Torion Bridges	Director	June 25, 2021	June 30, 2026

### Educational Service Provider

Cornerstone Education Group

### Academy Description

A true neighborhood school, Cornerstone Madison-Carver Academy offers an exceptional education to students in grades K-5 in a clean, safe, nurturing environment and neighborhood. Dedicated, highly qualified, passionate faculty and staff create challenging, relevant, and meaningful lessons, while caring for the whole child. The academy utilizes an individualized instruction model to ensure students are exposed to grade level concepts but are also met at their individual learning level and style. Students have many opportunities to master materials at their own pace. Virtue Education is infused into all learning activities, and students are exposed to career options from an early age to provide them with the necessary skills to explore occupations that align with their life's purpose. Academic achievement, excellent character and career awareness provide students with the tools they will need to pursue complete lives.

### CSO Capacity Analysis

Madison-Carver Academy's charter contract was set to expire on June 30, 2024, resulting in the academy going through the renewal process during the 23-24 academic year. During the renewal visit, the Charter Schools Office (CSO) observed that the academy academically outperforms comparison schools, however, the academy continues to struggle with organizational and fiscal challenges and does not meet compliance deadlines. These challenges were the determining factor in the academy only being awarded a five-year contract renewal. The academy board is aligned with school leadership and the educational service provider to further the mission of the academy and has made strategic efforts to retain and recruit students. School leadership, the academy board, and the educational service provider support each other in the acquisition of materials and systems aimed at improving student academic outcomes. Overall, the CSO believes the changes the academy has made to address deficiencies should lead to improved organizational and sustainable academic results for students.
