

University Assessment Committee (UAC) Feedback Worksheet – Assessment Plan Reviews for Academic Programs

UNIT REVIEWED:						DATE:
N = Not Addressed P = Partially Addressed A = Addressed			N	P	A	Comments:
SLOs						
● SLOs are clear and specific						
● SLOs are measurable						
● SLO Description identifies potential data						
● SLO Description includes plans to collect data from all delivery modes						
● SLO Description identifies measurement tools						
● At least two SLOs for the program and for certificates						
● Emphases are clearly identified with at least one SLO per emphasis						
Assessment Calendar						
● The plan includes an assessment calendar						
● The assessment calendar matches with the SLO description						
Curriculum Map						
● The plan includes a curriculum map						
● The plan is aligned with the curriculum map						
General Comments Strengths and suggestions for improvement of the unit's assessment plan:						
Reminders		<ul style="list-style-type: none"> ● Programs are expected to upload findings annually. ● Please remember that all delivery modes (traditional, hybrid, online) MUST be assessed for any courses/activity used for assessment; this is a requirement of HLC, GVSU's external accreditor. ● Full assessment reports, including data, assessment tools, findings, analysis of results, and next steps should be entered according to the assessment calendar, ideally annually. UAC will review reporting on a biennial reporting schedule. Programs should submit a "Ready to Review" form by the assessment review date. 				
Program's first assessment report review (highlighted):		August 1, 20_____ January 21, 20_____
