POLICY STATEMENT

4.3.0 Non-Tenure Track Faculty

Non-Tenure Track Faculty are any faculty appointed to full time or part time positions created for purposes such as working on grants or contracts, clinical settings, scholarly engagement, filling in for Regular Faculty who may be absent, completing specific projects, augmenting the Regular Faculty, teaching a single semester's course offering, enhancing the programs of the University with distinguished Visiting persons, and for other purposes. Non-Tenure Track Faculty include Visiting faculty, Affiliate and Senior Affiliate faculty, and Adjunct and Senior Adjunct instructors (at any rank) as defined below. Non-Tenure Track Faculty are not required to possess a terminal degree. Non-Tenure Track Faculty are not eligible for nor do they accrue any credit toward academic tenure. There are no employment rights beyond the appointment terms stated below. All Non-Tenure Track Faculty are subject to evaluation procedures approved by the Provost.

4.3.1 Appointments. All Non-Tenure Track Faculty appointments shall be for specific but renewable periods of time and shall be subject to and limited to the conditions, benefits, and obligations herein outlined. All Non-Tenure Track appointments are subject to evaluation.

A. Visiting Faculty: Appointments will be made on full time or part time basis for one (1) academic or fiscal year. Such appointments are normally not renewable beyond three (3) one-year appointments.

B. Affiliate Faculty: Affiliate Faculty serve in a specialized role such as a clinical coordinator, field supervisor, for limited scholarly engagement, or may be selected to teach a limited range of courses. Those individuals who are selected to teach full time on nine-month appointments normally maintain twenty-four (24) to thirty (30) credit hours per year. Those individuals selected to teach part time on nine-month appointments normally maintain six (6) to eleven (11) credit hours per semester. Those individuals selected to teach full time on twelve-month appointments normally maintain thirty-six (36) credit hours per year. The number of credit hours taught may be adjusted to recognize other duties or activities. Affiliate Faculty shall support University assessment efforts. Initially, upon hire, individuals will be appointed for one academic year, or fiscal year if appropriate, on a full time or part time basis. This may be renewed once for an additional academic or fiscal year. Thereafter, such individuals may be appointed for up to three (3) consecutive academic or fiscal years. Employment contracts are renewable. If no notification of renewal is given by May 1 of the second year of the contract, it will not be renewed. Appointment exceptions must be approved in advance by the Provost. The terms and conditions of appointment will be covered in the employment contract.

Affiliate Faculty and Senior Affiliate Faculty will be appointed to one of the following categories:

Affiliate Faculty of Instruction (or Field Practicum): These faculty engage in teaching activities, primarily course, lab, or studio instruction. Depending on the needs of a unit or college, they may also participate in other activities that directly support the teaching mission of the University, such as student advising, supervision of internships or practicums, coordination of tutoring placements or direction of a tutoring center, regular assessments of student work, coordination of courses, or other obligations that are specifically identified in the employment contract.

Clinical Affiliate Faculty: In addition to responsibilities of Affiliate Faculty of Instruction (or Field Practicum), these faculty primarily work with students in a clinical setting, normally in health-related fields.

Affiliate Faculty of Practice: In addition to responsibilities of Affiliate Faculty of Instruction (or Field Practicum), the remainder of their workload is devoted to scholarly engagement and/or service that aligns with unit needs and is required by disciplinary accreditation. These faculty will typically have a substantial base of professional, non-academic experience in their discipline and understand the practical application of knowledge in their field. Their expertise complements the scholarly work of the unit.

C. Senior Affiliate Faculty: After seven (7) consecutive years at the University as an Affiliate Faculty member, an individual is eligible to apply to be appointed to Senior Affiliate Faculty subject to the conditions and process as established by the Provost and not inconsistent with Section 4.3.0. This opportunity exists for Affiliate Faculty within each category of Section 4.3.0. An Affiliate Faculty who obtains Senior Affiliate status may be appointed for up to six (6) consecutive academic or fiscal years. Employment contracts are renewable. D. Adjunct Instructor: Appointments to teach one or more classes for a single academic semester.

E. Senior Adjunct Instructor: Adjunct Instructors who have taught for the University for a minimum of a five-year, continuous time span including within that time at least eight semesters of teaching and there is a continuing need, are eligible for appointment as Senior Adjunct Instructor. Senior Adjunct Instructors may be appointed to one-year contracts when a unit head determines there is a sufficient demand for the courses offered.

F. Adjunct Librarian: Adjunct Librarians are appointed to work for a limited amount of time on special projects or limited professional effectiveness portfolios, augmenting the work of a regular library faculty or to fill in for regular library faculty.

G. Senior Adjunct Librarian: Adjunct Librarians who have worked at the University for a minimum of a five-year, continuous time span including within that time at least eight semesters, are eligible for appointment as Senior Adjunct Librarian, provided there is a continuing need. Senior Adjunct Librarians may be appointed to one-year contracts when the Dean determines there is a sufficient demand.

The University may terminate any Non-Tenure Track Faculty appointment at any time, upon 7 calendar days written notice, for the following reasons:

1. Financial reasons as determined by the Provost.

2. Course and/or program elimination.

3. Committing an act of professional incompetence, moral turpitude, neglect of professional responsibilities, or conviction of a felony.

4. Failure to follow instructions and directions of the unit head and/or appointing officer.

POLICY STATEMENT

The decision to seek accreditation for a unit or program represents an investment and a commitment on the part of Grand Valley. The process of acquiring accreditation should be the result of a thoughtful, comprehensive analysis of both the benefits and the costs which result for the unit and the University community.

As part of the process for seeking the Grand Valley Administration’s approval to initiate the accreditation process, units need to make the case for accreditation to faculty governance. Both curricular and budgetary consequences of accreditation must be reviewed by the appropriate governance committees and recommendations forwarded to the Associate Vice-President for Academic Affairs responsible for accreditation issues. The Provost will notify ECS of the Administration’s decision regarding approval of the proposal to seek accreditation. An adverse recommendation at any level of governance will not terminate the process of discussion.

1. The unit seeking permission to pursue accreditation of the unit or program covers, within the guidelines of the College Curriculum Committee (CCC) of the College in which the unit is housed. Upon completing its review of the proposal, the CCC will forward its recommendation to ECS. ECS will refer the proposal to UCC and to FSBC for their recommendations. Upon receipt of the recommendations of UCC and FSBC, ECS will review the proposal for accreditation and forward a recommendation to the Associate Vice-President for Academic Affairs responsible for accreditation issues. The Provost will notify ECS of the Administration’s decision regarding approval of the proposal to seek accreditation. An adverse recommendation at any level of governance will not terminate the process of discussion.

2. The unit’s proposal to seek accreditation shall include a thorough assessment of the unit’s current degree of compliance with accreditation guidelines. This assessment should be detailed and specific, and it should indicate any anticipated changes required in order to achieve accreditation. This discussion should include but is not limited to changes in program objectives, courses, requirements, physical space and/or facilities, faculty resources, and University Libraries or other resources.

3. A copy of the current accrediting agency guidelines shall be attached to the proposal.

4. The proposal will include a candid and specific discussion of the anticipated short term and long-term (5-year) benefits and costs associated with accreditation. This discussion should speak to the following: students, graduates, the unit, the College, and the University.

5. The proposal will include a specific discussion addressing how the unit believes that accreditation will enhance and facilitate the unit’s ability to function within the Grand Valley role and mission statement.

6. The proposal will include an analysis of sources of financial support, and of the anticipated budgetary costs and benefits. This discussion will include a projected budget and be directed toward both the shortterm and long-term (5 years) impact. The budget should contain numbers which indicate costs for administrative, faculty, and support personnel, and any equipment or operating costs. Monetary support could include such items as any start-up or long-term grants, increased tuition and fee revenue based on anticipated number of students, and requested University funding. Whether internal funding will come from the...

Units which have achieved accreditation do not need to make the case for renewal of accreditation. Implicit in the unit’s decision to pursue renewal is the presumption that accreditation has been beneficial. At the renewal stage, however, the unit shall forward a brief statement to ECS/FSBC/UCC assessing the effects of accreditation during the foregoing period, and appraising ECS/FSBC/UCC of any changes in accreditation requirements or standards which may have been made since the previous review. This statement will include a projected budget for the next five years. Faculty governance will review this statement and forward a recommendation to the Provost.

POLICY STATEMENT

The role of a faculty member involves an interlocking set of responsibilities to students, to colleagues in both the institution and the wider profession, to the institution itself and its surrounding community, to the advancement of knowledge and understanding in the faculty member’s field, and to the ideals of free inquiry and expression. Normally, these are articulated as the areas of teaching (Regular Faculty) or professional effectiveness (Library Regular Faculty), scholarship and creative activity, and service, as outlined in the Board of Trustee’s Policies BOT 4.2.9.

Each unit shall establish expectations, in writing, for all its faculty, in the areas of teaching (for Regular Faculty) or professional effectiveness (for Library Regular Faculty), scholarship and creative activity, and service based on disciplinary standards and best practices and unit, college and university goals and work. Teaching (for Regular Faculty) or professional effectiveness (for Library Regular Faculty), scholarship/creative activity, and service are included in each faculty member’s workload. For both Regular Faculty and Library Regular Faculty, these unit expectations will be approved by the process described in Board of Trustees’ Policies BOT 4.2.9.

A. Teaching and Professional Responsibility

Regular Faculty

The primary responsibility of faculty is effective teaching (as described in the Board of Trustees’ Policies BOT 4.2.9). Effective teaching must be documented by: a) self-evaluation, b) peer evaluation, and c) student evaluations. Evidence of effective teaching is a significant factor in contract renewal, tenure, promotion, and salary increment decisions. Units should periodically review and clarify course expectations of students. Appropriate course expectations, pedagogies, and assessment vary, depending on the discipline, course level and class size.

A regular faculty member whose appointment is at least half-time but less than full-time shall be considered “part-time” when referred to in the Faculty Handbook. Part-time regular faculty are expected to complete the same kind of work as full-time regular faculty, but in proportion with their appointment. Relevant items such as workload and significant focus expectations, sabbatical eligibility, promotion eligibility, and performance evaluation procedures shall be stated in writing from the Dean. These terms may be modified from time to time as circumstances change. See also Board of Trustees’ Policies BOT 4.2.9.

Library Regular Faculty

The primary responsibility of Library Regular Faculty is professional effectiveness (as described in the Board of Trustees’ Policies BOT 4.2.9). Evidence of professional effectiveness is a significant factor in contract renewal, tenure, promotion, and salary increment decisions. Evaluation of professional effectiveness will be on the basis of the judgment of colleagues and/ or those who are instructed or served.

B. Teaching and Professional Workload

Regular Faculty: Workload

Normally, within a full-time load, the expectation for teaching shall be 18 credits per academic year. Evidence of effective teaching is significant in decisions on tenure, promotion, and salary increments. Each unit, with the approval of its dean, shall determine the number of courses that are required when any or all of the courses are other than three credits. Each unit, with the approval of its dean, shall also determine equivalencies of studios, labs, rehearsals, team-teaching, distance education, supervision of theses or student research, clinical or internship supervision, independent study or reading courses, teaching extraordinarily large classes, and other such formal teaching activities. Normally, no more than three different course preparations will be required of any faculty member in any semester.

Library Regular Faculty: Workload

The expectations for Library Regular Faculty are particular to each position, detailed in position description documents approved by the dean. Normally, within a full-time load, professional work assignments combine with scholarly/creative activities and service in 12-month appointments to equal full-time appointment.

C. Definition of Effective Teaching and Documentation of Effective Teaching

Effective teaching at GVSU consists of creating and maintaining an environment that promotes learning. This language is consistent with Board of Trustees’ Policies BOT 4.2.9.

Effective teaching at GVSU consists of creating and maintaining an environment that promotes learning. This language is consistent with Board of Trustees’ Policies BOT 4.2.9.

Effective teachers: 1. Demonstrate disciplinary expertise appropriate to the level and purposes of the course. Effective teachers must possess disciplinary expertise. The content chosen should fit with course learning goals, have importance in the discipline, be based on scholarship, and reflect current practices and information in the discipline.

2. Teach skills that will prepare students to deal with complexity, diversity, and change. Effective teachers help students become independent thinkers open to diverse perspectives while being able to ask questions, critically evaluate information and claims, generate solutions to problems, and effectively communicate with others.

3. Teach content in a coherent, organized manner to aid student learning. Effective teachers help shape students' course experience by organizing content and activities to create a purposeful learning structure. When a course is taught using an intentional and definable approach, students are able to learn and retain material, synthesize ideas, and improve academic achievement.

4. Cultivate a learning environment where all students are treated equitably, have equal access to learning, and are valued and supported in their learning. Effective teachers are responsible to social justice issues in teaching and learning. There are many ways to help all students learn, including learning students' names, structuring meaningful peer learning opportunities, choosing examples from a broad range of cultural domains to illustrate course concepts, identifying effective study strategies for exams, effectively managing course discourse, providing grading rubrics that outline clear criteria for success on writing assignments, identifying learning objectives for class activities, explaining how students should communicate with you, being available to students, and making clear how student work will be assessed in every dimension of the course, including participation.

5. Establish and communicate challenging learning goals and high expectations. Instructor expectations have a direct effect on upon student achievement. Effective teachers believe in students' abilities, expect students to perform at their full potential, and help them achieve course learning goals.

6. Assess student performance in an appropriate and sufficient manner. Effective teachers assess student performance in the areas of both knowledge and skills. They use assessment measures appropriate to the course level, size, discipline, and learning goals.

7. Competently use teaching pedagogies to help improve student performance by actively engaging students in their learning.
Research finds strong relationships between student engagement and student achievement. Effective teachers use evidence-based techniques that will actively involve students in the learning experience.

8. Refine courses using feedback and reflection. Effective teachers regularly think about how they teach, learn from their experiences, and work to improve their instruction. They develop their skills to better serve students.

D. Definition of Excellent Teaching

For promotion to full professor, a faculty member must consistently demonstrate at least effective teaching on annual reviews. In addition, the faculty member must have engaged in several meritorious activities and accomplishments that extended beyond normal teaching duties and performance during the previous six (6) years. A college or unit can be more specific about how much or what type of activity it requires. See also BOT 4.2.10.5 and 30.01.E.5.III.

A list of NON-EXHAUSTIVE examples can be found on the Office of the Provost website.

E. Scholarly/Creative Activity

All Faculty

1. Within their area(s) of expertise, all full-time ranked faculty members [as described in the Board of Trustees' Policies BOT 4.2.9], including Library Regular Faculty [as described in the Board of Trustees' Policies BOT 4.2.9.2] are responsible for effective scholarly or creative activity. The university expects all faculty members to be active scholars or artists who contribute to the development and application of knowledge and create a dynamic environment for learning. The university expects a faculty member to establish a record of scholarly or creative endeavor that is meaningful within the scholar's discipline.

2. Grand Valley State University accepts and employs the typology of scholarly activity that was first conceptualized by Boyer (1990). As such, scholarship may originate in any one of the four ways described below. These four forms of scholarship and creative activity shall be recognized by all units as equally valid forms of scholarship in decisions on tenure, promotion and salary increments.

I. Scholarship of Discovery

In discovery, the scholar develops new knowledge or products to answer a question that is theoretically based and then communicates the results. Viewed by the academic community as traditional research, the scholarship of discovery is the pursuit of truth and knowledge for its own sake within a specialized academic area. The scholarship of discovery contributes to the stock of human knowledge and the intellectual environment of the university.

II. Scholarship of Integration

The scholarship of integration combines knowledge across disciplines and communicates the results. Integration extends research and expands meaning by making connections across disciplines, bringing the focus of inquiry to bear on the broader context and deeper relationships that link and synthesize specialized knowledge into more inclusive patterns.

III. Scholarship of Application

The scholarship of application serves the interests of the larger community by applying existing knowledge to societal and professional problems directly tied to one's area of expertise (sharing one's expertise). Theory and practice vitally interact, and one renews the other. The scholarship of application differs from the focus on research and synthesis is crucial to the first two forms of scholarship. Here the scholar uses knowledge to solve specific problems.

IV. Scholarship of Teaching

The scholarship of teaching focuses on the study and improvement of teaching and learning. It involves systematically investigating teaching and assessment practice and/or students' learning to develop, transform, and extend teaching activities and other aspects of pedagogy for other professionals to build upon.

3. The goal of scholarly activity is a creative, intellectual contribution to knowledge that is validated by peers and shared with others; in addition to this result, Grand Valley State University also recognizes additional forms of scholarship. All scholarly/creative work must be appropriately documented so that colleagues are able to evaluate its quality and significance.

Grand Valley State University uses the following three categories to describe scholarship/creative activities:

I. Advancement of Knowledge/Creative Expression:

Scholarly and creative work in this form advances knowledge or creative expression in the field through two characteristics: (1) the product is in a publicly accessible format and is disseminated outside of GVSU; (2) the product utilizes a process to judge the quality and value of the contribution to the discipline; this is generally through the use of peer review, but some disciplines may use other appropriate processes.

II. Scholarly Engagement

Scholarly engagement demonstrates an active scholarly/creative activity agenda through the use of existing disciplinary knowledge to produce a product that is disseminated to peers, users, or decision makers. These products typically utilize less stringent public/private validation or judgment of work. Some of them will later become Advancement of Knowledge/Creative Expression (e.g., conference presentation that is later published as a peer-reviewed article). In addition, documented scholarly/creative work in progress fits into this category.

III. Professional Development

Scholarly and creative work of the professional development type are those scholarly and creative activities undertaken by educators to improve their disciplinary knowledge, competence, or skills.

4. Examples of scholarly/creative work in each category include, but are not limited to the following: examples of faculty responsibilities in the area of scholarly/creative activity. Colleges and units can add items as long as they adhere to the category definitions. Teaching and services activities should not be listed as examples of scholarly/creative activities. A faculty member who feels a specific scholarly undertaking should be part of a different category can appeal to the Dean of the college/library. If a unit's faculty believe that a specific scholarly activity should be permanently part of a different category they can seek approval from the University Personnel Review Committee.

5. Standards for Tenure, Promotion, and Annual Review

Grand Valley State University recognizes disciplinary differences; there are, however, minimum university-wide standards for major personnel decisions. A unit is free to establish more stringent standards.

I. Contract Renewal

To receive contract renewal, a candidate must have articulated a coherent scholarly/creative activity agenda and demonstrated progress towards tenure.

II. Tenure and Promotion to Associate Professor/Associate Librarian

To achieve tenure or promotion, a candidate must have two contributions from the Advancement of Knowledge/Creative Expression category OR one contribution from the Advancement of Knowledge/Creative Expression category and three contributions from the Scholarly Engagement category.

III. Promotion to Full Professor/Senior Librarian

To be promoted to full professor/senior librarian, a candidate must meet specific unit standards. Unit standards will address work done in the six (6) years prior to the submission of the portfolio on the first day of classes of the fall semester, and the standards must be more rigorous than those required for tenure and promotion to associate professor/associate librarian. See also BOT 4.2.9.5 and BOT 4.2.9.6.

IV. Annual Reviews

Ongoing scholarly/creative activity includes professional development and scholarly engagement; these constitute the minimum foundation of scholarly endeavor and are expected components of everyone's annual workload. Each unit will specify what form of scholarship/creative activity it expects on a yearly, ongoing basis.

F. Service

All Faculty

Shared university governance, contributions to GVSU communities, and the development of disciplines and professions all depend on meaningful service from faculty members. In addition to teaching and scholarly/creative activities within a normal full-time load, all Regular Faculty [as described in the Board of Trustees' Policies BOT 4.2.9.1], including Library Regular Faculty [as described in the Board of Trustees' Policies BOT 4.2.9.1], are expected to be engaged in service as specified by the unit standards.

Faculty members are expected to undertake increasingly responsible service work over the course of their university careers. It is also expected that untenured faculty members will concentrate on developing competence in teaching or professional effectiveness and scholarship that the amount of expected service will be adjusted accordingly. Normally, service is not a compensated activity; exceptions to this must be approved by the Dean of the College.

Evidence of service is significant in decisions on tenure, promotion, and salary increments. Each unit and the library must establish its own standards and criteria for evaluation [as described in the Board of Trustees' Policies BOT 4.2.9.1.C and BOT 4.2.9.2.C]. These standards must discuss both the type and amount of service work expected for various faculty ranks. Both quantity and quality of service work must be part of the evaluation. Normal departmental activities (e.g., attendance at department or college meetings, reviewing sabbatical proposals, commenting on personnel files, etc.) are a basic expectation of all faculty members. These activities are not sufficient to be considered satisfactory performance in the area of service.

A faculty member is not expected or required to perform institutional service work during a sabbatical. They can, of their own volition, engage in service during the sabbatical period, but such service is discouraged and will not be compensated.

1. Service to the Institution (Hill, College, University).
GVSU depends on its faculty members for the time, energy, and the leadership that will enable the university to accomplish its mission. It is only through the service activities of faculty that GVSU is able to sustain strong shared governance. In addition to committee work, service to both current and prospective students and to alumni are also valued service activities.

2. **Service to the Discipline and Profession**

As representatives of a particular discipline and members of a scholarly community, GVSU faculty members are responsible for advancing their professions and enhancing the quality of scholarly and professional organizations.

3. **Service to the Community**

Service to the community involves faculty members acting as representatives of the university while using their expertise to contribute to the public's knowledge and welfare. Community service can sometimes be integrated with scholarship if a community engagement project results in a scholarly outcome.

**Examples of activities in each service category**

G. **Area of Significant Focus**

**Regular Faculty**

A significant focus is concentrated activity that will, at its conclusion, produce a meaningful, documented outcome in teaching, scholarship, and/or service. It is undertaken in addition to expectations in those three areas. A significant focus can be a one-semester undertaking, or it can take multiple semesters to complete. Each semester, the significant focus shall require approximately the same amount of time as teaching a 3-credit hour or standard course. It shall not have been counted as part of the expected teaching load or have been compensated externally or additionally; exceptions to the compensation exclusion must be approved by the dean of the college. Faculty members should confirm that their choice of significant focus of activity is consistent with their unit’s and college’s expectations for tenure and promotion.

In their annual Faculty Workload Plan, **see Shared Governance SG 3.00**, every regular faculty member shall propose a significant focus. The significant focus will be reviewed and approved by the unit head and dean. In the annual Faculty Workload Report, every faculty member shall describe the progress that was made in the proposed area of significant focus.

A significant focus differs from reassigned time. **See Shared Governance SG 3.03** for an explanation of reassigned time.

**Library Regular Faculty**

Library Regular Faculty may optionally negotiate a temporary adjustment to their normally assigned expectations established by the unit in the areas of professional effectiveness, scholarship/creative activity and service in a given year to take on a proposed area of significant focus. This significant focus will be reviewed and approved by the dean. Faculty members anticipating review for personnel action, and especially action for tenure and promotion will want to ensure that their significant focus of activity is consistent with their unit’s and college’s expectations for tenure and promotion.

H. **Mentoring Programs for New Faculty**

Grand Valley State University recognizes the value of mentoring for all faculty members and especially for new faculty. The University provides new faculty with a collaborative first-year University-Wide Mentoring Program that is designed to support them as they begin to adjust to faculty responsibilities and engage as teachers, scholars, and citizens of the university and greater community. Colleges and/or units provide additional discipline-specific and unit/college-specific mentoring.

**University Mentoring Program**

University and unit/college mentoring programs accomplish different outcomes. University-wide mentoring is conducted in communities of new faculty members with a faculty facilitator. It introduces the faculty member to university policies and culture, and it gives faculty a chance to candidly discuss concerns with and ask questions of colleagues outside their departments.

All new, non-tenured, regular faculty members are strongly encouraged to begin immediate participation in the University Mentoring Program for a minimum of one year regardless of appointment date. This assignment should be part of the faculty member's Faculty Workload Plan under professional development. New untenured, regular faculty members who have experience at another university can join the University Mentoring Program's 2-6th year group. A faculty member who chooses not to participate in the University Mentoring Program should advise the unit head in writing of this decision. See the Faculty, Teaching and Learning Center website for a full explanation of university-wide mentoring communities.

**College/Unit Mentoring Programs**

All college and/or units offer a mentoring program to new untenured, regular faculty members. (See the Office of the Provost website for guidelines and examples.) College/unit mentoring matches a new faculty member with a department mentor(s); it provides information about college, unit, and discipline-specific practices, expectations, and criteria in teaching, scholarship, and service. Each new untenured, regular faculty member is strongly encouraged to participate in the unit/college program. New, untenured regular faculty members who choose not to participate should advise their unit head of their decision in writing.

INSTRUCTIONAL POLICIES

SG 3.04

Date of Last Update:
May 31, 2019

Approved By:
• University Academic Senate / Provost

Responsible Office:
Provost Office

POLICY STATEMENT

In order to help ensure a quality educational experience, GVSU has established basic expectations instructors must meet when teaching a course. It is important that students enrolled in a course receive timely and accurate information about the course. In addition, faculty must fulfill obligations to present to students both during class time and outside of class.

A. Absence from Class

Faculty members are responsible for meeting all classes for which they are scheduled. If faculty members are absent from teaching responsibilities due to illness, they should notify their unit head and students should be notified through Blackboard or other electronic means as early as possible.

In those cases where absences can be anticipated, approval for such absences must be obtained from the unit head. The faculty members are then responsible for arranging for substitutes or otherwise covering their teaching assignments.

Classes must be held for the duration of the semester and for the scheduled amount of time.

B. Change of Instructor, Time, or Place of Meeting

Change of instructor, time, or place of meeting for a scheduled class may be made only with the approval of the unit head and the Dean of the College. The office of the Dean of the College sends changes to the Registrar’s Office where a current master schedule is maintained.

C. Information Given at Beginning of Semester

Students should be provided with a course syllabus, in paper or electronic form, containing at least the following:

1. General course information. Instructor name, contact information, office hours, and required resources such as textbooks should all be specified. Prerequisite courses listed in the catalog need not be reproduced but if specific prerequisite skills or knowledge are necessary they should be pointed out to students here.

2. Learning objectives. The student learning objectives listed in the syllabus of record must all be represented in the objectives listed in the course syllabus, though the course syllabus may be more specific and may include additional objectives.

3. Kinds of activities and assessments to be used. This need not be a detailed list but should give students a clear idea of the kinds of work to be expected: projects, papers, in-class exams, field trip reports, etc.

4. Grading scheme. This section should give students a clear idea of the relative importance of different kinds of assessments and the basic scheme that will be used to assign final grades.

5. Course specific policies. The syllabus should describe the instructor’s policies that apply to this particular course on topics such as attendance, makeup mechanisms for missed work, late assignments, handling of academic misconduct, etc. If the course is subject to particular GVSU requirements (for example, those for SWS or General Education courses), pointers to those requirements should be given.

6. The following statement should appear on the syllabus: This course is subject to the GVSU policies listed at http://www.gvsu.edu/courspolicies/. Faculty members should review this list each semester and familiarize themselves with the various GVSU policies listed.

D. Faculty Availability to Students

Members of the faculty are expected to publish office hours. For a standard teaching load, instructors should be accessible to students for a minimum of one hour per week for every three credits taught. Availability can be a combination of in-person office hours and on-line communication, including virtual office hours. Each instructor must be reasonably available to meet with students in person.

E. Selection of Textbooks

Faculty members are responsible for submitting information on textbooks and other required material for their courses when such information is requested from the University Bookstore. Policies concerning use of self-authored textbooks may be found in Senior Leadership Team SG 3.05 Textbooks and Course Materials Policy.

F. Culminating Experience

Instructors are expected to provide a culminating experience for each course. This experience should be held at the same time and location scheduled by the Registrar. Any exceptions must be approved by the appropriate academic dean.

PROFESSIONAL ETHICS

POLICY STATEMENT

Professional Ethics

The University recognizes that membership in the academic profession carries with it special responsibilities and that the University bears a responsibility for articulating and maintaining ethical standards. The University normally handles questions concerning propriety of conduct internally by reference to either faculty committees convened to review particular infractions or to standing committees such as college personnel committees.

A. Human Subjects Review

All projects within Grand Valley State University involving research on human subjects require review and approval by the Human Research Review Committee. To view the procedure for review and approval, go to http://research.compliance.gvsu.edu.

B. Animal Research

Grand Valley State University (GVSU) policy and federal law require a review of research projects for humane treatment and judicious use of vertebrate animals. Vertebrate animals include wild, captive, domestic, and laboratory fish, amphibians, reptiles, birds, and mammals. At GVSU, this review is conducted by the GVSU Institutional Animal Care and Use Committee (IACUC). Principal Investigators must obtain

POLICY STATEMENT
The importance of faculty members having the appropriate expertise in the subjects they teach is reflected in the University’s Guidelines for Faculty Qualifications, as required by the Higher Learning Commission (the regional accrediting body for the University). In addition, faculty who wish to engage in graduate education must be approved through an application process.

TEXTBOOKS AND COURSE MATERIALS POLICY
SLT 3.12
Date of Last Update: October 10, 2016
Approved By:
• Senior Leadership Team

Responsible Office: Provost Office

POLICY STATEMENT
Textbooks and related course materials continue to be essential to the delivery of knowledge. For various reasons, the cost of those materials has continued to rise. The goal of the University is to provide the best quality educational resources at the lowest possible cost to the students by minimizing the cost of textbooks and course materials used at the university while maintaining quality of education and academic freedom.

PROCEDURES
The Provost's Office is responsible for overseeing the faculty role in textbook selection. It discharges that responsibility by working closely with the Deans of the colleges. Business and Finance is responsible for overseeing the practices of the GVSU Laker Store.

Responsibilities of the Faculty:
• Faculty members shall submit lists of required textbooks, recommended textbooks and supplemental course materials to the GVSU Laker Store by the specified deadlines.
• Faculty are expected to compare various textbook options and to make the selection by taking into account pedagogical value, price, and availability. If all other considerations are about the same, the less expensive option should be selected. When there are multiple sections of a course taught by different instructors, it is preferable (but not required) that departments order the same textbook for all sections, in order to benefit students who may be adjusting their schedule during drop/add week and to support inventory management for the GVSU Laker Store.
• When faculty wish to require the purchase of any published textbooks or materials for which they have or will receive royalties or revenue, this decision shall be reviewed by the Unit Head, who shall determine whether the selection is appropriate, taking into account the criteria above. The purpose of the review is to disclose and to manage any actual or potential conflict of interest. The Unit Head may authorize that the review be conducted by an Associate if certain disciplinary expertise is needed or if the Unit Head cannot provide a neutral review. If the Unit Head cannot identify a designee, then the review shall be conducted by the Dean or designee.

Responsibilities of the GVSU Laker Store:
• The GVSU Laker Store will continue to reduce textbook prices whenever possible.
• The GVSU Laker Store will buy back used textbooks, and the following semester make the used copies available at reduced price and display them next to the new ones.
• When filling departmental textbook orders, the GVSU Laker Store shall acquire as many used but still up to date copies as possible, make them available at reduced price, and place them next to the new ones.
• The GVSU Laker Store will display the required texts and materials with the course instructors’ names and course section numbers. This will help students make informed decisions when finalizing course schedules.

CANCELLATION/CLOSURE/REMOTE POLICY
SLT 6.3
Date of Last Update: January 12, 2023
Approved By:
• Senior Leadership Team
The University's normal operating condition. Students, faculty and staff should assume the university is open unless advised otherwise. County or State Health Department Orders, Executive Orders or similar directives may require temporary modifications to University operations without changing the University Operating Status.

Types of Operational Change:

- **Open:** The University's normal operating condition. Students, faculty and staff should assume the university is open unless advised otherwise. County or State Health Department Orders, Executive Orders or similar directives may require temporary modifications to University operations without changing the University Operating Status.
- **Remote:** The most common reason to shift to remote status would be for weather-related reasons. Classes will shift to remote delivery whenever feasible. Classes that cannot be delivered remotely will not be held. Staff will shift to remote work from home whenever possible. Essential staff are to report to work. Athletic contests may be held as previously planned subject to approval by the Vice President of Finance and Administration. Other campus events may be held as previously planned subject to approval by the President or Vice President whose division is sponsoring the event.
- **Classes Cancelled:** Only classes are cancelled. The remainder of the University is open as normal. All staff are to report to work at their regular time. Rare instances of cancelling classes might include unusual student activities or student-related crises.
- **Closed:** Classes and campus events will not be held. Only ESSENTIAL staff are to report to work. The university would normally only close for significant and unanticipated events like natural disasters or civil unrest in the surrounding community. It is not anticipated the University would close for weather-related events.

When GVSU is closed or shifts to remote, only essential staff are to report. Designated personnel in the following departments are deemed essential and are expected to report:

- Department of Public Safety
- Facilities Services
- Athletic & Recreation Facilities
- Food Service
- Housing
- Information Technology
- Library
- Facility Services Grand Rapids and Regional Campuses
- WGVU Television and Radio
- Office of Student Life Administrative Professional Staff

Appointing officers have discretion to call in non-essential staff as circumstances may require.

Students, faculty and staff should assume the university is open unless they are advised otherwise through GVSUAlert!, the university’s emergency notification system, or on www.gvsu.edu. Radio or television announcements should be confirmed with GVSUAlert or www.gvsu.edu. In the case of a shift to remote, every reasonable effort will be made to make the announcement the day prior in order to provide ample time to enable the shift to remote class delivery and work from home preparation for employees.

Guidelines for course delivery in the event of University cancellation, closure or remote status are available here: www.gvsu.edu/provost/guidelines-for-course-delivery-in-the-event-of-253.htm.

University Criteria for Weather-related Shifts to Remote

In evaluating whether to shift to remote for weather-related reasons, the following criteria are used: 1) the ability of the university’s road crews to keep campus roads and parking lots cleared; 2) the conditions of primary and secondary roads in the area as reported by the Michigan Department of State Police as well as by central dispatch authorities in Kent and Ottawa counties; 3) weather reports regarding the track of the storm and other conditions, and 4) the anticipated length of time of the weather impacts campus operations.

Because commuting students, faculty and staff come from such a broad geographic area, it is extremely difficult to arrive at a decision that is appropriate for each vicinity. Weather conditions rarely are uniform throughout this large area. There is no one decision that will satisfy everyone; however, a diligent effort is made to arrive at a reasonable decision that considers the safety of students, faculty and staff. Under no circumstances does GVSU ask students, faculty or staff to assume undue risk in traveling to the University in inclement weather.

When GVSU Allendale shifts to remote because of weather-related conditions, the Pew Grand Rapids Campus, Health Campus and the Meijer Holland Campus will also shift to remote.

GVSU’s classes in Muskegon and the Stevenson Center for Higher Education will follow the operating status of Muskegon Community College.

GVSU’s classes in Traverse City and the office in the NMC University Center will follow the operating status of Northwestern Michigan College.

The operating status of the Aniwa Water Resources Institute (A WRI), the Muskegon Innovation Hub and the Detroit Center will be made separately, as these facilities host tenants, business events, and functions not necessarily affiliated with university operations.

Any changes in the University’s operating status will be made through GVSUAlert!; on the Grand Valley web home page www.gvsu.edu, and on GVNext at www.gvsu.edu/gvnext. Notifications may also be heard on area radio and television stations. Please do not call the university switchboard regarding the University’s operating status.

GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - OBLIGATIONS OF APPOINTEES

BOT 4.1.10
Date of Last Update:
June 25, 2021
Approved By:
Board of Trustees
Responsible Office:
Office of General Counsel

POLICY STATEMENT

4.1.10 Obligations of Appointees

As the result of accepting an appointment, the recipient becomes obligated to comply with all policies and regulations of the University applicable to the position including those in effect at the time of appointment and those duly adopted and issued thereafter. This obligation does not contravene the appointee’s rights of academic freedom or the express terms and conditions of the appointment. Among such policies are the following:

4.1.10.1 Outside employment. Since faculty and staff members are required to fulfill their responsibilities completely and effectively, any outside employment which a faculty or staff member wishes to undertake must be approved in advance by the Appointing Officer.

4.1.10.2 Rights in published material, inventions and secret processes. The University seeks to promote the public good through excellence in teaching, active scholarship, and service. In the course of these activities, faculty, staff, and students create Intellectual Property that may be eligible for copyright, patent, and other forms of legal protection. In order to reinforce the fairness of mutual commitment and in the spirit of academic freedom, the University recognizes the rich and varied products of individual scholarship, in all its manifestations, are rightly the property of the Creator except as otherwise defined by this Section 4.1.10.2. The University also recognizes that Intellectual Property should remain available for the benefit of the entire University community and that the Creators shall not use Intellectual Property in conflict or competition with the University. Therefore, the University community seeks to establish an environment in which the creation of Intellectual Property is suitably recognized as an academic achievement and in which the benefits of Intellectual Property to the creators, the University community, and the general public are optimized.

A. Ownership. All Intellectual Property shall be owned by its Creators when such Intellectual Property is not considered 1) work made for hire; 2) expressly assigned or commissioned by the University; 3) grant or contract funded through the University, or 4) to require more than nominal use of University resources. Irrespective of ownership, Creators shall disclose promptly and with full disclosure, in the manner prescribed by the University, in order to protect confidentiality of the Intellectual Property, to the Finance and Administration Office any Intellectual Property discovered or created as a result of 1) work made for hire; 2) expressly assigned or commissioned by the University; 3) grant or contract funded through the University; or 4) more than nominal use of University resources. The President or designee by written agreement is authorized to make exceptions to this paragraph.

B. Right to use. In the event the Intellectual Property is owned by the Creator but involved University resources in the discovery or creation of the Intellectual Property, the University will retain a non-exclusive license to use the Intellectual Property within the University provided attribution is given to the Creator(s) of the Intellectual Property. In the event the Creator leaves the employ of the University, the University shall be able to modify the Intellectual Property for use within the University.

C. Commercial Application. Three options for the commercialization of a technology are noted below. The option will be chosen by Creator(s) and the Finance and Administration Office jointly, prior to the expenditure of substantial University resources. The option chosen should be that which best serves the mission of the University, including the objectives of this policy, and which is consistent with the available technology transfer resources of the University. The following three options for commercialization are available:

1. Licensing Third Parties. The University may license or assign Intellectual Property to external entities for further development and commercialization in exchange for a return on resulting revenues. The University and Creator shall divide the return on resulting revenues using one of the two formulas as follows:
   i. The University and the Creator divide the gross revenue 70% to the University and 30% to the Creator but the University assumes the expenses related to legal protection, marketing and commercialization and licensing and other transactional expenses related to the Intellectual Property; or,
   ii. The University and the Creator divide the net revenue 50% to the University and 50% to the Creator but the University first recovers its expenses related to legal protection, marketing and commercialization and licensing and other transactional expenses related to the Intellectual Property.

2. Licensing Business Entities in which a Creator holds an ownership or management interest. The University or an affiliated entity may enter into license agreements with business entities in which the Creator holds an ownership interest. The terms may include royalty payment, equity interest, or a combination thereof.

3. Reassignment of ownership to Creator. The University may reassign ownership of Intellectual Property to Creator(s) who elects to market and protect the Intellectual Property. The return to the University for a reassignment of ownership will be ten percent (10%) of the net revenue generated by the Intellectual Property.

D. Definitions.

1. "Creator" shall mean a faculty or staff member who invents, discovers or creates Intellectual Property using University resources.

3. "Academic Works" shall mean Intellectual Properties that are artistic, scholarly, instructional or entertainment in nature and are not Technical Works. Academic Works include instructional materials, books, journal articles, written reports of research to the extent that they do not contain Technical Works, creative writings, manuscripts, music and art work.

4. "Technical Works" shall mean Intellectual Properties that are generally of a scientific, engineering or technical nature such as patentable or unpatentable inventions, devices, machines, processes, methods, invented or manufactured substances, and computer software.

5. "Nominal Use of University Resources" shall mean use that is customary or usual within the faculty, staff and student’s appointment and assignment such as the use of an assigned office.
4.1.10.3 Oath of Teachers. Before serving in a teaching position, an appointee will have taken and subscribed the following oath or affirmation as required by Act 23 of the Public Acts of 1935: “I do solemnly swear (or affirm) that I will support the Constitution of the United States of America and the Constitution of the State of Michigan, and that I will faithfully discharge the duties of my position according to the best of my ability.”

4.1.10.4 Research Integrity. Research, scholarship and creative activities are central to fulfilling the mission of the University. It is policy of the University that all employees, students, partners and affiliates always perform their roles related to research, scholarship and creative activity with ethical integrity. This requirement reflects a culture publicly committed to developing and fostering the highest standards of professional ethics. Research integrity is demonstrated in the decisions and actions that exemplify our core ethical values. The core ethical values in research related activities, including scholarship and creative performance, include: 1) truthfulness and honesty; 2) non-maleficence and beneficence; 3) trustworthiness, reliability, confidentiality, respect, and collegiality; and 4) accountability.

1. Truthfulness and Honesty. Intellectual and creative activities require thoroughgoing truthfulness and honesty in proposing, conducting and reporting research related activities, scholarship and artistic performance.
2. Non-maleficence and Beneficence. Endeavors involving human or animal subjects require balancing non-maleficence with beneficence in minimizing burdens to research subjects in relation to the potential benefits to those subjects and others.
3. Trustworthiness, Reliability, Confidentiality, Respect, and Collegiality. Research integrity requires trustworthiness and reliability in recognizing and building on the prior work of others, confidentiality in peer review and assessment, and respect and collegiality in interactions with colleagues and students.
4. Accountability. The broader community’s welfare depends upon explicit researcher accountability for all research, scholarship and creative performance related activities, and for reporting misconduct about which one has direct knowledge.

ACADEMIC FREEDOM

BOT 4.2.2

POLICY STATEMENT

4.2.2 Academic Freedom

1. Faculty members are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties; but research for pecuniary return should be based upon a prior understanding with the authorities of the University.
2. Faculty members are entitled to freedom in the classroom in discussing their course material, but they should be careful not to introduce into their teaching controversial matter which has no relation to the scope of the course as outlined in the University catalogue description.

3. University faculty members are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and as educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times act in a professional and responsible manner, and should make every effort to indicate that they are not institutional spokespersons.

STANDARDS OF CONDUCT POLICY FOR EMPLOYEES

SLT 3.3

POLICY STATEMENT

1. Policy Statements

   1. As members of an academic community, faculty and staff have a responsibility to abide by ethical principles regarding academic freedom, intellectual integrity, and the fair and respectful treatment of others. The standards contained in this Standards of Conduct for Employees Policy reflect these principles.
   
   2. A violation of this policy occurs when an individual negatively impacts colleagues in the workplace environment by failing to uphold these standards. When an individual’s behaviors are out of sync with these standards, the University may address and remediate this behavior through alternative resolution practices and/or other appropriate disciplinary measures up to and including termination of employment.

   3. No part of this policy is intended to supersede other university policies or federal, state, or local laws and regulations. Violations of this policy may be addressed in parallel with violations of other policies or laws as applicable.

4. Fundamental Ideas for Standards of Conduct

Our faculty and staff seek to create new knowledge and are committed to sharing ideas, research findings and the products of intellectual and creative pursuits with the broader community.
   
   2. Honesty: Members of the University community are truthful and sincere in their words and actions and do not intentionally mislead others or provide inaccurate information.
   
   3. Integrity: Members of the University community treat everyone with dignity and respect and take responsibility for their own mistakes. We are driven to be accountable to ourselves and others as a core competency of all employees. This includes following through on words with actions.
   
   4. Respect: Members of the University community seek to foster a spirit of civility and collegiality through open and honest communication. The University honors and respects individuality and demonstrates tolerance for the personal beliefs and cultural differences of all individuals.

   5. PROCEDURES

1. Procedures

   1. Consultation. Employees experiencing a possible conduct issue should consult this other relevant University policies and procedures. While informal resolution is encouraged, formal processes may be necessary. Employees should attempt to address concerns directly with colleagues or supervisors before initiating formal processes. The Standards of Conduct for Employees Policy exists to support colleagues in formally raising, responding to, and resolving grievances when appropriate. Consultation with a supervisor, other colleagues, the Ombuds Office, and the Human Resources Office is appropriate and valued and may be helpful in framing the concern and identifying the facts of the situation. Resolving a formal complaint about a possible Standards of Conduct for Employees Policy violation can be difficult for all those involved, and the University is committed to supporting all participants, including by keeping them informed of progress as appropriate.

   2. Reporting. Potential violations of the Standards of Conduct for Employees Policy can be reported online at https://cm.maxient.com/reporting.php?GrandValley or by contacting the Human Resources Office via email at commuteinfo@grsu.edu.

      1. Reports should include a brief description of the matter and a timeline that includes steps taken toward independent and/or informal resolution. Reports may also include identifying information about the involved parties, supporting documentation, and a desired resolution.

      2. Allegations of student misconduct should be reported to the Office of Student Conduct and Conflict Resolution.

      3. Allegations of discriminatory harassment, including sexual misconduct, should be reported to the Office of Civil Rights and Title IX.

   3. Intake. Upon receiving a report, a Human Resources Office designee will schedule an intake meeting within five (5) business days to discuss resolution options. The reporting party may decline attendance, understanding that it may limit the University’s ability to address the reported behavior. Efforts will be made to hold the meeting within ten (10) business days of receiving the report.

   4. Options for Resolution.

      1. Discussion without further action.

      2. Utilizing alternative dispute practices. If this occurs, the responding party will be notified of the report and offered the opportunity to begin an alternative dispute resolution process. All parties must enter this process willingly.

      3. Formal resolution through investigation or appropriate policy mechanisms.

      4. In rare cases of significant disruption or danger to the university community at the determination of the Associate Vice President for Human Resources, or designee, formal processes may be initiated without the reporting party’s request. If this occurs, the reporting party will be notified that the matter is being pursued before the responding party is notified.

   5. Fact-Finding. Additional information may be gathered to determine appropriate intervention. In such instances, the Human Resources Office designee will notify the reporting party and responding party that fact-finding is being initiated. The Division of Inclusion and Equity, which coordinates centralized investigations, will appoint a trained investigator to conduct fact-finding. While each investigation is unique, the goal is to resolve this fact-finding within 20 business days. Delays will be communicated to both parties.

   6. Draft Report. Following fact-finding, a Draft Report summarizing relevant information will be shared with both parties, Appointing Officer and Executive Officer of the responding party, and the Human Resources Office. Both parties have five (5) business days to submit a response to the Draft Report, which will then become part of the Final Report.

   7. Decision. The investigator(s) will create a Final Report and determine, based on a preponderance of evidence standard, whether a violation of the Standards of Conduct for Employees Policy occurred. The Final Report will be shared with both parties, Appointing Officer and Executive Officer of the responding party, and the Human Resources Office.

   8. Action. If a violation is found, appropriate action will be determined by the responding party’s Appointing Officer, in consultation with their Executive Officer and a Human Resources representative. The Appointing Officer will communicate their decision to the responding party within five (5) business days of issuance of the Final Report. At the same time, the Human Resources Office will communicate to the reporting party if action is being taken without disclosing the nature of the action.

   9. Appeals. Either party may appeal the decision, in writing, within ten (10) business days, citing reasons for appeal:

      1. An appeal can only be based on one of the following reasons which must be identified in the initial appeal notice:

         1. Whether appropriate procedures were followed.

         2. Whether the decision was supported by evidence.

         3. Whether all relevant information was available at the time of the original investigation.

      2. Appeals will be considered by the Associate Vice President for Human Resources, or designee, with the decision being final.

      3. If the Associate Vice President for Human Resources is involved in decision-making at any stage of this process, the Vice President & Chief of Staff to the President, or designee, will handle the appeal.
Employees experiencing retaliation should consult this Non-Retaliation Policy and other relevant University policies and procedures. While informal resolution is encouraged, formal processes strictly prohibits any form of retaliation against individuals who make good faith reports of violations of laws, regulations, or University policies.

Retaliation against anyone who reports ethical misconduct, assists someone filing a report, and/or who serves as a witness during fact-finding is prohibited by the University's Non-Retaliation Policy. Potential violations of the Non-Retaliation Policy can be reported online at https://cm.maxient.com/reporting.php?GrandValley or by contacting the Human Resources Office via email at complaints@gvsu.edu.

Upon receiving a report, a Human Resources Office designee will schedule an intake meeting within five (5) business days to discuss resolution options. The reporting party may decline attendance, understanding that it may limit the University's ability to address the reported behavior. Efforts will be made to hold the meeting within ten (10) business days of receiving the report.

Options for Resolution:
- a. An appeal can only be based on one of the following reasons which must be identified in the initial appeal notice:
  - i. Whether all relevant information was available at the time of the original investigation.
  - ii. Whether the decision was supported by evidence.
  - iii. Whether appropriate procedures were followed.
- b. Appeals will be considered by the Associate Vice President for Human Resources, or designee, with the decision being final.
- c. If the Associate Vice President for Human Resources is involved in decision-making at any stage of this process, the Vice President & Chief of Staff to the President, or designee, will handle the appeal.
- d. Filing an appeal does not preclude an employee from utilizing the grievance process under a collective bargaining agreement.

Definitions:
1. Retaliation encompasses any action, statement, or behavior intended to punish an individual for engaging in a protected action, including but not limited to:
   - Filing a report of employee misconduct.
   - Cooperating with an investigation of employee misconduct.

POLICY PROHIBITING TITLE IX SEXUAL HARRASSMENT, SEXUAL MISCONDUCT, AND DISCRIMINATORY HARASSMENT

SLT 9.1

Senior Leadership Team

Office for Title IX and Institutional Equity
POLICY STATEMENT

I. Policy Statement

Grand Valley State University (GVSU or “University”) strives to maintain a university community characterized by respect for each other. This includes, but is not limited to, a commitment to providing an educational environment, workplace, programs, and activities that are free from all forms of harassment. Harassment includes sexual harassment prohibited by Title IX of the Education Amendments Act of 1972 and implementing regulations (“Title IX Sexual Harassment”), Sexual Misconduct, and Discriminatory Harassment (collectively “Harassment”), as defined below. The University recognizes that Harassment may have serious effects on the well-being of all members of the university community and therefore does not tolerate such behavior.

Upon receiving a report of an alleged violation of this Policy, the University will take prompt and appropriate action in response, including a review of the allegations and, if appropriate, an investigation and other appropriate action to put an end to the alleged misconduct. The University will take all steps necessary to enforce its Non-Retaliation Policy (See V.5. of this Policy) to protect those who report Harassment and/or are involved in an investigation of conduct prohibited by this Policy.

II. Jurisdiction

This Policy applies to Harassment by or against any member of the University community including faculty, staff, and students that occurs:

1. In the context of any GVSU education program or activity;
2. On campus or on property owned or controlled by GVSU;
3. At GVSU-sponsored events;
4. In buildings owned or controlled by GVSU’s recognized student organizations; and/or
5. Off-campus where:
   A. The effects of the Harassment effectively deprive someone of equal access to GVSU’s educational programs or activities;
   B. The Harassment has continuing effects on campus or in an off-campus GVSU-sponsored program or activity; and/or
   C. The alleged harasser poses an immediate threat to the physical health or safety of any individual.

Nothing in this Policy prohibits GVSU’s right to address and take appropriate action with respect to conduct that, while not prohibited by this Policy, is nevertheless inconsistent with GVSU’s values, including respect for others.

III. Freedom of Expression and Academic Freedom

Because freedom of expression and academic freedom are fundamental to GVSU’s academic mission and must be protected even when the views expressed are unpopular or controversial, GVSU will take both into account when determining whether Harassment has occurred and what type of remedy, if any, is appropriate. This Policy is not intended to proscribe or inhibit any form of speech that is protected by federal or state law, including the First Amendment, or any conduct which arises for legitimate academic and pedagogical purposes, including intellectual inquiry, debate, and dialogue.

More information about freedom of expression at the University is available at https://www.gvsu.edu/dso/expressive-activity-at-gvsu-32.htm and about Academic Freedom at https://gvt.2.2.

IV. Responsible Party

GVSU’s Director and Title IX Coordinator (“Title IX Coordinator”), Office for Institutional Equity and Title IX, is responsible for implementing and monitoring compliance with this Policy on behalf of GVSU. This includes monitoring compliance with federal and state laws and regulations, ensuring appropriate education and training, and administration of the reporting and response procedures concerning suspected or alleged violations of this Policy. The Vice President for Inclusion and Equity maintains the authority to designate an alternate responsible party.

Any questions regarding this Policy or conduct prohibited by it may be directed to the Title IX Coordinator:

Kevin Carmody
4015 James H. Zumberge Hall
(616) 331-9530
carmode@gvsu.edu

Some types of Harassment may be criminal in nature and may be reported to GVSU’s Police Department, at (616) 331-3255. In the case of an emergency, the matter should be reported to 911.

V. Definitions

1. Complainant
   Any person who is alleged to be the victim of conduct that constitutes Harassment under this Policy.

2. Consent
   Permission that is clear, knowing, voluntary, and expressed prior to engaging in and during a sexual act. Consent is active, not passive. Silence, or lack of resistance, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in sexual activity.
   A. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity.
   B. Consent may be withdrawn at any time as long as the withdrawal is reasonably and clearly communicated by word or action. If consent is withdrawn, that sexual activity should stop.
   C. Previous relationships or prior consent cannot imply consent to future sexual acts.
   D. Consent cannot be given by an individual who knows to be – or based on the circumstances should reasonably have known to be – incapacitated.
      i. A person is incapacitated when they cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).
      ii. Incapacitation may result from the consumption of alcohol or other drugs, sleep or unconsciousness, a physical or mental health condition, or involuntary physical restraint.
   E. Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity.
   F. An individual cannot consent who has been coerced, including being compelled by force, threat of force, or deception; who is unaware that the act is being committed; or who is coerced by a Supervisor or disciplinary authority.
   G. Consent may not be given by a person who has not reached the legal age of consent under applicable law.
   H. Being impaired by alcohol or drugs will never function as a defense for any behavior that violates this Policy.

3. Discriminatory Harassment
   Discriminatory Harassment may include unwelcome conduct based on an individual’s or group’s, race, color, national origin, age, disability, familial status, height, weight, marital status, political affiliation, veteran status, military status, genetic information, or any other legally protected characteristic that interferes with performance, limits participation in University activities, or creates an intimidating, hostile, or objectively offensive environment when viewed from the perspective of both the individual and a reasonable person in the same situation.
   A. Discriminatory harassment includes, but is not limited to, the following types of conduct when such conduct is based on an individual’s or group’s protected characteristic:
      i. Verbal abuse, slurs, derogatory comments or insults about, directed at or made in the presence of an individual or group.
      ii. Display or circulation of documents or pictures that are objectively offensive or degrading.
      iii. Physical contact or threatening language or behavior.
      iv. Damage to, trespass on, or theft of property.

4. Respondent
   An individual who is alleged to have violated this Policy.

5. Retaliation
   Any adverse action taken against a person because of their participation in a protected activity. That includes, without limitation, intimidating, threatening, coercing, or discriminating against any individual for the purpose of interference because that person has made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing under this Policy.

6. Sexual Misconduct
   Sexual Misconduct is unwelcome conduct based on sex, sexual orientation, gender identity, and/or pregnancy that does not fall within the purview of Title IX Sexual Harassment because it does not meet the definition of Title IX Sexual Harassment and/or because the reported behavior falls outside the jurisdiction under Title IX.
   Examples of Sexual Misconduct include, but are not limited to, the following:
   A. Unwelcome conduct based on sex, sexual orientation, gender identity, and/or pregnancy based on the circumstances and evaluated subjectively and objectively, that is determined by a reasonable
person to be so severe, or pervasive that it effectively denies or limits a person equal access to participate in or benefit from the University’s education program or activity.

B. Conduct that meets the definition of Title IX Sexual Harassment but occurs off campus.

C. Conduct that meets the definition of Title IX Sexual Harassment but occurs in a GVSU educational program or activity outside the United States such as in a GVSU study abroad program.

7. Title IX Sexual Harassment

Title IX Sexual Harassment is unwelcome conduct on the basis of sex, sexual orientation, gender identity and/or pregnancy that satisfies one or more of the following:

A. Quid Pro Duo Quo Harassment: An employee or agent of GVSU conditioning the provision of an aid, benefit, or service on an individual’s participation in unwelcome sexual conduct.

B. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University’s education program or activity.

C. Sexual assault: Any forcible or non-forcible sex act proscribed by law. “Forcible sexual assault” includes sexual intercourse and fondling without consent. “Non-forcible sexual assault” includes incest and statutory rape.

ii. “Fondling” is defined as touching of the genitals, buttocks, and/or breasts of another person for the purpose of sexual gratification, without consent.

D. Domestic violence: Physical violence or the threat of physical violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with an individual, and the existence of such a relationship shall be determined based on factors such as the length and type of relationship, and frequency of interaction between the persons involved.

E. Dating violence: Physical violence or the threat of physical violence committed by a current or former spouse or intimate partner of an individual, by a person with whom the individual shares a child in common, by a person who is cohabitating with or has cohabitated with the individual as a spouse or intimate partner, by a person similarly situated to a spouse of the individual under applicable domestic or family violence laws.

F. Stalking: Knowingly or intentionally engaging in a course of conduct involving repeated or continuing harassment of another person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

G. Only conduct that meets the definition of Title IX Sexual Harassment, that occurs in a University education program or activity, and that occurs against a person in the United States constitutes Title IX Sexual Harassment. An “education program or activity” includes locations, events, or circumstances over which the University exercised substantial control over both the Respondent and the context in which the alleged sexual harassment occurs, including on campus or on property owned or controlled by the University, at University-sponsored events, or in buildings owned or controlled by a student organization that is officially recognized by the University.

VI. Reporting and Response Procedures

Any person may report Sexual Harassment/Sexual Misconduct to the Title IX Coordinator. Reports may be made in person, by regular mail, telephone, electronic mail, or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. Individuals who have experienced Sexual Harassment/Sexual Misconduct have the option to report the matter to law enforcement, to the University, to both, or to neither, as the individual may choose. Individuals who do not wish to report or file a Formal Complaint and pursue an investigation under these procedures may contact confidential counseling or medical resources.

2. Confidential Resources

A. Certain University employees and volunteers provide important counseling, health, advocacy, and other support services to members of the University community. These employees must be able to assist individuals in receiving medical care, counseling, and support services without the requirement to report conduct to the University.

Therefore, employees and volunteers who work in the programs and roles designated below are exempt from this Reporting Protocol with regard to incidents disclosed to them during provision of services.

- GVSU Family Health Center

A. Self-identify as a person with a disability by application to the Disability Support Resources office (DSR). It should be noted that The University conducts a survey of faculty and staff for statistical purposes and this does not constitute a method of self identification consistent with this policy. If a faculty or staff member requests an accommodation, the supervisor/unit administrator should refer the faculty or staff member to the DSR or its web site at http://www.gvsu.edu/dsr/;

B. Provide documentation of the disability; and

C. Indicate in the application to the Disability Support Resources office, his/her need for accommodation and provide supporting medical documentation from an appropriate professional. If requested by the Disability Support Resources office, the medical professional must have first-hand knowledge of the condition and a familiarity with the physical, emotional and cognitive demands of the disability.

Once an application has been submitted to the DSR, a DSR advisor will review the application and may contact the faculty or staff member who submitted the application. The advisor will contact the supervisor/unit administrator and discuss whether an accommodation is warranted, explore possible accommodations, and assess the effectiveness each would have in enabling the faculty or staff member to perform his/her job including the following:

A. The essential job functions of the position. The essential functions are the fundamental job duties of the employment position at issue. To be qualified for a position, an individual must be able to perform the essential functions of the job, with or without a reasonable accommodation.

B. The faculty or staff member’s ability to perform essential job functions with or without a reasonable accommodation; and,

C. Possible types of reasonable accommodations, if any are needed.

Reasonable accommodations vary depending on the circumstances of each case. In evaluating alternatives for accommodation, the preferences of the individual are considered, but the ultimate decision regarding what type of accommodation, if any, will be provided is made by the University. Nothing in this document shall be construed to waive the University’s right to contest whether a faculty or staff member is disabled or is entitled to an accommodation.

Medical documentation, as well as other related materials, will be maintained at DSR. Such documentation is kept confidential, except as necessary to administer the accommodation process or otherwise
During the accommodation request process, DSR may:

A. Request additional documentation;
B. Consult with Human Resource Office;
C. Evaluate whether any accommodation is needed and, if it is, whether an accommodation is reasonable and should be made (this evaluation may include preparing cost estimates);
D. Assess various accommodations;
E. Identify alternative accommodations or solutions;
F. Provide information from resources about the capabilities of persons with similar disabilities and the tools/techniques they use;
G. Determine a reasonable accommodation, if appropriate;
H. Provide a written determination to the department/unit and faculty or staff member;
I. Explain the department/unit’s responsibility to fund an accepted accommodation or seek alternative funding, if needed;

DSR makes a determination regarding implementation of accommodations. DSR will consider each request for reasonable accommodation and determine: (1) whether the accommodation is needed, (2) if needed, whether the accommodation would be effective, and (3) if effective, whether providing the reasonable accommodation would impose an undue hardship.

Appeals
If a faculty or staff member or supervisor/unit administrator disagrees with the DSR determination, the decision may be appealed to the Vice President of Inclusion and Equity, in writing to:
Vice President of Inclusion and Equity

Retaliation
Retaliation against a faculty or staff member who requests an accommodation is prohibited. Individuals who feel that they have experienced retaliation may contact the Division of Inclusion and Equity.

POLICY STATEMENT
Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Purpose
Many University students, staff, and faculty observe religious traditions from a variety of religions. This Religious Inclusion Policy ("Policy") acknowledges the right of students, staff, and faculty to engage in religious observances. The University is committed to accommodate the exercise of that right.

The University acknowledges that conflicts in scheduling mandatory academic requirements and employment obligations with religious observances are inevitable. Although the University does not observe religious holidays, it recognizes that there are a number of religious holidays that affect significant numbers of our students, staff, and faculty. This Policy is intended to provide clarity to students, staff, and faculty who seek accommodation to practice their faith.

PROCEDURES
Accommodations
Grand Valley State University will make a reasonable effort to allow its students, staff, or faculty to be away from work or class to observe their religious beliefs, except where accommodating the request would result in undue hardship on the University in its mission, operation or in meeting its academic standards. The University provides quiet areas for students, staff, and faculty reflection, meditation, and prayer. A list of these quiet areas may be found on the Inclusion and Equity webpage.

Faculty should be sensitive to the observance of religious holidays so that students who miss classes to practice their faith are not disadvantaged. A list of religious holidays is found on the Inclusion and Equity website. Please note that this list is meant to be inclusive of most major religious traditions (although certainly not comprehensive), and that religious holidays have no official status at the University.

Faculty should make every effort to avoid scheduling examinations or assigning work that is due on religious holidays. Some religious holidays begin at sundown on the evening before the published date of the holiday. Consequently, faculty should avoid scheduling late afternoon exams on these days.

Faculty shall not penalize any student who has properly notified the faculty member by complying with the Request Accommodation Procedure for his/her absence in classes, examination, or assignments.

Faculty should accept a student’s claim of a scheduling conflict on religious grounds at face value. If class attendance is required by the faculty member, classes missed to observe a religious holiday may not be counted as an absence.

Faculty must provide a reasonable opportunity for such a student to make up missed assignments and examinations within a reasonable time period before or after the student’s absence, provided the student has properly notified the faculty member by submitting a Request Accommodation Form. Faculty must give the student the opportunity to do appropriate make-up work that is no more difficult or time-consuming than the original exam or assignment.

Nothing in this Policy, however, exempts a student from meeting course requirements or completing assignments. The faculty member may respond appropriately if the student fails to satisfactorily complete the make-up assignment or examination.

Further, when scheduling university events and activities, such as Family Weekend, Commencement, Convocation, and University sponsored conferences, planners should consult the list of religious holidays on the Inclusion and Equity website before selecting the date and time to ensure inclusiveness.

Religious Accommodation Procedure
All requests for accommodation for religious observance should be made in the following manner:

Students: Faculty should inform students of all examination dates and assignment deadlines at the start of each semester in the class syllabus. If a conflict with a religious observance exists, students must request a religious accommodation from their faculty within the first two weeks of each semester or as soon as reasonably possible after the instructor announces a particular mandatory class, examination, or assignment so that alternative arrangements can be made for any class, examinations, or assignments missed. If an accommodation is needed within the first two weeks of the semester, the student must provide the faculty member with reasonable advance notice of the need for accommodation. Requests for accommodation must be made through a Religious Accommodation Form, which may be found at the

POLICY

"Grand Valley is committed to strengthening our living, learning, and working environment by recognizing and removing the barriers to full participation and providing a safe, inclusive, vibrant community for all." -- Inclusion section of the University's Strategic Plan

Inclusion

Grand Valley State University is committed to being a safe and healthy environment for all. This includes students, faculty, staff, and campus visitors, especially those who are minors. As a public university open to everyone, the University welcomes children and teenagers on our campuses for a variety of programs and activities planned by the University or by outside organizations. In all situations, adults are expected to be positive role models for minors, acting in a respectful and responsible manner consistent with the mission and values of the University. To promote this vision, the University publishes and enforces policies, procedures, and guidelines that have the goal of promoting health, safety, and security for minors on our campuses.

"Minors" are persons under the age of eighteen (18), and the term "Minor," "Minors," "Child," and "Children" are used interchangeably in this policy. Further definitions may be found below. This policy addresses the following situations:

1. A Minor will be physically present and participating in a University-sponsored program or activity, either taking place on University property or under the authority and/or direction of the University at other locations (this includes academic and sports camps).
2. A Minor will be physically present and participating in a program or activity at the University that is sponsored by a third party (this includes programs for K-12 students sponsored by a school system).
3. A Minor is enrolled in one or more courses on campus, either as a matriculated student, a guest student from another institution of higher education, or a dual-enrolled student; or,
4. Other events where Minors are physically present at the University, such as situations when parents/legal guardians are expected to accompany and provide supervision to Minors in their care (this includes Admissions activities and events and activities open to the public).

Policies

I. Requirements of Programs that Involves Minors

Programs are typically workshops, sports camps, academic camps, conferences, and similar activities. Some activities that are exempt from Section I can be found in Sections II–V.

A Sponsoring Unit offering or approving a Program that involves Minors or provides University housing for Minors participating in a Program, whether utilizing University housing or not, shall abide by the following:

1. Waiver or release forms: participation, medical treatment, use of photographs and other media: All Minors participating in a University Program must provide a waiver or release form for participation in the program, medical treatment authorization, and use of photographs and other media by the University. This can be one form or several, and all forms must be signed by a Parent/Legal Guardian or Foster Parent prior to their participation in the Program.
2. Behavior of Minors on Campus: Minors are to be held to the same standards of behavior expected of enrolled students, as described in University policies.
3. Information maintained by Programs: All Programs shall maintain an up-to-date list of all Program times and dates, locations, attendance information (names, ages and emergency contacts for Program Participants); list of all Authorized Adults, documentation of their training (item 5 below) and background check (item 6 below) for the Program; and a Program contract, so that in the event of an emergency, appropriate measures may be taken. All Programs must establish a procedure for the notification of a Program Participant’s Parent/Legal Guardian/Foster Parent in the case of an emergency, which might include medical or behavioral issues involving the Minor, or changes in the Program due to unforeseen and significant disruptions. Parents/Legal Guardians/Foster Parents must also be given contact information in a manner in which the Program Participant can be contacted while the Program is in session. All information, including release forms, shall be retained by the Sponsoring Unit for five years after the Program ends.
4. Supervision of Minors: All Programs must provide adequate supervision of Minors while they are on Campus. One-on-One Contact with Minors is discouraged, unless in public spaces. In general, it is required that two or more Authorized Adult will be involved in activities where Minors are present. Parents/Legal Guardians/Foster Parents may sign a waiver giving consent for their Child to be alone with an Authorized Adult. (For example, if music lessons are being provided by an adult instructor.) Exceptions in rare circumstances may also be granted (see below).
5. Training of Authorized Adults: Each Authorized Adult, who is not the Minor’s Parent, Legal Guardian, Foster Parent or an adult designated by the Parent or Legal Guardian, who will be participating with Minors in a Program, shall complete training in the conduct and reporting requirements of this policy. This training is given to maximize the protection of Minors from abuse of any kind. The appropriate vice president, dean, unit head, or area director may enhance and/or supplement the required training Program to meet specific needs of the particular Program involved. Documentation that the Authorized Adult has been trained should be maintained by a designated and identified person of the Program’s Sponsoring Unit for five years.
6. Background checks of Authorized Adults: All Authorized Adults in the Program must complete and submit the Authorization for Release of Information for Background Check form to Human Resources.

II. Conduct Requirements of Authorized Adults

All Authorized Adults participating in Programs and activities covered by this policy, should be positive role models and act in a caring, honest, respectful, and responsible manner. They are required to comply
with all applicable laws and university policy. In addition, at all times, they shall:

1. In general, avoid One-on-One Contact with Minors, unless in public spaces. Two or more Authorized Adults must be involved in Programs where Minors are present unless a waiver has been signed or an exception has been granted.

2. Have separate accommodations from the Minors. An Authorized Adult should not have One-on-One Contact by entering a Minor’s room, bathroom facility, or similar area without another Authorized Adult in attendance.

3. Note that photographs or digital images of Minors other than specified in the waiver for photography (see Section I.1).

4. Not engage in private communication not pertaining to Program matters with a Minor by email, telephone, text message, social media, or any other method at any time, except when there is a clear educational purpose and the communication is consistent with the mission of the University.

5. Not meet with Minors outside of established times for Program activities. Any exceptions require written Parent/Legal Guardian/Foster Parent authorization and must include more than one Authorized Adult from the Program.

6. In the presence of a Minor or during any University Program, not engage in any sexual activity or romantic conversations, or sexually explicit comments.

7. Not possess, have within reach and/or share sexually-oriented printed or computerized or portable materials (magazines, cards, videos, films, clothing, smartphones, etc.) in any form available to Minors participating in Programs or activities covered by this policy or assist them in any way in gaining access to such materials. The one exception would be legitimate sexual education Programs in which the Minor’s Parent/Legal Guardian/Foster Parent have given prior written consent.

8. Not engage in abusive conduct of any kind toward, or in the presence of, a Minor. For example, no Authorized Adult shall strike, hit, administer corporal punishment or touch in an abusive or illegal manner any Minor. If necessary, touching should only be in the open, in response to the Minor’s immediate physical needs, for a purpose that is consistent with the Program’s mission and culture, or for a clear educational, developmental, safety, or health-related purpose (i.e., treatment of an injury).

9. Not possess firearms, fireworks, knives, or other weapons, unless being used for an officially sanctioned and approved instructional Program. (See also the Weapons policy [PC 6.21].)

10. Not transport Minors, except as specifically authorized in writing by the Minor’s Parent/Legal Guardian/Foster Parent, or in the case of an emergency.

11. Not engage in the use of alcohol or illegal drugs, or be under the influence of alcohol or illegal drugs, during such Programs or activities. (See also the Alcohol and Other Drugs policy [PC 5.1].)

12. Respect and adhere to any resistance from the Minor unless it is a life-threatening emergency.

13. Not continue to participate in Programs or activities if an allegation of prohibited or illegal conduct has been made against an Authorized Adult covered by this Policy until such allegation has been satisfactorily resolved and future participation in Programs is permitted by the University.

14. Not engage in any activity that violates the policies of the University (www.gvsu.edu/policies). This includes the harassment policies [PC 5.1], the Sexual Misconduct policy [PC 5.1], and the Religious Inclusion policy [PC 9.6].

Those who do not meet the prescribed standards of behavior may be asked to leave the Campus and/or Program and may be subject to expulsion from the Program, suspension of attendance, being issued a “no-trespass” order by Public Safety, or disciplinary action up to and including termination of employment. (See also Section VII of this policy.)

The behavioral requirements in this policy are not meant to preclude enrolled University students from developing appropriate friendships with Minors who are close in age to the enrolled student; rather, the requirements are meant to protect Minors from abusive or illegal contact and inappropriate relationships.

III. Third Party Programs Held on University Property

Third Parties using University facilities for events that involve Minors shall operate within all policies and requirements to use University facilities. In addition, adults who interact with Minors in these activities shall conform to the conduct requirements in Section II of this policy.

IV. Minors Enrolled in Courses

Minors who are matriculated students of the University, guest students from other institutions, or dual-enrolled students are subject to all university policies. Adults who interact with Minor students (e.g. faculty, teaching assistants, academic advisors) are also subject to all university policies and shall conform to the conduct requirements in Section II of this policy. The requirements of Section I of this policy do not apply.

V. Minors at the University Who Are Not Participating in a Program

1. Minors brought to Campus by an employee, student, or visitor, and who are not participating in a Program by a Sponsoring Unit, are the sole responsibility of the employee, student, or visitor. The person bringing the child to Campus is responsible for all aspects of the Minor’s behavior including the Minor’s safety and is financially responsible for any damages caused by the Minor.

2. Minors are permitted at events and venues open to the public. However, the University reserves the right to determine, in its sole discretion, whether selected events or venues are appropriate for unescorted or unsupervised Minors.

3. In the event a Minor is on Campus and 1) is unsupervised by an adult, 2) they are not a Participant in a University Program, and 3) they are not a Participant in a Third Party Program (Section III), they may be required to leave the Campus.

Activities for which this Section V of the policy is relevant include:

- Events or performances on Campus that are open to the general public (e.g., athletic competitions, plays, concerts);
- Pre-enrollment visits such as admission, recruiting, and orientation events;
- Services provided by the Campus Health Center or other similar On-Campus clinical services during which a Minor is under the supervision of a Parent/Guardian/Foster Parent or a clinical provider;
- Non-residential field trips to Campus supervised by a Minor’s school or organization;
- Private, personal events (e.g., birthday parties, weddings) for which the user has a separate, signed agreement with the University to use space on Campus.

The following activities are exempt from this policy: Off-campus clinical, practicum, internships, student teaching, or similar experiences in which (1) University students (undergraduate or graduate) interact with Minors as part of the experience and (2) are supervised by a third party. This also includes Off-Campus events in which registered student organizations participate with third-party organizations.

VI. Reporting Requirements

Reporting requirements of suspected child abuse or other illegal conduct towards a Minor shall be in accordance with applicable federal, state and local laws. In particular, see:

- State of Michigan Department of Health and Human Services rules on reporting abuse and neglect (This includes the indicators of child abuse and neglect and the State of Michigan’s definition of “Mandatory Reporters”)

- Individuals who witness or suspect child abuse should not conduct an investigation or delay in notifying the appropriate authorities via 911. Such actions could tantamount to any criminal or administrative investigation and render evidence inadmissible.

In addition, the University’s Police Department/Public Safety site provides up-to-date definitions of unlawful behavior: [www.gvsu.edu/police](www.gvsu.edu/police)
is any person appointed under applicable law to have the care and management of the person, the estate, or both of a Minor. "Foster Parent" is a person appointed by the court to temporarily provide the care and management of the minor child.

4. “One-on-One Contact” is personal, unsupervised interaction between any Authorized Adult and a single Program Participant Minor without at least one other Authorized Adult, Parent or Legal Guardian being present. Unless in public spaces, such contact is to be avoided by all adults on Campus, whether considered an Authorized Adult under this policy or not.

5. “Program” or “Programs” are programs and activities offered by various academic or administrative units of the University, whether on University property or not, that potentially will include Minors as Program Participants. This includes but is not limited to workshops, sports camps, academic camps, conferences, and similar activities.

6. “Program Participants” are Minors who are involved in University-sponsored Programs both on and off Campus.

7. “Sponsoring Unit” is the academic or administrative unit of the University that offers a Program or gives approval for housing or other use of facilities.

POLICY STATEMENT

All faculty/staff communications from University email accounts should reflect the University’s brand. To keep our brand identity strong and consistent, and to enhance credibility for our faculty and staff who communicate via email, all emails created by University employees and delivered via the University’s email system should feature email signature blocks consistent with this policy.

An email signature block is text and other University information appended to the end of an email in order to identify the sender and facilitate further contact. Official University email signature blocks establish credibility for our faculty and staff by clearly identifying them and their roles at the University. The official signature block provides contact information for the employee and points email recipients to the University website, a key source of information about the University.

All emails using a University account should have signature blocks consistent with the University brand. The following items are permissible but not required:

- Employee’s name
- Employee’s official University title(s)
- Employee’s department or office name
- Gender pronouns
- Grand Valley State University
- University’s website address, www.gvsu.edu
- Department or Program website
- University or departmental trademarks or logos
- the University’s general address or employee’s University address
- Employee’s department and/or office telephone number, and fax number
- Employee’s mobile phone number
- Employee’s campus email address
- Social media account addresses used solely for advancing scholarly or professional pursuits
- Other University related information may be added such as departmental mission statement, and a link to University created social media account(s)
- A confidentiality statement is permitted for use below the email signature on all outgoing emails, such as:

          The content of this email is confidential and intended only for the recipient(s) specified. If you received this message by mistake, please reply so the sender can correct the error, and then delete this email immediately. Do NOT forward it to a third party without the written consent of the sender.

Employees may not add to their official email signature block any personal information, including links to personal websites or social media accounts that are not used solely for scholarly or professional pursuits related to their position at the University. Except for messages of and concerning the University no mottos, symbols, quotations, taglines or other statements may be added to the email signature block, as these may be misunderstood as representing the University’s official positions, values or views.

All faculty and staff shall comply with this policy by creating an approved email signature block and using it consistently when communicating via their University email accounts. Should there be noncompliance to this policy, the individual’s supervisor and/or vice president will enforce compliance through appropriate means.

FACULTY ACADEMIC POLICIES - CURRICULUM

SG 2.01

Date of Last Update:  
February 22, 2024

Approved By:
•University Academic Senate / Provost

Responsible Office:
Provost Office

POLICY STATEMENT

A. University Curriculum Committee Procedures and Policies for Curriculum Development and Review

1. College Curriculum Committees (CCC) and the University Curriculum Committee (UCC) conduct their business during the regular academic year. Course and program proposals may be submitted via the online curriculum development system at any time during the academic year. Proposals intended for publication in the next edition of the Catalog should be submitted as soon as possible to allow time for review and any revisions.

2. Curriculum development is the responsibility of regular faculty. Adjunct faculty (as defined in Board of Trustees’ Policies BOT 4.3.0) are encouraged to participate in unit-level discussions of curricular actions, but are not responsible for curricular proposals. Visiting instructors and part-time adjunct instructors may not author curriculum proposals. Affiliate faculty may author curriculum proposals with unit-level approval.

3. The Graduate Council Curriculum Committee will review and approve or not approve all graduate-related proposals in a manner similar to the review that the General Education Committee (GEC) conducts for all General Education issues. After approval by the GCC and/or the Graduate Council, UCC will review the proposal.

4. If a curricular proposal involves significant budgetary implications, UCC may consult with the Faculty Salary and Budget Committee (FSBC) for their assessment of the proposed budget impact.

5. Proposals which move the required hours of the major above or below the stated ranges of the various degrees will require strong justification.

6. Appeals of GEC decisions should be made to UCC.

B. UCC Curricular Procedures

All curriculum proposals require action by UCC prior to approval by the Provost. Curriculum proposals undergo review by several groups or individuals before final approval: Possible reviewers include the Provost Office, Library, Information Technology, Graduate Council, Online Education and Microcredential Council, Unit Head, College Curriculum Committee, Academic Dean, Graduate Dean, General Education Committee, University Curriculum Committee, and the Provost. The precise set of review steps through the online curriculum system is determined by the curricular action being proposed. In general, simple proposals require less review than more complex proposals. A complete list of curricular actions and their pathways can be found on the University Curriculum Committee page under Curriculum Development Information.

1. All new course proposals, program change proposals, and changes to existing courses except spelling, grammar, and punctuation changes must be submitted via the online curriculum development system. The online system is linked from the Faculty Governance Website: www.gvsu.edu/sail.

2. The agenda for UCC meetings is posted weekly on the Faculty Governance website. All curricular review actions taken are available in the online curriculum system.

3. After a course change proposal arrives for review at UCC it will be handled in the following manner. If the course is a prerequisite for another course, the course change proposal will be reviewed by UCC. If it is not a prerequisite for a course in another college or required by another college, and at least 30 days have elapsed since the proposal was approved by the unit of origin, then the course change proposal will be automatically approved by UCC at its next regular meeting and forwarded to the Provost for approval. Until that approval is given, any faculty member can request the UCC to review a course change proposal.

4. Proposals that are approved by the UCC will be sent to the Provost for final approval. The Provost will notify the submitting unit if final approval is granted and will send the proposal to the Registrar for inclusion in the master course list. A proposal is not approved until this last step is taken.

5. If a proposal is rejected, the submitting unit is responsible for resubmitting the proposal. Appeals of CCC decisions should be made to the appropriate dean. Appeals of the UCC decisions should be made to the Provost.

6. In extraordinary cases, a non-renewable, one-year interim approval category exists. Proposals should be submitted to the Chair of UCC. A decision will be made jointly by the Chair of the UCC and the Provost. These proposals must go through the normal curriculum review process for continued offering.

C. Honors Designation in Majors and Minors (added Fall 2013)

1. An Honors designation is intended to convey the fact that a program is distinguished from an existing program by its rigor, student engagement, or research, and may not be suitable for all students. Students in an Honors-designated program do not have to belong to the Honors Program or the Honors College. An Honors-designated program serves students within an academic program, whether or not those students are part of the Honors College or Honors Program.

2. Units complete a Program Change Request providing a rationale for creating the Honors-designation, how that designation would be implemented within the program (e.g., a track within a minor), and applicable admission and academic performance standards. The Program Change Request will then be sent to the Honors College for review using the standards already established by the Honors program. If supported, the Director of the Honors College will provide a letter of support to be attached to the Program Change Request after which the proposal will follow the normal curricular review process.

3. An honors track or emphasis in a major or minor must have between 6 and 12 credit hours, depending on how the courses are constituted. These credit hours can be constructed in a variety of ways as determined by the department and in consultation with the Honors College (e.g., one-credit-hour seminars linked to non-Honors-designated courses, such as capstones).

• Note: the 6-12 hours of Honors in the major cannot include Honors Foundations courses.
4. Courses must follow the parameters set forth in Meijer Honors College Guidelines for Honors Courses.

5. It is preferable that the Honors-designated courses have an internal connection with one another and/or explicitly build on other classes in the major or minor.

6. Honors-designated programs will be periodically reviewed by the Honors College at the normally scheduled time for program assessment. The program will submit a report to the Honors College with evidence that the program is meeting the original objectives agreed upon when then Honors designation was approved. If the program is found to be deficient, it will be put on a one-year probationary period, and will work collaboratively with the Honors College to address concerns and deficiencies. The Honors College will give full approval if the issues are successfully addressed. Otherwise, the Honors designation will be removed from the program.

D. Course Proposals

1. Units should be sensitive to the cost and space implications, as well as staffing needs of a course proposal. The Curriculum Resource Statement attached to course proposals should be given careful consideration and completed accurately. Proposals that require additional staff, equipment, space, supplies that have not been committed for by the appropriate administrative offices may be rejected.

2. Units should be sensitive to the impact that new courses, dropped courses, or course changes have on other courses and other programs. The Course Change Proposal and the New Course Proposal require that all units possibly affected by the proposal be notified before it is submitted to the CCC. The unit heads of the affected units should respond in writing, even if they see no problems with the proposal. The CCCs will judge overlap/duplication within a college. Although no rigid formula or guidelines can be set for this, CCCs are advised to take a conservative approach. If significant overlap is found between a proposed course and existing courses, the proposed course or course change should be rejected.

3. Uniform Course Numbering System (Approved 4/14/06 by UAS)

a. Refer to the Uniform Course Numbering Guidelines Table.

b. Reserved Undergraduate Course Numbers:

For the four categories listed below, these numbers are reserved for exclusive use for the purposes designated. A unit may not use these numbers for any other purposes. A unit may, if it has compelling reasons, choose to list one of these courses with a number other than one of the reserved numbers, or may use additional numbers for these courses (a two-semester internship, for example, would require another number besides 490).

i. The numbers 180, 280, 380 and 480 are reserved for use only as a special topics course.

ii. The numbers 399 and 499 are reserved for use only as independent study and research courses.

iii. The number 490 is reserved for use only as an internship or practicum course.

iv. The number 495 is reserved for use only as a Capstone course.

300- and 400-level courses should be justified by 100- and 200-level prerequisites or a course content/approach that clearly indicates it is not a beginning level course.

c. Reserved Graduate Course Numbers:

The following graduate-level course numbers listed below are reserved for the purposes indicated:

i. The numbers 680 and 780 are to be used for graduate special topics courses.

ii. The numbers 690 and 790 are to be used for graduate research preparation courses.

iii. The numbers 693 and 793 are to be used for graduate project courses.

iv. The numbers 695 and 795 are to be used for graduate thesis/dissertation courses.

v. The numbers 696 and 796 are to be used for graduate thesis/dissertation continuous enrollment courses.

vi. The numbers 699 and 799 are to be used for graduate independent study courses.

4. Special Topics Course Policies

a. A special topics course is intended to allow a unit to offer a course on a topic that is not covered in a regular course in any program at GVSU.

b. A special topics course may be offered for various reasons. For example a new visiting faculty bringing new expertise to a unit, student interest in a topic increasing enough to temporarily offer a course on a topic, a unit wishing to pilot test a reconfiguration of an existing course, a unit wanting to judge the potential interest in a given topic before proposing a new course.

c. A unit may offer a given special topic a maximum of 3 times. If a unit wishes to schedule the topic for the third time, then it must create and submit a New Course Proposal in the online curriculum development system concurrent with the third offering.

5. Syllabus of Record

A syllabus of record must be attached to new course and course change proposals. A syllabus of record (SOR) is the official record of minimum course content – that is, content that must be present in every section of a course. In essence, it describes a department’s vision of what should be taught, and (to a lesser extent) how it should be taught. Although all SOR must contain certain items of information (noted below), some of them will be more detailed than others, depending on the course. For example, if a course needs a high degree of flexibility in its various offerings, then the SOR might be somewhat vague. If another course needs to meet rigid accreditation standards, then the SOR might be extremely detailed. A detailed description of the requirements for an SOR can be found on UCCS’s website.

The SOR serves four audiences. (1) Faculty can use the SOR as a blueprint for designing course syllabi. Faculty are free to add to the content in the SOR, but the activities, objectives, and methods of evaluation in the SOR must be maintained. (2) Students can use the SOR to determine, before they register, the skills they can expect to achieve upon successful completion of a course. (3) The SOR provides a standard format that other schools can use to determine transfer credit. (4) Faculty governance committees use the SOR when evaluating course-change and new course proposals.

6. Course Grades

The Academic Policies and Regulations section of the catalog describes various grade types available for a course. Unless otherwise noted below, all courses are graded with a letter grade A through F, and I (Incomplete). In addition, students may choose to permanently withdraw from a course (resulting in a W (Withdrawal) grade), or to audit a course (resulting in an AU (Audit) grade).

Units that want to assign the grade types Credit (CR), No Credit (NC), or Deferred (X) must seek approval through the curriculum review process.

The grades P (Pass), PD (Pass with Distinction), W (Withdrawal) and NC (No Credit) are the only grades that may be assigned as the final grade for a graduate thesis or dissertation.

The grade of R (Research) is the only grade that may be assigned each semester to a continuous enrollment course for a graduate thesis or dissertation (xxx-696, xxx-796).

FACULTY COMPENSATION SCHEDULE

POLICY

The objective of the University's compensation program is to attract, retain, motivate and reward faculty fairly, equitably and competitively. The University is committed to fair and equitable compensation that compliments the responsibilities of the position and the performance of the incumbents.

Compensation rates for Faculty and Executive, Administrative and Professional (EAP) positions are set based on (1) market data for similar positions within local, regional and/or national markets, (2) sensitivity to internal equity and (3) available fiscal resources. The market data is updated on a regular basis.

For more information see: Compensation Information (provided by Human Resources)

UNIT HEAD RESPONSIBILITIES

POLICY STATEMENT

A. Each academic unit shall have a unit head; this person will be designated as chairperson or director based on the nature of the unit involved.

B. The authority to appoint the unit head is vested in the dean of the college. When there is a vacancy in the position of unit head, the faculty of the unit shall meet, and, after deliberating among themselves and in consultation with the dean, shall recommend a nominee or nominees for appointment as unit head. Normally, the dean appoints the nominee recommended by the unit. Should the dean appoint a unit head who has not been recommended by the unit faculty, the dean shall communicate the rationale to the unit. If the unit is not able to make a nomination, the dean shall make an appointment.

C. Normally the appointment will be for a three-year period. A unit head may be reappointed when eligible.

D. There shall be a formal evaluation of the unit head every three years, resulting in a written statement. This report will be shared by the dean, the unit head, and the faculty involved, and be restricted to these persons. This evaluation shall be carried out by the associated unit faculty and the administrators within University, college, and unit personnel guidelines. This evaluation shall be based on the performance of the unit head in carrying out the duties and responsibilities of the position. This evaluation neither precludes nor takes the place of the usual faculty evaluation for tenure, promotion, or contract renewal.
POLICY ON POLICIES

SLT 2.2

The President of the University will consider nominations in consultation with others at the university as appropriate. The final decision on the naming of a portion of a University facility will rest with the President.

1. A portion of a facility may be a classroom, laboratory, conference room or similar space.

2. Only in exceptional circumstances where a former member of the Grand Valley State University community has made an extraordinary, significant, positive contribution will a portion of a facility be named for such a person. A portion of a facility may be a classroom, laboratory, conference room or similar space.

NOMINATIONS

A nomination must include specific examples of the nominee’s contributions to the University. The nomination must be approved by the Dean of the unit in which they work and they have completed FERPA training offered by the university. The scope of their assistance, including questions on access to gradebooks, are addressed in the FERPA training. Student employees are expressly barred from providing independent instruction in the classroom. They are also barred from administering or proctoring exams and assignments without faculty or approved staff supervision.

This policy does not apply to graduate student assistants.

DISSEMINATION POLICY FOR SCHOLARLY WORK WITH GRADUATE STUDENTS

SG 6.04

1. Each graduate program is required to have a published dissemination policy for scholarly work with graduate students that is approved by the Dean of the Graduate School.

2. The policy should adhere to the principles of the BOT Policy 4.1.10.2 Rights in Published Material, Inventions and Secret Process and disciplinary norms for dissemination.

HONORARY NAMING OF A PORTION OF A GVSU FACILITY POLICY

SLT 2.1

Only in exceptional circumstances where a former member of the Grand Valley State University community has made an extraordinary, significant, positive contribution will a portion of a facility be named for such a person. A portion of a facility may be a classroom, laboratory, conference room or similar space.

PROCEDURES

- Nominations must be made in writing to the appropriate Vice President. With the support of the Vice President, the nomination will be forwarded to the Executive Associate to the President. The Executive Associate to the President will bring the nomination to the Senior Leadership Team who will review and give input to the President of the University. The President of the University will make the final determination on the naming of portions of facilities.
- A nominee will typically have been employed by Grand Valley State University for a minimum of 20 years. In special circumstances the 20-year minimum may be waived.
- The nomination must be approved by the Dean of the unit in which they work and they have completed FERPA training offered by the university.
- The nomination must include specific examples of the nominee’s contributions to the University.
- The names of portions of facilities honoring former members of the University community shall be considered permanent as long as that portion of the facility exists or its purpose has not changed or the President subsequently determines otherwise.
- It is generally understood that entire University buildings or facilities will not be named in honor of a former member of the University community. (Please see Grand Valley State University Board of Trustees’ Policies BOT 6.13.3, Naming of Buildings.)
- Consideration for the naming of academic programs, centers, etc. will follow the same procedure as outlined above.

The President of the University will consider nominations in consultation with others at the university as appropriate. The final decision on the naming of a portion of a University facility will rest with the President of the University. The Executive Associate to the President will communicate the President’s decision to the requesting party and the appropriate Vice President.

The final decision on the naming of a portion of a University facility will rest with the President of the University. The Executive Associate to the President will communicate the President’s decision to the requesting party and the appropriate Vice President.
POLICY STATEMENT

The Grand Valley State University community will have access to clearly stated university-wide administrative policies, to be published as Grand Valley State University Policies on the University Web site. These policies will be:

- Formally approved and kept current
- Accessible to all parties in a centralized Grand Valley State University Policies website
- Communicated to operating units in a timely manner

PROCEDURES

A Policy is characterized by the following criteria:

Therefore, they are not considered to be Grand Valley State University Board of Trustees’ Policies, and are not governed by this document. However, these policies may not conflict with the Board of Trustees’ Policies or Senior Leadership Team (SLT) Policies.

The Grand Valley State University Board of Trustees’ Policies will not include: curricular requirements for degrees, the basic terms and conditions of employment subject to collective bargaining, Academic & Student Affairs Policies as published in the Faculty Handbook and Student Code, Catalog, or division-wide policies (approved by a Vice President in consultation with the President).

Additional Policy Criteria for Vice Presidential Review

Art Gallery Department

POLICY STATEMENT

The Grand Valley State University art collection is made up of paintings, drawings, prints, sculptures, ceramics, textiles, and other works of art as defined by the Art Gallery Department but does NOT include plaques, signage, degrees, awards, and other similar items. The art collection is displayed on every University campus, and in nearly every University facility and building. Faculty and staff members, contractors, students, and other people with duties/responsibilities requiring them to come into contact with the University art collection are subject to the following policies and procedures to ensure that the University's legal, ethical, and fiduciary responsibilities for the safekeeping of these assets are maintained. For more details on all other internal art procedures, see the Art Gallery Collections Policy on the [Art Gallery's website](http://www.gvsu.edu/artgallery/) or contact the University Art Gallery at (616) 331–3638.

PROCEDURES

Maintenance and Care

All art at the University is to be cleaned, handled, installed, de-installed, and transported exclusively by the staff of the University Art Gallery. Other than representatives of the University Art Gallery, individuals must have written permission from the Director of Galleries and Collections, Assistant Director, or the Curator of Collections Management before handling or moving any pieces of the art collection.

Building Construction/Renovation Projects

The Director of Galleries and Collections or designee will call a meeting in December of each year with representatives from Facilities Services, Facilities Planning, and Auxiliary Services (Housing) for the purpose of identifying upcoming projects that will affect the art collection.

A follow-up meeting, called by Director of Galleries and Collections or designee, will take place in April of the next year for updating project status and will include a timeline for each project identified. Facilities Services Project Managers will be identified and included on the project lists.

The Director of Galleries and Collections, or designee, will attend the bi-monthly Facilities Project Status meetings to be kept up to date on all ongoing university construction projects and timelines.

The Art Gallery office will be alerted by a representative of Facilities Planning and Facilities Services as soon as reasonably possible for all, including last-minute, building project additions, deletions or changes. This includes a preferred art removal lead-time notice of no less than two weeks. This notice will be made directly by contacting the Art Gallery office.

The Art Gallery office will be contacted immediately in the event of an emergency (flood, fire, etc.) via a phone call if any piece of the art collection is in jeopardy of damage or destruction. The Art Gallery staff
will maintain a disaster and emergency preparedness plan (under development) for its collections and will make it accessible on its website.

Use and Access

The University art collection shall be accessible for research and study by responsible investigators, subject to procedures necessary to safeguard the objects, the space in which they are located, and to restrictions imposed by limitations of exhibition requirement, availability of study space and facilities, and availability of appropriate curatorial staff as determined by the curator/manager in charge of the collection. The entire University art collection is made digitally accessible through an online searchable database and mobile device applications. Information about both may be found online at the Art Gallery website, www.gvsu.edu/artgallery.

BRIDGE FUND REQUEST POLICY

SLT 3.2

Date of Last Update: July 31, 2008

Approved By:

• Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

Grand Valley State University does not encourage creating nor approving a Request to Add a New Fund (RANF) and establishing a FOAP prior to the official receipt of a fully executed award. A fully executed award is an externally sponsored agreement (grant, contract, or cooperative agreement) that is signed by the duly authorized official of both the external sponsor and Grand Valley State University. It is important to note that any expenses incurred prior to an award and without the appropriate approvals place the University at risk.

However, in some extraordinary situations, effective project management or research necessitates incurring expenses prior to the receipt of a fully executed award. In such cases, Principal Investigators may request a “bridge fund” be established in anticipation of the fully executed award. Principal Investigators should contact the Office of Sponsored Programs (OSP) to initiate a Bridge Fund Request.

PROCEDURES

In an effort to minimize the risk to the University, the Office of Sponsored Programs will verify with the sponsor the allowability of pre-award costs, the anticipated award amount, and the period of performance. Once OSP receives verification in writing from the sponsor’s grants or contracts officer, the responsible Principal Investigator, Chair/Unit Head, Dean, and University Authorizing Official are all required to agree in writing to proceed with the expenditure of University funds in anticipation of the award. This agreement will be prepared by OSP in consultation with the Office of Business and Finance. It will be the responsibility of the Principal Investigator to obtain the required signatures of the appropriate Chair/Unit Head, Dean, University Authorizing Official, and Executive Officer (Office of the Provost).

The Bridge Fund Request will be processed in a manner similar to the Request to Add A New Fund. However, attached to the Bridge Fund Request will be:

1. Written verification from the sponsor (signed by the sponsor Grants/Contracts Officer) received by OSP
2. Bridge Fund Request Agreement signed by the Chair/Unit Head, Dean, and University Authorizing Official
3. A copy of the proposal application, narrative & budget

A Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount. The maximum allowable amount requested will be verified by OSP in consultation with the Office of Business & Finance. If the award is for multiple years, the Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount for the first year of the funding. Upon the official receipt of the fully executed award, the bridge fund transition into the official FOAP for the project.

Should funding not be received from the sponsor (e.g., the award start date is delayed, or the costs are determined to be unallowable, etc.) coverage of costs incurred on the project becomes the responsibility of the Department Chair/Unit Head having initiated and signed the initial Bridge Fund Request form.

This policy was effective August 1, 2007 and will be revisited for any revisions, changes, or sunset within one year of its effective date.

CONFLICT OF INTEREST IN RESEARCH POLICY

SLT 3.4

Date of Last Update: October 21, 2022

Approved By:

• Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

The University is committed to transparency, integrity of scholarship, and independence as it pursues its mission to create, preserve, and disseminate knowledge through teaching, research, and community service. Accordingly, Grand Valley State University allows and encourages faculty and staff to engage in outside activities and relationships that enhance the mission of the University.

External sponsors, whether public or private, regularly institute conflict of interest disclosure requirements that the University must abide by in order to accept the funds and participate in the activity. The purpose of such requirements is to promote objectivity in research and to provide a reasonable expectation that the design, conduct, and reporting of sponsored activities will be free from bias arising from conflicting interests of participating personnel.

All GVSU personnel who meet the definition of “Investigator” on externally sponsored research applications, or serve as an “Investigator” on externally sponsored agreements, administered through the Center for Scholarly and Creative Excellence (CSCE) are required to submit a conflict of interest and commitment disclosure to the Office of Research Compliance and Integrity. An “Investigator” is defined as any person, regardless of title or position, who has independent responsibility for some aspect of the design, conduct, or reporting of the research, scholarly, or educational activity. Investigators include Principal Investigators, Co-Investigators, and all other individuals identified in the grant documents (e.g., application, budget, progress reports, etc.) submitted to the sponsor by GVSU, if the individual contributes to the development or execution of a project in a substantive, measurable way, whether or not they receive compensation.

The required disclosure by Investigators must be submitted prior to entering into an agreement or submitting a proposal for award to an external sponsor, and at least annually while the agreement/award is active. An annual disclosure is required even if no conflicts exist. An updated disclosure is also required within 30 days of any new conflict arising or an existing conflict ending or changing in a material way. The Office of Research Compliance and Integrity (ORCI) shall be responsible for reviewing the disclosures and, in conjunction with the Research Integrity Officer (RIO), developing and instituting an adequate mitigation plan for the management of any potential conflicts related to sponsored research and agreements administered by the CSCE. The RIO serves as the designated institutional official and has the final authority to approve and oversee mitigation plans.

GVSU personnel must also comply with the University’s Conflict of Interest Policy (SLT 19.1) and subsidiary policies, such as those in place with the Institutional Review Board (IRB) and the Institutional Animal Care and Use Committee (IACUC). Additionally, University personnel working on research funded by the Public Health Service (PHS) and/or other agencies that abide by PHS COI regulations, are subject to additional requirements in accordance with 42 C.F.R. Part 50.601 and 45 C.F.R. Part 94.5. Additional reporting requirements may be required under these other policies and regulations.

The table below provides references to the applicable procedures to follow based upon the type of research/sponsored activity submission.

For more information about conflicts of interest and commitment in research and sponsored activities, please visit the GVSU Conflicts of Interest and Commitment in Research & Sponsored Activities webpage or contact the ORCI at 616-331-3197 or orci@gvsu.edu.

EXTERNALLY SPONSORED PROJECTS POLICY

SLT 3.11

Date of Last Update:
September 04, 2019

Approved By:
Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY

This document establishes Grand Valley State University's (University) official policy governing the administration of proposals, awards, contracts, and agreements for all externally sponsored projects. Externally Sponsored Projects do not include Purchasing Agreements or Philanthropic Gifts.

The purpose of this policy is to help ensure that all proposals and awards for externally sponsored projects conform to federal regulations, including the Office of Management and Budget 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (a.k.a., the Uniform Guidance)—and are consistent with GVSU's academic and business policies and sound fiscal practices.

POLICY STATEMENT

Only an Authorized Organizational Representative of the University may submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University.

In addition, an Authorized Organizational Representative may accept on behalf of the University any Externally Sponsored Project award resulting from such proposal submissions or other solicitation processes.

The University will not normally accept awards received from outside sources without prior proposal approval as provided in this policy.

DEFINITIONS:

Assistance Action: The main purpose of an assistance action is to transfer money, property, services, or anything of value to the recipient in order to accomplish a public purpose of support or stimulation. The agency must have legal authority to award assistance agreements for this purpose. Grants or cooperative agreements are used to award assistance funds.

Authorized Organizational Representative: An Authorized Organizational Representative is the Vice Provost for Research Administration and any University employee(s) to whom the Vice Provost for Research Administration has delegated oversight responsibility for the administration and management of Externally Sponsored Projects at the University. Only an Authorized Organizational Representative has the authority to submit proposals, accept awards, and sign contracts and agreements for Externally Sponsored Projects on behalf of the University.

Externally Sponsored Project: Externally Sponsored Projects include all projects supported by way of grants and cooperative agreements (direct Assistance Actions); incoming or outgoing sub-recipient agreements or subawards (pass-through Assistance Actions); certain incoming or outgoing contracts (i.e., externally sponsored Procurement Agreements), including direct contracts, service agreements, and consulting agreements, pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include Purchasing Agreements or Philanthropic Gifts.

Philanthropic Gift: A philanthropic gift is an instrument by which an outside donor voluntarily transfers money, services, or property from a donor to the University. There is no expectation of direct economic benefit or the provision of goods or services to the donor, although donors can place stipulations on gifts that direct the funds to the donors' areas of interest. The absence of quid pro quo language helps define
the charitable nature of this type of giving.

Procurement Action: The main purpose of a procurement action is to acquire property or services by purchase, lease, or barter for the use or direct benefit of the purchaser (whether the purchaser is the university purchasing from an outside entity or an outside entity purchasing services from the university). An agreement or contract is used as the legal instrument to award a Procurement Action.

Purchasing Agreement: An agreement entered into by the University through its Procurement Services Office and an outside vendor or supplier to purchase goods and/or services. Examples of non-sponsored purchasing agreements include software licenses, pricing agreements, equipment maintenance agreements, custodial and facilities services, landscaping services, and office supply-vendor agreements.

ALLOWABLE COST POLICY

SLT 3.11.1

Office of Sponsored Programs

POLICY

All costs proposed to be charged on externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) at Grand Valley State University (the University) must comply with the Federal cost principles prescribed in 2 CFR 200 Subpart E, §200.400; the policies of the sponsoring agency; the specific funding solicitation for which the cost is proposed; and all applicable policies of the University.

Specifically, in order to be deemed an allowable cost on such a project, the cost of any particular item must:

1. Be necessary and reasonable for the performance of the awarded project. That is, the project cannot be performed without the item and a reasonable and prudent person would incur the cost of the item under the circumstances prevailing at the time the decision was made to propose or incur the cost ($200.403-404).
2. Be fully allocable to the particular awarded project or be proportionally allocable to it and another cost objective according to the relative benefit derived ($200.405).
3. Be treated consistently. A cost may not be assigned to a sponsored project as a Direct Cost if any other cost incurred for the same purpose in like circumstances has been allocated to the awarded project as an Indirect Cost. University policies governing the treatment of costs must apply uniformly to both sponsored- and non-sponsored activities. Like expenses must be treated the same in like circumstances ($200.409(e)).

Such costs much also meet one of the following two criteria:

1. Be an item or category of cost that is not expressly disallowed by the federal government (guidance available at §200.420-475, General Provisions for Selected Items of Cost; the sponsor (as documented in sponsor policy statements and in the applicable sponsor funding solicitation), or the University (as defined below Under Unallowable Costs and documented in the Business and Finance Procedures and the University-Wide Policies); OR
2. Be an otherwise unallowable cost that is expressly allowed by the sponsor, whether as stipulated in an award or proposal-solicitation document or as documented in a prior written approval request duly executed by an Authorized Organizational Representative of the University. If an expense does not meet the above criteria, it must not be charged to an externally sponsored project at the University.

DEFINITIONS:

Direct Costs are expenses that are specifically associated with a particular externally sponsored project that can be directly assigned to such activities with a high degree of accuracy.

Indirect Costs (also referred to as Facilities & Administration (F&A) or overhead costs) are expenses that cannot be identified specifically with a particular project or activity. Indirect costs benefit multiple activities and programming objectives. In order to capture the amount of indirect costs that should be allocated to a grant, the University has calculated an indirect cost rate, approved by the federal government.

The indirect costs included in this rate are made up of two broad categories: Facilities and Administration.

Facilities costs include:
• Custodial and Maintenance
• Utilities
• Grounds Services
• Parking Operations, less parking fines and fees
• Property and Liability Insurance
• Facility Planning and Management
• Engineering Planning and Management
• Depreciation

Administration costs include all the expenses incurred in providing the following university services:
• Central Administration
• Business & Finance, including financial audit
• Human Resources
• Legal Services
• Inclusion & Equity
• Library Operations
• Administrative Computer Operations
• Grants and Research Administration
• Department Administration, as defined by the federal government to be 20% of Dean and Dean’s assistant compensation
• Mail Services
• Public Safety
• University Communications

Federal Cost Principles are the Federal regulations that govern expenditures on federal awards and which also apply to non-federal awards to GVSU because of the University’s required federal compliance under 2 CFR 200 Subpart F: Audit Reporting.

Prior Written Approval is a formal permission the University must document before it proposes or incurs a special or unusual cost that may be deemed unallowable under the federal cost principles under normal circumstances.

Requests for prior written approval must be rationalized in writing as allowable under an "unlike circumstances" justification by the University personnel who wish to propose the special or unusual costs. The requests are then reviewed, approved, and (assuming approval is granted) formally submitted to the sponsoring agency by the Authorized Organizational Representative of the University (as defined in SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

In accordance with the Uniform Guidance at 2 CFR 200, prior written approval from the sponsor is explicitly required (either in the awarded proposal budget, during award negotiation, or prior to incurring costs in the event that the expense is to be proposed post-award) for a number of items, including the following:
1. Administrative expenses ($200.413(c)(1))
2. Change of scope ($200.308(c)(11))
3. Cost sharing or matching ($200.308(c)(7))
4. Entertainment costs ($200.438)
5. Equipment and other capital expenditures ($200.313, 439)
6. Exchange rates ($200.440)
7. Fines, penalties, damages and other settlements ($200.441)
8. Fixed amount subawards ($200.332)
9. Fund raising and investment management expenses ($200.442)
Unallowable Costs are costs that could be considered appropriate and reasonable, but which are not eligible for reimbursement by the federal government and therefore to ensure consistent treatment under the federal cost principles, are not allowable on any sponsored program. Exceptions are possible with a strong justification for unlike circumstances and with prior written approval (as defined above) from the Authorized Organizational Representative of the University and the sponsor.

Unallowable costs include:
1. Advertising and public relations
2. Advisory councils
3. Alcoholic beverages
4. Alumni/ae activities
5. Bad debt expense
6. Collections of improper payments
7. Commencement and convocation costs
8. Contributions and donations
9. Entertainment costs
10. Fines, penalties, damages and other settlements
11. Fund raising and investment management costs
12. Lobbying
13. Intra-Institution of Higher Education (IHE) Consulting
14. Losses on other awards or contracts
15. Club, social, dining club or lobbying organization memberships
16. Proposal costs
17. Meals and travel associated with lobbying, fund raising, alumni activities
18. Student activities
19. Passports and immigration visas

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.
In the absence of unusual circumstances and specific Prior Written Approval (as defined in SLT 3.11.1, ALLOWABLE COSTS POLICY) from the appropriate University and/or sponsor officials as described in this policy, faculty member compensation for sponsored-project work at the University must offset Institutional Base Salary through:

1. The use of Significant Focus Time (as defined in SG 3.01: FACULTY RESPONSIBILITIES),
2. The application of Reassigned Time (as defined in SG 3.05: REASIGNED TIME), or
3. Some combination of Significant Focus Time and Reassigned Time.

Absent Prior Written Approval for Supplemental Compensation following procedures stated below, Administrative/Professional staff members must also offset Institutional Base Salary to participate in externally sponsored projects (supplant, not supplement). Such offsets shall require a reorganization of established job duties in the staff member’s organizational unit that is approved by the staff member’s Appointing Officer and Executive Officer.

In order to charge Supplemental Compensation to federally funded Externally Sponsored Project accounts at the University, the work performed must be justifiable as Intra-Institutional of Higher Education Consulting and is subject to a written agreement, as required at 2 CFR 200.430—COMPENSATION; PERSONNEL SERVICES, which limits such charges according to their adherence to specific criteria. Such consulting must be:

1. Across departmental lines or involve a separate or remote location that is at least 30 miles away from the employee’s University campus office;
2. Outside the scope of the employee’s regular appointment as documented in the employee’s appointment letter;
3. Short term in nature; and
4. Provided for in the sponsored agreement, or approved in writing by the sponsoring agency prior to the incurrence of applicable expenses.

In order to charge Supplemental Compensation to a non-federal Externally Sponsored Project account, the allocation is subject to the prior written approval of the Vice Provost for Research Administration as well as the sponsoring agency.

DEFINITIONS:

Base Appointment Period at the University generally falls into one of two categories:

1. An Academic Year Appointment is comprised of the nine-month span from August 6 of a given calendar year to May 5 of the following calendar year.
2. A 12-Month Appointment is comprised of the twelve-month span from August 6 of a given calendar year to August 5 of the following calendar year.

Institutional Base Salary is the annual salary the University pays for an employee’s appointment, regardless of appointment category and whether the employee’s time is spent on research, teaching, administration, patient care, or other University responsibilities. Institutional Base Salary does not include bonuses, one-time payments, incentive pay, or income that an employee is permitted to earn outside of their University responsibilities such as Private Consulting.

Private Consulting refers to works for hire performed by a University employee outside of their University responsibilities. To be deemed private consulting, work must be performed without the use of any University resources, including administrative services of any kind, facilities (classroom, clinical, meeting, or office space), supplies, equipment, computing resources, and any other service or resource owned by the University. Any outside employment must be approved in advance by the Appointing Officer (BOT 4.1.10). Consulting services that require the use of University resources are subject to SLT 3.17, SERVICE AND CONSULTING AGREEMENTS POLICY.

Supplemental Compensation, also known as extra salary or extra service pay, is compensation a University employee receives in excess of Institutional Base Salary; Supplemental Compensation represents payments for services outside the normal scope of employment.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

FACILITIES AND ADMINISTRATIVE COST POLICY

SLT 3.11.4

Date of Last Update:
July 13, 2016

Approved By:
Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

Grand Valley State University’s Facilities and Administrative (F&A) rate (also known as the indirect-cost rate) is established in accordance with the Federal Office of Management and Budget under 2 CFR 200 Uniform Guidance (previously A-21). The rate is negotiated between the University and the U.S. Department of Health and Human Services, the cognizant federal agency that oversees the administration of sponsored agreements at the University. The University’s F&A rate reflects the cost of real, auditable expenses incurred in the conduct of sponsored research and programs. Included among these costs are depreciation costs of buildings and equipment, maintenance and repairs, janitorial services, utilities, hazardous waste disposal, libraries, and general administrative costs such as sponsored programs administration, departmental administration, and general administration (accounting, purchasing, legal services, personnel, and compliance). These costs are "indirect" because they are not easily identified with a specific project and therefore are not included in the "direct" portion of the budget. Such indirect costs support the conduct of research and other sponsored programs, regardless of the source of funding, and therefore must be applied to all sponsored projects. For reasons of sound management and equitable stewardship of resources used in support of all sponsored activities, it is expected that all sponsored projects recover full F&A costs.

PROCEDURES

Facilities & Administrative (F&A) Cost Recovery Policy:

It is the University’s policy that all proposals and agreements for sponsored research, including subawards and industry contracts, are subject to the recovery of facilities and administrative costs (F&A) at the University’s approved and published rate. In some cases, the sponsor has a written policy, uniformly applied, prohibiting F&A costs or restricting the payment of such costs to a lower rate. An exception to the University’s F&A cost recovery policy may be warranted if it is clearly in the best interest of the University to accept the award with less than full F&A cost recovery. Any reduction (defined as a waiver of F&A) is limited to the University’s approved and published rate. In some cases, the sponsor has a written policy, uniformly applied, prohibiting F&A costs or restricting the payment of such costs to a lower rate. An exception to the University’s F&A cost recovery policy may be warranted if it is clearly in the best interest of the University to accept the award with less than full F&A cost recovery. Any reduction (defined as a waiver of F&A) is limited to the University’s approved and published rate.

Facilities & Administrative (F&A) Cost Return and Use Policy:

For all other proposals, recovered funds are distributed as follows:

- Appointing Officer of unit generating the recovered funds – 20%
- Provost – 20%
- General Fund (Facilities Infrastructure) – 40%
- For all other proposals, recovered funds are distributed as follows:

It is anticipated that, when appropriate, recovered funds will be used strategically for research initiatives, faculty start-ups, bridge funding and required cost share, and to provide the necessary administrative support for research projects. Indirect cost recovery funds cannot be used to increase the principal investigator’s annual compensation.

- Certifying the time/effort of personnel paid by the grant, contract/consulting, or cooperative agreement, or cost sharing/matching time on the project.
- Completing a Conflict of Interest Financial Disclosure form, and having no conflict of interest that could affect the conduct of the project. Any such possible conflict of interest must be reported to OSP as soon as it is apparent.
- Ensuring that the PI as well as all undergraduate, graduate, or post-doctoral students receive Responsible Conduct of Research training, if required by the sponsor. PIs and students are required to sign a Compliance of Training form confirming the receipt of the training and satisfactory completion of the training.
- Ensuring that all project expenditures are directly related to the project and necessary to meet project goals and objectives while adhering to agency guidelines and GVSU policies and procedures.

- Certifying the PI, and any subcontractor or sub-recipient on this project, is not debarred, suspended or proposed for debarment by any federal entity. The PI agrees to notify the University (both OSP and Purchasing Dept.) of any change in this status, should one occur, until such time as an award is made under a procurement action. See www.sam.gov.

SERVICE AND CONSULTING AGREEMENTS POLICY

SLT 3.11.6

Date of Last Update: October 15, 2018

Approved By: Senior Leadership Team

Responsible Office: Center for Scholarly and Creative Excellence

POLICY STATEMENT

This document establishes Grand Valley State University’s (University) official policy governing the approval and management of service or consulting agreements that employees through the University, meaning cases in which the University would be the contracting party. These are agreements under which Principal Investigator (PI)-Eligible faculty and/or Administrative/Professional (A/P) staff members are obligated to provide specified services or “deliverables” and that do not fall squarely within the traditional framework of research or teaching activities. While these agreements may have research, scholarly, or regulatory purposes, the terms “service agreement” or “consulting agreement” are intended to be descriptive; such agreements could have other labels or titles.

In some cases, employees who may consider providing services independently of the University as consultants will do this for their own account, on their own time, and using their own resources and subject to applicable University policies. However, review and approval of all proposed service and consulting agreements under this policy is required to ensure compliance with employment, tax, and intellectual property law; regulatory requirements governing research and the use of certain kinds of data; and institutional policies regarding student engagement in externally funded activity and the appropriate use of University resources.

The University should be the contracting party only when justified by compelling reasons that meet the General Criteria of this policy. There are occasions, however, when a PI-Eligible faculty or A/P staff member wants to provide a service through the university. For example, the activity may have a strong academic and/or university programmatic component and the faculty or A/P staff member may want to be able to use university facilities, resources, staff, or students to carry out the proposed contractual activity. In these circumstances, this policy allows for the University to act as the contracting party, but only if the activity in question meets the General Criteria of this policy.

By way of illustration, but without limitation, services that PI-Eligible faculty and A/P staff members may seek to provide through this policy may include:

- Performing an evaluation or assessment of an external program, such as an educational program or public-health initiative;
- Establishing rating criteria, such as standards for measuring health or safety outcomes;
- Providing technical assistance to a foreign government in areas such as social, health or economic services;
- Delivering professional-development services;
- Partnering with industry to engage students in technical projects the delivery of which will contribute to the educational goals of the students involved; and/or
- Assisting a city government in its urban planning.

Indirect cost revenue recovered on Financial Aid expenditures will not be allocated and all proceeds will be returned to the General Fund.

Charter Schools are not considered a sponsored program and therefore not affected by this policy.

*Note: If the recovered funds allocated to the Faculty PI are less than $500, funds will be deposited into departmental FOAPs rather than individual Faculty PI FOAPS.
The official to whom the Provost delegates authority to submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University and to accept on behalf of the University any awards, contracts, or agreements resulting from such proposal submissions or other solicitation processes is designated as PI who bears ultimate responsibility for scientific, technical, and programmatic decisions, and all financial, administrative, and compliance matters relating to the project. If PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s).

PI eligibility is automatically conferred upon tenured and tenure track faculty at the rank of Professor, Associate Professor, or Assistant Professor. PI eligibility is conferred in one of two ways: (1) automatically, by position, and (2) via special request, both subject to training as required by this policy.

The following potential risk factors will be considered in the evaluation of Service and Consulting Agreements:

- The University, as the contracting party in these agreements, bears the risk of liability or reputational harm for non-performance or poor performance of agreed-upon tasks and for unsatisfactory contract deliverables. Potential risks reach beyond the payments to the University and could include monetary damages from the downstream effects of contested performance.
- Unlike in sponsored-project arrangements (i.e., assistance awards, such as grants or cooperative agreements), in which the sponsor may be presumed to be committed to the principles of objective science or the enhancement of the public welfare, “clients” or “customers” in service arrangements may be more focused on obtaining specific results and will likely be more involved in direct performance of the services. Institutional integrity and impartiality may be called into question if expectations are not properly managed at the outset.
- The use of the University’s students and staff to assist in these projects also raises unique policy issues. The University has a duty to students in particular. They should not be made to work on projects unless the work advances their educational goals. The interests of employees, students, and the institution must be safeguarded in the negotiation of such arrangements to assure them that they may generate and publish works of scholarship, receive proper credit for their work, obtain appropriate intellectual property or other proprietary rights in the work product, and avoid confidentiality or other obligations that may compromise transparency and injure reputations.
- Special attention must be paid to assure that these arrangements comply with the university’s obligations as a tax-exempt organization (e.g., IRS regulations regarding Unrelated Business Income).

**General Criteria**

The proposed Service and Consulting Agreement must:

1. Advance the core mission of the academic or non-academic organizational unit that will carry it out;
2. Provide a significant institutional and/or public benefit; and;
3. If students are to participate in the activity, provide both a learning experience that advances student educational goals and that students will be free to use and disclose details of the experience in their academic and career pursuits, unless a Non-disclosure Agreement has been approved by the Office of the Vice Provost for Research Administration.

The determination as to whether a proposed Service and Consulting Agreement meets these criteria shall be the responsibility of the employee’s Appointing Officer. Such determinations shall be documented using University procedures for sponsored activity. In addition, the proposed Service and Consulting Agreement must:

1. Present manageable and limited risks;
2. Be accurately budgeted to generate sufficient revenue to pay for full performance that includes both the direct charges associated with the activity and the university’s full federal negotiated facilities & administrative cost rate;
3. Be properly accounted for from a tax perspective;
4. Be reviewed and processed by the Technology Commercialization Office and the Office of Sponsored Programs (which may include the execution of a non-disclosure agreement to protect the intellectual property of the parties to the agreement); and
5. Receive approval from the employee’s Appointing Officer.
6. Be approved and submitted by the Vice Provost of Research Administration and/or designee.

And finally, once the Service and Consulting Agreement is fully executed, and throughout the performance of the contractual scope of work, the PI and responsible organizational unit must ensure that the activity complies with:

1. The contracted scope of work, timeline, and all agreed deliverables;
2. All applicable federal and state laws and regulations (e.g., export controls, use of human or animal subjects, intellectual property rights, disclosure and mitigation of financial and other conflicts of interest); and
3. All relevant University policies, such as invoicing for payment via the central accounting office of the University, and the use of the University’s name, facilities, equipment, supplies, and other resources.

**POLICY STATEMENT**

For each externally sponsored project, it is customary to designate as PI one person who bears ultimate responsibility for scientific, technical, and programmatic decisions, and all financial, administrative, and compliance matters relating to the project. It is the policy of Grand Valley State University that only eligible University faculty, staff, and trainees and appointees (when appropriate) may serve as the PI on externally sponsored projects to be carried out on behalf of the University. Serving as the nominal project leader to lend credibility to a proposal while delegating PI responsibility to another person (i.e. “fronting” as the PI) is never permissible and is considered a violation of this policy.

**PI Eligibility** is conferred in one of two ways: (1) automatically, by position, and (2) via special request, both subject to training as required by this policy.

1. **Automatic Eligibility:** PI eligibility is automatically conferred upon tenured and tenure track faculty at the rank of Professor, Associate Professor, or Assistant Professor.

2. **Special-Request Eligibility:** If PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s).
Certain non-academic units (e.g., the University Art Gallery, Small Business Development Center, Johnson Center for Philanthropy, Van Andel Global Trade Center) may request longterm PI status for the director, associate director, and other Administrative/Professionals (regular, full-time employees), as they deem appropriate. These personnel are all subject to standard Compliance and Training requirements for PI Eligibility.

1. Fellowships and Training Opportunities

Trainees (typically graduate students and post-doctoral fellows) may be eligible to be PIs on fellowship and training programs when that designation is required by the funding agency as documented in a funding opportunity announcement and a PI-eligible faculty or staff member is identified and documented as their sponsor/mentor. In this circumstance, a trainee’s PI eligibility is conferred and verified by the applicable Department/Unit Head’s approval during the internal proposal-routing process. It is not necessary to document approval of trainee PI eligibility via Special Request.

Trainee PI status is consistent with the treatment of all Special Requests for PI eligibility, in that it is conferred on a case-by-case basis; it does not confer blanket PI eligibility status for any other externally sponsored projects.

Compliance and Training Requirements

However it is conferred, PI Eligibility Status is contingent upon the documented completion of all required compliance and sponsored-programs training. Training requirements, certification, and documentation are determined and administered collaboratively by the Vice Provost for Research Administration, the Office of Sponsored Programs, the Office of Research Compliance & Integrity, and the Controller.

PROCEDURES

This policy designates authority to the Vice Provost for Research and the Director of Sponsored Programs to establish such operational procedures as they deem necessary to implement this policy, and ensure operational efficiency, proper oversight of compliance and administration, and the success of externally sponsored projects at the University.

It is the responsibility of the Office of Sponsored Programs to review all proposals to fund externally sponsored projects to determine and document PI eligibility prior to proposal submission. Proposals put forward by individuals without documented PI eligibility will generally not be approved for submission. Awards resulting from proposals submitted by ineligible PIs who either knowingly or unwittingly circumvent the standard approval process will generally not be accepted by the University.

Responsibilities of All Principal Investigators

Although the University is legally responsible to the sponsor as the actual recipient of any externally sponsored award, the Principal Investigator (PI) is accountable for the proper fiscal management and conduct of the project. This includes managing the project within funding limitations and all of the terms of the award, ensuring that the sponsor is notified when significant conditions related to project status change, and ensuring that all programmatic reporting requirements are met in a timely fashion. To assist PIs, the University provides supporting administrative services and has established procedures to help meet both sponsor and University requirements. While responsibility for the day-to-day management of project finances may be delegated to administrative or other staff, accountability for compliance with federal requirements, University policies, and sponsor requirements ultimately rests with the PI. The full cooperation and vigilance of the PI, along with the University, is necessary to maintain the stewardship role.

1. Preparation of Proposals

Principal Investigators have primary responsibility for planning and carrying out the preparation and submission of proposals for external support. Although PIs may have administrative staff to assist with the proposal-development process, they are ultimately responsible for the quality and scientific integrity of the proposal, and for understanding and complying with all University policies for managing external support.

a. Technical Proposal

The Principal Investigator is responsible for preparing the technical proposal.

b. Proposal Budget

The Principal Investigator prepares, or directly supervises the preparation of, all aspects of the proposed budget and budget justification. This responsibility includes coordination with Procurement Services and compliance with all procurement policies and procedures. It also includes identifying any requests and sufficient resources for cost sharing (including matching funds); the need for space or space modifications (including any accommodations for large or unusual equipment); and the need for outside collaborators (sub-recipients, contractors, consultants). The PI ensures all costs are allowable, allocable, and reasonable for the project in accordance with the federal cost principals set out in OMB 2 CFR 200, and that all proposals include full recovery of all anticipated project costs. Full recovery includes recovery of indirect costs at GVSU’s negotiated federal rate or (in the case of non-federal sponsors or federal training grants) the maximum rate allowed under published sponsor policy.

c. Regulatory Requirements

The PI is responsible for anticipating whether the research will involve human subjects, live animals as subjects, recombinant DNA, infectious agents, narcotics or biological toxins, human blood or body fluids, radioactive materials, hazardous materials, export controls, conflicts of interest, or other regulated activities requiring University review or clearance. The PI is responsible for preparing information and forms for review by the University’s Office of Research Compliance & Integrity.

d. Project Approvals

The Principal Investigator prepares, or directly supervises the preparation of, and electronically signs internal proposal-approval forms, and requests required approvals in a timely fashion.

Acceptance of the Award

The Principal Investigator is responsible for collaborating with the Office of Sponsored Programs in any negotiations with the sponsor relating to modifications of the project scope or budget or proposed terms and conditions of the award.

The Principal Investigator is responsible for reviewing and approving the award agreement, in conjunction with OSP, including the scope of work, budget, and the special terms and conditions of the award, and for managing the award in accordance therewith.

3. Conduct and Management of Award

The Principal Investigator is responsible for all actions required to manage and complete the scientific, programmatic, and financial aspects of the externally sponsored project in accordance with all of its terms and conditions, including the performance of all sub-recipients. The Principal Investigator is also responsible for the management of the award budget and expenditures in accordance with federal, GVSU, and sponsor requirements. This responsibility includes attesting to the allowability, allocability, and reasonableness of all expenditures. Principal investigators are responsible for routine monitoring of the status of grant accounts to prevent overdrafts and incorrect charges and to ensure that unallowable costs are not charged to an award.

The Principal Investigator is responsible for the timely submission of all required programmatic reports, interim and final. The information contained in such reports must be supported by adequate documentation. The Principal Investigator will provide copies of all required programmatic and progress reports to the OSP and the Grants Accounting office.

DEFINITIONS:

Externally Sponsored Project: All grants and cooperative agreements (direct assistance actions); all incoming or outgoing sub-recipient agreements or subawards (pass-through assistance actions); certain incoming or outgoing contracts (e.g., externally sponsored procurement agreements, including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include purchasing agreements or philanthropic gifts.

Principal Investigator (PI): An individual with a formal affiliation with the University, normally an employee, who is or becomes eligible under this policy to submit a proposal for extramural support for a research, training, public-service, or other externally sponsored project, who personally participates in the project to a significant degree, and who has primary responsibility for the scientific, technical, programmatic, and administrative conduct and reporting of the project, including compliance and financial matters. A Principal Investigator who is the head of a training or other sponsored project may be known as a Project Director. For the purposes of this policy, the terms shall be considered equivalent. The University only recognizes one individual as the Principal Investigator and this individual must personally participate in the project to a significant degree.

Co-Investigator (Co-I): An investigator who will share responsibility for the scientific, technical, and/or administrative conduct and reporting of a research or sponsored project with the Principal Investigator. Each individual named as a Co-Principal Investigator at the University must meet the same eligibility requirements as a PI as noted above. There may be more than one Co-Principal Investigator, but one person is designated as the leader (PI) of the project. While the University allows this approach, not all sponsors allow Co-PI models. In certain cases, a sponsor (e.g., the National Institutes of Health—NIH) may allow a Multiple Principal Investigator model to be employed in a research or sponsored project. Such models feature multiple PIs who are expected to equally share responsibility for leadership of multidisciplinary and other types of “team science” projects that are not optimally served by the single Principal Investigator model. Such models typically require a single “Contact PI” and special justification in the form of a Multi-PI Plan that documents processes for project governance and resolution of conflicts.

TRAINING OF PERSONNEL INVOLVED IN ANIMAL RESEARCH
POLICY STATEMENT

In conduction of research, all people working with laboratory animals must be qualified to do so in order to ensure the humane treatment of animals. As such, Grand Valley complies with the Animal Welfare Act as described below.

PROCEDURES

The Animal Welfare Act (AWA) Sec. 2.32 (a), (b), and (c) specify:

(a) It shall be the responsibility of the research facility to ensure that all scientists, research technicians, animal technicians, and other personnel involved in animal care, treatment, and use are qualified to perform their duties. This responsibility shall be fulfilled in part through the provision of training and instruction to those personnel.

(b) Training and instruction shall be made available, and the qualifications of personnel reviewed, with sufficient frequency to fulfill the research facility’s responsibilities under this section and §2.31.

(c) Training and instruction of personnel must include guidance in at least the following areas:

ADOPTION LEAVE POLICY

Responsible Office:
Human Resources

POLICY STATEMENT

The University recognizes the need for family and medical related leave. The following policy complies with the Family and Medical Leave Act (FMLA) and provides guidelines for procedures regarding paid or unpaid leave. By enacting this policy Grand Valley aims to allow necessary time away from the university for individuals to cope with and adapt to various family and medical related situations as described in this policy.

PROCEDURES

Adoption Leave

Grand Valley State University provides paid time off for bonding for all GVSU employees who are eligible for salary continuation/short term disability policies holding parental relationships for adoption. Please refer to the Parental Leave Policy regarding paid leave time.

Qualifying Expenses

Qualifying adoption expenses will be reimbursed up to a maximum of $3,000 per child. Qualifying expenses are defined as those that are reasonable and necessary adoption fees, court costs, attorney fees, traveling expenses while away from home, and other expenses related to, and whose principal purpose is for, the legal adoption of a child.

Process for Applying for Benefits

Upon formal placement of the adopted child, submit an adoption assistance claim form to Human Resources at 1090 James H. Zumberge Hall along with detailed receipts for eligible expenses. Human Resources will determine eligible expenses, the amount payable for reimbursement and will submit a request to the Payroll Office for payment. The reimbursement will be processed with the next payroll.

Taxation of Benefits

The amount of tax credits and exclusions available to adopting parents vary. Since an employer's adoption assistance is not subject to income tax withholding, GVSU will not determine the extent to which the payment of reimbursement on behalf of each employee is eligible for the exclusion. However, GVSU will withhold taxes only for Social Security and Medicare.

Adding Dependent to Insurance

At the time of placement, you may add your child to your benefit plans. Any additions or changes must occur within 30 days of the official placement. Contact Human Resources at 331-2215 to add dependent.

EXERCISE RELEASE TIME POLICY

Responsible Office:
Human Resources

POLICY STATEMENT
Faculty and staff well being is valued at GVSU. Physical activity is a vital component to well-being and GVSU strives to increase the ability for faculty and staff to take time to fit physical activity into their day. The exercise release time policy reflects University’s mission by providing opportunities for faculty and staff to maintain optimal health and capacity to educate students. The policy supports university values, specifically sustainability and effective teaching. The concept of sustainability includes modeling a lifestyle of healthy living through active living, which this policy supports.

The policy provides opportunities for physical activity during the workday encouraging and promoting health risk reduction. It has been shown that physical activity increases attentiveness, reduces stress and biochemical functions such as blood pressure and glucose levels. A healthier faculty and staff population with fewer health risks can increase the number of positive interactions between faculty, staff and students through improved attentiveness, reduced stress and more.

Upon supervisor approval, GVSU staff may utilize up to two (2) 30 minute time periods a week to allow time to freshen up from, or to prepare for, a fitness class or individual workout. Pending schedules and workload, up to two additional 30-minute time periods per week may be permitted. This time can be added to the beginning of the workday, added to the lunch period, or to the days end and is inclusive of travel time if needed (i.e. to the Field house or YMCA for a class). Days and times to utilize this policy may be determined with the help of a written agreement between the supervisor and staff member (see HR website for this optional written agreement form). The release time may be divided into time prior to or after the indicated workout period. For further information contact Human Resources at 331-2215.

FAMILY AND MEDICAL LEAVE ACT (FMLA) POLICY

SLT 4.3

Date of Last Update: February 04, 2022

Approved By: *Senior Leadership Team

Responsible Office: Human Resources

POLICY STATEMENT

The Family and Medical Leave Act of 1993 (FMLA) gives eligible Grand Valley State University faculty and staff the right to take unpaid leave or paid leave, if appropriate benefits have been earned, for a period of up to 12 work weeks in a 12-month period because of the birth of a child or the placement of a child for adoption or foster care, because the faculty or staff member is needed to care for a family member (child, spouse, or parent) with a serious health condition, or because the faculty or staff member’s own serious health condition makes them unable to do their job, or because of any qualifying exigency arising out of the fact that the staff member’s spouse, child, or parent is a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation. A faculty or staff member may continue their medical and dental coverage by paying all required premiums under the COBRA provisions. If the faculty or staff member does not return from the FMLA leave, they may be required to repay the University for the cost of benefits received while they were on leave. Additional paid or unpaid leave may be considered, may use a combination of vacation and unpaid leave. For purposes of the FMLA, the 12-month period will be a “rolling” 12-month “look back” period based on the faculty or staff members use of the FMLA leave during the previous 12 months. Therefore, an employee will not be entitled to more than 12 weeks of FMLA leave during any 12-month period. Upon supervisor approval, GVSU staff may utilize up to two (2) 30 minute time periods a week to allow time to freshen up from, or to prepare for, a fitness class or individual workout. Pending schedules and workload, up to two additional 30-minute time periods per week may be permitted. This time can be added to the beginning of the workday, added to the lunch period, or to the days end and is inclusive of travel time if needed (i.e. to the Field house or YMCA for a class). Days and times to utilize this policy may be determined with the help of a written agreement between the supervisor and staff member (see HR website for this optional written agreement form). The release time may be divided into time prior to or after the indicated workout period. For further information contact Human Resources at 331-2215.

PROCEDURES

A faculty or staff member on FMLA leave is entitled to maintain the same health benefits (such as medical, dental and vision insurance) as they had before going on leave. The faculty or staff member, however, would continue to pay their share of any applicable premiums during the leave period. A faculty or staff member generally has a right to return to the same position or an equivalent position with equivalent pay, benefits and working condition at the conclusion of the leave. Grand Valley State University also requires notification, as explained in this policy, from faculty and staff members who wish to take a leave under the parameters of the FMLA.

A. Who is eligible for FMLA?

1. All full-time and part-time faculty or staff members who meet all of the following criteria:
   a. Have worked at Grand Valley State University for at least 12 months.
   b. Have worked at least 1,250 hours of service during the 12-month period before the leave.

2. Grant, contract and temporary-funded faculty or staff members may be eligible for benefits under the FMLA during the term of their grant, contract or funding. The provisions of the FMLA do not continue past the date the funding or contract expires.

B. Notification Requirements

1. In order to receive leave under the FMLA, the faculty or staff member must notify their supervisor and Human Resources of the need for leave. When possible, this should be a minimum of 30 calendar days prior to the date the leave will begin.

2. If the faculty or staff member is unable to provide 30 days advance notice (such as a medical emergency) the faculty or staff member must notify their supervisor and Human Resources as soon as possible.

C. Faculty/Staff Job Rights

1. Subject to the specific limitations contained in this Policy, eligible faculty or staff members may take a total of up to 12 weeks of FMLA leave during a 12- month period.

2. The faculty or staff member will be returned to their position or equivalent position at the end of the FMLA leave, provided: the grant/contract/term of employment did not expire during the leave, or the University is still offering those services previously performed by the faculty or staff member at the time the faculty or staff member is ready to return to work, or the faculty or staff member's position was not eliminated due to a business or economic reason.

3. If a faculty or staff member is requesting an intermittent or reduced schedule leave, the University has the right to transfer the faculty or staff to another position during the time period of such leave. However, such a temporary transfer would be to a similarly situated and similarly classified position. The faculty or staff member's salary, benefits, etc. would not be negatively affected.

4. If a faculty or staff member does not return to work after the FMLA leave is over and they do not apply for and receive approval for another University leave, they will be considered to have voluntarily resigned employment with the University.

5. The University will not discharge or discriminate against, or otherwise interfere with, restrain or deny a faculty or staff member from exercising rights under the FMLA.

D. Time Period

1. For purposes of the FMLA, the 12-month period will be a "rolling" 12-month "look back" period based on the faculty or staff member's use of the FMLA leave during the previous 12 months. Therefore, an employee will not be entitled to more than 12 weeks of FMLA leave during any 12-month period.

2. A faculty or staff member requesting a FMLA leave may be required to use available accrued vacation for all or part of the leave. If they do not have enough accrued vacation to cover the leave period they may use a combination of vacation and unpaid leave.

3. University policies on leaves of absences, sick leave, salary continuation etc., will run concurrently with the provisions of the FMLA when applicable. Additional paid or unpaid leave may be considered, consistent with other University approved leave of absence policies.

E. Faculty/Staff Member Benefits

1. The faculty or staff member on FMLA leave will continue to receive University provided medical and dental insurance as though they were working. Such benefits will continue whether the leave is paid or unpaid. If a premium is required, provision to pay the premium during an unpaid leave must be arranged by the faculty or staff member by contacting the Human Resources Office. The same procedure will be followed for collecting premiums under an unpaid FMLA leave as is done for other unpaid leaves. Failure to make required payments will result in loss of coverage, or in an obligation to repay the University if it elects to advance money to keep the coverage in effect. If the leave is paid, any required premium will continue to be deducted from the faculty or staff member's paycheck, as is the customary manner.

2. If a faculty or staff member does not return from the FMLA leave, they may be required to repay the University for the cost of benefits received while they were on leave.

3. If the faculty or staff member does not return from leave, they may continue their medical and dental coverage by paying all required premiums under the COBRA provisions.

F. Intermittent and/or Reduced Schedule Leave

1. Faculty or staff members may request and be granted intermittent/reduced schedule leave in the case of a serious illness of themselves, their parent, spouse or child if there is a medical necessity, or for the birth of a child, adoption or foster care in collaboration with approval of the supervisor, and if the leave needs can be best accommodated through such a leave.

2. Intermittent/reduced schedule leave must be scheduled whenever possible at least ten (10) days in advance.

3. Intermittent/reduced schedule leave must be taken in 15-minute increments.
4. Intermittent/reduced schedule leave is counted toward the 12 week maximum FMLA leave which can be used during a 12-month period.

5. Intermittent/reduced schedule leaves, unless otherwise noted, are subject to the appropriate general provisions of this policy.

6. The faculty or staff member is required to schedule intermittent leave, when possible, so not to unduly interfere with the department's operations.

7. If the faculty or staff member was temporarily transferred to another position during their intermittent or reduced schedule leave, the employee must give the University ten (10) days notice of the ability to end the leave and return to their former position or an equivalent position.

G. Conditions and Procedures for Birth and Adoption (Family Leave)

An eligible faculty or staff member is entitled to take up to 12 consecutive weeks off for family leave for the birth of their newborn child, for the legal adoption of their child, or, to accept foster care placement of a child. The following conditions apply:

1. The 12 weeks of leave is typically taken consecutively and must be within the first 12 months after the birth or adoption. Intermittent or reduced schedule leaves may be considered and will be done in collaboration and with the approval of the supervisor and Human Resources.

2. Each employee is entitled to 12 weeks except if both spouses work for Grand Valley State University. In that case, the total number of bonding weeks taken between the two faculty or staff members cannot exceed 12. This does not include the personal medical recovery period for a birth parent. Leave time must be taken concurrently, unless otherwise approved by the University.

3. The medical recovery period for the birth of a baby will be considered as a medical leave, and be counted towards the 12 weeks of FMLA. This bonding period must be taken within the first 12 months following the baby's birth. The bonding period will also be counted towards the 12 weeks of FMLA.

4. The faculty or staff member requesting family leave for birth/adoption (other than under the provisions of Income Protection) may use available accrued vacation time, unpaid leave or a combination of paid and unpaid leave as part of the FMLA leave, or the University may require the faculty or staff member to substitute available paid leave for FMLA leave. If the employee does not have enough paid benefit time to cover the leave, they will go on an unpaid leave.

5. Verification of adoption, birth of a child of foster placement may be requested.

H. Procedures on Serious Health Condition of Family Member

An eligible faculty or staff member is entitled to take up to 12 weeks off from work to care for a spouse, parent or child with a serious health condition.

1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

2. The “need to care for” a family member includes both physical and psychological care when the family member is unable to care for their own basic medical hygienic or nutritional needs or safety, or is unable to transport themselves to the doctor, etc. It also includes time needed to make arrangements for changes in care, such as transfer to a nursing home.

3. A “child” includes a biological, adopted, or foster child, stepchild, legal ward, or a child of a person standing in loco parentis who is under the age of 18 or, if older than 18, is incapable of self-care because of mental or physical disability. The term “spouse” means husband or wife. “Parent” is the person who acted as a parent when the faculty or staff member was a child but does not include mother-in-law or father-in-law.

4. The leave may be taken intermittently or on a reduced basis but the total amount of time off cannot exceed 12 weeks of the faculty or staff member's normal hours worked.

Example: Full-time faculty or staff member: 40 hours/week X 12 weeks = 480 hours

Part-time faculty or staff member: 20 hours/week X 12 weeks = 240 hours

5. Only in cases where both parents are university employees and one must stay home to take care of the other who is seriously ill, or where there is a serious illness of a child that is so serious as to require a parent to stay with the child, can each parent take 12 weeks off.

I. Procedures on Faculty/Staff Member's Own Serious Health Condition

An eligible faculty or staff member is entitled to take up to 12 weeks off from work due to their own serious health condition, which prevents them from being able to perform the functions of their position.

1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

J. Military Family Leave

1. An eligible faculty or staff member is entitled to take up to 12 weeks off from work because of any qualifying exigency arising out of the fact that the student member's spouse, son, daughter, or parent is a covered member on active duty (or notified of impending call or order to active duty) in support of a contingency operation.

2. Qualifying exigencies may include attending certain military events, attending certain military briefings, and attending post-deployment reintegration briefings.

Example: Full-time faculty or staff member: 40 hours/week X 12 weeks = 480 hours

3. The University will provide eligible employees with 26 weeks of leave during a single (one time only) 12-month period to care for a covered service member (spouse, son, daughter, parent, or next of kin). The leave to care for an injured or ill service member, when combined with other FMLA qualifying leave, may not exceed 26 weeks in a single 12-month period.

4. Intermittent/reduced schedule leaves, unless otherwise noted, are subject to the appropriate general provisions of this policy.

5. Intermittent/reduced schedule leave is counted toward the 12 week maximum FMLA leave which can be used during a 12-month period.

6. Only in cases where both parents are university employees and one must stay home to take care of the other who is seriously ill, or where there is a serious illness of a child that is so serious as to require a parent to stay with the child, can each parent take 12 weeks off.

K. Certification of Need for FMLA Leave

1. Initial Certification - Grand Valley may require certification from the faculty or staff member's health care provider for the following reasons: to verify that the faculty or staff member is needed to care for the family member; or the faculty or staff member is not able to perform their job duties. The University reserves the right to ask for a second opinion by a health care provider chosen by the University. Such an opinion will be paid for by the University. If the University requests a third opinion, that opinion will be final and binding. If the second opinion and the original opinion conflict, the University will pay for a third opinion. The University and the faculty or staff member will work together to reach agreement on whom to use for the third opinion. All certification must be provided to the University within 15 calendar days of the University's request. If practical, the third opinion will be final and binding.

2. Continuing Certification - Each 30 days, the University may request verification of the need to continue the leave. Failure to provide such requested documentation in a 15-day period may result in termination of FMLA leave.

3. A "health care provider" may include, for example, a licensed doctor of medicine or osteopathy, dentist, clinical psychologist, and other health care providers authorized under the Family Medical Leave Act.

4. When the faculty or staff member is ready to return from their leave, they may be required to submit medical verification (if applicable) of their ability to return to work.

L. Questions and Policy Interpretation

1. The Human Resources Office is responsible for implementing and coordinating the provisions of the FMLA for the campus. Questions may be directed to the Human Resources Office, extension X12215.

2. If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where University policy, handbooks or contracts provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

SMOKING (AND VAPING) POLICY

SLT 4.6

Date of Last Update:

April 30, 2024

Approved By:

• Senior Leadership Team

Responsible Office:

Human Resources

POLICY STATEMENT

Grand Valley State University acknowledges the findings of the Surgeon General that tobacco use in any form, active and/or passive, is a significant health hazard. Further, environmental tobacco smoke has been classified as a Class-A carcinogen and there is no known safe level of exposure to environmental tobacco smoke. GVSU has determined that it is in the best interest for the health of its community to ban the use of tobacco products in any form at any location owned or controlled by the university.

Eliminating opportunities for exposure to secondhand smoke protects the overall health of non-smokers. By updating this policy, Grand Valley State University is taking action to remove exposure to the harmful effects produced by smoking for the benefit of all members of the University Community.

Pursuant to this policy, no person* (a) shall smoke or vape or (b) otherwise use any product derived from or containing tobacco on any property owned or controlled by the university or in any vehicle owned, leased, or rented by the university. Products derived from or containing tobacco may not be sold on any property owned or controlled by the university. For the purposes of this policy, to “smoke” means to inhale, exhale, burn or carry any lighted or heated product including but not limited to tobacco or other plant material intended for inhalation, whether natural or synthetic. To “smoke” also includes the use of a pipe or hookah or any electronic smoking device which creates, in any manner, an aerosol or vapor, in any form or any other oral smoking device. Products derived from or containing tobacco include without being limited to cigarettes, (including clove, bids, kreteks), electronic cigarettes, aerosol or vapor nicotine delivery devices, cigars/cigarillos, pipe tobacco, hookah-smoked products, and oral tobacco (spit and spitless, smokeless, chew, snuff).

There will be a one-year grace period from the effective date of this policy before it will be enforced. During the grace period, the previous restrictions on smoking will continue to be in place and enforced.

Individuals who smoke and who wish to quit are encouraged to take advantage of the following smoking cessation programs.

*Traditional Native American spiritual, ceremonial, and cultural tobacco use is permitted on campus with prior approval by the requestor’s supervisor. If the use is for religious purposes, requestors should refer to the Religious Accommodation policy.

Smoking cessation supports are available at the Campus Health Center, local pharmacies, primary health care providers, and the local health departments. Students, faculty, and staff are encouraged to call ahead to inquire about fees. Prior to use of the campus health center, prospective patients may want to check with their health insurance provider to see if costs of any smoking cessation supports can be covered.

Additional supports may be available through The Truth Initiative Tobacco/Vape-Free College Program Grant awarded to GVSU in 2024. This student led program will support Faculty, Students, and staff through the transition with educational and advocacy activities, to include free smoking cessation products. All FDA approved nicotine replacement therapy products will be permitted when used for purposes of smoking cessation.

free. Smoking is prohibited in all indoor spaces; including, but not limited to, educational, housing and dining locations.

Smoking is prohibited in all outdoor spaces within twenty-five (25) feet of any GVSU building, within twenty-five feet of any GVSU bus stop on University property and within twenty-five feet of the Little Mac Bridge on the Allendale campus.

Smoking is prohibited in all University owned, leased or rented vehicles.

At all intercollegiate Athletic facilities and at The Meadows Golf Club smoking is permitted in designated outdoor smoking areas only.

Smokers must cease smoking prior to entering any prohibited smoking area; twenty-five feet from any building, bus stop and bridge.

While GVSU permits smoking in areas not designated to be smoke free, it is the responsibility of smokers to be respectful of non-smokers in choosing a location in which to smoke so as to minimize non-smokers’ contact with second-hand smoke.

Smokers are responsible for properly disposing of all smoking related litter, which includes cigarette and cigar butts, tobacco, etc. Disposal of any smoking litter is not permitted on University grounds except in the provided ash receptacles.

If University facilities are rented by non-University individuals or groups, they shall be notified of and required to comply with this policy.

As the University acquires space or constructs new buildings or additions, smoking shall not be permitted in these buildings or areas. The above twenty-five foot distance from any building will be maintained at all new facilities.

GVSU recognizes that smoking is highly addictive. Smokers interested in assistance with quitting smoking should contact the appropriate office to learn about smoking cessation options and support. Students should contact the Campus Recreation Fitness and Wellness Office and faculty and staff members should contact Human Resources at 331-2215.

Policy Enforcement
This policy assumes that with notice to our community individuals will voluntarily adhere to these regulations and enforcement will not be needed. If smoking is observed in violation of this policy the appropriate action to take is to:

NON-RETRALITION POLICY FOR FACULTY AND STAFF
SLT 4.8

Date of Last Update: April 30, 2014

Approved By:
• Senior Leadership Team

Responsible Office:
Human Resources

POLICY
This policy applies to all employees of Grand Valley State University.

POLICY STATEMENT
A. Policy Statement
Grand Valley State University is dedicated to cultivating a workplace characterized by integrity, respect, and safety, free from harassment and discrimination. Upholding these principles is central to our mission, ensuring that all employees feel empowered to report violations or potential violations without fear of reprisal. Recognizing the importance of promptly and thoroughly addressing such reports, we aim to foster trust and accountability within our community.

The University’s Non-Retaliation Policy for Faculty and Staff strictly prohibits any form of retaliation against individuals who make good faith reports of violations of laws, regulations, or University policies. This protection extends to those who participate in investigations, proceedings, or hearings, as well as individuals requesting accommodations, assistance, or leave under university policy or state/federal law.

PROCEDURES

Procedures
1. Consultation. Employees experiencing retaliation should consult this Non-Retaliation Policy and other relevant University policies and procedures. While informal resolution is encouraged, formal processes may be necessary. Employees should attempt to address concerns directly with colleagues or supervisors before initiating formal processes.
2. Reporting. Potential violations of the Non-Retaliation Policy can be reported online at https://cm.maxient.com/reporting_.Site?GrandValley or by contacting the Human Resources Office via email at complaints@gvsu.edu.
3. Intake. Upon receiving a report, a Human Resources Office designee will schedule an intake meeting within five (5) business days to discuss resolution options. The reporting party may decline attendance, understanding that it may limit the University’s ability to address the reported behavior. Efforts will be made to hold the meeting within ten (10) business days of receiving the report.
4. Options for Resolution.
   a. Discussion without further action.
   b. Utilizing alternative dispute practices. If this occurs, the responding party will be notified of the report and offered the opportunity to begin an alternative dispute resolution process. All parties must enter this process willingly.
   c. Formal resolution through investigation or appropriate policy mechanisms.
   d. In rare cases of significant disruption or danger to the university community at the determination of the Associate Vice President for Human Resources, or designee, formal processes may be initiated without the reporting party’s request. If this occurs, the reporting party will be notified that the matter is being pursued before the responding party is notified.
5. Fact-Finding. Additional information may be gathered to determine appropriate intervention. In such instances, Human Resources Office designee will notify the reporting party and responding party that fact-finding is being initiated. The Division of Inclusion and Equity, which coordinates centralized investigations, will appoint a trained investigator to conduct fact-finding. While each investigation is unique, the goal is to resolve this fact-finding within 20 business days. Delays will be communicated to both parties.
6. Draft Report. Following fact-finding, a Draft Report summarizing relevant information will be shared with both parties, Appointing Officer and Executive Officer of the responding party, and the Human Resources Office. Both parties have five (5) business days to submit a response to the Draft Report, which will then become a part of the Final Report.
7. Decision. The investigator(s) will create a Final Report and determine, based on a preponderance of evidence standard, whether a violation of the Non-Retaliation Policy occurred. The Final Report will be shared with both parties, Appointing Officer and Executive Officer of the responding party, and the Human Resources Office.
8. Action. If a violation is found, appropriate action will be determined by the responding party’s Appointing Officer, in consultation with their Executive Officer and a Human Resources representative. The Appointing Officer will communicate their decision to the responding party within five (5) business days of issuance of the Final Report. At the same time, the Human Resources Office will communicate to the reporting party if action is being taken without disclosing the nature of the action.
9. Appeals. Either party may appeal the decision, in writing, within ten (10) business days, citing reasons for appeal.
   a. An appeal can only be based on one of the following reasons which must be identified in the initial appeal notice:
Individuals wishing to request a modification or exception to this policy as a reasonable accommodation should contact the Office of Disability Support Resources. No person shall bring any animal(s) onto University owned or controlled property unless otherwise permitted by this or other University policy as listed below. A. Animals Permitted on Property Owned or Controlled by the University *:

However, students are strongly encouraged to reach out to the University’s Office of Disability Support Resources (DSR) to ensure that their experience bringing the animal to campus is a positive one. Advance notice of a service animal in housing facilities will enable the University to appropriately plan for the animals’ presence and will allow more flexibility in meeting the student’s needs. Service Animal (www.gvsu.edu/dsr) will conduct the required review, no less than biennially, in even-numbered years. Other actions as determined by applicable university policy or state/federal law.

2. Retaliation includes, but is not limited to punishment, victimization, intimidation, adverse action against an employee regarding the terms and conditions of employment, such as termination, demotion, or suspension, as well as related threats of such actions or adverse action and attempts to deter or coerce individuals from seeking a protected action.

SLT 6.1

Date of Last Update: August 28, 2023

Approved By:

Senior Leadership Team

Responsible Office:
Public Safety

POLICY

This Policy applies to all faculty, students, staff, contractors, vendors and visitors.

POLICY STATEMENT

This policy is intended to enhance the safety and health of students, faculty, staff, contractors, vendors and other visitors, and to supplement the existing GVSU policies, by providing rules and regulations regarding the presence of animals in GVSU facilities.

No person shall bring any animal(s) onto University owned or controlled property unless otherwise permitted by this or other University policy as listed below. Individuals wishing to request a modification or exception to this policy as a reasonable accommodation should contact the Office of Disability Support Resources (https://www.gvsu.edu/dsr).

PROCEDURES

A. Animals Permitted on Property Owned or Controlled by the University *:

1. Service Animals are permitted within all University facilities subject to the additional requirements of this policy. Individuals who wish to bring a service animal into a University housing facility may do so without prior approval. However, students are strongly encouraged to reach out to the University’s Office of Disability Support Resources (DSR) to ensure that their experience bringing the animal to campus is a positive one. Advance notice of a service animal in housing facilities will enable the University to appropriately plan for the animals’ presence and will allow more flexibility in meeting the student’s needs. Service
animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go. Please note that service animals are required to be at least 12 months of age unless an exception to this requirement has been approved by DSR.

2. Employees with a disability who wish to utilize a service animal as a reasonable accommodation in a University office or other areas of campus buildings not open to the general public, must submit the request to the Office of Disability Support Services at least 30 days before the animal is needed.

3. Service animals in training are permitted in all public facilities on the same basis as working service animals, provided that the service animal is being led or accompanied by a trainer for the purpose of training the dog and the trainer has documentation confirming the trainer is affiliated with a recognized or certified service dog training organization. Service animals in training are not permitted in certain classrooms, offices, or other areas of campus buildings not open to the general public. Facilities generally considered off limits unless an exception is granted:
   a. Research Laboratories: The natural organisms carried by service animals may negatively affect the outcome of the research. At the same time, the chemicals, and/or organisms used in the research may be harmful to service animals.
   b. Areas Where Protective Clothing is Necessary: Any room where protective clothing is required or necessary. Examples include chemistry laboratories, research/medical laboratories, wood shops, metal or machine shop, electrical shops, etc.
   c. Areas Where There is Danger to the Service Animal: Any room, including a classroom where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface, where there is hot material on the floor e.g. molten metal or glass; where there is a high level of dust; or where there is moving machinery. Where the threat of injury is to the health of the dog, the student will be permitted to make the decision.
   4. A student or employee with a disability who wishes to utilize a service dog in training in University housing, classrooms, offices, or other areas of campus buildings not open to the general public must seek approval through the reasonable accommodation process.
   5. Animals under the control of a law enforcement officer acting in the course of his or her duties.
   6. Animals kept in residence halls as approved by the Department of Housing and Residence Life including animals kept by housing staff in residence. All animals must register with and be approved by Disability Support Resources prior to entering University housing.
   In accordance with this policy: [link]

7. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go.

8. Animals approved by the University for use in research or for instructional purposes: [link]

9. Animals brought on campus for a special event sponsored by the University or a student organization provided that the event has been pre-approved in writing by the Dean for the sponsoring college or department or by the Office of Student Life.

10. Animals accompanied by members of the University community and visitors, as long as they remain on sidewalks and University walkways.

11. Any animal brought into a University owned or controlled property pursuant to this Policy must be properly licensed, vaccinated and tagged as required by applicable law. All animals must be under the control of the owner or handler and must be on a leash at all times, unless the owner is unable to use a leash due to a disability or the use of a leash would interfere with the service animal's ability to perform its duties. In that case, the owner must be able to control the service animal by other effective means such as voice controls or signals.

12. Animals may not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

*For purposes of this Policy, “University Facility or Facilities” means any building, facility, structure or improvement, open or enclosed, that is owned, licensed, leased by, or under the control of the University.

B. General Requirements:

Persons bringing animals onto University owned or controlled property as permitted by this Policy are solely responsible for:

a. the full control, supervision and care of the animal
b. ensuring that animal droppings or other waste are picked up, thoroughly cleaned up and properly disposed of;
   c. reimbursing the University for the costs associated with the repair of any real and/or personal property and/or University facility damaged directly or indirectly by the animal or the animal's presence in the facility.
   d. assuming full responsibility for any harm caused to others by their animal including medical expenses.
   e. animals must not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

In addition, individuals bringing animals on campus must comply with all other applicable University ordinances, policies, practices and procedures and any applicable local, state or federal ordinances, statute and/or regulation.

C. Areas Requiring Pre-Approval for Service Animals:

1. The University may prohibit the use of service animals in certain locations due to health or safety restrictions, where service animals may be in danger, or where their use may compromise the integrity of research. Restricted locations may include, but are not limited to: teaching laboratories, classrooms, medical and surgical areas, and research areas.

2. Exceptions to restricted areas may be granted on a case-by-case basis by contacting the Office of Disability Support Resources. In making its decision, DSR will consult with the appropriate department and/or laboratory representative regarding the nature of the restricted area and any ongoing research. Additional requirements may be necessary to protect the animal. To be granted an exception: A student and/or employee who wants their animal to be granted admission to an off-limits area should contact DSR. Visitors should also contact DSR.

D. Clarifying Animal Status:

1. Service animals are permitted in all public facilities on campus in accordance with this Policy. University employees should refrain from questioning any individual about an accompanying service animal, including persons with non-visible disabilities, unless there is a genuine question about the animal based upon its behavior.

2. In the unusual circumstance when an inquiry must be made to determine whether an animal is a service animal, a University employee may only ask two questions:
   - Is the animal a service animal required because of a disability?
   - What work or task has the animal been trained to perform?

You may not ask these questions if the need for the service animal is obvious. You may not ask the owner to make the animal perform the task.

3. A University employee may not ask about a person’s disability, require medical documentation, require a special identification card or training documentation for the service animal or ask that the service animal demonstrate its ability to perform the work or task. Although a service animal may sometimes be identified by an identification card, harness, cape, or backpack, such identifiers are not required and should not be requested or demanded for any service animal on campus.

4. Allergies and fear of animals are not valid reasons for denying access or refusing service to people using service animals.

E. Removal of Service Animals:

1. A service animal may be removed from University facilities or grounds if it disruptive (e.g., barking, wandering, posing a direct threat to the health or safety of others; is not housebroken; or displays aggressive behavior and the behavior is outside the duties of the service animal); ill, unhygienic, and/or unsanitary service animals are not permitted in public campus areas. The individual responsible for such an animal may be required to remove the animal. A service animal may also be removed if the animal is out of control and the owner does not take effective action to keep the animal under control. If the out-of-control behavior happens repeatedly, the owner may be prohibited from bringing the animal into facilities until the owner can demonstrate that significant steps have been taken to mitigate the animal’s behavior.

2. When an animal has been properly removed pursuant to this policy, the University will work with the handler/owner to determine reasonable alternative opportunities to participate in the University's services, programs, and activities without having the animal on the premises.

3. Any individual with a dispute or disagreement concerning the removal or restriction of a service animal or any other aspect of this policy should first contact Disability Support Resources. If the matter is not resolved, a request for mediation should be submitted to DSR. Individuals may also file a written complaint with the Equity and Compliance Unit in the Division of Inclusion and Equity by calling 616-331-2894 or at [link].

F. Enforcement of Complaints:

1. If you become aware of a violation of this policy, you are encouraged to attempt informal methods of resolution. For example, if you recognize the person violating this policy, you might contact them or their supervisor to make them aware of the problem. If that is not successful and/or you are not comfortable approaching the person violating the policy or their supervisor, then the Department of Public Safety should be notified. The Department of Public Safety may pick up the animal and hold it for 48 hours. Animals not claimed during that time will be turned over to the county animal control officer and the owner of the animal will be responsible for any associated fees.

2. Students in violation of this policy will be referred to the University conduct process through the Dean of Students Office and may be assessed a fine of up to $250. Employees in violation of this policy will be referred to the Human Resources Office for possible disciplinary action to be determined in consultation with the Equity and Compliance Unit in the Division of Inclusion and Equity and the employee’s supervisor.
DEFINITIONS:

1. Service animal: “any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability.” (28 CFR 36.104) The crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks for the purposes of this definition.

Examples of work or tasks that service animals perform include, but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as books or the telephone, alerting a person to a sudden change in blood sugar levels, providing physical support and assistance with balance and stability to individuals with mobility disabilities, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

a. The University may permit the use of a miniature horse on the same basis as a service animal if the horse has been trained to do work or perform tasks for the benefit of the individual with a disability and after an assessment of the following factors: the type, size and weight of the miniature horse and whether the facility can accommodate these features; whether the handler has sufficient control of the miniature horse; whether the miniature horse is housebroken; and whether the miniature horse’s presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation. (28 CFR 35.136)

2. Service animal in training: Dogs twelve months of age and older being individually trained to do work or perform tasks for people with disabilities that are at all times accompanied by a certified trainer. Puppies (dogs less than twelve months old) in training are not permitted in any University facilities.

ENDOWMENT SPENDING

SLT 6.4

Date of Last Update: September 26, 2022

Approved By: *Senior Leadership Team

Responsible Office: Business and Finance

POLICY STATEMENT

Each year the University Board of Trustees approves spending rates for true and quasi-endowments. These rates are used to calculate the amount that can be distributed from each endowment. Only investment income is distributed from true endowments, as the principal must be maintained intact in perpetuity. Payouts are calculated quarterly for the current fiscal year based on the average balance over a rolling three-year period net of the endowment administration fee. Effective July 1, 2024, the payout will occur annually, during the first quarter of the fiscal year.

An endowment requires a minimum balance of $50,000 in principal before spending can begin.

PROCEDURES

A spending fund is created for each endowment so that monies are expended according to the purpose for which the endowment was established; usually a restricted fund is utilized for true endowments and a designated fund for quasi-endowments. Documentation that supports how the funds are expended must be maintained for five years. Specifically, for true endowments established to fund scholarships, the selection committee must ensure that documentation regarding the criteria utilized for candidate selection and award is maintained for a five-year period.

To detect any of the Red Flags identified above associated with the enrollment of a student, GVSU personnel will take the following steps to obtain and verify the identity of the person opening the account:

a. Require written verification from any applicant that the address provided by the applicant is accurate at the time the request for the credit report was made to consumer reporting agency
b. In the event that notice of an address discrepancy is received, verify that the credit report pertains to the applicant for whom the requested report was made and report to the consumer reporting agency an address for the applicant that GVSU has reasonably confirmed is accurate

Preventing and Mitigating Identity Theft
In the event that GVSU personnel detect any identified Red Flags, such personnel shall take one or more of the following steps, depending on the degree of risk posed by the Red Flag:

a. Continue to monitor a covered account for evidence of identity theft

g. Notify law enforcement
h. Determine that no response is warranted under the particular circumstances

Protecting Student Identifying Information
To further prevent the likelihood of identity theft occurring with respect to covered accounts, GVSU will take the following steps as they relate to internal operating procedures:

a. Ensure that the GVSU website is secure or provide clear notice that the website is not secure
b. Ensure complete and secure destruction of paper documents and computer files containing student account information when a decision has been made to no longer maintain such information
c. Ensure that office computers with access to covered account information are password protected.
d. Avoid use of social security numbers

Oversight
Responsibility for developing, implementing and updating this Program lies with an Identity Theft Committee (Committee) for GVSU. This Committee is headed by a Program Administrator appointed by the President. Two or more individuals appointed by the Program Administrator comprise the remainder of the committee.

The Program Administrator is responsible for ensuring appropriate training of GVSU personnel review of staff reports regarding the detection of Red Flags and the steps for preventing and mitigating identity theft, determining which steps of prevention and mitigation should be taken in particular circumstances and considering periodic changes to the Program.

Service Provider Arrangements
When the GVSU engages a service provider to perform an activity in connection with one or more covered accounts, GVSU will take the following steps to ensure the service provider performs its activity in accordance with reasonable policies and procedures designed to detect, prevent and mitigate the risk of identity theft:

a. Require, by contract, that service providers have such policies and procedures in place
b. Require, by contract, that service providers review GVSU's Program and report any Red Flags to the Program Administrator or GVSU employee with primary oversight of the service provider relationship

Program Updates
The Committee will periodically review and update this Program to reflect changes in risks to students and soundness of GVSU's policies, procedures, protocols and practices from identity theft. In doing so, the Committee will consider GVSU's experience with identity theft situations, changes in identity theft methods, changes in identity theft detection and prevention methods, and changes in GVSU's business arrangements with other entities. After considering these factors, the Program Administrator will determine whether changes to the Program, including the listing of Red Flags, are warranted. If warranted, the Committee will update the Program, subject to approval by the Senior Leadership Team.

- The employee’s department will be responsible for any keys not returned.

Levels of Keys and Issuance
A system of keys ranging from Grand Master (GM) Keys down to the lowest level key is used to satisfy user needs. Facilities Services aims to issue the smallest number of keys possible. Keys will not be issued where card access is available.

Grand Master Key is the highest-level key on campus. These keys cover all of the keyways within the entire key system. All GM key requests must receive the approval of the appropriate division heads, the Associate Vice President for Facilities Services, and the Vice President for Finance and Administration. These keys are issued to the Associate Vice President for Facilities, Director of Facilities, Assistant Director, or Manager of Facilities Services, the Director of Facilities Planning, Project Managers, the Director of Public Safety Services, Facilities Services Supervisors and Public Safety Officers. Other Facilities Services staff and some university personnel may be approved, but only after administrative, and executive officer authorization.

Due to the level of access granted by a GM key, all GM keys will be issued on a tamper proof key ring, and require a tracking device be added to any key ring containing this level of key. The initial tracking device will be issued by Facilities Services Allendale or Facilities Services Grand Rapids and Regional Centers. Data collected through the tracking device is for use only by Facilities Services - Allendale, Security staff, and Facilities Services – Grand Rapids and Regional Centers and is for the sole purpose of locating a GM key in the event of loss or theft. Employees are prohibited from tampering or attempting to alter or disable the tracking device or key ring which the GM key was issued. The employee will be responsible for costs associated with replacing a tracking device due to loss or theft. Replacement due to damaged, worn, or non-working tracking devices will be covered by Facilities Services – Allendale or Facilities Services – Grand Rapids and Regional Centers, so long as the damaged, worn or non-working tracking device is returned.

Master Keys operate all keyways except mechanical rooms and designated restricted areas. These keys are issued to Deans or Administrative Assistants with responsibility for all building and department
activities. Custodial Staff will also be issued appropriate keys for the building to which they are assigned. Issuance of these keys must be approved by the Associate Vice President for Facilities Services.

Sub-Master Keys operate a sub-group of locks within a master key system such as an individual department. These are issued based on proof of need and require approval of the Associate Vice President for Facilities Services.

Operator Keys allow entry to individual offices or rooms. These are the primary keys issued to faculty and staff. Approval is from the Associate Vice President for Facilities Services.

Entrance Keys operate entrance doors to buildings, departments, or suites. Approval is from the Associate Vice President for Facilities Services.

File Keys are issued as requested to allow access to department files or personal office files, desks or cabinets.

Key Records
A Key record is maintained for each employee possessing a University key or access card. The information in the key system includes the employee’s name, job title, department and phone number. The system also lists the date the key is issued, the key code, access location, room numbers, employee’s signature, and dates of key/access card return.

Key Request Procedures
- Access to locked areas of the University is based upon need.
- Whenever possible, employees will be issued the minimum number of keys and access cards at the lowest level allowing access to their areas of assignment only.
- Students, Grad Assistants, and temporary employees will not be issued brass keys to academic buildings. Employees signing out keys for these individuals will be held responsible for the keys.
- Access cards may be issued if a student is enrolled in a program that requires card access i.e.: Engineering, Health Campus Programs, CLAS.
- Grad Assistants may be issued access cards for the duration of their employment to buildings or spaces where they work.
- All key requests must be submitted in the KEY SYSTEM, which is available on the Facilities Services website.
- Information in the KEY SYSTEM must be complete with proper supervisor or department approval. Incomplete requests will be denied. Proper justification must be provided for anything other than keys to specific doors.

Upon approval
Allendale Campus: Keys will be delivered to a designated office or can be picked up at the Central Utilities Building (CUB). The employee responsible for the keys/cards will use their university username and password to login to the electronic key system to verify receipt and responsibility of the keys/cards.

Grand Rapids Campuses: The requestor will receive an email letting them know that the keys/cards are ready to be picked up at either the Facilities Services office located in the Bicycle Factory, Suite 350, or at the main desk of the Cook-DeVos Center for Health Sciences Building. The employee responsible for the keys/cards will use their university username and password to log in to the electronic key system to verify receipt and responsibility of the keys/cards.

Regional Centers: Keys/cards requested for regional center buildings will be delivered. The employee responsible for the keys/cards will use their university username and password to log in to the electronic key system to verify receipt and responsibility of the keys/cards.

Return of Keys
When a key or access card is returned from an employee because the need no longer exists, the key record system will be updated with a return date. Upon termination of university employment, Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers will be notified by Human Resources.

The employee’s supervisor should follow up and direct the proper return of keys to Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers. These key changes are reflected in the key records and the file is closed.

Under no circumstances are keys to be retained by the department and given to a new employee.

Contractors and Vendors - Special Key Issuance and Lost keys
Vendors are issued temporary keys and access cards through the Facilities Services Allendale office or the Facilities Services Grand Rapids and Regional Centers office. Such keys and access cards are to be returned immediately upon completion of the contracted service or by 5:00 p.m. each day. Keys may be kept overnight with university manager approval.

In addition to the fee for a lost key, the responsible person/vendor accepts the responsibility to pay for the re-core of the building or buildings which the lost key was assigned to open. The cost of such a re-core may reach $10,000.00 or more depending on the size of the building and number of cores to replace. We urge all of our contractors/vendors to maintain custody of your keys and access cards at all times.

Students and Temporary Job Assignments
Students and temporary employees may have keys or access cards temporarily assigned to them for the duration of their shift and must return them daily. These are to be checked out through the Facilities Services Allendale office or the Facilities Services Grand Rapids and Regional Centers office and require supervisor’s permission. A driver’s license must also be presented and information will be recorded.

Employees receiving temporary job assignments may reach the appropriate building key from the Facilities Services Allendale office or Facilities Services Grand Rapids and Regional Centers office to work in the assigned area. (Example: custodians or maintenance personnel temporarily assigned to a different routine). These keys may be held for the duration of the temporary assignment and do not have to be returned daily.

Key Check Out Procedures
Lock Box Keys are issued to Facilities Services Allendale, Facilities Services Grand Rapids, Public Safety, Technology Services, and designated contractors only. This key allows access to key boxes that are located in designated buildings and contain a master key for that building. Lock Box keys are issued to designated individuals within these departments based on proof of need. These key requests must be approved by the Associate Vice President for Facilities Services.

Allendale Campus: Key and access card checkout is located in CUB for temporary checkout of keys and access cards. Identification (driver’s license) of the individual checking out the key as well as verification of need will be necessary.

Grand Rapids and Regional Center Campuses: Key and access card checkout for the Pew Campus and Regional Centers is located at the Bicycle Factory, Suite 350, for the temporary checkout of keys and access cards. Key and access cards for the Health Campus can be signed out from the main desk at the Cook-DeVos Center for Health Sciences. Identification of the individual checking out the key as well as verification of need will be necessary. Keys and access cards are to be returned daily by 5pm.

LIGHTNING/SEVERE WEATHER POLICY - ATHLETICS

SLT 6.14

Date of Last Update: August 22, 2014

Approved By: Senior Leadership Team

Responsible Office: Athletics

POLICY STATEMENT
The safety of all participants and observers of athletic events is extremely important. Therefore, the Athletics Department has developed the following policy and chain of command in order to ensure the safety of both athletes and onlookers in the case of severe weather during an athletic event.

PROCEDURES

Chain of Command
The athletic trainer(s) present (most practices) in coordination with the game administrator and game officials are responsible for terminating an athletic activity in the event of lightning or other severe weather. During outdoor activities, a primary responsibility of the athletic trainer(s) is to have the ability to make sound decisions on environmental factors effecting the safety and well being of the athletes as well as others involved with the activity.

The certified athletic trainer will communicate with the game administrator, the head coach, and game official(s)/umpire(s) of the potential for lightning or severe weather and will make the recommendation that all activities stop or be suspended.

If the head coach is not present, the senior most member of the coaching staff will assume responsibility.
If an athlete proceeds with their outside activity against the recommendation of the individual in charge to seek a safe shelter, the athlete assumes all personal liability with regard to their safety and health.

If a coach and/or game official(s)/umpire(s) make the decision to continue to practice and/or continue with a game or other activity despite a Telvent weather warning, the cancellation of classes, and/or the verbal instruction by a certified athletic trainer or game administrator, they will be doing so against the recommendations of the Grand Valley State University Athletic Department and will be personally liable for any and all injuries.

Severe Weather

In the event of severe weather, the following measures will be taken by Grand Valley:

The athletic training staff will check the weather daily prior to the practice or competition. Up-to-date weather reports will be obtained by using Telvent services.

During outdoor practices and games, an early warning text message system from Telvent may be used to help determine the occurrence of and/or distance of lightning in the area. The weather reports and systems will be monitored for storms that may develop during practices and games.

When an early warning text message system from Telvent has detected lightning or thunder has been heard, the athletic trainer in charge will monitor the distance on the early warning system. When the lightning is within an 8-mile radius of the venue, the activity will be ceased and a warning message with recommended safe structure will be given.

Anytime the Meadows sirens are used to close the golf course, all athletic outdoor activities will be suspended.

The certified athletic trainer will be responsible for notifying the head coach, official(s)/umpire(s) and game administrator (if present) of the lightning or severe weather. The certified athletic trainer will recommend play to be suspended at this time and shelter should be taken.

Any person who feels they are in danger of any lightning activity will have the right to leave the field or event site to seek safe shelter without fear of penalty or repercussion.

If play is suspended due to severe weather, everyone (including observers) should seek shelter in the designated “safe structures” (listed in Table A). A “safe structure” is defined as “any building normally occupied or frequently used by people, i.e. a building with plumbing and/or electrical wiring that acts to electrically ground the structure.” This structure does not include: shower facilities, baseball/softball dugouts, outside storage sheds, and canopies/awnings/tents. When in a “safe structure,” stay away from corded telephones, electrical appliances, lighting fixtures, ham radio microphones, electric sockets, and plumbing.

In the absence of a “sturdy, frequently inhabited building,” one may seek shelter in fully enclosed hardtop vehicles but should not touch the sides of the vehicle.

If no “safe structure” is available within reasonable distance, find a thick grove of small trees surrounded by taller trees or a dry ditch and assume a lightning safe position. A lightning safe position is one in which one is crouched on the ground with only the balls of the feet touching the ground, with their arms wrapped around the knees and head lowered. Do not lie flat on the ground. Stay away from the tallest trees or objects (i.e. light poles or flag poles), metal objects (i.e. fences or bleachers), individual trees, standing pools of water, and open fields. Avoid being the highest object in a field.

Any person who feels his/her hairs stands on end or skin tingle should immediately assume a lightning safe position.

Avoid using a landline telephone. Cellular phones may be used in an emergency situation.

Resumption of Activity

Play will resume thirty minutes following the last flash of lightning per the Telvent warning system. The certified athletic trainer will make this recommendation to the official(s) during an official game.

Blue skies and absence of rain are not protection from lightning. Lightning can strike up to ten miles from the rain shaft and it does not have to be raining for lightning to strike.

Care of a Lightning-Strike Victim

A lightning strike does not stay attached to the source therefore they do not carry an electrical charge. It is safe to touch the victim to move him/her to a safe location and to render medical treatment. Medical personnel should consider their own personal safety before venturing into a dangerous situation to render care.

Lightning-strike victims who show signs of cardiac or respiratory arrest need emergency help quickly. CPR and AED use should begin immediately, if necessary. Prompt, aggressive CPR has been highly effective for the survival of victims of lightning strikes.

Victims should be assessed and treated for apnea, asystole, hypothermia, shock, fractures and burns.

Refer to the Safe Structures table.

SPACE HEATERS AND PERSONAL APPLIANCE POLICY

SLT 6.16

Date of Last Update:
January 12, 2015

Approved By:
Senior Leadership Team

Responsible Office:
Pew Campus Operations/Allendale Facilities Services

POLICY STATEMENT

The following policy language is intended to promote the safety of the campus community, improve the comfort of faculty/staff, prevent physical damage to university facilities and conserve energy at Grand Valley State University.

PROCEDURES

Space Heaters:
The use of electric space heaters (or those fueled by other means) is strictly prohibited in any GVSU facility. Electric space heaters pose a safety risk and fire hazard by overloading building electrical circuits. They are also a very inefficient means of providing heat and often result in the discomfort of occupants in nearby offices or work areas.

Individuals who believe their work area is too cold (or hot) may contact Facilities Services (Allendale Campus) at extension 1-3000, or Operations at extension 1-6700 (Pew Campus & Regional Centers). A work order may also be submitted online at webtma.plant.gvsu.edu to request that their space be evaluated for temperature adjustments.

Other Personal Appliances:
The following appliances are also prohibited from being used in offices or other non-designated common areas at GVSU:

- Air conditioners
- Grills
- Coffee makers
- Crock-Pots
- Toaster ovens
- Toasters
- Mini Refrigerators
- Other small kitchen appliances
- Microwaves
- Other appliances that do not meet the intent of this policy

Many of these appliances are available to faculty/staff in designated break kitchens and lounge areas. If your department wishes to add an additional shared item to a break/lounge area, please contact the Operations Manager or Facilities Supervisor for your designated building to discuss its placement.

Exceptions:
Operations and Facilities Services will work to accommodate medical necessities, departmental events or other special conditions that may warrant an exception to this policy.

Responsibility:
Enforcement of this policy is the responsibility of departmental supervisors. Facilities Services and Operations staff will report unauthorized space heaters and other appliances discovered in the course of their work. The supervisor, chair, dean or director that is responsible for the area will be notified.

TRAVEL POLICY

Date of Last Update:
July 01, 2021

Approved By:
Senior Leadership Team

Responsible Office:
Business and Finance

POLICY STATEMENT

This document is designed to provide guidance to faculty and staff on University travel policies, regulations and procedures. These guidelines are in general terms and are not expected to cover every situation. For questions regarding policies, procedures or travel arrangements, call Procurement Services at 616-331-2280. For questions regarding travel and expense reimbursement, call the Accounting Office at 616-331-2203.

Policy Statement for Travel and Expense Reimbursement

University travel is defined as traveling to conduct business on behalf of the University. The following individuals are eligible for reimbursement of reasonable expenses while traveling on University business:

- University Board of Trustees, faculty and staff employees.
- Students in appropriate/approved circumstances and sponsored by a department.
- Guests invited for lectures, consulting, interviews, recruiting, and other special occasions, or those requested to travel for the University as specified in a contractual arrangement. For these circumstances, the sponsoring Division or Department will use Concur to submit the reimbursement for travel expenses.

Authorization

Travel approval and reimbursement authority may be delegated by Executive Officers to supervisory individuals within their Division. Delegation authority shall be in writing and updated annually. It is the responsibility of each prospective traveler to secure the appropriate approval for University travel from their Supervisor, Director, Department Head, Dean, or Executive Officer. Additional regulations may apply for travel associated with grant funding and international travel.

Supervisors, if designated, will have the authority to approve travel and expense reports for their direct reports up to $5,000.

Additional approval from an Appointing or Executive Officer may be required for exceptions to travel policies.

See the Travel and Expense Procedures for authorization details.

Travel Arrangements and Booking

Individual travel shall be booked via the Travel & Expense (T&E) system for reserving travel (air/lodging/rental cars). The University Travel Agent can assist with bookings for multi-leg trips, group/sports travel.
and international travel.

Guidance and procedures relating to transportation modes, including rental cars and use of personal vehicles, lodging, conference fees, etc. are outlined on the Business & Finance website. See the Travel and Expense Procedures for details.

Charging Expenses

University faculty and staff, if issued a University Purchase Card (P-Card), shall charge all business and business travel expenses to their P-Card. In the event a traveler does not have a P-Card, the traveler may use a debit card issued to them through the Accounting office, request a Cash Advance through the Accounting office, or use personal funds/payment methods and request reimbursement. Note: Cash advances will only be allowed when all other forms of payment have been explored and been found unfeasible. See the Travel and Expense Procedures for details.

Meals

Meals, to the extent practicable, shall be charged to a University P-Card. The GSA Per Diem meal rate, by locality, will be applied to each purchase. If the GSA rate is exceeded for any one purchase, the traveler will be responsible for reimbursing the University for the difference.

For authorized individuals only, alcohol may be purchased on the University P-Card. See the Travel and Expense Procedures for further details regarding alcohol purchases.

If dining with a University guest along with a group of GVSU employees as part of a valid business purpose, group meals shall be paid using the University P-card and will be reimbursed at the GSA rate, by locality, per person. Exceptions to exceed the per diem rate must be approved by the Appointing Officer or Executive Officer. A receipt(s) and all attendees must be input into Concur Reimbursement for group meal reimbursement.

Expense Reimbursement/Reconciliation of P-Card

Expenses incurred on behalf of the University, whether through a P-Card or personal funds, must be approved by an individual’s authorized travel supervisor and submitted to the Business and Finance office through the University’s Travel and Expense system within 30 days of completion of travel. Unreconciled charges may be charged to the traveler’s department FOAP and may result in suspension of P-card and cash advance abilities.

Miscellaneous

The University will permit the benefits of airline/hotel/rental car rewards programs derived from travel paid for by the University to accrue to the traveler. This provision does not permit travelers to charge travel and booking arrangements with a personal method of payment when the University P-Card can be used.

UNIVERSITY DESIGNATED AND PLANT RESERVE FUNDS POLICY

SLT 6.19

Date of Last Update: April 12, 2022

Approved By:

Senior Leadership Team

Responsible Office: University Budgets

POLICY STATEMENT

University reserve funds are categorized by type and will be managed by identifying target balances, authorized expenditures, and reporting thresholds for each reserve fund. The Business and Finance Office shall prepare a summary reserve report for the SLT-B annually after the close of each fiscal year.

Reserve funds are separate and distinct from operating funds. Reserve funds provide the University a measure of protection and flexibility during periods of fiscal distress or when needed for high-priority strategic initiatives requiring one-time resources. Since reserve fund levels are not restored or maintained through a specific general fund budget line item but only through excess Divisional or University general funds, reserve use should be judicious and seek to always maintain compliance with minimum threshold levels unless dire fiscal circumstance warrant. Reserve fund levels are an important factor in the University’s credit rating and as such, expanding reserve levels beyond the policy floors should only be undertaken in rare, emergent circumstances.

-Designated Divisional Reserve Funds are for the use of that respective division.
-Designated Institutional Reserve Funds are for the specific purpose of that named fund.
-Plant Reserve Funds are either purpose specific or are unrestricted and serve as a resource to either solely fund, or partially fund, planned or emergent projects outside of budgeted resources.

DESIGNATED DIVISIONAL RESERVE FUNDS

Designated divisional reserves are primarily funded by General Fund budget surpluses from each division. Each division shall keep any General Fund budget surpluses within its designated reserve. However, if fiscal circumstances warrant, the Senior Leadership Team-Budget (SLT-B) may elect to retain divisional budget surpluses for institutional needs.

The target range for designated divisional reserve balances is 10-20% of the General Fund budget for the respective division.

The floor for a designated divisional reserve is 5% of the General Fund budget for the respective division.

The Business & Finance office will monitor the balance of the divisional reserves with respect to these targets after the close of each fiscal year.

If a divisional designated reserve falls below the target range, the respective Executive Officer shall notify the Vice President for Finance and Administration as to the circumstances surrounding expenditures from the divisional reserve.

If a division’s designated reserve balance falls below the floor, the Executive Officer shall submit to the Vice President for Finance and Administration a corrective plan for restoring the reserve balance to the target range. In this case, additional expenditures from a divisional designated reserve are not authorized unless approved by the Vice President for Finance and Administration.

Designated divisional reserves with an average balance in excess of the target range for more than 3 consecutive years will be subject to review to determine if reallocation of reserves is appropriate for other institutional use(s). Under special circumstances, e.g., planning for special projects or expecting significant market adjustments, balances in excess of this range shall be permitted.

EXPENDITURES AGAINST DESIGNATED DIVISIONAL RESERVES

Designated divisional reserve funds are established, in part, to provide Executive Officers with sufficient flexibility to initiate new ideas or plan for large project expenditures. The following expenditures may not be charged against designated reserve funds:

-Permanent base positions
-Position contracts for periods exceeding one year and position contract renewals funded by the designated reserve. Position contracts for periods exceeding one year may be approved by the Business and Finance Office for pilot program purposes. Continuation of position contracts beyond approved exceptions must be funded by existing divisional base budget resources.
-Contracts that are expected to deplete designated reserve level below the target range over the contract period. Anticipated sweeps to the reserve will not be permitted in calculating any projected balance.
-Covering recurring deficits in General Fund operating budgets

Expenditures over $50,000 individually or in the aggregate for a single project in a Designated Reserve Fund may be approved by an Executive Officer or their designee and shall be reported to the Business and Finance Office.

Expenditures anticipated to be over $250,000 annually, whether individually or in the aggregate for a single project, in a Designated Reserve Fund must be submitted by the respective Executive Officer to the Vice President for Finance and Administration for approval before contractual obligations are made. This may include expenditures that span multiple fiscal years.

Each Executive Officer may elect to have one or more divisional reserves for its General Fund budget surpluses, but for policy application, the target balances will be considered in relationship to the entire General Fund budget for each division.

DESIGNATED INSTITUTIONAL RESERVE FUNDS

Enforcement of Complaints

Any violations of this policy will be dealt with in accordance with applicable University procedures which may include disciplinary actions and where appropriate, legal action. All complaints concerning the operation of UAS/MA over University Property should be referred to the Department of Public Safety. Users will also be subject to applicable Federal and State laws.

USE OF SECURITY CAMERAS

POLICY STATEMENT

Grand Valley State University seeks to promote campus safety and to provide its community with a secure environment. Security video camera systems are a critical component to a comprehensive emergency and security plan. A security camera is defined as video technology that records a specific area in order to detect, deter, prevent, or investigate crime or other threats to public safety. The University takes seriously its responsibility to protect personal privacy when it operates security camera systems. No security camera will be installed on University owned or controlled property in any location for which there is a reasonable expectation of privacy. These areas include but are not limited to restrooms, locker rooms and occupied student residential rooms. This policy applies to stationary security cameras owned or controlled by the University and not to portable or temporary camera applications. All other stationary cameras that are not for official University use, portable or not, are prohibited.

This policy serves to regulate the installation and appropriate uses of security cameras, including the retention, viewing, release and destruction of recorded images, data or records produced by security camera use.

The existence of this policy does not imply or guarantee that security video cameras will be monitored in real time, continuously or otherwise, nor that any particular department is going to observe and respond to a crime in progress.

Video recordings with information about a specific student are considered law enforcement records unless the University uses the recording for disciplinary purposes or makes the recording part of the educational record. The Department of Public Safety, working in conjunction with the Information Technology Department has the authority to select, coordinate, operate, manage, and monitor all security camera systems pursuant to this policy.

PROCEDURES

Individual colleges, departments, programs, or organizations wishing to install security camera equipment for official University use on any of the University campuses are required to collaborate with Facilities Planning and the Department of Public Safety and Information Technology prior to any installation. All equipment and installation must be approved and coordinated through the Department of Public Safety in order to meet the minimum technical specifications identified by the Department of Public Safety and Facilities Planning along with Information Technology for technical standards. All costs for purchase, installation, and maintenance of security cameras will be the responsibility of the appropriate project budget or the department/unit making the request. The University reserves the right to remove or disable cameras not compliant with this policy.

Security Camera System Operators

Security Camera System Operators are trained staff members who have access and been assigned responsibility by the Department of Public Safety. Prior to being permitted access to any security cameras, these individuals will be trained by the Department of Public Safety in the technical, legal, and ethical parameters of appropriate camera use. The Department of Public Safety will maintain an up-to-date list of authorized Security Camera System Operators having access to the system and any live or recorded images. Access to viewing, copying, duplicating and/or retransmission of live, recorded video or still images will be limited to Security Camera System Operators.

Security Camera System Operators are responsible to appropriately protect the privacy of personal information that may have been captured by cameras under their control.

Recordings

Images recorded by security camera systems are considered sensitive information that are to be protected from unauthorized access for modifications, duplications or destruction. The stored images generated by University security cameras are to be kept in a central location and secured in a network location established by the Information Technology department.

Stored data may be released when it is related to any criminal investigation, civil suit, subpoena or court order, arrest, or to aid in a disciplinary proceeding against a student or personnel actions against an employee. Stored data needing to be retained as part of a civil or criminal investigation may be downloaded and retained by law enforcement personnel according to their individual department policies. Internal requests to release stored data are to be authorized by the Director of Public Safety or designee(s).

All recordings will be re-recorded over every 30 days unless there is a demonstrated business need, ongoing investigation, court order, or other bona fide use as approved by the Director of Public Safety or designee(s).

Monitoring

University security cameras are not monitored continuously under normal operating conditions but may be monitored for legitimate safety and security purposes that include, but are not limited to, the following: High risk areas, restricted access areas/locations, in response to an alarm, special events, and specific investigations authorized by the Director of Public Safety or designee(s).

Any person who tampers with or destroys video security equipment will be subject to criminal prosecution and/or campus disciplinary processes.

FUNDRAISING POLICY

SLT 8.3
Date of Last Update: December 08, 2014
Approved By: Senior Leadership Team

Responsible Office: University Development

POLICY STATEMENT

University Development helps Grand Valley State University fulfill its mission and realize its aspirations in three ways: (1) securing, stewarding and increasing financial support; (2) building meaningful partnerships with external and internal constituents; and (3) communicating the university’s character, quality, priorities and goals.

Accordingly, University Development must strive at all times to ensure that its policies and procedures and those of the university are in compliance with local, state and federal regulations in regard to the solicitation and acceptance of gifts. Any deviation from the Internal Revenue Code could result in fines, public embarrassment and/or the loss of the University’s tax-exempt status.

Any fundraising activity that employs the name, image or reputation of the University, in an effort to secure financial gifts will be considered fundraising in the name of the University and is subject to this policy.

Any potential fundraising activities on behalf of an University program or initiative must first be approved by the appropriate dean and/or the divisional vice president before a request for assistance is directed to the Development Office. Development or their designee is empowered to issue the University’s official receipt that qualifies a donor’s charitable contribution as deductible for tax purposes.

Any fundraising activity that employs the name, image or reputation of the University, in an effort to secure financial gifts will be considered fundraising in the name of the University and is subject to this policy.

In the area of “sponsored research”, University Development may work with the Office of Sponsored Research to determine the most appropriate fit for the project.

In all decisions related to funding, the priorities of the University, as approved by the Board of Trustees, shall guide the decision making process.

University Development will not share lists of donors or other constituents with individuals and organizations not affiliated with our approved university fundraising activities.

This policy shall apply to any and all members of the University community, as well as to any other individuals or organizations who may represent themselves as members of the University community or who claim to be acting on behalf of the University. This policy does not apply to members of the University community when they are engaged in fundraising activities for other organizations and/or when they have explicitly stated that their fundraising activities are unrelated to the university.

Today’s donors have more outlets for their philanthropic desires than ever before. As competition for the philanthropic dollar has increased, donors now receive multiple requests from many different non-profit organizations. Consequently, they are likely to become annoyed by multiple requests from the same organization. To ignore this is to risk reduced support, an outright refusal, or perhaps even permanent disconnection of support.

Grand Valley State University can be at the forefront of a donor’s choice if we are clear in our intent, focused on the university’s highest priorities, and present exciting opportunities for support. Coordination of university-wide fundraising activities is imperative.

Prohibited Activities

Members of the University community are prohibited from engaging in the following tactics and activities for purposes of fundraising:

- Use of home addresses from the university telephone directory to compile calling or mailing lists.
- Use of the Grand Valley State University Alumni Directory to compile calling or mailing lists.
- Use of one’s status as a Grand Valley State University employee or student to secure a gift commitment unless specifically authorized to do so.
- Use of “mass e-mails” on the campus intranet system to solicit gifts unless specifically authorized to do so by University Development.
- Conducting lotteries or similar games of chance, which the State of Michigan defines as gambling. Raffles may be conducted with prior approval from the Office of Student Life. For procedures and protocols implementing this policy please contact the Development Office.
**GIFT ACCEPTANCE AND DISPOSITION POLICY**

**SLT 8.4**

**Date of Last Update:** July 31, 2008

**Approved By:**
- Senior Leadership Team

**Responsible Office:**
- University Development

**POLICY STATEMENT**

This policy is established to govern the acceptance and disposition of all gifts made to Grand Valley State University, whether such gifts are inter vivos (lifetime) or from estates, other than gifts of: (1) cash or (2) publicly traded equity traded on national exchanges. The Vice President for Development in advance of acceptance must approve all such gifts, which fall under this policy. Gifts subject to this policy will be considered in four categories:

1. Tangible personal property
2. Real property
3. Life insurance
4. Other assets

The latter category includes, but is not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities. The criteria for acceptance, the approval process, and the disposition policy (where relevant) for each category are set forth below.

**PROCEDURES**

1. **Tangible personal property**
   
   **A. Criteria for acceptance**
   
   Gifts of tangible personal property, including but not limited to works of art, manuscripts, literary works, boats, motor vehicles, and computer hardware, may be accepted only after thorough review indicates that the property is (1) readily marketable and (2) needed by the University for use in a manner that is related to one of the purposes for which tax-exempt status of the University was granted; that is, for education, research, or a combination of both.

   **B. Approval/acceptance process**
   
   A Development Officer or other appropriate gift officer will prepare a written summary of the gift proposal and submit that summary to the Assistant Vice President for Development Services. At a minimum, the summary shall include the following information:
   - Description of the asset
   - The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
   - An estimate or appraisal of the gift’s fair market value and marketability
   - Any potential University use and, if so, written review by the department to benefit from the asset
   - Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, etc.)

   The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, of necessary, to postpone a decision pending the receipt of additional information). The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

   If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of tangible personal property, the Development Officer will acknowledge receipt of the gift on behalf of the University. The University will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and provide, at the donor’s expense, a qualified appraisal required by the IRS in the case of gifts of tangible personal property valued in excess of $1,500.

   The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance acceptable to the University, and the delivery of the property, as applicable. The donor will pay all costs associated with the conveyance of the gift. In addition, the filing of Form 8283 by the done is required by the IRS for gifts of tangible personal property valued at more than $500. The donor should send this form to the Gift Assistant for execution.

   **C. Disposition**
   
   Upon approval of a proposed gift of tangible personal property, the Vice President for Development will assign a University office the responsibility for disposing of the gift, unless the gift is intended for a specific University purpose, in which case no immediate disposition is necessary. Any guidelines on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the university office responsible for disposing of the gift.

   Upon approval of a proposed gift, the Vice President for Business and Finance or designee(s) will identify a University office to dispose of the gift. A Development Officer or other appropriate gift officer will prepare a written summary of the gift proposal and submit that summary to the Assistant Vice President for Development Services. At a minimum, the summary shall include the following information:
   - Market Value and Marketability: The Vice President for Business and Finance must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers must understand and communicate to donors that it is the University’s policy to dispose of all gifts of real estate (other than property which the University wishes to retain) as expeditiously as possible.
   - Potential Environmental Risks: All proposed gifts of real property, including gifts from estates, must be accompanied by a Phase I environmental audit performed at the donor’s expense. The only permitted exception to this requirement is for residential property, which has been used solely for residential purposes for a significant (at least twenty year) period of time. In cases where this exception applies and no environmental audit is undertaken, the donor/executor must have an outside party complete an Environmental Checklist prepared by the Vice President for Business and Finance or designee and may be required to execute an environmental indemnity agreement. Even in cases where a Phase I audit is submitted, the Vice President for Business and Finance or designee may require that the donor sign an environmental indemnity agreement.
   - Limitations and Encumbrance: The existence of any and all mortgages, deeds of trust, restrictions, reservations, easements, mechanic liens and other limitations of record must be disclosed. No gift of an interest in real estate will be accepted until all mortgages, deeds of trust, liens and other encumbrances have been discharged, except in very unusual cases where the fair market value of the University’s interest in the property net of all encumbrances is substantial or where a separate agreement to pay such encumbrances which might be charged to the University has been executed by a financially responsible party.

   **Carrying Costs:** The existence and amount of any carrying costs, including but not limited to property owners’ association dues, country club membership dues and transfer charges, taxes and...
insurance, must be disclosed.

iv. Title Information: A copy of any title information in the possession of the donor, such as the most recent survey of the property, a title insurance policy, and/or attorney’s title opinion, must be furnished.

B. Approval/Acceptance Process

The Development Office, with the assistance of the Vice President for Business and Finance or designee, will prepare a written summary of the gift proposal and submit that summary to the Vice President for Development. At a minimum, the summary shall include the following information:

• Description of real property
• The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
• An appraisal of the properties and, if different, the University’s interest in the property’s fair market value and marketability
• The result of a title search
• Any potential income and expenses, encumbrances, and carry costs prior to disposition
• Any environmental risks or problems revealed by audit or survey
• Any potential University use
• Any special arrangements requested by the donor concerning disposition (e.g., price consideration, time durations prior to disposition, potential buyers, realtors or brokers with whom the donor would like the University to list the property, etc.)

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information). The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of real property, the Development Officer will acknowledge receipt of the gift on behalf of the University upon notification by the Vice President for Business and Finance or designee that the property has been properly recorded in the local Registry of Deeds. The University will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and to provide, at the donor’s expense, a qualified appraisal required by the IRS.

The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance. The costs associated with the conveyance and delivery of the gift, including but not limited to recording fees and, if deemed necessary by the Vice President for Business and Finance or designee, a current survey, title insurance and/or attorney’s title opinion, will be either paid by the donor or charged to the fund code of the department(s), program(s), or endowment(s) to benefit by the donation. In addition, the IRS for gifts of real property requires the filing of Form 8283 by the donor. The donor should send this form to the Vice President for Business and Finance or designee for execution.

C. Disposition

It is the responsibility of the Vice President for Business and Finance or designee to dispose of all gifts of real property. Any guidelines the Vice President for Business and Finance or designee wishes to impose on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the Vice President for Development.

If the Vice President for Business and Finance or designee determines that it is in the best interests of the University to retain for its own use a gift of real property, it will be recommended to the appropriate officers of the University and to the Board of Trustees that the University purchase the property and that, in all other cases they authorize liquidation of such funds for the benefit of the designated gift purpose.

Upon acceptance of a gift, the Vice President for Business and Finance or designee will designate a code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the code will be used as a holding account. Until the property is sold or otherwise disposed of, the Vice President for Business and Finance or designee will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

Upon sale of the property, the Vice President for Business and Finance or designee will prepare a final report on the property, including a financial summary of net proceeds, and distribute it to the Vice President for Development and the designated representative of the department to benefit from the gift. The Vice President for Business and Finance or designee of responsible for filing Form 8283 for gifts of real property sold by the University within two years of the date of gift.

The Vice President for Business and Finance or designee responsible for filing Form 8283 for gifts of real property sold by the University within two years of the date of gift.

3. Life Insurance

A. Criteria for Acceptance

With approval of the Vice President for Development, the University will accept gifts of life insurance policies that meet the following two criteria:

The policy is a life insurance policy which is either paid-up or, if not paid-up as of the date of gift:

• Has a minimum face value of $10,000
• Has a payment schedule not to exceed ten years and which assumes an interest rate not to exceed two percent below prime interest rate as of the effective date of the policy
• Requires charitable contributions from the donor to the University in the amount of any premiums, including unscheduled premiums, which may become due.

Grand Valley State University is designated as the owner and beneficiary of the policy. If intended for endowment purposes, the face value of the policy meets the minimum funding standards for endowments established by the Board of Trustees.

B. Approval/Acceptance Process

The Development Officer will prepare a written summary of any proposed gift of a life insurance policy, which fails to meet all of the criteria specified in the section above and submit that summary through the University’s Director of Planned & Endowed Giving or designee. At a minimum, the summary shall include the following information:

• Description of the type of life insurance policy, face value, premium payment schedule, interest rate, age of insured(s), and other relevant policy information
• The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information). The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of a life insurance policy, the assigned Development Officer will acknowledge receipt of the gift on behalf of the University.

The gift will be completed upon the execution and delivery of the life insurance policy to the University or an assignment of the policy in the event that the University is not the original owner of the policy.

C. Administration

The Office of University Development shall administer all gifts of life insurance policies and shall maintain records of all donor policies, contribution schedules, donor designations of death benefits, and the like. The University’s Director of Planned & Endowed Giving or designee shall be responsible for pledge reminders and monitoring payments of premiums.

The Vice President for Business and Finance or designee shall be responsible for confirming the existence and cash value of all policies in force at least annually and for collecting and distributing death benefits. Upon receipt of death benefits, the Vice President for Business and Finance or designee shall provide notice to the department(s), program(s), or endowment(s) to benefit from the gift.

4. Other Assets

Other assets include but are not limited to promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities.

A. Criteria for Acceptance

The University will consider gifts of other assets, including but not limited to promissory notes, assignment of promissory notes, partnership interests and restricted or non-publicly traded securities, only after a thorough review of the criteria set forth below.

i. Market Value and Marketability: The University must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers will inform the donor that, if the gift is completed, the IRS will require an appraisal made within sixty days of the date of gift. The appraisal and other information must indicate clearly and convincingly that there is in fact a market for the asset under consideration and that the asset can be sold within a reasonable period of time.

ii. Potential Environmental Risks: All proposed gifts in which the University would acquire an interest in real property must be accompanied by a Phase I environmental audit performed at the donor’s expense. The only permitted exception to this requirement is for residential property, which has been used solely for residential purposes for a significant (at least twenty-year) period of time. In cases where this exception applies and no environmental audit is undertaken, the donor must have an agent complete an Environmental Checklist prepared by the Vice President for Business and Finance or designee and may be required to execute an environmental indemnity agreement.
iii. Limitations and Encumbrances: The existence of any and all mortgages, deeds of trust, restrictions, reservations, easements, mechanic liens and other limitations of record must be disclosed. No gift of an interest in real estate will be accepted until all mortgages, deeds of trust, liens and other encumbrances have been discharged, except in very unusual cases where the fair market value of the University's interest in the property net of all encumbrances which might be charged to the University has been executed by a financially responsible party.

iv. Carrying Costs: The existence and amount of any carrying costs, including but not limited to property owners' association dues, country club membership dues and transfer charges, taxes and insurance, if any, must be disclosed.

v. Title Information: A copy of any title information in the possession of the donor, such as the most recent survey of the property, a title insurance policy, and/or an attorney's title opinion, must be furnished.

B. Approval/Acceptance Process
The Development Officer will prepare a written summary of the gift proposal and submit that summary to the Vice President for Development and the Vice President for Business and Finance. At a minimum, the summary shall include the following information:

- Description of the asset
- The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, and unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
- An estimate or appraisal of the asset's fair market value and marketability
- Potential for income and expenses, encumbrances, and carry costs prior to disposition
- Any environmental risks or problems revealed by audit or survey
- Credit history or financial statement of financially responsible party, if applicable
- Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, realtors or brokers with whom the donor would like the University to list the property, etc.)

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the university’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of an asset in Category 4, the assigned Development Officer will acknowledge receipt of the gift on behalf of the university. The university will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and to provide, at the donor’s expense, a qualified appraisal required by the IRS in the case of assets valued in excess of $1,500.

The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance, and the delivery of the property, as applicable. The cost associated with the conveyance will be paid by the donor upon delivery of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of assets valued at more than $1,500. The donor should send this form to the Office of University Development for execution.

C. Disposition
It is the responsibility of the Vice President for Business and Finance or designee to dispose of all gifts of assets in this Category 4. If the asset involves an interest in real estate, it is generally expected that the Vice President for Business and Finance or designee will assist in disposing of the asset. If the asset is a security, it is generally expected that the Vice President for Business and Finance or designee will follow policies for disposing the asset. Any guidelines the Vice President of Business and Finance or designee wish to impose on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the Vice President for Development at this time.

Upon acceptance of a gift, the Vice President for Business and Finance or designee will designate a code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the Vice President for Business and Finance or designee will determine how the gift will be dispositioned.

Until the property is sold or otherwise disposed of, the Vice President for Business and Finance or designee will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

Upon sale of the property, the Vice President for Business and Finance or designee will prepare a final report on the property, including a financial summary of net proceeds, and distribute it to the Vice President for Development and the designated representative of the department to benefit from the gift.

The Vice President for Business and Finance or designee is responsible for filing Form 8283 for assets valued at more than $5,000 sold by the university within two years of the date of gift.

5. Acceptance and Disposition of Deferred Gifts
A. Deferred Giving
Deferred giving is when the donor is asked to record various types of deferred gifts; the office is often asked to provide a description of the nature of such a gift, or explain how various types of deferred gifts should be recorded by us and/or handled for tax purposes. Ultimately, the Gift Assistant should refer related inquiries to the university’s Director of Major & Deferred Gifts. This does not, however, remove the need for the Gift Assistant to be familiar with this type of gift. For this reason, below are the general explanations of certain types of deferred gifts with commonly accepted rules. Information concerning specific treatment of these gifts at Grand Valley State University should be procured from the Office of University Development.

B. Bequests
The most common and simplest form of deferred giving: a bequest is a gift of property that is made through a donor’s will.

Benefits to Donors: Donors do not have to part with any money until they die, and do not owe any estate tax on the amount of the bequest.

6. Charitable Remainder Trusts
Two basic types of charitable remainder trusts qualify for federal tax benefits. In both arrangements, a donor gives stock, cash, or other assets to a trust. Those assets are invested; producing income for the donor or other beneficiary – either for a fixed period of time or until the donor dies. The donor is allowed to claim a tax deduction for the estimated portion of the assets that will ultimately go to charity. When the donor dies, the charity keeps all remaining assets. There are two types of remainder trusts:

A. Unitrusts
Under a basic unitrust, the donor receives one or more yearly payments equaling a fixed percentage of the value of the asset. The value is assessed each year. Under a net-income unitrust, the donor receives only the income earned by the trust, even if the trust earns less than the payout rate. However, the trust can be set up to include a “make-up provision,” which allows donors to make up the lost income, provided the trust earns more than the payout rate in future years.

B. Annuity Trusts
The donor receives a yearly fixed payment equaling at least five percent of the value of the asset at the time the deferred-giving agreement was signed. Donors who give real estate commonly use charitable remainder trusts. Real estate is not usually given through gift annuities and cannot be given to pooled-income funds.

Benefits to Donors: Donors can get income-tax deductions and escape capital-gains taxes by making such gifts. Many donors find the trusts an appealing way to prepare for retirement. The assets can be invested to earn a lower rate of return when the donor is younger and then shifted to earn a higher rate of return, and thus provide more income, during a donor’s later years.

C. Gift Annuities
Donors contribute cash, securities, or other assets to a charity. In exchange, they receive annual payments for a fixed amount of time. With a deferred gift annuity, the annual payments do not start when the gift is made; they begin at a time specified by the donor when the gift is made.

Benefits to Donors: Gift annuities are attractive to donors who want to receive income from assets that have risen sharply in value, such as cash or stocks. In return for gifts of such assets, the charity guarantees the donors a fixed annual income for the rest of their lives and helps the donor avoid capital-gains tax. The donor also gets an income-tax break on a portion of the earnings from an annuity; the exact amount depends on the donor’s age.

D. Pooled-Income Funds
The donor gives cash, securities, or other assets to a non-profit organization, which then invests those assets in a large, diversified portfolio. The donor receives income, provided the trust earns more than the payout rate in future years.

Benefits to Donors: Life gift annuities, pooled-income funds appeal to donors who want to earn income on stock and other assets and escape capital-gains taxes. Unlike annuities, a donor’s income from a pooled-income fund is tied to fluctuating interest rates. That means that in the long run, donors may receive larger earnings than they do from annuities, but they can also do less well in the short term. As a result, the funds tend to appeal to younger people who are more often willing to take risks with their investments.

E. Charitable Lead Trusts
A charity receives the income from the donor’s assets for a specified time, after which the asset is transferred back to the donor or to the donor’s heirs.

Benefits to Donors: A lead trust can reduce gift and estate taxes or provide a charitable deduction for the donor. Charitable lead trusts are most appealing to donors who want to pass appreciated assets to their heirs without paying a substantial amount in taxes. The donor pays a gift tax on the asset when it is placed in to the trust; after that it can grow tax-free. At the end of the specified period, the asset is returned to the donor’s heir or heirs, who do not have to pay any additional taxes.
7. Deferred Gifts Policy of Grand Valley State University

In an effort to maintain continuity and consistency with deferred gifts to Grand Valley State University, the following policy has been established:

Gifts governed by this policy: All deferred gifts to the University, which are managed by Grand Valley State University or its agents, including but not limited to the following:

- Gifts establishing charitable remainder trusts
- Gifts to the pooled income funds
- Gifts purchasing charitable gift annuities
- Gifts funding charitable lead trusts

Gifts not governed by this policy: Deferred gifts that do not require management; for example, gifts of personal residences or farms with retained life estate in donor and deferred gifts with are managed by trustees other than Grand Valley State University.

Trustee: Grand Valley State University has the option to serve as trustee of any deferred gift in which the University's interest equals at least fifty-one percent of the total charitable interests. Usually the University prefers the use of a commercial trustee.

Payout rates: The payout rates offered to donors shall be competitive and determined in consultation with a Development Officer.

Value of Remainder: No deferred gift (except for deferred gift annuities) shall be accepted in which the value of the University’s remainder interest is less than twenty-five percent of the value of the assets transferred.

Minimum gift amounts: Grand Valley State University has the following minimums for acceptance of deferred gifts:

- Charitable remainder trusts: Initial gift - $100,000
- Pooled income fund gifts: Initial gift - $5,000 Additional gifts - $1,000
- Charitable gift annuities: Initial gift - $10,000

Note: Gift annuities may not be offered to residents of states in which such contracts are considered to be insurance products or securities. Currently almost one-half of the states (including Florida, New York and California) classify these contracts as either insurance or securities. Because this list is constantly changing, approval should be obtained from the Development Office before discussions for this gift type are initiated.

Acceptable gift assets: The University will accept the following assets:

- Cash
- Publicly traded securities
- Real estate (subject to approval of the Vice President for Development)
- Other assets, such as closely held stock and partnership interest (subject to approval of the Vice President for Development)

Valuation of gift assets: The University will follow applicable federal tax law.

Final approval, acceptance, and execution by the University: The Vice President for Development, in collaboration with the Vice President for Business and Finance or designee must approve all documents. All documents must be sent first to the donor for signature and then to the University’s Vice President of Business and Finance or designee. The Vice President of Business and Finance or designee shall execute the documents on behalf of the University; and the documents shall be executed in duplicate and the originals distributed as follows:

- One original to donor
- One original to Vice President of Business and Finance or designee
- Copies to the appropriate Development Officer

Section 1 of the Michigan Freedom of Information Act ("FOIA" or "the statute") provides, "It is the public policy of this state that all persons, except those persons incarcerated in state or local correctional facilities, are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees, consistent with this act. The people shall be informed so that they may fully participate in the democratic process.” To that end, all people, excluding prisoners, are allowed to file FOIA requests with a Grand Valley State University (the “University”). A requester must simply file a request in writing with the University’s FOIA Coordinator, and the University will begin processing his or her request.(2) Each request must include the requesting person’s complete name, address (in compliance with United States Postal Service addressing standards), and either a telephone number or email address.

The University, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.

If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options.

A fee deposit will be required when processing a request that will result in fees equal to or greater than $50.00.

If a request is denied or partially denied, the University will provide legal counsel and assistance exclusively to Grand Valley State University representatives regarding University matters.

Personal legal advice or representation with regard to a personal matter should be privately retained and paid for by other than University funds.

**PROCEDURES**

1. **How to submit a FOIA request to the University**
   a. A FOIA request must be submitted in writing to the FOIA Coordinator in the Office of General Counsel. The request may be transmitted in hard copy, by email, or by facsimile.
   b. The University’s FOIA Coordinator address is 40128 James H. Zumberge Hall, Grand Valley State University, Allendale, MI 49401. The email address is foia@gvsu.edu. The fax number is (616) 331-3950.
   c. A request should describe the record(s) sought sufficiently to enable the University to find the record(s) and should provide the requester’s contact information.
   d. Requests should state that they are submitted pursuant to the Michigan Freedom of Information Act.
   e. Requests received electronically are deemed received the next business day. A business day is defined as Monday through Friday, exclusive of holidays and institutional closure days.
   f. If a request is delivered to the FOIA Coordinator’s junk mail folder, the request will be deemed received one business day after the FOIA Coordinator becomes aware of the request. The FOIA Coordinator will check the junk mail folder at least once per week.

2. **Responses to FOIA requests to the University**
   a. The University will respond to a FOIA request within five (5) business days of the FOIA Coordinator receiving the request.
   b. A response will consist of one or more of the following:
      i. A granting of the request
      ii. A partial granting of the request, and a partial denial because some or a portion of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iii. A complete denial of the request because all of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iv. A notice that more time is needed to process the request
         1. If more time is needed, the University will send out a follow up response within 10 business days of the initial response.
         v. A notice that a fee deposit is required prior to further processing
            1. If a fee deposit is required, the University will include in its response a non-binding, best efforts estimate regarding the time it will take to provide the records to the requester.
            vi. A notice that the record(s) sought has (have) not been sufficiently described to enable the University to locate the record(s).
   c. The response will state the FOIA exemptions under which any information and/or documents are withheld, if applicable.
   d. If any part of a request for records is denied for any reason, the response will set forth the procedures for appealing the denial.

3. **Deposit Requirements**
   a. A fee deposit will be required when the processing of a request will result in fees equal to or greater than $50.00.
   b. The required deposit will equal up to 50% of the estimated cost of fulfilling the request as calculated at the time of the initial response.
c. If the University requires a deposit, it will not process the FOIA request further until the deposit is paid.

d. If a deposit is not received by the FOIA Coordinator within 45 days of the initial notice, the request will be considered withdrawn. Notice of a deposit requirement is considered received three days after it is sent, regardless of the means of transmission.

e. If, after receipt of the deposit and further processing of the request, the University learns that the processing costs will be significantly different from the estimated costs, the University will so notify the requester. Where the actual effort to search for, review and separate exempt material significantly exceeds the original estimate, the University will notify the requester. The requester may choose to receive a revised fee deposit notice, or limit his/her original request to those records, which may be processed within the time stated in the original fee estimate.

f. A person who makes a FOIA request for which a deposit is required may withdraw that FOIA request without charge instead of paying the required deposit. Failure to pay the deposit will be deemed a withdrawal of the FOIA request.

g. The University will treat multiple concurrent FOIA requests on the same topic(s) and/or regarding the same record keeper(s) and from the same person as one FOIA request for purposes of determining whether the fee is below $50.00.

h. Where a requester who has not paid the final fee for the processing of an earlier request files a new FOIA request, the University may require a deposit of all (100%) of the estimated fees for processing the subsequent request prior to processing the subsequent request.

4. Calculation and Payment of Fees

a. Fees are calculated by adding together the following costs:

i. The labor costs for searching for, locating, and examining responsive records

ii. The labor costs for review, separation, and deletion of exempt information from non-exempt information

iii. The cost of non-paper media, if used

iv. The cost per copy of paper copies, not to exceed $.05/page for standard 8½ x 11 inch paper v. The labor costs directly associated with duplication or publication, which may include copying to non-paper media

v. The cost of mailing

b. Final fees for responding to a FOIA request will be billed when the University responds to the FOIA request. A detailed FOIA fee itemization form will be provided by the University with the response. The amount invoiced must be paid within ninety (90) days. The University reserves the right to require payment in full of all fees incurred in processing a FOIA request before delivering the final, responsive documents.

c. The University’s decision to deny access to public records sought by a FOIA request because those records are, in whole or in part, exempt from disclosure does not excuse the person who files that FOIA request from payment of fees for the work undertaken by the University in response to that request.

d. The University may waive or reduce the fees if it determines that a waiver or reduction of the fee is in the public interest because responding to the FOIA request can be considered as primarily benefiting the general public.

e. Fee reductions or waivers are required in certain instances involving proven indigence or non-profit organizations. The University will apply these reductions or waivers in accordance with the statute.

5. Procedures for Challenge and Appeal

a. If the University denies a request in whole or in part, the requester may:

i. Submit an appeal to the Head of the Public Body, which for the purpose of these Procedures and Guidelines is the Vice President and General Counsel, in writing, via the FOIA Coordinator, using the contact information listed in Item 1, above. The appeal must specifically use the word “appeal” and identify the reason(s) the requester seeks reversal of the denial. The Head of the Public Body must respond to the appeal within ten (10) business days by doing one of the following:

1. Reversing the FOIA Coordinator’s decision

2. Upholding the FOIA Coordinator’s decision

3. Reversing in part and upholding in part the FOIA Coordinator’s decision

4. Issuing a notice of extension for not more than ten (10) additional business days.

ii. Commence a civil action in the Court of Claims within one hundred eighty (180) days after the University’s final determination to deny a request.

b. If a requester believes that the University has required payment of a fee that exceeds the amount permitted under these Procedures and Guidelines, they may commence an action in the Court of Claims for a fee reduction within forty five (45) days after receiving the notice of the required fee.

c. If a requester has questions regarding any FOIA response, including estimated fees or actual fees assessed, the requester should not hesitate to contact the FOIA Coordinator by email foia@gvsu.edu or telephone 616-331-2067.

FOOTNOTES

(1) M.C.L.A. 15.231.

(2) Verbal requests for information are not FOIA requests for purposes of these Procedures and Guidelines. If a verbal request for information is received by a University employee who knows that the information is available on the University’s website, the employee, where practicable, will inform the requester about the University’s website address.

(3) The University has determined, consistent with FOIA, that failure to charge fees in situations where the fees would be equal to or greater than $50.00 would result in unreasonably high costs to the University.

(4) A copy of the standard form that the University uses for fee itemization, with additional explanatory information, is attached to these Procedures and Guidelines.

(5) Labor costs will be estimated and charged in increments of 15 minutes or more, with all partial time increments rounded down. The labor is charged at the hourly rate of the lowest paid University employee capable of doing the work, plus fringe benefits, if applicable. If it is not possible for the work to be done by a University employee, the University will contract the work out and charge per the provisions of the statute.

POLICY STATEMENT

I. Pursuant to Article VIII of the Michigan Constitution of 1963, Grand Valley State University ("the University") has the responsibility to serve as a public institution of higher education. To carry out this Constitutional mandate, the University owns and/or controls property and facilities. The University has established the following grounds and facility use policy to ensure the University’s educational mission is actualized, while allowing for the exchange of ideas.

This policy applies to all buildings, grounds, and other spaces owned or controlled by the University.

For purposes of this policy, the term “Expressive Activity” includes:

1. Meetings and other group activities of students and student organizations;
2. Speeches, performances, demonstrations, rallies, vigils, and other events by students, student organizations, and outside groups invited by student organizations;
3. Distributions of literature, such as leafleting and pamphleting; and
4. Any other expression protected by the First Amendment to the U.S. Constitution.

University property is primarily dedicated to academic, student life and administrative functions. But it also represents the "marketplace of ideas," and especially for students, many areas of campus represent a
public forum for speech and other Expressive Activities. For students and registered student organizations, certain areas of campus are venues for free expression, including speeches, demonstrations, and the distribution of literature, as provided by this policy.

The University shall not consider the content or viewpoint of the Expressive Activity or the possible reaction to that Expressive Activity in applying this policy. The University shall not impose restrictions on students, student organizations, or university employees due to the content or viewpoint of their Expressive Activity or the possible reaction to that Expressive Activity. In the event that other persons react negatively to a student's, registered student organization's, or university employee's Expressive Activity, the University (including representatives from the Department of Public Safety) shall take all necessary steps to ensure public safety while allowing the Expressive Activity to continue, unless the University's operations are materially and substantially disrupted.

No Expressive Activity shall be permitted to violate or hinder the rights of others within the campus community. The University does not assume any obligation or responsibility for the content of the materials distributed.

PROCEDURES

III.

A. General Rules.

Subject to the additional rules set forth herein, students and student organizations shall be allowed to conduct Expressive Activities on University property within the following parameters:

1. The Expressive Activity does not block access to campus buildings and does not impede ingress or egress to the University, any University property, parking lot, building, facility, or event (generally a minimum of 25 feet).
2. The Expressive Activity takes place at least 50 feet from academic buildings.
3. The Expressive Activity does not obstruct vehicular or pedestrian traffic.
4. The Expressive Activity does not constitute unlawful activity.
5. The Expressive Activity does not create a clear and present threat to public safety.
6. The Expressive Activity does not take place in a location that has already been reserved by the University, a registered student organization, or an outside organization.
7. The Expressive Activity may use an amplification device so long as the sound does not create a material and substantial disruption to the University's operations.
8. The Expressive Activity does not include posting materials on University property, except as provided by the University Posting Guidelines [http://www.gvsu.edu/posting/].
9. The Expressive Activity does not include soliciting or accepting donations, except as provided in this policy.
10. The Expressive Activity takes place between the hours of 6 a.m. and 5 p.m., except as otherwise provided in this policy. Gatherings at the Carillon Tower or the Transformational Link may take place until 11 p.m.

11. Distribution of printed materials must be done in person.
12. Individuals and/or groups engaged in Expressive Activity are responsible for picking up any printed materials dropped on the ground around the areas of distribution. The University may charge such individuals and/or groups a reasonable clean up fee if they fail to do so.
13. Parking lots, ramps, and garages are not designated or suitable for Expressive Activities, and windshield flyers are not permitted.
14. Individuals and/or groups engaging in Expressive Activity agree to pay for any damage they cause to University property.
15. For University employees, the Expressive Activity addresses a matter of public concern.

This policy shall not apply to any person or organizations desiring to sell merchandise or services on campus. Any person or organization desiring to sell merchandise or services on campus should contact the Event Services Office at 616-331-2350.

B. Outdoor Locations.

For outdoor University areas, students, registered student organizations, and employees may freely engage in spontaneous Expressive Activities provided that such activities are in compliance with all other provisions of this policy.

Students and registered student organizations may reserve outdoor University facilities to solicit and accept donations for charitable causes or to engage in other Expressive Activities.

C. Indoor Locations.

For indoor University facilities and areas, students, registered student organizations, and University employees may freely engage in spontaneous Expressive Activities subject to the following conditions:

1. Distribution of written or printed materials, such as leafletting or pamphleting, and petitioning for signatures may be conducted at all outdoor locations and the indoor locations specified in this policy.
2. Guests may speak at indoor locations as long as they are invited by a student or a registered student organization.
3. The Expressive Activities are in compliance with all other provisions of this policy.

Students and registered student organizations may use the Kirkhof Center for the following activities:

1. Students and registered student organizations may reserve space in the Kirkhof Center for any proper purpose, including, but not limited to, to promote a cause or event, to promote a student organization, or to solicit and accept donations for charitable causes.
2. Distribution of written or printed materials, such as leafletting or pamphleting, and petitioning for signatures may be conducted inside the Kirkhof Center, as long as the student or registered student organization reserves the space pursuant to this policy.

D. Reserving Campus Facilities:

1. If students, registered student organizations, or University employees wish to reserve indoor or outdoor campus facilities, they shall submit their application for reservation to Event Services at least two business days prior to the reservation date. The University will respond to the reservation application within one business day.
2. If individuals or organizations who are not members of the University community (i.e., not students, student organizations, or University employees) wish to use campus facilities for Expressive Activities on campus, they may use either the area surrounding the Carillon Tower or the plaza surrounding the Transformational Link. Use of this space is free of charge and may be reserved by contacting Event Services at 616-331-2350. A reservation for use of the space will take precedence over a spontaneous Expressive Activity. Expressive Activities must stay within 50 feet of each of these landmarks and are to follow the General Rules provided herein.
3. Students, registered student organizations, University employees, and non University members may reserve facilities for Expressive Activities to take place after 5 p.m., subject to the facility's hours and availability.
4. Reservation requests will be processed and granted on a first-come, first-served basis. These requests may be denied for the following reasons only:
   a. The requested venue is an indoor facility and the request conflicts with any other provision of this policy;
   b. The venue is already reserved for another event(s);
   c. The activity will attract a crowd larger than the venue can safely contain;
   d. The activity is a clear and present threat to public safety, according to the university's police or security department;
   e. The activity will occur during college examination periods; or
   f. The activity is unlawful.
5. During an event, the student, student organization, or University employee requesting the reservation is responsible for preserving and maintaining the facility it reserved. If it causes any damage to those facilities, the person(s) or organization (and its officers, if applicable) shall assume responsibility.

FOOTNOTES

(1) In the event that multiple individuals or organizations submit conflicting reservation requests, the following order of precedence shall govern: (1) official University activities and events; (2) registered student organization activities and events; (3) student activities and events; and (4) all other activities and events.

• Senior Leadership Team

Responsible Office:
Office of General Counsel

POLICY STATEMENT

Political activity of faculty and staff members at Grand Valley State University as addressed in the Grand Valley State University Board of Trustees’ Policies BOT 4.1.6.3, in pertinent part, states: “The University affirms the rights of its faculty and staff members as citizens to be active in political affairs which do not conflict with the professional standards and ethics in employment.”

Further, the Board of Trustees address the subject of Academic Freedom of faculty in the Grand Valley State University Board of Trustees’ Policies BOT 4.2.2 specifically sections 2 & 3:

2. Faculty members are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter, which has no relation to their subject. (The words faculty member as used in this document are understood to include the investigator who is attached to an academic institution without teaching duties.)

3. University or university faculty members are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and as educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times act in a professional and responsible manner, and should make every effort to indicate that they are not institutional spokespeople.

In addition to University policy, state law, specifically the Michigan Campaign Finance Act, regulates political activities of public bodies, such as state universities, and its employees.

PROCEDURES

In light of University Board of Trustees’ policies and state law, the following guidelines are intended to help faculty and staff with compliance:

1. Faculty and staff members may engage themselves, as private citizens, in political activities including support or opposition to candidates for office or ballot questions on their own time. If you are working for the University and charging your time to a federal grant, any activity to support a political candidate or ballot question must be conducted on personal time. For questions about federal grants, contact the Office of Sponsored Programs for more information.
2. University departments or programs may sponsor presentations and discussion groups about an upcoming election provided that the purpose is to provide factual information on a political subject or issue if the communication does not support or oppose a ballot question or candidate by name or clear inference.
3. Classroom discussions of candidates and ballot questions must be related to course content as described in the catalog and course syllabus. A reminder to students to register to vote and to vote is permissible.
4. Faculty and staff members may express their support or opposition to candidates or ballot questions by wearing buttons.
5. Faculty and staff members, as private citizens, may elect to lend their names to support one or more candidates for office or in support of or opposition to a ballot question. However, care must be exercised to assure that the faculty or staff member does not use their University title in relation to such advocacy.
6. Faculty and staff members shall not use University resources for political activity to support or oppose candidates for office or ballot questions. “University resources” includes, but is not limited to:

a. University funds or money administrated through a University budget;

VOLUNTEERS POLICY

SLT 16.7

Date of Last Update:
April 25, 2013

Approved By:
Senior Leadership Team

Responsible Office:
Office of General Counsel

POLICY STATEMENT

This policy is intended to reduce the risk related to the use of volunteers and their activities. The University accepts volunteer support to accomplish its educational mission and desires to ensure that volunteer relationships with the University are clearly established and understood by all parties. Payment for volunteer services is not allowed. However, University departments may reimburse volunteers for actual and reasonable expenses, following the appropriate university policies. The University requires the same attention to duties and responsibilities for volunteers as it does for employees of the University. This policy also does not cover or govern volunteers who agree to serve as human subjects in University research protocols, as they are covered by other policies under the administration of the Human Research Review Committee.

PROCEDURES

Relationship

Volunteer arrangements may not be used to circumvent the established processes that govern the employment of people. Volunteers do not have an employment relationship with the University on any grounds or for any reason and are not covered by the Fair Labor Standards Act, Michigan wage laws, or the Youth Employment Standards Act, and are not eligible for any University benefit, including Worker’s Compensation, or any other benefits of employment from the University, including but not limited to, health care, vacation, or sick time. Volunteers are not provided with accident or medical insurance, and are therefore responsible for any accident or medical expenses that may be incurred as a result of the volunteer assignment.

Payment for volunteer services is not permitted under any circumstance. However, the appropriate department has the authority to decide whether to reimburse a University volunteer for actual and reasonable expenses so long as the expenses fall under the University’s reimbursement guidelines located on the Business and Finance website. Reimbursement cannot be used as a substitute for compensation nor can it
be linked to the volunteer’s productivity.

Volunteers may not receive any institutional marketing materials reflecting their name and the University logos such as: business cards, letterhead, unless approved by the appropriate Vice President or Senior Leadership Team member.

Protection of Volunteer

According to the Board Policy BOT 10.3, Indemnification:

“It is the policy of Grand Valley State University to support its Board members, officers, faculty, and staff in the reasonable and proper performance of their official duties, and to support students and volunteers when performing services on behalf of or under the direction of the university.”

Volunteers are indemnified in the same manner as employees. It is important that the department or unit managing the volunteer maintain records as specified in this policy in order to ensure their volunteers are properly covered.

Eligibility

To be eligible to become a volunteer, one must:

1. Be willing to provide services according to this policy, complete and sign a Grand Valley State University Volunteer Profile, Disclosure, and Consent Form as well as other associated forms if deemed appropriate,
2. Have parental consent if under the age of 18,
3. Complete the Authorization for Release of Information for Background Check if the volunteer assignment involves working directly with minor children, money or access to confidential information regarding employees, students, health, financial data, etc., and
4. Be authorized through the Department of Public Safety if the volunteer assignment requires operating a vehicle owned or leased by the University.

Responsibilities of the University Department Engaging Volunteers

Departments must keep records of volunteer names, dates of service(s), and services performed for a period of one year following the end of the volunteer assignment.

It is the responsibility of the individual unit to ensure that volunteers are aware of the unit’s rules and regulations. Volunteers must have the necessary training and/or supervision to safely carry out volunteer work. If the volunteer assignment involves providing professional services such as those performed by accountants, architects, doctors, engineers, etc., the department must assure that the volunteer has the appropriate credentials including licensure and/or certification.

One exception is that any legal services or assistance, whether by a volunteer or otherwise, must have prior written approval of the General Counsel. According to Board policy, as stated in the Board of Trustees’ Policies, all legal services must be provided through the Office of General Counsel.

If the volunteer assignment requires operating a vehicle, the volunteer must have a valid driver’s license, and have a good driving record as determined by the Department of Public Safety.

RESPONSIBILITIES AND RIGHTS OF THE UNIVERSITY VOLUNTEER

Volunteers are responsible for complying with all University policies and all relevant laws including but not limited to: personal conduct, sexual assault, unlawful discrimination and harassment, compliance, workplace violence, substance abuse, misuse of confidential information, use of University technologies, financial responsibility, and vehicle use. Volunteers are not considered agents of the University unless the authority has been expressly delegated to them by an authorized University official. Volunteers are also expected to comply with any rules and regulations specific to the department for which they are volunteering.

RISK MANAGEMENT

Volunteers cannot replace employee positions. Volunteer services are generally limited to humanitarian, charitable, or public services. University volunteers are also prohibited from performing the following activities:

1. Working in any capacity in which the volunteer is employed by the University, or which is essentially similar to the individual’s regular work at the University, or under circumstances that suggest the decision to volunteer is not made freely,
2. Operating heavy equipment e.g. forklift, hi-lo, backhoe, etc.,
3. Working with highly hazardous or toxic chemicals or agents and/or dangerous equipment or environments i.e.: anything that could cause severe injury or death,
4. Any activity considered inappropriate for an employee,
5. Entering into any contract on behalf of the University,
6. Rendering professional services without possessing the required credentials,
7. Any actions beyond the scope of the volunteer assignment, and
8. Provide legal advice or assistance without prior written approval from the University General Counsel.

In some cases where the volunteer assignment involves higher levels of risk exposure to the individual and others, the University department is responsible for disclosing those risks to the volunteer in writing. This will assure that information about the risks associated with the volunteer assignment are clearly communicated to the individuals who are engaged as university volunteers. Examples of services that require risk disclosure include but are not limited to:

1. Laboratory activities,
2. Services with potential exposure to bloodborne pathogens,
3. Professional services that require licensure and/or certification such as those performed by accountants, architects, doctors, engineers, etc. and trade services such as construction, plumbing, electrical, etc,
4. Travel of any kind,
5. Activities in any environment which requires orientation or training, and
6. Activities with patients and/or subjects of experiments.

USE OF VOLUNTEER PROCEDURES

The procedures and forms to implement this policy can be found on the Risk Management Website.

DEFINITIONS:

A volunteer is defined as an uncompensated individual who performs services directly related to the operations of the University for its benefit, to the mission of the University, or for the volunteer to gain experience in specific endeavors. To qualify as a volunteer, an individual must be willing to provide services according to the directions of the appropriate University representative. POLICY STATEMENT

Grand Valley State University provides its faculty, staff and students with electronic mail intended for University-related purposes including direct and indirect support of the University’s instructions, research, and service missions; of University administrative functions; of student and campus life activities, and of the free exchange of ideas among members of the University community and between the University community and the wider local, national, and world communities.

The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder’s consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional circumstances inspect, monitor, or disclose electronic mail.

PROCEDURES
Applicability
This Policy applies to:

- All electronic mail services and services provided or owned by the University
- All users, holders, and uses of University e-mail services
- All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.

This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:

- Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the Electronic Communications Privacy Act, and the Computer Fraud and Abuse Act, which prohibit unauthorized use or entry into another's account; the University's Student Code, the University's Anti-Harassment policy; and all applicable software licenses.
- Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.
- Act within the normal standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations and law.
- Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.
- Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth limit or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.
- Inspection, monitoring or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

Specific Provisions
A. Users
Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVSU retains the right to remove email services at any time.

B. Account Usage
GVSU has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual's responsibility to do so.

Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University's computer system without proper authorization. Any attempt by a user to gain access to another person's network account, private network drive, or restricted areas on the GVSU computer system is prohibited.

University e-mail services shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unwarranted or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) "spam," that is, to exploit listserve or similar broadcast systems for purposes beyond their intended scope to dispose of or manipulate an electronic mail system; and (3) "letterbomb," that is, to send to one or more recipients to interfere with the recipient's use of e-mail.

C. Representation
Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is: "These statements are my own, not those of the Grand Valley State University."

Policy Violations
Violations of University policies governing the use of University electronic mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under other University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A for detail on additional policies and guidelines.

Security and Privacy
The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their users' accounts. Users should be aware, however, that the University could not guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSU is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their uses of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when:

- Users have voluntarily made them accessible to the public
- It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
- There is reasonable cause to believe that the user has violated, or is violating, this Policy
- An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns
- It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

Posting and Authority to Change
Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel.

APPENDIX A - REFERENCES
The following list identifies additional policies and procedures, which support this Policy: These other laws both provide privacy protection for e-mail and require the disclosure of e-mail under some circumstances.

Responsible Office: Office of General Counsel

POLICY STATEMENT
All faculty/staff communications from University email accounts should reflect the University’s brand. To keep our brand identity strong and consistent, and to enhance credibility for our faculty and staff who communicate via email, all emails created by University employees and delivered via the University’s email system should feature email signature blocks consistent with this policy.

An email signature block is text and other University information appended to the end of an email in order to identify the sender and facilitate further contact. Official University email signature blocks establish credibility for our faculty and staff by clearly identifying them and their roles at the University. The official signature block provides contact information for the employee and points email recipients to the University website, a key source of information about the University.

All emails using a University account should have signature blocks consistent with the University brand. The following items are permissible but not required:
- Employee’s name
- Employee’s official University title(s)
- Employee’s department or office name
- Gender pronouns
- Grand Valley State University
- University’s website address: www.gvsu.edu
- Department or Program website
- University or departmental trademarks or logos
- the University’s general address or employee’s University address
- Employee’s department and/or office telephone number, and fax number
- Employee’s mobile phone number
- Employee’s campus email address
- Social media account addresses used solely for advancing scholarly or professional pursuits
- Other University related information may be added such as departmental mission statement, and a link to University created social media account(s)
- A confidentiality statement is permitted for use below the email signature on all outgoing emails, such as:
  The content of this email is confidential and intended only for the recipient(s) specified. If you received this message by mistake, please reply so the sender can correct the error, and then delete this email immediately. Do NOT forward it to a third party without the written consent of the sender.

Employees may not add to their official email signature block any personal information, including links to personal websites or social media accounts that are not used solely for scholarly or professional pursuits related to their position at the University. Except for messages of and concerning the University no mottos, symbols, quotations, taglines or other statements may be added to the email signature block, as these may be misunderstood as representing the University’s official positions, values or views.

All faculty and staff shall comply with this policy by creating an approved email signature block and using it consistently when communicating via their University email accounts. Should there be noncompliance to this policy, the individual’s supervisor and/or vice president will enforce compliance through appropriate means.

SOFTWARE SUPPORT POLICY

Date of Last Update:

• Senior Leadership Team

Responsible Office:
Information Technology

POLICY STATEMENT

Information Technology is responsible for providing software support to the campus community. IT resources are finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.

PROCEDURES

The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Standard software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.
