of 28 and your study period at GEM after October 1st exceeds 3 months, you can must take out the French National Healthcare for students under 28. GEM will handle your registration with French Healthcare for students.

**French National Healthcare over 28**

The French state provides health care for all people living in France. It can be as expensive as a private insurance as you need to declare you incomes to apply for it.

If you are not covered by the system of your country of origin and are not eligible for basic social security schemes (which include health insurance), you might benefit from two specific health care systems, Universal Health Insurance Coverage (CMU) or State Health Aid (AME).

If you decide to register in the French health system (CMU), it may take a while to receive this but you will normally be paid retroactively from the date you applied for the CMU. You should be able to advance any expenses during these initial 4 months or have a temporary private insurance during this period.

**CMU, Universal Health Insurance**

French residents not covered by other insurance may be eligible for CMU (Couverture Maladie Universelle) coverage, which provides sickness and maternity coverage to the same extent as the general social security schemes.

They are two types of CMU:

1. **Basic CMU** (CMU de base) You pay medical expenses and are reimbursed according to defined rates.
   If the annual household income is less then €6,721 this is free. If higher, is payable. **This will cover only 70% of your medical costs.**

2. **Supplementary CMU** (CMU complémentaire) Affiliation to the supplementary CMU is free if you qualify and no payment is required for any medical expanses (doctors, prescribed medicines, hospitalization, etc.). **This options is strongly recommend by the school as you will be covered 100%.**

To be eligible for either CMU you must have:

- Uninterrupted residence in France for at least three months (receipts for accommodation/telephone/electricity bills, etc.);
- National identity card and/or passport for EU/EEA citizens and/or the French VISA with the OFII stamp.
- proof of household income

**How to apply for CMU?**

You should submit your application to one of the following organizations: Caisse d'Assurance Maladie “CPAM” (state health insurance organization)

The application should include:

- completed form n° S 3710 ‘Couverture maladie universelle’ - Protection de base' for basic CMU, or forms n° S 3711, S 3712 and S 3713 for Complementary CMU
- photocopy(ies) of ID documentation (passport, visa, etc)
- proof of residence (for non-EU/EEA citizens)
- Income declaration

If the application is accepted, you will get a CMU certificate and a Carte Vitale, which allows you access to healthcare to the same extent as the general social security scheme.

**Note about CMU:** Cost will be determinate by the CPAM but it is pretty sure that it will cost as much as a private insurance. Please be aware that this procedure will take months and may not worth if you only stay one year in France.
Important Note: Remember to renew your health insurance every new academic year during your studies at GEM.

Private Healthcare over 28
If you are over 28 and if you decide to use private health cover you need to make sure that it covers repatriation as well emergency hospitalisation and general check-ups with a doctor.

AXA Insurance offers a private insurance policy which includes a repatriation insurance too.

8.6 HOUSING INSURANCE

Please wait before subscribing to the compulsory housing insurance until your arrival in France and you have secured accommodation. You can buy it at AXA insurance – around 70€. Some banks, like the LCL Bank, offer you your housing insurance for 1€ per month if you open a bank account with them.

**Important note:** You will need to pay attention and buy the insurance that fits with the type of accommodation you have (room, studio, flat – shared or not). Pay attention to your housing contract and the insurance contract.

8.7 CIVIL LIABILITY INSURANCE
This is usually included in the housing insurance.

8.8 REPATRIATION INSURANCE

This insurance is obligatory. According to French law, students from the Schengen-area are not legally obliged to have a repatriation insurance. But the School requires that all our students - including Europeans - have repatriation insurance since the school cannot guarantee you if anything happens and you have to be urgently repatriated to your home country.

You should buy your repatriation insurance in your home country, please make sure that this insurance covers you in case of serious illness or death and that it will repatriate you to your country of origin, and not back to France, make also sure that guarantees are valid for a long stay (> 3 months), remember to ask for a certificate stipulating this.

**Internships:** If you need to do an internship as part of your program you must take out a repatriation insurance according to your destination. I.e.: Internship in USA, China, France, Germany, etc.
Check with your insurance company if you can renew the insurance you bought at the beginning of the academic year of if you need to buy a new one.
Remember that this insurance should cover repatriation in case of serious illness and death.

Grenoble Ecole de Management has taken out an open assistance agreement with AXA for foreign students at GEM. AXA will do the best to assist you in English.

Note about birth certificate and French Health Insurance:
The LMDE or SMERRA, (health insurance for students under 28 years old) and the CMU (health insurance for students over 28 years old) are requesting legal certification on your birth certificate (“Apostille” or “Legalisation” both are intended to confirm authenticity of a legal document) in order for your registration in the French Health Insurance System.

Only students from certain countries are affected by this requirement (please see the list at the beginning of the guide).

For those of you who are concerned by this there are two ways to proceed:

- **Apostille**: this is a simplified procedure, which only applies to certain countries, and which is issued by a Competent Authority in these countries. The following link provides the list of Competent Authorities designated by each Contracting State, the contact details of Competent Authorities and other practical information:
  http://www.hcch.net/index_en.php?act=conventions.authorities&cid=41

- **Legalisation**: this is a more complex process which retraces the origins of the original document in order to certify its authenticity. For this you will need to go through the Ministry of Foreign Affairs from the country which the birth certificate comes from and then with the French Consular Services from the same country.

Please note, a permanent French Health Insurance number leads to the creation of a Health Insurance Card (“Carte Vitale”) whereas a provisional Health Insurance Number is given in the form of an Attestation. The medical reimbursement rights are the same for both, but the rights can only be renewed if you are in receipt of the “Carte Vitale”.

This is very important for those of you who intend to undertake an internship, as a temporary Health Insurance Number will not allow you do the internship – you will need a permanent number which can only be obtained by providing this legally certified copy of your birth certificate.

Please note that you will be required to provide two documents – the copy of your original birth certificate with the “Apostille” or “Legalisation” plus a legal translation of this birth certificate.

Certain banks do not accept the opening of an account for less than 6 months. The Central Post Office (Tram C stop "Chavant") receives you without an appointment. The LCL Bank will be present during the Welcome Desk.

Some banks have facilities for an account to be opened from outside France, check it at your home country.

Beware! If you come from a non-French speaking country, you will be asked to show certified translations of these documents.

Opening an account can be done in a day and methods of making payments (cash cards and cheque books) will usually arrive within a week to ten days of the account being opened.

BANKING TERMS

Credit Cards *une carte bleue* = a credit card / bank card

Cartes bleues (literally, “blue cards”) are not the same as credit cards. With a “carte bleue”, purchases will either be debited immediately (*débit immédiat*) from your account, or you can opt for the total amount of the purchases over one month to be debited at a particular date (*débit différé*). For example, you make a number of purchases with your card during the month of February and the total will be debited in March.

Cards that can only be used within France are “cartes bleues”. Most banks also offer an international card, such as a Visa or Mastercard. Banks charge higher fees for these, but they can be used internationally. The bank may give a free bank card, but it only allows you to take money out of your account using cash machines; you will not be able to use it to pay for purchases in shops.

Please note that many shops require you to spend a minimum amount (between 7 and 15 euros, depending on the shop) when you pay by “carte bleue”, so you may not be able to buy your baguette with it!

Cheques
*un chèque* = a cheque
*un chèquier* = a cheque book

The French are very attached to their cheque books. While there is often a minimum charge for using a “carte bleue”, very few shopkeepers will object if you write out a cheque for a small purchase. You may very well find yourself waiting in an interminable queue at the boulangerie as someone pays for his bread by writing out a cheque!

At the time of writing, cheque books are still free of charge in France, and you will not be charged for each cheque you write. There is talk of this changing in the near future, so verify with the bank when you open your account. You will almost certainly be asked to show proof of identity when paying by cheque in a shop.

Writing out a French cheque can be a bit daunting at first so here’s how to fill one out

Writing out a French cheque is very similar to filling out a UK cheque, the main difference when writing out a French cheque is that the amount that the cheque is for goes at the top where in an English cheque you would normally put the name of the person that you are making the cheque payable to.

Payez contre chèque: This is where you fill in the amount on a French cheque - you can write the cents in letters or numbers.

1 **Payez contre chèque**
2 **€**: the amount in numbers goes here - don't forget that in France it is normal to use a comma instead of a decimal point e.g. €30,20
3 **A**: Fill in the name of the person you want to make the cheque out to i.e. MME Smith (Mrs Smith)
4 **Fait a**: In here you write the name of the place that you are writing out the cheque in i.e. Paris
5 **Le**: This is where the date goes
6 **Signature**: Sign here

Transfers
*un virement* = a money transfer / wire
*un versement en espèces* = a cash deposit into your account
*un versement en chèques* = a cheque deposit into your account

You will have to ask your bank about the fastest and cheapest way to make transfers: some banks charge considerable sums for organizing international transfers. If you want to use your credit card to withdraw money from your account in your home country, make sure whether a bank transfer would not be cheaper.

It is difficult to give advice on the best way for a student in France send funds, however a few ideas are given below:

- Students have often found that it is useful to have an **international credit card** (Visa, MasterCard, etc.) which allows them to withdraw cash from accounts in their home country from cash machines in France.
- There is a fee for this service and the amount would need to be checked with the bank in the home country. Cash withdrawn in this way can then be paid into a French bank account. This is generally much cheaper than arranging for transfers between banks.
It is advisable for students to bring Traveller’s Cheques with them to cover the first few weeks. It may take some time to open a bank account, to clear transfers, to obtain cheque books and cash cards (up to six weeks in the worst cases) so students should plan to have money available when arriving for rent, deposits, and general living expenses. Traveller’s Cheques are obviously safer than bringing cash (students are advised to keep a list of the cheque numbers separately).

European students can also obtain Eurocheques from their home country bank. Again, this would be safer than dealing with cash, and would allow them to draw money directly from their accounts in the home country. The school will accept Eurocheques for the guarantee cheques.

Relevé d’Identité Bancaire (RIB)
This is a paper that gives your account number, name, and the address of the bank. When you open your account ask the bank or post office to give you several "relevés d’identité bancaire" (RIB). With the RIB, you will be able to have your electricity and gas automatically deducted from your account (so you don’t need to send in a cheque). You will need to give a RIB to the CAF if you apply for the financial assistance for accommodation (CAF).

Bank overdraft fees and interest
A bank overdraft can be very expensive: when your account goes into the red, the bank makes charges called "agios". When you open your account, the bank will stipulate an overdraft figure you must never exceed. If you do, you may face an "interdiction bancaire", which means loss of cheque and bank card facilities. All charges such as bills, rents, purchases must then be paid in cash.

Loss or theft of a chequebook or bank card
Should your cheque book be lost or stolen, you must warn the bank to stop any subsequent cheques. If you do not do this, another person may use your account. Warn your bank as quickly as possible or call the permanent emergency number indicated on the contract you signed when applying for the card. You must then confirm to your bank by registered mail.

Opposition to “Carte Bleue » payments: 08 92 70 57 05 (0,34 euros+taxes/min.)
Loss or theft of a chequebook/bank card: 08 92 68 32 08 (0,34 euros+taxes/min.)

Bank card = telephone card!!!
You can use your bank card like telephone card in the phone cabins. The communication charges are debited directly to your bank account. Do not abuse your card, because this can be expensive!!!

Reading suggestions:

To prepare mentally and culturally for an excellent stay in France. Advice and recommendations to be confirmed or reviewed by you after a semester or two in Grenoble… In other words: It’s your choice!!

• *Sixty Million Frenchmen Can't Be Wrong*, by Jean-Benoit Nadeau and Julie Barlow, (Sourcebooks, 2003) : “The French smoke, drink and eat more fat than anyone in the world, yet they live longer and have fewer heart problems than Americans. They take seven weeks of paid vacation per year, yet have the world’s highest productivity index. *Sixty Million Frenchmen Can't Be Wrong* shows how the pieces of the puzzle fit together. Decrypting French ideas about land, food, privacy and language, the Canadian authors weave together the threads of French society—from centralization and the Napoleonic code to elite education and even street protests - giving us an understanding of France and the French. Here is an eminently rational answer to the question: "Why are the French like that?"

• *Culture Shock: France*, by Sally Adamson Taylor (Graphic Arts Center Publishing Company, 2003/Updated version: Marshall Cavendish Corp, September 2008): "With the insights provided in this guide, you'll learn to see beyond the stereotypes and misinformation that often precede a visit to a foreign land. You'll benefit from such topics as understanding the rules of driving and monetary systems, religious practices and making friends. There are tips on political traditions, building business relationships, and the particular intricacies of setting up a home or office. Great for the foreign exchange student who makes a sincere attempt to cross the bridge into a new and exciting culture."

• *A Year in the Merde*, by Stephen Clarke (Black Swan, 2005): This novel is not high quality literature, but gives you a (mostly) funny introduction to numerous aspects of life in France as seen by a Brit. “Hired to oversee the creation of a French chain of British tearooms in Paris, Paul West spends nine months—the equivalent of a French business year—stumbling his way through office politics à la française. Clarke's sharp eye for detail and relentless wit make even the most quotidian task seem surreal, from ordering a cup of coffee to picking up a loaf of bread at the boulangerie. His character West quickly learns essential tricks to help him keep his head above the Seine.”

• *Talk to the Snail: Ten Commandments for Understanding the French*, by Stephen Clarke (Bloomsbury Publishing PLC, 2006): “The British author offers actually 11 witty and humorous commandments for understanding the French. He explains why French waiters always ignore you, why everyone's always on strike or why Frenchmen are never wrong about anything. He explains the customs: how to decide when to kiss versus when to handshake, how to romance a French woman or how to be cuttingly rude while seeming polite. Within Clarke's humorous anecdotes lie grains of seriousness. Why, for example, do the French constantly correct everyone's attempts to speak their language if they also want it to be accepted as a global language?”
