4.1.1 Personnel Administration. Personnel Administration is a service activity in which each appointing officer has a role. The authority over the personnel program resides in the Board of Trustees, although the president, as agent of the board, and other Executive Officers may designate (“appointing officers”) have the authority to make appointments within the approved personnel program. Centralized within the Human Resources office is the responsibility and advisory authority to determine that the philosophy and policies of the personnel program are effectively applied.

4.1.2 Equal Opportunity

The president and other officers to whom the President designates authority for personnel actions are responsible for the enthusiastic application of all laws and regulations concerning fair employment practices, equal opportunity, etc., to all matters with respect to recruitment, appointment, assignment, and promotion of university’s personnel. Matters of affirmative action are outlined in the “Affirmative Action Program” maintained by the Affirmative Action Officer.

4.1.3 University Responsibilities

The President and other officers to whom the President designates authority are responsible for administering the university and its property, supervising its operations, assigning and directing its faculty and staff, changing or introducing new operations, methods, or facilities, appointing, assigning, or disciplining faculty and staff members, subject to the guidelines herein set forth, and establishing such procedures which may be needed from time to time. For purposes of this Section 4.1, "faculty and staff" shall mean an employee covered by Section 4 of the Board of Trustees’ Policies.

4.1.4 Disciplinary Procedure

The President and other administrators to whom the President designates authority are responsible for discipline which normally shall be corrective rather than punitive in nature. A typical procedure for disciplinary action will be, depending on the seriousness or frequency of the cause, an oral discussion, a written warning, disciplinary lay-off without pay, and dismissal. All disciplinary actions are subject to the appropriate grievance procedure.

4.1.5 Personnel Information
4.1.5 Personnel Information. All personnel information and files maintained by the University are the confidential property of the University and are maintained in the Human Resources office and within the department within which a faculty or staff member works. Faculty and staff members can expect that a right to a reasonable degree of privacy will be honored and that the confidential character of certain personnel data will be respected as such. Generally, release of information and/or access to such information should be restricted in accordance with the policies of the University. Whenever possible, information released for public purposes shall be in a form which will protect the anonymity of the individual; however, as of October 1979, Michigan law does require that salary information be available to the public. All personnel information collected shall be pertinent to the needs of the University. Access to personnel files is limited to those persons responsible for personnel and the faculty or staff member’s supervisor.

Letters of recommendation are the confidential property of the provider. A faculty or staff member will not be given access to letters of recommendation concerning themselves unless the provider of such recommendation agrees, in writing, to allow such access. All personnel records will be retained for the length of the faculty or staff member's service and thereafter in compliance with all applicable federal, state and local laws. Temporary records such as insurance claims will be maintained only so long as they have a useful life. Records of terminated faculty and staff members will be maintained for a minimum of seven years and thereafter only those portions having a useful life will be maintained. Information of an official nature for state and federal agencies will be provided to the extent of the matter at hand and within the limits of the law. No anonymous information will be maintained in the files. Records of disciplinary actions will be placed in the personnel files only after the individual has had an opportunity to view a copy. The University will provide prospective employers with title, employment dates, and eligibility for rehire status only, unless additional information is requested by the faculty or staff member or former faculty or staff member. Recommendations by individual supervisors may be made at their own discretion and at their own risk, recognizing that the University may be responsible for the information given.

Personnel files may include, but are not limited to, payroll information and documentation, records of employment actions and documentation, records required by federal, state and local law, employment applications, vita and resumes, recommendations, interview comments, fringe benefit information, merit and performance evaluation, records and documentation of disciplinary actions, official transcripts of baccalaureate or post baccalaureate degrees and such other information as may be needed from time to time. Other files maintained in accordance with the faculty appointment and evaluation policy and covered by the limitations expressed in that policy may be housed elsewhere.

The following options for commercialization are available:

Options for Commercialization

The University and Creator shall divide the return on resulting revenues using one of the two formulas as follows:

It is policy of the University that all employees, students, partners and affiliates always perform their roles related to research, scholarship and creative activity with ethical integrity. INTERIM VACCINATION POLICY

Interim-1

Date of Last Update: December 10, 2021
Approved By: Senior Leadership Team

Responsible Office: Human Resources

POLICY

This policy applies to all students and employees of Grand Valley State University as a condition of attendance and employment. Employees and students may apply for a medical or religious exemption, or a temporary postponement if their work responsibilities/classes are completely remote and they will not be coming to campus.

All students and employees covered by this policy are required to be fully vaccinated. Employees are considered fully vaccinated two weeks after completing primary vaccination with a COVID-19 vaccine. All students and employees are required to provide truthful and accurate information about their COVID-19 vaccination status, and, if applicable, their testing results. Students and employees not in compliance with this policy will be subject to discipline, including separation from the university.

Employees and students may apply for an exemption or postponement from this mandatory vaccination policy if the vaccine is medically contraindicated for them or medical necessity requires a delay in vaccination. Employees and students may also apply for a religious exemption. Requests for these exemptions or postponements must be initiated by completing the Exemption Form, which can be found on the Lakers Together website, GVSU Health Hub website or Human Resources website.

POLICY STATEMENT

Vaccination is a vital tool to reduce the presence and severity of COVID-19 cases in the workplace, on campus, in classrooms, in communities and across the nation as a whole. Grand Valley State University has adopted this policy on mandatory vaccination to safeguard the health of our students and employees from the hazard of COVID-19.

Confidentiality and Privacy:

All medical information collected from individuals, including vaccination information, test results, and any other information obtained as a result of testing, will be treated in accordance with applicable laws and policies on confidentiality and privacy.

PROCEDURES

Overview and General Information

All Grand Valley State University students and employees must be fully vaccinated or have received an approved exemption or temporary postponement upon employment or attendance.

To be fully vaccinated one must:

- Obtain the first dose of a two-dose vaccine no later than the first day of work or on campus; and the second dose no later than what is recommended by the Centers for Disease Control & Prevention (CDC), or
- Obtain one dose of a single dose vaccine no later than the first day of work or on campus.

You will be considered fully vaccinated two weeks after receiving the requisite number of doses of a COVID-19 vaccine. You will be considered partially vaccinated if you have received only one dose of a two-dose vaccine.

Vaccines are available now from health care providers, pharmacies, and local health departments.

Vaccination Status and Acceptable Forms of Proof of Vaccination

All vaccinated individuals are required to provide proof of COVID-19 vaccination, regardless of where they received vaccination. Proof of vaccination status can be submitted via the online self-assessment or Med+Proctor.

Acceptable proof of vaccination status:

1. The record of immunization from a health care provider or pharmacy;
2. A copy of the COVID-19 Vaccination Record Card;
3. A copy of medical records documenting the vaccination;
4. A copy of immunization records from a public health, state, or tribal immunization information system; or
5. A copy of any other official documentation that contains the type of vaccine administered, date(s) of administration, and the name of the healthcare professional(s) or clinic site(s) administering the vaccine(s).

Proof of vaccination generally should include the individual’s name, the type of vaccine administered, the date(s) of administration, and the name of the health care professional(s) or clinic site(s) that administered the vaccine. In some cases, state immunization records may not include one or more of these data fields, such as clinic site; in those circumstances Grand Valley State University will still accept the state immunization record as acceptable proof of vaccination.
Michigan.gov/MiImmsportal and upload a valid government issued photo ID, such as a driver's license, state ID or passport. There is no cost to access the portal.

All students and employees are required to inform Grand Valley State University of their vaccination status. The following table outlines the requirements for submitting vaccination status documentation.

Paid Time Off to Receive a COVID-19 Vaccination

Employees may take up to four hours of paid time per dose for travel to the vaccination site, receipt of a vaccination, and return to work for a maximum of eight hours of paid time for employees receiving two doses. Employees who take longer than four hours to get one dose of the vaccine must send their supervisor an email documenting the reason for the additional time. Additional time requested will be granted, if reasonable, but will be unpaid; employees can elect to use accrued leave, e.g., sick leave, to cover the additional time. If an employee is vaccinated outside of their approved duty time they will not be compensated.

Employees may utilize Emergency Paid Sick Leave (EPSL) immediately following each dose if they have side effects from the COVID-19 vaccination that prevent them from working. Usage of this leave time is subject to availability.

Employee Notification of COVID-19 and Removal from the Workplace

Grand Valley State University will require employees to promptly notify their supervisor when they have tested positive for COVID-19 or have been diagnosed with COVID-19 by a licensed health care provider.

Medical Removal from the Workplace

Grand Valley State University has implemented a policy for keeping COVID-19 positive employees away from the workplace in certain circumstances. Grand Valley State University will immediately require an employee to leave the workplace if they have received a positive COVID-19 test or have been diagnosed with COVID-19 by a licensed health care provider (i.e., immediately send them home or to seek medical care, as appropriate).

Return to Work Criteria

For any employee removed because they are COVID-19 positive, Grand Valley State University will follow CDC guidance for isolation.

Asymptomatic employees, students or volunteers may return to work once 10 days have passed since the positive test. Symptomatic employees, students or volunteers may return to work after all of the following are true:

- At least 10 days have passed since symptoms first appeared, and
- At least 24 hours have passed with no fever without fever-reducing medication, and
- Other symptoms of COVID-19 are improving (loss of taste and smell may persist for weeks or months and need not delay the end of isolation).

*Note: The above may be updated as CDC isolation guidance is updated.

If an employee has severe COVID-19 or an immune disease, Grand Valley State University will follow the guidance of a licensed health care provider regarding return to work.

If a student or employee tests positive for COVID-19, they must record the positive result in their online self-assessment, which will detail next steps and prompt contact by a health professional.

If a GVSU employee, student or volunteer has a positive antigen test but doesn’t have any symptoms or known exposure, they may choose to have a confirmatory COVID-19 nucleic acid amplification test (NAAT), this is also known as a PCR test. They will need to isolate until they receive negative results.

If the PCR test is negative, they may return to work, class, or campus after they have a negative PCR test. They need to remain isolated until they receive those results and report them to the GVSU COVID Assessment Team who will release them from isolation. If the PCR test is positive, they will be required to complete the remainder of their isolation as noted previously.

COVID-19 Testing

Students who receive an approved exemption to the vaccine requirement policy are required to test each week at the location of their choice. Free on-campus testing is available. These students will receive an email reminder each week with the testing schedule. Students must upload results each week to their online self-assessment.

If a student doesn’t get tested at an on-campus testing site, the student will need to test at a CLIA certified lab and will need to upload those testing results to the self-assessment. The documentation must be from a lab, pharmacy, health portal, or health care provider and must include: the name of the patient, date of test, results of test, type of test, name of testing facility, address, phone number. We will not accept verbal reports of tests administered elsewhere.

If a student does not provide documentation of a COVID-19 test result as required by this policy, they will be subject to discipline per the GVSU Code of Conduct.

If an employee covered by this policy is not fully vaccinated (e.g., if they are granted an exemption from the mandatory vaccination requirement), the employee will be required to comply with this policy for testing.

Employees who report to the workplace at least once every seven days:

(A) must be tested for COVID-19 at least once every seven days; and
(B) if testing somewhere different than a GVSU site, one must upload test results weekly to the self-assessment or Med+Proctor at least once every seven days.

Any employee who does not report to the workplace during a period of seven or more days (e.g., if they were teleworking for two weeks prior to reporting to the workplace):

(A) must be tested for COVID-19 within seven days prior to returning to the workplace; and
(B) must provide documentation of that test result to the GVSU self-assessment or Med+Proctor upon return to the workplace.

If an employee does not provide documentation of a COVID-19 test result as required by this policy, they will be subject to discipline including separation from the university.

Employees who have received a positive COVID-19 test, or have been diagnosed with COVID-19 by a licensed health care provider, are not required to undergo weekly COVID-19 testing for 90 days following the date of their positive test or diagnosis unless they develop symptoms.

Employees who receive an approved exemption to the vaccine requirement policy are required to test each week at the location of their choice. Free on-campus testing is available. These employees will receive an email reminder each week with the testing schedule. Employees must upload results each week to their online self-assessment.

If an employee doesn’t get tested at an on-campus testing site, they will need to test at a CLIA certified lab and will need to upload those testing results to the self-assessment. The documentation must be from a lab, pharmacy, health portal, or healthcare provider and must include: the name of the patient, date of test, results of test, type of test, name of testing facility, address, phone number. We will not accept verbal reports of tests administered elsewhere.

Face Coverings

The need to wear a face covering is tied to the Grand Valley State University’s alert level system, which considers several factors including community spread.

Employees and students are responsible for supplying their own face coverings. Face coverings must cover the mouth and nose and fit snugly against the sides of the face. A face covering is defined as having two layers of tightly woven, washable and breathable fabric or a medical procedure mask may be used or an N-95 mask without a valve.

The following are exemptions to Grand Valley State University’s requirements for face coverings:

1. When alone in a room with floor to ceiling walls and a closed door.
2. For a limited time, while eating or drinking in an area shared by others or for identification purposes in compliance with safety and security requirements.
3. When wearing a respirator or face mask.
4. Where Grand Valley State University has determined that the use of face coverings is infeasible or creates a greater hazard (e.g., when it is important to see a person’s mouth for reasons related to their job duties, when the work requires the use of the employee’s uncovered mouth, or when the use of a face covering presents a risk of serious injury or death to the employee).

Failure to comply with the face covering policy is subject to conduct violation for students and policy violation for employees.

New Hires:

All new employees are required to comply with the vaccination requirements outlined in this policy as soon as practicable and as a condition of employment. Potential candidates for employment will be notified of the requirements of this policy prior to the start of employment.

New Students/Learners:

All new students/learners are required to comply with the vaccination requirements outlined in this policy prior to the first day of class. All prospective students/learners will be notified of the requirements of this policy prior to their class start day.

Art Gallery Department

POLICY STATEMENT

The Grand Valley State University art collection is made up of paintings, drawings, prints, sculptures, ceramics, textiles, and other works of art as defined by the Art Gallery Department but does NOT include plaques, signage, degrees, awards, and other similar items. The art collection is displayed on every University campus, and in nearly every University facility and building. Faculty and staff members, contractors, students, and other people with duties/responsibilities requiring them to come into contact with the University art collection are subject to the following policies and procedures to ensure that the University’s legal, ethical, and fiduciary responsibilities for the safekeeping of these assets are maintained. For more details on all other internal art procedures, see the Art Gallery Collections Policy on [link to the gallery's website] or contact the University Art Gallery at (616) 331–3638.

PROCEDURES

Maintenance and Care
Building Construction/ Renovation Projects
The Director of Galleries and Collections or designee will call a meeting in December of each year with representatives from Facilities Services, Facilities Planning, and Auxiliary Services (Housing) for the purpose of identifying upcoming projects that will affect the art collection.

A follow-up meeting, called by Director of Galleries and Collections or designee, will be in April of the next year for updating project status and will include a timeline for each project identified. Facilities Services Project Managers will be identified and included on the project list.

The Director of Galleries and Collections, or designee, will attend the bi-monthly Facilities Project Status meetings to be kept up to date on all ongoing university construction projects and timelines.

The Art Gallery office will be alerted by a representative of Facilities Planning and Facilities Services as soon as reasonably possible for all, including last-minute, building project additions, deletions or changes. This includes a preferred art removal lead-time notice of no less than two weeks. This notice will be made directly by contacting the Art Gallery office.

The Art Gallery office will be contacted immediately in the event of an emergency (flood, fire, etc.) via a phone call if any piece of the art collection is in jeopardy of damage or destruction. The Art Gallery staff will maintain a disaster and emergency preparedness plan (under development) for its collections and will make it accessible on its website.

Use and Access
The University art collection shall be accessible for research and study by responsible investigators, subject to procedures necessary to safeguard the objects, the space in which they are located, and to restrictions imposed by limitations of exhibition requirement, availability of study space and facilities, and availability of appropriate curatorial staff as determined by the curator/manager in charge of the collection. The entire University art collection is made digitally accessible through an online searchable database and mobile device applications. Information about both may be found online at the Art Gallery website, www.gvsu.edu/artgallery.

BRIDGE FUND REQUEST POLICY
SLT 3.2
Date of Last Update:
July 31, 2008
Approved By:
Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT
Grand Valley State University does not encourage creating or approving a Request to Add a New Fund (RAND) and establishing a FAOP prior to the official receipt of a fully executed award. A fully executed award is an externally sponsored agreement (grant, contract, or cooperative agreement) that is signed by the duly authorized official of both the external sponsor and Grand Valley State University. It is important to note that any expenses incurred prior to an award and without the appropriate approvals place the University at risk.

However, in some extraordinary situations, effective project management or research necessitates incurring expenses prior to the receipt of a fully executed award. In such cases, Principal Investigators may request a “bridge fund” to be established in anticipation of the fully executed award. Principal Investigators should contact the Office of Sponsored Programs (OSP) to initiate a Bridge Fund Request.

PROCEDURES
In an effort to minimize the risk to the University, the Office of Sponsored Programs will verify with the sponsor the allowable pre-award costs, the anticipated award amount, and the period of performance. Once OSP receives verification in writing from the sponsor’s grants or contracts officer, the responsible Principal Investigator, Chair/Unit Head, Dean, and University Authorizing Official are all required to agree in writing to proceed with the expenditure of University funds in anticipation of the award. This agreement will be prepared by OSP in consultation with the Office of Business and Finance. It will be the responsibility of the Principal Investigator to obtain the required signatures of the appropriate Chair/Unit Head, Dean, University Authorizing Official, and Executive Officer (Office of the Provost).

The Bridge Fund Request will be processed in a manner similar to the Request to Add A New Fund. However, attached to the Bridge Fund Request will be:

1. Written verification from the sponsor (signed by the sponsor Grants/Contracts Officer) received by OSP

2. Bridge Fund Request Agreement signed by the Chair/Unit Head, Dean, and University Authorizing Official

3. A copy of the proposal application, narrative & budget

A Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount. The maximum allowable amount requested will be verified by OSP in consultation with the Office of Business & Finance. If the award is for multiple years, the Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount for the first year of the funding. Upon the official receipt of the fully executed award, the bridge fund transition into the official FAOP for the project.

Should funding not be received from the sponsor (e.g., the award start date is delayed, or the costs are determined to be unallowable, etc.) coverage of costs incurred on the project becomes the responsibility of the Department Chair/Unit Head having initiated and signed the initial Bridge Fund Request form.

This policy was effective August 1, 2007 and will be revisited for any revisions, changes, or sunset within one year of its effective date.

COLLEGIALITY POLICY
SLT 3.3
Date of Last Update:
October 12, 2021
Approved By:
Senior Leadership Team

Responsible Office:
Provost Office

POLICY STATEMENT
Grand Valley State University has a tradition of collegiality and shared governance and strives to maintain these standards as a mainstay of its institutional culture. As a value stated in the Board of Trustees’ policies as adopted by the Board of Trustees BOT 1.3:

A range of thoughtful perspectives is necessary for open inquiry, liberal education, and a healthy community. Recognizing this, we seek and welcome a diverse group of students, faculty and staff. We value a multiplicity of opinions and backgrounds and seek ways to incorporate the voices and experiences of all into our University. We value our local community and embrace the participation of individuals and groups from Michigan, the nation and the world. We also encourage participation in educational opportunities abroad.

In order to foster a healthy and diverse environment, we will act with integrity, communicate respectfully, and accept responsibility for our words and actions. This University is a community whose varied functions, responsibilities, and contributions are supportive of the instructional, research, and service mission of the institution. Collegial interactions as referenced throughout this policy are those interactions that occur among and between colleagues, subordinates, supervisors, administrators and students. Collegial interactions are essential to support that mission in an effective, efficient, and ethical manner.
PROcedures

Faculty and Staff Member

If a faculty or staff member believes that she or he has been subjected to act(s) of non-collegiality, ideally, the individual should first try to discuss the matter with the offending person and/or the appropriate unit head or supervision. If circumstances make this too difficult or if this does not resolve the matter, the faculty or staff member may seek assistance from Human Resources or confidential support from the Employee Ombudsperson. Using this process does not resolve the matter or the faculty or staff member so chooses, she or he may file a complaint using the appropriate Complaint Process identified for each staff group as listed below.

Complaint Process:
Faculty members – Chapter 5, Section 2.18 of the Faculty Handbook
Executive, Administrative and Professional Staff – Board's Tenure Policies 4.4.2
Professional Support Staff – Section 3.2.4 of the Agreement
Confidential Professional Support Staff – Section 9 of the Confidential PSS Handbook
Maintenance, Grounds and Service Staff – Section 5.2 of the Agreement
Department of Public Safety Staff – Section 5.2 of the Agreement
Security Staff – Personnel Policies in the Security Staff Handbook

Student

If a student believes that she or he has been subjected to act(s) of non-collegiality, ideally, the individual should first try to discuss the matter with the offending person. If circumstances make this too difficult or if this does not resolve the matter, the student may seek assistance from the Dean of Students Office. In addition to providing help in resolving the matter, the Dean of Students Office representative can suggest other available resources. If using this process does not resolve the matter or the student so chooses, she or he may file a complaint using the appropriate process in the Student Code.

NOTE: The GVSU Colleageity Policy was modeled after policy from Northern Illinois University (www.niu.edu).

Definitions

“Collegiality” defined:

Collegiality represents an expectation of a professional relationship among and between faculty, staff, and students with a commitment to sustaining a positive and productive environment as critical for the progress and success of the University community. It consists of collaboration and a shared decision-making process that incorporates mutual respect for similarities and for differences - in background, expertise, judgments, and points of views, in addition to mutual trust. Central to collegiality is the expectation that members of the University community will be individually accountable to conduct themselves in a manner that contributes to the University's academic mission and high reputation. Collegiality among faculty, staff, and students involves a similar professional expectation concerning constructive cooperation, civility in discourse, and engagement in academic and administrative tasks within the respective units and in relation to the institutional life of the University as a whole. Collegiality is not merely congeniality nor is it conformity nor excessive deference to the judgments of faculty, staff, and students; these are flatly oppositional to the free and open development of ideas. Evidence of collegiality is demonstrated by the protection of academic freedom, the capacity of faculty, staff, and students to carry out their professional and learning functions without obstruction, and the ability of a community of scholars to thrive in a vigorous and collaborative intellectual climate.

Non-collegial Behavior(s):

Allegations or complaints of repeated and unreasonable act, or a severe non-collegial act, that clearly interferes with the professional working, learning, or other University environment, if verified, will constitute a violation of this policy. Such allegations will be examined in a reasonable, objective, and expedient manner, and in accordance with applicable federal and state laws and university due process procedures. It is crucial for the University to ensure the right of all faculty, staff, and students to perform their individual and collaborative roles in a workplace, learning or other University environment that is free from incivility, misuse of authority, intimidation, humiliation, retaliation, and infringement upon personal and academic freedoms. Non-collegial behaviors constitute bullying.

Conflict of Interest in Research Policy

SLT 3.4

Date of Last Update:
February 14, 2022

Approved By:

Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

Policy Statement

The University is committed to transparency, integrity of scholarship, and independence as it pursues its mission to create, preserve, and disseminate knowledge through teaching, research, and community service. Accordingly, Grand Valley State University allows and encourages faculty and staff to engage in outside activities and relationships that enhance the mission of the University.

External sponsors, whether public or private, regularly institute conflict of interest disclosure requirements that the University must abide by in order to accept the funds and participate in the activity. The purpose of such requirements is to promote objectivity in research and to provide a reasonable expectation that the design, conduct, and reporting of sponsored activities will be free from bias arising from conflicting interests of participating personnel.

All GVSU personnel who meet the definition of “Investigator” on externally sponsored research applications, or serve as an “Investigator” on externally sponsored agreements, administered through the Center for Scholarly and Creative Excellence (CSCE) are required to submit a conflict of interest and commitment disclosure to the Office of Research Compliance and Integrity. An “Investigator” is defined as any person, regardless of title or position, who has independent responsibility for some aspect of the design, conduct, or reporting of the research, scholarly, or educational activity. Investigators include Principal Investigators, Co-Investigators, and all other individuals identified in the grant application, grant budget, progress report, or any other report submitted to the sponsor by GVSU, if the individual contributes to the development or execution of a project in a substantive, measurable way, whether or not they request compensation.

The required disclosure by Investigators must be submitted prior to entering into an agreement or submitting a proposal for award to an external sponsor, and at least annually while the agreement/award is active. An annual disclosure is required even if no conflicts exist. An updated disclosure is also required within 30 days of any new conflict arising or an existing conflict ending or changing in a material way. The Office of Research Compliance and Integrity (ORCI) shall be responsible for reviewing the disclosures and, in conjunction with the Research Integrity Officer (RIO), developing and instituting an adequate mitigation plan for the management of any potential conflicts related to sponsored research and agreements administered by the CSCE. The RIO serves as the designated institutional official and has the final authority to approve and oversee mitigation plans.

GVSU personnel must also comply with the University’s Conflict of Interest Policy (SLT 19.11) and subsidiary policies, such as those in place with the Institutional Review Board (IRB) and the Institutional Animal Care and Use Committee (IACUC). Additionally, University personnel working on research funded by the Public Health Service (PHS) and/or other agencies that abide by PHS COI regulations, are subject to additional requirements in accordance with 42 C.F.R. Part 50.601 and 45 C.F.R. Part 94.5. Additional reporting requirements may be required under these other policies and regulations.

The table below provides references to the applicable procedures to follow based upon the type of research/sponsored activity submission.

For more information about conflicts of interest and commitment in research and sponsored activities, please visit the GVSU Conflicts of Interest and Commitment in Research & Sponsored Activities webpage or contact the ORCI at 616-331-3197 or orci@gvsu.edu.

EXTERNALLY SPONSORED PROJECTS POLICY

SLT 3.11
Date of Last Update: September 04, 2019
Approved By: Senior Leadership Team

Responsible Office: Center for Scholarly and Creative Excellence

POLICY
This document establishes Grand Valley State University’s (University) official policy governing the administration of proposals, awards, contracts, and agreements for all externally sponsored projects. Externally Sponsored Projects do not include Purchase Agreements or Philanthropic Gifts.

The purpose of this policy is to help ensure that all proposals and awards for externally sponsored projects conform to federal regulations, including the Office of Management and Budget 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (a.k.a., the Uniform Guidance)—and are consistent with GVSU’s academic and business policies and sound fiscal practices.

POLICY STATEMENT
Only an Authorized Organizational Representative of the University may submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University.

In addition, an Authorized Organizational Representative may accept on behalf of the University any Externally Sponsored Project award resulting from such proposal submissions or other solicitation processes.

The University will not normally accept awards received from outside sources without prior proposal approval as provided in this policy.

DEFINITIONS
Assistance Action: The main purpose of an assistance action is to transfer money, property, services, or anything of value to the recipient in order to accomplish a public purpose of support or stimulation. The agency must have legal authority to award assistance agreements for this purpose. Grants or cooperative agreements are used to award assistance funds.

Authorized Organizational Representative: An Authorized Organizational Representative is the Vice Provost for Research Administration and any University employee(s) to whom the Vice Provost for Research Administration has delegated oversight responsibility for the administration and management of Externally Sponsored Projects at the University. Only an Authorized Organizational Representative has the authority to submit proposals, accept awards, and sign contracts and agreements for Externally Sponsored Projects on behalf of the University.

Externally Sponsored Project: Externally Sponsored Projects include all projects supported by way of grants and cooperative agreements (direct Assistance Actions); incoming or outgoing sub-recipient agreements or subawards (pass-through Assistance Actions); certain incoming or outgoing contracts (i.e., externally sponsored Procurement Actions), including direct contracts, service agreements, consulting agreements, pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include Purchase Agreements or Philanthropic Gifts.

Philanthropic Gift: A philanthropic gift is an instrument by which an outside donor voluntarily transfers money, services, or property from a donor to the University. There is no expectation of direct economic benefit or the provision of goods or services to the donor, although donors can place stipulations on gifts that direct the funds to the donors’ areas of interest. The absence of quid pro quo language helps define the charitable nature of this type of giving.

Procurement Action: The main purpose of a procurement action is to acquire property or services by purchase, lease, or barter for the use or direct benefit of the purchaser (whether the purchaser is the
Purchasing Agreement: An agreement entered into by the University through its Procurement Services Office and an outside vendor or supplier to purchase goods and/or services. Examples of non-sponsored purchasing agreements include software licenses, pricing agreements, equipment maintenance agreements, custodial and facilities services, landscaping services, and office supply-vendor agreements.

ALLOWABLE COST POLICY

SLT 3.11.1

Date of Last Update:
September 04, 2019

Approved By:
• Senior Leadership Team

Responsible Office:
Office of Sponsored Programs

POLICY

All costs proposed to be charged on externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY at Grand Valley State University (the University) must comply with the Federal cost principles prescribed in 2 CFR 200 Subpart E, $200.400; the policies of the sponsoring agency, the specific funding solicitation for which the cost is proposed; and all applicable policies of the University.

Specifically, in order to be deemed an allowable cost on such a project, the cost of any particular item must:

1. Be necessary and reasonable for the performance of the awarded project. That is, the project cannot be performed without the item and a reasonable and prudent person would incur the cost of the item under the circumstances prevailing at the time the decision was made to propose or incur the cost ($200.403-404).

2. Be fully allocable to the particular awarded project or be proportionally allocable to it and another cost objective according to the relative benefit derived ($200.405).

3. Be treated consistently. A cost may not be assigned to a sponsored project as a Direct Cost if any other cost incurred for the same purpose in like circumstances has been allocated to the awarded project as an Indirect Cost. University policies governing the treatment of costs must apply uniformly to both sponsored- and non-sponsored activities. Like expenses must be treated the same in like circumstances ($200.400(e)).

Such costs much also meet one of the following two criteria:

1. Be an item or category of cost that is not expressly disallowed by the federal government (guidance available at $200.420-475, General Provisions for Selected Items of Cost); the sponsor (as documented in sponsor policy statements and in the applicable sponsor funding solicitation); or the University (as defined below under Unallowable Costs and documented in the Business and Finance Procedures and the University Wide Policies); OR

2. Be an otherwise unallowable cost that is expressly allowed by the sponsor, whether as stipulated in an award or proposal-solicitation document or as documented in a prior written approval request duly executed by an Authorized Organizational Representative of the University. If an expense does not meet the above criteria, it must not be charged to an externally sponsored project at the University.

DEFINITIONS

Direct Costs are expenses that are specifically associated with a particular externally sponsored project that can be directly assigned to such activities with a high degree of accuracy.

Indirect Costs (also referred to as Facilities & Administration [F&A] or overhead costs) are expenses that cannot be identified specifically with a particular project or activity. Indirect costs benefit multiple activities and programming objectives. In order to capture the amount of indirect costs that should be allocated to a grant, the University has calculated an indirect cost rate, approved by the federal government.

The indirect costs included in this rate are made up of two broad categories: Facilities and Administration.

Facilities costs include:

• Custodial and Maintenance
• Utilities
• Grounds Services
• Parking Operations, less parking fines and fees
• Property and Liability Insurance
• Facility Planning and Management
• Engineering Planning and Management
• Depreciation

Administration costs include all the expenses incurred in providing the following university services:

• Central Administration
• Business & Finance, including financial audit
• Human Resources
• Legal Services
• Inclusion & Equity
• Library Operations
• Administrative Computer Operations
• Grants and Research Administration
• Department Administration, as defined by the federal government to be 20% of Dean and Dean’s assistant compensation
• Mail Services
• Public Safety
• University Communications

Federal Cost Principles are the Federal regulations that govern expenditures on federal awards and which also apply to non-federal awards to GVSU because of the University’s required federal compliance under 2 CFR 200 Subpart F: Audit Reporting.

Prior Written Approval is a formal permission the University must document before it proposes or incurs a special or unusual cost that may be deemed unallowable under the federal cost principles under normal circumstances.

Requests for prior written approval must be rationalized in writing as allowable under an “unlike circumstances” justification by the University personnel who wish to propose the special or unusual costs. The requests are then reviewed, approved, and (assuming approval is granted) formally submitted to the sponsoring agency by the Authorized Organizational Representative of the University (as defined in SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY)

In accordance with the Uniform Guidance at 2 CFR 200, prior written approval from the sponsor is explicitly required (either in the awarded proposal budget, during award negotiation, or prior to incurring of costs in the event that the expense is to be proposed post-award) for a number of items, including the following:

1. Administrative expenses ($200.413(c)(c))
2. Change of scope ($200.308 (c)(1))
3. Cost sharing or matching ($200.308 (c)(17))
4. Entertainment costs ($200.438)
5. Equipment and other capital expenditures ($200.313, 439)
6. Exchange rates ($200.440)
7. Fines, penalties, damages and other settlements ($200.441)
8. Fixed amount subawards ($200.332)
9. Fund raising and investment management expenses ($200.442)
10. Memberships in any civic or community organization ($200.457 (c))
11. Organization costs ($200.455)

COST SHARING POLICY FOR EXTERNALLY SPONSORED PROJECTS

SLT 3.11.2

Date of Last Update:

September 04, 2019

Approved By:

• Senior Leadership Team

Responsible Office:

Office of Sponsored Programs

POLICY

Grand Valley State University (the University) shall minimize cost sharing on all externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

The University will allow cost sharing on such projects under the following conditions:

1. When it is required by the sponsoring agency (Mandatory Cost Sharing) as documented in a proposal solicitation, program description, sponsor policy, Catalog of Federal Domestic Assistance record, broad agency announcement or other official sponsor document.

2. When a reasonable justification is made that provision of Voluntary Cost-Sharing (whether Committed or Uncommitted) will improve the competitiveness of a proposal.

Further, in cases under which the University will allow cost sharing:

1. The proposed cost sharing must be thoroughly and accurately quantified;

2. The proposed cost sharing must represent an allowable cost (as defined in SLT 3.11.1: ALLOWABLE COST POLICY);

3. The proposed cost sharing must be limited to what is required by the sponsor (Mandatory Cost Sharing) or to what is deemed reasonable by the Appointing Officer (as defined in BOT 4.1.1: GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF – PERSONNEL ADMINISTRATION) who has authority over the resources proposed to be committed (Voluntary Cost Sharing);

4. The approval to subsidize all proposed cost sharing must be documented by the Appointing Officer who has authority over the resources proposed to be committed;

5. The quantification and approval of cost-sharing subsidies must be documented and approved by the Authorized Organizational Representative of the University (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) using the standard systems and processes of the Office of Sponsored Programs; AND

6. All approved cost sharing included in an awarded externally sponsored project must be monitored, tracked, and reported by the Grants Accounting office in accordance with all applicable federal and sponsor requirements.

DEFINITIONS

Cost Sharing: Cost sharing is that portion of an externally sponsored project cost that is not reimbursed by the sponsor (whether federal or non-federal) and therefore represents a commitment of institutional resources that would generally otherwise be devoted to other University purposes.

There are three forms of cost sharing:

1. Mandatory Cost Sharing, which is required by the sponsor as an award condition and becomes an obligation once an award is made;

2. Voluntary Committed Cost Sharing, which is voluntarily offered and documented in a proposal submission and therefore becomes an obligation once an award is made; and

3. Voluntary Uncommitted Cost Sharing, in which voluntary cost sharing is intended, but not explicitly committed (documented) in a proposal, and therefore not a binding commitment that must be tracked and reported.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

SUPPLEMENTAL COMPENSATION ON EXTERNALLY SPONSORED PROJECTS POLICY

Office of Sponsored Programs

POLICY

Unallowable Costs are costs that could be considered appropriate and reasonable, but which are not eligible for reimbursement by the federal government and therefore to ensure consistent treatment under the federal cost principles, are not allowable on any sponsored program. Exceptions are possible with a strong justification for unlike circumstances and with prior written approval (as defined above) from the Authorized Organizational Representative of the University and the sponsor.

Unallowable costs include:

1. Advertising and public relations
2. Advisory councils
3. Alcoholic beverages
4. Alumni/ae activities
5. Bad debt expense
6. Collections of improper payments
7. Commencement and convocation costs
8. Contributions and donations
9. Entertainment costs
10. Fines, penalties, damages and other settlements
11. Fund raising and investment management costs
12. Lobbying
13. Intra-Institution of Higher Education (IHE) Consulting
14. Losses on other awards or contracts
15. Club, social, dining club or lobbying organization memberships
16. Proposal costs
17. Meals and travel associated with lobbying, fund raising, alumni activities
18. Student activities
19. Passports and immigration visas

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.
In most cases, funding from such projects must supplant, not supplement Institutional Base Salary during the Base-funded Appointment Period. In the absence of unusual circumstances and specific Prior Written Approval (as defined in SLT 3.11: ALLOWABLE COSTS POLICY) from the appropriate University and/or sponsor officials as described in this policy, faculty member compensation for sponsored-project work at the University must offset Institutional Base Salary through:

1. The use of Significant Focus Time (as defined in SLT 3.06: FACULTY RESPONSIBILITIES);
2. The application of Reassigned Time (as defined in SLT 3.06: REASSIGNED TIME); or
3. Some combination of Significant Focus Time and Reassigned Time.

Absent Prior Written Approval for Supplemental Compensation following procedures stated below, Administrative/Professional staff members must also offset Institutional Base Salary to participate in externally sponsored projects (supplant, not supplement). Such offsets shall require a reorganization of established job duties in the staff member's organizational unit that is approved by the staff member's Appointing Officer and Executive Officer.

In order to charge Supplemental Compensation to federally funded Externally Sponsored Project accounts at the University, the work performed must be justifiable as Intra-Institution of Higher Education Consulting as defined at 2 CFR 200.430—COMPENSATION; PERSONNEL SERVICES, which limits such charges according to their adherence to specific criteria. Such consulting must be:

1. Across departmental lines or involve a separate or remote location that is at least 30 miles away from the employee's University campus office;
2. Outside the scope of the employee's regular appointment as documented in the employee's appointment letter;
3. Short term in nature; and
4. Provided for in the sponsored agreement, or approved in writing by the sponsoring agency prior to the incurrence of applicable expenses.

In order to charge Supplemental Compensation to a non-federal Externally Sponsored Project account, the allocation is subject to the prior written approval of the Vice Provost for Research Administration as well as the sponsoring agency.

DEFINITIONS

Base Appointment Period at the University generally falls into one of two categories:

1. An Academic Year Appointment is comprised of the nine-month span from August 1 of a given calendar year to May 5 of the following calendar year.
2. A 12-month Appointment is comprised of the twelve-month span from August 6 of a given calendar year to August 5 of the following calendar year.

Institutional Base Salary is the annual salary the University pays for an employee's appointment, regardless of appointment category and whether the employee's time is spent on research, teaching, administration, departmental administration, and general administration (accounting, purchasing, legal services, personnel, and compliance). Such offsets shall require a reorganization of established job duties in the staff member's organizational unit that is approved by the staff member's Appointing Officer and Executive Officer.

Private Consulting refers to works for hire performed by a University employee outside of their University responsibilities. To be deemed private consulting, work must be performed outside the use of any University resources, including administrative services of any kind, facilities (classroom, clinical, meeting, or office space), supplies, equipment, computing resources, and any other service or resource owned by the University. Any outside employment must be approved in advance by the Appointing Officer (BOT 4.1.10). Consulting services that require the use of University resources are subject to SLT 3.11: ALLOWABLE COSTS POLICY.

Supplemental Compensation, also known as extra salary or extra service pay, is compensation a University employee receives in excess of Institutional Base Salary; Supplemental Compensation represents payments for services outside the normal scope of employment.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

FACILITIES AND ADMINISTRATIVE COST POLICY

SLT 3.11.4

Date of Last Update: July 13, 2016

Approved By:

• Senior Leadership Team

Responsible Office: Center for Scholarly and Creative Excellence

POLICY STATEMENT

Grand Valley State University’s Facilities and Administrative (F&A) rate (also known as the indirect-cost rate) is established in accordance with the Federal Office of Management and Budget under 2 CFR 200 Uniform Guidance (previously A-21). The rate is negotiated between the University and the U.S. Department of Health and Human Services, the cognizant federal agency that oversees the administration of sponsored agreements at the University. The University's F&A rate reflects the cost of real, auditable expenses incurred in the conduct of sponsored research and programs. Included among these costs are depreciation costs of buildings and equipment, maintenance and repairs, janitorial services, utilities, hazardous waste disposal, libraries, and general administrative costs such as sponsored programs administration, departmental administration, and general administration (accounting, purchasing, legal services, personnel, and compliance). These costs are “indirect” because they are not easily identified with a specific sponsored project and therefore are not included in the “direct” portion of the budget. Such indirect costs support the conduct of research and other sponsored programs, regardless of the source of funding, and therefore must be applied to all sponsored projects. For reasons of sound management and equitable stewardship of resources used in support of all sponsored activities, it is expected that all sponsored projects recover full F&A costs.

PROCEDURES

Facilities & Administrative (F&A) Cost Recovery Policy:

It is the University’s policy that all proposals and agreements for sponsored research, including subawards and industry contracts, are subject to the recovery of facilities and administrative costs (F&A) at the University’s approved and published rate. In some cases, the sponsor has a written policy, uniformly applied, prohibiting F&A costs or restricting the payment of such costs to a lower rate. An exception to the University’s F&A cost recovery policy may be warranted if it is clearly in the best interest of the University to accept the award with less than full F&A cost recovery. Any reduction (defined as a waiver of F&A) in the University’s approved and published rate is based on a mutual agreement with the sponsor and requires prior approval from the Vice Provost for Research Administration. This exception does not apply to for-profit (industry) sponsors, as such sponsors are expected to provide full F&A when funding a sponsored project. Designation of a sponsored award as a gift will not preclude the recovery of indirect costs if such costs are allowed by the donor.

Facilities & Administrative (F&A) Cost Return and Use Policy:

Each year, the University returns a portion of the recovered F&A costs as appropriate to those generating the grants and contracts. This return of F&A costs generally occurs at the end of each fiscal year and is based upon the F&A costs recovered on sponsored projects during the preceding fiscal year (July 1 - June 30). For sponsored awards originating within academic units with a tenure stream Faculty Principal Investigator, recovered funds are distributed as follows:

• Faculty Principal Investigator – 12.5%*
• Faculty Home Department – 7.5%
• Appointing Officer of unit generating the recovered funds – 20%
• Provost – 20%
• General Fund (Facilities Infrastructure) – 40%

For all other proposals, recovered funds are distributed as follows:

• Appointing Officer of unit generating the recovered funds – 40%
• Provost – 20%
• General Fund (Facilities Infrastructure) – 40%

It is anticipated that, when appropriate, recovered funds will be used strategically for research initiatives, faculty start-ups, bridge funding and required cost share, and to provide the necessary administrative support for research projects. Indirect cost recovery funds cannot be used to increase the principal investigator’s annual compensation.

Indirect cost revenue recovered on Financial Aid expenditures will not be allocated and all proceeds will be returned to the General Fund.
PROCEDURES
The following General Responsibilities form shall be provided by OSP to each Principal Investigator at the time of award. The Principal Investigator is responsible for signing and returning the original to OSP along with the approved training.

Responsibilities
- Completing a Conflict of Interest Financial Disclosure form, and having no conflict of interest that could affect the conduct of the project. Any such possible conflict of interest must be reported to OSP as soon as it is apparent.
- Certifying that s/he, and any subcontractor or sub-recipient on this project, is not debarred, suspended or proposed for debarment by any federal entity. The PI agrees to notify the University (both OSP and GVSU Animal Care and Use Policy) for the use of animals in research.
- Ensuring compliance with the GVSU policy on Policy Activity, as well as ensuring compliance with the terms and conditions of an award governing such activity.
- Submitting required reports and/or documentation in a timely manner.
- Certifying the time/effort of personnel paid by the grant, contract/subcontract, or cooperative agreement, or cost sharing/matching time on the project.
- Ensuring that all project expenditures are reviewed on a monthly basis (at a minimum) and ensuring that those expenses incurred are approved in the BANNER system.

Additional Information:
- Charter Schools are not considered a sponsored program and therefore not affected by this policy.

*Note: if the recovered funds allocated to the Faculty PI are less than $500, funds will be deposited into departmental FOAPs rather than individual Faculty PI FOAPs.

SERVICE AND CONSULTING AGREEMENTS POLICY
This document establishes Grand Valley State University’s (University) official policy governing the approval and management of service or consulting agreements that employees through the University, meaning in cases in which the University would be the contracting party. These are agreements under which Principal Investigator (PI)-Eligible faculty and/or Administrative/Professional (A/P) staff members are obligated to provide specified services or “deliverables” and do not fall squarely within the traditional framework of research or teaching activities. While these agreements may have research, scholarly, or other benefits to the University, those benefits are a secondary aspect, not the primary purpose of the activity. The terms “service agreement” or “consulting agreement” are intended to be descriptive; such agreements could have other labels or titles.

In some cases, employees who may consider providing services independently of the University as consultants will do this for their own account, on their own time, and using their own resources and subject to applicable University policies. However, review and approval of all proposed service and consulting agreements under this policy is required to ensure compliance with employment, tax, and intellectual property law; regulatory requirements governing research and the use of certain kinds of data; and institutional policies regarding student engagement in externally funded activity and the appropriate use of University resources.

The University should be the contracting party only when justified by compelling reasons that meet the General Criteria of this policy. There are occasions, however, when a PI-Eligible faculty or A/P staff member wants to provide a service through the university. For example, the activity may have a strong academic and/or university programmatic component and the faculty or A/P staff member may want to be able to use university facilities, resources, staff, or students to carry out the proposed contractual activity. In those circumstances, this policy allows for the University to act as the contracting party, but only if the activity in question meets the General Criteria of this policy.

By way of illustration, but without limitation, services that PI-Eligible faculty and A/P staff members may seek to provide through this policy may include:
- Performing an evaluation or assessment of an external program, such as an educational program or public-health initiative;
- Establishing rating criteria, such as standards for measuring health or safety outcomes;
- Providing technical assistance to a foreign government in areas such as social, health, or economic services;
- Delivering professional-development services;
- Partnering with industry to engage students in technical projects the delivery of which will contribute to the educational goals of the students involved; and/or
- Assisting a city government in its urban planning.

PROCEDURES
The Office of Grants Accounting will assist with the invoicing and accounting process. The PI is also responsible for ensuring that all grant expenditures are reviewed on a monthly basis (at a minimum) and ensuring that those expenses incurred are approved in the BANNER system.
The official to whom the Provost delegates authority to submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University and to accept on behalf of the University any awards, contracts, or agreements resulting from such proposal submissions or other solicitation processes. If PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s).

**bff: PI eligibility is conferred in one of two ways: (1) automatically, by position, and (2) via special request, both subject to training as required by this policy.**

**General Criteria**

The proposed Service and Consulting Agreement must:

1. Advance the core mission of the academic or non-academic organizational units that will carry it out;
2. Provide a significant institutional and/or public benefit; and,
3. If students are to participate in the activity, provide both a learning experience that advances student educational goals and that students will be free to use and disclose details of the experience in their academic and career pursuits, unless a Non-disclosure Agreement has been approved by the Office of the Vice Provost for Research Administration.

The determination as to whether a proposed Service and Consulting Agreement meets these criteria shall be the responsibility of the employee’s Appointing Officer. Such determinations shall be documented using University procedures for sponsored activity.

In addition, the proposed Service and Consulting Agreement must:

1. Present manageable and limited risks;
2. Be accurately budgeted to generate sufficient revenue to pay for full performance that includes both the direct charges associated with the activity and the University’s full federal negotiated facilities & administrative cost rate;
3. Be properly accounted for from a tax perspective;
4. Be reviewed and processed by the Technology Commercialization Office and the Office of Sponsored Programs (which may include the execution of a non-disclosure agreement to protect the intellectual property of the parties to the agreement); and
5. Be approved and submitted by the Vice Provost of Research Administration and/or designee.

And finally, once the Service and Consulting Agreement is fully executed, and throughout the performance of the contractual scope of work, the PI and responsible organizational unit must ensure that the activity complies with:

1. The contracted scope of work, timeline, and all agreed deliverables;
2. All applicable federal and state laws and regulations (e.g., export controls, use of human or animal subjects, intellectual property rights, confidentiality or other proprietary rights); and
3. All relevant University policies, such as invoicing for payment via the central accounting office of the University, and the use of the University’s name, facilities, equipment, supplies, and other resources.

**PRINCIPAL INVESTIGATOR ELIGIBILITY POLICY**

SLT 3.11.7

**Date of Last Update:**

October 15, 2018

**Approved By:**

Senior Leadership Team

Center for Scholarly and Creative Excellence

**POLICY**

This policy establishes the eligibility requirements for and the duties and responsibilities of all Principal Investigators (PI) at Grand Valley State University (University). The policy also provides for the establishment of formal procedures to request and approve exceptions to the PI eligibility requirements.

**POLICY STATEMENT**

For each externally sponsored project, it is customary to designate as PI one person who bears ultimate responsibility for scientific, technical, and programmatic decisions, and all financial, administrative, and compliance matters relating to the project. It is the policy of Grand Valley State University that only eligible University faculty, staff, and trainees and appointees (when appropriate) may serve as the PI on externally sponsored projects to be carried out on behalf of the University. Serving as the nominal project leader to lend credibility to a proposal while delegating PI responsibility to another person (i.e. “fronting” as the PI) is never permissible and is considered a violation of this policy.

PI eligibility is conferred in one of two ways: (1) automatically, by position, and (2) via special request, both subject to training as required by this policy.

**Special-Request Eligibility:** If PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s).

Certain non-academic units (e.g., the University Art Gallery, Small Business Development Center, Johnson Center for Philanthropy, Van Andel Global Trade Center) may request long-term PI status for the director, associate director, and other Administrative/Professionals (regular, full-time employees), as they deem appropriate. These personnel are all subject to standard Compliance and Training...
requirements for PI Eligibility.

1. Fellowships and Training Opportunities

Trainees (typically graduate students and post-doctoral fellows) may be eligible to be PIs on fellowship and training programs when that designation is required by the funding agency as documented in a funding opportunity announcement and a PI-eligible faculty or staff member is identified and documented as their sponsor/mentor. In this circumstance, a trainee’s PI eligibility is conferred and verified by the applicable Department/Unit Head’s approval during the internal proposal-routing process. It is not necessary to document approval of trainee PI eligibility via Special Request.

Trainee PI status is consistent with the treatment of all Special Requests for PI eligibility, in that it is conferred on a case-by-case basis; it does not confer blanket PI eligibility status for any other externally sponsored projects.

Compliance and Training Requirements

However, it is conferred, PI Eligibility Status is contingent upon the documented completion of all required compliance and sponsored-programs training. Training requirements, certification, and documentation are determined and administered collaboratively by the Vice Provost for Research Administration, the Office of Sponsored Programs, the Office of Research Compliance & Integrity, and the Controller.

PROCEDURES

This policy designates authority to the Vice Provost for Research and the Director of Sponsored Programs to establish such operational procedures as they deem necessary to implement this policy, and ensure operational efficiency, proper oversight of compliance and administration, and the success of externally sponsored projects at the University.

It is the responsibility of the Office of Sponsored Programs to review all proposals to fund externally sponsored projects to determine and document PI eligibility prior to proposal submission. Proposals put forward by individuals without documented PI eligibility will generally not be approved for submission. Awards resulting from proposals submitted by ineligible PIs who either knowingly or unwittingly circumvent the standard approval process will generally not be accepted by the University.

Responsibilities of All Principal Investigators

Although the University is legally responsible to the sponsor as the actual recipient of any externally sponsored award, the Principal Investigator (PI) is accountable for the proper fiscal management and conduct of the project. This includes managing the project within funding limitations and all of the terms of the award, assuring that the sponsor is notified when significant conditions related to project status change, and ensuring that all programmatic reporting requirements are met in a timely fashion. To assist PIs, the University provides supporting administrative services and has established procedures to help meet both sponsor and University requirements. While responsibility for the day-to-day management of project finances may be delegated to administrative or other staff, accountability for compliance with federal requirements, University policies, and sponsor requirements ultimately rests with the PI. The full cooperation and vigilance of the PI, along with the University, is necessary to maintain the stewardship role.

1. Preparation of Proposals

Principal Investigators have primary responsibility for planning and carrying out the preparation and submission of proposals for external support. Although PIs may have administrative staff to assist with the proposal-development process, they are ultimately responsible for the quality and scientific integrity of the proposal, and for understanding and complying with all University policies for managing external support.

a. Technical Proposal

The Principal Investigator is responsible for preparing the technical proposal.

b. Proposal Budget

The Principal Investigator prepares, or directly supervises the preparation of, all aspects of the proposed budget and budget justification. This responsibility includes coordination with Procurement Services and compliance with all procurement policies and procedures. It also includes identifying any requests and sufficient resources for cost sharing (including matching funds); the need for space or space modifications (including any accommodations for large and/or unusual equipment); and the need for outside collaborators (sub-recipients, contractors, consultants). The PI ensures all costs are allowable, allocable, and reasonable for the project in accordance with the federal cost principals set out in OMB 2 CFR 200, and that all proposals include full recovery of all anticipated project costs. Full recovery includes recovery of indirect costs at GVSU’s negotiated federal rate or (in the case of non-federal sponsors or federal training grants) the maximum rate allowed under published sponsor policy.

c. Regulatory Requirements

The PI is responsible for anticipating whether the research will involve human subjects, live animals as subjects, recombinant DNA, infectious agents, narcotics or biological toxins, human blood or body fluids, radioactive materials, hazardous materials, export controls, conflicts of interest, or other regulated activities requiring University review or clearance. The PI is responsible for preparing information and forms required for review by the University’s Office of Research Compliance & Integrity.

d. Project Approvals

The Principal Investigator prepares, or directly supervises the preparation of, and electronically signs internal proposal-approval forms, and requests required approvals in a timely fashion.

2. Acceptance of the Award

The PI is responsible for collaborating with the Office of Sponsored Programs in any negotiations with the sponsor relating to modifications of the project scope or budget or proposed terms and conditions of the award.

The Principal Investigator is responsible for reviewing and approving the award agreement, in conjunction with OSP, including the scope of work, budget, and the special terms and conditions of the award, and for managing the award in accordance therewith.

3. Conduct and Management of Award

The Principal Investigator is responsible for all actions required to manage and complete the scientific, programmatic, and financial aspects of the externally sponsored project in accordance with all of its terms and conditions, including the performance of all sub-recipients. The Principal Investigator is also responsible for the management of the award budget and expenditures in accordance with federal, GVSU, and sponsor requirements. This responsibility includes attesting to the allowability, allocability, and reasonableness of all expenditures. Principal Investigators are responsible for routine monitoring of the status of grant accounts to prevent overdraws and incorrect charges and to ensure that unallowable costs are not charged to an award.

The Principal Investigator is responsible for the timely submission of all required programmatic reports, interim and final. The information contained in such reports must be supported by adequate documentation. The Principal Investigator will provide copies of all required programmatic and progress reports to the OSP and the Grants Accounting office.

DEFINITIONS

Externally Sponsored Project: All grants and cooperative agreements (direct assistance actions); all incoming or outgoing sub-recipient agreements or subawards (pass-through assistance actions); certain incoming or outgoing contracts (i.e., externally sponsored procurement actions), including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include purchasing agreements or philanthropic gifts.

Principal Investigator (PI): An individual with a formal affiliation with the University, normally an employee, who is or becomes eligible under this policy to submit a proposal for extramural support for a research, training, public-service, or other externally sponsored project, who personally participates in the project to a significant degree, and who has primary responsibility for the scientific, technical, programmatic, and administrative conduct and reporting of the project, including compliance and financial matters. A Principal Investigator who is the head of a training or other sponsored project may be known as a Project Director. For the purposes of this policy, the terms shall be considered equivalent. The University only recognizes one individual as the Principal Investigator and this individual must personally participate in the project to a significant degree.

Co-Investigator (Co-I): An investigator who will share responsibility for the scientific, technical, and/or administrative conduct and reporting of a research or sponsored project with the Principal Investigator. Each individual named as a Co-Principal Investigator at the University must meet the same eligibility requirements as a PI as noted above. There may be more than one Co-Principal Investigator, but one person is designated as the leader (PI) of the project. While the University allows this approach, not all sponsors allow Co-PI models. In certain cases, a sponsor (e.g., the National Institutes of Health—NIH) may allow a Multiple Principal Investigator model to be employed in a research or sponsored project. Such models feature multiple PIs who are expected to equally share responsibility for leadership of multidisciplinary and other types of “team science” projects that are not optimally served by the single Principal Investigator model. Such models typically require a single “Contact PI” and special justification in the form of a Multi-PI Plan that documents processes for project governance and resolution of conflicts.
POLICY STATEMENT

Textbooks and related course materials continue to be essential to the delivery of knowledge. For various reasons, the cost of those materials has continued to rise. The goal of the University is to provide the best quality educational resources at the lowest possible cost to the students by minimizing the cost of textbooks and course materials used at the university while maintaining quality of education and academic freedom.

PROCEDURES

The Provost’s Office is responsible for overseeing the faculty role in textbook selection. It discharges that responsibility by working closely with the Deans of the colleges. Business and Finance is responsible for overseeing the practices of the GVSU Laker Store.

Responsibilities of the Faculty:

• Faculty members shall submit lists of required textbooks, recommended textbooks and supplemental course materials to the GVSU Laker Store by the specified deadlines.

• Faculty are expected to compare various textbook options and to make the selection by taking into account pedagogical value, price, and availability. If all other considerations are about the same, the less expensive option should be selected. When there are multiple sections of a course taught by different instructors, it is preferable (but not required) that departments order the same textbook for all sections, in order to benefit students who may be adjusting their schedule during drop/add week and to support inventory management for the GVSU Laker Store.

• When faculty wish to require the purchase of any published textbooks or materials for which they have or will receive royalties or revenue, this decision shall be reviewed by the Unit Head, who shall determine whether the selection is appropriate, taking into account the criteria above. The purpose of the review is to disclose and to manage any actual or potential conflict of interest. The Unit Head may authorize that the review be conducted by a designee if certain disciplinary expertise is needed or if the Unit Head cannot provide a neutral review. If the Unit Head cannot identify a designee, then the review shall be conducted by the Dean or designee.

Responsibilities of the GVSU Laker Store:

• The GVSU Laker Store will continue to reduce textbook prices whenever possible.

• The GVSU Laker Store will buy back used textbooks, and the following semester make the used copies available at reduced price and display them next to the new ones.

• When filling departmental textbook orders, the GVSU Laker Store shall acquire as many used but still up to date copies as possible, make them available at reduced price, and place them next to the new ones.

• The GVSU Laker Store will display the required texts and materials with the course instructors’ names and course section numbers. This will help students make informed decisions when finalizing course schedules.

Provost and Facility Planning Offices

POLICY STATEMENT
Space is an institutional resource of Grand Valley State University. As such, it does not belong to an individual, a program, a unit or a college and may be reassigned in the best interests of the University. The goal of the University’s allocation and reallocation of space is to achieve the highest and best use of University resources.

The Provost’s Office is responsible for assigning and overseeing space used for academic purposes, including classrooms, laboratories, academic secretarial spaces, and faculty offices. It discharges that responsibility by working closely with the Facilities Planning Office to maintain and remodel existing space; to allocate and reallocate that space; to help plan, schedule, and coordinate moves; to plan new space; and to explain allocation and reallocation decisions.

The Facilities Planning Office is responsible for overseeing all non-academic space, including outdoor space. It discharges that responsibility by working closely with the Provost’s Office to maintain and remodel existing space; to allocate and reallocate that space; to help plan, schedule, and coordinate moves; to plan new space; and to explain allocation and reallocation decisions.

At least annually, Facilities Planning will conduct a physical review of space to investigate identified issues or potential space issues that need attention.

Periodically, the Provost’s Office and the Facilities Planning Office will meet with appropriate representatives of the University’s organizational units to discuss upcoming moves and longer term plans for expansion and/or contraction.

This policy is applicable to all departments, offices, University employees and other members of the University community occupying space owned or leased by the University.

ADOPTION LEAVE POLICY
SLT 4.1
Date of Last Update: December 14, 2021
Approved By:
Senior Leadership Team
Responsible Office:
Human Resources

POLICY STATEMENT
The University recognizes the need for family and medical related leave. The following policy complies with the Family and Medical Leave Act (FMLA) and provides guidelines for procedures regarding paid or unpaid leave. By enacting this policy Grand Valley aims to allow necessary time away from the university for individuals to cope with and adapt to various family and medical related situations as described in this policy.

PROCEDURES
Adoption Leave
Grand Valley State University provides paid time off for bonding for all GVSU employees who are eligible for salary continuation/short term disability policies holding parental relationships for adoption. Please refer to the Parental Leave Policy regarding paid leave time.

Qualifying Expenses
Qualifying adoption expenses will be reimbursed up to a maximum of $3,000 per child. Qualifying expenses are defined as those that are reasonable and necessary adoption fees, court costs, attorney fees, traveling expenses while away from home, and other expenses related to, and whose principal purpose is for, the legal adoption of a child.

Process for Applying for Benefits
Upon formal placement of the adopted child, submit an adoption assistance claim form to Human Resources at 1090 James H. Zumberge Hall along with detailed receipts for eligible expenses. Human Resources will determine eligible expenses, the amount payable for reimbursement and will submit a request to the Payroll Office for payment. The reimbursement will be processed with the next payroll.

Taxation of Benefits
The amount of tax credits and exclusions available to adopting parents vary. Since an employer's adoption assistance is not subject to income tax withholding, GVSU will not determine the extent to which the payment of reimbursement on behalf of each employee is eligible for the exclusion. However, GVSU will withhold taxes only for Social Security and Medicare.

Adding Dependent to Insurance
At the time of placement, you may add your child to your benefit plans. Any additions or changes must occur within 30 days of the official placement. Contact Human Resources at 331- 2215 to add dependent.

EXERCISE RELEASE TIME POLICY
FAMILY AND MEDICAL LEAVE ACT (FMLA) POLICY

SLT 4.2
Date of Last Update: February 04, 2022
Approved By: Senior Leadership Team

Responsible Office: Human Resources

POLICY STATEMENT

The Family and Medical Leave Act of 1993 (FMLA) gives eligible Grand Valley State University faculty and staff the right to take unpaid leave or paid leave, if appropriate benefits have been earned, for a period of up to 12 work weeks in a 12-month period because of the birth of a child or the placement of a child for adoption or foster care, because the faculty or staff member is needed to care for a family member (child, spouse, or parent) with a serious health condition, or because the faculty or staff member’s own serious health condition makes them unable to do their job, or because of any qualifying exigency arising out of the fact that the faculty member’s spouse, child, or parent is a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation, or to care for a covered servicemember with a serious injury or illness if the staff member is the spouse, child, parent, or next of kin of the servicemember. Leave taken for one or more of these reasons, when combined together, may not exceed 12 weeks during the rolling backward 12-month period. Under certain circumstances, this leave may be taken on an intermittent basis rather than all at once, or the faculty or staff member may work a part-time schedule.

A faculty or staff member on FMLA leave is entitled to maintain the same health benefits (such as medical, dental, and vision insurance) as they had before going on leave. The faculty or staff member, however, would continue to pay their share of any applicable premiums during the leave period.

A faculty of staff member generally has a right to return to the same position or an equivalent position with equivalent pay, benefits and working condition at the conclusion of the leave.

Grand Valley State University also requires notification, as explained in this policy, from faculty and staff members who wish to take a leave under the parameters of the FMLA.

A. Who is eligible for FMLA?

1. All full-time and part-time faculty or staff members who meet all of the following criteria:
   - a. Have worked at Grand Valley State University for at least 12 months.
   - b. Have worked at least 1,250 hours of service during the 12-month period before the leave.

2. Grant, contract, and temporary-funded faculty or staff members may be eligible for benefits under the FMLA during the term of their grant, contract or funding. The provisions of the FMLA do not continue past the date the funding or contract expires.

B. Notification Requirements

1. In order to receive leave under the FMLA, the faculty or staff member must notify their supervisor and Human Resources of the need for leave. When possible, this should be a minimum of 30 calendar days prior to the date the leave will begin.

2. If the faculty or staff member is unable to provide 30 days advance notice (such as a medical emergency) the faculty or staff member must notify their supervisor and Human Resources as soon as possible.

3. Failure to provide advance notice (when determined it was possible to do so) may result in delaying approval of the FMLA leave.

C. Faculty/Staff Job Rights

1. Subject to the specific limitations contained in this Policy, eligible faculty or staff members may take a total of up to 12 weeks of FMLA leave during a 12-month period.

2. The faculty or staff member will be returned to their position or equivalent position at the end of the FMLA leave, provided: the grant/contract/term of employment did not expire during the leave, or the University is still offering those services previously provided by the faculty or staff member at the time the faculty or staff member is ready to return to work, or the faculty or staff member’s position was not eliminated due to a business or economic reason.

3. If a faculty or staff member is requesting an intermittent or reduced schedule leave, the University has the right to transfer the faculty or staff to another position during the time period of such leave. However, such a temporary transfer would be to a similarly situated and similarly classified position. The faculty or staff member’s salary, benefits, etc., would not be negatively affected.

4. If a faculty or staff member does not return to work after the FMLA leave is over and they do not apply for and receive approval for another University leave, they will be considered to have voluntarily resigned employment with the University.

5. The University will not discharge or discriminate against, or otherwise interfere with, restrain or deny a faculty or staff member from exercising their rights under the FMLA.

D. Time Period

1. For purposes of the FMLA, the 12-month period will be a “rolling” 12-month “look back” period based on the faculty or staff member’s use of the FMLA leave during the previous 12 months. Therefore, an employee will not be entitled to more than 12 weeks of FMLA leave during any 12-month period.

2. A faculty or staff member requesting a FMLA leave may be required to use available accrued vacation for all or part of the leave. If they do not have enough accrued vacation to cover the leave period they may use a combination of vacation and unpaid leave.

3. University policies on leaves of absences, sick leave, salary continuation etc., will run concurrently with the provisions of the FMLA when applicable. Additional paid or unpaid leave may be considered, consistent with other University approved leave of absence policies.

E. Faculty/Staff Member Benefits

1. The faculty or staff member on FMLA leave will continue to receive University provided medical and dental insurance as though they were working. Such benefits will continue whether the leave is paid or unpaid. If a premium is required, provision to pay the premium during an unpaid leave must be arranged by the faculty or staff member by contacting the Human Resources Office. The same procedure will be
followed for collecting premiums under an unpaid FMLA leave as is done for other unpaid leaves. Failure to make required payments will result in loss of coverage, or in an obligation to repay the University if it elects to advance moneys to keep the coverage in effect. If the leave is paid, any required premium will continue to be deducted from the faculty or staff member's paycheck, as is the customary manner.

2. If a faculty or staff member does not return from the FMLA leave, they may be required to repay the University for the cost of benefits received while they were on leave.

3. If the faculty or staff member does not return from leave, they may continue their medical and dental coverage by paying all required premiums under the COBRA provisions.

F. Intermittent and/or Reduced Schedule Leaves

1. Faculty or staff members may request and be granted intermittent/reduced schedule leave in the case of a serious illness of themselves, their parent, spouse or child if there is a medical necessity, or for the birth of a child, adoption or foster care in collaboration with approval of the supervisor, and if the leave needs can be best accommodated through such a leave.

2. Intermittent/reduced schedule leave must be scheduled whenever possible at least ten (10) days in advance.

3. Intermittent/reduced schedule leave must be taken in 15-minute increments.

4. Intermittent/reduced schedule leave is counted toward the 12 week maximum FMLA leave which can be used during a 12-month period.

5. Intermittent/reduced schedule leaves, unless otherwise noted, are subject to the appropriate general provisions of this policy.

6. The faculty or staff member is required to schedule intermittent leave, when possible, so not to unduly interfere with the department's operations.

7. If the faculty or staff member was temporarily transferred to another position during their intermittent or reduced schedule leave, the employee must give the University ten (10) days notice of the ability to end the leave and return to their former position or an equivalent position.

G. Conditions and Procedures for Birth and Adoption (Family Leave)

An eligible faculty or staff member is entitled to take up to 12 consecutive weeks off for family leave for the birth of their newborn child, for the legal adoption of their child; or, to accept foster care placement of a child. The following conditions apply:

1. The 12 weeks of leave is typically taken consecutively and must be within the first 12 months after the birth or adoption. Intermittent or reduced schedule leaves may be considered and will be done in collaboration and with the approval of the supervisor and Human Resources.

2. Each employee is entitled to 12 weeks except if both spouses work for Grand Valley State University. In that case, the total number of bonding weeks taken between the two faculty or staff members cannot exceed 12. This does not include the personal medical recovery period for a birth parent. Leave time must be taken concurrently, unless otherwise approved by the University.

3. The medical recovery period for the birth of a baby will be considered as a medical leave, and be counted towards the 12 weeks of FMLA. This bonding period must be taken within the first 12 months following the baby's birth. The bonding period will also be counted toward the 12 weeks of FMLA.

4. The faculty or staff member requesting family leave for birth/adoption (other than under the provisions of Income Protection) may use available accrued vacation time, unpaid leave or a combination of paid and unpaid leave as part of the FMLA leave, or the University may require the faculty or staff member to substitute available paid leave for FMLA leave. If the employee does not have enough paid benefit time to cover the leave, they will go on an unpaid leave.

5. Verifivation of adoption, birth of a child of foster placement may be requested.

H. Procedures on Serious Health Condition of Family Member

An eligible faculty or staff member is entitled to take up to 12 weeks off from work to care for a spouse, parent or child with a serious health condition.

1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

2. The “need to care for” a family member includes both physical and psychological care when the family member is unable to care for their own basic medical hygiene or nutritional needs, or is unable to transport themselves to the doctor, etc. It also includes time needed to make arrangements for changes in care, such as transfer to a nursing home.

3. A “child” includes a biological, adopted, or foster child, stepchild, legal ward, or a child of a person standing in loco parentis who is under the age of 18 or, if older than 18, is incapable of self-care because of mental or physical disability. The term “spouse” means husband or wife. "Parent" is the person who acted as a parent when the faculty or staff member was a child but does not include mother-in-law or father-in-law.

4. The leave may be taken intermittently or on a reduced schedule but the total amount of time off cannot exceed 12 weeks of the faculty or staff member's normal hours worked.

Example: Full-time faculty or staff member: 40 hours/week X 12 weeks = 480 hours
Part-time faculty or staff member: 20 hours/week X 12 weeks = 240 hours

5. Only in cases where both parents are university employees and one must stay home to take care of the other who is seriously ill, or where there is a serious illness of a child that is so serious as to require a parent to stay with the child, can each parent take 12 weeks off!

I. Procedures on Faculty/Staff Member's Own Serious Health Condition

An eligible faculty or staff member is entitled to take up to 12 weeks off from work due to their own serious health condition, which prevents them from being able to perform the functions of their position.

1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

J. Military Family Leave

An eligible faculty or staff member is entitled to take up to 12 weeks off from work because of any qualifying exigency arising out of the fact that the member of the Armed Forces, or a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation.

1. An eligible faculty or staff member is entitled to take up to 12 weeks off from work because of any qualifying exigency arising out of the fact that the member of the Armed Forces, or a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation.

2. Qualifying exigencies may include attending certain military events, arranging for an alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

3. The University will provide eligible employees up to 26 weeks of leave during a single (one time only) 12-month period to care for a covered service member (spouse, son, daughter, parent, or next of kin). Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed 26 weeks in a single 12-month period.

a. A “covered servicemember” means:

i. A member of the Armed Forces (including the National Guard or Reserves) who is undergoing military treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

ii. A veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first day the eligible employee take FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy of a serious injury or illness.

b. The term “serious injury or illness” means:

i. In the case of a member of the Armed Forces, means an injury or illness that was incurred (or aggravated) by the member in the line of duty while on active duty in the Armed Forces, provided that such injury or illness may render the family member medically unfit to perform duties of the member's office, grade, rank or rating.

ii. In the case of a veteran who was a member of the Armed Forces at any time during a period when the person was a covered servicemember, means a qualifying injury or illness that was incurred (or aggravated) by the member in the line of duty and that manifested itself before or after the member became a veteran.

K. Certification of Need for FMLA Leave

1. Initial Certification - Grand Valley may require certification from the faculty or staff member's health care provider for the following reasons: to verify that the faculty or staff member is needed to care for the family member, or the faculty or staff member is not able to perform their job duties. The University reserves the right to ask for a second opinion by a health care provider chosen by the University. Such an opinion will be paid for by the University. If the University requests a third opinion, that opinion will be final and binding. If the second opinion and the original opinion conflict, the University will pay for a third opinion. The University and the faculty or staff member will work together to reach an agreement on whom to use for the third opinion. All certification must be provided to the University within 15 calendar days of the University's request. If practical, the third opinion will be final and binding.

2. Continuing Certification - Each 30 days, the University may request verification of the need to continue the leave. Failure to provide such requested documentation in a 15-day period may result in termination of FMLA leave.

3. A "health care provider" may include, for example, a licensed doctor of medicine or osteopathy, dentist, clinical psychologist, and other health care providers authorized under the Family Medical Leave Act.

4. When the faculty or staff member is ready to return from their leave, they may be required to submit medical verification (if applicable) of their ability to return to work.

**PROCEDURES**

Military leave is available to all full and part-time faculty and staff of the University, including probationary staff members.

A. **Military Duty Pay**

A regular faculty or staff member who loses time from work during their regular schedule of hours because of military training as a reservist or National Guardsman or due to a civil disturbance, not exceeding four (4) weeks per year, shall be paid the difference between their base military pay and their regular pay. Adjunct faculty and temporary staff members are not eligible for military duty pay.

B. **Benefits**

The University will continue to provide health insurance for benefit eligible faculty and staff members, as well as their enrolled dependents, who are on duty less than thirty (30) days. Faculty and staff members serving for more than thirty 30 days may elect to continue health insurance coverage for themselves and any enrolled dependents through COBRA.

C. **Leave Period**

Faculty and staff members are entitled to an unpaid military leave of absence, with reemployment rights, for a period up to five years. The five years is a cumulative total and includes both past and present military service. Military leave for adjunct faculty and temporary staff will not extend beyond the appointment end date.

D. **Reinstatement Requirements**

Regular faculty and staff members have the right to be reemployed at the University following a military leave of absence as long as they meet the following reinstatement requirements.

1. The faculty or staff member ensures that Human Resources or the applicable appointing officer receives advance written or verbal notice of your service.
2. The faculty or staff member has five (5) years or less of cumulative service in the uniformed services while employed at the University.
3. The faculty or staff member returns to work or applies for reemployment in a timely manner after conclusion of service, and
4. The faculty or staff member has not been separated from service with a disqualifying discharge or under other than honorable conditions.

Military leaves of absences for temporary staff and adjunct faculty will not extend beyond the appointment end date.

If eligible to be reemployed, a faculty or staff member has the right to be restored to the job and benefits they would have attained if they had not been absent due to military service or, in some cases, a comparable job. The faculty or staff member’s seniority would also be restored to the level they would have attained if they have been on duty at the University continuously.

**Questions and Policy Interpretation**

The Human Resources Office is responsible for implementing and coordinating the provisions of the Military Leave of Absence Policy for the University. Questions may be directed to the Human Resources Office at (616) 331-2215.

If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where the University policy, handbooks or bargaining agreements provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

PARENTAL LEAVE FOR BIRTH PARENT AND NON-BIRTH PARENT

SLT 4.7

Date of Last Update:
December 14, 2021

Approved By:
Senior Leadership Team

Responsible Office:
Human Resources

POLICY STATEMENT

In order to support employees as they balance family, academic, and professional responsibilities, the University provides paid time off for birth parents and non-birth parents to support the physical recovery of childbirth and provide bonding time with children new to the family.

- The Family and Medical Leave Act (FMLA) policy provides access to 12 weeks of unpaid leave.
- The Parental Leave policy runs concurrently with FMLA leave and provides up to 6 weeks of paid leave. Parental leave must be taken within the first 12 months after birth, adoption or placement of a child for foster care.
- Birth parents are eligible for up to 6-8 weeks of paid medical leave for physical recovery immediately following childbirth.
- All parents, including birth parents, are eligible for up to 6 weeks of paid time off to bond with a newborn, newly adopted, or newly fostered child. This applies to all GVSU employees who are eligible for salary continuation/short term disability and who hold parental relationships including birth, foster, adoption and non-birth parent. For birth parents, paid time off for bonding is to immediately follow medical leave for childbirth.

SEE TABLE

Under the Pregnancy Discrimination Act (PDA), a pregnancy will be treated the same as any other “disability”.

Any splitting of paid leave time requires the approval of the employee’s supervisor and appointing officer. Otherwise, it is understood the leave will be taken for a single, continuous period. Board approved holidays falling during the Parental Leave period will be counted toward the 6-week allotment. The holiday will not be counted against the FMLA entitlement. Aligning additional paid leaves immediately following FMLA or bonding period (leave stacking) is not permitted. Multiple births (e.g., twins, triplets, etc.), and multiple children adopted, fostered or assigned guardianship simultaneously are considered one event.

A parental leave request should be submitted as soon as possible. When possible, the request should be submitted at least 30 calendar days prior to the date the leave will begin.

Responsible Office:
Alcohol and Other Drugs Campus Education and Services Office (ACES)

POLICY
Grand Valley State University strives to provide a healthy University community free of the abuse of alcohol or other drugs and illegal or unauthorized use of alcohol and controlled substances. This commitment to students, faculty, and staff is evidenced by the:

• Publication of standards of conduct and University policies
• Provision of alcohol and other drug abuse prevention programs
• Availability of counseling, treatment, and rehabilitation resources
• Enforcement of applicable University policies
• Enforcement of federal and state laws and local ordinances that govern alcohol and other drug use (including underage drinking, hosting, and furnishing laws)

POLICY STATEMENT
This policy and the Alcohol and Other Drugs Policy Handbook will be electronically distributed annually to all faculty, staff, and students. The coordinator of the ACES (Alcohol & Other Drugs Campus Education and Services) Office will conduct the required review, no less than biennially, in even-numbered years.

ANIMALS ON PROPERTY OWNED OR CONTROLLED BY THE UNIVERSITY
SLT 6.1

Date of Last Update:
May 20, 2019

Approved By:
• Senior Leadership Team

Responsible Office:
Public Safety

POLICY
This Policy applies to all faculty, students, staff, contractors, vendors and visitors.

POLICY STATEMENT
This policy is intended to enhance the safety and health of students, faculty, staff, contractors, vendors and other visitors, and to supplement the existing GVSU policies, by providing rules and regulations regarding the presence of animals in GVSU facilities.
**A. Animals Permitted on Property Owned or Controlled by the University**: 

1. Service Animals are permitted within all University facilities subject to the additional requirements of this policy. Individuals who wish to bring a service animal into a University housing facility may do so without prior approval. However, students are strongly encouraged to reach out to the University’s Office of Disability Support Resources (DSR) to ensure that their experience bringing the animal to campus is a positive one. Advance notice of a service animal in housing facilities will enable the University to appropriately plan for the animals’ presence and will allow more flexibility in meeting the student’s needs. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go. Please note that service animals are required to be at least 12 months of age unless an exception to this requirement has been approved by DSR.

2. Employees with a disability who wish to utilize a service animal as a reasonable accommodation in a University office or otherwise on areas of campus buildings not open to the general public, must submit the request to the Office of Disability Support Services at least 50 days before the animal is needed.

3. Service animals in training are permitted in all public facilities on the same basis as working service animals, provided that the service animal is being led or accompanied by a trainer for the purpose of training the dog and the trainer has documentation confirming the trainer is affiliated with a recognized or certified service dog training organization. Service animals in training are not permitted in certain classrooms, offices, or other areas of campus buildings not open to the general public. Facilities generally considered off limits unless an exception is granted:
   - a. Research Laboratories: The natural organisms carried by service animals may negatively affect the outcome of the research. At the same time, the chemicals, and/or organisms used in the research may be harmful to service animals.
   - b. Areas Where Protective Clothing is Necessary: Any room where protective clothing is required or necessary. Examples include chemistry laboratories, research/medical laboratories, wood shops, metal or machine shop, electrical shops, etc.
   - c. Areas Where There is Danger to the Service Animal: Any room, including a classroom where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor e.g. molten metal or glass; where there is a high level of dust; or where there is moving machinery. Where the threat of injury is to the health of the dog, the student will be permitted to make the decision.

4. A student or employee with a disability who wishes to utilize a service dog in training in University housing, classrooms, offices, or other areas of campus buildings not open to the general public must seek approval through the reasonable accommodation process.

5. Animals under the control of a law enforcement officer acting in the course of his or her duties.

6. Animals kept in residence halls as approved by the Department of Housing and Residence Life including animals kept by housing staff in residence. All animals must register with and be approved by Disability Support Resources prior to entering University housing, in accordance with this policy: https://www.gvsu.edu/med/uea/275356A-0900-447D-8445-6E8B6B564E6A/visitorness_animals_online.pdf.

7. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go.

8. Animals approved by the University for use in research or for instructional purposes. http://www.gvsu.edu/dsr/

9. Animals brought on campus for a special event sponsored by the University or a student organization provided that the event has been pre-approved in writing by the Dean for the sponsoring college or department or by the Office of Student Life.

10. Animals accompanied by members of the University community and visitors, as long as they remain on sidewalks and University walkways.

11. Any animal brought into a University owned or controlled property pursuant to this Policy must be properly licensed, vaccinated and tagged as required by applicable law. All animals must be under the control of their owner or holder and must be on a leash at all times, unless the owner is unable to use a leash due to a disability or the use of a leash would interfere with the service animal’s ability to perform its duties. In that case, the owner must be able to control the service animal by other effective means such as voice controls or signals.

12. Animals may not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

*For purposes of this Policy, “University Facility or Facilities” means any building, facility, structure or improvement, open or enclosed, that is owned, licensed, leased by, or under the control of the University.

**B. General Requirements:**

Persons bringing animals onto University owned or controlled property as permitted by this Policy are solely responsible for:

- a. the full control, supervision and care of the animal
- b. ensuring that animal droppings or other waste are picked up, thoroughly cleaned up and properly disposed of;
- c. reimbursing the University for the costs associated with the repair of any real and/or personal property and/or University facility damaged directly or indirectly by the animal or the animal’s presence in the facility;
- d. assuming full responsibility for any harm caused to others by their animal including medical expenses.
- e. animals must not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

In addition, individuals bringing animals on campus must comply with all other applicable University ordinances, policies, practices and procedures and any applicable local, state or federal ordinance, statute and/or regulation.

**C. Areas Requiring Pre-Approval for Service Animals:**

1. The University may prohibit the use of service animals in certain locations due to health or safety restrictions, where service animals may be in danger, or where their use may compromise the integrity of research. Restricted locations may include, but are not limited to: teaching laboratories, classrooms, medical and surgical areas, and research areas.

2. Exceptions to restricted areas may be granted on a case-by-case basis by contacting the Office of Disability Support Resources. In making its decision, DSR will consult with the appropriate department and/or laboratory representative regarding the nature of the restricted area and any ongoing research. Additional requirements may be necessary to protect the animal. To be granted an exception: A student and/or employee who wants their animal to be granted admission to an off-limits area should contact DSR. Visitors should also contact DSR.

**D. Clarifying Animal Status:**

1. Service animals are permitted in all public facilities on campus in accordance with this Policy. University employees should refrain from questioning any individual about an accompanying service animal, including persons with non-visible disabilities, unless there is a genuine question about the animal based upon its behavior.

2. In the unusual circumstance when an inquiry must be made to determine whether an animal is a service animal, a University employee may only ask two questions:
   - i. Is the animal a service animal required because of a disability?
   - ii. What work or task has the animal been trained to perform?

   You may not ask these questions if the need for the service animal is obvious. You may not ask the owner to make the animal perform the task.

3. A University employee may not ask about a person’s disability, require medical documentation, require a special identification card or training documentation for the service animal or ask that the service animal demonstrate its ability to perform the work or task. Although a service animal may sometimes be identified by an identification card, harness, cape, or backpack, such identifiers are not required and should not be requested or demanded for any service animal on campus.

4. Allergies and fear of animals are not valid reasons for denying access or refusing service to people using service animals.

**E. Removal of Service Animals:**

1. A service animal may be removed from University facilities or grounds if it is disruptive (e.g., barking, wandering, posing a direct threat to the health or safety of others; is not housebroken; or displays aggressive behavior and the behavior is outside the duties of the service animal). Ill, unhygienic, and/or unsanitary service animals are not permitted in public campus areas. The individual responsible for such an animal may be required to remove the animal. A service animal may also be removed if the animal is out of control and the owner does not take effective action to keep the animal under control. If the out of control behavior happens repeatedly, the owner may be prohibited from bringing the animal into facilities until the owner can demonstrate that significant steps have been taken to mitigate the animal’s behavior.

2. When an animal has been properly removed pursuant to this policy, the University will work with the handler/owner to determine reasonable alternative opportunities to participate in the University’s services, programs, and activities without having the animal on the premises.

3. Any individual with a dispute or disagreement concerning the removal or restriction of a service animal or any other aspect of this policy should first contact Disability Support Resources. If the matter is not resolved, a request for mediation should be submitted to DSR. Individuals may also file a written complaint with the Equity and Compliance Unit in the Division of Inclusion and Equity by calling 616-331-2894 or at https://review.gvsu.edu/adequate_avoidit.com/public/feedback/index.jsp/s794805.
F. Enforcement of Complaints:

1. If you become aware of a violation of this policy, you are encouraged to attempt informal methods of resolution. For example, if you recognize the person violating this policy, you might contact them or their supervisor to make them aware of the problem. If that is not successful and/or you are not comfortable approaching the person violating the policy or their supervisor, then the Department of Public Safety should be notified. The Department of Public Safety may pick up the animal and hold it for 48 hours. Animals not claimed during that time will be turned over to the county animal control officer and the owner of the animal will be responsible for any associated fees.

2. Students in violation of this policy will be referred to the University conduct process through the Dean of Students Office and may be assessed a fine of up to $250. Employees in violation of this policy will be referred to the Human Resources Office for possible disciplinary action to be determined in consultation with the Equity and Compliance Unit in the Division of Inclusion and Equity and the employee’s supervisor.

DEFINITIONS

1. Service animal: “any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual’s disability.” (28 CFR 36.104) The crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks for the purposes of this definition.

Examples of work or tasks that service animals perform include, but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as books or the telephone, alerting a person to a sudden change in blood sugar levels, providing physical support and assistance with balance and stability to individuals with mobility disabilities, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

2. Service animal in training: Dogs twelve months of age and older being individually trained to do work or perform tasks for people with disabilities that are at all times accompanied by a certified trainer. Puppies (dogs less than twelve months old) in training are not permitted in any University facilities.

CANCELLATION/CLOSURE/REMOTE POLICY

SLT 6.3

Date of Last Update:
December 10, 2020

Approved By:
• Senior Leadership Team

Responsible Office:
Finance and Administration

POLICY STATEMENT

Grand Valley State University has four operating status: Open, Classes Canceled, Closed, or Remote. The operating status of the university could change for a variety of reasons including emergency, utility disruptions, or weather.

TYPES OF OPERATIONAL CHANGE:

• Open: The University’s normal operating condition. Students, faculty and staff should assume the university is open unless advised otherwise. County or State Health Department Orders, Executive Orders or similar directives may require temporary modifications to University operations without changing the University Operating Status.

• Remote: The most common reason to shift to remote status would be for weather related reasons. Classes will shift to remote delivery whenever feasible. Classes that cannot be delivered remotely will not be held. Staff will shift to remote work from home whenever possible. Essential staff are to report to work. Athletic contests may be held as previously planned subject to approval by the Vice President of Finance and Administration. Other campus events may be held as previously planned subject to approval by the President or Vice President whose division is sponsoring the event.

• Classes Canceled: Only classes are canceled. The remainder of the University is open as normal. All staff are to report to work at their regular time. Rare instances of canceling classes might include unusual student activities or student related crises.

• Closed: Classes and campus events will not be held. Only ESSENTIAL staff are to report to work. The university would normally only close for significant and unanticipated events like natural disasters or civil unrest in the surrounding community. It is not anticipated the university would close for weather related events.

When GVSU is closed or shifts to remote, only essential staff are to report. Designated personnel in the following departments are deemed essential and are expected to report:

• Department of Public Safety
• Facilities Services
• Athletic & Recreation Facilities
• Food Service
• Housing
• Information Technology
• Library
• Facility Services Grand Rapids and Regional Campuses
• WGVU Television and Radio

Appointing officers have discretion to call in non-essential staff as circumstances may require.

Students, faculty and staff should assume the university is open unless they are advised otherwise through GVSUAlert, the university’s emergency notification system, or on [www.gvsu.edu]. Radio or television announcements should be confirmed with GVSUAlert or [www.gvsu.edu]. In the case of a shift to remote, every reasonable effort will be made to make the announcement the day prior in order to provide ample time to enable the shift to remote class delivery and work from home preparation for employees.

Guidelines for course delivery in the event of University cancellation, closure or remote status are available here: [www.gvsu.edu/pressroom/guidelines-for-course-delivery-in-the-event-of-253.htm]

University Criteria for Weather-related Shifts to Remote

In evaluating whether to shift to remote for weather-related reasons, the following criteria are used: 1) the ability of the university’s road crews to keep campus roads and parking lots cleared; 2) the conditions of primary and secondary roads in the area as reported by the Michigan Department of State Police as well as by central dispatch authorities in Kent and Ottawa counties; 3) weather reports regarding the track of the storm and other conditions, and 4) the anticipated length of time of the weather impacts campus operations.
Because commuting students, faculty and staff come from such a broad geographic area, it is extremely difficult to arrive at a decision that is appropriate for each vicinity. Weather conditions rarely are uniform throughout this large area. There is no one decision that will satisfy everyone; however, a diligent effort is made to arrive at a reasonable decision that considers the safety of students, faculty and staff. Under no circumstances does GVSU ask students, faculty or staff to assume undue risk in traveling to the University in inclement weather.

When GVSU Allendale shifts to remote because of weather-related conditions, the Pew Grand Rapids Campus, Health Campus and the Meijer Holland Campus will also shift to remote.

GVSU’s classes in Muskegon and the Stevenson Center for Higher Education will follow the operating status of Muskegon Community College.

GVSU’s classes in Traverse City and the office in the NMC University Center will follow the operating status of Northwestern Michigan College.

The operating status of the Anis Water Resources Institute (AWRI), the Muskegon Innovation Hub and the Detroit Center will be made separately, as these facilities host tenants, business events, and functions not necessarily affiliated with university operations.

Any changes in the University’s operating status will be made through GVSUAlert!, on the Grand Valley web home page www.gvsu.edu, and on GVNext at www.gvsu.edu/gvnext. Notifications may also be heard on area radio and television stations. Please do not call the university switchboard regarding the University’s operating status.

ENDOWMENT SPENDING
SLT 6.4
Date of Last Update:
February 04, 2022
Approved By:
• Senior Leadership Team

POLICY STATEMENT
Each year the University Board of Trustees approves spending rates for true and quasi-endowments. These rates are used to calculate the amount that can be distributed from each endowment. Only investment income is distributed from true endowments, as the principal must be maintained intact in perpetuity. Spending distributions are calculated quarterly for the current fiscal year based on the average balance over a rolling three-year period and transferred to the various spending funds at that time. Effective November 6, 2019 an endowment requires a minimum balance of $50,000 in principal before spending can begin.

PROCEDURES
A spending fund is created for each endowment so that monies are expended according to the purpose for which the endowment was established; usually a restricted fund is utilized for true endowments and a designated fund for quasi-endowments. Documentation that supports how the funds are expended must be maintained for five years. Specifically, for true endowments established to fund scholarships, the selection committee must ensure that documentation regarding the criteria utilized for candidate selection and award is maintained for a five-year period.

EVENT SIGNS AND BANNERS POLICY - ALLENDALE CAMPUS
SLT 6.7
Date of Last Update:
November 05, 2013
Approved By:
• Senior Leadership Team

POLICY STATEMENT
Grand Valley State University event sign and banner policy is intended to establish a uniform system used across campus. The primary function of a sign or banner is to provide information. The effectiveness of distributing this information will be based on consistent design and standards. Implementation and maintenance of the event sign system will be the responsibility of the GVSU Facilities Services Department.

PROCEDURES
Event signs are made by Facilities Services. Banners are provided by the customer. When making a request, please follow the steps listed below:
1. Call Facilities Customer Service at 331-3000 to place your sign or banner request approximately two weeks prior to the event.
2. All banners are to be provided by the customer. There are two (2) locations on campus where they can be hung. One is in front of Lake Huron Hall in the Academic Mall area. The other is at the northwest side of the Student Services Building facing Campus Dr. The banner(s) will be tied to metal posts that are secured into the ground. Banners may not hang from sculptures, the roof or inside any building, or be placed in the ground at a different location other than the two indicated unless approval has been given by the Associate Vice-President of Facilities Services. Light pole banner design must conform to Facilities size and construction standards and will be provided upon request.

3. Facilities Services will make and install three (3) real estate style signs for any GVSU sanctioned event on campus. They are 18” x 24”, white with navy blue lettering. Any additional signs ordered will be at a cost of $15.00 each and you must provide a FOAP number. There is a maximum of 15 signs that may be ordered.

4. If you are ordering a real estate sign then please indicate the event name, the location and which parking lot to use. We are able to place quotes or statements on the signs but it is a good idea to keep the letters to a minimum so they can be made large enough to read. Please give a date/time to have these installed and a date/time for removal.

5. Facilities Services will install the real estate signs at the locations the customer indicates. Usually this is at the campus entrances or along Campus Drive. No signs may be installed in front of the arch at the north main entrance or in front of any welcome sign at the campus entrances.

6. Handwritten signage is not allowed and any professional signage brought on campus must have approval by the Associate Vice-President of Facilities Services.

- Require certain identifying information such as name, date of birth, academic records, home address or other identification
- Verify the student's identity at time of issuance of student identification card (review driver's license or other government-issued photo identification)

- Verify the identification of students if they request information (in person, via telephone, facsimile or email)
- Change any passwords or other security devices that permit access to covered accounts
- Avoid use of social security numbers
- Ensure that office computers with access to covered account information are password protected.

To detect any of the Red Flags identified above for an employment or volunteer position for which a credit or background report is sought, GV SU personnel will take the following steps to assist in identifying address discrepancies:

- Require written verification from any applicant that the address provided by the applicant is accurate at the time the request for the credit report was made to consumer reporting agency
- In the event that notice of an address discrepancy is received, verify that the credit report pertains to the applicant for whom the requested report was made and report to the consumer reporting agency an address for the applicant that GV SU has reasonably confirmed is accurate

In the event that GV SU personnel detect any identified Red Flags, such personnel shall take one or more of the following steps, depending on the degree of risk posed by the Red Flag:

- Continue to monitor a covered account for evidence of identity theft
- Contact the student or applicant for which the credit report was requested
- Change any passwords or other security devices that permit access to covered accounts
- Not open a new covered account
- Provide the student with a new student identification number

#### Protecting Student Identifying Information

To further prevent the likelihood of identity theft occurring with respect to covered accounts, GV SU will take the following steps as they relate to internal operating procedures:

- Ensure that the GV SU website is secure or provide clear notice that the website is not secure

- Ensure that office computers with access to covered account information are password protected.
- Avoid use of social security numbers
- Ensure computer virus protection is up to date
- Require and keep only the kinds of student information that are necessary for GV SU purposes

#### Oversight

Responsibility for developing, implementing and updating this Program lies with an Identity Theft Committee (Committee) for GV SU. This Committee is headed by a Program Administrator appointed by the President. Two or more individuals appointed by the Program Administrator comprise the remainder of the committee.

The Program Administrator is responsible for ensuring appropriate training of GV SU personnel review of staff reports regarding the detection of Red Flags and the steps for preventing and mitigating identity theft, determining which steps of prevention and mitigation should be taken in particular circumstances and considering periodic changes to the Program.

#### Staff Training and Reports

GV SU staff responsible for implementing the Program shall be trained either by, or under the direction of, the Program Administrator in the detection of Red Flags and the responsive steps to be taken when a Red Flag is detected. GV SU staff shall be trained, as necessary, to effectively implement the Program. GV SU employees are expected to notify the Program Administrator once they become aware of an incident of identity theft or of GV SU's failure to comply with this Program. At least annually or as otherwise requested by the Program Administrator, GV SU staff responsible for development, implementation, and administration of the Program shall report to the Program Administrator on compliance with this Program. The Program should address such issues as effectiveness of the policies and procedures and in addressing the risk of identity theft in connection with the opening and maintenance of covered accounts, service provider arrangements, and significant incidents involving identity theft and management response, and recommendations for changes to the Program.

#### Service Provider Arrangements

- Require, by contract, that service providers have such policies and procedures in place
- Require, by contract, that service providers review GV SU's Program and report any Red Flags to the Program Administrator or GV SU employee with primary oversight of the service provider relationship

#### Program Updates

The Committee will periodically review and update this Program to reflect changes in risks to students and soundness of GV SU's policies, procedures, protocols and practices from identity theft. In doing so, the Committee will consider GV SU's experience with identity theft situations, changes in identity theft methods, changes in identity theft detection and prevention methods, and changes in GV SU's business arrangements with other entities; After considering these factors, the Program Administrator will determine whether changes to the Program, including the listing of Red Flags, are warranted. • Broken or damaged keys or access cards should be returned at the time the new key is issued to avoid a replacement fee.

• The employee’s department will be responsible for any keys not returned.

Levels of Keys and Issuance

A system of keys ranging from Grand Master (GM) Keys down to the lowest level key is used to satisfy user needs. Facilities Services aims to issue the smallest number of keys possible. Keys will not be issued where card access is available.

Grand Master Key is the highest-level key on campus. These keys cover all of the keyways within the entire key system. All GM key requests must receive the approval of the appropriate division heads, the Associate Vice President for Facilities Services, and the Vice President for Finance and Administration. These keys are issued to the Associate Vice President for Facilities, Director of Facilities, Assistant Director, or Manager of Facilities Services, the Director of Facilities Planning, Project Managers, the Director of Public Safety Services, Facilities Services Supervisors and Public Safety Officers. Other Facilities Services staff and some university personnel may be approved, but only after administrative, and executive officer authorization.

Due to the level of access granted by a GM key, all GM keys will be issued on a tamper proof key ring, and require a tracking device be added to any key ring containing this level of key. The initial tracking device will be issued by Facilities Services Allendale or Facilities Services Grand Rapids and Regional Centers. Data collected through the tracking device is for use only by Facilities Services - Allendale, Security staff, and Facilities Services – Grand Rapids and Regional Centers and is for the sole purpose of locatation of GM key in the event of loss or theft. Employees are prohibited from tampering or attempting to alter or disable the tracking device or key ring which the GM key was issued. The employee will be responsible for costs associated with replacing a tracking device due to loss or theft. Replacement due to damaged, worn, or non-working tracking devices will be covered by Facilities Services – Allendale or Facilities Services – Grand Rapids and Regional Centers, so long as the damaged, worn or non-working tracking device is returned.

Master Keys operate all keyways except mechanical rooms and designated restricted areas. These keys are issued to Deans or Administrative Assistants with responsibility for all building and department activities. Custodial Staff will also be issued appropriate keys for the building to which they are assigned. Issuance of these keys must be approved by the Associate Vice President for Facilities Services.

Sub-Master Keys operate a sub-group of locks within a master key system such as an individual department. These are issued based on proof of need and require approval of the Associate Vice President for Facilities Services.

Operator Keys allow entry to individual offices or rooms. These are the primary keys issued to faculty and staff. Approval is from the Associate Vice President for Facilities Services.

Entrance Keys operate entrance doors to buildings, departments, or suites. Approval is from the Associate Vice President for Facilities Services.

File Keys are issued as requested to allow access to department files or personal office files, desks or cabinets.

Key Records

A Key record is maintained for each employee possessing a University key or access card. The information in the key system includes the employee’s name, job title, department and phone number. The system also lists the date the key is issued, the key code, access location, room numbers, employee’s signature, and dates of key/access card return.

Key Request Procedures

• Access to locked areas of the University is based upon need.

• Whenever possible, employees will be issued the minimum number of keys and access cards at the lowest level allowing access to their areas of assignment only.

• Students, Grad Assistants, and temporary employees will not be issued brass keys to academic buildings. Employees signing out keys for these individuals will be held responsible for the keys.

• Access cards may be issued if a student is enrolled in a program that requires card access i.e. Engineering, Health Campus Programs, CLAS.

• Grad Assistants may be issued access cards for the duration of their employment to buildings or spaces where they work.
All key requests must be submitted in the [KEY SYSTEM](#), which is available on the Facilities Services website.

Information in the [KEY SYSTEM](#) must be complete with proper supervisor or department approval. Incomplete requests will be denied. Proper justification must be provided for anything other than keys to specific doors.

Upon approval

**Allendale Campus:** Keys will be delivered to a designated office or can be picked up at the Central Utilities Building (CUB). The employee responsible for the keys/cards will use their university username and password to log in to the electronic key system to verify receipt and responsibility of the keys/cards.

**Grand Rapids Campuses:** The requestor will receive an email letting them know that the keys/cards are ready to be picked up at either the Facilities Services office located in the Bicycle Factory, Suite 350, or at the main desk of the Cook-DeVos Center for Health Sciences Building. The employee responsible for the keys/cards will use their university username and password to log in to the electronic key system to verify receipt and responsibility of the keys/cards.

**Regional Centers:** Keys/cards requested for regional center buildings will be delivered. The employee responsible for the keys/cards will use their university username and password to log in to the electronic key system to verify receipt and responsibility of the keys/cards.

When a key or access card is returned from an employee because the need no longer exists, the key record system will be updated with a return date. Upon termination of university employment, Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers will be notified by Human Resources.

The employee’s supervisor should follow up and direct the proper return of keys to Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers. These key changes are reflected in the key records and the file is closed.

**Under no circumstances are keys to be retained by the department and given to a new employee.**

**Contractors and Vendors - Special Key Issuance and Lost keys**

Vendors are issued temporary keys and access cards through the Facilities Services Allendale office or the Facilities Services Grand Rapids and Regional Centers office. Such keys and access cards are to be returned immediately upon completion of the contracted service or by 5:00 p.m. each day. Keys may be kept overnight with university manager approval.

In addition to the fee for a lost key, the responsible person/vendor accepts the responsibility to pay for the re-core of the building or buildings which the lost key was assigned to open. The cost of such a re-core may reach $10,000.00 or more depending on the size of the building and number of cores to replace. We urge all of our contractors/vendors to maintain custody of your keys and access cards at all times.

**Students and Temporary Job Assignments**

Students and temporary employees may have keys or access cards temporarily assigned to them for the duration of their shift and must return them daily. These are to be checked out through the Facilities Services Allendale office or the Facilities Services Grand Rapids and Regional Centers office and require supervisor’s permission. A driver’s license must also be presented and information will be recorded.

Employees receiving temporary job assignments may check out the appropriate building key from the Facilities Services Allendale office or Facilities Services Grand Rapids and Regional Centers office to work in the assigned area. (Example: custodians or maintenance personnel temporarily assigned to a different routine). These keys may be held for the duration of the temporary assignment and do not have to be returned daily.

**Key Check Out Procedures**

**Lock Box Keys** are issued to Facilities Services Allendale, Facilities Services Grand Rapids, Public Safety, Technology Services, and designated contractors only. This key allows access to key boxes that are located in designated buildings and contain a master key for that building. Lock Box keys are issued to designated individuals within these departments based on proof of need. These key requests must be approved by the Associate Vice President for Facilities Services.

**Allendale Campus:** Key and access card checkout is located in CUB for temporary checkout of keys and access cards. Identification (driver’s license) of the individual checking out the key as well as verification of need will be necessary.

**Grand Rapids and Regional Center Campuses:** Key and access card checkout for the Pew Campus and Regional Centers is located at the Bicycle Factory, Suite 350, for the temporary checkout of keys and access cards. Key and access cards for the Health Campus can be signed out from the main desk at the Cook-DeVos Center for Health Sciences. Identification of the individual checking out the key as well as verification of need will be necessary. Keys and access cards are to be returned daily by 5pm.

**LIGHTNING/SEVERE WEATHER POLICY - ATHLETICS**

SLT 6.14

**Date of Last Update:**

August 22, 2014

**Approved By:**

Senior Leadership Team

**Responsible Office:**

Athletics

**POLICY STATEMENT**

The safety of all participants and observers of athletic events is extremely important. Therefore, the Athletics Department has developed the following policy and chain of command in order to ensure the safety of both athletes and onlookers in the case of severe weather during an athletic event.

**PROCEDURES**

**Chain of Command**

The athletic trainer(s) present (most practices) in coordination with the game administrator and game officials are responsible for terminating an athletic activity in the event of lightning or other severe weather. During outdoor activities, a primary responsibility of the athletic trainer(s) is to have the ability to make sound decisions on environmental factors affecting the safety and well being of the athletes as well as others involved with the activity.

The certified athletic trainer will communicate with the game administrator, the head coach, and game official(s)/umpire(s) of the potential for lightning or severe weather and will make the recommendation that all activities stop or be suspended.

If the head coach is not present, the senior most member of the coaching staff will assume responsibility.

If an athlete proceeds with their outside activity against the recommendation of the individual in charge to seek a safe shelter, the athlete assumes all personal liability with regard to their safety and health.

If a coach or game official(s)/umpire(s) make the decision to continue to practice and/or continue with a game or other activity despite a Telvent weather warning, the cancellation of classes, and/or the verbal instruction by a certified athletic trainer or game administrator, they will be doing so against the recommendations of the Grand Valley State University Athletic Department and will be personally liable for any and all injuries.

**Severe Weather**

In the event of severe weather, the following measures will be taken by Grand Valley:

- The athletic training staff will check the weather daily prior to the practice or competition. Up-to-date weather reports will be obtained by using Telvent services.

- During outdoor practices and games, an early warning text message system from Telvent may be used to help determine the occurrence of and/or direction of lightning in the area. The weather reports and systems will be monitored for storms that may develop during practices and games.

- When an early warning text message system from Telvent has detected lightning or thunder has been heard, the athletic trainer in charge will monitor the direction of the early warning system. When the lightning is within an 8-mile radius of the venue, the activity will cease and a warning message with recommended safe structure will be given.

- Anytime the Meadows sirens are used to close the golf course, all athletic outdoor activities will be suspended.

- The certified athletic trainer will be responsible for notifying the head coach, official(s)/umpire(s) and game administrator (if present) of the lightning or severe weather. The certified athletic trainer will recommend play to be suspended at this time and shelter should be taken.

Any person who feels they are in danger of any lightning activity will have the right to leave the field or event site to seek safe shelter without fear of penalty or repercussion.
If play is suspended due to severe weather, everyone (including observers) should seek shelter in the designated “safe structures” (listed in Table A). A “safe structure” is defined as “any building normally occupied or frequently used by people, i.e., a building with plumbing and/or electrical wiring that acts to electrically ground the structure.” This structure does not include: shower facilities, baseball/softball dugouts, outside storage sheds, and canopies/awnings/tents. When in a “safe structure,” stay away from corded telephones, electrical appliances, lighting fixtures, ham radio microphones, electric sockets, and plumbing.

In the absence of a “sturdy, frequently inhabited building,” one may seek shelter in fully enclosed hardtop vehicles but should not touch the sides of the vehicle.

If no “safe structure” is available within reasonable distance, find a thick grove of small trees surrounded by taller trees or a dry ditch and assume a lightning safe position. A lightning safe position is one in which one is crouched on the ground with only the balls of the feet touching the ground, with their arms wrapped around the knees and head lowered. Do not lie flat on the ground. Stay away from the tallest trees or objects (i.e., light poles or flag poles), metal objects (i.e., fences or bleachers), individual trees, standing pools of water, and open fields. Avoid being the highest object in a field.

Any person who feels his/her hairs stand on end or skin tingle should immediately assume a lightning safe position.

Avoid using a landline telephone. Cellular phones may be used in an emergency situation.

**Resumption of Activity**

Play will resume thirty minutes following the last flash of lightning per the Telvent warning system. The certified athletic trainer will make this recommendation to the official(s) during an official game.

Blue skies and absence of rain are not protection from lightning. Lightning can strike up to ten miles from the rain shaft and it does not have to be raining for lightning to strike.

**Care of a Lightning-Strike Victim**

A lightning strike does not stay attached to the source therefore they do not carry an electrical charge. It is safe to touch the victim to move him/her to a safe location and to render medical treatment. Medical personnel should consider their own personal safety before venturing into a dangerous situation to render care.

Lightning-strike victims who show signs of cardiac or respiratory arrest need emergency help quickly. CPR and AED use should begin immediately. If necessary, prompt, aggressive CPR has been highly effective for the survival of victims of lightning strikes.

Victims should be assessed and treated for apnea, asystole, hypothermia, shock, fractures and burns.

Refer to the Safe Structures table.

If hiring negotiations require the need to exceed the maximum allowance, or an appointing officer wishes to extend a moving expense allowance to any other type of hire, the request must be approved in advance by the vice president of that division.

4. Effective January 2018, all moving expenses that are reimbursable to the employee are now considered a taxable fringe benefit and will be taxed accordingly upon payment (refer to tax code P.L. 115-97 Tax Cuts and Jobs Act.) The amount paid to the new hire is limited to and based on actual receipts. There shall not be either payment or reimbursement for the anticipated payroll taxes resulting from the moving expense reimbursement. Payroll taxes are the responsibility of the employee.

5. Reimbursement/payment must be made via a properly authorized Travel and Expense Reimbursement form prepared by the hiring department to which actual receipts and/or invoices must be attached. Only the reasonable costs of moving household goods and personal effects (including the expenses of packing and insurance) and the reasonable costs of transporting the employee and members of the employee's household (including lodging) from the old place of residence to the new place of residence are eligible for reimbursement/payment. Typical moving expenses normally eligible for reimbursement/payment include: payments to moving companies, truck or trailer rental charges, toll road fees, and gasoline cost for a rented or personal vehicle or mileage charges (at the current IRS moving rate) if an employee's personal vehicle is used.

While this is not an all-inclusive list, examples of typical expenses NOT eligible for reimbursement/payment are:

- Meals
- House hunting trips (and any other pre/post move trips)
- Selling expenses related to the old residence
- Expenses of purchasing the new residence
- Temporary living expenses
- Storage charges (except in-transit charges)
- Security deposits
- Moving expenses related to termination of GVSU employment

6. Upon review, approval and processing, moving expenses will be paid on the employee's next regular paycheck and the proper taxes will be withheld at that time.

7. An executive officer may grant exceptions to this policy in specific and unusual cases.

This information is subject to change without prior notice. Contact the Accounting Office at 616-331-2203 for questions regarding reimbursable expenses, and contact Purchasing Services at 616-331-2280 for assistance with contract movers.

Responsible Office:
Pew Campus Operations/ Allendale Facilities Services

POLICY STATEMENT

The following policy language is intended to promote the safety of the campus community, improve the comfort of faculty/staff, prevent physical damage to university facilities and conserve energy at Grand Valley State University.

PROCEDURES

Space Heaters:
The use of electric space heaters (or those fueled by other means) is strictly prohibited in any GVSU facility. Electric space heaters pose a safety risk and fire hazard by overloading building electrical circuits. They are also a very inefficient means of providing heat and often result in the discomfort of occupants in nearby offices or work areas.

Individuals who believe their work area is too cold (or hot) may contact Facilities Services (Allendale Campus) at extension 1-3000, or Operations at extension 1-6700 (Pew Campus & Regional Centers). A work order may also be submitted online at webtma.plant.gvsu.edu to request that their space be evaluated for temperature adjustments.

Other Personal Appliances:
The following appliances are also prohibited from being used in offices or other non-designated common areas at GVSU:

- Air conditioners
- Grills
- Coffee makers
- Crock-Pots
- Toaster ovens
- Toasters
- Mini Refrigerators
- Other small kitchen appliances
- Microwaves
- Other appliances that do not meet the intent of this policy

Many of these appliances are available to faculty/staff in designated break kitchens and lounge areas. If your department wishes to add an additional shared item to a break/lounge area, please contact the Operations Manager or Facilities Supervisor for your designated building to discuss its placement.

Exceptions:

Operations and Facilities Services will work to accommodate medical necessities, departmental events or other special conditions that may warrant an exception to this policy.

Responsibility:

Enforcement of this policy is the responsibility of departmental supervisors. Facilities Services and Operations staff will report unauthorized space heaters and other appliances discovered in the course of their work. The supervisor, chair, dean or director that is responsible for the area will be notified.

TRAVEL POLICY

SLT 6.18
POLICY STATEMENT

This document is designed to provide guidance to faculty and staff on University travel policies, regulations and procedures. These guidelines are in general terms and are not expected to cover every situation. For questions regarding policies, procedures or travel arrangements, call Procurement Services at 616-331-2280. For questions regarding travel and expense reimbursement, call the Accounting Office at 616-331-2203.

Policy Statement for Travel and Expense Reimbursement

University travel is defined as traveling to conduct business on behalf of the University. The following individuals are eligible for reimbursement of reasonable expenses while traveling on University business:

- University Board of Trustees, faculty and staff employees.
- Students in appropriate/approved circumstances and sponsored by a department.
- Guests invited for lectures, consulting, interviews, recruiting, and other special occasions, or those requested to travel for the University as specified in a contractual arrangement. For these circumstances, the sponsoring Division or Department will use Concur to submit the reimbursement for travel expenses.

Authorization

Travel approval and reimbursement authority may be delegated by Executive Officers to supervisory individuals within their Division. Delegation authority shall be in writing and updated annually. It is the responsibility of each prospective traveler to secure the appropriate approval for University travel from their Supervisor, Director, Department Head, Dean, or Executive Officer. Additional regulations may apply for travel associated with grant funding and international travel.

Supervisors, if designated, will have the authority to approve travel and expense reports for their direct reports up to $5,000. Additional approval from an Appointing or Executive Officer may be required for exceptions to travel policies. See the Travel and Expense Procedures for authorization details.

Travel Arrangements and Booking

Individual travel shall be booked via the Travel & Expense (T&E) system for reserving travel (air/lodging/rental cars). The University Travel Agent can assist with bookings for multi-leg trips, group/sports travel, and international travel.

Guidance and procedures relating to transportation modes, including rental cars and use of personal vehicles, lodging, conference fees, etc. are outlined on the Business & Finance website. See the Travel and Expense Procedures for details.

Charging Expenses

University faculty and staff, if issued a University Purchase Card (P-Card), shall charge all business and business travel expenses to their P-card. In the event a traveler does not have a P-card, the traveler may use a debit card issued to them through the Accounting office, request a Cash Advance through the Accounting office, or use personal funds/payment methods and request reimbursement. Note: Cash advances will only be allowed when all other forms of payment have been explored and been found unfeasible. See the Travel and Expense Procedures for details.

Meals

Meals, to the extent practicable, shall be charged to a University P-card. The GSA Per Diem meal rate, by locality, will be applied to each purchase. If the GSA rate is exceeded for any one purchase, the traveler will be responsible for reimbursing the University for the difference.

For authorized individuals only, alcohol may be purchased on the University P-card. See the Travel and Expense Procedures for further details regarding alcohol purchases.

If dining with a University guest along with a group of GVSU employees as part of a valid business purpose, group meals shall be paid using the University P-card and will be reimbursed at the GSA rate, by locality, per person. Exceptions to exceed the per diem rate must be approved by the Appointing Officer or Executive Officer. A receipt(s) and all attendees must be input into Concur Reimbursement for group meal reimbursement.

Expense Reimbursement/Reconciliation of P-Card

Expenses incurred on behalf of the University, whether through a P-Card or personal funds, must be approved by an individual’s authorized travel supervisor and submitted to the Business and Finance office through the University’s Travel and Expense system within 30 days of completion of travel. Unreconciled charges may be charged to the traveler’s department FDAP and may result in suspension of P-card and cash advance abilities.

Miscellaneous

The University will permit the benefits of airline/hotel/rental car rewards programs derived from travel paid for by the University to accrue to the traveler. This provision does not permit travelers to charge travel and booking arrangements with a personal method of payment when the University P-Card can be used.

Any violations of this policy will be dealt with in accordance with applicable University procedures which may include disciplinary actions and where appropriate, legal action. All complaints concerning the operation of UAS/MA over University Property should be referred to the Department of Public Safety. Users will also be subject to applicable Federal and State laws.

POLICY STATEMENT
GVSU Laker Store is dedicated to serving the students of Grand Valley State University with resources, which enhance the University’s mission and image.

PROCEDURES

Textbook Locations
GVSU Laker Store - Allendale carries the textbooks and supplies required for classes taught on the Allendale campus and for those taught in Holland and other “satellite” locations across the state. These are available online at http://lakerstore.gvsu.edu or by calling toll free at 866-299-0001.

GVSU Laker Store – Robert C. Pew Grand Rapids Campus carries the textbook and supplies for classes taught in Grand Rapids, including those at the Cook-DeVos Center for Health Sciences.

Other Merchandise
Both store locations offer a selection of GVSU imprinted clothing and gifts, greeting cards, leisure reading books, school supplies, and a full line of computers and accessories, including Apple products. The leisure reading department includes a faculty book section. Faculty who publish are encouraged to notify the GVSU Laker Store staff, and we will add the title to our inventory.

Discounts, Sales and Promotions
GVSU Laker Store attempts to maintain pricing policies that are reasonable, fair and consistent. As a result, the same pricing is made available to students, faculty and staff. Sales and promotions are announced in advance on the GVSU Laker Store website and the University bulletin board, in addition to flyers and posters across campus. The same promotions are made available at both store locations.

Merchandise Returns Policies
Textbooks may be returned for a full refund through the first week of classes with a valid receipt. Specific deadlines are announced each semester. Other merchandise can generally be returned within a reasonable period when accompanied by a valid receipt. Merchandise, other than textbooks, will be accepted for an exchange when no receipt is presented. Refunds for purchases paid with cash or check will be refunded in cash, while returns for credit card purchases will be credited to the card.

Book Sell Back
GVSU Laker Store conducts a daily textbook sell-back at both store locations. Generally, sell-back values increase near the end of each semester, and the majority of students sell their books during final exam week. Books that will be used at GVSU in the coming semester are purchased by the bookstore at 50% of the new book retail price until store quotas are met. Books that are not being used at GVSU may be purchased at 5-30% of retail price as long as they are current editions.

Textbook Orders
To insure the arrival of textbooks for the start of classes and to offer students an opportunity to sell their books at the end of the term, it is requested that faculty submit textbook orders by published deadlines. Textbook orders need to be in the bookstore by October 25 for winter semester, by February 25 for spring-summer semester, and by March 25 for fall semester. Requisitions may be submitted on-line in the faculty access section of the bookstore’s website at http://lakerstore.gvsu.edu.

For access information, please consult your department coordinator. When submitting a requisition, please provide accurate ISBN information to insure that the correct book is ordered. GVSU Laker Store staff also appreciate notification that “no books are required” for a class when appropriate.

Coursepacks
Faculty may choose to create coursepacks for sale through the bookstore. This may be done by working with a custom publisher, which manages copyright clearances and copying, or through the University’s Copy Center. In the latter case, faculty must perform copyright clearances themselves. Letters from publishers authorizing copying of materials, together with a complete and final version of the coursepack, should be forwarded to the appropriate bookstore location well in advance before the start of the semester. The textbook manager will arrange for copying, return the original to the faculty member, and place coursepacks on the shelf in time for the start of the semester.

Desk Copy Loans
Publishers will not honor requests for desk copy loans from bookstore personnel, so such requests should be made directly to the publisher. Faculty requiring a desk copy of an adopted textbook should contact their publisher representative for additional information.

Public Safety

POLICY STATEMENT

Grand Valley State University seeks to promote campus safety and to provide its community with a secure environment. Security video camera systems are a critical component to a comprehensive emergency and security plan. A security camera is defined as video technology that records a specific area in order to detect, deter, prevent, or investigate crime or other threats to public safety. The University takes seriously its responsibility to protect personal privacy when it operates security camera systems. No security camera will be installed on University owned or controlled property in any location for which there is a reasonable expectation of privacy. These areas include but are not limited to restrooms, locker rooms and occupied student residential rooms. This policy applies to stationary security cameras and not to portable or temporary camera applications.

This policy serves to regulate the installation and appropriate uses of security cameras, including the retention, viewing, release and destruction of recorded images, data or records produced by security camera use.

The existence of this policy does not imply or guarantee that security video cameras will be monitored in real time, continuously or otherwise, nor that any particular department is going to observe and respond to a crime in progress.

Video recordings with information about a specific student are considered law enforcement records unless the University uses the recording for disciplinary purposes or makes the recording part of the educational record. The Department of Public Safety, working in conjunction with the Information Technology Department has the authority to select, coordinate, operate, manage, and monitor all security camera systems pursuant to this policy.

PROCEDURES

Individual colleges, departments, programs, or organizations wishing to install security camera equipment on any of the University campuses are required to collaborate with Facilities Planning, Department of Public Safety and Information Technology prior to any installation. All equipment and installation must be approved and coordinated through the Department of Public Safety in order to meet the minimum technical specifications identified by the Department of Public Safety and Information Technology along with Information Technology for technical standards. All costs for purchase, installation, and maintenance of security cameras will be the responsibility of the appropriate project budget or the department/unit making the request.

Security Camera System Operator

Security Camera System Operators are trained staff members who have access and been assigned responsibility by the Department of Public Safety. Prior to being permitted access to any security cameras, these individuals will be trained by the Department of Public Safety in the technical, legal, and ethical parameters of appropriate camera use. The Department of Public Safety will maintain an up-to-date list of authorized Security Camera System Operators having access to the system and any live or recorded images. Access to viewing, copying, duplicating and/or retension of live, recorded video or still images will be limited to Security Camera System Operators.

Security Camera System Operators are responsible to appropriately protect the privacy of personal information that may have been captured by cameras under their control.

Recordings

Images recorded by security camera systems are considered sensitive information that are to be protected from unauthorized access for modifications, duplications or destruction. The stored images generated by University security cameras are to be kept in a central location and secured in a network location established by the Information Technology department.

Stored data may be released when it is related to any criminal investigation, civil suit, subpoena or court order, arrest, or to aid in a disciplinary proceeding against a student or personnel actions against an employee. Stored data needing to be retained as part of a civil or criminal investigation may be downloaded and retained by law enforcement personnel according to their individual department policies.

Internal requests to release stored data are to be authorized by the Director of Public Safety or designee(s).

All recordings will be re-recorded every 30 days unless there is a demonstrated business need, ongoing investigation, court order, or other bona fide use as approved by the Director of Public Safety or designee.

Monitoring

University security cameras are not monitored continuously under normal operating conditions but may be monitored for legitimate safety and security purposes that include, but are not limited to, the following:

- High risk areas, restricted access areas/locations, in response to an alarm, special events, and specific investigations authorized by the Director of Public Safety or designee(s).

Any person who tampers with or destroys video security equipment will be subject to criminal prosecution and/or campus disciplinary processes.

ENDOWMENT MATCH POLICY

SLT 8.2

Date of Last Update:
November 01, 2019

Approved By:
Senior Leadership Team

Responsible Office:
University Development

POLICY STATEMENT

To provide additional incentive for employees to support endowments the University provides a match equal to the amount of the employee’s gift up to $25,000. Gifts are defined as outright gifts, payments and sustainer payments. Gifts are matched the same year upon actual receipt of cash or similar monetary instruments.

PROCEDURES

The following criteria are to be followed:

Only contributions to named endowments will qualify for matching funds. Current and retired faculty and staff and their spouse’s contributions will be eligible for match. This definition excludes adjunct faculty and staff.

The available funds for matching will be limited to current year earnings of unrestricted endowed funds and undistributed interest earnings. Use of the general fund for employee gift matching is not permitted. If contributions eligible for match exceed available funding, the match will need to be reduced by an appropriate percentage for all gifts.

The match on one single gift is limited up to $25,000 per donor per year of the gift. Matching gifts over $25,000 requires a recommendation from the President and approval by the Chair of the Board of Trustee’s Finance and Audit Committee in consultation with the Vice President for Finance and Administration regarding funding availability.

The eligible contributions that are received during the calendar year will be matched in the following February. Any eligible gifts received after December 31st will be matched the following February.

FUNDRAISING POLICY

SLT 8.3
Gifts subject to this policy will be considered in four categories:

1. Cash
2. Life insurance
3. Tangible personal property
4. Other assets

The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift

An estimate of or appraisal of the gift's fair market value and marketability

Any potential University use and, if so, written review by the department to benefit from the asset

Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, etc.)

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the University.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of tangible personal property, the Development Officer will acknowledge receipt of the gift on behalf of the University. The University will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and provide, at the donor’s expense, a qualified appraisal required by the IRS in the case of gifts of tangible personal property valued in excess of $1,500.
appraisal required by the IRS in the case of gifts of tangible personal property valued in excess of $1,500. The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance acceptable to the University, and the delivery of the property, as applicable. The donor will pay all costs associated with the conveyance of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of tangible personal property valued at more than $500. The donor should send this form to the Gift Assistant for execution.

C. Disposition

Upon approval of a proposed gift of tangible personal property by the Vice President for Development, he/she will assign a University office the responsibility for disposing of the gift, unless the gift is intended for a specific University purpose, in which case no immediate disposition is necessary. Any guidelines on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the university office responsible for disposing of the gift.

Upon approval of a proposed gift, the Vice President for Business and Finance or his/her designee will identify a Fund and Organization Code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, a development code will be used as a holding account.

Until the property is sold or otherwise disposed of, the university office responsible for disposing of the gift will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift. The Vice President for Development must be consulted before a gift of tangible personal property may be sold for less than appraisal value, estimated fair market value, or guidelines imposed by University Development in approving the gift, as the case may be. If in the judgment of the person responsible for disposing of the gift, a current appraisal of the property would assist in disposing of the property, the person responsible for disposing of the gift may request the appraisal performed.

Upon sale of the property, the office responsible for disposing of the gift will prepare a final report on the property, including a financial summary of net proceeds to the extent known, and distribute it to the Vice President for Development, the Vice President does Business and Finance or his/her designee, and the designated representative of the department to benefit from the gift.

2. Real Property

The University will consider gifts of real property, both improved and unimproved (e.g., detached single-family residences, condominiums, apartment buildings, rental property, commercial property, farms, acreage, etc.), including gifts subject to a retained life estate, only after a thorough review of the criteria for acceptance set forth below under the direction and supervision of the Vice President for Business and Finance or his/her designee. A. Criteria for Acceptance

i. Market Value and Marketability: The Vice President for Business and Finance or his/her designee must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers must understand and communicate to donors that it is the University’s policy to dispose of all gifts of real estate (other than property which the University wishes to retain) as expeditiously as possible. Thus, regardless of the value placed on the property by the donor’s appraisal, the University will attempt to sell at a reasonable price in light of current market conditions, and the donor needs to be informed that any such sale occurring within two years of the date of gift will be reported to the IRS on Form 8283.

ii. Potential Environmental Risks: All proposed gifts of real property, including gifts from estates, must be accompanied by a Phase I environmental audit performed at the donor’s expense. The only copy of any title information in the possession of the donor, such as the most recent survey of the property, a title insurance policy, and/or an attorney’s title opinion, must be provided. B. Approval/Acceptance Process

- The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift

5. Acceptance and Disposition of Deferred Gifts
A. Deferred Giving
Development Services is asked to record various types of deferred gifts, the office is often asked to provide a description of the nature of such a gift, or explain how various types of deferred gifts should be
6. Charitable Remainder Trusts

Two basic types of charitable remainder trusts qualify for federal tax benefits. In both arrangements, a donor gives stock, cash, or other assets to a trust. Those assets are invested; producing income for the donor - or other beneficiary – either for a fixed period of time or until the donor dies. The donor is allowed to claim a tax deduction for the estimated portion of the assets that will ultimately go to charity. When the donor dies, the charity keeps all remaining assets. There are two types of remainder trusts:

A. Unitrusts
Under a basic unitrust, the donor receives one or more yearly payments equaling a fixed percentage of the value of the asset. The value is assessed each year. Under a net-income unitrust, the donor receives only the income earned by the trust, even if the trust earns less than the payout rate. However, the trust can be set up to include a “make-up provision,” which allows donors to make up the lost income, provided the trust earns more than the payout rate in future years.

B. Annuity Trusts
The donor receives a yearly fixed payment equaling at least five percent of the value of the asset at the time the deferred-giving agreement was signed. Donors who give real estate commonly use charitable remainder trusts. Real estate is not usually given through gift annuities and cannot be given to pooled-income funds.

Benefits to Donors: Donors can get income-tax deductions and escape capital-gains taxes by making such gifts. Many donors find the trusts an appealing way to prepare for retirement. The assets can be invested to earn a lower rate of return when the donor is younger and then shifted to earn a higher rate of return, and thus provide more income, during a donor’s later years.

C. Gift Annuities
Donors contribute cash, securities, or other assets to a charity. In exchange, they receive annual payments for a fixed amount of time. With a deferred gift annuity, the annual payments do not start until the gift is made; they begin at a time specified by the donor when the gift is made.

Benefits to Donors: Gift annuities are attractive to donors who want to receive income from assets that have risen sharply in value, such as cash or stocks. In return for gifts of such assets, the charity guarantees the donors a fixed annual income for the rest of their lives and helps the donor avoid capital-gains tax. The donor also gets an income-tax break on a portion of the earnings from an annuity; the exact amount depends on the donor’s age.

D. Pooled-Income Funds
The donor gives cash, securities, or other assets to a non-profit organization, which then invests those assets in a large, diversified portfolio. The donor receives income from the fund proportionate to the value of his or her contribution, as well as an income-tax deduction based on the estimated principal that will be left to the charity. Obtaining a “unit” in a pooled-income fund is similar to buying a share of a mutual fund.

Benefits to Donors: Life gift annuities, pooled-income funds appeal to donors who want to earn income on stock and other assets and escape capital-gains taxes. Unlike annuities, a donor’s income from a pooled-income fund is tied to fluctuating interest rates. That means that in the long run, donors may receive larger earnings than they do from annuities, but they can also do less well in the short term. As a result, the funds tend to appeal to younger people who are more often willing to take risks with their investments.

E. Charitable Lead Trusts
A charity receives the income from the donor’s assets for a specified time, after which the asset is transferred back to the donor or to the donor’s heirs.

Benefits to Donors: A lead trust can reduce gift and estate taxes or provide a charitable deduction for the donor. Charitable lead trusts are most appealing to donors who want to pass appreciated assets to their heirs without paying a substantial amount in taxes. The donor pays a gift tax on the asset when it is placed in to the trust; after that it can grow tax-free. At the end of the specified period, the asset is returned to the donor’s heir or heirs, who do not have to pay any additional taxes.

7. Deferred Gifts Policy of Grand Valley State University

In an effort to maintain continuity and consistency with deferred gifts to Grand Valley State University, the following policy has been established:

Gifts governed by this policy: All deferred gifts to the University, which are managed by Grand Valley State University or its agents, including but not limited to the following:

• Gifts establishing charitable remainder trusts
• Gifts to the pooled income funds
• Gifts purchasing charitable gift annuities
• Gifts funding charitable lead trusts

Gifts not governed by this policy: Deferrable gifts that do not require management; for example, gifts of personal residences or farms with retained life estate in donor and deferred gifts with are managed by trustees other than Grand Valley State University.

Benefit to Donors: Grand Valley State University has the option to serve as trustee of any deferred gift in which the University’s interest equals at least fifty-one percent of the total charitable interests. Usually the University prefers the use of a commercial trustee.

Payout rates: The payout rates offered to donors shall be competitive and determined in consultation with a Development Officer.

Value of Remainder: No deferred gift (except for deferred gift annuities) shall be accepted in which the value of the University’s remainder interest is less than twenty-five percent of the value of the assets transferred.

Minimum gift amounts: Grand Valley State University has the following minimums for acceptance of deferred gifts

• Charitable remainder trusts: Initial gift – $100,000
• Pooled income fund gifts: Initial gift - $5,000 Additional gifts - $1,000
• Charitable gift annuities: Initial gift - $10,000

Note: Gift annuities may not be offered to residents of states in which such contracts are considered to be insurance products or securities. Currently almost one-half of the states (including Florida, New York and California) classify these contracts as either insurance or securities. Because this list is constantly changing, approval should be obtained from the Development Office before discussions for this gift type are initiated.

Acceptable gift assets: The University will accept the following assets:

• Cash
• Publicly traded securities
• Real estate (subject to approval of the Vice President for Development)
• Other assets, such as closely held stock and partnership interests (subject to approval of the Vice President for Development.)

Valuation of gift assets: The University will follow applicable federal tax law.

Final approval, acceptance, and execution by the University: The Vice President for Development, in collaboration with the Vice President for Business and Finance or his/her designee must approve all documents.

All documents must be sent first to the donor for signature and then to the University’s Vice President of Business and Finance or his/her designee.

The Vice President of Business and Finance or his/her designee shall execute the documents on behalf of the University; and the documents shall be executed in duplicate and the originals distributed as follows:

• One original to donor
• One original to Vice President of Business and Finance or his/her designee
• Copies to the appropriate Development Officer

Responsible Office: Office for Title IX and Institutional Equity

POLICY STATEMENT

GVSU is committed to providing an educational environment, a workplace, programs, and activities that are free from all forms of harassment, discrimination, retaliation, and sexual misconduct. This policy prohibits all forms of harassment and discrimination under Title IX of the Education Amendments of 1972, 2020 Title IX Regulations (34 CFR § 106), Section 304 of the Violence Against Women Reauthorization Act of 2013 (VAWA), Title VII of the Civil Rights Act of 1964, and other applicable statutes, including the Elliott-Larsen Civil Rights Act; Michigan PA 453 of 1976. This policy prohibits a broad continuum of behaviors, some of which are not legally prohibited but which reflect GVSU’s standards and expectations for a positive working and learning environment.

GVSU values and upholds the equal dignity of all members of its community and strives to balance the rights of the parties in the grievance process during what is often a difficult time for all those involved. When an alleged violation of this policy is reported, the allegations are subject to resolution using GVSU’s "Process A: Grievance Process Under 2020 Title IX Regulations," "Process B: Grievance Process for Sexual Misconduct," or "Process C: Resolution Process for Discrimination & Harassment," as determined by the Title IX Coordinator, and as detailed in accompanying procedures.

Jurisdiction of this Policy

This policy applies to the education programs and activities of GVSU, to conduct that takes place on the campus or on property owned or controlled by GVSU, at GVSU-sponsored events, or in buildings owned or controlled by GVSU’s recognized student organizations.

This policy is also applicable to off-campus conduct where the effects of off-campus misconduct effectively deprive someone of equal access to GVSU’s educational programs or activities; and/or has continuing effects on campus or in an off-campus sponsored program or activity; and/or the Respondent poses an immediate threat to the physical health or safety of any student or other individual.

Prohibited Conduct Under this Policy

1. Sexual Assault: having or attempting to have sexual intercourse or sexual contact with another individual by force or threat of force, without consent, or where the person is incapacitated, as defined below:
   a. Sexual Contact: any intentional sexual touching, however slight, with any object or body part, performed by a person upon another person, and includes:

     i. Dating violence includes, but is not limited to, sexual or physical abuse or assault or the threat of such abuse or assault.
     ii. For the purposes of determining Intimate Partner Violence, whether the relationship is of a romantic or intimate nature is determined by a variety of factors, including: (a) the length of the relationship, (b) the type of relationship, and (c) the frequency of interaction between the persons involved in the relationship.
     iii. A relationship of a romantic or intimate nature means a relationship that is characterized by the expectation of affection or sexual involvement between the parties.

   a. Course of conduct means two or more acts, including but not limited to acts in which a person directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about another person, or interferes with another person’s property.

   d. Stalking includes "cyber-stalking," a particular form of stalking in which a person uses electronic media, such as the internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact. This policy prohibits all stalking, not just stalking that occurs within the context of a relationship.

4. Sexual Exploitation: taking non-consensual or abusive sexual advantage of another for their own benefit or for the benefit of anyone other than the person being exploited.
   Examples include, but are not limited to:

   b. Allowing third parties to observe private sexual activity from a (a) hidden location (e.g., closet), or (b) through electronic means (e.g., Skype or live streaming of images);
   c. Engaging in voyeurism (e.g., watching private sexual activity without the consent of the participants or viewing another person’s intimate parts (including genitalia, groin, breasts or buttocks) in a place where that person would have a reasonable expectation of privacy);
   d. Recording or photographing private sexual activity and/or a person’s intimate parts (including genitalia, groin, breasts or buttocks) without consent;
   e. Dissminating or posting images of private sexual activity and/or a person’s intimate parts (including genitalia, groin, breasts or buttocks) without consent;
   f. Knowingly exposing another person to a sexually transmitted infection or virus without the other’s knowledge;
   g. Arranging for others to have non-consensual sexual contact, as defined by this policy, with a non-consenting person.

5. Sexual Harassment: unwelcome or unwanted conduct of a sexual nature whether verbal or nonverbal, graphic, physical or otherwise, where Quid Pro Quo is present and/or rises to the level of creating a hostile environment.
6. Gender-Based Harassment: unwelcome or unwanted conduct based on gender, sexual orientation, transgender, gender non-conforming, transiting, gender identity, or gender expression that may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve conduct of a sexual nature, where Quid Pro Quo is present and/or rise to the level of creating a Hostile Environment.
   a. Transgender is an umbrella term that can be used to describe people whose gender identity and/or expression is different from their sex assigned at birth.
   b. Gender non-conforming describes people who have, or are perceived to have, gender characteristics and/or behaviors that do not conform to traditional or societal expectations.
   c. Transition/Transiting is the process of changing one’s gender from the sex assigned at birth to one’s gender identity.
   d. Gender Identity is a personal, internal sense of oneself, as for example, male, female, both, or neither.
   e. Gender Expression is the external appearance of one’s gender identity, or how one represents one’s gender through hair style, clothing, mannerisms, etc.

7. Discriminatory Harassment: conduct on the basis of that person’s actual or perceived membership in one or more of the protected classes listed below, that could reasonably be understood as having the purpose or effect of creating an intimidating, hostile, or offensive environment; having the purpose or effect of unreasonably interfering with an individual’s work performance or access to educational activities and programs; adversely affecting an individual’s employment opportunities or access to educational activities and programs.
   a. Protected Classes are age, color, disability, familial status, gender, gender expression, gender identity, gender non-conforming, height, marital status, national origin, political affiliation, race, religion, sex, sexual orientation, transgender, transiting, veteran or active duty military status, or weight.

8. Retaliation: taking or attempting to take materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual: reported an incident of prohibited conduct under this policy, participated in a grievance process related to this policy, supported an impacted party, assisted in providing information relevant to an investigation, and/or acted in good faith to oppose conduct that constitutes a violation of this policy.

Acts of alleged retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. GVSU will take all appropriate and available steps to protect individuals who are concerned that they may be subjected to retaliation.

The exercise of rights protected under the First Amendment does not constitute retaliation.

a. Retaliation under Title IX also includes:
   Charges against an individual for conduct violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

Charging an individual with a conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy and procedure does not constitute retaliation, provided that a determination regarding responsibility, alone, is not sufficient to conclude that any party has made a materially false statement in bad faith.

9. Title IX and Sexual Misconduct
   a. Title IX defines sexual harassment as conduct on the basis of sex that satisfies one or more of the following:
      i. An employee of GVSU conditioning the provision of aid, benefit, or service of GVSU on an individual’s participation in unwelcome sexual conduct;
      ii. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to GVSU’s education programs or activities; or

1. When evaluating responsibility for alleged Prohibited Conduct, GVSU considers the presence or absence of the following:
   a. Consent is affirmative, informed (knowing), voluntary (freely given), and clearly communicated by word or action.
      i. Consent can be withdrawn once given, as long as the withdrawal is reasonably and clearly communicated. If consent is withdrawn, that sexual activity should cease within a reasonable time.
      ii. When evaluating whether the Complainant has given consent, GVSU will also consider the presence of physical violence, threats, intimidation, and/or coercion.
      iii. Both parties may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity.
      iv. Consent cannot be obtained by taking advantage of the incapacitation of another, where it was known, or reasonably should have been known, that the other was incapacitated.
         a. Incapacitation is such that the person incapable of self-care and protection and occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give informed (knowing) consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).
      v. Incapacitation could be the result of alcohol, other drugs, sleep or unconsciousness, a temporary or permanent physical or mental health condition, or involuntary physical restraint.
   b. GVSU Pro Quo is unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature made by a person having power or authority over another constitutes sexual harassment when submission to sexual conduct is made either explicitly or implicitly a term or condition of rating or evaluating an individual’s educational or employment progress, development or performance. This includes when submission to such conduct would be a condition for accessing the benefits of any educational or employment program.
   c. Hostile Environment is sufficiently severe, or persistent or pervasive, and objectively offensive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from GVSU’s education or employment programs and/or activities.

   Required Reporting
   When a Mandatory Reporter (as defined below) is notified of sexual misconduct, including sexual assault, stalking, intimate partner violence (dating/domestic violence), sexual exploitation, sexual harassment, or gender-based harassment, they must immediately report the information to the Title IX Coordinator. Following the filing of the report with the Title IX Coordinator, the Mandatory Reporter will keep all information they receive private. • Individuals serving in any of the positions described above on an acting or interim basis.

Failure of a Mandatory Reporter, as described above in this section, to report an incident of which they become aware is a violation of this policy and can be subject to disciplinary action.

CONSENSUAL RELATIONSHIP POLICY

SLT 9.2

Date of Last Update:

Approved By:
Senior Leadership Team

Responsible Office:
Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT

Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Article I. Purpose

The University’s goals are to maintain a positive work environment and a climate conducive to learning for students. The unequal institutional power inherent in academic and work relationships may heighten the vulnerability of those in subordinate positions. Accordingly, individuals holding positions of authority at the University must be aware of and sensitive to the potential conflict of interest, ethical concerns, and issues of sexual harassment that may occur in consensual relationships. Specifically, the parties to a consensual relationship must be aware that such relationships can create in co-workers and students perceived and real conflicts of interest. These relationships also create an environment of fear of unfair treatment in terms of promotions, grades, professional and/or educational opportunities, etc. This Policy outlines expectations for institutional and individual conduct that apply to all University faculty and staff members and students.

Article II. Consensual Relationships

Consensual romantic and sexual relationships between faculty and their students or between supervisors and their subordinates are inappropriate. Individuals should be aware that these relationships may create a perception of favoritism while the relationships continue. These relationships may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change and the conduct that was previously welcome may become unwelcome. If a sexual harassment complaint is subsequently filed, the argument that the relationship was consensual will be evaluated in light of the power differential in determining whether the University’s Anti-Harassment Policy has been violated. Under these circumstances, it will be extremely difficult to use mutual consent as a defense.

Consensual Romantic or Sexual Relationships between Faculty/Staff and Students. A faculty or staff member who has educational, supervisory, evaluation, advising, coaching, or counseling responsibilities for students shall not assume or maintain those responsibilities for a student with whom the faculty or staff member has engaged in romantic or sexual relations, even if such relations were consensual. Whether such romantic or sexual relationships predate the assumption of educational, supervisory, evaluation, advising, coaching, or counseling responsibility for the student, or arise out of the educational relationship, the faculty or staff member shall immediately disclose the romantic or sexual relationship to his or her Unit Head or supervisor, who shall promptly arrange alternate oversight of the student.

Consensual Romantic or Sexual Relationships between Supervisors and Subordinates. If a romantic or sexual relationship exists or develops between a supervisor, manager, or administrator and an employee for whom he or she has professional responsibility, the individuals involved in the relationship must promptly consult the next highest level of supervision (e.g., a supervisor, department head, Vice President, Dean) to determine whether arrangements can be made to eliminate all conflicts of interest. If such arrangements can be made that do not disadvantage the subordinate and are acceptable to the supervisor, manager, or administrator, they must be documented, and ensure that the supervisor does not hire, supervise, advise, evaluate, or otherwise directly influence the subordinate’s employment. Relationships between supervisors, managers, or administrators and their subordinates are prohibited when the working relationship is such that it is not possible to eliminate the conflicts of interest. Students employed by the University who supervise other student employees are covered by this section.

Consensual romantic or sexual relationships between students. Complaints concerning relationships between students are governed by the GVSU Student Code.

Article III. Disciplinary Actions

Disciplinary action will be taken against faculty or staff members who violate this Policy, either by entering into or engaging in a sexual relationship with a student or subordinate for whom he or she has educational, supervisory, evaluation, advisory, coaching, or counseling responsibilities or by failing to report such relationship or failing to cooperate in making alternative arrangements.

Article IV. Confidentiality

Confidentiality of the disclosure of consensual romantic or sexual relationships will be observed to the extent permitted by law and that is consistent with protecting the welfare of faculty, staff, and students and the interests of the University.

DISABILITY ACCOMMODATION POLICY FOR FACULTY AND STAFF

Inclusion and Equity

POLICY STATEMENT

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all faculty, staff and students with access to the University’s programs, services, events and activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers. University faculty or staff members who are persons with a disability are not required to identify themselves as persons with a disability or to request an accommodation. However, the University cannot accommodate an individual who does not inform the University of the existence of a restrictions or needs. This Policy outlines expectations for institutional and individual conduct that apply to all University faculty and staff members and students.

PROCEDURES

The Disability Support Resources Accommodation Process

To request an accommodation, a University faculty or staff member must:

A. Self-identify as a person with a disability by application to the Disability Support Resources office (DSR). It should be noted that The University conducts a survey of faculty and staff for statistical purposes and this does not constitute a method of self identification consistent with this policy. If a faculty or staff member requests an accommodation, the supervisor/unit administrator should refer the faculty or staff member to the DSR or its web site at http://www.gvsu.edu/dsr/

B. Provide documentation of the disability; and

C. Indicate in the application to the Disability Support Resources office, his/her need for accommodation and provide supporting medical documentation from an appropriate professional. If requested by the Disability Support Resources office, the medical professional must have first-hand knowledge of the condition and a familiarity with the physical, emotional and cognitive demands of the disability.

Once an application has been submitted to the DSR, a DSR advisor will review the application and may contact the faculty or staff member who submitted the application. The advisor will contact the supervisor/unit administrator and discuss whether an accommodation is warranted, explore possible accommodations, and assess the effectiveness each would have in enabling the faculty or staff member to...
Nothing in this Policy, however, exempts a student from meeting course requirements or completing assignments. The faculty member may respond appropriately if the student fails to satisfactorily complete time-consuming than the original exam or assignment.

If a faculty or staff member or supervisor/unit administrator disagrees with the DSR determination, the decision may be appealed to the Vice President of Inclusion and Equity, in writing to:

Vice President of Inclusion and Equity
4035 James H. Zumberge Hall
Allendale, MI 49401
Office number: (616) 331-3296

Retaliation
Retaliation against a faculty or staff member who requests an accommodation is prohibited. Individuals who feel that they have experienced retaliation may contact the Division of Inclusion and Equity.

Religious Inclusion Policy

POLICY STATEMENT
Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Purpose
Many University students, staff, and faculty observe religious traditions from a variety of religions. This Religious Inclusion Policy ("Policy") acknowledges the right of students, staff, and faculty to engage in religious observances. The University is committed to accommodate the exercise of that right.

The University acknowledges that conflicts in scheduling mandatory academic requirements and employment obligations with religious observances are inevitable. Although the University does not observe religious observances. The University is committed to accommodate the exercise of that right.

The University acknowledges that conflicts in scheduling mandatory academic requirements and employment obligations with religious observances are inevitable. Although the University does not observe religious holidays, it recognizes that there are a number of religious holidays that affect a significant number of our students, staff, and faculty. This Policy is intended to provide clarity to students, staff, and faculty who seek accommodation to practice their faith.

PROCEDURES
Accommodations
Grand Valley State University will make a reasonable effort to allow its students, staff, or faculty to be away from work or a class to observe their religious beliefs, except where accommodating the request would result in undue hardship on the University in its mission, operation, or in meeting its academic standards. The University provides quiet areas for student, staff, and faculty reflection, meditation, and prayer.

A list of these quiet areas may be found on the Inclusion and Equity webpage. Faculty should be sensitive to the observance of religious holidays so that students who miss classes to practice their faith are not disadvantaged. A list of religious holidays is found on the Inclusion and Equity website. Please note that this list is meant to be inclusive of most major religious traditions (although certainly not comprehensive), and that religious holidays have no official status at the University.

Faculty should make every effort to avoid scheduling examinations or assigning work that is due on religious holidays. Some religious holidays begin at sundown on the evening before the published date of the holiday. Consequently, faculty should avoid scheduling late afternoon exams on these days.

Faculty shall not penalize any student who has properly notified the faculty member by complying with the Request Accommodation Procedure for his/her absence in classes, examination, or assignments. Faculty should accept a student’s claim of a scheduling conflict on religious grounds at face value. If class attendance is required by the faculty member, classes missed to observe a religious holiday may not be counted as an absence.

Faculty must provide a reasonable opportunity for such a student to make up missed assignments and examinations within a reasonable time period before or after the student’s absence, provided the student has properly notified the faculty member by submitting a Request Accommodation Form. Faculty must give the student the opportunity to do appropriate make-up work that is no more difficult or time-consuming than the original exam or assignment.
Nothing in this Policy, however, exempts a student from meeting course requirements or completing assignments. The faculty member may respond appropriately if the student fails to satisfactorily complete the make-up assignment or examination.

Further, when scheduling university events and activities, such as Family Weekend, Commencement, Convocation, and University sponsored conferences, planners should consult the list of religious holidays on the Inclusion and Equity website before selecting the date and time to ensure inclusiveness.

Religious Accommodation Procedure
All requests for accommodation for religious observance should be made in the following manner:

Students: Faculty should inform students of all examination dates and assignment deadlines at the start of each semester in the class syllabus. If a conflict with a religious observance exists, students must request a religious accommodation from their faculty within the first two weeks of each semester or as soon as reasonably possible after the instructor announces a particular mandatory class, examination, or assignment so that alternative arrangements can be made for any class, examinations, or assignments missed. If an accommodation is needed within the first two weeks of the semester, the student must provide the faculty member with reasonable advance notice of the need for accommodation. Requests for accommodation must be made through a Religious Accommodation Form, which may be found at the Dean of Students Office, the Office of Affirmative Action or under “Forms” at www.gvsu.edu/inclusion. It is the student’s responsibility to provide faculty with reasonable notice of the need for accommodation and the timing of the notice may be taken into account in determining whether granting the request would create an undue hardship. The faculty member and the student should discuss and agree upon what would constitute a reasonable accommodation in each given case. If the student and faculty member agree upon an accommodation, the accommodation must be carried out and disclosed on the Religious Accommodation Form. The completed Religious Accommodation Form shall be filed by the faculty member in the Dean of Students Office.

If the student and faculty member cannot agree on an accommodation, either party may bring the matter to the Unit Head to determine the accommodation. Either party may appeal the Unit Head’s decision to the Dean, who will make a final binding decision.

Where a student has obligations to a placement site (e.g. internships), that student must also work out arrangements with the placement site to make up for missed responsibilities or duties. Staff: The use of vacation and personal leave is governed by the staff member’s respective Board of Trustees’ Policies, Staff Handbook, or Collective Bargaining Agreement. Vacation days requested for the express purpose of religious observance will not be unreasonably denied by the staff member’s supervisor if the staff member has accrued vacation leave or is eligible for personal leave and the granting of leave or vacation time will not result in undue hardship for GVSU.

Faculty: The use of vacation and personal leave is governed by the Faculty Handbook. Requests by a faculty member for leave for religious accommodation, however, shall be considered under this Policy if the faculty member has made arrangements for any missed classes and the granting of the leave will not result in undue hardship for GVSU. Faculty that miss class time due to a religious observance must make alternate arrangements for that time with his or her Unit Head. If the Unit Head denies the request, the faculty member may appeal to the Dean, who will have final decision authority over the request.

Nothing in this Policy exempts a GVSU faculty or staff member from fulfilling their job responsibilities.

Confidentiality
Although discretion will be exercised, a guarantee of confidentiality or anonymity cannot be made because the determination of a reasonable religious accommodation will involve discussions with other parties. Information about the request for religious accommodation will be revealed only as the deliberation process requires. Discretion will be observed to the extent permitted by law and that is consistent with protecting the welfare of the students, staff, and faculty and the interests of the University.

Retaliation
Any attempt to retaliate against an individual who files a religious accommodation request or otherwise utilizes this Policy is prohibited.

WEB ACCESSIBILITY POLICY
SLT 9.7
Date of Last Update: November 12, 2018

Senior Leadership Team

Responsible Office: Equity, Planning, and Compliance Unit

POLICY STATEMENT
Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all students and staff with equitable access to the University’s programs, services, events and staff development activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers to our websites or to provide equally effective alternative access.

This policy establishes minimum standards for the accessibility of web-based information and services considered necessary to meet the University’s goals and ensure compliance with applicable law. The University has assigned web accessibility responsibilities to its Americans with Disabilities Act Coordinator and Web Manager, or their designees. This policy applies to all official web pages and associated web-based services developed by or for a college, school, department, program, or unit of the University. The University will ensure that new online content and functionality developed, procured, or used will be fully accessible to individuals with disabilities. This action will include any staff training that may be necessary to ensure full implementation of this policy.

All new web pages published by any University college, school, department, program, or unit on or after the effective date of this policy must conform to WCAG 2.0 Level AA Technologies Accessibility Standards and this policy.

For existing online content, the University has: developed a strategy for identifying inaccessible content and functionality for individuals with disabilities; developed a notice to person with disabilities regarding how to request that the University provide access to online information or functionality; prominently posted this notice on its home page and throughout its website; and developed a process to ensure that, upon request, inaccessible content and functionality will be made accessible in an expedient manner. Each web site must contain a link to report accessibility issues, or to request an accessible version, should users have trouble accessing content within the site. This would usually be the site administrator or content author.

PROCEDURES
Training
Accessibility training will be provided and required of all faculty, staff and other authorized representatives prior to being given access to manage any online content through the Content Management System (CMS) or through remote access to a web server (FTP, SFTP, SSH, etc.). This training will help content administrators produce accessible content, and assess and correct content that may be inaccessible. All content administrators will be required to attend Accessibility Training on an annual basis as long as they manage online content.

Enforcement
If necessary, at the discretion of the Web Accessibility Coordinators or their designees, some or all non-compliant portions of the web pages and resources may be taken offline, or brought into compliance by designated staff or contractors.

Purchasing of Outside Content
All web based content and systems, whether developed internally or obtained from third-parties that the University chooses to make available, is expected to conform to accessibility standards set forth in this policy. Accessibility of these technologies should be verified by University staff with demonstrated ability in accessibility evaluation. This verification process should be accomplished through hands-on evaluation of the product, prior to purchase.

When evaluating third-party products, it is advisable to choose the most accessible product in the space. However, not always will there be accessible choices, or the most accessible choice may not align with other dominant selection criteria. In cases where a product with limited accessibility has been purchased, interim, equivalent accommodations documented in an approved ADA exception should be in place until the service can be made accessible.

POLICY

“Grand Valley is committed to strengthening our living, learning, and working environment by recognizing and removing the barriers to full participation and providing a safe, inclusive, vibrant community for all.” — Inclusiveness core section of the University’s Strategic Plan

Grand Valley State University is committed to being a safe and healthy environment for all. This includes students, faculty, staff, and campus visitors, especially those who are minors. As a public university open to everyone, the University welcomes children and teenagers on our campuses for a variety of programs and activities planned by the University or by outside organizations. In all situations, adults are expected to be positive role models for minors, acting in a respectful and responsible manner consistent with the mission and values of the University. To promote this vision, the University publishes and enforces policies, procedures, and guidelines that have the goal of promoting health, safety, and security for minors on our campuses.

“Minors” are persons under the age of eighteen (18), and the term “Minor,” “Minors,” “Child,” and “Children” are used interchangeably in this policy. Further definitions may be found below. This policy addresses the following situations:

• A Minor will be physically present and participating in a University-sponsored program or activity, or assist them in any way in gaining access to such materials. The one exception would be legitimate sexual education Programs in which the Minor's Parent/Legal Guardian/Foster Parent have given prior written consent.

POLICY STATEMENT

I. Requirements of Programs that Involve Minors

Programs are typically workshops, sports camps, academic camps, conferences, and similar activities. Some activities that are exempt from Section I can be found in Sections III-V.

A. Sponsoring Unit offering or approving a Program that involves Minors or provides University housing for Minors participating in a Program, whether utilizing University housing or not, shall abide by the following:

1. Waiver or release forms: participation, medical treatment, use of photographs and other media. All Minors participating in a University Program must provide a waiver or release form for participation in the program, medical treatment authorization, and use of photographs and other media by the University. This can be one form or several, and all forms must be signed by a Parent/Legal Guardian or Foster Parent prior to their participation in a Program.

2. Behavior of Minors on Campus. Minors are to be held to the same standards of behavior expected of enrolled students, as described in University policies.

3. Information maintained by Programs. All Programs shall maintain an up-to-date list of all Program times and dates, locations, attendance information (names, ages and emergency contacts for Program participants) of all Authorized Adults, documentation of their training (Item #5 below) and background check (Item #6 below) for the Program; and a Program contact, so that in the event of an emergency, appropriate measures may be taken. All Programs must establish a procedure for the notification of a Program Participant’s Parent/Legal Guardian/Foster Parent in the case of an emergency, which might include medical or behavioral issues involving the Minor, or changes in the Program due to unforeseen and significant disruptions. Parents/Legal Guardians/Foster Parents must also be given contact information in a manner in which the Program Participant can be contacted while the Program is in session. All information, including release forms, shall be retained by the Sponsoring Unit for five years after the Program ends.

4. Supervision of Minors. All Programs must provide adequate supervision of Minors while they are on Campus. One-on-One Contact with Minors is discouraged, unless in public spaces. In general, it is required that two or more Authorized Adults be involved in activities where Minors are present. Parents/Legal Guardians/Foster Parents may sign a waiver giving consent for their Child to be alone with an Authorized Adult. (For example, if music lessons are being provided by an adult instructor.) Exceptions in rare circumstances may also be granted (see below).

5. Training of Authorized Adults. Each Authorized Adult, who is not the Minor’s Parent, Legal Guardian, Foster Parent or an adult designated by the Parent or Legal Guardian, who will be participating with Minors in a Program, shall complete training in the conduct and reporting of any violations of this policy. This training is given to maximize the protection of Minors from abuse of any kind. The appropriate vice president, dean, unit head, or area director may enhance and/or supplement the required training Program to meet specific needs of the particular Program involved. Documentation that the Authorized Adult has been trained should be maintained by a designated and identified member of the Program’s Sponsoring Unit for five years.

8. Checks of Authorized Adults. All Authorized Adults must complete and submit the Authorization for Release of Information for Background Check form to Human Resources. Background checks must be completed every five years. (See also PC 6.20.0,7. Volunteers Policy, for Authorized Adults who are not University employees.)

7. Procedures for release of Minors. All Programs must establish a procedure for the pick-up and drop-off of Program Participants, specifying times and locations. The Authorized Adult(s) overseeing the pick-up and drop-off of Program Participants shall remain at the specified location until all Minors have been released. If a minor is not picked up, the Authorized Adult(s) will contact the parent or guardian, the program director and finally, Grand Valley Department of Public Safety if needed.

In rare circumstances, strict adherence to this policy's requirements may not always be feasible or be the best practice for managing risk. If a Program can justify an exception in consultation with and with approval from Human Resources, or, when appropriate, obtain written consent by the Parent/Legal Guardian/Foster Parent for the parameters applicable to the Program, certain requirements under this policy may be waived. Such waivers will be considered on a case-by-case basis.

II. Conduct Requirements of Authorized Adults

All Authorized Adults, participating in Programs and activities covered by this policy, should be positive role models and act in a caring, honest, respectful, and responsible manner. They are required to comply with all applicable laws and University policy. In addition, at all times, they shall:

1. In general, avoid One-on-One Contact with Minors, unless in public spaces. Two or more Authorized Adults must be involved in Programs where Minors are present unless a waiver has been signed or an exception has been granted.

2. Have separate accommodations from the Minors. An Authorized Adult should not have One-on-One Contact with an Minor’s room, bathroom facility, or similar area without another Authorized Adult in attendance.

3. Not take photographs or digital images of Minors other than specified in the waiver for photography (see Section I.1).

4. Not engage in private communication not pertaining to Program matters with a Minor by email, telephone, text message, social media, or any other method at any time, except when there is a clear educational purpose and the communication is related to the mission of the University.

5. Not meet with Minors outside of established times for Program activities. Any exceptions require written Parent/Legal Guardian/Foster Parent authorization and must include more than one Authorized Adult from the Program.

6. In the presence of a Minor or during any University Program, not engage in any sexual activity or romantic conversations, or sexually explicit comments.

7. Not possess, have within reach and/or share sexually-oriented or other materials (magazines, cards, videos, films, clothing, computer programs, etc.) in any form available to Minors in Programs or activities covered by this policy or assist them in any way in gaining access to such materials. The one exception would be legitimate educational Programs in which the Minor’s Parent/Legal Guardian/Foster Parent have given prior written consent.

8. Not engage in abusive conduct of any kind toward or in the presence of a Minor. For example, no Authorized Adult shall strike, hit, administer corporal punishment or touch in an abusive or illegal manner any Minor. If necessary, touching should only be in the open, in response to the Minor’s immediate physical needs, for a purpose that is consistent with the Program’s mission and culture, or for a clear educational, development, safety, or health-related purpose (i.e., treatment of an injury).

9. Not possess firearms, fire arms, knives, or other weapons, unless being used for an officially sanctioned and approved instructional Program. (See also the Weapons policy [PC 6.47].)

10. Not touch Minors, except as specifically authorized by writing by the Minor’s Parent/Legal Guardian/Foster Parent, or in the case of an emergency.

11. Not engage in the use of alcohol or illegal drugs, or be under the influence of alcohol or illegal drugs, during such Programs or activities. (See also the Alcohol and Other Drugs policy [PC 5.4].)

12. Respect and adhere to any resistance from the Minor unless it is a life-threatening emergency.

13. Not continue to participate in Programs or activities if an allegation of prohibited or illegal conduct has been made against an Authorized Adult covered by this Policy until such allegation has been investigated and a determination has been made.
DEFINITIONS

1. “Authorized Adult” is an individual, age 18 and older, paid or unpaid, who supervises, chaperones, or otherwise works with Minors in Program activities, or recreational, and/or residential facilities. This includes but is not limited to faculty, employees, student employees, staff, volunteers, graduate and undergraduate students, interns, teachers, employees provided by temporary agencies, third-party hosts, and independent contractors/consultants. The role of Authorized Adult may include positions such as counselors, chaperones, coaches, instructors, and other similarly situated persons. Temporary guest speakers, presenters and other individuals who have no direct contact or only incidental contact with Program Participants, other than as short-term activities supervised by Program staff, are not considered Authorized Adults but are still expected to conform to the conduct requirements in Section III of this policy.

2. “Campus” includes all domestic real property owned or leased by the University and can include any of its campuses.

3. “Parent” is the natural Parent or adoptive Parent as recognized under the law, of a Minor child whose parental rights and responsibilities have not been terminated under applicable law. “Legal Guardian” is any person appointed under applicable law to have the care and management of the person, the estate, or both of a Minor. “Foster Parent” is a person appointed by the court to temporarily provide the care and management of the minor child.

4. “One-on-One Contact” is personal, unsupervised interaction between any Authorized Adult and a single Program Participant Minor without at least one other Authorized Adult, Parent or Legal Guardian being present. Unless in public spaces, such contact is to be avoided by all adults on Campus, whether considered an Authorized Adult under this policy or not.

5. “Program” or “Programs” are programs and activities offered by various academic or administrative units of the University, whether on University property or not, that potentially will include Minors as Program Participants. This includes but is not limited to workshops, sports camps, academic camps, conferences, and similar activities.

6. “Program Participants” are Minors who are involved in Programs as part of the experience and (2) are supervised by a third party. This also includes Off-Campus events in which registered student organizations participate with third-party organizations.

7. “Sponsoring Unit” is the academic or administrative unit of the University that offers a Program or gives approval for housing or other use of facilities.

POLICY STATEMENT

Pursuant to Grand Valley State University Board of Trustees’ Policies BOT 10.2 approved by the Board of Trustees, the President has designated that legal services be coordinated through one administrative office, the Division of Legal, Compliance and Risk Management. All legal services for Grand Valley State University shall be provided through the Division of Legal, Compliance & Risk Management, either by its legal staff, by outside counsel retained by this Division or both. All requests for legal services on behalf of the University must be directed to this Division. The Division of Legal, Compliance and Risk Management provides legal counsel and assistance exclusively to Grand Valley State University representatives regarding University matters. Personal legal advice or representation with regard to a personal matter should be privately retained and paid for by other than University funds.

FREEDOM OF INFORMATION ACT POLICY

SLT 10.3

Date of Last Update: June 03, 2019

Approved By: Senior Leadership Team

Responsible Office: Office of General Counsel

POLICY STATEMENT

Section 1 of the Michigan Freedom of Information Act ("FOIA" or "the statute") provides, "It is the public policy of this state that all persons, except those persons incarcerated in state or local correctional facilities, are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees, consistent with this act. The people shall be informed so that they may fully participate in the democratic process."

(1) To that end, all people, excluding prisoners, are allowed to file FOIA requests with a Grand Valley State University (the "University"). A requester must simply file a request in writing with the University’s FOIA Coordinator, and the University will begin processing his or her request.

(2) Each request must include the requesting person’s complete name, address (in compliance with United States Postal Service addressing standards), and either a telephone number or email address.

(3) The University, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.
If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options.

A fee deposit will be required when processing a request that will require significant University employee time and resources. The University will notify the requester of the estimated cost and provide a non-binding, best efforts estimate of the time it will take to complete the processing of the request. It is possible that after further processing of the request, the University will determine that the cost of processing the request is significantly less or greater than the estimated cost. If that is the case, the University will notify the requester to allow the requester to determine whether and how he or she wants to proceed with the request.

After the University receives a required deposit, it will make every effort to provide the requested documents within the time estimate provided. Requesters must understand, however, that at any given time, the University is processing multiple requests and cannot devote all of its time to one particular request.

If a requester feels that he or she was wrongly denied responsive documents, he or she may appeal to the Head of the Public Body, which for the purposes of these Procedures and Guidelines is the Vice President and General Counsel, or file a civil action. If a requester believes that the University has required a fee that exceeds the amount permitted under the Procedures and Guidelines, he or she may file a civil action. Requesters are also always free to contact the FOIA Coordinator at 616-331-2067 or foia@gvsu.edu with any questions about the processing of their requests. Detailed Procedures and Guidelines follow.

**PROCEDURES**

1. **How to submit a FOIA request to the University**
   a. A FOIA request must be submitted in writing to the FOIA Coordinator in the Office of General Counsel. The request may be transmitted in hard copy, by email, or by facsimile.
   b. The University’s FOIA Coordinator address is 4068 James H. Zumberge Hall, Grand Valley State University, Allendale, MI 49401. The email address is foia@gvsu.edu. The fax number is (616) 331-3950.
   c. A request should describe the record(s) sought sufficiently to enable the University to find the record(s) and should provide the requester’s contact information.
   d. Requests should state that they are submitted pursuant to the Michigan Freedom of Information Act.
   e. Requests received electronically are deemed received the next business day. A business day is defined as Monday through Friday, exclusive of holidays and institutional closure days.
   f. If a request is delivered to the FOIA Coordinator’s junk mail folder, the request will be deemed received one business day after the FOIA Coordinator becomes aware of the request. The FOIA Coordinator will check the junk mail folder at least once per week.

2. **Responses to FOIA requests to the University**
   a. The University will respond to a FOIA request within five (5) business days of the FOIA Coordinator receiving the request.
   b. A response will consist of one or more of the following:
      i. A granting of the request
      ii. A partial granting of the request, and a partial denial because some or a portion of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iii. A complete denial of the request because all of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iv. A notice that more time is needed to process the request
      v. A notice that a fee deposit is required prior to further processing
      vi. A notice that the record(s) sought has (have) not been sufficiently described to enable the University to locate the record(s).
   c. The response will state the FOIA exemptions under which any information and/or documents are withheld, if applicable.
   d. If any part of a request for records is denied for any reason, the response will set forth the procedures for appealing the denial.

3. **Deposit Requirements**
   a. A fee deposit will be required when the processing of a request will result in fees equal to or greater than $50.00.
   b. The required deposit will equal up to 50% of the estimated cost of fulfilling the request as calculated at the time of the initial response.
   c. If the University requires a deposit, it will not process the FOIA request further until the deposit is paid.
   d. If a deposit is not received by the FOIA Coordinator within 45 days of the initial notice, the request will be considered withdrawn. Notice of a deposit requirement is considered received three days after it is sent. Regardless of the means of transmission.
   e. If, after receipt of the deposit and further processing of the request, the University learns that the processing costs will be significantly different from the estimated costs, the University will notify the requester. Where the actual effort to search for, review, and separate exempt material significantly exceeds the original estimate, the University will notify the requester. The requester may choose to receive a revised fee deposit notice, or limit his/her original request to those records, which may be processed within the time stated in the original fee estimate.
   f. A person who makes a FOIA request for which a deposit is required may withdraw that FOIA request without charge instead of paying the required deposit. Failure to pay the deposit will be deemed a withdrawal of the FOIA request.
   g. The University will treat multiple concurrent FOIA requests on the same topic(s) and/or regarding the same record keeper(s) and from the same person as one FOIA request for purposes of determining whether the fee is below $50.00.
   h. Where a requester who has not paid the final fee for the processing of an earlier request files a new FOIA request, the University may require a deposit of all (100%) of the estimated fees for processing the subsequent request prior to processing the subsequent request.

4. **Calculation and Payment of Fees**
   a. Fees are calculated by adding together the following costs:
      i. The labor costs for searching for, locating, and examining responsive records
      ii. The labor costs for review, separation, and deletion of exempt information from non-exempt information
      iii. The cost of non-paper physical media, if used
      iv. The cost per copy of paper copies, not to exceed $.05/page for standard 8 ½ x 11 inch paper
      v. The labor costs directly associated with duplication or publication, which may include copying to non-paper media
      vi. The cost of mailing
   b. Final fees for responding to a FOIA request will be billed when the University responds to the FOIA request. A detailed FOIA fee itemization form will be provided by the University with the response. The amount invoiced must be paid within ninety (90) days. The University reserves the right to require payment in full of all fees incurred in processing a FOIA request before delivering the final, responsive documents.
   c. The University’s decision to deny access to public records sought by a FOIA request because those records are, in whole or in part, exempt from disclosure does not excuse the person who files that FOIA request from payment of fees for the work undertaken by the University in response to that request.
   d. The University may waive or reduce the fees if it is authorized to charge if it determines that a waiver or reduction of the fee is in the public interest because responding to the FOIA request can be considered as primarily benefiting the general public.
   e. Fee reductions or waivers are required in certain instances involving proven indigence or non-profit organizations. The University will apply these reductions or waivers in accordance with the statute.

5. **Procedures for Challenge and Appeal**
   a. If the University denies a request in whole or in part, the requester may:
      i. Submit an appeal to the Head of the Public Body, which for the purposes of these Procedures and Guidelines is the Vice President and General Counsel, in writing, via the FOIA Coordinator, using the contact information listed in Item 1, above. The appeal must specifically use the word “appeal” and identify the reason(s) the requester seeks reversal of the denial. The Head of the Public Body must respond to the appeal within ten (10) business days by doing one of the following:
         1. Reversing the FOIA Coordinator’s decision
Pursuant to Article VIII of the Michigan Constitution of 1963, Grand Valley State University (“the University”) has the responsibility to serve as a public institution of higher education. To carry out this responsibility, the University has promulgated a Policy Statement on Grounds and Facility Use (FOIA). This Policy Statement, along with the Procedures and Guidelines, delineates the regulations pursuant to which the University will facilitate the use of its outdoor and indoor buildings, grounds, and facilities. These Procedures and Guidelines also serve to provide students, student organizations, and employees with information regarding their rights to engage in and attend Expressive Activities on University property. To ensure an understanding of these rights, an overview of the FOIA provisions and the University's responsibility to serve as a public institution of higher education is provided below. 

I. POLICY STATEMENT

A. Purpose

The purpose of this policy is to provide a framework for the expression and exchange of ideas by students, student organizations, and employees on University property, while ensuring the safety and security of all members of the campus community. This policy is intended to be consistent with the University’s educational mission, the Michigan Campaign Finance Act, FOIA, and applicable law. The University does not assume any obligation or responsibility for the content of the materials distributed.

B. Scope

This policy applies to all buildings, grounds, and other spaces owned or controlled by the University.

C. Definitions

For purposes of this policy, the term “Expressive Activity” includes:

1. Meetings and other group activities of students and student organizations;
2. Speeches, performances, demonstrations, rallies, vigils, and other events by students, student organizations, and outside groups invited by student organizations;
3. Distributions of literature, such as leafleting and pamphleting; and
4. Any other expression protected by the First Amendment to the U.S. Constitution.

University property is primarily dedicated to academic, student life and administrative functions. But it also represents the “marketplace of ideas,” and especially for students, many areas of campus represent a public forum for speech and other Expressive Activities. For students and registered student organizations, certain areas of campus are venues for free expression, including speeches, demonstrations, and the distribution of literature, as provided by this policy.

The University shall not consider the content or viewpoint of the Expressive Activity or the possible reaction to that Expressive Activity in applying this policy. The University shall not impose restrictions on students, student organizations, or university employees due to the content or viewpoint of their Expressive Activity or the possible reaction to that Expressive Activity. In the event that other persons react negatively to a student’s, registered student organization’s, or university employee’s Expressive Activity, the University (including representatives from the Department of Public Safety) shall take all necessary steps to ensure public safety while allowing the Expressive Activity to continue, unless the University’s operations are materially and substantially disrupted. No Expressive Activity shall be permitted to violate or hinder the rights of others within the campus community. The University does not assume any obligation or responsibility for the content of the materials distributed.

II. PROCEDURES

A. General Rules

Subject to the additional rules set forth herein, students and student organizations shall be allowed to conduct Expressive Activities on University property within the following parameters:

1. The Expressive Activity does not block access to campus buildings and does not impede ingress or egress to the University, any University property, parking lot, building, facility, or event (generally a minimum of 25 feet).
2. The Expressive Activity takes place at least 50 feet from academic buildings.
3. The Expressive Activity does not obstruct vehicular or pedestrian traffic.
4. The Expressive Activity does not constitute unlawful activity.
5. The Expressive Activity does not create a clear and present threat to public safety.
6. The Expressive Activity does not take place in a location that has already been reserved by the University, a registered student organization, or an outside organization.
7. The Expressive Activity may use an amplification device so long as the sound does not create a material and substantial disruption to the University’s operations.
8. The Expressive Activity does not include posting materials on University property, except as provided by the University Posting Guidelines (http://www.gvsu.edu/posting/).
9. The Expressive Activity does not include soliciting or accepting donations, except as provided in this policy.
10. The Expressive Activity takes place between the hours of 8 a.m. and 5 p.m., except as otherwise provided in this policy. Gatherings at the Carillon Tower or the Transformational Link may take place until 11 p.m.
11. Distribution of printed materials must be done in person.
12. Individuals and/or groups engaged in Expressive Activities are responsible for picking up any printed materials dropped on the ground around the areas of distribution. The University may charge such individuals and/or groups a reasonable clean up fee if they fail to do so.
13. Parking lots, ramps, and garages are not designated or suitable for Expressive Activities, and windshield flyers are not permitted.
14. Individuals and/or groups engaging in Expressive Activity agree to pay for any damage they cause to University property.
15. For University employees, the Expressive Activity addresses a matter of public concern.

This policy shall not apply to any person or organizations desiring to sell merchandise or services on campus. Any person or organization desiring to sell merchandise or services on campus should contact the Event Services Office at 616-331-2350.

B. Outdoor Locations

For outdoor University areas, students, registered student organizations, and employees may freely engage in spontaneous Expressive Activities provided that such activities are in compliance with all other provisions of this policy.
Students and registered student organizations may reserve outdoor University facilities to solicit and accept donations for charitable causes or to engage in other Expressive Activities.

C. Indoor Locations.

For indoor University facilities and areas, students, registered student organizations, and University employees may freely engage in spontaneous Expressive Activities subject to the following conditions:
1. Distribution of written or printed materials, such as leafletting or pamphletting, and petitioning for signatures may be conducted at all indoor locations and the indoor locations specified in this policy.
2. Guests may speak at indoor locations as long as they are invited by a student or a registered student organization.
3. The Expressive Activities are in compliance with all other provisions of this policy.

Students and registered student organizations may use the Kirkhof Center for the following activities:
1. Students and registered student organizations may reserve space in the Kirkhof Center for any proper purpose, including, but not limited to, to promote a cause or event, to promote a student organization, or to solicit and accept donations for charitable causes.
2. Distribution of written or printed materials, such as leafletting or pamphletting, and petitioning for signatures may be conducted inside the Kirkhof Center, as long as the student or registered student organization reserves the space pursuant to this policy.

D. Reserving Campus Facilities:

1. If students, registered student organizations, or University employees wish to reserve indoor or outdoor campus facilities, they shall submit their application for reservation to Event Services at least two business days prior to the reservation date. The University will respond to the reservation application within one business day.
2. If individuals or organizations who are not members of the University community (i.e., not students, student organizations, or University employees) wish to use campus facilities for Expressive Activities on campus, they may use either the area surrounding the Carillon Tower or the plaza surrounding the Transformational Link. Use of this space is free of charge and may be reserved by contacting Event Services at 616-331-2350. A reservation for use of the space will take precedence over a spontaneous Expressive Activity. Expressive Activities must stay within 50 feet of each of these landmarks and are to follow the General Rules provided herein.
3. Students, registered student organizations, University employees, and non University members may reserve facilities for Expressive Activities to take place after 5 p.m., subject to the facility’s hours and availability.
4. Reservation requests will be processed and granted on a first-come, first-served basis. These requests may be denied for the following reasons only:
   a. The requested venue is an indoor facility and the request conflicts with any other provision of this policy;
   b. The venue is already reserved for another event;
   c. The activity will attract a crowd larger than the venue can safely contain;
   d. The activity is a clear and present threat to public safety, according to the university’s police or security department;
   e. The activity will occur during college examination periods; or
   f. The activity is unlawful.
5. During an event, the student, student organization, or University employee requesting the reservation is responsible for preserving and maintaining the facility it reserved. If it causes any damage to those facilities, the person(s) or organization (and its officials, if applicable) shall assume responsibility.

FOOTNOTES
(1) In the event that multiple individuals or organizations submit conflicting reservation requests, the following order of precedence shall govern: (1) official University activities and events; (2) registered student organization activities and events; (3) student activities and events; and (4) all other activities and events.

Senior Leadership Team
Responsible Office:
Office of General Counsel

POLICY STATEMENT

Political activity of faculty and staff members at Grand Valley State University as addressed in the Grand Valley State University Board of Trustees' Policies BOT 4.1.6.3, in pertinent part, states: “The University affirms the rights of its faculty and staff members as citizens to be active in political affairs which do not conflict with the professional standards and ethics in employment.”

Further, the Board of Trustees address the subject of Academic Freedom of faculty in the Grand Valley State University Board of Trustees’ Policies BOT 4.2.2 specifically sections 2 & 3:

2. Faculty members are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter, which has no relation to their subject. (The words faculty member as used in this document are understood to include the investigator who is attached to an academic institution without teaching duties.)

3. University or university faculty members are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and as educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times act in a professional and responsible manner, and should make every effort to indicate that they are not institutional spokespersons.

In addition to University policy, state law, specifically the Michigan Campaign Finance Act, regulates political activities of public bodies, such as state universities, and its employees.

PROCEDURES

In light of University Board of Trustees’ policies and state law, the following guidelines are intended to help faculty and staff with compliance:

1. Faculty and staff members may engage themselves, as private citizens, in political activities including support or opposition to candidates for office or ballot questions on their own time. If you are working for the University and charging your time to a federal grant, any activity to support a political candidate or ballot question must be conducted on personal time. For questions about federal grants, contact the Office of Sponsored Programs for more information.

2. University departments or programs may sponsor presentations and discussion groups about an upcoming election provided that the purpose is to provide factual information on a political subject or issue if the communication does not support or oppose a ballot question or candidate by name or clear inference.

3. Classroom discussions of candidates and ballot questions must be related to course content as described in the catalog and course syllabuses. A reminder to students to register to vote and to vote is permissible.

4. Faculty and staff members may express their support or opposition to candidates or ballot questions by wearing buttons.

5. Faculty and staff members, as private citizens, may elect to lend their names to support one or more candidates for office or in support of or opposition to a ballot question. However, care must be exercised to assure that the faculty or staff member does not use their University title in relation to such advocacy.

6. Faculty and staff members shall not use University resources for political activity to support or oppose candidates for office or ballot questions. “University resources” includes, but is not limited to:
   a. University funds or money administered through a University budget;
   b. University facilities including office space or meeting rooms (except speech in open forum areas) or use of University office address;
   c. University equipment including office or cellular telephones, computer hardware or software, printers, copiers and facsimile machines;
   d. University-provided email addresses or use of the University email system;
   e. University supplies including stationary, paper, postage, pens, pencils, and other office supplies;
   f. University identifying marks including trademarks, logos, University letterhead, and University titles; and

EMAIL POLICY

SLT 11.2

Date of Last Update:
October 09, 2015

Approved By:
Senior Leadership Team

POLICY STATEMENT

Grand Valley State University provides its faculty, staff and students with electronic mail intended for University-related purposes including direct and indirect support of the University’s instructions, research, and service missions; of University administrative functions; of student and campus life activities, and of the free exchange of ideas among members of the University community and between the University community and the wider local, national, and world communities.

The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder's consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional circumstances inspect, monitor, or disclose electronic mail.

PROCEDURES

Applicability

This Policy applies to:

• All electronic mail systems and services provided or owned by the University
• All users, holders, and uses of University e-mail services
• All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.

This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:
Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the Electronic Communications Privacy Act and the Computer Fraud and Abuse Act, which prohibit unauthorized use or entry into another’s account; the University’s Student Code; the University’s Anti-Harassment policy; and all applicable software licenses.

Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.

Act within the normal standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations and law.

Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.

Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth limit or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.

Inspection, monitoring or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

Specific Provisions
A. Users

Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVSU retains the right to remove email services at any time.

B. Account Usage

GVSU has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual’s responsibility to do so.

Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University’s computer system without proper authorization. Any attempt by a user to gain access to another person’s network account, private network drive, or restricted areas on the GVSU computer system is prohibited.

University e-mail addresses shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unsolicited or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) “spam,” that is, to exploit listservs or similar broadcast systems for purposes beyond their intended scope to amplify the widespread distribution of unsolicited e-mail; and (3) “letterbomb,” that is, to resend the same e-mail repeatedly to one or more recipients to interfere with the recipient’s use of e-mail.

C. Representation

Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is “These statements are my own, not those of the Grand Valley State University.”

Policy Violations

Violations of University policies governing the use of University electronic mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A for detail on additional policies and guidelines.

Security and Privacy

The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their users’ accounts. Users should be aware, however, that the University couldn’t guarantee such security. Users should therefore engage in “safe computing” practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSU is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their uses of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University’s computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when

a. The user has voluntarily made them accessible to the public
b. It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
c. There is reasonable cause to believe that the user has violated, or is violating, this Policy
d. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns
e. It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in “a” above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

Posting and Authority to Change

Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel.

POLICY STATEMENT
When a device or account connected to the GVSU campus network is compromised by a virus or malicious software, the network is at great risk of harm due to potential damage of university data or disclosure of sensitive information. To preserve the health of the network and the devices connected to it, the infected device must IMMEDIATELY be disconnected and removed or the account blocked from the campus network until Information Technology personnel verify it is no longer compromised. Despite the disruption this may cause to the individual user, the user is required to produce any infected device to Information Technology immediately upon request in order to prevent information disclosure, data file destruction, or exploitation of the compromised account.

Information Technology personnel shall provide their identification and authorization to the device user that authorizes them to remove the afflicted device prior to its removal. For additional verification, you may call the IT Service Desk at 331-2101 and ask for a Level 2 staff member to verify the authorization to pick up a computer. To minimize interruption, Information Technology will take reasonable steps to provide a substitute device for use on the campus network while the user awaits repair of the original device. To report that a device might be infected, contact Information Technology immediately at 331-2101.

SOFTWARE SUPPORT POLICY
SLT 11.12
Date of Last Update:
April 19, 2015
Approved By:
Senior Leadership Team

Responsible Office:
Information Technology

POLICY STATEMENT
Information Technology is responsible for providing software support to the campus community. IT resources are finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.

PROCEDURES
The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Standard software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.
