CSO Capacity Analysis

Covenant House Grand Rapids is one of four campuses authorized by GVSU. The academy not only provides high academy completion courses, it also offers opportunities for students to perfect work and life skills. The academy collaborates with area high schools as an alternative to students who struggle with a traditional high academy setting. Between now and the contract renewal process, the academy will need to determine to what degree is the academy meeting its academic performance requirement. Creating a steady enrollment rate and maintaining consistency in its teaching staff is an ongoing focus of the academy leadership and the academy board.
