CSO Capacity Analysis

Westfield Charter Academy has achieved consistency in operations and is financially stable. The CSO notes that the other school in the academy's district (Westfield Preparatory High School) was identified as a Partnership District by the Michigan Department of Education. While this identification does not stem from specific activities at Westfield Charter Academy, the CSO has observed that the academy is proactively working to further amplify instructional outcomes and school culture. The CSO has observed that students and parents are engaged in the community, resulting in a school culture that students and families find welcoming. The CSO has also observed that the board of directors is supportive and engaged in the academy's mission. The CSO has confidence in the academy's capacity to continue to improve its academic program quality during the remaining term of its charter contract.
