POLICY STATEMENT
4.1.1 Personnel Administration. Personnel Administration is a service activity in which each appointing officer has a role. The authority over the personnel program resides in the Board of Trustees, although the president, as agent of the board, and other Executive Officers may designate (“appointing officers”) have the authority to make appointments within the approved personnel program. Centralized within the Human Resources office is the responsibility and advisory authority to determine that the philosophy and policies of the personnel program are effectively applied.

POLICY STATEMENT
4.1.2 Equal Opportunity. The president and other officers to whom the President designates authority for personnel actions are responsible for the enthusiastic application of all laws and regulations concerning fair employment practices, equal opportunity, etc., to all matters with respect to recruitment, appointment, assignment, and promotion of university's personnel. Matters of affirmative action are outlined in the “Affirmative Action Program” maintained by the Affirmative Action Officer.

POLICY STATEMENT
4.1.3 University Responsibilities. The President and other officers to whom the President designates authority are responsible for administering the university and its property, supervising its operations, assigning and directing its faculty and staff, changing or introducing new operations, methods, or facilities, appointing, assigning, or disciplining faculty and staff members, subject to the guidelines herein set forth, and establishing such procedures which may be needed from time to time. For purposes of this Section 4.1, “faculty and staff” shall mean an employee covered by Section 4 of the Board of Trustees’ Policies.

POLICY STATEMENT
4.1.4 Disciplinary Procedure. The President and other administrators to whom the President designates authority are responsible for discipline which normally shall be corrective rather than punitive in nature. A typical procedure for disciplinary action will be, depending on the seriousness or frequency of the cause, an oral discussion, a written warning, disciplinary lay-off without pay, and dismissal. All disciplinary actions are subject to the appropriate grievance procedure.

POLICY STATEMENT
4.1.5 Personnel Information. The President and other officers to whom the President designates authority are responsible for personnel information and records.
**POLICY STATEMENT**

4.1.5 Personnel Information

All personnel information and files maintained by the University are the confidential property of the University and are maintained in the Human Resources office and within the department within which a faculty or staff member works. Faculty and staff members can expect that a right to a reasonable degree of privacy will be honored and that the confidential character of certain personnel data will be respected as such. Generally, release of information and/or access to such information should be restricted in accordance with the policies of the University. Whenever possible, information released for public purposes shall be in a form which will protect the anonymity of the individual; however, as of October 1979. Michigan law does require that salary information be available to the public. All personnel information collected shall be pertinent to the needs of the University. Access to personnel files is limited to those persons responsible for personnel and the faculty or staff member's supervisor.

Letters of recommendation are the confidential property of the provider. A faculty or staff member will not be given access to letters of recommendation concerning themselves unless the provider of such recommendation agrees, in writing, to allow such access. All personnel records will be retained for the length of the faculty or staff member's service and thereafter in compliance with all applicable federal, state, and local laws. Temporary records such as insurance claims will be maintained only so long as they have a useful life. Records of terminated faculty and staff members will be maintained for a minimum of seven years and thereafter only those portions having a useful life will be maintained. Information of an official nature for state and federal agencies will be provided to the extent of the matter at hand and within the limits of the law. No anonymous information will be maintained in the files. Records of disciplinary actions will be placed in the personnel files only after the individual has had an opportunity to view a copy. The University will provide prospective employers with title, employment dates, and eligibility for rehire status only, unless additional information is requested by the faculty or staff member or former faculty or staff member. Recommendations by individual supervisors may be made at their own discretion and at their own risk, recognizing that the University may be responsible for the information given.

Personnel files may include, but are not limited to, payroll information and documentation, records of employment actions and documentation, records required by federal, state and local law, employment applications, vita and resumes, recommendations, interview comments, fringe benefit information, merit and performance evaluation, records and documentation of disciplinary actions, official transcripts of baccalaureate or post baccalaureate degrees and such other information as may be needed from time to time. Other files maintained in accordance with the faculty appointment and evaluation policy and covered by the limitations expressed in that policy may be housed elsewhere.

**GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - CONFLICT OF INTEREST**

BOT 4.1.6

**POLICY STATEMENT**

4.1.6 Conflict of Interest

4.1.6.1 Employment. Appointment of any relative of a faculty or staff member must be approved by the President in advance of the appointment in order to insure that no conflicts of interest exist. Each Appointing Officer must insure that no conflicts of interest exist in matters of appointment, retention, promotion, termination, assignment or other conditions of employment for relatives of faculty or staff members within his or her unit.

4.1.6.2 Financial. It shall be the responsibility of the President (or designee) to insure that conflicts of financial interest do not occur, and to take such steps to protect the University as seem to be required. The University respects the rights of its faculty and staff members in their activities outside their employment which are private in nature and which in no way conflict with or reflect upon the University.

4.1.6.3 Political Candidates or Office Holder. The University affirms the rights of its faculty and staff members as citizens to be active in political affairs which do not conflict with the professional standards and ethics of their employment. It shall be the responsibility of the President (or designee) to ensure that conflicts involving professional standards and ethics do not occur with University faculty and staff members who are political candidates or office holders, and to take such steps to protect the University as may be required.

The President's recommendation to the Board of Trustees will be made after consultation with the Appointing Officer, colleagues and vice-president. This recommendation may be made posthumously if all other criteria except retirement status have been met. In its sole judgment, the Board of Trustees reserves the right to revoke emeritus status. **GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - VERIFICATION OF CREDENTIALS**

BOT 4.1.9

**POLICY STATEMENT**

4.1.9 Verification of Credentials

Verification of credentials is required of all applicants for faculty and staff positions. The responsibility resides with the Appointing Officer. The University reserves the right to require additional documentation of credentials, as required by federal, state or local laws. Confidentiality of the records is protected. Confidentiality does not preclude the right of the University to verify the credentials of faculty and staff members, except that such verification may be made posthumously if all other criteria except retirement status have been met. In its sole judgment, the Board of Trustees reserves the right to revoke emeritus status. Emeriti will be appointed without compensation.
Verification of Credentials

Outside employment

Research, scholarship and creative activities are central to fulfilling the mission of the University. It is policy of the University that all employees, students, partners and affiliates always perform their roles related to research, scholarship and creative activity with ethical integrity. This requirement reflects a culture publicly committed to developing and fostering the highest standards of professional ethics. Research integrity is demonstrated in the decisions and actions that exemplify our core ethical values. The core ethical values in research related activities, including scholarship and creative performance, include: 1) truthfulness and honesty; 2) non-maleficence and beneficence; 3) trustworthiness, reliability, confidentiality, respect, and collegiality; and 4) accountability.

1. Truthfulness and Honesty. Intellectual and creative activities require thoroughgoing truthfulness and honesty in proposing, conducting and reporting research related activities, scholarship and artistic performance.

2. Non-maleficence and Beneficence. Endeavors involving human or animal subjects require balancing non-maleficence with beneficence in minimizing burdens to research subjects in relation to the potential benefits to those subjects and others.

POLICY STATEMENT

4.1.1 Verification of Credentials

All advanced degrees recognized by the University must be earned from institutions approved by recognized accrediting bodies. In the case of foreign degrees, a formal evaluation will be made by the Office of General Counsel to determine equivalency with degrees awarded in the United States.

GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - OBLIGATIONS OF APPOINTEES

BOT 4.1.10

Date of Last Update: June 25, 2021

POLICY STATEMENT

4.1.10 Obligations of Appointees

As the result of accepting an appointment, the recipient becomes obligated to comply with all policies and regulations of the University applicable to the position including those in effect at the time of appointment and those duly adopted and issued thereafter. This obligation does not contravene the appointee's rights of academic freedom or the express terms and conditions of the appointment. Among such policies are the following:

4.1.10.1 Outside employment. Since faculty and staff members are required to fulfill their responsibilities completely and effectively, any outside employment which a faculty or staff member wishes to undertake must be approved in advance by the Appointing Officer.

4.1.10.2 Rights in published material, inventions and secret processes. The University seeks to promote the public good through excellence in teaching, active scholarship, and service. In the course of these activities, faculty, staff, and students create Intellectual Property that may be eligible for copyright, patent, and other forms of legal protection. In order to reinforce the fairness of mutual commitment and in the spirit of academic freedom, the University recognizes the rich and varied products of individual scholarship, in all its manifestations, are rightly the property of the Creator except as otherwise defined by this Section 4.1.10.2. The University also recognizes that Intellectual Property should remain available for the benefit of the entire University community and that the Creators shall not use Intellectual Property in conflict or competition with the University. Therefore, the University community seeks to establish an environment in which the creation of Intellectual Property is suitably recognized as an academic achievement and in which the benefits of intellectual property to the creators, the University community, and the general public are optimized.

A. Ownership. All Intellectual Property shall be owned by its Creators when such Intellectual Property is not considered 1) work made for hire; 2) expressly assigned or commissioned by the University; 3) grant or contract funded through the University; or 4) to require more than nominal use of University resources. Irrespective of ownership, Creators shall disclose promptly and with full disclosure, in the manner prescribed by the University in order to protect confidentiality of the Intellectual Property, to the Finance and Administration Office any Intellectual Property discovered or created as a result of 1) work made for hire; 2) expressly assigned or commissioned by the University; 3) grant or contract funded through the University; or 4) more than nominal use of University resources. The President or designee by written agreement is authorized to make exceptions to this paragraph.

B. Right to use. In the event the Intellectual Property is owned by the Creator but involved University resources in the discovery or creation of the Intellectual Property, the University will retain a non-exclusive license to use the Intellectual Property within the University provided attribution is given to the Creator(s) of the Intellectual Property. In the event the Creator leaves the employ of the University, the University shall be able to modify the Intellectual Property for use within the University.

C. Commercial Application. Three options for the commercialization of a technology are noted below. The option will be chosen by Creator(s) and the Finance and Administration Office jointly, prior to the expenditure of substantial University resources. The option chosen should be that which best serves the mission of the University, including the objectives of this policy, and which is consistent with the available technology transfer resources of the University. The following three options for commercialization are available:

1. Licensing Third Parties. The University may license or assign Intellectual Property to external entities for further development and commercialization in exchange for a return on resulting revenues. The University and Creator shall divide the return on resulting revenues using one of the two formulas as follows:

   i. The University and the Creator divide the gross revenue 70% to the University and 30% to the Creator but the University assumes the expenses related to legal protection, marketing and commercialization and licensing and other transactional expenses related to the Intellectual Property; or,

   ii. The University and the Creator divide the net revenue 50% to the University and 50% to the Creator but the University first recovers its expenses related to legal protection, marketing and commercialization and licensing and other transactional expenses related to the Intellectual Property.

If the University decides not to protect or license the Intellectual Property, or subsequently decides not to pursue commercialization of the Intellectual Property it may be reassigned to the Creator(s), upon request, in accordance with option 3 below.

2. Licensing Business Entities in which a Creator holds an ownership or management interest. The University or an affiliated entity may enter into license agreements with business entities in which the Creator holds an ownership interest. The terms may include royalty payment, equity interest, or a combination thereof.

3. Reassignment of ownership to Creator. The University may reassign ownership of Intellectual Property to creator(s) who elects to market and protect the Intellectual Property. The return to the University for a reassignment of ownership will be ten percent (10%) of the net revenue generated by the Intellectual Property.

D. Definitions.

1. "Creator" shall mean a faculty or staff member who invents, discovers or creates Intellectual Property using University resources.

3. "Academic Works" shall mean Intellectual Properties that are artistic, scholarly, instructional or entertainment in nature and are not Technical Works. Academic Works include instructional materials, books, journal articles, written reports of research to the extent that they do not contain Technical Works, creative writings, manuscripts, music and art work

4. "Technical Works" shall mean Intellectual Properties that are generally of a scientific, engineering or technical nature such as patentable or unpatentable inventions, devices, machines, processes, methods, invented or manufactured substances, and computer software.

5. "Nominal Use of University Resources" shall mean use that is customary or usual within the faculty, staff and student's appointment and assignment such as the use of an assigned office, computer, computing network, photocopy or similar reproduction device, telephone or similar telecommunication device, and office supplies in the ordinary support of his or her teaching, scholarly activities and service.

1.10.3 Oath of Teachers. Before serving in a teaching position, an appointee will have taken and subscribed the following oath or affirmation as required by Act 23 of the Public Acts of 1935: "I do solemnly swear (or affirm) that I will support the Constitution of the United States of America and the Constitution of the State of Michigan, and that I will faithfully discharge the duties of my position according to the best of my ability."

1.10.4 Research Integrity. Research, scholarship and creative activities are central to fulfilling the mission of the University. It is policy of the University that all employees, students, partners and affiliates always perform their roles related to research, scholarship and creative activity with ethical integrity. This requirement reflects a culture publicly committed to developing and fostering the highest standards of professional ethics. Research integrity is demonstrated in the decisions and actions that exemplify our core ethical values. The core ethical values in research related activities, including scholarship and creative performance, include: 1) truthfulness and honesty; 2) non-maleficence and beneficence; 3) trustworthiness, reliability, confidentiality, respect, and collegiality; and 4) accountability.

1. Truthfulness and Honesty. Intellectual and creative activities require thoroughgoing truthfulness and honesty in proposing, conducting and reporting research related activities, scholarship and artistic performance.

2. Non-maleficence and Beneficence. Endeavors involving human or animal subjects require balancing non-maleficence with beneficence in minimizing burdens to research subjects in relation to the potential benefits to those subjects and others.
3. Trustworthiness, Reliability, Confidentiality, Respect, and Collegiality. Research integrity requires trustworthiness and reliability in recognizing and building on the prior work of others, confidentiality in peer review and assessment, and respect and collegiality in interactions with colleagues and students.

4. Accountability. The broader community’s welfare depends upon explicit researcher accountability for all research, scholarship and creative performance related activities, and for reporting misconduct about which one has direct knowledge.

BRIDGE FUND REQUEST POLICY
SLT 3.2
Date of Last Update:
July 31, 2008
Approved By:
• Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT
Grand Valley State University does not encourage creating nor approving a Request to Add a New Fund (RANF) and establishing a FOAP prior to the official receipt of a fully executed award. A fully executed award is an externally sponsored agreement (grant, contract, or cooperative agreement) that is signed by the duly authorized official of both the external sponsor and Grand Valley State University. It is important to note that any expenses incurred prior to an award and without the appropriate approvals place the University at risk.

However, in some extraordinary situations, effective project management or research necessitates incurring expenses prior to the receipt of a fully executed award. In such cases, Principal Investigators may request a “bridge fund” be established in anticipation of the fully executed award. Principal Investigators should contact the Office of Sponsored Programs (OSP) to initiate a Bridge Fund Request.

PROCEDURES
In an effort to minimize the risk to the University, the Office of Sponsored Programs will verify with the sponsor the allowability of pre-award costs, the anticipated award amount, and the period of performance. Once OSP receives verification in writing from the sponsor’s grants or contracts officer, the responsible Principal Investigator, Chair/Unit Head, Dean, and University Authorizing Official are all required to agree in writing to proceed with the expenditure of University funds in anticipation of the award. This agreement will be prepared by OSP in consultation with the Office of Business and Finance. It will be the responsibility of the Principal Investigator to obtain the required signatures of the appropriate Chair/Unit Head, Dean, University Authorizing Official, and Executive Officer (Office of the Provost).

The Bridge Fund Request will be processed in a manner similar to the Request to Add a New Fund. However, attached to the Bridge Fund Request will be:

1. Written verification from the sponsor (signed by the sponsor Grants/Contracts Officer) received by OSP

2. Bridge Fund Request Agreement signed by the Chair/Unit Head, Dean, and University Authorizing Official

3. A copy of the proposal application, narrative & budget

A Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount. The maximum allowable amount requested will be verified by OSP in consultation with the Office of Business & Finance. If the award is for multiple years, the Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount for the first year of the funding. Upon the official receipt of the fully executed award, the bridge fund transition into the official FOAP for the project.

Should funding not be received from the sponsor (e.g., the award start date is delayed, or the costs are determined to be unallowable, etc.) coverage of costs incurred on the project becomes the responsibility of the Department Chair/Unit Head having initiated and signed the initial Bridge Fund Request form.

This policy was effective August 1, 2007 and will be revisited for any revisions, changes, or sunset within one year of its effective date.

COLLEGIALLY POLICY
SLT 3.3
Date of Last Update:
October 12, 2021
Approved By:
• Senior Leadership Team

Responsible Office:
Provost Office

POLICY STATEMENT
Grand Valley State University has a tradition of collegiality and shared governance and strives to maintain these standards as a mainstay of its institutional culture. As a value stated in the Board of Trustees’ policies as adopted by the Board of Trustees BOT 1.3:

A range of thoughtful perspectives is necessary for open inquiry, liberal education, and a healthy community. Recognizing this, we seek and welcome a diverse group of students, faculty and staff. We value a multiplicity of opinions and backgrounds and seek ways to incorporate the voices and experiences of all into our University. We value our local community and embrace the participation of individuals and groups from Michigan, the nation and the world. We also encourage participation in educational opportunities abroad.

In order to foster a healthy and diverse environment, we will act with integrity, communicate respectfully, and accept responsibility for our words and actions. This University is a community whose varied functions, responsibilities, and contributions are supportive of the institutional, research, and service mission of the institution. Collegial interactions as referenced throughout this policy are those interactions that occur among and between colleagues, subordinates, supervisors, administrators and students. Collegial interactions are essential to support that mission in an effective, efficient, and ethical manner.

PROCEDURES
FACULTY AND STAFF MEMBER
If a faculty or staff member believes that she or he has been subjected to act(s) of non-collegiality, ideally, the individual should first try to discuss the matter with the offending person and/or the appropriate unit head or supervisor. If circumstances make this too difficult or if this does not resolve the matter, the faculty or staff member may seek assistance from Human Resources or confidential support from the Employee Ombudsperson. Using this process does not resolve the matter or the faculty or staff member’s concern. The faculty or staff member may then file a complaint using the appropriate Complaint Process identified for each staff member as listed below.

Complaint Process:
Faculty members – Chapter 4, Section 2.18 of the Faculty Handbook
Executive, Administrative and Professional Staff – Board of Trustees Policies 4.4.2
Professional Support Staff – Section 3.2.4 of the Agreement
CONFLICT OF INTEREST IN RESEARCH POLICY

SLT 3.4

Date of Last Update: February 14, 2022

Approved By: Senior Leadership Team

Responsible Office: Center for Scholarly and Creative Excellence

POLICY STATEMENT

The University is committed to transparency, integrity of scholarship, and independence as it pursues its mission to create, preserve, and disseminate knowledge through teaching, research, and community service. Accordingly, Grand Valley State University allows and encourages faculty and staff to engage in outside activities and relationships that enhance the mission of the University.

External sponsors, whether public or private, regularly institute conflict of interest disclosure requirements that the University must abide by in order to accept the funds and participate in the activity. The purpose of such requirements is to promote objectivity in research and to provide a reasonable expectation that the design, conduct, and reporting of sponsored activities will be free from bias arising from conflicting interests of participating personnel.

All GVSU personnel who meet the definition of “Investigator” on externally sponsored research applications, or serve as an “Investigator” on externally sponsored agreements, administered through the Center for Scholarly and Creative Excellence (CSCE) are required to submit a conflict of interest and commitment disclosure to the Office of Research Compliance and Integrity. An “Investigator” is defined as any person, regardless of title or position, who has independent responsibility for some aspect of the design, conduct, or reporting of the research, scholarly, or educational activity. Investigators include Principal Investigators, Co-Investigators, and all other individuals identified in the grant application, grant budget, progress report, or any other report submitted to the sponsor by GVSU, if the individual contributes to the development or execution of a project in a substantive, measurable way, whether or not they request compensation.

The required disclosure by Investigators must be submitted prior to entering into an agreement or submitting a proposal for award to an external sponsor, and at least annually while the agreement/award is active. An annual disclosure is required even if no conflicts exist. An updated disclosure is also required within 30 days of any new conflict arising or an existing conflict ending or changing in a material way. The Office of Research Compliance and Integrity (ORCI) shall be responsible for reviewing the disclosures and, in conjunction with the Research Integrity Officer (RIO), developing and instituting adequate mitigation plans for the management of any potential conflicts related to sponsored research and agreements administered by the CSCE. The RIO serves as the designated institutional official and has the final authority to approve and oversee mitigation plans.

EXTERNALLY SPONSORED PROJECTS POLICY

SLT 3.11

Date of Last Update:
September 04, 2019

Approved By:
Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY

This document establishes Grand Valley State University’s (University) official policy governing the administration of proposals, awards, contracts, and agreements for all externally sponsored projects. Externally Sponsored Projects do not include Purchasing Agreements or Philanthropic Gifts.

The purpose of this policy is to help ensure that all proposals and awards for externally sponsored projects conform to federal regulations, including the Office of Management and Budget 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (a.k.a., the Uniform Guidance)—and are consistent with GVSU’s academic and business policies and sound fiscal practices.

POLICY STATEMENT

Only an Authorized Organizational Representative of the University may submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University.

In addition, an Authorized Organizational Representative may accept on behalf of the University any Externally Sponsored Project award resulting from such proposal submissions or other solicitation processes.

The University will not normally accept awards received from outside sources without prior proposal approval as provided in this policy.

DEFINITIONS

Assistance Action: The main purpose of an assistance action is to transfer money, property, services, or anything of value to the recipient in order to accomplish a public purpose of support or stimulation. The agency must have legal authority to award assistance agreements for this purpose. Grants or cooperative agreements are used to award assistance funds.

Authorized Organizational Representative: An Authorized Organizational Representative is the Vice Provost for Research Administration and any University employee(s) to whom the Vice Provost for Research Administration has delegated oversight responsibility for the administration and management of Externally Sponsored Projects at the University. Only an Authorized Organizational Representative has the authority to submit proposals, accept awards, and sign contracts and agreements for Externally Sponsored Projects on behalf of the University.

Externally Sponsored Project: Externally Sponsored Projects include all projects supported by way of grants and cooperative agreements (direct Assistance Actions); certain incoming or outgoing contracts (i.e., externally sponsored Procurement Actions), including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include Purchasing Agreements or Philanthropic Gifts.

Philanthropic Gift: A philanthropic gift is an instrument by which an outside donor voluntarily transfers money, services, or property from a donor to the University. There is no expectation of direct economic benefit or the provision of goods or services to the donor, although donors can place stipulations on gifts that direct the funds to the donors’ areas of interest. The absence of quid pro quo language helps define the charitable nature of this type of giving.

Procurement Action: The main purpose of a procurement action is to acquire property or services by purchase, lease, or barter for the use or direct benefit of the purchaser (whether the purchaser is the university purchasing from an outside entity or an outside entity purchasing services from the university). An agreement or contract is used as the legal instrument to award a Procurement Action.

Purchasing Agreement: An agreement entered into by the University through its Procurement Services Office and an outside vendor or supplier to purchase goods and/or services. Examples of non-sponsored purchasing agreements include software licenses, pricing agreements, equipment maintenance agreements, custodial and facilities services, landscaping services, and office supply-vendor agreements.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

ALLOWABLE COST POLICY

SLT 3.11.1

Date of Last Update:
September 04, 2019

Approved By:
Senior Leadership Team
POLICY

All costs proposed to be charged on externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) at Grand Valley State University (the University) must comply with the Federal cost principles prescribed in 2 CFR 200 Subpart E, §200.400; the policies of the sponsoring agency; the specific funding solicitation for which the cost is proposed; and all applicable policies of the University.

Specifically, in order to be deemed an allowable cost on such a project, the cost of any particular item must:

1. Be necessary and reasonable for the performance of the awarded project. That is, the project cannot be performed without the item and a reasonable and prudent person would incur the cost of the item under the circumstances prevailing at the time the decision was made to propose or incur the cost ($200.403-404).
2. Be fully allocable to the particular awarded project or be proportionally allocable to it and another cost objective according to the relative benefit derived ($200.405).
3. Be treated consistently. A cost may not be assigned to a sponsored project as a Direct Cost if any other cost incurred for the same purpose in like circumstances has been allocated to the awarded project as an Indirect Cost. University policies governing the treatment of costs must apply uniformly to both sponsored- and non-sponsored activities. Like expenses must be treated the same in like circumstances ($200.400(e)).

Such costs much also meet one of the following two criteria:

1. Be an item or category of cost that is not expressly disallowed by the federal government (guidance available at $200.420-475, General Provisions for Selected Items of Cost); the sponsor (as documented in sponsor policy statements and in the applicable sponsor funding solicitation); or the University (as defined below under Unallowable Costs and documented in the Business and Finance Procedures and the University-Wide Policies); OR
2. Be an otherwise unallowable cost that is expressly allowed by the sponsor, whether as stipulated in an award or proposal-solicitation document or as documented in a prior written approval request duly executed by an Authorized Organizational Representative of the University. If an expense does not meet the above criteria, it must not be charged to an externally sponsored project at the University.

DEFINITIONS

Direct Costs are expenses that are specifically associated with a particular externally sponsored project that can be directly assigned to such activities with a high degree of accuracy.

Indirect Costs (also referred to as Facilities & Administration (F&A) or overhead costs) are expenses that cannot be identified specifically with a particular project or activity. Indirect costs benefit multiple activities and programming objectives. In order to capture the amount of indirect costs that should be allocated to a grant, the University has calculated an indirect cost rate, approved by the federal government. The indirect costs included in this rate are made up of two broad categories: Facilities and Administration.

Facilities costs include:

- Custodial and Maintenance
- Utilities
- Grounds Services
- Parking Operations, less parking fines and fees
- Property and Liability Insurance
- Facility Planning and Management
- Engineering Planning and Management
- Depreciation

Administration costs include all the expenses incurred in providing the following university services:

- Central Administration
- Business & Finance, including financial audit
- Human Resources
- Legal Services
- Inclusion & Equity
- Library Operations
- Administrative Computer Operations
- Grants and Research Administration
- Department Administration, as defined by the federal government to be 20% of Dean and Dean’s assistant compensation
- Mail Services
- Public Safety
- University Communications

Federal Cost Principles are the Federal regulations that govern expenditures on federal awards and which also apply to non-federal awards to GVSU because of the University’s required federal compliance under 2 CFR 200 Subpart F: Audit Reporting.

Prior Written Approval is a formal permission the University must document before it proposes or incurs a special or unusual cost that may be deemed unallowable under the federal cost principles under normal circumstances.

Requests for prior written approval must be rationalized in writing as allowable under an “unlike circumstances” justification by the University personnel who wish to propose the special or unusual costs. The requests are then reviewed, approved, and (assuming approval is granted) formally submitted to the sponsoring agency by the Authorized Organizational Representative of the University (as defined in SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

In accordance with the Uniform Guidance at 2 CFR 200, prior written approval from the sponsor is explicitly required (either in the awarded proposal budget, during award negotiation, or prior to incurrence of costs in the event that the expense is to be proposed post-award) for a number of items, including the following:

1. Administrative expenses ($200.413(c))
2. Change of scope ($200.308 (c)(1))
3. Cost sharing or matching ($200.308 (c)(7))
4. Entertainment costs ($200.438)
5. Equipment and other capital expenditures ($200.313, 439)
6. Exchange rates ($200.440)
7. Fines, penalties, damages and other settlements ($200.441)
8. Fixed amount subawards ($200.332)
9. Fund raising and investment management expenses ($200.442)
10. Membership in any civic or community organization ($200.457 (c))
11. Organization costs ($200.455)
12. Participant support costs, any transfer of budget ($200.308 (c)(5)) and ($200.456)
13. Minor expenditures and other costs not otherwise specifically defined in 2 CFR 200 ($200.462)
14. Selling and marketing costs ($200.467)
15. Subawards, any changes or transfers ($200.308 (c)(6))
16. Supplemental compensation for incidental activities ($200.430 (h) (ii))
17. Use of program income ($200.307)

Unallowable Costs are costs that could be considered appropriate and reasonable, but which are not eligible for reimbursement by the federal government and therefore to ensure consistent treatment under the federal cost principles, are not allowable on any sponsored program. Exceptions are possible with a strong justification for unlike circumstances and with prior written approval (as defined above) from the Authorized Organizational Representative of the University and the sponsor.

Unallowable costs include:

1. Advertising and public relations
2. Advisory councils
3. Alcoholic beverages
4. Alumni/ae activities
COST SHARING POLICY FOR EXTERNALLY SPONSORED PROJECTS
SLT 3.11.2
Date of Last Update:
September 04, 2019
Approved By:
• Senior Leadership Team

Responsible Office:
Office of Sponsored Programs

POLICY
Grand Valley State University (the University) shall minimize cost sharing on all externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

The University will allow cost sharing on such projects under the following conditions:

1. When it is required by the sponsoring agency (Mandatory Cost Sharing) as documented in a proposal solicitation, program description, sponsor policy, Catalog of Federal Domestic Assistance record, broad agency announcement or other official sponsor document.
2. When a reasonable justification is made that provision of Voluntary Cost-Sharing (whether Committed or Uncommitted) will improve the competitiveness of a proposal.

Further, in cases under which the University will allow cost sharing:

1. The proposed cost sharing must be thoroughly and accurately quantified;
2. The proposed cost sharing must represent an allowable cost (as defined in SLT 3.11.1 ALLOWABLE COST POLICY);
3. The proposed cost sharing must be limited to what is required by the sponsor (Mandatory Cost Sharing) or to what is deemed reasonable by the Appointing Officer (as defined in BOT 4.1.1: GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF – PERSONNEL ADMINISTRATION) who has authority over the resources proposed to be committed (Voluntary Cost Sharing);
4. The approval to subsidize all proposed cost sharing must be documented by the Appointing Officer who has authority over the resources proposed to be committed;
5. The quantification and approval of cost-sharing subsidies must be documented and approved by the Authorized Organizational Representative of the University (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) using the standard systems and processes of the Office of Sponsored Programs; AND
6. All approved cost sharing included in an awarded externally sponsored project must be monitored, tracked, and reported by the Grants Accounting office in accordance with all applicable federal and sponsor requirements.

DEFINITIONS
Cost Sharing: Cost sharing is that portion of an externally sponsored project cost that is not reimbursed by the sponsor (whether federal or non-federal) and therefore represents a commitment of institutional resources that would generally otherwise be devoted to other University purposes.

There are three forms of cost sharing:

1. Mandatory Cost Sharing, which is required by the sponsor as an award condition and becomes an obligation once an award is made;
2. Voluntary Committed Cost Sharing, which is voluntarily offered and documented in a proposal submission and therefore becomes an obligation once an award is made; and
3. Voluntary Uncommitted Cost Sharing, in which voluntary cost sharing is intended, but not explicitly committed (documented) in a proposal, and therefore not a binding commitment that must be tracked and reported.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

SUPPLEMENTAL COMPENSATION ON EXTERNALLY SPONSORED PROJECTS POLICY
SLT 3.11.3
Date of Last Update:
September 04, 2019
Approved By:
• Senior Leadership Team

Responsible Office:
Office of Sponsored Programs

POLICY
Grand Valley State University (the University) normally does not allow for compensation charges in excess of an individual’s Institutional Base Salary on any Externally Sponsored Project (as defined in SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY). In most cases, funding from such projects must supplant, not supplement Institutional Base Salary during the Base-funded Appointment Period.

In the absence of unusual circumstances and specific Prior Written Approval (as defined in SLT 3.11.1: ALLOWABLE COSTS POLICY) from the appropriate University and/or sponsor officials as described in this policy, faculty member compensation for sponsored-project work at the University must offset Institutional Base Salary through:

1. The use of Significant Focus Time (as defined in SG 3.01: FACULTY RESPONSIBILITIES);
2. The application of Reassigned Time (as defined in SG 3.03: REASSIGNED TIME); or
3. Some combination of Significant Focus Time and Reassigned Time.

Absent Prior Written Approval for Supplemental Compensation following procedures stated below, Administrative/Professional staff members must also offset Institutional Base Salary to participate in externally sponsored projects (supplant, not supplement). Such offsets shall require a reorganization of established job duties in the staff member’s organizational unit that is approved by the staff member’s Appointing Officer and Executive Officer.

In order to charge Supplemental Compensation to federally funded Externally Sponsored Project accounts at the University, the work performed must be justifiable as Intra-Institution of Higher Education Consulting as defined at BOT 3.06: COMPENSATION PERSONNEL SERVICES, which limits such charges according to their adherence to specific criteria. Such consulting must be:

1. Across departmental lines or involve a separate or remote location that is at least 30 miles away from the employee’s University campus office;

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.
In order to charge Supplemental Compensation to a non-federal Externally Sponsored Project account, the allocation is subject to the prior written approval of the Vice Provost for Research Administration as well as the sponsoring agency.

DEFINITIONS

Base Appointment Period at the University generally falls into one of two categories:

1. An Academic Year Appointment is comprised of the nine-month span from August 6 of a given calendar year to May 5 of the following calendar year.
2. A 12-month Appointment is comprised of the twelve-month span from August 6 of a given calendar year to August 5 of the following calendar year.

Institutional Base Salary is the annual salary the University pays for an employee’s appointment, regardless of appointment category and whether the employee’s time is spent on research, teaching, administration, patient care, or other University responsibilities. Institutional Base Salary does not include bonuses, one-time payments, incentive pay, or income that an employee is permitted to earn outside of their University responsibilities such as Private Consulting.

Private Consulting refers to works for hire performed by a University employee outside of their University responsibilities. To be deemed private consulting, work must be performed without the use of any University resources, including administrative services of any kind, facilities (classroom, clinical, meeting, or office space), supplies, equipment, computing resources, and any other service or resource owned by the University. Any outside employment must be approved in advance by the Appointing Officer (BOT 4.1.10). Consulting services that require the use of University resources are subject to SLT 3.13, SERVICE, AND CONSULTING AGREEMENTS POLICY.

Supplemental Compensation, also known as extra salary or extra service pay, is compensation a University employee receives in excess of Institutional Base Salary; Supplemental Compensation represents payments for services outside the normal scope of employment.

FACILITIES AND ADMINISTRATIVE COST POLICY

SLT 3.11.4

Date of Last Update:
July 13, 2016

Approved By:

• Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

Grand Valley State University’s Facilities and Administrative (F&A) rate (also known as the indirect-cost rate) is established in accordance with the Federal Office of Management and Budget under 2 CFR 200 Uniform Guidance (previously A-21). The rate is negotiated between the University and the U.S. Department of Health and Human Services, the cognizant federal agency that oversees the administration of sponsored agreements at the University. The University’s F&A rate reflects the cost of real, auditible expenses incurred in the conduct of sponsored research and programs. Included among these costs are depreciation costs of buildings and equipment, maintenance and repairs, janitorial services, utilities, hazardous waste disposal, libraries, and general administrative costs such as sponsored programs administration, departmental administration, and general administration (accounting, purchasing, legal services, personnel, and compliance). These costs are "indirect" because they are not easily identified with a specific project and therefore are not included in the "direct" portion of the budget. Such indirect costs support the conduct of research and other sponsored programs, regardless of the source of funding, and therefore must be applied to all sponsored projects. For reasons of sound management and equitable stewardship of resources used in support of all sponsored activities, it is expected that all sponsored projects recover full F&A costs.

PROCEDURES

Facilities & Administrative (F&A) Cost Recovery Policy:

It is the University’s policy that all proposals and agreements for sponsored research, including subawards and industry contracts, are subject to the recovery of facilities and administrative costs (F&A) at the University’s approved and published rate. In some cases, the sponsor has a written policy, uniformly applied, prohibiting F&A costs or restricting the payment of such costs to a lower rate. An exception to the University’s F&A cost recovery policy may be warranted if it is clearly in the best interest of the University to accept the award with less than full F&A cost recovery. Any reduction (defined as a waiver of F&A) is strongly discouraged and requires prior approval from the Vice Provost for Research Administration. This exception does not apply to for-profit (industry) sponsors, as such sponsors are expected to provide full F&A when funding a sponsored project. Designation of a sponsored award as a gift will not preclude the recovery of indirect costs if such costs are allowed by the donor.

Facilities & Administrative (F&A) Cost Return and Use Policy:

Each year, the University returns a portion of the recovered F&A costs as appropriate to those generating the grants and contracts. This return of F&A costs generally occurs at the end of each fiscal year and is based upon the F&A costs recovered on sponsored projects during the preceding fiscal year (July 1 - June 30). For sponsored awards originating within academic units with a tenure stream Faculty Principal Investigator, recovered funds are distributed as follows.

• Faculty Principal Investigator – 12.5%*
• Faculty Home Department – 7.5%
• Appointing Office of unit generating the recovered funds – 20%  
• Provost – 20%
• General Fund (Facilities Infrastructure) – 40%

For all other proposals, recovered funds are distributed as follows.

• Appointing Office of unit generating the recovered funds – 40%  
• Provost – 20%
• General Fund (Facilities Infrastructure) – 40%

It is anticipated that, when appropriate, recovered funds will be used strategically for research initiatives, faculty start-ups, bridge funding and required cost share, and to provide the necessary administrative support for research projects. Indirect cost recovery funds cannot be used to increase the principal investigator’s annual compensation.

POLICY STATEMENT
This document establishes Grand Valley State University's (University) official policy governing the approval and management of service or consulting agreements that employees through the University, meaning cases in which the University would be the contracting party. These are agreements under which Principal Investigator (PI)-Eligible faculty and/or Administrative/Professional (A/P) staff members are obligated to provide specified services or "deliverables" and that do not fall squarely within the traditional framework of research or teaching activities. While these agreements may have research, scholarly, or other benefits to the University, those benefits are a secondary aspect, not the primary purpose of the activity. The terms "service agreement" or "consulting agreement" are intended to be descriptive; such agreements could have other labels or titles.

In some cases, employees who may consider providing services independently of the University as consultants will do this for their own account, on their own time, and using their own resources and subject to applicable University policies. However, review and approval of all proposed service and consulting agreements under this policy is required to ensure compliance with employment, tax, and intellectual property law; regulatory requirements governing research and the use of certain kinds of data; and institutional policies regarding student engagement in externally funded activity and the appropriate use of University resources.

The University should be the contracting party only when justified by compelling reasons that meet the General Criteria of this policy. There are occasions, however, when a PI-Eligible faculty or AP staff member wants to provide a service through the university. For example, the activity may have a strong academic and/or University programmatic component and the faculty or A/P staff member may want to be able to use University facilities, resources, staff, or students to carry out the proposed contractual activity. In those circumstances, this policy allows for the University to act as the contracting party, but only if the activity in question meets the General Criteria of this policy.

By way of illustration, but without limitation, services that PI-Eligible faculty and A/P staff members may seek to provide through this policy may include:

- Performing an evaluation or assessment of an external program, such as an educational program or public-health initiative;
- Establishing rating criteria, such as standards for measuring health or safety outcomes;
- Providing technical assistance to a foreign government in areas such as social, health or economic services;
- Delivering professional-development services;
- Partnering with industry to engage students in technical projects the delivery of which will contribute to the educational goals of the students involved; and/or
- Assisting a city government in its urban planning.

PROCEDURES
This policy designates authority to the Vice Provost for Research Administration or the designee to establish such operational procedures as deemed necessary to implement the policy, and ensure operational efficiency, proper oversight of compliance and financial management, and ensure the success of externally sponsored projects at the University.

DEFINITIONS
Authorized Organizational Representative (AOR): The official to whom the Provost delegates authority to submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University and to accept on behalf of the University any awards, contracts, or agreements resulting from such proposal submissions or other solicitation processes. PI-Eligible: University faculty and AP staff members who are documented as eligible to serve as a Principal Investigator as defined in the University's Principal Investigator Eligibility Policy.

Benefits and Risks
Often, participating in service agreements involves high-profile and challenging projects that may benefit members of the university community by, for example:

- Adding significantly to faculty, staff, and student expertise;
- Demonstrable connections to curricular and co-curricular development, new teaching cases, program development in executive education, and professional development;
- Engaging faculty in domestic and international matters that are highly relevant to their teaching and scholarship, or employees in their administrative responsibilities; and/or...
• Initiating or reinforcing strong institutional relationships that can serve long-term University interests.

Though there may be much to recommend the pursuit of these opportunities, especially where there is substantial potential to advance scholarship, education, and service, these arrangements may also pose risks that need to be managed. Service and Consulting Agreements are more complicated for the University to manage than routine sponsored-project agreements because of the expectations of the external entities, who perceive themselves as clients or customers rather than sponsors.

The following potential risk factors will be considered in the evaluation of Service and Consulting Agreements:

• The University, as the contracting party in these agreements, bears the risk of liability or reputational harm for non-performance or poor performance of agreed-upon tasks and for unsatisfactory contract “deliverables.” Potential risks reach beyond the payments to the University and could include monetary damages from the downstream effects of contested performance.

• Unlike in sponsored-project arrangements (i.e., assistance awards, such as grants or cooperative agreements), in which the sponsor may be presumed to be committed to the principles of objective science or the enhancement of the public welfare, “clients” or “customers” in service arrangements may be more focused on obtaining specific results and will likely be more involved in directing performance of the services. Institutional integrity and impartiality may be called into question if expectations are not properly managed at the outset.

• The use of the University’s students and staff to assist in these projects also raises unique policy issues. The University has a duty to students in particular. They should not be made to work on projects unless the work advances their educational goals. The interests of employees, students, and the institution must be safeguarded in the negotiation of such arrangements to assure them that they may generate and publish works of scholarship, receive proper credit for their work, obtain appropriate intellectual property or other proprietary rights in the work product, and avoid confidentiality or other obligations that may compromise transparency and injury reputations.

• Special attention must be paid to assure that these arrangements comply with the university’s obligations as a tax-exempt organization (e.g., IRS regulations regarding Unrelated Business Income).

General Criteria
The proposed Service and Consulting Agreement must:

1. Advance the core mission of the academic or non-academic organizational units that will carry it out;
2. Provide a significant institutional and/or public benefit; and,
3. If students are to participate in the activity, provide both a learning experience that advances student educational goals and that students will be free to use and disclose details of the experience in their academic and career pursuits, unless a Non-disclosure Agreement has been approved by the Office of the Vice Provost for Research Administration.

The determination as to whether a proposed Service and Consulting Agreement meets these criteria shall be the responsibility of the employee’s Appointing Officer. Such determinations shall be documented using University procedures for sponsored activity.

In addition, the proposed Service and Consulting Agreement must:

1. Present manageable and limited risks;
2. Be accurately budgeted to generate sufficient revenue to pay for full performance that includes both the direct charges associated with the activity and the university’s full federal negotiated facilities & administrative cost rate;
3. Be properly accounted for from a tax perspective;
4. Be reviewed and processed by the Technology Commercialization Office and the Office of Sponsored Programs (which may include the execution of a non-disclosure agreement to protect the intellectual property of the parties to the agreement); and
5. Receive approval from the employee’s Appointing Officer.
6. Be approved and submitted by the Vice Provost of Research Administration and/or designee.

And finally, once the Service and Consulting Agreement is fully executed, and throughout the performance of the contractual scope of work, the PI and responsible organizational unit must ensure that the activity complies with:

1. The contracted scope of work, timeline, and all agreed deliverables;
2. All applicable federal and state laws and regulations (e.g., export controls, use of human or animal subjects, intellectual property rights, disclosure and mitigation of financial and other conflicts of interest); and, and
3. All relevant University policies, such as invoicing for payment via the central accounting office of the University, and the use of the University’s name, facilities, equipment, supplies, and other resources.

PRINCIPAL INVESTIGATOR ELIGIBILITY POLICY
SLT 3.11.7
Date of Last Update: October 15, 2018
Approved By: Senior Leadership Team

POLICY STATEMENT

For each externally sponsored project, it is customary to designate as PI one person who bears ultimate responsibility for scientific, technical, and programmatic decisions, and all financial, administrative, and compliance matters relating to the project. It is the policy of Grand Valley State University that only eligible University faculty, staff, and trainees and appointees (when appropriate) may serve as the PI on externally sponsored projects to be carried out on behalf of the University.

Serving as the nominal project leader to lend credibility to a proposal while delegating PI responsibility to another person (i.e., “fronting” as the PI) is never permissible and is considered a violation of this policy.

PI eligibility is conferred in one of two ways: (1) automatically, by position, and (2) via special request, both subject to training as required by this policy.

1. Automatic Eligibility: PI eligibility is automatically conferred upon tenured and tenure-track faculty at the rank of Professor, Associate Professor, or Assistant Professor.

Special-Request Eligibility: If PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s).

Certain non-academic units (e.g., the University Art Gallery, Small Business Development Center, Johnson Center for Philanthropy, Van Andel Global Trade Center) may request long-term PI status for the director, associate director, and other Administrative/Professionals (regular, full-time employees), as they deem appropriate. These personnel are all subject to standard Compliance and Training requirements for PI Eligibility.

1. Fellowships and Training Opportunities

Trainees (typically graduate students and post-doctoral fellows) may be eligible to be PIs on fellowship and training programs when that designation is required by the funding agency as documented in a funding opportunity announcement and a PI-eligible faculty or staff member is identified and documented as their sponsor/mentor. In this circumstance, a trainee’s PI eligibility is conferred and verified by the applicable Department/Unit Head’s approval during the internal proposal-routing process. It is not necessary to document approval of trainee PI eligibility via Special Request.

Trainee PI status is consistent with the treatment of all Special Requests for PI eligibility, in that it is conferred on a case-by-case basis; it does not confer blanket PI eligibility status for any other externally sponsored projects.

Compliance and Training Requirements
However, it is conferred, PI Eligibility Status is contingent upon the documented completion of all required compliance and sponsored-projects training. Training requirements, certification, and documentation are determined and administered collaboratively by the Vice Provost for Research Administration, the Office of Sponsored Programs, the Office of Research Compliance & Integrity, and the Controller.
PROCEDURES

This policy designates authority to the Vice Provost for Research and the Director of Sponsored Programs to establish such operational procedures as they deem necessary to implement this policy, and ensure operational efficiency, proper oversight of compliance and administration, and the success of externally sponsored projects at the University.

It is the responsibility of the Office of Sponsored Programs to review all proposals to fund externally sponsored projects to determine and document PI eligibility prior to proposal submission. Proposals put forward by individuals without documented PI eligibility will generally not be approved for submission. Awards resulting from proposals submitted by ineligible PIs who either knowingly or unwittingly circumvent the standard approval process will generally not be accepted by the University.

Responsibilities of All Principal Investigators

Although the University is legally responsible to the sponsor as the actual recipient of any externally sponsored award, the Principal Investigator (PI) is accountable for the proper fiscal management and conduct of the project. This includes managing the project within funding limitations and all of the terms of the award, assuring that the sponsor is notified when significant conditions related to project status change, and ensuring that all programmatic reporting requirements are met in a timely fashion. To assist PIs, the University provides supporting administrative services and has established procedures to help meet both sponsor and University requirements. While responsibility for the day-to-day management of project finances may be delegated to administrative or other staff, accountability for compliance with federal requirements, University policies, and sponsor requirements ultimately rests with the PI. The full cooperation and vigilance of the PI, along with the University, is necessary to maintain the stewardship role.

1. Preparation of Proposals

Principal Investigators have primary responsibility for planning and carrying out the preparation and submission of proposals for external support. Although PIs may have administrative staff to assist with the proposal-development process, they are ultimately responsible for the quality and scientific integrity of the proposal, and for understanding and complying with all University policies for managing external support.

a. Technical Proposal

The Principal Investigator is responsible for preparing the technical proposal.

b. Proposal Budget

The Principal Investigator prepares, or directly supervises the preparation of, all aspects of the proposed budget and budget justification. This responsibility includes coordination with Procurement Services and compliance with all procurement policies and procedures. It also includes identifying any requests and sufficient resources for cost sharing (including matching funds); the need for space or space modifications (including any accommodations for large and/or unusual equipment); and the need for outside collaborators (sub-recipients, contractors, consultants). The PI ensures all costs are allowable, allocable, and reasonable for the project in accordance with the federal cost principals set out in OMB 2 CFR 200, and that all proposals include full recovery of all anticipated project costs. Full recovery includes recovery of indirect costs at GVSU’s negotiated federal rate or (in the case of non-federal sponsors or federal training grants) the maximum rate allowed under published sponsor policy.

c. Regulatory Requirements

The PI is responsible for anticipating whether the research will involve human subjects, live animals as subjects, recombinant DNA, infectious agents, narcotics or biological toxins, human blood or body fluids, radioactive materials, hazardous materials, export controls, conflicts of interest, or other regulated activities requiring University review or clearance. The PI is responsible for preparing information and forms required for review by the University’s Office of Research Compliance & Integrity.

d. Project Approvals

The Principal Investigator prepares, or directly supervises the preparation of, and electronically signs internal proposal-approval forms, and requests required approvals in a timely fashion.

2. Acceptance of the Award

The PI is responsible for collaborating with the Office of Sponsored Programs in any negotiations with the sponsor relating to modifications of the project scope or budget or proposed terms and conditions of the award.

The Principal Investigator is responsible for reviewing and approving the award agreement, in conjunction with OSP, including the scope of work, budget, and the special terms and conditions of the award, and for managing the award in accordance therewith.

3. Conduct and Management of Award

The Principal Investigator is responsible for all actions required to manage and complete the scientific, programmatic, and financial aspects of the externally sponsored project in accordance with all of its terms and conditions, including the performance of all sub-recipients. The Principal Investigator is also responsible for the management of the award budget and expenditures in accordance with federal, GVSU, and sponsor requirements. This responsibility includes attesting to the allowability, allocability, and reasonableness of all expenditures. Principal investigators are responsible for routine monitoring of the status of grant accounts to prevent overdrafts and incorrect charges and to ensure that unallowable costs are not charged to an award.

The Principal Investigator is responsible for the timely submission of all required programmatic reports, interim and final. The information contained in such reports must be supported by adequate documentation. The Principal Investigator will provide copies of all required programmatic and progress reports to the OSP and the Grants Accounting office.

DEFINITIONS

Externally Sponsored Project: All grants and cooperative agreements (direct assistance actions); all incoming or outgoing sub-recipient agreements or subawards (pass-through assistance actions); certain incoming or outgoing contracts (i.e., externally sponsored procurement actions), including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include purchasing agreements or philanthropic gifts.

Principal Investigator (PI): An individual with a formal affiliation with the University, normally an employee, who is or becomes eligible under this policy to submit a proposal for extramural support for a research, training, public-service, or other externally sponsored project, who personally participates in the project to a significant degree, and who has primary responsibility for the scientific, technical, programmatic, and administrative conduct and reporting of the project, including compliance and financial matters. A Principal Investigator who is the head of a training or other sponsored project may be known as a Project Director. For the purposes of this policy, the terms shall be considered equivalent. The University only recognizes one individual as the Principal Investigator and this individual must personally participate in the project to a significant degree.

Co-Investigator (Co-I): An investigator who will share responsibility for the scientific, technical, and/or administrative conduct and reporting of a research or sponsored project with the Principal Investigator. Each individual named as a Co-Principal Investigator at the University must meet the same eligibility requirements as a PI as noted above. There may be more than one Co-Principal Investigator, but one person is designated as the leader (PI) of the project. While the University allows this approach, not all sponsors allow Co-PI models. In certain cases, a sponsor (e.g., the National Institutes of Health—NIH) may allow a Multiple Principal Investigator model to be employed in a research or sponsored project. Such models feature multiple PIs who are expected to equally share responsibility for leadership of interdisciplinary and other types of “team science” projects that are not optimally served by the single Principal Investigator model. Such models typically require a single “Contact PI” and special justification in the form of a Multi-PI Plan that documents processes for project governance and resolution of conflicts.

TEXTBOOKS AND COURSE MATERIALS POLICY

SLT 3.12

Date of Last Update:
October 10, 2016

Approved By:
Senior Leadership Team

Responsible Office:
Provost Office

POLICY STATEMENT

Textbooks and related course materials continue to be essential to the delivery of knowledge. For various reasons, the cost of those materials has continued to rise. The goal of the University is to provide the best quality educational resources at the lowest possible cost to the students by minimizing the cost of textbooks and course materials used at the university while maintaining quality of education and academic freedom.

PROCEDURES
The Provost's Office is responsible for overseeing the faculty role in textbook selection. It discharges that responsibility by working closely with the Deans of the colleges. Business and Finance is responsible for overseeing the practices of the GVSU Laker Store.

Responsibilities of the Faculty:

- Faculty members shall submit lists of required textbooks, recommended textbooks and supplemental course materials to the GVSU Laker Store by the specified deadlines.
- Faculty are expected to compare various textbook options and to make the selection by taking into account pedagogical value, price, and availability. If all other considerations are about the same, the less expensive option should be selected. When there are multiple sections of a course taught by different instructors, it is preferable (but not required) that departments order the same textbook for all sections, in order to benefit students who may be adjusting their schedule during drop/add week and to support inventory management for the GVSU Laker Store.
- When faculty wish to require the purchase of any published textbooks or materials for which they have or will receive royalties or revenue, this decision shall be reviewed by the Unit Head, who shall determine whether the selection is appropriate, taking into account the criteria above. The purpose of the review is to disclose and to manage any actual or potential conflict of interest. The Unit Head may authorize that the review be conducted by a designee if certain disciplinary expertise is needed or if the Unit Head cannot provide a neutral review. If the Unit Head cannot identify a designee, then the review shall be conducted by the Dean or designee.

Responsibilities of the GVSU Laker Store:

- The GVSU Laker Store will continue to reduce textbook prices whenever possible.
- The GVSU Laker Store will buy back used textbooks, and the following semester make the used copies available at reduced price and display them next to the new ones.
- When filling departmental textbook orders, the GVSU Laker Store shall acquire as many used but still up to date copies as possible, make them available at reduced price, and place them next to the new ones.
- The GVSU Laker Store will display the required texts and materials with the course instructors' names and course section numbers. This will help students make informed decisions when finalizing course schedules.

TRAINING OF PERSONNEL INVOLVED IN ANIMAL RESEARCH

SLT 3.13
Date of Last Update:
July 31, 2008
Approved By:
Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT
In conduction of research, all people working with laboratory animals must be qualified to do so in order to ensure the humane treatment of animals. As such, Grand Valley complies with the Animal Welfare Act as described below.

PROCEDURES
The Animal Welfare Act (AWA) Sec. 2.32 (a), (b), and (c) specify:

(a) It shall be the responsibility of the research facility to ensure that all scientists, research technicians, animal technicians, and other personnel involved in animal care, treatment, and use are qualified to perform their duties. This responsibility shall be fulfilled in part through the provision of training and instruction to those personnel.

(b) Training and instruction shall be made available, and the qualifications of personnel reviewed, with sufficient frequency to fulfill the research facility’s responsibilities under this section and §2.31.

(c) Training and instruction of personnel must include guidance in at least the following areas:

(1) Humane methods of animal maintenance and experimentation, including:
   (i) The basic needs of each species of animal;
   (ii) Proper handling and care for the various species of animals used by the facility;
   (iii) Proper pre-procedural and post-procedural care of animals; and (iv) Aseptic surgical methods and procedures;

(2) The concept, availability, and use of research or testing methods that limit the use of animals or minimize animal distress;

(3) Proper use of anesthetics, analgesics, and tranquilizers for any species of animals used by the facility;

(4) Methods whereby deficiencies in animal care and treatment are reported, including deficiencies in animal care and treatment reported by any employee of the facility. No facility employee, Committee member, or laboratory personnel shall be discriminated against or be subject to any reprisal for reporting violations of any regulation or standards under the Act;

(5) Utilization of services (e.g., National Agricultural Library, National Library of Medicine) available to provide information:
   (i) On appropriate methods of animal care and use;
   (ii) On alternatives to the use of live animals in research;
   (iii) They could prevent unintended and unnecessary duplication of research involving animals; and
   (iv) Regarding the intent and requirements of the Act;

The PHS Policy, Section IV.G.1.f. places the responsibility specifically with the IACUC to ensure that personnel conducting procedures on research animals are appropriately qualified and trained in those procedures. The Institutional Animal Care and Use Committee may require additional training for each individual, depending on their prior training and experience with animals.

UNITED STATES GOVERNMENT DOCUMENTS INTERNET USE

Responsible Office:
University Libraries

POLICY STATEMENT
Grand Valley State University Libraries will provide the public with free and unrestricted access to online government information provided through the Federal Depository Library Program in accordance with
specifically sustainability and effective teaching. The concept of sustainability includes modeling a lifestyle of healthy living through active living, which this policy supports. The exercise release time policy reflects University's mission by providing opportunities for faculty and staff to maintain optimal health and capacity to educate students. The policy supports university values, including the importance of physical activity and well-being.

POLICY STATEMENT

The University recognizes the need for family and medical related leave. The following policy complies with the Family and Medical Leave Act (FMLA) and provides guidelines for procedures regarding paid or unpaid leave. By enacting this policy Grand Valley aims to allow necessary time away from the university for individuals to cope with and adapt to various family and medical related situations as described in this policy.

PROCEDURES

Adoption Leave

Grand Valley State University provides paid time off for bonding for all GVSU employees who are eligible for salary continuation/short term disability policies holding parental relationships for adoption. Please refer to the Parental Leave Policy regarding paid leave time.

Qualifying Expenses

Qualifying adoption expenses will be reimbursed up to a maximum of $3,000 per child. Qualifying expenses are defined as those that are reasonable and necessary adoption fees, court costs, attorney fees, traveling expenses while away from home, and other expenses related to, and whose principal purpose is for, the legal adoption of a child.

Process for Applying for Benefits

Upon formal placement of the adopted child, submit an adoption assistance claim form to Human Resources at 1090 James H. Zumberge Hall along with detailed receipts for eligible expenses. Human Resources will determine eligible expenses, the amount payable for reimbursement and will submit a request to the Payroll Office for payment. The reimbursement will be processed with the next payroll.

Taxation of Benefits

The amount of tax credits and exclusions available to adopting parents vary. Since an employer's adoption assistance is not subject to income tax withholding, GVSU will not determine the extent to which the payment of reimbursement on behalf of each employee is eligible for the exclusion. However, GVSU will withhold taxes only for Social Security and Medicare.

Adding Dependent to Insurance

At the time of placement, you may add your child to your benefit plans. Any additions or changes must occur within 30 days of the official placement. Contact Human Resources at 331-2215 to add dependent.
The policy provides opportunities for physical activity during the workday encouraging and promoting health risk reduction. It has been shown that physical activity increases attentiveness, reduces stress and biochemical functions such as blood pressure and glucose levels. A healthier faculty and staff population with fewer health risks can increase the number of positive interactions between faculty, staff and students through improved attentiveness, reduced stress and more.

Upon supervisor approval, GVUSU staff may utilize up to two (2) 30 minute time periods a week to allow time to refresh up from, or to prepare for, a fitness class or individual workout. Pending schedules and workload, up to two additional 30-minute time periods per week may be permitted. This time can be added to the beginning of the workday, added to the lunch period, or to the days end and is inclusive of travel time if needed (i.e. to the Field house or YMCA for a class). Days and times to utilize this policy may be determined with the help of a written agreement between the supervisor and staff member (see HR website for this optional written agreement form). The release time may be divided into time prior to or after the indicated workout period. For further information contact Human Resources at 331-2215.

**FAMILY AND MEDICAL LEAVE ACT (FMLA) POLICY**

**SLT 4.3**

**Date of Last Update:**
February 04, 2002

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Human Resources

**POLICY STATEMENT**

The Family and Medical Leave Act of 1993 (FMLA) gives eligible Grand Valley State University faculty and staff the right to take unpaid leave or paid leave, if appropriate benefits have been earned, for a period of up to 12 weeks in a 12-month period because of the birth of a child or the placement of a child for adoption or foster care, because the faculty or staff member is needed to care for a family member (child, spouse, or parent) with a serious health condition, or because the faculty or staff member's own serious health condition makes them unable to do their job, or because of any qualifying exigency arising out of the fact that the staff member's spouse, child, or parent is a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation, or to care for a covered servicemember with a serious injury or illness if the staff member is the spouse, child, parent, or next of kin of servicemember. Leave taken for one or more of these reasons, when combined together, may not exceed 12 weeks during the rolling backward 12-month period. Under certain circumstances, this leave may be taken on an intermittent basis rather than all at once, or the faculty or staff member may work a part-time schedule.

**PROCEDURES**

A faculty or staff member on FMLA leave is entitled to maintain the same health benefits (such as medical, dental and vision insurance) as they had before going on leave. The faculty or staff member, however, would continue to pay their share of any applicable premiums during the leave period.

A faculty or staff member generally has a right to return to the same position or an equivalent position with equivalent pay, benefits and working condition at the conclusion of the leave.

Grand Valley State University also requires notification, as explained in this policy, from faculty and staff members who wish to take a leave under the parameters of the FMLA.

**A. Who is eligible for FMLA?**

1. All full-time and part-time faculty or staff members who meet all of the following criteria:
   a. Have worked at Grand Valley State University for at least 12 months.
   b. Have worked at least 1,250 hours of service during the 12-month period before the leave.

2. Grant, contract and temporary-funded faculty or staff members may be eligible for benefits under the FMLA during the term of their grant, contract or funding. The provisions of the FMLA do not continue past the date the funding or contract expires.

**B. Notification Requirements**

1. In order to receive leave under the FMLA, the faculty or staff member must notify their supervisor and Human Resources of the need for leave. When possible, this should be a minimum of 30 calendar days prior to the date the leave will begin.

2. If the faculty or staff member is unable to provide 30 days advance notice (such as a medical emergency) the faculty or staff member must notify their supervisor and Human Resources as soon as possible.

3. Failure to provide advance notice (when determined it was possible to do so) may result in delaying approval of the FMLA leave.

**C. Faculty/Staff Job Rights**

1. Subject to the specific limitations contained in this Policy, eligible faculty or staff members may take a total of up to 12 weeks of FMLA leave during a 12-month period.

2. The faculty or staff member will be returned to their position or equivalent position at the end of the FMLA leave, provided: the grant/contract/term of employment did not expire during the leave or the University is still offering those services previously performed by the faculty or staff member at the time the faculty or staff member is ready to return to work, or the faculty or staff member's position was not eliminated due to a business or economic reason.

3. If a faculty or staff member is requesting an intermittent or reduced schedule leave, the University has the right to transfer the faculty or staff to another position during the time period of such leave. However, such a temporary transfer would be to a similarly situated and similarly classified position. The faculty or staff member's salary, benefits, etc. would not be negatively affected.

4. If a faculty or staff member does not return to work after the FMLA leave is over and they do not apply for and receive approval for another University leave, they will be considered to have voluntarily resigned employment with the University.

5. The University will not discharge or discriminate against, or otherwise interfere with, restrain or deny a faculty or staff member from exercising rights under the FMLA.

**D. Time Period**

1. For purposes of the FMLA, the 12-month period will be a "rolling" 12-month "look back" period based on the faculty or staff member's use of the FMLA leave during the previous 12 months. Therefore, an employee will not be entitled to more than 12 weeks of FMLA leave during any 12-month period.

2. A faculty or staff member requesting a FMLA leave may be required to use available accrued vacation for all or part of the leave. If they do not have enough accrued vacation to cover the leave period they may use a combination of vacation and unpaid leave.

3. University policies on leaves of absence, sick leave, salary continuation etc., will run concurrently with the provisions of the FMLA when applicable. Additional paid or unpaid leave may be considered, consistent with other University approved leave of absence policies.

**E. Faculty/Staff Member Benefits**

1. The faculty or staff member on FMLA leave will continue to receive University provided medical and dental insurance as though they were working. Such benefits will continue whether the leave is paid or unpaid. If a premium is required, provision to pay the premium during an unpaid leave must be arranged by the faculty or staff member by contacting the Human Resources Office. The same procedure will be followed for collecting premiums under an unpaid FMLA leave as is done for other unpaid leaves. Failure to make required payments will result in loss of coverage, or in an obligation to repay the University if it elects to advance moneys to keep the coverage in effect. If the leave is paid, any required premium will continue to be deducted from the faculty or staff member's paycheck, as is the customary manner.

2. If a faculty or staff member does not return from the FMLA leave, they may be required to repay the University for the cost of benefits received while they were on leave.

3. If the faculty or staff member does not return from leave, they may continue their medical and dental coverage by paying all required premiums under the COBRA provisions.

**F. Intermittent and/or Reduced Schedule Leaves**

1. Faculty or staff members may request and be granted intermittent/reduced schedule leave in the case of a serious illness of themselves, their parent, spouse or child if there is a medical necessity, or for the birth of a child, adoption or foster care in collaboration with approval of the supervisor, and if the leave needs can be best accommodated through such a leave.

2. Intermittent/reduced schedule leave must be scheduled whenever possible at least ten (10) days in advance.

3. Intermittent/reduced schedule leave must be taken in 15-minute increments.

4. Intermittent/reduced schedule leave is counted toward the 12 week maximum FMLA leave which can be used during a 12-month period.

5. Intermittent/reduced schedule leaves, unless otherwise noted, are subject to the appropriate general provisions of this policy.
6. The faculty or staff member is required to schedule intermittent leave, when possible, so not to unduly interfere with the department's operations.

7. If the faculty or staff member was temporarily transferred to another position during their intermittent or reduced schedule leave, the employee must give the University ten (10) days notice of the ability to end the leave and return to their former position or an equivalent position.

G. Conditions and Procedures for Birth and Adoption (Family Leave)

An eligible faculty or staff member is entitled to take up to 12 consecutive weeks off for family leave for the birth of their newborn child, for the legal adoption of their child, or, to accept foster care placement of a child. The following conditions apply:

1. The 12 weeks of leave is typically taken consecutively and must be within the first 12 months after the birth or adoption. Intermittent or reduced schedule leaves may be considered and will be done in collaboration with and the approval of the supervisor and Human Resources.

2. Each employee is entitled to 12 weeks, regardless of how many pay periods they are employed. In that case, the total number of bonding weeks taken between the two faculty or staff members cannot exceed 12. This does not include the personal medical recovery period for a birth parent. Leave time must be taken concurrently, unless otherwise approved by the University.

3. The medical recovery period for the birth of a baby will be considered as a medical leave, and be counted towards the 12 weeks of FMLA. This bonding period must be taken within the first 12 months following the baby’s birth. The bonding period will also be counted towards the 12 weeks of FMLA.

4. The faculty or staff member requesting family leave for birth/adoption (other than under the provisions of Income Protection) may use available accrued vacation time, unpaid leave or a combination of paid and unpaid leave as part of the FMLA leave, or the University may require the faculty or staff member to substitute available paid leave for FMLA leave. If the employee does not have enough paid benefit time to cover the leave, they will go on an unpaid leave.

5. Verification of adoption, birth of a child of foster placement may be requested.

H. Procedures on Serious Health Condition of Family Member

An eligible faculty or staff member is entitled to take up to 12 weeks off from work to care for a spouse, parent or child with a serious health condition.

1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

2. The term “serious health condition” includes both physical and psychological care when the family member is unable to care for their own basic medical hygienic or nutritional needs or safety, or is unable to transport themselves to the doctor, etc. It also includes time needed to make arrangements for changes in care, such as transfer to a nursing home.

3. A “child” includes a biological, adopted, foster child, stepchild, legal ward, or a child of a person standing in loco parentis who is under the age of 18 or, if older than 18, is incapable of self-care because of mental or physical disability. The term “spouse” means husband or wife. “Parent” is the person who acted as a parent when the faculty or staff member was a child but does not include mother-in-law or father-in-law.

4. The leave may be taken intermittently or on a reduced schedule but the total amount of time off cannot exceed 12 weeks of the faculty or staff member’s normal hours worked.

Example: Full-time faculty or staff member: 40 hours/week X 12 weeks = 480 hours
Part-time faculty or staff member: 20 hours/week X 12 weeks = 240 hours

5. Only in cases where both parents are university employees and one must stay home to care of the other who is seriously ill or, where there is a serious illness of a child that is so serious as to require a parent to stay with the child, can each parent take 12 weeks off.

I. Procedures on Faculty/Staff Member’s Own Serious Health Condition

An eligible faculty or staff member is entitled to take up to 12 weeks off from work due to their own serious health condition, which prevents them from being able to perform the functions of their position.

1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

J. Military Family Leave

An eligible faculty or staff member is entitled to take up to 12 weeks off from work because of any qualifying exigency arising out of the fact that the staff member’s spouse, son, daughter, or parent is a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation.

2. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

3. The University will provide eligible employees up to 26 weeks of leave during a single (one time only) 12-week period for care of a covered service member (spouse, son, daughter, parent, or next of kin).

Example: Full-time faculty or staff member: 40 hours/week X 12 weeks = 480 hours
Part-time faculty or staff member: 20 hours/week X 12 weeks = 240 hours

4. The leave may be taken intermittently or on a reduced schedule but the total amount of time off cannot exceed 12 weeks of the faculty or staff member’s normal hours worked.

Example: Full-time faculty or staff member: 40 hours/week X 12 weeks = 480 hours
Part-time faculty or staff member: 20 hours/week X 12 weeks = 240 hours

5. Only in cases where both parents are university employees and one must stay home to care of the other who is seriously ill, or, where there is a serious illness of a child that is so serious as to require a parent to stay with the child, can each parent take 12 weeks off.

K. Certification of Need for FMLA Leave

1. Initial Certification - Grand Valley may require certification from the faculty or staff member’s health care provider for the following reasons: to verify that the faculty or staff member is needed to care for the family member, or the faculty or staff member is not able to perform their job duties. The University reserves the right to ask for a second opinion by a health care provider chosen by the University. Such an opinion will be paid for by the University. If the University requests a third opinion, that opinion will be final and binding. If the second opinion and the original opinion conflict, the University will pay for a third opinion. The University and the faculty or staff member will work together to reach agreement on whom to use for the third opinion. All certification must be provided to the University within 15 calendar days of the University’s request.

2. Continuing Certification - Each 30 days, the University may request verification of the need to continue the leave. Failure to provide such requested documentation in a 15-day period may result in termination of FMLA leave.

3. A “health care provider” may include, for example, a licensed doctor of medicine or osteopathy, dentist, clinical psychologist, and other health care providers authorized by the Board of Trustees of the University.

L. Questions and Policy Interpretation

1. The Human Resources Office is responsible for implementing and coordinating the provisions of the FMLA for the campus. Questions may be directed to the Human Resources Office, extension X12215.

2. If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where University policy, handbooks or contracts provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

MILITARY LEAVE OF ABSENCE POLICY FOR FACULTY STAFF

SLT 4.5

Date of Last Update: February 04, 2022

Approved By:

Senior Leadership Team

Responsible Office: Human Resources

POLICY STATEMENT

Grand Valley State University faculty and staff members in the Armed Forces, Reserves, National Guard, or other "uniformed services" who are called to active duty will be granted an unpaid leave of absence and reinstatement privileges as prescribed by the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

"Uniformed services" includes: active duty, active duty for training, active duty for special work, weekend or weekday drill, funeral honors, or fitness for duty examination (whether voluntary or involuntary).

PROCEDURES

Military leave is available to all full and part-time faculty and staff of the University, including probationary staff members.

A. Military Duty Pay

A regular faculty or staff member who loses time from work during their regular schedule of hours because of military training as a reservist or National Guardsman or due to a civil disturbance, not exceeding four (4) weeks per year, shall be paid the difference between their base military pay and their regular pay. Adjunct faculty and temporary staff members are not eligible for military duty pay.

B. Benefits

The University will continue to provide health insurance for benefit eligible faculty and staff members, as well as their enrolled dependents, who are on duty less than thirty (30) days. Faculty and staff members serving for more than thirty 30 days may elect to continue health insurance coverage for themselves and any enrolled dependents through COBRA.

C. Leave Period

Faculty and staff members are entitled to an unpaid military leave of absence, with reemployment rights, for a period up to five years. The five years is a cumulative total and includes both past and present military service. Military leave for adjunct faculty and temporary staff will not extend beyond the appointment end date.

D. Reinstatement Requirements

Regular faculty and staff members have the right to be reemployed at the University following a military leave of absence as long they meet the following reinstatement requirements.

1. The faculty or staff member ensures that Human Resources or the applicable appointing officer receives advance written or verbal notice of your service.
2. The faculty or staff member has five (5) years or less of cumulative service in the uniformed services while employed at the University.
3. The faculty or staff member returns to work or applies for reemployment in a timely manner after conclusion of service, and
4. The faculty or staff member has not been separated from service with a disqualifying discharge or under other than honorable conditions.

Military leaves of absences for temporary staff and adjunct faculty will not extend beyond the appointment end date.

If eligible to be reemployed, a faculty or staff member has the right to be restored to the job and benefits they would have attained if they had not been absent due to military service or, in some cases, a comparable job. The faculty or staff member’s seniority would also be restored to the level they would have attained if they have been on duty at the University continuously.

Questions and Policy Interpretation

The Human Resources Office is responsible for implementing and coordinating the provisions of the Military Leave of Absence Policy for the University. Questions may be directed to the Human Resources Office at (616) 331-2215.

If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where the University policy, handbooks or bargaining agreements provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

SMOKING (AND VAPING) POLICY

SLT 4.6

Date of Last Update: February 04, 2022

Approved By:

Senior Leadership Team

Responsible Office: Human Resources

POLICY STATEMENT

The United States Department of Health and Human Services Surgeon General Report of 2006 indicates that secondhand smoke is an avoidable cause of disease and death. Exposure to second hand smoke, even for a short time, results in adverse effects to the cardiovascular system and can cause coronary heart disease and lung cancer. The report concludes that second hand smoke can cause disease and premature death in individuals who do not smoke. Reducing and eliminating opportunities for exposure to second hand smoke protects the overall health of non-smokers. By enacting this policy, Grand Valley State University is taking action to minimize the harmful effects and discomfort which smoking produces for the benefit of all members of the University Community. During the interim until further study and review can be concluded, for purposes of this policy, the use of electronic cigarettes (vaping) shall follow this policy to the same extent as smoking a tobacco product.

PROCEDURES

All buildings at all GVSU owned or controlled locations are designated as smoke free. Smoking is prohibited in all indoor spaces; including, but not limited to, educational, housing and dining locations.

Smoking is prohibited within twenty-five (25) feet of any GVSU building, within twenty-five (25) feet of any GVSU bus stop on University property and within twenty-five feet of the Little Mac Bridge on the Allendale campus.

Smoking is prohibited in all University owned, leased or rented vehicles.

At all Intercolligate Athletic facilities and at The Meadows Golf Club smoking is permitted in designated outdoor smoking areas only.

Smokers must cease smoking prior to entering any prohibited smoking area; twenty-five feet from any building, bus stop and bridge.
While GVSU permits smoking in areas not designated to be smoke free, it is the responsibility of smokers to be respectful of non-smokers in choosing a location in which to smoke so as to minimize non-smokers’ contact with second-hand smoke.

Smokers are responsible for properly disposing of all smoking related litter, which includes cigarette and cigar butts, tobacco, etc. Disposal of any smoking litter is not permitted on University grounds except in the provided ash receptacles.

If University facilities are rented by non-University individuals or groups, they shall be notified of and required to comply with this policy.

As the University acquires space or constructs new buildings or additions, smoking shall not be permitted in these buildings or areas. The above twenty-five foot distance from any building will be maintained at all new facilities.

GVSU recognizes that smoking is highly addictive. Smokers interested in assistance with quitting smoking should contact the appropriate office to learn about smoking cessation options and support. Students should contact the Campus Recreation Fitness and Wellness Office and faculty and staff members should contact Human Resources at 331-2215.

**Policy Enforcement**

This policy assumes that with our community individuals will voluntarily adhere to these regulations and enforcement will not be needed. If smoking is observed in violation of this policy the appropriate action to take is to:

- Politely ask the person who is smoking either to stop smoking or to move to a designated smoking area, outside of the twenty-five foot perimeter of the building, bus stop or bridge.
- Should the problem persist, ask the person for his/her name and whether he/she is a student, faculty, staff member or visitor. If the person refuses to identify himself/herself, on the Allendale campus contact the Department of Public Safety Services at (616) 331-3255 or on the Pew Campus or other campuses contact Pew Campus Security at (616) 331-6677 for assistance.
- If the person violating this policy is a student, a complaint may be filed with the Dean of Students’ Office, (616) 331-3585, which shall take appropriate action.
- If the person is a faculty or staff member, a complaint may be filed with that person’s dean, unit head or supervisor who shall act pursuant to the appropriate personnel policies.
- If the person is a visitor, a complaint may be filed with the Department of Public Safety on the Allendale campus or with Pew Campus Security for the Pew Campus and regional campuses who will take appropriate action.

Alcohol and Other Drugs Policy Handbook (ACES)

- Availability of counseling, treatment, and rehabilitation resources
- Enforcement of applicable University policies
- Enforcement of federal and state laws and local ordinances that govern alcohol and other drug use (including underage drinking, hosting, and furnishing laws)

All University employees will, as a condition of employment, abide by the terms of this policy. Faculty, staff, and students are responsible for making decisions within the context of University policies and federal, state, and local laws related to alcohol and other drugs.

**POLICY**

This Policy applies to all faculty, students, staff, contractors, vendors and visitors.

**POLICY STATEMENT**

This policy is intended to enhance the safety and health of students, faculty, staff, contractors, vendors and other visitors, and to supplement the existing GVSU policies, by providing rules and regulations regarding the presence of animals in GVSU facilities.

No person shall bring any animal(s) onto University owned or controlled property unless otherwise permitted by this or other University policy as listed below. Individuals wishing to request a modification or exception to this policy as a reasonable accommodation should contact the Office of Disability Support Resources (https://www.gvsu.edu/dsr).

Individuals who wish to bring a service animal into a University housing facility may do so without prior approval. However, students are strongly encouraged to reach out to the University’s Office of Disability Support Resources (DSR) to ensure that their experience bringing the animal to campus is a positive one. Advance notice of a service animal in housing facilities will enable the University to appropriately plan for the animals’ presence and will allow for flexibility in meeting the student’s needs. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go. Please note that service animals are required to be at least 12 months of age unless an exception to this requirement has been approved by DSR.

Restricted locations include, but are not limited to: teaching laboratories, classrooms, medical and surgical areas, and research areas.

7. Exceptions to restricted areas may be granted on a case-by-case basis by contacting the Office of Disability Support Resources. CANCELLATION/CLOSURE/REMOTE POLICY
SLT 6.3
Date of Last Update: December 10, 2020
Approved By: Senior Leadership Team
Responsible Office: Finance and Administration

POLICY STATEMENT
Grand Valley State University has four operating statuses: Open, Classes Canceled, Closed, or Remote. The operating status of the university could change for a variety of reasons including emergency, utility disruptions, or weather.

TYPES OF OPERATIONAL CHANGE:
¢ Open: The University’s normal operating condition. Students, faculty and staff should assume the university is open unless advised otherwise. County or State Health Department Orders, Executive Orders or similar directives may require temporary modifications to University operations without changing the University Operating Status.
¢ Remote: The most common reason to shift to remote status would be for weather related reasons. Classes will shift to remote delivery whenever feasible. Classes that cannot be delivered remotely will not be held. Staff will shift to remote work from home whenever possible. Essential staff are to report to work. Athletic contests may be held as previously planned subject to approval by the Vice President of Finance and Administration. Other campus events may be held as previously planned subject to approval by the President or Vice President whose division is sponsoring the event.
¢ Classes Canceled: Only classes are canceled. The remainder of the University is open as normal. All staff are to report to work at their regular time. Rare instances of cancelling classes might include unusual student activities or student related crises.
¢ Closed: Classes and campus events will not be held. Only ESSENTIAL staff are to report to work. The university would normally only close for significant and unanticipated events like natural disasters or civil unrest in the surrounding community. It is not anticipated the university would close for weather related events.

When GVSU is closed or shifts to remote, only essential staff are to report. Designated personnel in the following departments are deemed essential and are expected to report:
¢ Department of Public Safety
¢ Facilities Services
¢ Athletic & Recreation Facilities
¢ Food Service
¢ Housing
¢ Information Technology
¢ Library
¢ Facility Services Grand Rapids and Regional Campuses
¢ WGVU Television and Radio

Appointing officers have discretion to call in non-essential staff as circumstances may require.

Students, faculty and staff should assume the university is open unless they are advised otherwise through GVSUAlert!, the university’s emergency notification system, or on www.gvsu.edu. Radio or television announcements should be confirmed with GVSUAlert or www.gvsu.edu. In the case of a shift to remote, every reasonable effort will be made to make the announcement the day prior in order to provide ample time to enable the shift to remote class delivery and work from home preparation for employees.

Guidelines for course delivery in the event of University cancellation, closure or remote status are available here: www.gvsu.edu/committee/initiatives/teaching-challenges-the-event-of-2020.html.

University Criteria for Weather-related Shifts to Remote
In evaluating whether to shift to remote for weather-related reasons, the following criteria are used: 1) the ability of the university’s road crews to keep campus roads and parking lots cleared; 2) the conditions of primary and secondary roads in the area as reported by the Michigan Department of State Police as well as by central dispatch authorities in Kent and Ottawa counties; 3) weather reports regarding the track of the storm and other conditions; and 4) the anticipated length of time of the weather impacts campus operations.

Because commuting students, faculty and staff come from such a broad geographic area, it is extremely difficult to arrive at a decision that is appropriate for each vicinity. Weather conditions rarely are uniform throughout this large area. There is no one decision that will satisfy everyone; however, a diligent effort is made to arrive at a reasonable decision that considers the safety of students, faculty and staff. Under no circumstances does GVSU ask students, faculty or staff to assume undue risk in traveling to the University in inclement weather.

When GVSU Attends shifts to remote because of weather-related conditions, the Pew Grand Rapids Campus, Health Campus and the Meijer Holland Campus will also shift to remote.

GVSU’s classes in Muskegon and the Stevenson Center for Higher Education will follow the operating status of Muskegon Community College.

GVSU’s classes in Traverse City and the office in the NMC University Center will follow the operating status of Northwestern Michigan College.

The operating status of the Annis Water Resources Institute (AWRI), the Muskegon Innovation Hub and the Detroit Center will be made separately, as these facilities host tenants, business events, and functions not necessarily affiliated with university operations.

Any changes in the University’s operating status will be made through GVSUAlert!, on the Grand Valley web home page www.gvsu.edu, and on GVNext at www.gvsu.edu/gvnext. Notifications may also be heard
EVENT SIGNS AND BANNERS POLICY - ALLENDALE CAMPUS

Date of Last Update:
November 05, 2013

Approved By:
• Senior Leadership Team

Responsible Office:
Facilities Services

POLICY STATEMENT

Grand Valley State University event sign and banner policy is intended to establish a uniform system used across campus. The primary function of a sign or banner is to provide information. The effectiveness of distributing this information will be based on consistent design and standards. Implementation and maintenance of the event sign system will be the responsibility of the GVSU Facilities Services Department.

PROCEDURES

Event signs are made by Facilities Services. Banners are provided by the customer. When making a request, please follow the steps listed below:

1. Call Facilities Customer Service at 331-3000 to place your sign or banner request approximately two weeks prior to the event.
2. All banners are to be provided by the customer. There are two (2) locations on campus where they can be hung. One is in front of Lake Huron Hall in the Academic Mall area. The other is at the Northwest side of the Student Services Building facing Campus Dr. The banner(s) will be tied to metal posts that are secured into the ground. Banners may not hang from sculptures, the roof or inside any building, or be placed in the ground at a different location other than the two indicated unless approval has been given by the Associate Vice-President of Facilities Services. Also, approval must be given for any light pole banners. Light pole banner design must conform to Facilities size and construction standards and will be provided upon request.
3. Facilities Services will make and install three (3) real estate style signs for any GVSU sanctioned event on campus. They are 18” x 24”, white with navy blue lettering. Any additional signs ordered will be at a cost of $15.00 each and you must provide a FOAP number. There is a maximum of 15 signs that may be ordered.
4. If you are ordering a real estate sign then please indicate the event name, the location and which parking lot to use. We are able to place quotes or statements on the signs but it is a good idea to keep the letters to a minimum so they can be made large enough to read. Please give a date/time to have these installed and a date/time for removal.
5. Facilities Services will install the real estate signs at the locations the customer indicates. Usually this is at the campus entrances or along Campus Drive. No signs may be installed in front of the arch at the north main entrance or in front of any welcome sign at the campus entrances.
6. Handwritten signage is not allowed and any professional signage brought on campus must have approval by the Associate Vice-President of Facilities Services.
If you have any questions about your signage or need approval please call 331-3000.

POLICY STATEMENT

Grand Valley State University (GVSU) will comply with the applicable requirements of 16 C.F.R. 681, a federal regulation issued by the Federal Trade Commission (FTC) as part of the implementation of the Fair and Accurate Credit Transaction (FACT) Act of 2003 requiring that financial institutions and creditors (which include higher education institutions) implement written programs that provide for the detection of and response to specific activities ("Red Flag") that could be related to identity theft.

1. Participating in the Federal Perkins Loan program
2. Participating in alternative or private educational loans
3. Offering institutional loans to students, faculty, or staff.
4. Offering a plan for payment of tuition throughout the semester rather than requiring full payment at the beginning of the semester.
5. Stored Value Cards

PROCEDURES

Identification of Red Flags

In order to identify relevant Red Flags, GVSU considers the type of accounts that it offers and maintains, methods it provides to open its accounts, methods it provides to access its accounts, and its previous experience with identity theft. Red Flag Detections

Student Enrollment
To detect any of the Red Flags identified above associated with the enrollment of a student, GVSU personnel will take the following steps to obtain and verify the identity of the person opening the account:

- a. Require certain identifying information such as name, date of birth, academic records, home address or other identification
- b. Verify the student's identity at time of issuance of student identification card (review driver's license or other government-issued photo identification)

**Existing Accounts**

To detect any of the Red Flags identified about for an existing covered account, GVSU personnel will take the following steps to monitor transactions on accounts:

- a. Verify the identification of students if they request information (in person, via telephone, facsimile or email)
- b. Verify the validity of requests to change billing address by mail or email and provide the student a reasonable means of promptly reporting incorrect billing address changes
- c. Verify changes in banking information given for billing and payment purposes

**Consumer (“Credit”) Report Requests**

To detect any of the Red Flags identified above for an employment or volunteer position for which a credit or background report is sought, GVSU personnel will take the following steps to assist in identifying address discrepancies.

- a. Require written verification from any applicant that the address provided by the applicant is accurate at the time the request for the credit report was made to consumer reporting agency
- b. In the event that notice of an address discrepancy is received, verify that the credit report pertains to the applicant for whom the requested report was made and report to the consumer reporting agency an address for the applicant that GVSU has reasonably confirmed is accurate

**Preventing and Mitigating Identity Theft**

In the event that GVSU personnel detect any identified Red Flags, such personnel shall take one or more of the following steps, depending on the degree of risk posed by the Red Flag:

In doing so, the Committee will consider GVSU’s experience with identity theft situations, changes in identity theft methods, changes in identity theft detection and prevention methods, and changes in GVSU’s business arrangements with other entities. Keys will be delivered to a designated office or can be picked up at the Central Utilities Building (CUB). The employee responsible for the keys/cards will use their university username and be held responsible for the keys.

**Levels of Keys and Issuance**

A system of keys ranging from Grand Master (GM) Keys down to the lowest level key is used to satisfy user needs. Facilities Services aims to issue the smallest number of keys possible. Keys will not be issued where card access is available.

**Grand Master Key** is the highest-level key on campus. These keys cover all of the keyways within the entire key system. All GM key requests must receive the approval of the appropriate division heads, the Associate Vice President for Facilities Services, and the Vice President for Finance and Administration. These keys are issued to the Associate Vice President for Facilities, Director of Facilities, Assistant Director, or Manager of Facilities Services, the Director of Facilities Planning, Project Managers, the Director of Public Safety Services, Facilities Services Supervisors and Public Safety Officers. Other Facilities Services staff and some university personnel may be approved, but only after administrative, and executive officer authorization.

Due to the level of access granted by a GM key, all GM keys will be issued on a tamper proof key ring, and require a tracking device to be added to any key ring containing this level of key. The initial tracking device will be issued by Facilities Services Allendale or Facilities Services Grand Rapids and Regional Centers. Data collected through the tracking device is for use only by Facilities Services - Allendale, Security staff, and Facilities Services – Grand Rapids and Regional Centers and is for the sole purpose of locating a GM key in the event of loss or theft. Employees are prohibited from tampering or attempting to alter or disable the tracking device or key ring which the GM key was issued. The employee will be responsible for costs associated with replacing a tracking device due to loss or theft. Replacement due to damaged, worn, or non-working tracking devices will be covered by Facilities Services – Allendale or Facilities Services – Grand Rapids and Regional Centers, so long as the damaged, worn or non-working tracking device is returned.

**Master Keys** operate all keyways except mechanical rooms and designated restricted areas. These keys are issued to Deans or Administrative Assistants with responsibility for all building and department activities. Custodial Staff will also be issued appropriate keys for the building to which they are assigned. Issuance of these keys must be approved by the Associate Vice President for Facilities Services.

**Sub-Master Keys** operate a sub-group of locks within a master key system such as an individual department. These are issued based on proof of need and require approval of the Associate Vice President for Facilities Services.

**Operator Keys** allow entry to individual offices or rooms. These are the primary keys issued to faculty and staff. Approval is from the Associate Vice President for Facilities Services.

**Entrance Keys** operate entrance doors to buildings, departments, or suites. Approval is from the Associate Vice President for Facilities Services.

**File Keys** are issued as requested to allow access to department files or personal office files, desks or cabinets.

**Key Records**

A Key record is maintained for each employee possessing a University key or access card. The information in the key system includes the employee’s name, job title, department and phone number. The system also lists the date the key is issued, the key code, access location, room numbers, employee’s signature, and dates of key/access card return.

**Key Request Procedures**

- Access to locked areas of the University is based upon need.
- Whenever possible, employees will be issued the minimum number of keys and access cards at the lowest level allowing access to their areas of assignment only.
- Grad Assistants, and temporary employees will not be issued brass keys to academic buildings. Employees signing out keys for these individuals will be held responsible for the keys.

- Grad Assistants may be issued access cards for the duration of their employment to buildings or spaces where they work.
- All key requests must be submitted in the Electronics Key System, which is available on the Facilities Services website.
- Information in the key system must be complete with proper supervisor or department approval. Incomplete requests will be denied. Proper justification must be provided for anything other than keys to specific doors.

**Upon approval**

- **Allendale Campus:** Keys will be delivered to a designated office or can be picked up at the Central Utilities Building (CUB). The employee responsible for the keys/cards will use their university username and password to login to the electronic key system to verify receipt and responsibility of the keys/cards.

**Return of Keys**

When a key or access card is returned from an employee because the need no longer exists, the key record system will be updated with a return date. Upon termination of university employment, Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers will be notified by Human Resources.

The employee’s supervisor should follow up and direct the proper return of keys to Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers. These key changes are reflected in the key records and the file is closed.

**Under no circumstances are keys to be retained by the department and given to a new employee.**

The cost of such a re-core may reach $10,000.00 or more depending on the size of the building and number of cores to replace. We urge all of our contractors/vendors to maintain custody of your keys and access cards at all times.

**LIGHTNING/SEVERE WEATHER POLICY - ATHLETICS**

**SLT 6.14**

**Date of Last Update:**

August 22, 2014

**Approved By:**

• Senior Leadership Team

**Responsible Office:**

Athletics

**POLICY STATEMENT**

The safety of all participants and observers of athletic events is extremely important. Therefore, the Athletics Department has developed the following policy and chain of command in order to ensure the safety of both athletes and onlookers in the case of severe weather during an athletic event.

**PROCEDURES**

**Chain of Command**

The athletic trainer(s) present (most practices) in coordination with the game administrator and game officials are responsible for terminating an athletic activity in the event of lightning or other severe weather. During outdoor activities, a primary responsibility of the athletic trainer(s) is to have the ability to make sound decisions on environmental factors affecting the safety and well being of the athletes as well as others involved with the activity.

The certified athletic trainer will communicate with the game administrator, the head coach, and game official(s)/umpire(s) of the potential for lightning or severe weather and will make the recommendation that all activities stop or be suspended.

If the head coach is not present, the senior most member of the coaching staff will assume responsibility.

If an athletic proceeds with their outside activity against the recommendation of the individual in charge to seek a safe shelter, the athlete assumes all personal liability with regard to their safety and health.

If a coach and/or game official(s)/umpire(s) make the decision to continue to practice and/or continue with a game or other activity despite a Telvent weather warning, the cancellation of classes, and/or the verbal instruction by a certified athletic trainer or game administrator, they will be doing so against the recommendations of the Grand Valley State University Athletic Department and will be personally liable for any and all injuries.

**Severe Weather**

In the event of severe weather, the following measures will be taken by Grand Valley:

The athletic training staff will check the weather daily prior to the practice or competition. Up-to-date weather reports will be obtained by using Telvent services.

During outdoor practices and games, an early warning text message system from Telvent may be used to help determine the occurrence of and/or distance of lightning in the area. The weather reports and systems will be monitored for storms that may develop during practices and games.

When an early warning text message system from Telvent has detected lightning or thunder has been heard, the athletic trainer in charge will monitor the distance on the early warning system. When the lightning is within an 8-mile radius of the venue, the activity will be ceased and a warning message with recommended safe structure will be given.

Anytime the Meadows sirens are used to close the golf course, all athletic outdoor activities will be suspended.

The certified athletic trainer will be responsible for notifying the head coach, official(s)/umpire(s) and game administrator (if present) of the lightning or severe weather. The certified athletic trainer will recommend play to be suspended at this time and shelter should be taken.

Any person who feels they are in danger of any lightning activity will have the right to leave the field or event site to seek safe shelter without fear of penalty or repercussion.

If play is suspended due to severe weather, everyone (including observers) should seek shelter in the designated “safe structures” (listed in Table A). A "safe structure" is defined as "any building normally occupied or frequently used by people, i.e. a building with plumbing and/or electrical wiring that acts to electrically ground the structure." This structure does not include: shower facilities, baseball/softball dugouts, outside storage sheds, and canopies/awnings/tents. When in a “safe structure,” stay away from corded telephones, electrical appliances, lighting fixtures, ham radio microphones, electric sockets, and plumbing.

In the absence of a “sturdy, frequently inhabited building,” one may seek shelter in fully enclosed hardtop vehicles but should not touch the sides of the vehicle.

If no “safe structure” is available within reasonable distance, find a thick grove of small trees surrounded by taller trees or a dry ditch and assume a lightning safe position. A lightning safe position is one in which one is crouched on the ground with only the balls of the feet touching the ground, with their arms wrapped around the knees and head lowered. Do not lie flat on the ground. Stay away from the tallest trees or objects i.e. light poles or flag poles), metal objects i.e. fences or bleachers), individual trees, standing pools of water, and open fields. Avoid being the highest object in a field.

Any person who feels his/her hairs stands on end or skin tingle should immediately assume a lightning safe position.
Avoid using a landline telephone. Cellular phones may be used in an emergency situation.

Resumption of Activity
Play will resume thirty minutes following the last flash of lightning per the Telvent warning system. The certified athletic trainer will make this recommendation to the official(s) during an official game.

Blue skies and absence of rain are not protection from lightning. Lightning can strike up to ten miles from the rain shaft and it does not have to be raining for lightning to strike.

Care of a Lightning-Strike Victim
A lightning strike does not stay attached to the source therefore they do not carry an electrical charge. It is safe to touch the victim to move him/her to a safe location and to render medical treatment. Medical personnel should consider their own personal safety before venturing into a dangerous situation to render care.

Lightning-strike victims who show signs of cardiac or respiratory arrest need emergency help quickly. CPR and AED use should begin immediately. If necessary, Prompt, aggressive CPR has been highly effective for the survival of victims of lightning strikes.

Victims should be assessed and treated for apnea, asystole, hypothermia, shock, fractures and burns.

Refer to the Safe Structures table.

POLICY STATEMENT
The following policy language is intended to promote the safety of the campus community, improve the comfort of faculty/staff, prevent physical damage to university facilities and conserve energy at Grand Valley State University.

PROCEDURES
Space Heaters:
The use of electric space heaters (or those fueled by other means) is strictly prohibited in any GVSU facility. Electric space heaters pose a safety risk and fire hazard by overloading building electrical circuits. They are also a very inefficient means of providing heat and often result in the discomfort of occupants in nearby offices or work areas.

Individuals who believe their work area is too cold (or hot) may contact Facilities Services (Allendale Campus) at extension 1-3000, or Operations at extension 1-6700 (Pew Campus & Regional Centers). A work...
order may also be submitted online at webtma.plant.gvsu.edu to request that their space be evaluated for temperature adjustments.

Other Personal Appliances:
The following appliances are also prohibited from being used in offices or other non-designated common areas at GVSU:

- Air conditioners
- Grills
- Coffee makers
- Crock-Pots
- Toaster ovens
- Toasters
- Mini Refrigerators
- Other small kitchen appliances
- Microwaves
- Other appliances that do not meet the intent of this policy

Many of these appliances are available to faculty/staff in designated break kitchens and lounge areas. If your department wishes to add an additional shared item to a break/lounge area, please contact the Operations Manager or Facilities Supervisor for your designated building to discuss its placement.

Exceptions:
Operations and Facilities Services will work to accommodate medical necessities, departmental events or other special conditions that may warrant an exception to this policy.

Responsibility:
Enforcement of this policy is the responsibility of departmental supervisors. Facilities Services and Operations staff will report unauthorized space heaters and other appliances discovered in the course of their work. The supervisor, chair, dean or director that is responsible for the area will be notified.

- Students in appropriate/approved circumstances and sponsored by a department.
- Guests invited for lectures, consulting, interviews, recruiting, and other special occasions, or those requested to travel for the University as specified in a contractual arrangement. For these circumstances, the sponsoring Division or Department will use Concur to submit the reimbursement for travel expenses.

Authorization
Travel approval and reimbursement authority may be delegated by Executive Officers to supervisory individuals within their Division. Delegation authority shall be in writing and updated annually. It is the responsibility of each prospective traveler to secure the appropriate approval for University travel from their Supervisor, Director, Department Head, Dean, or Executive Officer. Additional regulations may apply for travel associated with grant funding and international travel.

Supervisors, if designated, will have the authority to approve travel and expense reports for their direct reports up to $5,000. Additional approval from an Appointing or Executive Officer may be required for exceptions to travel policies.

See the Travel and Expense Procedures for authorization details.

Travel Arrangements and Booking
Individual travel shall be booked via the Travel & Expense (T&E) system for reserving travel (air/lodging/rental cars). The University Travel Agent can assist with bookings for multi-leg trips, group/sports travel, and international travel.

Guidance and procedures relating to transportation modes, including rental cars and use of personal vehicles, lodging, conference fees, etc. are outlined on the Business & Finance website. See the Travel and Expense Procedures for details.

Charging Expenses
University faculty and staff, if issued a University Purchase Card (P-Card), shall charge all business and business travel expenses to their P-card. In the event a traveler does not have a P-card, the traveler may use a debit card issued to them through the Accounting office, request a Cash Advance through the Accounting office, or use personal funds/payment methods and request reimbursement. Note: Cash advances will only be allowed when all other forms of payment have been explored and been found unfeasible. See the Travel and Expense Procedures for details.

Meals

Meals, to the extent practicable, shall be charged to a University P-card. The GSA Per Diem meal rate, by locality, will be applied to each purchase. If the GSA rate is exceeded for any one purchase, the traveler will be responsible for reimbursing the University for the difference.

For authorized individuals only, alcohol may be purchased on the University P-card. See the Travel and Expense Procedures for further details regarding alcohol purchases.

If dining with a University guest along with a group of GVSU employees as part of a valid business purpose, group meals shall be paid using the University P-card and will be reimbursed at the GSA rate, by locality, per person. Exceptions to exceed the per diem rate must be approved by the Appointing Officer or Executive Officer. A receipt(s) and all attendees must be input into Concur Reimbursement for group meal reimbursement.

Expense Reimbursement/Reconciliation of P-Card

Expenses incurred on behalf of the University, whether through a P-Card or personal funds, must be approved by an individual’s authorized travel supervisor and submitted to the Business and Finance office through the University’s Travel and Expense system within 30 days of completion of travel. Unreconciled charges may be charged to the traveler’s department FOAP and may result in suspension of P-card and cash advance abilities.

Miscellaneous

The University will permit the benefits of airline/hotel/rental car rewards programs derived from travel paid for by the University to accrue to the traveler. The leisure reading department includes a faculty book section. Faculty who publish are encouraged to notify the GVSU Laker Store staff, and we will add the title to our inventory.

Discounts, Sales and Promotions

GVSU Laker Store attempts to maintain pricing policies that are reasonable, fair and consistent. As a result, the same pricing is made available to students, faculty and staff. Sales and promotions are announced in advance on the GVSU Laker Store website and the University bulletin board, in addition to fliers and posters across campus. The same promotions are made available at both store locations.

Merchandise Returns Policies

Textbooks may be returned for a full refund through the first week of classes with a valid receipt. Specific deadlines are announced each semester. Other merchandise can generally be returned within a reasonable period when accompanied by a valid receipt. Refunds for purchases paid with cash or check will be refunded in cash, while returns for credit card purchases will be credited to the card.

Book Sell Back

GVSU Laker Store conducts a daily textbook sell-back at both store locations. Generally, sellback values increase near the end of each semester, and the majority of students sell their books during final exam week. Books that will be used at GVSU in the coming semester are purchased by the bookstore at 50% of the new book retail price until store quotas are met. Books that are not being used at GVSU may be purchased at 5-30% of retail price as long as they are current editions.

Textbook Orders

To insure the arrival of textbooks for the start of classes and to offer students an opportunity to sell their books at the end of the term, it is requested that faculty submit textbook orders by published deadlines. Textbook orders need to be in the bookstore by October 25 for winter semester, by February 25 for spring-summer semester, and by March 25 for fall semester. Requisitions may be submitted on-line in the faculty access section of the bookstore’s website at http://lakerstore.gvsu.edu/.

For access information, please consult your department coordinator. When submitting a requisition, please provide accurate ISBN information to insure that the correct book is ordered. GVSU Laker Store staff also appreciate notification that “no books are required” for a class when appropriate.
The purpose of this communication plan is to set guidelines to be followed for sharing information with executive officers, faculty, staff and students, as well as the general public. ### FUNDRAISING POLICY

**SLT 8.3**

**Date of Last Update:**
December 08, 2014

**Approved By:**
Senior Leadership Team

**Responsible Office:**
University Development

**POLICY STATEMENT**

University Development helps Grand Valley State University fulfill its mission and realize its aspirations in three ways: (1) securing, stewarding and increasing financial support; (2) building meaningful partnerships with external and internal constituents; and (3) communicating the university’s character, quality, priorities and goals.

Accordingly, University Development must strive at all times to ensure that its policies and procedures and those of the university are in compliance with local, state and federal regulations in regard to the solicitation and acceptance of gifts. Any deviation from the Internal Revenue Code could result in fines, public embarrassment and/or the loss of the University’s tax-exempt status.

For these and many other reasons, all fundraising requests made in the name of the University must be approved in advance by the Vice President for Development. In addition, only the Vice President for Development or their designee is empowered to issue the University’s official receipt that qualifies a donor’s charitable contribution as deductible for tax purposes.

Any fundraising activity that employs the name, image or reputation of the University, in an effort to secure financial gifts will be considered fundraising in the name of the University and is subject to this policy. In the area of “sponsored research”, University Development may work with the Office of Sponsored Research to determine the most appropriate fit for the project.

Any potential fundraising activities on behalf of a University program or initiative must first be approved by the appropriate dean and/or the divisional vice president before a request for assistance is directed to University Development. In all decisions related to funding, the priorities of the University, as approved by the Board of Trustees, shall guide the decision making process.

University Development will not share lists of donors or other constituents with individuals and organizations not affiliated with approved university fundraising activities.

This policy shall apply to any and all members of the University community, as well as to any other individuals or organizations who may represent themselves as members of the University community or who claim to be acting on behalf of the University. This policy does not apply to members of the University community when they are engaged in fundraising activities for other organizations and/or when they have explicitly stated that their fundraising activities are unrelated to the university.

Today’s donors have more outlets for their philanthropic desires than ever before. As competition for the philanthropic dollar has increased, donors now receive numerous appeals from multiple non-profit organizations. Consequently they are likely to become annoyed by multiple requests from the same organization. To ignore this is to risk reduced support, an outright refusal, or perhaps even permanent discontinuation of support.

Grand Valley State University can be at the forefront of a donor’s choice if we are clear in our intent, focused on the university’s highest priorities, and present exciting opportunities for support. Coordination of university-wide fundraising activities is imperative.

#### Prohibited Activities

Members of the University community are prohibited from engaging in the following tactics and activities for purposes of fundraising:

- Using home addresses from the University telephone directory to compile calling or mailing lists.
- Conducting lotteries or similar games of chance, which the State of Michigan defines as gambling. Raffles may be conducted with prior approval from the Office of Student Life.

For procedures and protocols implementing this policy please contact the Development Office.

### GIFT ACCEPTANCE AND DISPOSITION POLICY

**SLT 8.4**

**Date of Last Update:**
July 31, 2008

**Approved By:**
Senior Leadership Team

**Responsible Office:**
University Development

**POLICY STATEMENT**

This policy is established to govern the acceptance and disposition of all gifts made to Grand Valley State University, whether such gifts are inter vivos (lifetime) or from estates, other than gifts of: (1) cash or (2) publicly traded equities traded on national exchanges. The Vice President for Development in advance of acceptance must approve all such gifts, which fall under this policy.

Gifts subject to this policy will be considered in four categories:

1. **Tangible personal property**
2. **Real property**
3. **Life insurance**
4. **Other assets**

The latter category includes, but is not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities. The criteria for acceptance, the acceptance/approval process, and the disposition policy (where relevant) for each category are set forth below.

#### PROCEDURES

1. **Tangible personal property**

   **A. Criteria for acceptance**

   Gifts of tangible personal property, including but not limited to works of art, manuscripts, literary works, boats, motor vehicles, and computer hardware, may be accepted only after thorough review indicates that the property is (1) readily marketable or (2) needed by the University for use in a manner that is related to one of the purposes for which tax-exempt status of the University was granted; that is, for education, research, or a combination of both.
B. Approval/Acceptance Process

A Development Officer or other appropriate gift officer will prepare a written summary of the gift proposal and submit that summary to the Assistant Vice President for Development Services. At a minimum, the summary shall include the following information:

- **Description of the asset**
- **The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift**
- **An estimate or appraisal of the gift’s fair market value and marketability**
- **Any potential University use and, if so, written review by the department to benefit from the asset**
- **Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, etc.)**

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending receipt of additional information). The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of tangible personal property, the Development Officer will acknowledge receipt of the gift on behalf of the University. The University will not appraise or assign a value to the property. It is the donor’s responsibility to establish a value for the gift and provide, at the donor’s expense, a qualified appraisal required by the IRS in the case of gifts of tangible personal property valued in excess of $1,500.

The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance acceptable to the University, and the delivery of the property, as applicable. The donor will pay all costs associated with the conveyance of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of tangible personal property valued at more than $500. The donor should send this form to the Gift Assistant for execution.

C. Disposition

Upon approval of a proposed gift of tangible personal property by the Vice President for Development, he/she will assign a University office the responsibility for disposing of the gift, unless the gift is intended for a specific University purpose, in which case no immediate disposition is necessary. Any guidelines on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the university office responsible for disposing of the gift.

Upon approval of a proposed gift, the Vice President for Business and Finance or his/her designee will identify a Fund and Organization Code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, a development code will be used as a holding account.

Until the property is sold or otherwise disposed of, the university office responsible for disposing of the gift will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

The Vice President for Development must be consulted before a gift of tangible personal property may be sold for less than appraised value, estimated fair market value, or guidelines imposed by University Development in approving the gift, as the case may be. If in the judgment of the person responsible for disposing of the gift, a current appraisal of the property would assist in disposing of the property, the person responsible for disposing of the gift may request permission to have the appraisal performed.

Upon sale of the property, the office responsible for disposing of the gift will prepare a final report on the property, including a financial summary of net proceeds to the extent known, and distribute it to the Vice President for Development, the Vice President does Business and Finance or his/her designee, and the designated representative of the department to benefit from the gift.

2. Real Property

The University will consider gifts of real property, both improved and unimproved (e.g., detached single-family residences, condominiums, apartment buildings, rental property, commercial property, farms, acreage, etc.), including gifts subject to a retained life estate, only after a thorough review of the criteria for acceptance set forth below under the direction and supervision of the Vice President for Business and Finance or his/her designee. All gifts of real property shall be subject to terms and conditions as set forth in the Grand Valley State University Policy for Accepting Gifts of Real Estate.

A. Criteria for Acceptance

1. **Market Value and Marketability:** The Vice President for Business and Finance or his/her designee must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers must understand and communicate to donors that it is the University’s policy to dispose of all gifts of real estate (other than property which the University wishes to retain) as expeditiously as possible. Thus, regardless of the value placed on the property by the donor’s appraisal, the University will attempt to sell at a reasonable price in light of current market conditions, and the donor needs to be informed that any such sale occurring within two years of the date of gift will be reported to the IRS on Form 8283.

2. **Potential Environmental Risks:** All proposed gifts of real property, including gifts from estates, must be accompanied by a Phase I environmental audit performed at the donor’s expense. The only exception applies and no environmental audit is undertaken, the donor/executor must have an outside party complete an Environmental Checklist prepared by the Vice President for Business and Finance or his/her designee and may be required to execute an environmental indemnity agreement. Even in cases where a Phase I audit is submitted, the Vice President for Business and Finance or his/her designee may require that the donor sign an environmental indemnity agreement.

3. **Limitations and Encumbrances:** The existence of any and all mortgages, deeds of trust, restrictions, reservations, easements, mechanic liens and other limitations of record must be disclosed. No gift of an interest in real estate will be accepted until all mortgages, deeds of trust, liens and other encumbrances have been discharged, except in very unusual cases where the fair market value of the University’s interest in the property net of all encumbrances is substantial or where a separate agreement to pay such encumbrances which might be charges to the University has been executed by a financially responsible party.

**Carrying Costs:** The existence and amount of any carrying costs, including but not limited to property owners’ association dues, country club membership dues and transfer charges, taxes and appraisals, must be disclosed.

B. Approval/Acceptance Process

The Development Office, with the assistance of the Vice President for Business and Finance or his/her designee, will prepare a written summary of the gift proposal and submit that summary to the Vice President for Development. At a minimum, the summary shall include the following information:

- **Description of real property**
- **The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift**
- **An appraisal of the properties and, if different, the University’s interest in the property’s fair market value and marketability**
- **The result of a title search**
- **Any potential for income and expenses, encumbrances, and carry costs prior to disposition**
- **Any environmental risks or problems revealed by audit or survey**
- **Any potential University use**
- **Any special arrangements requested by the donor concerning disposition (e.g., price consideration, time durations prior to disposition, potential buyers, etc.)**

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending receipt of additional information). The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of real property, the Development Officer will acknowledge receipt of the gift on behalf of the University and notify the donor in writing that the donor has been determined eligible for the real property. The University will not appraise or assign a value to the property. It is the donor’s responsibility to establish a value for the gift and provide, at the donor’s expense, a qualified appraisal required by the IRS.

The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance acceptable to the University, and the delivery of the property, as applicable. The donor will pay all costs associated with the conveyance of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of real property valued at more than $500. The donor should send this form to the Gift Assistant for execution.

C. Disposition

It is the responsibility of the Vice President for Business and Finance or his/her designee to dispose of all gifts of real property. Any guidelines the Vice President for Business and Finance or his/her designee wishes to impose on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the Vice President for Development.
If the Vice President for Business and Finance or his/her designee determines that it is in the best interests of the University to retain for its own use a gift of real property, it will be recommended to the appropriate officers of the University and to the Board of Trustees that the University purchase the property and that, in all other cases they authorize liquidation of such funds for the benefit of the designated gift purpose.

Upon acceptance of a gift, the Vice President for Business and Finance or his/her designee will designate a code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the code will be used as a holding account. Until the property is sold or otherwise disposed of, the Vice President for Business and Finance or his/her designee will prepare quarter status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

Upon sale of the property, the Vice President for Business and Finance or his/her designee prepare a final report on the property, including a financial summary of net proceeds, and distribute it to the Vice President for Development and the designated representative of the department to benefit from the gift. The Vice President for Business and Finance or his/her designee of responsible for filing Form 8283 for gifts of real property sold by the University within two years of the date of gift.

3. Life Insurance

A. Criteria for Acceptance

With approval of the Vice President for Development, the University will accept gifts of life insurance policies that meet the following two criteria:

- The policy is a life insurance policy which is either paid-up or, if not paid-up as of the date of gift:
  - Has a minimum face value of $10,000
  - Has a payment schedule not to exceed ten years and which assumes an interest rate not to exceed two percent below prime interest rate as of the effective date of the policy
- Requires charitable contributions from the donor to the University in the amount of any premiums, including unscheduled premiums, which may become due.

Grand Valley State University is designated as the owner and beneficiary of the policy. If intended for endowment purposes, the face value of the policy meets the minimum funding standards for endowments established by the Board of Trustees.

B. Approval/Acceptance Process

The Development Officer will prepare a written summary of any proposed gift of a life insurance policy, which fails to meet all of the criteria specified in the section above and submit that summary through the University’s Division of Planned & Endowed Giving or his/her designee. At a minimum, the summary shall include the following information:

- Description of the type of life insurance policy, face value, premium payment schedule, interest rate, age of insured(s), and other relevant policy information
- The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift.

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of a life insurance policy, the assigned Development Officer will acknowledge receipt of the gift on behalf of the University.

The gift will be completed upon the execution and delivery of the life insurance policy to the University or an assignment of the policy in the event that the University is not the original owner of the policy.

C. Administration

The Office of University Development shall administer all gifts of life insurance policies and shall maintain records of all donor policies, contribution schedules, donor designations of death benefits, and the like.

The University’s Director of Planned & Endowed Giving or his/her designee shall be responsible for pledge reminders and monitoring payments of premiums.

4. Other Assets

Other assets include but are not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities.

A. Criteria for Acceptance

The University will consider gifts of other assets, including but not limited to promissory notes, assignment of promissory notes, partnership interests and restricted or non-publicly traded securities, only after a thorough review of the criteria set forth below.

1. Market Value and Marketability:

   The University must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the property is sold or otherwise disposed of, the Vice President for Business and Finance or his/her designee will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

2. Potential Environmental Risks:

   The existence and amount of any carrying costs, including but not limited to property owners’ association dues, country club membership dues and transfer charges, taxes and insurance, must be disclosed.

3. Title Information:

   The University’s Director of Planned & Endowed Giving or his/her designee shall be responsible for pledge reminders and monitoring payments of premiums.

   The University’s Director of Planned & Endowed Giving or his/her designee shall be responsible for pledge reminders and monitoring payments of premiums.

4. Approval/Acceptance Process

   The Development Officer will prepare a written summary of the gift proposal and submit that summary to the Vice President for Development and the Vice President for Business and Finance. At a minimum, the summary shall include the following information:

   - Description of the asset
   - The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, and unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
   - An estimate or appraisal of the asset’s fair market value and marketability
   - Potential for income and expenses, encumbrances, and carry costs prior to disposition
   - Any environmental risks or problems revealed by audit or survey
   - Credit history or financial statement of financially responsible party, if applicable
   - Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, realtors or brokers with whom the donor would like the University to list the property, etc.)

   The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the university’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

   If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of an asset in Category 3, the assigned Development Officer will acknowledge receipt of the gift on behalf of the university. The university will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and to provide, at the donor’s expense, a qualified appraisal required by the IRS in the case of assets valued in excess of $1,500.

   The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance, and the delivery of the property, as applicable. The cost associated with the conveyance will be paid by the donor upon delivery of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of assets valued at more than $1,500. The donor should send this form to the Office of University Development for execution.

C. Disposition

It is the responsibility of the Vice President for Business and Finance or his/her designee to dispose of all gifts of assets in this Category 3. If the asset involves an interest in real estate, it is generally
expected that the Vice President for Business and Finance or his/her designee will assist in disposing of the asset. If the asset is a security, it is generally expected that the Vice President for Business and Finance or his/her designee will follow policies for disposing the asset. Any guidelines the Vice President of Business and Finance or his/her designee wish to impose on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the Vice President for Development at the time.

Upon acceptance of a gift, the Vice President for Business and Finance or his/her designee will designate a code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the Vice President for Business and Finance or his/her designee will determine how the gift will be disposed.

Until the property is sold or otherwise disposed of, the Vice President for Business and Finance or his/her designee will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

Upon sale of the property, the Vice President for Business and Finance or his/her designee will prepare a final report on the property, including a financial summary of net proceeds, and distribute it to the Vice President for Development and the designated representative of the department to benefit from the gift.

The Vice President for Business and Finance or his/her designee is responsible for filing Form 8283 for assets valued at more than $5,000 sold by the university within two years of the date of gift.

5. Acceptance and Disposition of Deferred Gifts

A. Deferred Giving

Development Services is asked to record various types of deferred gifts; the office is often asked to provide a description of the nature of such a gift, or explain how various types of deferred gifts should be recorded by us and/or handled for tax purposes. Ultimately, the Gift Assistant should refer related inquiries to the university’s Director of Major & Deferred Gifts. This does not, however, remove the need for the Gift Assistant to be familiar with this type of gift. For this reason, below are the general explanations of certain types of deferred gifts with commonly accepted rules. Information concerning specific treatment of these gifts at Grand Valley State University should be procured from the Office of University Development.

B. Bequests

The most common and simplest form of deferred giving: a bequest is a gift of property that is made through a donor’s will.

Benefits to Donors: Donors do not have to part with any money until they die, and do not owe any estate tax on the amount of the bequest.

6. Charitable Remainder Trusts

Two basic types of charitable remainder trusts qualify for federal tax benefits. In both arrangements, a donor gives stock, cash, or other assets to a trust. Those assets are invested; producing income for the donor – or other beneficiary – either for a fixed period of time or until the donor dies. The donor is allowed to claim a tax deduction for the estimated portion of the assets that will ultimately go to charity. When the donor dies, the charity keeps all remaining assets. There are two types of remainder trusts:

A. Unitrusts

Under a basic unitrust, the donor receives one or more yearly payments equaling a fixed percentage of the value of the asset. The value is assessed each year. Under a net-income unitrust, the donor receives only the income earned by the trust, even if the trust earns less than the payout rate. However, the trust can be set up to include a “make-up provision,” which allows donors to make up the lost income, provided the trust earns more than the payout rate in future years.

B. Annuity Trusts

The donor receives a yearly fixed payment equaling at least five percent of the value of the asset at the time the deferred-giving agreement was signed. Donors who give real estate commonly use charitable remainder trusts. Real estate is not usually given through gift annuities and cannot be given to pooled-income funds.

Benefits to Donors: Donors can get income-tax deductions and escape capital-gains taxes by making such gifts. Many donors find the trusts an appealing way to prepare for retirement. The assets can be invested to earn a lower rate of return when the donor is younger and then shifted to earn a higher rate of return, and thus provide more income, during a donor’s later years.

C. Gift Annuities

Donors contribute cash, securities, or other assets to a charity. In exchange, they receive annual payments for a fixed amount of time. With a deferred gift annuity, the annual payments do not start when the gift is made; they begin at a time specified by the donor when the gift is made.

Benefits to Donors: Gift annuities are attractive to donors who want to receive income from assets that have risen sharply in value, such as cash or stocks. In return for gifts of such assets, the charity guarantees the donors a fixed annual income for the rest of their lives and helps the donor avoid capital-gains tax. The donor also gets an income-tax break on a portion of the earnings from an annuity; the exact amount depends on the donor’s age.

D. Pooled-Income Funds

The donor gives cash, securities, or other assets to a non-profit organization, which then invests those assets in a large, diversified portfolio. The donor receives income from the fund proportionate to the value of his or her contribution, as well as an income-tax deduction based on the estimated principal that will be left to the charity. Obtaining a “unit” in a pooled-income fund is similar to buying a share of a mutual fund.

Benefits to Donors: Life gift annuities, pooled-income funds appeal to donors who want to earn income on stock and other assets and escape capital-gains taxes. Unlike annuities, a donor’s income from a pooled-income fund is tied to fluctuating interest rates. That means that in the long run, donors may receive larger earnings than they do from annuities, but they can also do less well in the short term. As a result, the funds tend to appeal to younger people who are more often willing to take risks with their investments.

E. Charitable Lead Trusts

A charity receives the income from the donor’s assets for a specified time, after which the asset is transferred back to the donor or to the donor’s heirs.

Benefits to Donors: A lead trust can reduce gift and estate taxes or provide a charitable deduction for the donor. Charitable lead trusts are most appealing to donors who want to pass appreciated assets to their heirs without paying a substantial amount in taxes. The donor pays a gift tax on the asset when it is placed in to the trust; after that it can grow tax-free. At the end of the specified period, the asset is returned to the donor’s heir or heirs, who do not have to pay any additional taxes.

7. Deferred Gifts Policy of Grand Valley State University

In an effort to maintain continuity and consistency with deferred gifts to Grand Valley State University, the following policy has been established:

Gifts governed by this policy: All deferred gifts to the University, which are managed by Grand Valley State University or its agents, including but not limited to the following:

- Gifts establishing charitable remainder trusts
- Gifts given to the pooled income funds
- Gifts purchasing charitable gift annuities
- Gifts funding charitable lead trusts

Gifts not governed by this policy: Deferred gifts that do not require management; for example, gifts of personal residences or farms with retained life estate in donor and deferred gifts with are managed by trustees other than Grand Valley State University.

Trustee: Grand Valley State University has the option to serve as trustee of any deferred gift in which the University’s interest equals at least fifty-one percent of the total charitable interests. Usually the University prefers the use of a commercial trustee.

Payout rates: The payout rates offered to donors shall be competitive and determined in consultation with a Development Officer.

Value of Remainder: No deferred gift (except for deferred gift annuities) shall be accepted in which the value of the University’s remainder interest is less than twenty-five percent of the value of the assets transferred.

Minimum gift amounts: Grand Valley State University has the following minimums for acceptance of deferred gifts:

- Charitable remainder trusts: Initial gift – $100,000
- Pooled income fund gifts: Initial gift – $5,000 Additional gifts - $1,000
- Charitable gift annuities: Initial gift - $10,000

Note: Gift annuities may not be offered to residents of states in which such contracts are considered to be insurance products or securities. Currently almost one-half of the states (including Florida, New York and California) classify these contracts as either insurance or securities. Because this list is constantly changing, approval should be obtained from the Development Office before discussions for this gift type are initiated.

Acceptable gift assets: The University will accept the following assets:

- Cash
- Publicly traded securities
- Real estate (subject to approval of the Vice President for Development)
- Other assets, such as closely held stock and partnership interests (subject to approval of the Vice President for Development)

Valuation of gift assets: The University will follow applicable federal tax law.

Final approval, acceptance, and execution by the University: The Vice President for Development, in collaboration with the Vice President for Business and Finance or his/her designee must approve all documents.
All documents must be sent first to the donor for signature and then to the University’s Vice President of Business and Finance or his/her designee.

The Vice President of Business and Finance or his/her designee shall execute the documents on behalf of the University; and the documents shall be executed in duplicate and the originals distributed as follows:

• One original to donor
• One original to Vice President of Business and Finance or his/her designee
• Copies to the appropriate Development Officer

      i. Dating violence includes, but is not limited to, sexual or physical abuse or assault or the threat of such abuse or assault.
      ii. For the purposes of determining Intimate Partner Violence, whether the relationship is of a romantic or intimate nature is determined by a variety of factors, including: (a) the length of the relationship, (b) the type of relationship, and (c) the frequency of interaction between the persons involved in the relationship.
      iii. A relationship of a romantic or intimate nature means a relationship that is characterized by the expectation of affection or sexual involvement between the parties.

of contact. This policy prohibits all stalking, not just stalking that occurs within the context of a relationship.

4. Sexual Exploitation: taking non-consensual or abusive sexual advantage of another for their own benefit or for the benefit of anyone other than the person being exploited.
   - a. Causing the incapacitation of another person (through alcohol, drugs, or any other means) for the purpose of compromising that person's ability to give consent (as defined in this policy) to sexual activity;
   - b. Allowing third parties to observe private sexual activity from a (a) hidden location (e.g., closet), or (b) through electronic means (e.g., Skype or live streaming of images);
   - c. Engaging in voyeurism (e.g., watching private sexual activity without the consent of the participants or viewing another person's intimate parts (including genitalia, groin, breasts or buttocks) in a place where that person would have a reasonable expectation of privacy);
   - d. Recording or photographing private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent;
   - e. Dissimulating or posting images of private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent;
   - f. Forcefully exposing another person to sexually transmitted infection or virus without the other's knowledge.
   - g. Arranging for others to have non-consensual sexual contact, as defined by this policy, with a non-consenting person.

5. Sexual Harassment: unwelcome or unwanted conduct of a sexual nature whether verbal or nonverbal, graphic, physical or otherwise, where Quid Pro Quo is present and/or rises to the level of creating a Hostile Environment.

6. Gender-Based Harassment: unwelcome or unwanted conduct based on an individual's sex, gender identity, or gender expression that is present and/or rises to the level of creating a hostile environment.
   - a. Transgender is a gender identity that can be used to describe people whose gender identity is different from their sex assigned at birth.
   - b. Gender non-conforming describes people who have, or are perceived to have, gender characteristics and/or behaviors that do not conform to traditional or societal expectations.
   - c. Transition/transgendering is the process of changing one's gender from the sex assigned at birth to one's gender identity.
   - d. Gender identity is a personal, internal sense of oneself as, for example, male, female, both, or neither.
   - e. Gender Expression is the external appearance of one's gender identity, or how one represents one's gender through hair style, clothing, mannerisms, etc.

7. Discriminatory Harassment: conduct on the basis of that person's actual or perceived membership in one or more of the protected classes listed below, that could reasonably be understood as having the purpose or effect of creating an intimidating, hostile, or offensive environment; having the purpose or effect of unreasonably interfering with an individual's work performance or access to educational activities and programs; and adversely affecting an individual's employment opportunities or access to educational activities and programs.
   - a. Protected Classes are age, color, disability, familial status, gender, gender identity, gender expression, identity, non-conforming, height, marital status, national origin, political affiliation, race, religion, sex, sexual orientation, transgender, transition, veteran or active duty military status, or weight.

8. Retaliation: taking or attempting to take materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual: reported an incident of prohibited conduct under this policy, participated in a grievance process related to this policy, supported an impacted party, assisted in providing information relevant to an investigation, and/or acted in good faith to oppose conduct that constitutes a violation of this policy.

Acts of alleged retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. GVSU will take all appropriate and available steps to protect individuals who are concerned that they may be subjected to retaliation.

The exercise of rights protected under the First Amendment does not constitute retaliation.
   - a. Retaliation under Title IX also includes: Charges against an individual for conduct violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint of sex discrimination or sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation. Charging an individual with a conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy and procedure does not constitute retaliation, provided that a determination regarding responsibility, alone, is not sufficient to conclude that any party has made a materially false statement in bad faith.

9. Title IX and Sexual Misconduct
   a. Title IX defines sexual misconduct as conduct on the basis of sex that satisfies one or more of the following:
      - i. An employee of GVUSU conditioning the provision of aid, benefit, or service of GVUSU on an individual's participation in unwelcome sexual conduct;
      - ii. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to GVUSU's education programs or activities; or

1. When evaluating responsibility for alleged Prohibited Conduct, GVUSU considers the presence or absence of the following:
   - a. Consent is affirmative, informed (knowing), voluntary (freely given), and clearly communicated by word or action.
      - i. Consent can be withdrawn once given, as long as the withdrawal is reasonably and clearly communicated. If consent is withdrawn, that sexual activity should cease within a reasonable time.
      - ii. If the Complainant has given or given cause to believe that the Complainant has given consent, GVUSU will also consider the presence of other violence, threats, and/or coercion.
      - iii. Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of every party to determine that the other has consented before engaging in the activity.
      - iv. Consent cannot be obtained by taking advantage of the incapacitation of another, where it was known, or reasonably should have been known, that the other was incapacitated.
      - v. Incapacitation is such that it renders the person incapable of self-care and protection and occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give informed (knowing) consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).
      - vi. Incapacitation could be the result of alcohol, other drugs, sleep or unconsciousness, a temporary or permanent physical or mental health condition, or involuntary physical restraint.
   - b. Quid Pro Quo is unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature made by a person having power or authority over another constitutes sexual harassment when submission to sexual conduct is made either explicitly or implicitly a term or condition of rating or evaluating an individual's educational or employment progress, development or performance. This includes when submission to such conduct would be a condition for access to receiving the benefits of any educational or employment programs.
   - c. Hostile Environment is sufficiently severe, persistent or pervasive, and objectively offensive that it unreasonably interferes with, limits, or deprives an individual of participating in or benefiting from GVUSU's education or employment programs and/or activities.

Required Reporting
When a Mandatory Reporter (as defined below) is notified of sexual misconduct, including sexual assault, stalking, intimate partner violence (dating/domestic violence), sexual exploitation, sexual harassment, or gender-based harassment, they must immediately report the information to the Title IX Coordinator. Following the filing of the report with the Title IX Coordinator, the Mandatory Reporter will keep all information they receive private. Federal and state funding is premised on compliance with the laws and guidance referenced in this policy.

While all employees are encouraged to report, Mandatory Reporters at GVUSU are:
   - Members of the Board of Trustees, as required by state law;
   - Executive Officers and Appointing Officers;
   - Deans, directors, department heads/chairs (including those serving in assistant or associate roles);
   - Supervisors;
   - GVUSU faculty or staff providing oversight to, or traveling with, students on GVUSU-related travel, including GVUSU-sponsored study abroad, research, fieldwork, clinicals or internship programs;
   - Faculty and staff, who serve as advisors to or coaches of GVUSU-recognized student groups;
   - Any individual, whether an employee or not, who serves as a coach of a club sports team;
   - All employees, including student-employees (while working), working in the Division of Student Affairs (including Resident Assistants at all times), Division of Inclusion and Equity, Enrollment Management Division, Department of Public Safety, and Athletics, except those who serve in non-supervisory clerical capacities;
   - Campus Security Authorities designated by GVUSU under the Clery Act not otherwise specified;
   - Individuals serving in any of the positions described above on an acting or interim basis.

Failure of a Mandatory Reporter, as described above in this section, to report an incident of which they become aware is a violation of this policy and can be subject to disciplinary action.
GSU’s Statement on Non-discrimination

Grand Valley State University does not discriminate against students, faculty or staff in any of its employment practices or in its educational programs or activities. Grand Valley State University is guided by values for inclusiveness and community which are integral to our mission to educate students to shape their lives, their professions, and their societies, and to enrich the community through excellent teaching, active scholarship, and public service.

The University is an affirmative action, equal opportunity institution. It encourages diversity and provides equal opportunity in education, employment, all of its programs, and the use of its facilities. Members of the University community, including candidates for employment or admissions, and visitors or guests, have the right to be free from acts of harassment and discrimination, which are prohibited if they discriminate or harass on the basis of age, color, disability, familial status, height, marital status, national origin, political affiliation, race, religion, veteran or active duty military status or weight. In addition, Grand Valley is required by Title IX of the Education Amendments of 1972 to ensure that none of its education programs and activities discriminate on the basis of sex/gender. Sex includes sex stereotypes, gender identity, gender expression, sexual orientation, and pregnancy or parenting status.

The Office for Title IX and Institutional Equity serves as a resource for the GSU community and assists individuals who may have been impacted by discrimination or harassment in connecting with resources, imposes measures that protect or support access to programs and activities, and oversees the university’s grievance process for allegations of discrimination and harassment. CONSENSUAL RELATIONSHIP POLICY

SLT 9.3

Date of Last Update: November 19, 2012

Approved By: Senior Leadership Team

Responsible Office: Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT

Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Article I. Purpose

The University’s goals are to maintain a positive work environment and a climate conducive to learning for students. The unequal institutional power inherent in academic and work relationships may heighten the vulnerability of those in subordinate positions. Accordingly, individuals holding positions of authority at the University must be aware of and sensitive to the potential conflict of interest, ethical concerns, and issues of sexual harassment that may occur in consensual relationships. Specifically, the parties to a consensual relationship must be aware that such relationships can create co-workers and students perceived and real conflicts of interest. These relationships also create an environment of fear of unfair treatment in terms of promotions, grades, professional and/or educational opportunities, etc. This Policy outlines expectations for institutional and individual conduct that apply to all University faculty and staff members and students.

Article II. Consensual Relationships

Consensual romantic and sexual relationships between faculty and their students or between supervisors and their subordinates are inappropriate. Individuals should be aware that these relationships may create a perception of favoritism while the relationships continue. These relationships may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change and the conduct that was previously welcome may become unwelcome. If a sexual harassment complaint is subsequently filed, the argument that the relationship was consensual will be evaluated in light of the power differential in determining whether the University’s Anti-Harassment Policy has been violated. Under these circumstances, it will be extremely difficult to use mutual consent as a defense.

Consensual Romantic or Sexual Relationships between Faculty/Staff and Students. A faculty or staff member who has educational, supervisory, evaluation, advising, coaching, or counseling responsibilities for students shall not assume or maintain those responsibilities for a student with whom the faculty or staff member has engaged in romantic or sexual relations, even if such relations were consensual. Whether such romantic or sexual relationships predate the assumption of educational, supervisory, evaluation, advising, coaching, or counseling responsibility for the student, or arise out of the educational relationship, the faculty or staff member shall immediately disclose the romantic or sexual relationship to his or her Unit Head or supervisor, who shall promptly arrange alternate oversight of the student.

Consensual Romantic or Sexual Relationships between Supervisors and Subordinates. If a romantic or sexual relationship exists or develops between a supervisor, manager, or administrator and an employee for whom he or she has professional responsibility, the individuals involved in the relationship must promptly consult the next highest level of supervision (e.g., a supervisor, department head, vice president, dean) to determine whether arrangements can be made to eliminate all conflicts of interest. If such arrangements can be made that do not disadvantage the subordinate and are acceptable to the supervisor, manager, or administrator, they must be documented, and ensure that the supervisor does not hire, supervise, advise, evaluate, or otherwise directly influence the subordinate’s employment. Relationships between supervisors, managers, or administrators and their subordinates are prohibited when the working relationship is such that it is not possible to eliminate the conflicts of interest. Students employed by the University who supervise other student employees are covered by this section.

Consensual romantic or sexual relationships between students. Complaints concerning relationships between students are governed by the GVSU Student Code.

Article III. Disciplinary Actions

Disciplinary action will be taken against faculty or staff members who violate this Policy, either by entering into or engaging in a sexual relationship with a student or subordinate for whom he or she has educational, supervisory, evaluation, advisory, coaching, or counseling responsibilities or by failing to report such relationship or failing to cooperate in making alternative arrangements.

Article IV. Confidentiality

Confidentiality of the disclosure of consensual romantic or sexual relationships will be observed to the extent permitted by law and that is consistent with protecting the welfare of faculty, staff, and students and the interests of the University.

DISABILITY ACCOMMODATION POLICY FOR FACULTY AND STAFF

SLT 9.5

Date of Last Update: September 16, 2013

Approved By: Senior Leadership Team

Responsible Office: Inclusion and Equity

POLICY STATEMENT

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all faculty, staff and students with access to the University’s programs, services, events and activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers. University faculty or staff members who are persons with a disability are not required to identify themselves as persons with a disability or to request an accommodation. However, the University cannot accommodate an individual who does not inform the University about his/her disability and his/her need for an accommodation. A faculty or staff member seeking an accommodation must request it by submitting their request to the Disability Support Resources Office.
PROCEDURES

The Disability Support Resources Accommodation Process

To request an accommodation, a University faculty or staff member must:

A. Self-identify as a person with a disability by application to the Disability Support Resources office (DSR). It should be noted that The University conducts a survey of faculty and staff for statistical purposes and this does not constitute a method of self identification consistent with this policy. If a faculty or staff member requests an accommodation, the supervisor/unit administrator should refer the faculty or staff member to the DSR or its web site at [http://www.gvsu.edu/dsr/](http://www.gvsu.edu/dsr/).

B. Provide documentation of the disability; and

C. Indicate in the application to the Disability Support Resources office, his/her need for accommodation and provide supporting medical documentation from an appropriate professional, if requested by the Disability Support Resources office. The medical professional must have first-hand knowledge of the condition and a familiarity with the physical, emotional and cognitive demands of the disability.

Once an application has been submitted to the DSR, a DSR advisor will review the application and may contact the faculty or staff member who submitted the application. The advisor will contact the supervisor/unit administrator and discuss whether an accommodation is warranted, explore possible accommodations, and assess the effectiveness each would have in enabling the faculty or staff member to perform his/her job including the following:

A. The essential job functions of the position. The essential functions are the fundamental job duties of the employment position at issue. To be qualified for a position, an individual must be able to perform the essential functions of the job, with or without a reasonable accommodation.

B. The faculty or staff member’s ability to perform essential job functions with or without a reasonable accommodation; and,

C. Possible types of reasonable accommodations, if any are needed.

Reasonable accommodations vary depending on the circumstances of each case. In evaluating alternatives for accommodation, the preferences of the individual are considered, but the ultimate decision regarding what type of accommodation, if any, will be provided is made by the University. Nothing in this document shall be construed to waive the University’s right to contest whether a faculty or staff member is disabled or is entitled to an accommodation.

Medical documentation, as well as other related materials, will be maintained at DSR. Such documentation is kept confidential, except as necessary to administer the accommodation process or otherwise permitted by law. Such documentation may be shared only with those individuals involved in the accommodation process on an as needed basis.

During the accommodation request process, DSR may:

A. Request additional documentation;

B. Consult with Human Resource Office;

C. Evaluate whether any accommodation is needed and, if it is, whether an accommodation is reasonable and should be made (this evaluation may include preparing cost estimates);

D. Assess various accommodations;

E. Identify alternative accommodations or solutions;

F. Provide information from resources about the capabilities of persons with similar disabilities and the tools/techniques they use;

G. Determine a reasonable accommodation, if appropriate;

H. Provide a written determination to the department/unit and faculty or staff member;

I. Explain the department/unit’s responsibility to fund an accepted accommodation or seek alternative funding, if needed;

DSR makes a determination regarding implementation of accommodations. DSR will consider each request for reasonable accommodation and determines: (1) whether the accommodation is needed; (2) if needed, whether the accommodation would be effective; and (3) if effective, whether providing the reasonable accommodation would impose an undue hardship.

Appeals

If a faculty or staff member or supervisor/unit administrator disagrees with the DSR determination, the decision may be appealed to the Vice President of Inclusion and Equity, in writing to:

Vice President of Inclusion and Equity
4055 James H. Zumberge Hall
Allendale, MI 49401
Office number: (616) 331-3296

Retaliation

Retaliation against a faculty or staff member who requests an accommodation is prohibited. Individuals who feel that they have experienced retaliation may contact the Division of Inclusion and Equity.

RELIGIOUS INCLUSION POLICY

SLT 9.6

Date of Last Update:
November 19, 2012

Approved By:
Senior Leadership Team

Responsible Office:
Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT

Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Purpose

Many University students, staff, and faculty observe religious traditions from a variety of religions. This Religious Inclusion Policy (“Policy”) acknowledges the right of students, staff, and faculty to engage in religious observances. The University is committed to accommodate the exercise of that right.

The University acknowledges that conflicts in scheduling mandatory academic requirements and employment obligations with religious observances are inevitable. Although the University does not observe religious holidays, it recognizes that there are a number of religious holidays that affect significant numbers of our students, staff, and faculty. This Policy is intended to provide clarity to students, staff, and faculty who seek accommodation to practice their faith.

PROCEDURES

Accommodations
Grand Valley State University will make a reasonable effort to allow its students, staff, or faculty to be away from work or a class to observe their religious beliefs, except where accommodating the request would result in undue hardship on the University in its mission, operation or in meeting its academic standards. The University provides quiet areas for student, staff, and faculty reflection, meditation, and prayer. A list of these quiet areas may be found on the Inclusion and Equity webpage.

Faculty should be sensitive to the observance of religious holidays so that students who miss classes to practice their faith are not disadvantaged. A list of religious holidays is found on the Inclusion and Equity website. Please note that this list is meant to be inclusive of most major religious traditions (although certainly not comprehensive), and that religious holidays have no official status at the University.

Faculty should make every effort to avoid scheduling examinations or assigning work that is due on religious holidays. Some religious holidays begin at sundown on the evening before the published date of the holiday. Consequently, faculty should avoid scheduling late afternoon exams on these days.

Faculty shall not penalize any student who has properly notified the faculty member by complying with the Request Accommodation Procedure for his/her absence in classes, examination, or assignments. Faculty should accept a student's claim of a scheduling conflict on religious grounds at face value. If class attendance is required by the faculty member, classes missed to observe a religious holiday may not be counted as an absence.

Faculty must provide a reasonable opportunity for such a student to make up missed assignments and examinations within a reasonable time period before or after the student’s absence, provided the student has properly notified the faculty member by submitting a Request Accommodation Form. Faculty must give the student the opportunity to do appropriate make-up work that is no more difficult or time-consuming than the original exam or assignment.

Nothing in this Policy, however, exempts a student from meeting course requirements or completing assignments. The faculty member may respond appropriately if the student fails to satisfactorily complete the make-up assignment or examination.

Further, when scheduling university events and activities, such as Family Weekend, Commencement, Convocation, and University sponsored conferences, planners should consult the list of religious holidays on the Inclusion and Equity website before selecting the date and time to ensure inclusiveness.

Religious Accommodation Procedure

All requests for accommodation for religious observance should be made in the following manner:

Students/Faculty should inform students of all examination dates and assignment deadlines at the start of each semester in the class syllabus. If a conflict with a religious observance exists, students must request a religious accommodation from their faculty within the first two weeks of each semester or as soon as reasonably possible after the instructor announces a particular mandatory class, examination, or assignment so that alternative arrangements can be made for any class, examinations, or assignments missed. If an accommodation is needed within the first two weeks of the semester, the student must provide the faculty member with reasonable advance notice of the need for accommodation. Requests for accommodation must be made through a Religious Accommodation Form, which may be found at the Dean of Students Office, the Office of Affirmative Action or under “Forms” at www.gvsu.edu/inclusion. It is the student’s responsibility to provide faculty with reasonable notice of the need for accommodation and the timing of the notice may be taken into account in determining whether granting the request would create an undue hardship.

The faculty member and the student should discuss and agree upon what would constitute a reasonable accommodation in each given case. If the student and faculty member agree upon an accommodation, the accommodation must be carried out and disclosed on the Religious Accommodation Form. The completed Religious Accommodation Form shall be filed by the faculty member in the Dean of Students Office. If the student and faculty member cannot agree on an accommodation, either party may bring the matter to the Unit Head to determine the accommodation. Either party may appeal the Unit Head’s decision to the Dean, who will make a final binding decision.

Where a student has obligations to a placement site (e.g. internships), that student must also work out arrangements with the placement site to make up for missed responsibilities or duties.

The use of vacation and personal leave is governed by the Faculty Handbook. Requests by a faculty member for leave for religious accommodation, however, shall be considered under this Policy if the faculty member has made arrangements for any missed classes and the granting of the leave will not result in undue hardship for GVSU.

Faculty: The use of vacation and personal leave is governed by the Faculty Handbook. Requests by a faculty member for leave for religious accommodation, however, shall be considered under this Policy if the faculty member has made arrangements for any missed classes and the granting of the leave will not result in undue hardship for GVSU. Faculty that miss class time due to a religious observance must make alternate arrangements for that time with his or her Unit Head. If the Unit Head denies the request, the faculty member may appeal to the Dean, who will have final decision authority over the request.

Nothing in this Policy exempts a GVSU faculty or staff member from fulfilling their job responsibilities.

Confidentiality

Although discretion will be exercised, a guarantee of confidentiality or anonymity cannot be made because the determination of a reasonable religious accommodation will involve discussions with other parties.

Information about the request for religious accommodation will be revealed only as the deliberation process requires. Discretion will be observed to the extent permitted by law and that is consistent with protecting the welfare of the students, staff, and faculty and the interests of the University.

Retaliation

Any attempt to retaliate against an individual who files a religious accommodation request or otherwise utilizes this Policy is prohibited.

POLICY STATEMENT

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all students and staff with equitable access to the University's programs, services, events and staff development activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers to our websites or to provide equally effective alternative access.

This policy establishes minimum standards for the accessibility of web-based information and services considered necessary to meet the University's goals and ensure compliance with applicable law. The University has assigned web accessibility responsibilities to its Americans with Disabilities Act Coordinator and Web Manager, or their designees. The University will ensure that new online content and functionality developed, procured, or used will be fully accessible to individuals with disabilities. This action will include any staff training that may be necessary to ensure full implementation.

All new web pages published by any University college, school, department, program, or unit on or after the effective date of this policy must conform to WCAG 2.0 Level AA Technologies Accessibility Standards and this policy.

For existing online content, the University has: developed a strategy for identifying inaccessible content and functionality for individuals with disabilities; developed a notice to persons with disabilities regarding how to request that the University provide access to online information or functionality; prominently posted this notice on its home page and throughout its website; and developed a process to ensure that, upon request, inaccessible content and functionality will be made accessible in an expedient manner.

Each web page must contain a link to report accessibility issues, or to request an accessible version, should users have trouble accessing content within the site. This would usually be the site administrator or content author.

Programs are typically workshops, sports camps, academic camps, conferences, and similar activities. Some activities that are exempt from Section I can be found in Sections III-V.

A. Sponsoring Unit offering or approving a Program that involves Minors or provides University housing for Minors participating in a Program, whether utilizing University housing or not, shall abide by the following:

1. 4. Background checks of Authorized Adults. All Authorized Adults in the Program must complete and submit the Authorization for Release of Information for Background Check form to Human Resources. Background checks must be completed every five years. (See also, Human Resources Policy, for Authorized Adults who are not University employees.)

5. Procedures for release of Minors. All Programs must establish a procedure for the pick-up and drop-off of Program Participants, specifying times and locations. The Authorized Adult(s) overseeing the pick-up and drop-off of Program Participants shall remain at the specified location until all Minors have been released. If a Minor is not picked up, the Authorized Adult(s) will contact the parent or guardian, the program director and finally, Grand Valley Department of Public Safety if needed.

In rare circumstances, strict adherence to this policy’s requirements may not always be feasible or be the best practice for managing risk. If a Program can justify an exception in consultation with and with approval from Human Resources, or, when appropriate, obtain written consent by the Parent/Legal Guardian/Foster Parent for the parameters applicable to the Program, certain requirements under this policy may be waived. Such waivers will be considered on a case-by-case basis.

II. Conduct Requirements of Authorized Adults

All Authorized Adults, participating in Programs and activities covered by this policy, should be positive role models and act in a caring, honest, respectful, and responsible manner. They are required to comply with all applicable laws and University policy. In addition, at all times, they shall:

1. In general, avoid One-on-One Contact with Minors, unless in public spaces. Two or more Authorized Adults must be involved in Programs where Minors are present unless a waiver has been signed or an exception has been granted.

2. Have separate accommodations from the Minors. An Authorized Adult should not have One-on-One Contact by entering a Minor’s room, bathroom facility, or similar area without another Authorized Adult in attendance.

3. Not take photographs or digital images of Minors other than specified in the waiver for photography (see Section I.1).
4. Not engage in private communication not pertaining to Program matters with a Minor by email, telephone, text message, social media, or any other method at any time, except when there is a clear educational purpose and the communication is consistent with the mission of the University.

5. Not meet with Minors outside of established times for Program activities. Any exceptions require written Parent/Legal Guardian/Foster Parent authorization and must include more than one Authorized Adult from the Program.

6. In the presence of a Minor or during any University Program, not engage in any sexual activity or romantic conversations, or sexually explicit comments.

7. Not possess, have within reach and/or share sexually-oriented printed or computerized or portable materials (magazines, cards, videos, films, clothing, smartphones, etc.) in any form available to Minors participating in Programs or activities covered by this policy or assist them in any way in gaining access to such materials. The one exception would be legitimate sexual education Programs in which the Minor’s Parent/Legal Guardian/Foster Parent have given prior written consent.

8. Not engage in abusive conduct of any kind toward, or in the presence of a, a Minor. For example, no Authorized Adult shall strike, hit, administer corporal punishment or touch in an abusive or illegal manner any Minor. If necessary, touching should only be in the open, in the Minor’s immediate physical needs, for a purpose that is consistent with the Program’s mission and culture, or for a clear educational, development, safety, or health-related purpose (i.e., treatment of an injury).

9. Not possess, have within reach and/or share firearms, knives, or other weapons, unless being used for an officially sanctioned and approved instructional Program. (See also the Weapons policy [PC 6.27].)

10. Not transport Minors, except as specifically authorized in writing by the Minor’s Parent/Legal Guardian/Foster Parent, or in the case of an emergency.

11. Not engage in the use of alcohol or illegal drugs, or be under the influence of alcohol or illegal drugs, during such Programs or activities. (See also the Alcohol and Other Drugs policy [PC 5.1].)

12. Respect and adhere to any resistance from the Minor unless it is a life-threatening emergency.

13. Not continue to participate in Programs or activities if an allegation of prohibited or illegal conduct has been made against an Authorized Adult covered by this Policy until such allegation has been satisfactorily resolved and future participation in Programs is permitted by the University.

14. Not engage in any activity that violates the policies of the University (www.gvsu.edu/policies). This includes the harassment policies [PC 9.1], the Sexual Misconduct policy [PC 9.1], and the Religious Inclusion policy [PC 9.2].

Those who do not meet the prescribed standards of behavior may be asked to leave the Campus and/or Program and may be subject to expulsion from the Program, suspension of attendance, being issued a “no-trespass order,” or as per Public Safety, or disciplinary action up to and including termination of employment. (See also Section VII of this policy.)

The behavioral requirements in this policy are not meant to preclude enrolled University students from developing appropriate friendships with Minors who are close in age to the enrolled student; rather, the requirements are meant to protect Minors from abusive or illegal contact and inappropriate relationships.

III. Third Party Programs Held on University Property

Third Parties using University facilities for events that involve Minors shall operate within all policies and requirements to use University facilities. In addition, adults who interact with Minors in these activities shall conform to the conduct requirements in Section II of this policy.

IV. Minors Enrolled In Courses

Minors who are matriculated students of the University, guest students from other institutions, or dual-enrolled students are subject to all university policies. Adults who interact with Minor students (e.g., faculty teaching courses, academic advisors) are also subject to all university policies and shall conform to the conduct requirements in Section II of this policy. The requirements of Section I of this policy do not apply.

V. Minors at the University Who Are Not Participating in a Program

1. Minors brought to Campus by an employee, student, or visitor, and who are not participating in a Program by a Sponsoring Unit, are the sole responsibility of the employee, student, or visitor. The person bringing the child to Campus is responsible for all aspects of the Minor’s behavior including the Minor’s safety and financial responsibility for any damages caused by the Minor.

2. Minors who are present on Campus and venues open to the public. However, the University reserves the right to determine, in its sole discretion, whether selected events or venues are appropriate for unescorted or unsupervised Minors.

3. In the event a Minor is on Campus and is unsupervised by an adult, 2) they are not a Participant in a University Program, and 3) they are not a Participant in a Third Party Program (Section III), they may be required to leave the Campus.

Activities for which this Section V of the policy is relevant include:

• Events or performances on Campus that are open to the general public (e.g., athletic competitions, plays, concerts);
• Pre-enrollment visits such as admission, recruitment, and orientation events;
• Services provided by the Campus Health Center or other similar On-Campus clinical services during which a Minor is under the supervision of a Parent/Guardian/Foster Parent or a clinical provider;
• Non-residential field trips to Campus supervised by a Minor’s school or organization;
• Private, personal events (e.g., birthday parties, weddings) for which the user has a separate, signed agreement with the University to use space on Campus.

The following activities are exempt from this policy: Off-campus clinical, practicum, internships, student teaching, or similar experiences in which (1) University students (undergraduate or graduate) interact with Minors as part of the experience and (2) are supervised by a third party. This also includes Off-Campus events in which Registered Student Organizations participate with third-party organizations.

VI. Reporting Requirements

Reporting requirements of suspected child abuse or other illegal conduct towards a Minor shall be in accordance with applicable federal, state, and local laws. In particular, see:

• State of Michigan Department of Health and Human Services rules on reporting abuse and neglect (This page includes indicators of child abuse and neglect and the State of Michigan’s definition of "Mandatory Reporters").

Individuals who witness or suspect child abuse should not conduct an investigation or delay in notifying the appropriate authorities via 911. Such actions could tantamount any inappropriate criminal or administrative investigation and render evidence inadmissible.

In addition, the University’s Police Department/Public Safety site provides up-to-date definitions of unlawful behavior: https://www.gvsu.edu/pdp/title-ix-and-campus-security-authority-report-141.htm

VII. Additional Considerations

1. When an Authorized Adult or other person has been alleged to engage in inappropriate conduct with a Minor, that individual must discontinue any further participation in Programs covered by this policy until such allegation has been satisfactorily resolved and he or she has been given written permission by the University to participate again in Programs. Resolution of the allegation will involve appropriate investigatory steps, and any written permission to continue participation (or participate in the future) in a Program covered by this policy must be coordinated with Human Resources.

2. Any accommodations or modifications due to a disability, while visiting campus must inform the Sponsoring Unit of their needs.

VIII. Interaction with Other Standards, Practices, and Requirements

Nothing in this policy is meant to supersede or replace the standards of practice of other entities in responding to child abuse, suspected incidents of child abuse or threats of child abuse. Satisfying the requirements of this policy does not relieve a person from any obligation to follow the protocols of another entity that may apply to the particular incident. Individual University units maintain the discretion to impose safety measures beyond those required by this policy on University Programs they sponsor or oversee. Additionally, all state and federal requirements must be followed.

PROCEDURES

Human Resources may develop forms and guidelines to assist Programs that wish to work with Minors on Campus. In addition, Human Resources will conduct random audits annually to ensure compliance with this policy.

3. Deposit Requirements

- A fee deposit will be required when the processing of a request will require significant University employee time and resources. The University will notify the requester of the estimated cost and provide a non-binding, best efforts estimate of the time it will take to complete the processing of the request. It is possible that after further processing of the request, the University will determine that the cost of processing the request is significantly less or greater than the estimated cost. If that is the case, the University will notify the requester to allow the requester to determine whether and how he or she wants to proceed with the request.

4. Calculation and Payment of Fees

- Fees are calculated by adding together the following costs:
  - Labor costs for searching for, locating, and examining responsive records
  - Labor costs for review, separation, and deletion of exempt information from non-exempt information
  - Cost of non-paper physical media, if used
  - Cost per copy of paper copies, not to exceed $.05/page for standard 8 ½ x 11 inch paper

**POLICY STATEMENT**

This policy applies to all buildings, grounds, and other spaces owned or controlled by the University.

For purposes of this policy, the term "Expressive Activity" includes:

1. Meetings and other group activities of students and student organizations;
2. Speeches, performances, demonstrations, rallies, vigils, and other events by students, student organizations, and outside groups invited by student organizations;
3. Distributions of literature, such as leafletting and pamphletting; and
4. Any other expression protected by the First Amendment to the U.S. Constitution.

University property is primarily dedicated to academic, student life and administrative functions. But it also represents the "marketplace of ideas," and especially for students, many areas of campus represent a public forum for speech and other Expressive Activities. For students and registered student organizations, certain areas of campus are venues for free expression, including speeches, demonstrations, and the distribution of literature, as provided by this policy.

The University shall not consider the content or viewpoint of the Expressive Activity or the possible reaction to that Expressive Activity in applying this policy. The University shall not impose restrictions on students, student organizations, or university employees due to the content or viewpoint of their Expressive Activity or the possible reaction to that Expressive Activity. In the event that other persons react negatively to a student's, registered student organization's, or university employee's Expressive Activity, the University (including representatives from the Department of Public Safety) shall take all necessary steps to ensure public safety while allowing the Expressive Activity to continue, unless the University's operations are materially and substantially disrupted.

**PROcedures for Challenge and Appeal**

a. If the University denies a request in whole or in part, the requester may:
   i. Submit an appeal to the Head of the Public Body, which for the purpose of these Procedures and Guidelines is the Vice President and General Counsel, in writing, via the FOIA Coordinator, using the contact information listed in Item 1, above. The appeal must specifically use the word "appeal" and identify the reason(s) the requester seeks reversal of the denial. The Head of the Public Body must respond to the appeal within ten (10) business days by doing one of the following:
      1. Reversing the FOIA Coordinator's decision
      2. Upholding the FOIA Coordinator's decision
      3. Reversing in part and upholding in part the FOIA Coordinator's decision
      4. Issuing a notice of extension for not more than ten (10) additional business days.
   ii. Commence a civil action in the Court of Claims within one hundred eighty (180) days after the University's final determination to deny a request.
   b. If a requester believes that the University has required payment of a fee that exceeds the amount permitted under these Procedures and Guidelines, he or she may commence an action in the Court of Claims for a fee reduction within forty five (45) days after receiving the notice of the required fee.
   c. If a requester has questions regarding any FOIA response, including estimated fees or actual fees assessed, the requester should not hesitate to contact the FOIA Coordinator by email foia@gvsu.edu or telephone 616-331-2067.

**FOOTNOTES**

(1) M.C.L.A. 15.231.
(2) Verbal requests for information are not FOIA requests for purposes of these Procedures and Guidelines. If a verbal request for information is received by a University employee who knows that the information is available on the University's website, the employee, where practicable, will inform the requester about the University's website address.
(3) The University has determined, consistent with FOIA, that failure to charge fees in situations where the fees would be equal to or greater than $50.00 would result in unreasonably high costs to the University.
(4) A copy of the standard form that the University uses for fee itemization, with additional explanatory information, is attached to these Procedures and Guidelines.
(5) Labor costs will be estimated and charged in increments of 15 minutes or more, with all partial time increments rounded down. The labor is charged at the hourly rate of the lowest paid University employee capable of doing the work, plus fringes benefits, if applicable. If it is not possible for the work to be done by a University employee, the University will contract the work out and charge per the provisions of the statute.

Use of this space is free of charge and may be reserved by contacting Event Services at 616-331-2350. A reservation for use of the space will take precedence over a spontaneous Expressive Activity. Approved By:

Senior Leadership Team

 Responsible Office:
Office of General Counsel

POLICY STATEMENT

Political activity of faculty and staff members at Grand Valley State University as addressed in the Grand Valley State University Board of Trustees’ Policies BOT 4.1.6.3, in pertinent part, states: “The University affirms the rights of its faculty and staff members as citizens to be active in political affairs which do not conflict with the professional standards and ethics in employment.” Further, the Board of Trustees address the subject of Academic Freedom of faculty in the Grand Valley State University Board of Trustees’ Policies BOT 4.0.2. Specifically sections 2 & 3:

2. Faculty members are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter, which has no relation to their subject. (The words faculty member as used in this document are understood to include the investigator who is attached to an academic institution without teaching duties.)

3. University or university faculty members are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and as educational officers, they should remember that the public may judge their professionalism and their institution by their utterances. Hence they should at all times act in a professional and responsible manner, and should make every effort to indicate that they are not institutional spokespersons.

In addition to University policy, state law, specifically the Michigan Campaign Finance Act, regulates political activities of public bodies, such as state universities, and its employees.

PROCEDURES

In light of University Board of Trustees’ policies and state law, the following guidelines are intended to help faculty and staff with compliance:

1. Faculty and staff members may engage themselves, as private citizens, in political activities including support or opposition to candidates for office or ballot questions on their own time. If you are working for the University and charging your time to a federal grant, any activity to support a political candidate or ballot question must be conducted on personal time. For questions about federal grants, contact the Office of Sponsored Programs for more information.

2. University departments or programs may sponsor presentations and discussion groups about an upcoming election provided that the purpose is to provide factual information on a political subject or issue if the communication does not support or oppose a ballot question or candidate by name or clear inference.

3. Classroom discussions of candidates and ballot questions must be related to course content as described in the catalog and course syllabus. A reminder to students to register to vote and to vote is permissible.

4. Faculty and staff members may express their support or opposition to candidates or ballot questions by wearing buttons.

5. Faculty and staff members, as private citizens, may elect to lend their names to support one or more candidates for office or in support of or opposition to a ballot question. However, care must be exercised to assure that the faculty or staff member does not use their University title in relation to such advocacy.

6. Faculty and staff members shall not use University resources for political activity to support or oppose candidates for office or ballot questions. “University resources” includes, but is not limited to:

a. University funds or money administered through a University budget;

b. University facilities including office space or meeting rooms (except speech in open forum areas) or use of University office address;

c. University equipment including office or cellular telephones, computer hardware or software, printers, copiers and facsimile machines;

d. University-provided email addresses or use of the University email system;

e. University supplies including stationary, paper, postage, pens, pencils, and other office supplies;

Examples of services that require risk disclosure include but are not limited to:

EMAIL POLICY

SLT 11.2

Date of Last Update: October 09, 2015
Approved By: Senior Leadership Team

Responsible Office: Information Technology

POLICY STATEMENT

Grand Valley State University provides its faculty, staff and students with electronic mail intended for University-related purposes including direct and indirect support of the University’s instructions, research, and service missions; of University administrative functions; of student and campus life activities; and of the free exchange of ideas among members of the University community and between the University community and the wider local, national, and world communities.

The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be
guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder's consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional circumstances inspect, monitor, or disclose electronic mail.

PROCEDURES

Applicability

This Policy applies to:

- All electronic mail systems and services provided or owned by the University
- All users, holders, and uses of University e-mail services
- All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.

This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:

- Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the Electronic Communications Privacy Act and the Computer Fraud and Abuse Act, which prohibit unauthorized use or entry into another's account; the University Student Code; the University's Anti-Harassment policy; and all applicable software licenses.
- Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.
- Act within the standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations and law.
- Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.
- Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth limit or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.
- Inspection, monitoring or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

Specific Provisions

A. Users

Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVSV retains the right to remove email services at any time.

B. Account Usage

GVSV has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual's responsibility to do so.

Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University's computer system without proper authorization. Any attempt by a user to gain access to another person's network account, private network drive, or restricted areas on the GVSV computer system is prohibited.

University e-mail services shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unwanted or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) "spam," that is, to exploit listservs or similar broadcast systems for purposes beyond their intended scope to amplify the widespread distribution of unsolicited e-mail; and (3) "letterbomb," that is, to send the same e-mail repeatedly to one or more recipients to interfere with the recipient's use of e-mail.

C. Representation

Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is: "These statements are my own, not those of the Grand Valley State University."

Policy Violations

Violations of University policies governing the use of University electronic mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under other University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A for detail on additional policies and guidelines.

Security and Privacy

The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their users' accounts. Users should be aware, however, that the University couldn't guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSV is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their uses of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when:

- The user has voluntarily made them accessible to the public
- It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
- There is a reasonable cause to believe that the user has violated, or is violating, this Policy
- An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns
- It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

Posting and Authority to Change

Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel.

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Office of General Counsel

**POLICY STATEMENT**

All faculty/staff communications from University email accounts should reflect the University’s brand. To keep our brand identity strong and consistent, and to enhance credibility for our faculty and staff who communicate via email, all emails created by University employees and delivered via the University’s email system should feature email signature blocks consistent with this policy.

An email signature block is text and other University information appended to the end of an email in order to identify the sender and facilitate further contact. Official University email signature blocks establish credibility for our faculty and staff by clearly identifying them and their roles at the University. The official signature block provides contact information for the employee and points email recipients to the University website, a key source of information about the University.

All emails using a University account should have signature blocks consistent with the University brand. The following items are permissible but not required:

- Employee’s name
- Employee’s official University title(s)
- Employee’s department or office name
- Gender pronouns
- Grand Valley State University
- University’s website address: [www.gvsu.edu](http://www.gvsu.edu)
- Department or Program website
- University or departmental trademarks or logos
- the University’s general address or employee’s University address
- Employee’s department and/or office telephone number, and fax number
- Employee’s mobile phone number
- Employee’s campus email address
- Social media account addresses used solely for advancing scholarly or professional pursuits
- Other University related information may be added such as departmental mission statement, and a link to University created social media account(s)

- A confidentiality statement is permitted for use below the email signature on all outgoing emails, such as:
  
  The content of this email is confidential and intended only for the recipient(s) specified. If you received this message by mistake, please reply so the sender can correct the error, and then delete this email immediately. Do NOT forward it to a third party without the written consent of the sender.

Employees may not add to their official email signature block any personal information, including links to personal websites or social media accounts that are not used solely for scholarly or professional pursuits related to their position at the University. Except for messages of and concerning the University no motto, symbols, quotations, taglines or other statements may be added to the email signature block, as these may be misunderstood as representing the University’s official positions, values, or views.

All faculty and staff shall comply with this policy by creating an approved email signature block and using it consistently when communicating via their University email accounts. Should there be noncompliance to this policy, the individual’s supervisor and/or vice president will enforce compliance through appropriate means.

SOFTWARE SUPPORT POLICY

Senior Leadership Team

Responsible Office:
Information Technology

POLICY STATEMENT

Information Technology is responsible for providing software support to the campus community. IT resources are finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.

PROCEDURES

The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.
