## **Euphoria**

Request: funding for our spring concert, perform across campus. 20th anniversary this year. They perform at grand valley events. Able to have enough mics for their group, they are having a sound person coming to help them out.

Questions:

Josh: how did you come up with your expected student attendance of 15.

They have 15 people in our group, and usually there are between 14 and 18 ppl there.

Lasya: how many students are you expecting outside your club

Students around 50

Josh: what is your promotion for this event:

Social media manager and a go fund me, posters etc

Will: have you requested funding like this for an event in the past

They haven't

Will: how have you funded those traveling events in the past

Form the revenue from the on campus gig events

Lasya: did you do any events this semester

They have not done any events this semester, only competitions

Sophie: this is open to the public and students, is this stated in the fliers and social media

Yes, depending on funding

Stephen: as far as the necessity of cook dewit already has a sound system in place, what is the marginal benefit of the funding

Cook dewit fits more of a chorus, acapella needs a sound system to balance out each other's voices.

Kayla: how would a student at gv know about htis event and why would they want to come

Social media outreach and fliers around campus lets people know about their group and event dates.

Josh: motion to deny funding as requested per the fact that the request is catered to a club event and the fact that cook dewit already has a sound system
