---

1. **Matthew Taylor** (471 Votes)

*Notes\**

---

**Write-Ins:** Per the Student Senate bylaws, the minimum threshold requirement for write-in candidates is ten votes. While there were many write-in candidates across the ballot, no write-in candidates reached or surpassed the ten-vote threshold. Write-in votes for candidates on the ballot were counted towards the vote total of that candidate, as long as the write-in votes were listed for the same position that candidate was running for.

**TBD Representatives:** Per the Student Senate Bylaws, six seats were reserved for incoming freshmen to be determined by the appointment process during the 2026-2027 academic year; one seat was reserved for a Graduate Student Representative, which will be appointed by the Graduate Student Association; and one seat was reserved for an International Student Representative, which will be appointed by the Pados International Center.

Additionally, two College of Liberal Arts and Sciences Representative seats were left vacant, as well as the one College of Engineering Representative seat. Per the Student Senate Bylaws, the respective Deans for both colleges will be notified, and they will have the opportunity to appoint students of their choice.
