

Installing Blackboard App

The Blackboard app is currently available for download on Apple and Android devices. This application is free to download.

Android

1. Open the Android Marketplace on your phone (first verify that you are connected to a Wi-Fi network).
2. Search for “Blackboard App” and download.
3. Launch Blackboard and search for Grand Valley State Login using your GVSU username and password.

iPhone, iPod Touch and iPad

1. Open the App Store (first verify that you are connected to a Wi-Fi network).
2. Back on your home screen, click on the blue App Store button.
3. At the bottom you will see a search icon, click on that and type “Blackboard App” in the search bar. Click on the “Blackboard App” result. At the top right of the screen you will see a blue “FREE” button. Click on the button and then click it again to install the app.
4. Open the Blackboard app application once it installs and search “Grand Valley State University”. Type in your Blackboard username and password, and select Login.
