

Meaningful, Timely On-line Discussion Courses

BUS 280/380 1-Credit Courses

Looking for something to address the impact COVID-19 is having on the business community over the spring & summer? We are offering several 1 credit BUS 280/380 on-line discussion courses to help process the current situation.

- Utilize these 1 cr. Courses to earn credits toward 120.
 - Combine 3 -1 cr. 280/380 (any combination, including 3 – 280 sections) to satisfy 1 Seidman Upper Division Elective.
 - These courses are graded as C/NC.
 - Leverage these course options to receive TRACKS* credit – here is how...
-
- TRACKS Completion requires that students attend **8** professional development events. **3 of which are specifically required events and 5 are optional.**
-
- By enrolling in **one** of the BUS 280 or 380 courses (COVID related or otherwise), students can fulfill **2 optional events** of the TRACKS Program. Since the courses are interdisciplinary in nature they will cover multiple tracks within the one course, and provide immediate relevance as students enter a changed workforce.

EXAMPLE:

Enroll in ONE section of BUS 280/BUS 380 = 2 optional events fulfilled.

Enroll in TWO sections of BUS 280/380 = 4 optional events fulfilled.

**Students will still be required to submit a reflection essay to earn TRACKS credit. However, if the course requires a culminating essay or project/proposal, that will also be accepted as a reflection essay.*

What's up with CIS Requirement?

You may have some questions about this. Please know that the adjustments we are making are to address the growing need for students to graduate knowing Excel. Employers are telling us they want you to have it and we are using it more in some of the required courses moving forward. So, first of all, "don't panic". If you aren't sure what CIS class or combination of classes you need...

If you get an error in registration for FIN 320, submit an override request immediately (this may not happen, but we want you to be aware)
