### CSO Capacity Analysis

University Prep Academy Middle School has demonstrated organizational and fiscal stability, which is consistent with other campuses under its charter. The CSO has observed that leadership has made strides to continue to offer meaningful instruction focusing on improved connections between academies to support student advancement. The academy's academic results, however, have been inconsistent, with students generally exhibiting slightly higher growth on the M-STEP relative to students in statistically similar schools, but lower proficiency. The CSO has observed that the organization continues to invest in strengthening academic achievement and providing sound leadership that focuses on continuous improvement. The CSO is confident in the academy's capacity to improve its academic results over time.
