## CSO Capacity Analysis

Taylor Preparatory High School (“TPHS”) has consistently demonstrated strength in its educational program, organizational soundness, and fiscal stability. Students typically outperform statistically similar schools and demonstrate academic growth. TPHS has a strong college-going culture, including a college advising program and a requirement that students complete at least two Advanced Placement courses to graduate. The CSO has observed that, in general, the support from the ESP assists the academy’s leadership team and provides them with resources and counsel as needed. The board of directors has undergone some transition and continuously works to add members with strong community relations and strong knowledge about academics. This evidence provides the CSO with confidence that the academy’s capacity to deliver strong academic results will remain solid.

## Summary

Taylor Preparatory High School opened in 2013 and has grown to now serve 433 students in grades 9-12. Students come from a variety of communities in and around Taylor. The academy has recently started offering an early/middle college and dual enrollment program.

## Highlights

The academy has an Enhanced College Advising Program.

The academy offers 15 electives to students.

Students can earn an additional 60 college credits for free.
