HONORARY NAMING OF A PORTION OF A GVSU FACILITY POLICY

POLICY STATEMENT

A portion of a facility may be a classroom, laboratory, conference room or similar space.

PROCEDURES

• Nominations must be made in writing to the appropriate Vice President. With the support of the Vice President, the nomination will be forwarded to the Executive Associate to the President. The Executive Associate to the President will bring the nomination to the Senior Leadership Team who will review and give input to the President of the University. The President of the University will make the final determination on the naming of portions of facilities.
• The nominee must not be employed by the University at the time of the nomination. Nominations will be accepted only after a one-year waiting period following the end of the person’s service.
• The nomination must include specific examples of the nominee's contributions to the University.

The President of the University will consider nominations in consultation with others at the university as appropriate. The Executive Associate to the President will communicate the President’s decision to the requesting party and the appropriate Vice President.

POLICY ON POLICIES

POLICY STATEMENT

The Grand Valley State University community will have access to clearly stated university-wide administrative policies, to be published as Grand Valley State University Policies on the University Web site. These policies will be:

• Formally approved and kept current
• Accessible to all parties in a centralized Grand Valley State University Policies website

Therefore, they are not considered to be Grand Valley State University Board of Trustees' Policies, and are not governed by this document. However, these policies may not conflict with the Board of Trustees' Policies or Senior Leadership Team (SLT) Policies.

The Grand Valley State University Board of Trustees' Policies will not include: curricular requirements for degrees, the basic terms and conditions of employment subject to collective bargaining, Academic & Student Affairs Policies as published in the Faculty Handbook and Student Code, Catalog, or division-wide policies (approved by a Vice President in consultation with the President).

POLICY
This document establishes Grand Valley State University’s (University) official policy governing the administration of proposals, awards, contracts, and agreements for all externally sponsored projects. Externally Sponsored Projects do not include Purchasing Agreements or Philanthropic Gifts.

The purpose of this policy is to help ensure that all proposals and awards for externally sponsored projects conform to federal regulations, including the Office of Management and Budget 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (a.k.a., the Uniform Guidance)—and are consistent with GVSU’s academic and business policies and sound fiscal practices.

POLICY STATEMENT
Only an Authorized Organizational Representative of the University may submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University.

In addition, an Authorized Organizational Representative may accept on behalf of the University any Externally Sponsored Project award resulting from such proposal submissions or other solicitation processes. The University will not normally accept awards received from outside sources without prior proposal approval as provided in this policy.

DEFINITIONS:
Assistance Action: The main purpose of an assistance action is to transfer money, property, services, or anything of value to the recipient in order to accomplish a public purpose of support or stimulation. The agency must have legal authority to award assistance agreements for this purpose. Grants or cooperative agreements are used to award assistance funds.

Authorized Organizational Representative: An Authorized Organizational Representative is the Vice Provost for Research Administration and any University employee(s) to whom the Vice Provost for Research Administration has delegated oversight responsibility for the administration and management of Externally Sponsored Projects at the University. Only an Authorized Organizational Representative has the authority to submit proposals, accept awards, and sign contracts and agreements for Externally Sponsored Projects on behalf of the University.

Externally Sponsored Project: Externally Sponsored Projects include all projects supported by way of grants and cooperative agreements (direct Assistance Actions); incoming or outgoing sub-recipient agreements—whether funded or unfunded. Externally sponsored projects do not include Purchasing Agreements or Philanthropic Gifts.

Philanthropic Gift: A philanthropic gift is an instrument by which an outside donor voluntarily transfers money, services, or property from a donor to the University. There is no expectation of direct economic benefit or the provision of goods or services to the donor, although donors can place stipulations on gifts that direct the funds to the donors’ areas of interest. The absence of quid pro quo language helps define the charitable nature of this type of giving.

Procurement Action: The main purpose of a procurement action is to acquire property or services by purchase, lease, or barter for the use or direct benefit of the purchaser (whether the purchaser is the university purchasing from an outside entity or an outside entity purchasing services from the university). An agreement or contract is used as the legal instrument to award a Procurement Action.

Purchasing Agreement: An agreement entered into by the University through its Procurement Services Office and an outside vendor or supplier to purchase goods and/or services. Examples of non-sponsored purchasing agreements include software licenses, pricing agreements, equipment maintenance agreements, custodial and facility services, landscaping services, and office supply-vendor agreements.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

FACILITIES AND ADMINISTRATIVE COST POLICY
SLT 3.11.4
Date of Last Update: July 13, 2016
Approved By: Senior Leadership Team

Responsibility Office: Center for Scholarly and Creative Excellence

POLICY STATEMENT
Grand Valley State University’s Facilities and Administrative (F&A) rate (also known as the indirect-cost rate) is established in accordance with the Federal Office of Management and Budget under 2 CFR 200 Uniform Guidance (previously A-21). The rate is negotiated between the University and the U.S. Department of Health and Human Services, the cognizant federal agency that oversees the administration of sponsored agreements at the University. The University’s F&A rate reflects the cost of real, auditable expenses incurred in the conduct of sponsored research and programs. Included among these costs are depreciation costs of buildings and equipment, maintenance and repairs, janitorial services, utilities, hazardous waste disposal, libraries, and general administrative costs such as sponsored programs administration, departmental administration, and general administration (accounting, purchasing, legal services, personnel, and compliance). These costs are “indirect” because they are not easily identified with a specific project and therefore are not included in the “direct” portion of the budget. Such indirect costs support the conduct of research and other sponsored programs, regardless of the source of funding, and therefore must be applied to all sponsored projects. For reasons of sound management and equitable stewardship of resources used in support of all sponsored activities, it is expected that all sponsored projects recover full F&A costs.

PROCEDURES
Facilities & Administrative (F&A) Cost Recovery Policy:
It is the University’s policy that all proposals and agreements for sponsored research, including subawards and industry contracts, are subject to the recovery of facilities and administrative costs (F&A) at the University’s approved and published rate. In some cases, the sponsor has a written policy, uniformly applied, prohibiting F&A costs or restricting the payment of such costs to a lower rate. An exception to the University’s F&A cost recovery policy may be warranted if it is clearly in the best interest of the University to accept the award with less than full F&A cost recovery. Any reduction (defined as a waiver of F&A) is strongly discouraged and requires prior approval from the Vice Provost for Research Administration. This exception does not apply to for-profit (industry) sponsors, as such sponsors are expected to provide full F&A when funding a sponsored project. Designation of a sponsored award as a gift will not preclude the recovery of indirect costs if such costs are allowed by the donor.

Facilities & Administrative (F&A) Cost Return and Use Policy:
Each year, the University returns a portion of the recovered F&A costs as appropriate to those generating the grants and contracts. This return of F&A costs generally occurs at the end of each fiscal year and is based upon the F&A costs recovered on sponsored projects during the preceding fiscal year (July 1 - June 30). For sponsored awards originating within academic units with a tenure stream Faculty Principal Investigator, recovered funds are distributed as follows.

*Faculty Principal Investigator – 12.5%
*Faculty Home Department – 7.5%
*Appointing Officer of unit generating the recovered funds – 20%
*Provost – 20%
*General Fund (Facilities Infrastructure) – 40%

For other proposals, recovered funds are distributed as follows.

*Appointing Officer of unit generating the recovered funds – 40%
*Provost – 20%
*General Fund (Facilities Infrastructure) – 40%
GENERAL RESPONSIBILITIES OF PRINCIPAL INVESTIGATORS/PROJECT DIRECTORS POLICY

Date of Last Update:
April 03, 2013

Approved By:
Senior Leadership Team

POLICY STATEMENT
The Principal Investigator/Project Director is responsible for a variety of general responsibilities, which are outlined in the following section.

PROCEDURES
Responsibilities
The following General Responsibilities form shall be provided by OSP to each Principal Investigator at the time of award. The Principal Investigator is responsible for signing and returning the original to OSP within five business days of its receipt. The original shall be retained in the award OSP record file in accordance with record retention guidelines. The Principal Investigator/Project Manager is responsible for:

- Compliance with the award terms and conditions. Notifying OSP of potential scope, budget or schedule shifts, and requesting/obtaining Authorizing Official review and approval of such, if required.
- Obtaining signatures on the (Request to Add a New Fund) RANF form, and submitting the RANF to the Office of Business & Finance. A copy of the original proposal, notice of award, budget, and other official documents must be attached to the RANF form. The RANF will not be processed without these attachments.
- Ensuring that the Salary Request is prepared and signed by the Unit Head/Dean and other appropriate individuals. Salary Request letters accompany the signed RANF form.
- Management of the grant, contract/subcontract, or cooperative agreement and conducting the project to meet project goals and objectives while adhering to agency guidelines and GVSU policies and procedures.
- Ensuring that all individuals involved in the administrative and financial aspects of the award receive BANNER training.

The Office of Grants Accounting will assist with the invoicing and accounting process. The PI is also responsible for ensuring that all grant expenditures are reviewed on a monthly basis (at a minimum) and ensuring that those expenses incurred are approved in the BANNER system.

- Ensuring that for those items acquired or purchased under the terms of the award and with grant funds that sponsor requirements and GVSU Purchasing Procedures are followed.
- Ensuring that all project expenditures are directly related to the project and necessary to meet project goals and objectives. Knowing the cost sharing requirements that were committed in the budget approved by the agency and GVSU and ensuring that these obligations are met.
- Certifying the time/effort of personnel paid by the grant, contract/subcontract, or cooperative agreement, or cost sharing/matching time on the project.
- Completing a Conflict of Interest Financial Disclosure form, and having no conflict of interest that could affect the conduct of the project. Any possible conflict of interest must be reported to OSP as soon as it is apparent.
- Ensuring that the PI as well as all undergraduate, graduate, or post-doctoral students receive Responsible Conduct of Research training, if required by the sponsor. PIs and students are required to sign a Completion of Training form confirming the date, receipt, and satisfactory completion of this training. The form must be returned to OSP for the record file.
- Ensuring compliance with the GVSU policy on Political Activity, as well as ensuring compliance with the terms and conditions of an award governing such activity.
- Submitting required reports and/or documentation in a timely manner.
- Certifying that the PI, and any subcontractor or sub-recipient on this project, is not debarred, suspended or proposed for debarment by any federal entity. The PI agrees to notify the University (both OSP and Purchasing Dept.) of any change in this status, should one occur, until such time as an award is made under a procurement action. See www.sam.gov.
The official to whom the Provost delegates authority to submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University has a duty to students in particular. They should not be made to work overextending the practices of the GVSU Laker Store.

Textbooks and related course materials continue to be essential to the delivery of knowledge. For various reasons, the cost of those materials has continued to rise. The goal of the University is to provide the following potential risk factors will be considered in the evaluation of Service and Consulting Agreements:

1. The proposed Service and Consulting Agreement must:
   - Be approved and submitted by the Vice Provost of Research Administration and/or designee.
   - Receive approval from the employee’s Appointing Officer.
   - Be properly accounted for from a tax perspective;
   - Be accurately budgeted to generate sufficient revenue to pay for full performance that includes both the direct charges associated with the activity and the university’s full federal negotiated facilities & administrative cost rate;
   - Be sufficiently budgeted and allocated by the Technology Commercialization Office and the Office of Sponsored Programs (which may include the execution of a non-disclosure agreement to protect the intellectual property of the parties to the agreement; and
   - Be approved and submitted by the Vice Provost of Research Administration and/or designee.

3. Advance the core mission of the academic or non-academic organizational units that will carry it out;
4. Provide a significant institutional and/or public benefit; and,
5. If students are to participate in the activity, provide both a learning experience that advances student educational goals and that students will be free to use and disclose details of the experience in their academic and career pursuits, unless a Non-disclosure Agreement has been approved by the Office of the Vice Provost for Research Administration.

The following potential risk factors will be considered in the evaluation of Service and Consulting Agreements:

2. Add significant value to faculty, staff, and student expertise;
3. Demonstrate connections to curricular and co-curricular development, new teaching cases, program development in executive education, and professional development; and
4. Engaging faculty in domestic and international matters that are highly relevant to their teaching and scholarship, or employees in their administrative responsibilities; and/or
5. Initiating or reinforcing strong institutional relationships that can serve long-term University interests.

Benefits and Risks

Though there may be much to recommend the pursuit of these opportunities, especially where there is substantial potential to advance scholarship, education, and service, these arrangements may also pose risks that need to be managed. Service and Consulting Agreements are more complicated for the University to manage than routine sponsored-project agreements because of the expectations of the external entities, who perceive themselves as clients or customers rather than sponsors.

The University, as the contracting party in these agreements, bears the risk of liability or reputational harm for non-performance or poor performance of agreed-upon tasks and for unsatisfactory contract “deliverables.” Potential risks reach beyond the payments to the University and could include monetary damages from the downstream effects of contested performance.

Unlike in sponsored-project arrangements (i.e., assistance awards, such as grants or cooperative agreements), in which the sponsor may be presumed to be committed to the principles of objective science or the enhancement of the public welfare, “clients” or “customers” in service arrangements may be more focused on obtaining specific results and will likely be more involved in directing performance of the services. Institutional integrity and impartiality may be called into question if expectations are not properly managed at the outset.

The use of the University’s students and staff to assist in these projects also raises unique policy issues. The University has a duty to students in particular. They should not be made to work on projects unless the work advances their educational goals. The interests of employees, students, and the institution must be safeguarded in the negotiation of such arrangements to assure them that they may generate and publish works of scholarship, receive proper credit for their work, obtain appropriate intellectual property or other proprietary rights in the work product, and avoid confidentiality or other obligations that may compromise transparency and injure reputations.

Special attention must be paid to assure that these arrangements comply with the university’s obligations as a tax-exempt organization (e.g., IRS regulations regarding Unrelated Business Income).

General Criteria

The proposed Service and Consulting Agreement must:

1. Advance the core mission of the academic or non-academic organizational units that will carry it out;
2. Provide a significant institutional and/or public benefit; and,
3. If students are to participate in the activity, provide both a learning experience that advances student educational goals and that students will be free to use and disclose details of the experience in their academic and career pursuits, unless a Non-disclosure Agreement has been approved by the Office of the Vice Provost for Research Administration.

The determination as to whether a proposed Service and Consulting Agreement meets these criteria shall be the responsibility of the employee’s Appointing Officer. Such determinations shall be documented using University procedures for sponsored activity.

In addition, the proposed Service and Consulting Agreement must:

1. Present manageable and limited risks;
2. Be accurately budgeted to generate sufficient revenue to pay for full performance that includes both the direct charges associated with the activity and the university’s full federal negotiated facilities & administrative cost rate;
3. Be properly accounted for from a tax perspective;
4. Be reviewed and processed by the Technology Commercialization Office and the Office of Sponsored Programs (which may include the execution of a non-disclosure agreement to protect the intellectual property of the parties to the agreement; and
5. Receive approval from the employee’s Appointing Officer.
6. Be approved and submitted by the Vice Provost of Research Administration and/or designee.

And finally, once the Service and Consulting Agreement is fully executed, and throughout the performance of the contractual scope of work, the PI and responsible organizational unit must ensure that the activity complies with:

1. The contracted scope of work, timeline, and all agreed deliverables;
2. All applicable federal and state laws and regulations (e.g., export controls, use of human or animal subjects, intellectual property rights, disclosure and mitigation of financial and other conflicts of interest); and
3. All relevant University policies, such as invoicing for payment via the central accounting office of the University, and the use of the University’s name, facilities, equipment, supplies, and other resources.

   (i) On appropriate methods of animal care and use;
   (ii) On alternatives to the use of live animals in research;
   (iii) They could prevent unintended and unnecessary duplication of research involving animals; and
   (iv) Regarding the intent and requirements of the Act.

The PHS Policy, Section IV.C.1.f. places the responsibility specifically with the IACUC to ensure that personnel conducting procedures on research animals are appropriately qualified and trained in those procedures. The Institutional Animal Care and Use Committee may require additional training for each individual, depending on their prior training and experience with animals.

1. The faculty or staff member ensures that Human Resources or the applicable appointing officer receives advance written or verbal notice of your service.
2. The faculty or staff member has five (5) years or less of cumulative service in the uniformed services while employed at the University.
3. The faculty or staff member returns to work or applies for reemployment in a timely manner after conclusion of service, and
4. The faculty or staff member has not been separated from service with a disqualifying discharge or under other than honorable conditions.

Military leaves of absences for temporary staff and adjunct faculty will not extend beyond the appointment end date.

If eligible to be reemployed, a faculty or staff member has the right to be restored to the job and benefits they would have attained if they had not been absent due to military service or, in some cases, a comparable job. The faculty or staff member’s seniority would also be restored to the level they would have attained if they have been on duty at the University continuously.

Questions and Policy Interpretation
The Human Resources Office is responsible for implementing and coordinating the provisions of the Military Leave of Absence Policy for the University. Questions may be directed to the Human Resources Office at (616) 331-2215.

If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where the University policy, handbooks or bargaining agreements provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

HOUSING CONTRACT RELEASE POLICY
SLT 5.2
Date of Last Update:
May 15, 2015
Approved By:
• Senior Leadership Team

Responsible Office:
Housing and Residence Life

POLICY STATEMENT
The Office of Housing and Residence Life is committed to the concept of university life as a learning experience for our students. We expect that students have full knowledge of commitments to which they obligate themselves and an appropriate understanding and acceptance of consequences when they cannot fulfill their responsibilities. The contract for housing is a legal document that encompasses the entire academic year.

PROCEDURES
Students are contracted from the day they sign the contract until the end of the Winter Semester in April. If extraordinary circumstances or unexpected difficulties occur, the Office of Housing and Residence Life may consider a contract release. A student interested in canceling their contract must contact their Living Center Director to obtain a Contract Release Request Form. Upon completion of the form the student should return it to their Living Center Director for an exit interview and signature. Students leaving GVSU should also contact the Registrar’s Office to drop their courses.

If a student requests to cancel their contract prior to the end of Winter Semester they will be charged a cancellation fee, a daily room charge, and forfeit their $150.00 Housing deposit. The calculation of the applicable fees is based on the date the student notifies Housing and/or properly checks out of their room and returns their room key. The cancellation fees are charged whether a student is enrolled at GVSU or not enrolled. Under the contract, the student may also still be held responsible for other charges and damages such as room and public area damage charges. Meal Plan credits due to contract cancellations will be calculated based on the date of departure from campus and prior usage. Contract cancellations for Spring/Summer adhere to this process also.

Under the following circumstances, with appropriate documentation, a student may cancel their Housing and avoid the cancellation fees: change in medical status; military draft; graduation; and academic release (overseas study, practicum or internship outside the Kent/Ottawa counties and academic suspension). Under the above circumstances the student will still be charged a daily fee for any time they resided in campus housing during the semester. Students removed from campus housing due to disciplinary reasons may be held responsible for all cancellation fees.

ANIMALS ON PROPERTY OWNED OR CONTROLLED BY THE UNIVERSITY
SLT 6.1
Date of Last Update:
August 28, 2023
Approved By:
• Senior Leadership Team

Responsible Office:
Public Safety

POLICY
This Policy applies to all faculty, students, staff, contractors, vendors and visitors.

POLICY STATEMENT
This policy is intended to enhance the safety and health of students, faculty, staff, contractors, vendors and other visitors, and to supplement the existing GVSU policies, by providing rules and regulations regarding the presence of animals in GVSU facilities.

No person shall bring any animal(s) onto University owned or controlled property unless otherwise permitted by this or other University policy as listed below. Individuals wishing to request a modification or exception to this policy as a reasonable accommodation should contact the Office of Disability Support Resources.

PROCEDURES
A. Animals Permitted on Property Owned or Controlled by the University:

1. Service Animals are permitted within all University facilities subject to the additional requirements of this policy. Individuals who wish to bring a service animal into a University housing facility may do so without prior approval. However, students are strongly encouraged to reach out to the University’s Office of Disability Support Resources (DSR) to ensure that their experience bringing the animal to campus is a positive one. Advance notice of a service animal in housing facilities will enable the University to appropriately plan for the animal’s presence and will allow more flexibility in meeting the student’s needs. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go. Please note that service animals are required to be at least 12 months of age unless an exception to this requirement has been approved by DSR.

2. Employees with a disability who wish to utilize a service animal as a reasonable accommodation in a University office or other areas of campus buildings not open to the general public, must submit the request to the Office of Disability Support Services at least 30 days before the animal is needed.

3. Service animals in training are permitted in all public facilities on the same basis as working service animals, provided that the service animal is being led or accompanied by a trainer for the purpose of training the dog and the trainer has documentation confirming the trainer is affiliated with a recognized or certified service dog training organization. Service animals in training are not permitted in certain classrooms, offices, or other areas of campus buildings not open to the general public. Facilities generally considered off limits unless an exception is granted:

a. Research Laboratories: The natural organisms carried by service animals may negatively affect the outcome of the research. At the same time, the chemicals, and/or organisms used in the research may be harmful to service animals.

b. Areas Where Protective Clothing is Necessary: Any room where protective clothing is required or necessary. Examples include chemistry laboratories, research/medical laboratories, wood shops, metal or machine shop, electrical shops, etc.

c. Areas Where There is Danger to the Service Animal: Any room, including a classroom where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor e.g. molten metal or glass; where there is a high level of dust; or where there is moving machinery. Where the threat of injury is to the health of the dog, the student will be permitted to make the decision.

4. A student or employee with a disability who wishes to utilize a service dog in training in University housing, classrooms, offices, or other areas of campus buildings not open to the general public must seek approval through the reasonable accommodation process.
5. Animals under the control of a law enforcement officer acting in the course of his or her duties.

6. Animals kept in residence halls as approved by the Department of Housing and Residence Life including animals kept by housing staff in residence. All animals must register with and be approved by Disability Support Resources prior to entering University housing, in accordance with this policy: https://www.gvsu.edu/cms4/asset/C7BF326A-0990-A17D-F66456C52989A6FA/assistance_animals_policy.pdf.

7. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go.

8. Animals approved by the University for use in research or for instructional purposes: https://www.gvsu.edu/cms4/asset/C7BF326A-0990-A17D-F66456C52989A6FA/assistance_animals_policy.pdf.

9. Animals brought on campus for a special event sponsored by the University or a student organization provided that the event has been pre-approved in writing by the Dean for the sponsoring college or department or by the Office of Student Life.

10. Animals accompanied by members of the University community and visitors, as long as they remain on sidewalks and University walkways.

11. Any animal brought into a University owned or controlled property pursuant to this Policy must be properly licensed, vaccinated and tagged as required by applicable law. All animals must be under the control of their owner or handler and must be on a leash at all times, unless the owner is unable to use a leash due to a disability or the use of a leash would interfere with the service animal's ability to perform its duties. In that case, the owner must be able to control the service animal by other effective means such as voice controls or signals.

12. Animals may not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

*For purposes of this Policy, “University Facility or Facilities” means any building, facility, structure or improvement, open or enclosed, that is owned, licensed, leased by, or under the control of the University.

**B. General Requirements:**

Persons bringing animals onto University owned or controlled property as permitted by this Policy are solely responsible for:

a. the full control, supervision and care of the animal

b. ensuring that animal droppings or other waste are picked up, thoroughly cleaned up and properly disposed of;

c. reimbursing the University for the costs associated with the repair of any real and/or personal property and/or University facility damaged directly or indirectly by the animal or the animal's presence in the facility;

d. assuming full responsibility for any harm caused to others by their animal including medical expenses.

e. animals must not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

In addition, individuals bringing animals on campus must comply with all other applicable University ordinances, policies, practices and procedures and any applicable local, state or federal ordinance, statute and/or regulation.

**C. Areas Requiring Pre-Approval for Service Animals:**

1. The University may prohibit the use of service animals in certain locations due to health or safety restrictions, where service animals may be in danger, or where their use may compromise the integrity of research. Restricted locations may include, but are not limited to: teaching laboratories, classrooms, medical and surgical areas, and research areas.

2. Exceptions to restricted areas may be granted on a case-by-case basis by contacting the Office of Disability Support Resources. In making its decision, DSR will consult with the appropriate department and/or laboratory representative regarding the nature of the restricted area and any ongoing research. Additional requirements may be necessary to protect the animal. To be granted an exception: A student and/or employee who wants their animal to be granted admission to an off-limits area should contact DSR. Visitors should also contact DSR.

**D. Clarifying Animal Status:**

1. Service animals are permitted in all public facilities on campus in accordance with this Policy. University employees should refrain from questioning any individual about an accompanying service animal, including persons with non visible disabilities, unless there is a genuine question about the animal based upon its behavior.

2. In the unusual circumstance when an inquiry must be made to determine whether an animal is a service animal, a University employee may only ask two questions:

  a. Is the animal a service animal required because of a disability?
  b. What work or task has the animal been trained to perform?

You may not ask these questions if the need for the service animal is obvious. You may not ask the owner to make the animal perform the task.

3. A University employee may not ask about a person’s disability, require medical documentation, require a special identification card or training documentation for the service animal or ask that the service animal demonstrate its ability to perform the work or task. Although a service animal may sometimes be identified by an identification card, harness, cape, or backpack, such identifiers are not required and should not be requested or demanded for any service animal on campus.

4. Allergies and fear of animals are not valid reasons for denying access or refusing service to people using service animals.

**E. Removal of Service Animals:**

1. A service animal may be removed from University facilities or grounds if it disruptive (e.g., barking, wandering, posing a direct threat to the health or safety of others; is not housebroken; or displays aggressive behavior and the behavior is outside the duties of the service animal). Unruly, unhygienic, and/or unsanitary service animals are not permitted in public campus areas. The individual responsible for such an animal may be required to remove the animal. A service animal may also be removed if the animal is out of control and the owner does not take effective action to keep the animal under control. If the out-of-control behavior happens repeatedly, the owner may be prohibited from bringing the animal into facilities until the owner can demonstrate that significant steps have been taken to mitigate the animal's behavior.

2. When an animal has been properly removed pursuant to this policy, the University will work with the handler/owner to determine reasonable alternative opportunities to participate in the University’s services, programs, and activities without having the animal on the premises.

3. Any individual with a dispute or disagreement concerning the removal or restriction of a service animal or any other aspect of this policy should first contact Disability Support Resources. If the matter is not resolved, a request for mediation should be submitted to DSR. Individuals may also file a written complaint with the Equity and Compliance Unit in the Division of Inclusion and Equity by calling 616-331-2894 or at https://gvsu.edu/me/advocate-symptology/public_report/index.php?id=934805.

**F. Enforcement of Complaints:**

1. If you become aware of a violation of this policy, you are encouraged to attempt informal methods of resolution. For example, if you recognize the person violating this policy, you might contact them or their supervisor to make them aware of the problem. If that is not successful and/or you are not comfortable approaching the person violating the policy or their supervisor, then the Department of Public Safety may pick up the animal and hold it for 48 hours. Animals not claimed during that time will be turned over to the county animal control officer and the owner of the animal will be responsible for any associated fees.

2. Students in violation of this policy will be referred to the University conduct process through the Dean of Students Office and may be assessed a fine of up to $250. Employees in violation of this policy will be referred to the Office of Disability Support Resources for handling.

**DEFINITIONS:**

1. Service animal: “any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability.” (28 CFR 36.104) The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks for the purposes of this definition.

Examples of work or tasks that service animals perform include, but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as books or the telephone, alerting a person to a sudden change in blood sugar levels, providing physical support and assistance with balance and stability to individuals with mobility disabilities, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

a. The University may permit the use of a miniature horse on the same basis as a service animal if the horse has been trained to do work or perform tasks for the benefit of the individual with a disability and after an assessment of the following factors: the type, size and weight of the miniature horse and whether the facility can accommodate these features; whether the handler has sufficient control of the miniature horse; whether the miniature horse is housebroken; and whether the miniature horse’s presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation. (28 CFR 35.136)

2. Service animal in training: Dogs twelve months of age and older being individually trained to do work or perform tasks for people with disabilities that are at all times accompanied by a certified trainer. Puppies (dogs less than twelve months old) in training are not permitted in any University facilities.

3. Emotional Support, Assistance, or Therapy Animals: Please see the documentation section on the Registering with Disability Support Resources.

CANCELLATION/CLOSURE/REMOTE POLICY

Date of Last Update:
January 12, 2023
Approved By:
Senior Leadership Team

Responsible Office:
Finance and Administration

POLICY STATEMENT
Grand Valley State University has four operating status: Open, Classes Canceled, Closed, or Remote. The operating status of the university could change for a variety of reasons including emergency, utility disruptions, or weather.

TYPES OF OPERATIONAL CHANGE:

• Open: The University’s normal operating condition. Students, faculty and staff should assume the university is open unless advised otherwise. County or State Health Department Orders, Executive Orders or similar directives may require temporary modifications to University operations without changing the University Operating Status.

• Remote: The most common reason to shift to remote status would be for weather related reasons. Classes will shift to remote delivery whenever feasible. Classes that cannot be delivered remotely will not be held. Staff will shift to remote/work from home whenever possible. Essential staff are to report to work. Athletic contests may be held as previously planned subject to approval by the Vice President of Finance and Administration. Other campus events may be held as previously planned subject to approval by the President or Vice President whose division is sponsoring the event.

• Classes Cancelled: Only classes are cancelled. The remainder of the University is open as normal. All staff are to report to work at their regular time. Rare instances of cancelling classes might include unusual student activities or student related crises.

• Closed: Classes and campus events will not be held. Only ESSENTIAL staff are to report to work. The university would normally only close for significant and unanticipated events like natural disasters or civil unrest in the surrounding community. It is not anticipated the university would close for weather related events.

When GVSU is closed or shifts to remote, only essential staff are to report. Designated personnel in the following departments are deemed essential and are expected to report:

• Department of Public Safety
• Facilities Services
• Athletic & Recreation Facilities
• Food Service
• Housing
• Information Technology
• Library
• Facility Services Grand Rapids and Regional Campuses
• WGVU Television and Radio
• Office of Student Life Administrative Professional Staff

Appointing officers have discretion to call in non-essential staff as circumstances may require.

Students, faculty and staff should assume the university is open unless they are advised otherwise through GVSUAlert!, the university’s emergency notification system, or on www.gvsu.edu. Radio or television announcements should be confirmed with GVSUAlert! or www.gvsu.edu. In the case of a shift to remote, every reasonable effort will be made to make the announcement the day prior in order to provide ample time to enable the shift to remote class delivery and work from home preparation for employees.

EVENT SIGNS AND BANNERS POLICY - ALLENDALE CAMPUS

SLT 6.7
Date of Last Update: November 05, 2013
Approved By: Senior Leadership Team
Responsible Office: Facilities Services

POLICY STATEMENT

Grand Valley State University event sign and banner policy is intended to establish a uniform system used across campus. The primary function of a sign or banner is to provide information. The effectiveness of distributing this information will be based on consistent design and standards. Implementation and maintenance of the event sign system will be the responsibility of the GVSU Facilities Services Department.

PROCEDURES

Event signs are made by Facilities Services. Banners are provided by the customer. When making a request, please follow the steps listed below:

1. Call Facilities Customer Service at 331-3000 to place your sign or banner request approximately two weeks prior to the event.
2. All banners are to be provided by the customer. There are two (2) locations on campus where they can be hung. One is in front of Lake Huron Hall in the Academic Mall area. The other is at the Northwest side of the Student Services Building facing Campus Dr. The banner(s) will be tied to metal posts that are secured into the ground. Banners may not hang from sculptures, the roof or inside any building, or be placed in the ground at a different location other than the two indicated unless approval has been given by the Associate Vice-President of Facilities Services. Also, approval must be given for any light pole banners. Light pole banner design must conform to Facilities size and construction standards and will be provided upon request.
3. Facilities Services will make and install three (3) real estate style signs for any GVSU sanctioned event on campus. They are 18” x 24”, white with navy blue lettering. Any additional signs ordered will be at a cost of $15.00 each and you must provide a FOAP number. There is a maximum of 15 signs that may be ordered.
4. If you are ordering a real estate sign then please indicate the event name, the location and which parking lot to use. We are able to place quotes or statements on the signs but it is a good idea to keep the letters to a minimum so they can be made large enough to read. Please give a date/time to have these installed and a date/time for removal.
5. Facilities Services will install the real estate signs at the locations the customer indicates. Usually this is at the campus entrances or along Campus Drive. No signs may be installed in front of the arch at the north main entrance or in front of any welcome sign at the campus entrances.
6. Handwritten signage is not allowed and any professional signage brought on campus must have approval by the Associate Vice-President of Facilities Services.

If you have any questions about your signage or need approval please call 331-3000.

**Consumer ("Credit") Report Requests**
To detect any of the Red Flags identified above for an employment or volunteer position for which a credit or background report is sought, GVSU personnel will take the following steps to assist in identifying address discrepancies:

a. Require written verification from any applicant that the address provided by the applicant is accurate at the time the request for the credit report was made to consumer reporting agency.

GVSU shall be trained, as necessary, to effectively implement the Program. GVSU employees are expected to notify the Program Administrator once they become aware of an incident of identity theft or of GVSU’s failure to comply with this Program. At least annually or as otherwise requested by the Program Administrator, GVSU staff responsible for development, implementation, and administration of the Program shall report to the Program Administrator on completion with this Program. Levels of Keys and Issuance

A system of keys ranging from Grand Master (GM) Keys down to the lowest level key is used to satisfy user needs. Facilities Services aims to issue the smallest number of keys possible. Keys will not be issued where card access is available.

Grand Master Key is the highest-level key on campus. These keys cover all of the keyways within the entire key system. All GM key requests must receive the approval of the appropriate division heads, the Associate Vice President for Facilities Services, and the Vice President for Finance and Administration. These keys are issued to the Associate Vice President for Facilities, Director of Facilities, Assistant Director, or Manager of Facilities Services, the Director of Facilities Planning, Project Managers, the Director of Public Safety Services, Facilities Services Supervisors and Public Safety Officers. Other Facilities Services staff and some university personnel may be approved, but only after administrative, and executive officer authorization.

Due to the level of access granted by a GM key, all GM keys will be issued on a tamper proof key ring, and require a tracking device be added to any key ring containing this level of key. The initial tracking device will be issued by Facilities Services Allendale or Facilities Services Grand Rapids and Regional Centers. Data collected through the tracking device is for use only by Facilities Services - Allendale, Security staff, and Facilities Services – Grand Rapids and Regional Centers and is for the sole purpose of locating a GM key in the event of loss or theft. Employees are prohibited from tampering or attempting to alter or disable the tracking device or key ring which the GM key was issued. The employee will be responsible for costs associated with replacing a tracking device due to loss or theft. Replacement due to damaged, worn, or non-working tracking devices will be covered by Facilities Services – Allendale or Facilities Services – Grand Rapids and Regional Centers, so long as the damaged, worn or non-working tracking device is
Master Keys operate all keyways except mechanical rooms and designated restricted areas. These keys are issued to Deans or Administrative Assistants with responsibility for all building and department activities. Custodial Staff will also be issued appropriate keys for the building to which they are assigned. Issuance of these keys must be approved by the Associate Vice President for Facilities Services.

Sub-Master Keys operate a sub-group of locks within a master key system such as an individual department. These are issued based on proof of need and require approval of the Associate Vice President for Facilities Services.

Operator Keys allow entry to individual offices or rooms. These are the primary keys issued to faculty and staff. Approval is from the Associate Vice President for Facilities Services.

Entrance Keys operate entrance doors to buildings, departments, or suites. Approval is from the Associate Vice President for Facilities Services.

File Keys are issued as requested to allow access to department files or personal office files, desks or cabinets.

Key Records
A Key record is maintained for each employee possessing a University key or access card. The information in the key system includes the employee’s name, job title, department and phone number. The system also lists the date the key is issued, the key code, access location, room numbers, employee’s signature, and dates of key/access card return.

Key Request Procedures
- Access to locked areas of the University is based upon need.
- Whenever possible, employees will be issued the minimum number of keys and access cards at the lowest level allowing access to their areas of assignment only.
- Students, Grad Assistants, and temporary employees will not be issued brass keys to academic buildings. Employees signing out keys for these individuals will be held responsible for the keys.
- Access cards may be issued if a student is enrolled in a program that requires card access i.e.: Engineering, Health Campus Programs, CLAS.
- Grad Assistants may be issued access cards for the duration of their employment to buildings or spaces where they work.
- All key requests must be submitted in the Key System, which is available on the Facilities Services website.
- Information in the Key System must be complete with proper supervisor or department approval. Incomplete requests will be denied. Proper justification must be provided for anything other than keys to specific doors.

On approval

Upon termination of university employment, Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers will be notified by Human Resources.

The employee’s supervisor should follow up and direct the proper return of keys to Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers. These key changes are reflected in the key records and the file is closed.

Such keys and access cards are to be returned immediately upon completion of the contracted service or by 5:00 p.m. each day. Keys may be kept overnight with university manager approval.

In addition to the fee for a lost key, the responsible person/vendor accepts the responsibility to pay for the re-core of the building or buildings which the lost key was assigned to open. The cost of such a re-core may reach $10,000.00 or more depending on the size of the building and number of cores to replace. We urge all of our contractors/vendors to maintain custody of your keys and access cards at all times.

These are to be checked out through the Facilities Services Allendale office or the Facilities Services Grand Rapids and Regional Centers office and require supervisor’s permission. A driver’s license must also be presented and information will be recorded.

Employees receiving temporary job assignments may check out the appropriate building key from the Facilities Services Allendale office or Facilities Services Grand Rapids and Regional Centers office to work in the assigned area. (Example: custodians or maintenance personnel temporarily assigned to a different routine). These keys may be held for the duration of the temporary assignment and do not have to be returned daily.

Key Check Out Procedures
- Lock Box Keys are issued to Facilities Services Allendale, Facilities Services Grand Rapids, Public Safety, Technology Services, and designated contractors only. This key allows access to key boxes that are located in designated buildings and contain a master key for that building. Lock Box keys are issued to designated individuals within these departments based on proof of need. These key requests must be approved by the Associate Vice President for Facilities Services.
- Allendale Campus: Key and access card checkout is located in CUB for temporary checkout of keys and access cards. Identification (driver’s license) of the individual checking out the key as well as verification of need will be necessary.
- Grand Rapids and Regional Center Campuses: Key and access card checkout for the Pew Campus and Regional Centers is located at the Bicycle Factory, Suite 350, for the temporary checkout of keys and access cards. Key and access cards for the Health Campus can be signed out from the main desk at the Cook-DeVos Center for Health Sciences. Identification of the individual checking out the key as well as verification of need will be necessary. Keys and access cards are to be returned daily by 5pm.

LIGHTNING/SEVERE WEATHER POLICY - ATHLETICS

SLT 6.14

Date of Last Update: August 22, 2014

Approved By: Senior Leadership Team

Responsible Office: Athletics

POLICY STATEMENT

The safety of all participants and observers of athletic events is extremely important. Therefore, the Athletics Department has developed the following policy and chain of command in order to ensure the safety of both athletes and onlookers in the case of severe weather during an athletic event.

PROCEDURES

Chain of Command
The athletic trainer(s) present (most practices) in coordination with the game administrator and game officials are responsible for terminating an athletic activity in the event of lightning or other severe weather. During outdoor activities, a primary responsibility of the athletic trainer(s) is to have the ability to make sound decisions on environmental factors effecting the safety and well being of the athletes as well as others involved with the activity.

The certified athletic trainer will communicate with the game administrator, the head coach, and game official(s)/umpire(s) of the potential for lightning or severe weather and will make the recommendation that all activities stop or be suspended.
Severe Weather

In the event of severe weather, the following measures will be taken by Grand Valley:

The athletic training staff will check the weather daily prior to the practice or competition. Up-to-date weather reports will be obtained by using Telvent services.

During outdoor practices and games, an early warning text message system from Telvent may be used to help determine the occurrence of and/or distance of lightning in the area. The weather reports and systems will be monitored for storms that may develop during practices and games.

When an early warning text message system from Telvent has detected lightning or thunder has been heard, the athletic trainer in charge will monitor the distance on the early warning system. When the lightning is within an 8-mile radius of the venue, the activity will be ceased and a warning message with recommended safe structure will be given.

Anytime the Meadows sirens are used to close the golf course, all athletic outdoor activities will be suspended.

The certified athletic trainer will be responsible for notifying the head coach, official(s)/umpire(s) and game administrator (if present) of the lightning or severe weather. The certified athletic trainer will recommend play to be suspended at this time and shelter should be taken.

Any person who feels they are in danger of any lightning activity will have the right to leave the field or event site to seek safe shelter without fear of penalty or repercussion.

If play is suspended due to severe weather, everyone (including observers) should seek shelter in the designated “safe structures” (listed in Table A). A “safe structure” is defined as “any building normally occupied or frequently used by people, i.e., a building with plumbing and/or electrical wiring that acts to electrically ground the structure.” This structure does not include: shower facilities, baseball/softball dugouts, outside storage sheds, and canopies/awnings/tents. When in a “safe structure,” stay away from corded telephones, electrical appliances, lighting fixtures, ham radio microphones, electric sockets, and plumbing.

If no “safe structure” is available within reasonable distance, find a thick grove of small trees surrounded by taller trees or a dry ditch and assume a lightning safe position. Lightning-strike victims who show signs of cardiac or respiratory arrest need emergency help quickly. CPR and AED use should begin immediately, if necessary. Prompt, aggressive CPR has been highly effective for the survival of victims of lightning strokes.

Victims should be assessed and treated for apnea, asystole, hypothermia, shock, fractures and burns.

Any person who feels his/her hairs stands on end or skin tingle should immediately assume a lightning safe position.

Avoid using a landline telephone. Cellular phones may be used in an emergency situation.

Care of a Lightning-Strike Victim

A lightning strike does not stay attached to the source therefore they do not carry an electrical charge. It is safe to touch the victim to move him/her to a safe location and to render medical treatment. Medical personnel should consider their own personal safety before venturing into a potentially dangerous situation to render care.

Lightning-strike victims who show signs of cardiac or respiratory arrest need emergency help quickly. CPR and AED use should begin immediately. If necessary, Prompt, aggressive CPR has been highly effective for the survival of victims of lightning strokes.

Victims should be assessed and treated for apnea, asystole, hypothermia, shock, fractures and burns.

Refer to the Safe Structures table.

SPACE HEATERS AND PERSONAL APPLIANCE POLICY

SLT 6.16

Date of Last Update:
January 12, 2015

Approved By:
• Senior Leadership Team

Responsible Office:
Pew Campus Operations/Allendale Facilities Services

POLICY STATEMENT
The following policy language is intended to promote the safety of the campus community, improve the comfort of faculty/staff, prevent physical damage to university facilities and conserve energy at Grand Valley State University.

PROCEDURES
Space Heaters:
The use of electric space heaters (or those fueled by other means) is strictly prohibited in any GVSU facility. Electric space heaters pose a safety risk and fire hazard by overloading building electrical circuits.

They are also a very inefficient means of providing heat and often result in the discomfort of occupants in nearby offices or work areas.

Individuals who believe their work area is too cold (or hot) may contact Facilities Services (Allendale Campus) at extension 1-3000, or Operations at extension 1-6700 (Pew Campus & Regional Centers). A work order may also be submitted online at webtma.plant.gvsu.edu to request that their space be evaluated for temperature adjustments.

Other Personal Appliances:
The following appliances are also prohibited from being used in offices or other non-designated common areas at GVSU:

• Air conditioners
• Grills
• Coffee makers
• Crock-Pots
• Toaster ovens
• Toasters
• Mini Refrigerators
• Other small kitchen appliances
• Microwaves
• Other appliances that do not meet the intent of this policy

Many of these appliances are available to faculty/staff in designated break kitchens and lounge areas. If your department wishes to add an additional shared item to a break/lounge area, please contact the Operations Manager or Facilities Supervisor for your designated building to discuss its placement.

Exceptions:
Operations and Facilities Services will work to accommodate medical necessities, departmental events or other special conditions that may warrant an exception to this policy.

Responsibility:
Enforcement of this policy is the responsibility of departmental supervisors. Facilities Services and Operations staff will report unauthorized space heaters and other appliances discovered in the course of their work. The supervisor, chair, dean or director that is responsible for the area will be notified.

Business and Finance

POLICY STATEMENT
This document is designed to provide guidance to faculty and staff on University travel policies, regulations and procedures. These guidelines are in general terms and are not expected to cover every situation.

For questions regarding policies, procedures or travel arrangements, call Procurement Services at 616-331-2280. For questions regarding travel and expense reimbursement, call the Accounting Office at 616-331-2203.

Policy Statement for Travel and Expense Reimbursement
University travel is defined as traveling to conduct business on behalf of the University. The following individuals are eligible for reimbursement of reasonable expenses while traveling on University business:

• University Board of Trustees, faculty and staff employees.
• Students in appropriate/approved circumstances and sponsored by a department.
• Guests invited for lectures, consulting, interviews, recruiting, and other special occasions, or those requested to travel for the University as specified in a contractual arrangement. For these circumstances, the sponsoring Division or Department will use Concur to submit the reimbursement for travel expenses.

Authorization
Travel approval and reimbursement authority may be delegated by Executive Officers to supervisory individuals within their Division. Delegation authority shall be in writing and updated annually. It is the responsibility of each prospective traveler to secure the appropriate approval for University travel from their Supervisor, Director, Department Head, Dean, or Executive Officer. Additional regulations may apply for travel associated with grant funding and international travel.

Supervisors, if designated, will have the authority to approve travel and expense reports for their direct reports up to $5,000.

Additional approval from an Appointing or Executive Officer may be required for exceptions to travel policies.

See the Travel and Expense Procedures for authorization details.

Travel Arrangements and Booking
Individual travel shall be booked via the Travel & Expense (T&E) system for reserving travel (air/lodging/rental cars). The University Travel Agent can assist with bookings for multi-leg trips, group/sports travel,
and international travel. Guidance and procedures relating to transportation modes, including rental cars and use of personal vehicles, lodging, conference fees, etc. are outlined on the Business & Finance website. See the Travel and Expense Procedures for details.

Charging Expenses
University faculty and staff, if issued a University Purchase Card (P-Card), shall charge all business and business travel expenses to their P-Card. In the event a traveler does not have a P-Card, the traveler may use a debit card issued to them through the Accounting office, request a Cash Advance through the Accounting office, or use personal funds/payment methods and request reimbursement. Note: Cash advances will only be allowed when all other forms of payment have been explored and been found unfeasible. See the Travel and Expense Procedures for details.

Meals
Meals, to the extent practicable, shall be charged to a University P-Card. The GSA Per Diem meal rate, by locality, will be applied to each purchase. If the GSA rate is exceeded for any one purchase, the traveler will be responsible for reimbursing the University for the difference.
For authorized individuals only, alcohol may be purchased on the University P-Card. See the Travel and Expense Procedures for further details regarding alcohol purchases.

Expense Reimbursement/Reconciliation of P-Card
Expenses incurred on behalf of the University, whether through a P-Card or personal funds, must be approved by an individual’s authorized travel supervisor and submitted to the Business and Finance office through the University’s Travel and Expense system within 30 days of completion of travel. Unreconciled charges may be charged to the traveler’s department FOPA and may result in suspension of P-card and cash advance abilities.

Miscellaneous
The University will permit the benefits of airline/hotel/rental car rewards programs derived from travel paid for by the University to accrue to the traveler. This provision does not permit travelers to charge travel and booking arrangements with a personal method of payment when the University P-Card can be used.

**USE OF SECURITY CAMERAS**

**SLT 6.29**

**Date of Last Update:**
September 05, 2023

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Public Safety

**POLICY STATEMENT**

Grand Valley State University seeks to promote campus safety and to provide its community with a secure environment. Security video camera systems are a critical component to a comprehensive emergency and security plan. A security camera is defined as video technology that records a specific area in order to detect, deter, prevent, or investigate crime or other threats to public safety. The University takes seriously its responsibility to protect personal privacy when it operates security camera systems. No security camera will be installed on University owned or controlled property in any location for which there is a reasonable expectation of privacy. These areas include but are not limited to restrooms, locker rooms and occupied student residential rooms. This policy applies to stationary security cameras owned or controlled by the University and not to portable or temporary camera applications. All other stationary cameras that are not for official University use, portable or not, are prohibited.

This policy serves to regulate the installation and appropriate uses of security cameras, including the retention, viewing, release and destruction of recorded images, data or records produced by security camera use.

The existence of this policy does not imply or guarantee that security video cameras will be monitored in real time, continuously or otherwise, nor that any particular department is going to observe and respond to a crime in progress.

Video recordings with information about a specific student are considered law enforcement records unless the University uses the recording for disciplinary purposes or makes the recording part of the educational record. The Department of Public Safety, working in conjunction with the Information Technology Department has the authority to select, coordinate, operate, manage, and monitor all security camera systems pursuant to this policy.

**PROCEDURES**
Individual colleges, departments, programs, or organizations wishing to install security camera equipment for official University use on any of the University campuses are required to collaborate with Facilities Planning, Department of Public Safety and Information Technology prior to any installation. All equipment and installation must be approved and coordinated through the Department of Public Safety in order to meet the minimum technical specifications identified by the Department of Public Safety and Facilities Planning along with Information Technology for technical standards. All costs for purchase, installation, and maintenance of security cameras will be the responsibility of the appropriate project budget or the department/unit making the request. The University reserves the right to remove or disable cameras not compliant with this policy.

Security Camera System Operator

Security Camera System Operators are trained staff members who have access and been assigned responsibility by the Department of Public Safety. Prior to being permitted access to any security cameras, these individuals will be trained by the Department of Public Safety in the technical, legal, and ethical parameters of appropriate camera use. The Department of Public Safety will maintain an up-to-date list of authorized Security Camera System Operators having access to the system and any live or recorded images. Access to viewing, copying, duplicating and/or retransmission of live, recorded video or still images will be limited to Security Camera System Operators.

Security Camera System Operators are responsible to appropriately protect the privacy of personal information that may have been captured by cameras under their control.

Recordings

Images recorded by security camera systems are considered sensitive information that are to be protected from unauthorized access for modifications, duplications or destruction. The stored images generated by University security cameras are to be kept in a central location and secured in a network location established by the Information Technology department.

Stored data may be released when it is related to any criminal investigation, civil suit, subpoena or court order, arrest, or to aid in a disciplinary proceeding against a student or personnel actions against an employee. Stored data needing to be retained as part of a civil or criminal investigation may be downloaded and retained by law enforcement personnel according to their individual department policies.

Internal requests to release stored data are to be authorized by the Director of Public Safety or designee(s).

All recordings will be re-recorded over every 30 days unless there is a demonstrated business need, ongoing investigation, court order, or other bona fide use as approved by the Director of Public Safety or designee(s).

Monitoring

University security cameras are not monitored continuously under normal operating conditions but may be monitored for legitimate safety and security purposes that include, but are not limited to, the following:

- High risk areas, restricted access areas/locations, in response to an alarm, special events, and specific investigations authorized by the Director of Public Safety or designee(s).
- Internal requests to release stored data are to be authorized by the Director of Public Safety or designee(s).

Any person who tampers with or destroys video security equipment will be subject to criminal prosecution and/or campus disciplinary processes.

If a **Timely Warning** should be considered, GVPD will notify the crisis communication director and/or crisis communication coordinator(s). A **Timely Warning** is required if GVPD receives a report that a Clery crime has been committed on GVSU Clery geography and considers there to be a serious or continuing threat to students and employees. The content of a **Timely Warning** needs to include information that would promote safety and aid in the prevention of similar crimes and information about the crime that triggered the **Timely Warning**. The Vice President for University Relations and the Associate Vice President for University Communications, or their designees, will write the message(s). A designated representative from University Communications will be responsible for distributing the alert using RAVE. University Communications may post messages on the university home page, GVNext and the university’s social media outlets.

Grand Valley may elect to issue a safety notice to members of the University when it is determined there is a recurring series of criminal activity, a disruption to operations, or when the Department of Public Safety determines that there may be a serious continuing or ongoing threat to the health or safety of off-campus students. When deemed necessary, the Department of Public Safety will notify the Vice President for University Relations or Associate Vice President for University Communications for dissemination.

**PUBLIC WEATHER INFORMATION**

If the weather poses an immediate threat to the campus community the Comprehensive Emergency Management Plan (CEMP) will be followed and communications made accordingly.

**POLICY STATEMENT**

GVSU understands the importance of the film industry to the local economy and the benefit it can provide to our students interested in a career in film and film production. However, film production on campus is permitted only if it does not interfere with normal University business and/or previously scheduled events. A Location Permit is required to film on campus. The Location Permit can be approved only when all of the appropriate procedures and requirements have been met. Use of any location can only be approved with the consent of the impacted University units or buildings and consideration of the impact on surrounding areas and activities. Scheduled University events, regardless of size, take precedence over film shoots in determining location availability.

**PROCEDURES**

- **Requests for Permits**
  Requestors for a Location Permit must complete the appropriate application. This application and complete script (if applicable) shall be submitted to University Communications. Upon receipt, the completed application and script will be forwarded to a core committee that will include a representation of affected units or buildings for review and project approval.

- **Fees & Costs**
  Location fees and operational costs will be charged and are based on a number of variables. The length of the shoot, locations involved, and types of GVSU services needed are all considered in determining the total operational costs. In certain limited instances fees and costs may be waived for uses such as public service announcements. Other forms of media may be subject to this fee and will be handled on a case-by-case basis.

- **Alterations to Premises**
  Production companies may not make any alterations to the University Premises (either temporary or permanent), including trimming, cutting or removing natural features such as trees and shrubs, without the express written approval of the University. Production companies will leave the University Premises and all property of any kind located therein in as good order and condition as they were immediately prior to production. Production companies will be responsible for paying for any expenses to restore the University’s Premises to its original condition.

- **Code of Conduct**
  While filming on our campus production companies and their employees are guests of the University and should treat this location and campus community with respect and courtesy. The production company, cast, crew and all others associated with the project are expected to comply fully with University Policies. They will be expected to adhere to the [Filmmaker’s Code of Professional Responsibility](http://example.com), which is Attachment A to the Guidelines and Procedures for this policy.

**University Identification and Appropriate Use of Campus Images**
No identification of GVSU as a location is permitted, except in rare instances and only when the specific use is submitted for prior approval by University Communications. The request will only be approved when it is deemed to be in the University’s best interests.

Identification includes but is not limited to trademarks, icons, recognizable University landmarks, and the use of merchandise containing trademarked images/logos (i.e., flags, apparel, posters, miscellaneous items containing logo, etc.). Identification also includes verbal references on film.

Filming and Athletics

University shall have the right of cancellation if the Agreement holder is deemed insolvent or, in the University’s sole opinion, shall fail to perform any material term in the Agreement after having received written notice from the University to do so.

FUNDRAISING POLICY

SLT 8.3

Date of Last Update:
December 08, 2014

Approved By:
Senior Leadership Team

Responsible Office:
University Development

POLICY STATEMENT
University Development helps Grand Valley State University fulfill its mission and realize its aspirations in three ways: (1) securing, stewarding and increasing financial support; (2) building meaningful partnerships with external and internal constituents; and (3) communicating the university's character, quality, priorities and goals.

Accordingly, University Development must strive at all times to ensure that its policies and procedures and those of the university are in compliance with local, state and federal regulations in regard to the solicitation and acceptance of gifts. Any deviation from the Internal Revenue Code could result in fines, public embarrassment and/or the loss of the University's tax-exempt status.

For these and many other reasons, all fundraising requests made in the name of the University must be approved in advance by the Vice President for Development. In addition, only the Vice President for Development or their designee is empowered to issue the University’s official receipt that qualifies a donor’s charitable contribution as deductible for tax purposes.

Any fundraising activity that employs the name, image or reputation of the University, in an effort to secure financial gifts will be considered fundraising in the name of the University and is subject to this policy.

In the area of “sponsored research”, University Development may work with the Office of Sponsored Research to determine the most appropriate fit for the project.

Any potential fundraising activities on behalf of an University program or initiative must first be approved by the appropriate dean and/or the divisional vice president before a request for assistance is directed to University Development. In all decisions related to funding, the priorities of the University, as approved by the Board of Trustees, shall guide the decision making process.

University Development will not share lists of donors or other constituents with individuals and organizations not affiliated with approved university fundraising activities.

This policy shall apply to any and all members of the University community, as well as to any other individuals or organizations who may represent themselves as members of the University community or who claim to be acting on behalf of the University. This policy does not apply to members of the University community when they are engaged in fundraising activities for other organizations and/or when they have explicitly stated that their fundraising activities are unrelated to the university.

Today’s donors have more outlets for their philanthropic desires than ever before. As competition for the philanthropic dollar has increased, donors now receive numerous appeals from multiple non-profit organizations. Consequently they are likely to become annoyed by multiple requests from the same organization. To ignore this is to risk reduced support, an outright refusal, or perhaps even permanent discontinuation of support.

Grand Valley State University can be at the forefront of a donor’s choice if we are clear in our intent, focused on the university’s highest priorities, and present exciting opportunities for support. Coordination of university-wide fundraising activities is imperative.

Prohibited Activities

Members of the University community are prohibited from engaging in the following tactics and activities for purposes of fundraising:

- Use of home addresses from the university telephone directory to compile calling or mailing lists.
- Use of the Grand Valley State University Alumni Directory to compile calling or mailing lists.
- Using one's status as a Grand Valley State University employee or student to secure a gift commitment unless specifically authorized to do so.
- Using "mass e-mails" on the campus intranet system to solicit gifts unless specifically authorized to do so by University Development.
- Conducting lotteries or similar games of chance, which the State of Michigan defines as gambling. Raffles may be conducted with prior approval from the Office of Student Life. For procedures and protocols implementing this policy please contact the Development Office.

I. Policy Statement

Grand Valley State University (GVSU or “University”) strives to maintain a university community characterized by respect for each other. This includes, but is not limited to, a commitment to providing an educational environment, workplace, programs, and activities that are free from all forms of harassment. Harassment includes sexual harassment prohibited by Title IX of the Education Amendments Act of 1972 and implementing regulations (“Title IX Sexual Harassment”), Sexual Misconduct, and Discriminatory Harassment (collectively “Harassment”), as defined below. The University recognizes that Harassment may have serious effects on the well-being of all members of the university community and therefore does not tolerate such behavior.

Upon receiving a report of an alleged violation of this Policy, the University will take prompt and appropriate action in response, including a review of the allegations and, if appropriate, an investigation and other appropriate action to put an end to the alleged misconduct. The University will take all steps necessary to enforce its Non-Retaliation Policy (See V.S. of this Policy) to protect those who report Harassment and/or are involved in an investigation of conduct prohibited by this Policy.

II. Jurisdiction

This Policy applies to Harassment by or against any member of the University community including faculty, staff, and students that occurs:

1. In the context of any GVSU education program or activity;
2. On campus or on property owned or controlled by GVSU;
3. At GVSU-sponsored events;
4. In buildings owned or controlled by GVSU’s recognized student organizations; and/or
5. Off-campus where:
   a. The effects of the Harassment effectively deprive someone of equal access to GVSU’s educational programs or activities;
   b. The Harassment includes continuing effects on campus or in an off-campus GVSU-sponsored program or activity; and/or
   c. The alleged harasser poses an immediate threat to the physical health or safety of any individual.

Nothing in this Policy prohibits GVSU’s right to address and take appropriate action with respect to conduct that, while not prohibited by this Policy, is nevertheless inconsistent with GVSU’s values, including respect for others.

III. Freedom of Expression and Academic Freedom

Because freedom of expression and academic freedom are fundamental to GVSU’s academic mission and must be protected even when the views expressed are unpopular or controversial, GVSU will take both into account when determining whether Harassment has occurred and what type of remedy, if any, is appropriate. This Policy is not intended to prescribe or inhibit any form of speech that is protected by federal
or state law, including the First Amendment, or any conduct which arises for legitimate academic and pedagogical purposes, including intellectual inquiry, debate, and dialogue.

More information about freedom of expression at the University is available at [https://www.gvsu.edu/dso/expressive-activity-at-gvsu-32.htm](https://www.gvsu.edu/dso/expressive-activity-at-gvsu-32.htm) and about Academic Freedom at [BOT 4.2.2](https://www.gvsu.edu/dso/about-academic-freedom.htm).

IV. Responsible Party

GVSU’s Director and Title IX Coordinator (“Title IX Coordinator”), Office for Institutional Equity and Title IX, is responsible for implementing and monitoring compliance with this Policy on behalf of GVSU. This includes monitoring compliance with federal and state laws and regulations, ensuring appropriate education and training, and administration of the reporting and response procedures concerning suspected or alleged violations of this Policy. The Vice President for Inclusion and Equity maintains the authority to designate an alternate responsible party.

Any questions regarding this Policy or conduct prohibited by it may be directed to the Title IX Coordinator:

Kevin Carmody
4015 James H. Zumberge Hall
(616) 331-9530
carmoke@gvsu.edu

Some types of Harassment may be criminal in nature and may be reported to GVSU’s Police Department, at (616) 331-3255. In the case of an emergency, the matter should be reported to 911.

V. Definitions

1. Complainant
Any person who is alleged to be the victim of conduct that constitutes Harassment under this Policy.

2. Consent
Permission that is clear, knowing, voluntary, and expressed prior to engaging in and during a sexual act. Consent is active, not passive. Silence, or lack of resistance, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in sexual activity.

A. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity.

B. Consent may be withdrawn at any time or as long as the withdrawal is reasonably and clearly communicated by word or action. If consent is withdrawn, that sexual activity should stop.

C. Previous relationships or prior consent cannot imply consent to future sexual acts.

D. Consent cannot be given by an individual who one knows to be – or based on the circumstances should reasonably have known to be – incapacitated.

   i. A person is incapacitated when they cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).

   ii. Incapacitation may result from the consumption of alcohol or other drugs, or in a situation where a person is asleep or unconscious.

E. Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity.

F. An individual cannot consent who has been coerced, including being compelled by force, threat of force, or deception; who is unaware that the act is being committed; or who is coerced by a Supervisor or disciplinary authority.

G. Consent may not be given by a person who has not reached the legal age of consent under applicable law.

H. Being impaired by alcohol or drugs will never function as a defense for any behavior that violates this Policy.

3. Discriminatory Harassment
Discriminatory Harassment may include unwelcome conduct based on an individual’s or group’s, race, color, national origin, age, disability, familial status, height, weight, marital status, political affiliation, veteran status, military status, genetic information, or any other legally protected characteristic that interferes with performance, limits participation in University activities, or creates an intimidating, hostile, or objectively offensive environment when viewed from the perspective of both the individual and a reasonable person in the same situation.

A. Discriminatory harassment includes, but is not limited to, the following types of conduct when such conduct is based on an individual’s or group’s protected characteristic:

   i. Verbal abuse, slurs, derogatory comments or insults about, directed at or made in the presence of an individual or group.

   ii. Display or circulation of documents or pictures that are objectively offensive or degrading.

   iii. Physical contact or threatening language or behavior.

   iv. Damage to, trespass on, or theft of property.

4. Respondent
Any person who is alleged to have violated this Policy.

5. Retaliation
Any adverse action taken against a person because of their participation in a protected activity. That includes, without limitation, intimidating, threatening, coercing, or discriminating against any individual for the purpose of interference because that person has made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing under this policy.

6. Sexual Misconduct
Sexual Misconduct is unwelcome conduct based on sex, sexual orientation, gender identity, and/or pregnancy that does not fall within the purview of Title IX Sexual Harassment because it does not meet the definition of Title IX Sexual Harassment and/or because the reported behavior falls outside the jurisdiction under Title IX.

Examples of Sexual Misconduct include, but are not limited to, the following:

A. Unwelcome conduct based on sex, sexual orientation, gender identity, and/or pregnancy based on the circumstances and evaluated subjectively and objectively, that is determined by a reasonable person to be so severe, pervasive, or pervasive that it effectively denies a person equal access to the University’s education program or activity.

B. Conduct that meets the definition of Title IX Sexual Harassment but occurs off campus.

C. Conduct that meets the definition of Title IX Sexual Harassment but occurs in a GVSU educational program or activity outside the University’s jurisdiction.

7. Title IX Sexual Harassment
Title IX Sexual Harassment is unwelcome conduct on the basis of sex, sexual orientation, gender identity and/or pregnancy that satisfies one or more of the following:

A. Quo Pro Quo Harassment: An employee or agent of GVSU conditioning the provision of an aid, benefit, or service on an individual’s participation in unwelcome sexual conduct.

B. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University’s education program or activity.

C. Sexual assault: Any forcible or non-forcible sex act proscribed by law. “Forcible sexual assault” includes sexual intercourse and fondling without consent. “Non-forcible sexual assault” includes incest and statutory rape.

   i. “Sexual intercourse” includes oral, anal, and vaginal intercourse or penetration, to any degree, with any part of the body or other object.

   ii. “Fondling” is defined as touching of the genitals, buttocks, and/or breasts of another person for the purpose of sexual gratification, without consent.

   iii. “Incest” is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

   iv. “Statutory rape” is nonforcible sexual intercourse with a person who is under the statutory age of consent according to Michigan law.

D. Dating violence: Physical violence or the threat of physical violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with an individual, and the existence of such a relationship shall be determined based on factors such as the length and type of relationship, and frequency of interaction between the persons involved.

E. Domestic violence: Physical violence or the threat of physical violence committed by a current or former spouse or intimate partner of an individual, by a person with whom the individual shares a child in common, by a person who is cohabitating with or has cohabitated with the individual as a spouse or intimate partner, by a person similarly situated to a spouse of the individual under applicable domestic or family violence laws.

F. Stalking: Knowingly or intentionally engaging in a course of conduct involving repeated or continuing harassment of another person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

G. Only conduct that meets the definition of Title IX Sexual Harassment, that occurs in a University education program or activity, and that occurs against a person in the United States constitutes Title
are obligated to promptly report to the Title IX Coordinator or Deputy Coordinator incidents of sexual harassment, sexual violence, sexual misconduct, stalking, and relationship violence that:

A. The essential job functions of the position. The essential functions are the fundamental job duties of the employment position at issue. To be qualified for a position, an individual must be able to perform

B. Employees are only required to report Sexual Harassment/Sexual Misconduct of which they become aware in their capacity as a university employee, not in a personal capacity.

C. While student employees and third-party contractors are not included in this list, Graduate Assistants and Resident Assistants are obligated to report.

2. Confidential Resources

A. Certain University employees and volunteers provide important counseling, health, advocacy, and other support services to members of the University community. These employees must be able to assist individuals in receiving medical care, counseling, and support services without the requirement to report conduct to the University.

Therefore, employees and volunteers who work in the programs and roles designated below are exempt from this Reporting Protocol with regard to incidents disclosed to them during provision of services.

**Exempt Programs and Roles**

- University Counseling Center
- GVSU Family Health Center
- Gayle R. Davis Center for Women and Gender Equity
- Employee Ombuds
- Student Ombuds

B. Employees and volunteers in exempt service programs and roles are not otherwise exempt from reporting incidents they witness or learn of in the workplace. For example, if an employee of an exempt service program witnesses sexual harassment or assault of a co-worker by another University employee or in the context of a University program or activity, the employee must report the incident.

C. Reporting Options and Resources: Exempt service programs are required to provide individuals with information regarding reporting options and available resources whenever possible, including (i) the right to file a complaint with Title IX and Institutional Equity and/or law enforcement; (ii) the University’s prohibition of retaliation; and (iii) supportive resources, including counseling, medical, and academic.

D. Victim/Survivors of sexual offenses, including sexual assault, stalking, and dating/domestic violence, may also seek help from off-campus organizations that have trained professionals able to provide assistance to victims of sexual violence. These organizations are not associated with the University and therefore disclosure will not trigger a University response. Victim/Survivors may contact the following organizations for assistance:

- YWCA of West Central Michigan: 616-454-9922
- Resilience: Advocates for Ending Violence: 1-800-846-5991
- Safe Haven Ministries (Christian-affiliated): 616-452-1168

3. Third-Party & Anonymous Reporting

Any individual may make a report of an act of Sexual Harassment. The report may be made without disclosing the identities of the parties involved. However, the University’s ability to respond to the third-party report of Sexual Harassment may be limited by the amount of information provided.

4. Procedures

GVSU’s Procedures for Reporting and Resolving Allegations of Title IX Sexual Harassment, Sexual Misconduct and Discriminatory Harassment describe the necessary steps for resolving concerns of violations of this Policy. Anyone wishing to report a violation of this Policy should refer to those Procedures.

## Disability Accommodation Policy for Faculty and Staff

**SLT 9.5**

**Date of Last Update:**
September 16, 2013

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Inclusion and Equity

**POLICY STATEMENT**

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all faculty, staff and students with access to the University’s programs, services, events and activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers. University faculty or staff members who are persons with a disability are not required to identify themselves as persons with a disability or to request an accommodation. However, the University cannot accommodate an individual who does not inform the University about his/her disability and his/her need for an accommodation. A faculty or staff member seeking an accommodation must request it by submitting their request to the Disability Support Resources Office following its procedures.

**PROCEDURES**

The Disability Support Resources Accommodation Process

To request an accommodation, a University faculty or staff member must:

A. Self-identify as a person with a disability by application to the Disability Support Resources office (DSR). It should be noted that The University conducts a survey of faculty and staff for statistical purposes and this does not constitute a method of self identification consistent with this policy. If a faculty or staff member requests an accommodation, the supervisor/unit administrator should refer the faculty or staff member to the DSR or its website at [http://www.gvsu.edu/dsr/](http://www.gvsu.edu/dsr/)

B. Provide documentation of the disability; and

C. Indicate in the application to the Disability Support Resources office, his/her need for accommodation and provide supporting medical documentation from an appropriate professional, if requested by the Disability Support Resources office. The medical professional must have first-hand knowledge of the condition and a familiarity with the physical, emotional and cognitive demands of the disability.

Once an application has been submitted to the DSR, a DSR advisor will review the application and may contact the faculty or staff member who submitted the application. The advisor will contact the supervisor/unit administrator and discuss whether an accommodation is warranted, explore possible accommodations, and assess the effectiveness each would have in enabling the faculty or staff member to perform his/her job including the following:

A. The essential job functions of the position. The essential functions are the fundamental job duties of the employment position at issue. To be qualified for a position, an individual must be able to perform
Further, when scheduling university events and activities, such as Family Weekend, Commencement, Convocation, and University sponsored conferences, planners should consult the list of religious holidays on the make-up assignment or examination. Time-consuming than the original exam or assignment.

Faculty must provide a reasonable opportunity for such a student to make up missed assignments and examinations within a reasonable time period before or after the student's absence, provided the student be counted as an absence.

Faculty should accept a student's claim of a scheduling conflict on religious grounds at face value. If class attendance is required by the faculty member, classes missed to observe a religious holiday may not be counted as an absence.

Faculty shall not penalize any student who has properly notified the faculty member by complying with the Request Accommodation Procedure for his/her absence in classes, examination, or assignments.

During the accommodation request process, DSR may:
A. Request additional documentation;
B. Consult with Human Resource Office;
C. Evaluate whether any accommodation is needed and, if it is, whether an accommodation is reasonable and should be made (this evaluation may include preparing cost estimates);
D. Assess various accommodations;
E. Identify alternative accommodations or solutions;
F. Provide information from resources about the capabilities of persons with similar disabilities and the tools/techniques they use;
G. Determine a reasonable accommodation, if appropriate;
H. Provide a written determination to the department/unit and faculty or staff member;
I. Explain the department/unit’s responsibility to fund an accepted accommodation or seek alternative funding, if needed;

DSR makes a determination regarding implementation of accommodations. DSR will consider each request for reasonable accommodation and determine: (1) whether the accommodation is needed; (2) if needed, whether the accommodation would be effective, and (3) if effective, whether providing the reasonable accommodation would impose an undue hardship.

Appeals
If a faculty or staff member or supervisor/unit administrator disagrees with the DSR determination, the decision may be appealed to the Vice President of Inclusion and Equity, in writing to:

RELIGIOUS INCLUSION POLICY
SLT.9.6

Date of Last Update:
November 19, 2012
Approved By:
Senior Leadership Team

Responsible Office:
Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT
Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Purpose
Many University students, staff, and faculty observe religious traditions from a variety of religions. This Religious Inclusion Policy (“Policy”) acknowledges the right of students, staff, and faculty to engage in religious observances. The University is committed to accommodate our exercise of that right.

The University acknowledges that conflicts in scheduling mandatory academic requirements and employment obligations with religious observances are inevitable. Although the University does not observe religious holidays, it recognizes that there are a number of religious holidays that affect significant numbers of our students, staff, and faculty. This Policy is intended to provide clarity to students, staff, and faculty who seek accommodation to practice their faith.

PROCEDURES
Accommodations
Grand Valley State University will make a reasonable effort to allow its students, staff, or faculty to be away from work or a class to observe their religious beliefs, except where accommodating the request would result in undue hardship on the University in its mission, operation or in meeting its academic standards. The University provides quiet areas for student, staff, and faculty reflection, meditation, and prayer. A list of these quiet areas may be found on the Inclusion and Equity webpage.

Faculty should be sensitive to the observance of religious holidays so that students who miss classes to practice their faith are not disadvantaged. A list of religious holidays is found on the Inclusion and Equity website. Please note that this list is meant to be inclusive of most major religious traditions (although certainly not comprehensive), and that religious holidays have no official status at the University. Faculty should make every effort to avoid scheduling examinations or assigning work that is due on religious holidays. Some religious holidays begin at sundown on the evening before the published date of the holiday. Consequently, faculty should avoid scheduling late afternoon exams on these days.

Faculty shall not penalize any student who has properly notified the faculty member by complying with the Request Accommodation Procedure for his/her absence in classes, examination, or assignments. Faculty should accept a student’s claim of a scheduling conflict on religious grounds at face value. If class attendance is required by the faculty member, classes missed to observe a religious holiday may not be counted as an absence.

Faculty must provide a reasonable opportunity for such a student to make up missed assignments and examinations within a reasonable time period before or after the student’s absence, provided the student has properly notified the faculty member by submitting a Request Accommodation Form. Faculty must give the student the opportunity to do appropriate make-up work that is no more difficult or time-consuming than the original exam or assignment.

Nothing in this Policy, however, exempts a student from meeting course requirements or completing assignments. The faculty member may respond appropriately if the student fails to satisfactorily complete the make-up assignment or examination.
Further, when scheduling university events and activities, such as Family Weekend, Commencement, Convocation, and University sponsored conferences, planners should consult the list of religious holidays on the Inclusion and Equity website before selecting the date and time to ensure inclusiveness.

**Religious Accommodation Procedure**

All requests for accommodation for religious observance should be made in the following manner:

**Students**  Faculty should inform students of all examination dates and assignment deadlines at the start of each semester in the class syllabus. If a conflict with a religious observance exists, students must request a religious accommodation from their faculty within the first two weeks of each semester or as soon as reasonably possible after the instructor announces a particular mandatory class, examination, or assignment so that alternative arrangements can be made for any class, examinations, or assignments missed. If an accommodation is needed within the first two weeks of the semester, the student must provide the faculty member with reasonable advance notice of the need for accommodation. Requests for accommodation must be made through a Religious Accommodation Form, which may be found at the Dean of Students Office, the Office of Affirmative Action or under "Forms" at www.gvsu.edu/inclusion. It is the student’s responsibility to provide faculty with reasonable notice of the need for accommodation and the timing of the notice may be taken into account in determining whether granting the request would create an undue hardship.

The faculty member and the student should discuss and agree upon what would constitute a reasonable accommodation in each given case. If the student and faculty member agree upon an accommodation, the accommodation must be carried out and disclosed on the Religious Accommodation Form. The completed Religious Accommodation Form shall be filed by the faculty member in the Dean of Students Office.

If the student and faculty member cannot agree on an accommodation, either party may bring the matter to the Unit Head to determine the accommodation. Either party may appeal the Unit Head’s decision to the Dean, who will make a final binding decision.

Where a student has obligations to a placement site (e.g. internships), that student must also work out arrangements with the placement site to make up for missed responsibilities or duties.

**Staff**  The use of vacation and personal leave is governed by the Faculty Handbook. Requests by a faculty member for leave for religious accommodation, however, shall be considered under this Policy if the faculty member has made arrangements for any missed classes and the granting of the leave will not result in undue hardship for GVSU. Faculty that miss class time due to a religious observance must make alternate arrangements for that time with his or her Unit Head. If the Unit Head denies the request, the faculty member may appeal to the Dean, who will have final decision authority over the request.

Nothing in this Policy exempts a GVSU faculty or staff member from fulfilling their job responsibilities.

**Confidentiality**

Although discretion will be exercised, a guarantee of confidentiality or anonymity cannot be made because the determination of a reasonable religious accommodation will involve discussions with other parties. Information about the request for religious accommodation will be revealed only as the deliberation process requires. Discretion will be observed to the extent permitted by law and that is consistent with protecting the welfare of the students, staff, and faculty and the interests of the University.

**Retaliation**

Any attempt to retaliate against an individual who files a religious accommodation request or otherwise utilizes this Policy is prohibited.

**WEB ACCESSIBILITY POLICY**

**SLT 9.7**

**Date of Last Update:**

November 12, 2018

**Approved By:**

• Senior Leadership Team

**Responsible Office:**

Equity, Planning, and Compliance Unit

**POLICY STATEMENT**

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all students and staff with equitable access to the University’s programs, services, events and all staff development activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers to our websites or to provide equally effective alternative access.

This policy establishes minimum standards for the accessibility of web-based information and services considered necessary to meet the University’s goals and ensure compliance with applicable law. The University has assigned web accessibility responsibilities to its Americans with Disabilities Act Coordinator and Web Manager, or their designees.

This policy applies to all official web pages and associated web-based services developed by or for a college, school, department, program, or unit of the University.

The University will ensure that new online content and functionality developed, procured, or used will be fully accessible to individuals with disabilities. This action will include any staff training that may be necessary to ensure full implementation.

All new web pages published by any University college, school, department, program, or unit on or after the effective date of this policy must conform to WCAG 2.0 Level AA Technologies Accessibility Standards and this policy.

For existing online content, the University has developed a strategy for identifying inaccessible content and functionality for individuals with disabilities: developed a notice to person with disabilities regarding how to request that the University provide access to online information or functionality; prominently posted this notice on its home page and throughout its website; and developed a process to ensure that, upon request, inaccessible content and functionality will be made accessible in an expedient manner.

Each website must contain a link to report accessibility issues, or to request an accessible version, should users have trouble accessing content within the site. This would usually be the site administrator or content author.

**PROCEDURES**

**Training**

Accessibility training will be provided and required of all faculty, staff and other authorized representatives prior to being given access to manage any online content through the Content Management System (CMS) or through remote access to a web server (FTP, SFTP, SSH, etc.). This training will help content administrators produce accessible content, and assess and correct content that may be inaccessible. All content administrators will be required to attend Accessibility Training on an annual basis as long as they manage online content.

**Enforcement**

If necessary, at the discretion of the Web Accessibility Coordinators or their designees, some or all non-compliant portions of the web pages and resources may be taken offline, or brought into compliance by designated staff or contractors.

**Purchasing of Outside Content**

All web-based content and systems, whether developed internally or obtained from third-parties that the University chooses to make available, is expected to conform to accessibility standards set forth in this policy. Accessibility of these technologies should be verified by University staff with demonstrated ability in accessibility evaluation. This verification process should be accomplished through hands-on evaluation of the product, prior to purchase.

When evaluating third-party products, it is advisable to choose the most accessible product in the space. However, not always will there be accessible choices, or the most accessible choice may not align with other dominant selection criteria. In cases where a product with limited accessibility has been purchased, interim, equivalent accommodations documented in an approved ADA exception should be in place until the service can be made accessible.

**Contact Information**

Any concerns with the accessibility of online content should be directed to the Americans with Disabilities Act Coordinator, 4035 James H. Zumberge Hall, 616-331-3296 and/or Web Manager, 2090 James H. Zumberge Hall, 616-331-2525 or their designees who serve as the University’s Web Accessibility Coordinators. MINORS ON CAMPUS POLICY

POLICY

"Grand Valley is committed to strengthening our living, learning, and working environment by recognizing and removing the barriers to full participation and providing a safe, inclusive, vibrant community for all." -- Inclusivenscore core value section of the University’s Strategic Plan.

Grand Valley State University is committed to being a safe and healthy environment for all. This includes students, faculty, staff, and campus visitors, especially those who are minors. As a public university open to everyone, the University welcomes children and teenagers on our campuses for a variety of programs and activities planned by the University or by outside organizations. In all situations, adults are expected to provide a role model for minors, acting in a respectful and responsible manner consistent with the mission of the University. To promote this vision, the University publishes and enforces policies, procedures, and guidelines that have the goal of promoting health, safety, and security for minors on campus.

"Minors" are persons under the age of eighteen (18), and the term "Minor," "Children," and "Children" are used interchangeably in this policy. Further definitions may be found below. This policy addresses the following situations:

1. A Minor will be physically present and participating in a University-sponsored program or activity, either taking place on University property or under the authority and/or direction of the University at other locations (this includes academic and sports camps);
2. A Minor will be physically present and participating in a program or activity at the University that is sponsored by a third party (this includes programs for K-12 students sponsored by a school system);
3. A Minor is enrolled in one or more courses on campus, either as a matriculated student, a guest student from another institution of higher education, or a dual-enrolled student;
4. Other events where Minors are physically present at the University, such as situations when parents/legal guardians are expected to accompany and provide supervision to Minors in their care (this includes Admission activities and events and performances open to the public).

POLICY STATEMENT

I. Requirements of Programs that Involve Minors

Programs are typically workshops, sports camps, academic camps, conferences, and social activities. Some activities that are exempt from Section I can be found in Sections III-V.

A Sponsoring Unit offering or approving a Program that involves Minors or provides University housing for Minors participating in a Program, whether utilizing University housing or not, shall abide by the following:

1. Waiver or release forms: participation, medical treatment, use of photographs and other media: All Minors participating in a University Program must provide a waiver or release form for participation in the program, medical treatment authorization, and use of photographs and other media by the University. This can be one form or several, and all forms must be signed by a Parent/Legal Guardian, Foster Parent, or Program prior to their participation in a Program.
2. Behavior of Minors on Campus. Minors are to be held to the same standards of behavior expected of enrolled students, as described in University policies.
3. Information maintained by Programs. All Programs shall maintain an up-to-date list of all Program times and dates, locations, attendance information (names, ages and emergency contacts for Program Participants); list of all Authorized Adults, documentation of their training (item #5 below) and background check (item #6 below) for the Program; and a Program contact, so that in the event of an emergency, appropriate measures may be taken. All Programs must establish a procedure for the notification of a Program Participant’s Parent/Legal Guardian/Foster Parent in the case of an emergency, which will include medical or behavioral issues involving the Minor, or changes in the Program due to unforeseen and significant disruptions. Parents/Legal Guardians/Foster Parents must also be given contact information in a manner in which the Program Participant can be contacted while the Program is in session. All information, including release forms, shall be retained by the Sponsoring Unit for five years after the Program ends.
4. Supervision of Minors. All Programs must provide adequate supervision of Minors while they are on Campus. One-on-One Contact with Minors is discouraged, unless in public spaces. In general, it is required that two or more Authorized Adult will be involved in activities where Minors are present. Parents/Legal Guardians/Foster Parents may sign a waiver giving consent for their Child to be alone with an Authorized Adult. (For example, if music lessons are being provided, by an adult instructor.) Exceptions in rare circumstances may also be granted (see below).
5. Training of Authorized Adults. Each Authorized Adult who is not the Minor’s Parent, Legal Guardian, Foster Parent or an adult designated by the Parent or Legal Guardian, who will be participating with Minors in a Program, shall complete training in the conduct and reporting requirements of this policy. This training is given to maximize the protection of Minors from abuse of any kind. The appropriate vice president, dean, unit head, or area director may enhance or supplement the required training Program to meet specific needs of the particular Program involved. Documentation that the Authorized Adults have been trained should be maintained by a designated and identified member of the Program’s Sponsoring Unit for five years.
6. Background checks of Authorized Adults. All Authorized Adults in a Program must complete and submit the Authorization for Release of Information for Background Check form to Human Resources. Background checks must be completed every five years. (See also PC 10.7 Volunteers Policy, for Authorized Adults who are not University employees.)
7. Procedures for release of Minors. All Programs must establish a procedure for the pick-up and drop-off of Program Participants, specifying times and locations. The Authorized Adult(s) overseeing the pick-up and drop-off of Program Participants shall remain at the specified location until all Minors have been released. If a minor is not picked up, the Authorized Adult(s) will contact the parent or guardian, the program director and finally, Grand Valley State University Public Safety if needed.

In rare circumstances, strict adherence to this policy’s requirements may not always be feasible or be the best practice for managing risk. If a Program can justify an exception in consultation with and with approval from Human Resources, or, when appropriate, obtain written consent by the Parent/Legal Guardian/Foster Parent for the parameters applicable to the Program, certain requirements under this policy may be waived. Such waivers will be considered on a case-by-case basis.

II. Conduct Requirements of Authorized Adults

All Authorized Adults, participating in Programs and activities covered by this policy, should be positive role models and act in a caring, honest, responsible, and respectable manner. They are required to comply with all applicable laws and University policy. In addition, at all times, they shall:

1. In general, avoid One-on-One Contact with Minors, unless in public spaces. Two or more Authorized Adults must be involved in Programs where Minors are present unless a waiver has been signed or an exception has been granted.
2. Have separate accommodations from the Minors. An Authorized Adult should not have One-on-One Contact by entering a Minor’s room, bathroom facility, or similar area without another Authorized Adult in attendance.
3. Not take photographs or digital images of Minors other than specified in the waiver for photography (see Section I.1).
4. Not engage in private communication not pertaining to Program matters with a Minor by email, telephone, text message, social media, or any other method at any time, except when there is a clear educational purpose and the communication is consistent with the mission of the University.
5. Not meet with Minors outside of established times for Program activities. Any exceptions require written Parent/Legal Guardian/Foster Parent authorization and must include more than one Authorized Adult from the Program.
6. In the presence of a Minor or during any University Program, not engage in any sexual activity or romantic conversations, or sexually explicit comments.
7. Not possess, have within reach and/or share sexually-oriented printed or computerized or portable materials (magazines, cards, videos, films, clothing, smartphones, etc.) in any form available to Minors participating in Programs or activities covered by this policy or assist them in any way in gaining access to such materials. The one exception would be legitimate sexual education Programs in which the Minor’s Parent/Legal Guardian/Foster Parent have given prior written consent.
8. Not engage in abusive conduct of any kind toward, or in the presence of, a Minor. For example, no Authorized Adult shall strike, hit, administer corporal punishment or touch in an abusive or illegal manner any Minor. If necessary, touching should only be in the open, in response to the Minor’s immediate physical needs, for a purpose that is consistent with the Program’s mission and culture, or for a clear educational, developmental, safety, or health-related purpose (i.e., treatment of an injury).
9. Not possess fireworks, firearms, knives, or other weapons, unless being used for an officially sanctioned and approved instructional Program. (See also the Weapons policy [PC 8.62].)
10. Not transport Minors, except as specifically authorized in writing by the Minor’s Parent/Legal Guardian/Foster Parent, or in the case of an emergency.
11. Not engage in the use of alcohol or illegal drugs, or be under the influence of alcohol or illegal drugs, during such Programs or activities. (See also the Alcohol and Other Drugs policy [PC 8.6].)
12. Respect and adhere to any restrictions from the Minor unless it is a life-threatening emergency.
13. Not continue to participate in Programs or activities if an allegation of prohibited or illegal conduct has been made against an Authorized Adult covered by this Policy until such allegation has been satisfactorily resolved and future participation in Programs is permitted by the University. This includes the harassment policies [PC 5.1], the Sexual Misconduct policy [PC 5.1], and the Religious
Those who do not meet the prescribed standards of behavior may be asked to leave the Campus and/or Program and may be subject to expulsion from the Program, suspension of attendance, being issued a “no-trespass” order by Public Safety, or disciplinary action up to and including termination of employment. (See also Section VII of this policy.)

The behavioral requirements in this policy are not meant to preclude enrolled University students from developing appropriate friendships with Minors who are close in age to the enrolled student; rather, the requirements are meant to protect Minors from abusive or illegal contact and inappropriate relationships.

III. Third Party Programs Held on University Property

Third Parties using University facilities for events that involve Minors shall operate within all policies and requirements to use University facilities. In addition, adults who interact with Minors in these activities shall conform to the conduct requirements in Section II of this policy.

IV. Minors Enrolled in Courses

Minors who are matriculated students of the University, guest students from other institutions, or dual-enrolled students are subject to all university policies. Adults who interact with Minor students (e.g. faculty teaching courses, academic advisors) are also subject to all university policies and shall conform to the conduct requirements in Section II of this policy. The requirements of Section I of this policy do not apply.

V. Minors at the University Who Are Not Participating in a Program

1. Minors brought to Campus by an employee, student, or visitor, and who are not participating in a Program by a Sponsoring Unit, are the sole responsibility of the employee, student, or visitor. The person bringing the child to Campus is responsible for all aspects of the Minor’s behavior including the Minor’s safety and is financially responsible for any damages caused by the Minor.

2. Minors are permitted at events and venues open to the public. However, the University reserves the right to determine, in its sole discretion, whether selected events or venues are appropriate for unescorted or unsupervised Minors.

3. In the event a Minor is on Campus and is unsupervised by an adult, 1) they are not a Participant in a University Program, and 3) they are not a Participant in a Third Party Program (Section III), they may be required to leave the Campus.

Activities for which this Section V of the policy is relevant include:

• Events or performances on Campus that are open to the general public (e.g., athletic competitions, plays, concerts);

• Pre-enrollment visits such as admission, recruiting, and orientation events;

• Services provided by the Campus Health Center or other similar On-Campus clinical services during which a Minor is under the supervision of a Parent/Guardian/Foster Parent or a clinical provider;

• Non-residential field trips to Campus supervised by a Minor’s school or organization;

• Private, personal events (e.g., birthday parties, weddings) for which the user has a separate, signed agreement with the University to use space on Campus.

The following activities are exempt from this policy: Off-campus clinical, practicum, internships, student teaching, or similar experiences in which (1) University students (undergraduate or graduate) interact with Minors as part of the experience and (2) are supervised by a third party. This also includes Off-Campus events in which registered student organizations participate with third-party organizations.

VI. Reporting Requirements

Reporting requirements of suspected child abuse or other illegal conduct towards a Minor shall be in accordance with applicable federal, state and local laws. In particular, see:

• State of Michigan Department of Health and Human Services rules on reporting abuse and neglect. (This page includes indicators of child abuse and/or neglect and the State of Michigan’s definition of “Mandatory Reporters.”)

Individuals who witness or suspect child abuse should not conduct an investigation or delay in notifying the appropriate authorities via 911. Such actions could tant amount any appropriate criminal or administrative investigation and render evidence inadmissible.

In addition, the University’s Police Department/Public Safety site provides up-to-date definitions of unlawful behavior: https://www.gvsu.edu/gvpd/title-ix-and-campus-security-authority-report-141.htm

VII. Additional Considerations

1. When an Authorized Adult or other person has been alleged to engage in inappropriate conduct with a Minor, that individual must discontinue any further participation in Programs covered by this policy until such allegation has been satisfactorily resolved and the individual has been given written permission by the University to participate again in Programs. Resolution of the allegation will involve appropriate investigatory steps, and any written permission to continue participation (or participate in the future) in a Program covered by this policy must be coordinated with Human Resources.

2. Any person that requires accommodations due to a disability, while visiting Campus must inform the Sponsoring Unit of their needs.

VIII. Interaction with Other Standards, Practices, and Requirements

Nothing in this policy is meant to supersede or replace the standards of practice of other entities in responding to child abuse, suspected incidents of child abuse or threats of child abuse. Satisfying the requirements of this policy does not relieve a person from any obligation to follow the protocols of another entity that may apply to the particular incident. Individual University units maintain the discretion to impose safety measures beyond those required by this policy on University Programs they sponsor or oversee. Additionally, all state and federal requirements must be followed.

PROCEDURES

Human Resources may develop forms and guidelines to assist Programs that wish to work with Minors on Campus. In addition, Human Resources will conduct random audits annually to ensure compliance with this policy.

DEFINITIONS

Definitions

1. “Authorized Adult” is an individual, age 18 and older, paid or unpaid, who supervises, chaperones, or otherwise works with Minors in Program activities, or recreational, and/or residential facilities. This includes but is not limited to faculty, employees, student employees, staff, volunteers, graduate and undergraduate students, interns, teachers, employees provided by temporary agencies, third-party hosts, and independent contractors/consultants. The role of Authorized Adult may include positions such as counselors, chaperones, coaches, instructors, and other similarly situated persons. 2. “Campus” includes all domestic real property owned or leased by the University and can include any of its campuses.

3. “Parent” is the natural Parent or adoptive Parent as recognized under the law, of a Minor child whose parental rights and responsibilities have not been terminated under applicable law. “Legal Guardian” is any person appointed under applicable law to have the care and management of the person, the estate, or both of a Minor. “Foster Parent” is a person appointed by the court to temporarily provide the care and management of the minor child.

5. “Program” or “Programs” are programs and activities offered by various academic or administrative units of the University, whether on University property or not, that potentially will include Minors as Program Participants. This includes but is not limited to workshops, sports camps, academic camps, conferences, and similar activities.

FREEDOM OF INFORMATION ACT POLICY
SLT 10.3
Date of Last Update: June 03, 2019
Approved By: Senior Leadership Team

Responsible Office: Office of General Counsel

POLICY STATEMENT
Section 1 of the Michigan Freedom of Information Act (“FOIA” or “the statute”) provides, “It is the public policy of this state that all persons, except those persons incarcerated in state or local correctional facilities, are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees, consistent with this act. The people shall be informed so that they may fully participate in the democratic process.”(1) To that end, all people, excluding prisoners, are allowed to file FOIA requests with a Grand Valley State University (the “University”). A requester must simply file a request in writing with the University’s FOIA Coordinator, and the University will begin processing his or her request.(2) Each request must include the requesting person’s complete name, address (in compliance with United States Postal Service addressing standards), and either a telephone number or email address. The University, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.

If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options. A fee deposit will be required when processing a request that will require significant University employee time and resources. The University will notify the requester of the estimated cost and provide a
non-binding, best efforts estimate of the time it will take to complete the processing of the request. It is possible that after further processing of the request, the University will determine that the cost of processing the request is significantly less or greater than the estimated cost. If that is the case, the University will notify the requester to allow the requester to determine whether and how they wish to proceed with the request.

After the University receives a required deposit, it will make every effort to provide the requested documents within the time estimate provided. Requesters must understand, however, that at any given time, the University is processing multiple requests and cannot devote all of its time to one particular request.

A requester who feels wrongly denied of responsive documents may appeal to the Head of the Public Body, which for the purposes of these Procedures and Guidelines is the General Counsel, or file a civil action. If a requester believes that the University has required a fee that exceeds the amount permitted under the Procedures and Guidelines, they may file a civil action. Requesters are also always free to contact the FOIA Coordinator at 616-331-2067 or foia@gvsu.edu with any questions about the processing of their requests. Detailed Procedures and Guidelines follow.

PROCEDURES

1. How to submit a FOIA request to the University
   a. A FOIA request must be submitted in writing to the FOIA Coordinator in the Office of General Counsel. The request may be transmitted in hard copy, by email, or by facsimile.
   b. The University’s FOIA Coordinator address 4068 James H. Zumberge Hall, Grand Valley State University, Allendale, MI 49401. The email address is foia@gvsu.edu. The fax number is (616) 331-3950.
   c. A request should describe the record(s) sought sufficiently to enable the University to locate the record(s).
   d. Requests should state that they are submitted pursuant to the Michigan Freedom of Information Act.
   e. Requests received electronically are deemed received the next business day. A business day is defined as Monday through Friday, exclusive of holidays and institutional closure days.
   f. A request to which a deposit is required under this Section must be accompanied by a deposit payment. The deposit will be required when the processing of a request will result in fees equal to or greater than $50.00.

2. Responses to FOIA requests to the University
   a. The University will respond to a FOIA request within five (5) business days of the FOIA Coordinator receiving the request.
   b. A response will consist of one or more of the following:
      i. A granting of the request
      ii. A partial granting of the request, and a partial denial because some or a portion of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iii. A complete denial of the request because all of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iv. A notice that more time is needed to process the request
      1. If more time is needed, the University will send out a follow up response within 10 business days of the initial response.
      v. A notice that a fee deposit is required prior to further processing
      1. If a fee deposit is required, the University will include in its response a non-binding, best efforts estimate regarding the time it will take to provide the records to the requester.
      vi. A notice that the record(s) sought has (have) not been sufficiently described to enable the University to locate the record(s).
      c. The response will state the FOIA exemptions under which any information and/or documents are withheld, if applicable.
      d. If any part of a request for records is denied for any reason, the response will set forth the procedures for appealing the denial.

3. Deposit Requirements
   a. A fee deposit will be required when the processing of a request will result in fees equal to or greater than $50.00.
   b. The required deposit will equal up to 50% of the estimated cost of fulfilling the request as calculated at the time of the initial response.
   c. If the University requires a deposit prior to processing a request, it will not process the FOIA request further until the deposit is paid.
   d. A deposit is required if the request is received by the FOIA Coordinator within 45 days of the initial notice, the request will be considered withdrawn. Notice of a deposit requirement is considered received three days after it is sent, regardless of the means of transmission.
   e. If, after receipt of the deposit and further processing of the request, the University learns that the processing costs will be significantly different from the estimated costs, the University will notify the requester. Where the actual effort to search for, review and separate exempt material significantly exceeds the original estimate, the University will notify the requester. The University may choose to receive a revised fee deposit notice, or limit his/her original request to those records, which may be processed within the time stated in the original fee estimate.
   f. A person who makes a FOIA request for which a deposit is required may withdraw that FOIA request without charge instead of paying the required deposit. Failure to pay the deposit will be deemed a withdrawal of the FOIA request.
   g. The University will treat multiple concurrent FOIA requests on the same topic(s) and/or regarding the same record keeper(s) and from the same person as one FOIA request for purposes of determining whether the fee is below $50.00.
   h. Where a requester who has not paid the final fee for the processing of an earlier request files a new FOIA request, the University may require a deposit of all (100%) of the estimated fees for processing the subsequent request prior to processing the subsequent request.

4. Calculation and Payment of Fees
   a. Fees are calculated by adding together the following costs:
      i. The labor costs for searching for, locating, and examining responsive records
      ii. The labor costs for review, separation, and deletion of exempt information from non-exempt information
      iii. The cost of non-paper physical media, if used
      iv. The cost per copy of paper copies, not to exceed $.05/page for standard 8 ½ x 11 inch paper
      v. The labor costs directly associated with duplication or publication, which may include copying to non-paper media
      vi. The cost of mailing
   b. Final fees for responding to a FOIA request will be billed when the University responds to the FOIA request. A detailed FOIA fee itemization form will be provided by the University with the response. The amount invoiced must be paid within ninety (90) days. The University reserves the right to require payment in full of all fees incurred in processing a FOIA request before delivering the final, responsive documents.
   c. The University’s decision to deny access to public records sought by a FOIA request because those records are, in whole or in part, exempt from disclosure does not excuse the person who files that FOIA request from payment of fees for the work undertaken by the University in response to that request.
   d. The University may waive or reduce the fees it is authorized to charge if it determines that a waiver or reduction of the fee is in the public interest because responding to the FOIA request can be considered as primarily benefiting the general public.
   e. Fee reductions or waivers are required in certain instances involving proven indigence or non-profit organizations. The University will apply these reductions or waivers in accordance with the statute.

5. Procedures for Challenge and Appeal
   a. If the University denies a request in whole or in part, the requester may:
      i. Submit an appeal to the Head of the Public Body, which for the purpose of these Procedures and Guidelines is the Vice President and General Counsel, in writing, via the FOIA Coordinator, using the contact information listed in Item 1, above. The appeal must specifically use the word ‘appeal’ and identify the reason(s) the requester seeks reversal of the denial. The Head of the Public Body must respond to the appeal within ten (10) business days by doing one of the following:
      1. Reversing the FOIA Coordinator’s decision
      2. Upholding the FOIA Coordinator’s decision
      3. Reversing in part and upholding in part the FOIA Coordinator’s decision
      4. Issuing a notice of extension for not more than ten (10) additional business days.
For indoor University facilities and areas, students, registered student organizations, and University employees may freely engage in spontaneous Expressive Activities subject to the following conditions:

POLICY STATEMENT

Grand Valley State University provides its faculty, staff and students with electronic mail intended for University-related purposes including direct and indirect support of the University’s instructions, research, and service missions; of University administrative functions; of student and campus life activities, and of the free exchange of ideas among members of the University community and between the University community and the wider local, national, and world communities.

The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder's consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional circumstances inspect, monitor, or disclose electronic mail.

PROCEDURES

Applicability

This Policy applies to:

• All electronic mail systems and services provided or owned by the University
• All users, holders, and uses of University e-mail services
• All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.

This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:

• Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the Electronic Communications Privacy Act, and the Computer Fraud and Abuse Act, which prohibit unauthorized use or entry into another’s account; the University's Student Code; the University's Anti-Harassment policy; and all applicable software licenses.

• Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.

• Act within the normal standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations and law.

• Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.

• Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth limit or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.

• Inspection, monitoring or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

Specific Provisions

A. Users

Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVSU retains the right to remove email services at any time.

B. Account Usage

GVSU has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual’s responsibility to do so.

Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University’s computer system without proper authorization. Any attempt by a user to gain access to another person’s network account, private network drive, or restricted areas on the GVSU computer system is prohibited.

University e-mail services shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unwarranted or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) "spam," that is, to exploit listservs or similar broadcast systems for purposes beyond their intended scope to amplify the widespread distribution of unsolicited e-mail; and (3) "letterbomb," that is, to resend the same e-mail repeatedly to one or more recipients to interfere with the recipient's use of e-mail.

C. Representation

Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is: "These statements are my own, not those of the Grand Valley State University."

Policy Violations

Violations of University policies governing the use of University electronic mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under other University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University.
from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A for detail on additional policies and guidelines.

Security and Privacy

The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their users' accounts. Users should be aware, however, that the University cannot guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSU is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their uses of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when

a. The user has voluntarily made them accessible to the public
b. It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
c. There is reasonable cause to believe that the user has violated, or is violating, this Policy
d. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns
e. It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

Posting and Authority to Change

Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel.

SOFTWARE SUPPORT POLICY

SLT 11.12

Date of Last Update:
April 19, 2015

Approved By:
• Senior Leadership Team

Responsible Office:
Information Technology

POLICY STATEMENT

Information Technology is responsible for providing software support to the campus community. IT resources are finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.
PROCEDURES

The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Standard software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.

POLICY STATEMENT

BY USING YOUR ACCOUNTS, YOU HAVE AGREED TO THE CONDITIONS LISTED BELOW AND ALL ARTICLES AND POLICIES OF THE STUDENT CODE.

Grand Valley State University makes available resources for students to access electronic mail, lab software and the Internet for use in pursuing the academic mission of the University. This assumes that access to such services is essential to the educational experience. The owner of the accounts is held responsible for all use of the accounts. Accounts are not to be shared among multiple users.

STUDENT NETWORK ACCOUNTS

Each student currently enrolled or accepted at GVSU will automatically receive an Academic Network Account. This account allows access to all computer labs, email, Blackboard, Library access, network space as well as other services. This account will remain active while the student is enrolled at GVSU. It will be terminated upon graduation or non-enrollment.

While the holder of a GVSU Academic Network Account has student lab privileges, there are certain responsibilities in return: Learn how the software works, consideration of other GVSU user's access and rights, regularly change the password on the account and not share it with others, notification of misuse of GVSU network or student lab access, notification of security problems, and notification of hardware or software problems. Users should notify Information Technology at 331-2101 in case of problems.

ACCOUNT SERVICES

Users are granted access to services only for so long as they abide by GVSU Computing Conditions of Use. No person shall gain use of the University's computer system without proper authorization. Any attempt by a user to gain access to another person's network account, private network drive, or restricted areas on the GVSU computer system shall be considered a violation of the GVSU Student Code, regardless of whether or not it resulted in significant personal embarrassment to the person whose privacy was violated. For further information regarding electronic mail, refer to the GVSU EMail Policy.

To fully understand your rights, the university rights and all aspects of computing, please review all Information Technology Policies and Procedures at www.gvsu.edu/it

RESPONSES TO CLAIMED VIOLATIONS

When any report of suspected computing violation is made, it will be dealt with as defined by the rules in Article III - Judicial Process in the Grand Valley State University Student Code. Information Technology may suspend an account throughout the duration of judicial review.
