MOUSE BEHAVIOR LABORATORY COURSE!

Unlock Your Neuroscience Potential In Our New

Don't let your neuroscience education fall behind. Enroll in PSY 436-01 and gain the hands-on lab experience you need to succeed! Contact Dr. Elizabeth Flandreau (flandree@gvsu.edu) if you have any questions.

About the Course

Are you an behavioral neuroscience student that is eager to stand out in the field? Don't miss out on PSY 436 -01, our neuroscience laboratory class!

In this class, you will design, carry out, and analyze anxiety-like behavior in a mouse model of PTSD and even dissect a mouse brain!

Success in this course makes students more competitive for future endeavors related to research, neuroscience, and medicine.
