a. President - Evan Jackson

- i. Good afternoon, everyone.
 - 1. I want to start by acknowledging the week we've had. Between snow days and the cold, it's been a disruptive start back. I really appreciate everyone making the effort to be here tonight. Thank you all for your flexibility and for adjusting on short notice.
 - 2. I also want to take a moment to welcome several new senators who are officially joining us this evening to fill vacancies. We're glad to have you here, and we appreciate your willingness to step into this work. We're looking forward to your perspective and your contributions as we move through the semester.
 - 3. You'll notice that tonight's agenda is more condensed than usual. We had originally planned to be joined by Donta Truss, Vice President for Enrollment Development and College Futures, along with members of his team. Due to the change in format and weather-related constraints, we'll be working with Vice President

Truss and his team to reschedule that conversation for a future General Assembly.

4. As a result, we'll keep tonight's meeting focused and efficient. Later this evening, we'll be voting on resolutions to endorse the university's strategic planning materials, as well as reviewing and voting on the materials for our upcoming Student Senate elections. Both items are important for alignment and continuity, and I encourage everyone to stay engaged as we move through them.
5. Thank you again for being adaptable this evening. I yield to Vice President Vanlerberghe

b. **Vice President - Ty Vanlerberghe**

 2. Second, in partnership with the IT division here on campus, Student Senate will be co-hosting two student listening sessions to help gather student perspectives for their new strategic plan, parallel to Reach Higher Together. One session will take place this

Parliamentarian: William Laurin

1. Laurin: No, we encourage support of other candidates, but two candidates campaigning together would be a violation.
2. Vanlerberghe: That clause that you are questioning is to prevent any slates from forming. It just provides unnecessary complications. This doesn't mean you can't support another candidate, just cannot campaign jointly.

- ii. Krupa: Could we get confirmation on who to ask when we would like to post something in a public area? Is it promotions or another dept.?
 1. Vanlerberghe: The promotions office can approve postings. There are certain guidelines that must be followed, but they are not anything too demanding.
- iii. Smith: Who has to go through the elections? Is it everyone?
 1. Laurin: Once petitions open up, everyone will be going through the election's process.
 2. Gemmen: If you were just sworn in today, you would also have to go through elections to be on the 2026-2027 Senate body. Feel free to reach out to us for campaigning.
- iv. Taylor: In regards to the college rep. seats, that's determined by the enrollment number for that department? Are those transparent?
 1. Laurin: Yes, that information is publicly made available by the University.
- v. McDonough: As a comment, make sure when you get signatures that they write their student emails clearly. That is necessary in order to validate their signature.

7. Call for Announcements
