GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - PERSONNEL

BOT 4.1.1
Date of Last Update:
June 25, 2021
Approved By:
• Board of Trustees

Responsible Office:
Office of General Counsel

POLICY STATEMENT
4.1.1 Personnel Administration. Personnel Administration is a service activity in which each appointing officer has a role. The authority over the personnel program resides in the Board of Trustees, although the president, as agent of the board, and other Executive Officers may designate (“appointing officers”) have the authority to make appointments within the approved personnel program. Centralized within the Human Resources office is the responsibility and advisory authority to determine that the philosophy and policies of the personnel program are effectively applied.

GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - EQUAL OPPORTUNITY

BOT 4.1.2
Date of Last Update:
June 25, 2021
Approved By:
• Board of Trustees

Responsible Office:
Office of General Counsel

POLICY STATEMENT
4.1.2 Equal Opportunity. The president and other officers to whom the President designates authority for personnel actions are responsible for the enthusiastic application of all laws and regulations concerning fair employment practices, equal opportunity, etc., to all matters with respect to recruitment, appointment, assignment, and promotion of university's personnel. Matters of affirmative action are outlined in the "Affirmative Action Program" maintained by the Affirmative Action Officer.

GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - UNIVERSITY RESPONSIBILITIES

BOT 4.1.3
Date of Last Update:
June 25, 2021
Approved By:
• Board of Trustees

Responsible Office:
Office of General Counsel

POLICY STATEMENT
4.1.3 University Responsibilities. The President and other officers to whom the President designates authority are responsible for administering the university and its property, supervising its operations, assigning and directing its faculty and staff, changing or introducing new operations, methods, or facilities, appointing, assigning, or disciplining faculty and staff members, subject to the guidelines herein set forth, and establishing such procedures which may be needed from time to time. For purposes of this Section 4.1, "faculty and staff" shall mean an employee covered by Section 4 of the Board of Trustees' Policies.

GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - DISCIPLINARY PROCEDURE

BOT 4.1.4
Date of Last Update:
June 25, 2021
Approved By:
• Board of Trustees

Responsible Office:
Office of General Counsel

POLICY STATEMENT
4.1.4 Disciplinary Procedure. The President and other administrators to whom the President designates authority are responsible for discipline which normally shall be corrective rather than punitive in nature. A typical procedure for disciplinary action will be, depending on the seriousness or frequency of the cause, an oral discussion, a written warning, disciplinary lay-off without pay, and dismissal. All disciplinary actions are subject to the appropriate grievance procedure.

Office of General Counsel
GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - CONFLICT OF INTEREST

4.1.6 Conflict of Interest

4.1.6.1 Employment. Appointment of any relative of a faculty or staff member must be approved by the President in advance of the appointment in order to insure that no conflicts of interest exist. Each Appointing Officer must insure that no conflicts of interest exist in matters of appointment, retention, promotion, termination, assignment or other conditions of employment for relatives of faculty or staff members within his or her unit.

4.1.6.2 Financial. It shall be the responsibility of the President (or designee) to insure that conflicts of financial interest do not occur, and to take such steps to protect the University as seem to be required. The University respects the rights of its faculty and staff members in their activities outside their employment which are private in nature and which in no way conflict with or reflect upon the University.

4.1.6.3 Political Candidates or Office Holder. The University affirms the rights of its faculty and staff members as citizens to be active in political affairs which do not conflict with the professional standards and ethics of their employment. It shall be the responsibility of the President (or designee) to ensure that conflicts involving professional standards and ethics do not occur with University faculty and staff members who are political candidates or office holders, and to take such steps to protect the University as may be required.

GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - EMERITUS APPOINTMENT

4.1.7 Emeritus Appointment

Any retired faculty or staff member of the University who has made a significant contribution to the University through a reasonable period of service is eligible for emeritus status with an emeritus title usually conforming to that held at retirement. The President's recommendation to the Board of Trustees will be made after consultation with the Appointing Officer, colleagues and vice-president. This recommendation may be made posthumously if all other criteria except retirement status have been met. In its sole judgment, the Board of Trustees reserves the right to revoke emeritus status. Emeriti will be appointed without compensation.

GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - HONORARY TITLES

4.1.8 Honorary Titles

Persons who are performing significant services to the University may be given an honorary title conforming to the service performed upon recommendation of the President to the Board of Trustees. Honorary faculty and staff will be listed in appropriate publications, may participate in commencement, use library facilities, and will be encouraged to take an active role in the University. They will be appointed without compensation. The duration of an honorary appointment shall coincide with the period of service rendered.
POLICY STATEMENT

4.1.1 Verification of Credentials

All advanced degrees recognized by the University must be earned from institutions approved by recognized accrediting bodies. In the case of foreign degrees, a formal evaluation will be made by the Office of General Counsel to determine equivalency with degrees awarded in the United States.

GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - OBLIGATIONS OF APPOINTEES

BOT 4.1.10

Date of Last Update: June 25, 2021

Approved By: Board of Trustees

POLICY STATEMENT

4.1.10 Obligations of Appointees

As the result of accepting an appointment, the recipient becomes obligated to comply with all policies and regulations of the University applicable to the position including those in effect at the time of appointment and those duly adopted and issued thereafter. This obligation does not contravene the appointee's rights of academic freedom or the express terms and conditions of the appointment. Among such policies are the following:

4.1.10.1 Outside employment. Since faculty and staff members are required to fulfill their responsibilities completely and effectively, any outside employment which a faculty or staff member wishes to undertake must be approved in advance by the Appointing Officer.

4.1.10.2 Rights in published material, inventions and secret processes. The University seeks to promote the public good through excellence in teaching, active scholarship, and service. In the course of these activities, faculty, staff, and students create Intellectual Property that may be eligible for copyright, patent, and other forms of legal protection. In order to reinforce the fairness of mutual commitment and in the spirit of academic freedom, the University recognizes the rich and varied products of individual scholarship, in all its manifestations, are rightly the property of the Creator except as otherwise defined by this Section 4.1.10.2. The University also recognizes that Intellectual Property should remain available for the benefit of the entire University community and that the Creators shall not use Intellectual Property in conflict or competition with the University. Therefore, the University community seeks to establish an environment in which the creation of Intellectual Property is suitably recognized as an academic achievement and in which the benefits of intellectual property to the creators, the University community, and the general public are optimized.

A. Ownership. All Intellectual Property shall be owned by its Creators when such Intellectual Property is not considered 1) work made for hire; 2) expressly assigned or commissioned by the University; 3) grant or contract funded through the University; or 4) to require more than nominal use of University resources. Irrespective of ownership, Creators shall disclose promptly and with full disclosure, in the manner prescribed by the University in order to protect confidentiality of the Intellectual Property, to the Finance and Administration Office any Intellectual Property discovered or created as a result of 1) work made for hire; 2) expressly assigned or commissioned by the University; 3) grant or contract funded through the University; or 4) more than nominal use of University resources.

B. Right to use. If the event the Intellectual Property is owned by the Creator but involved University resources in the discovery or creation of the Intellectual Property, the University will retain a non-exclusive license to use the Intellectual Property within the University provided attribution is given to the Creator(s) of the Intellectual Property. In the event the Creator leaves the employ of the University, the University shall be able to modify the Intellectual Property for use within the University.

C. Commercial Application. Three options for the commercialization of a technology are noted below. The option will be chosen by Creator(s) and the Finance and Administration Office jointly, prior to the expenditure of substantial University resources. The option chosen should be that which best serves the mission of the University, including the objectives of this policy, and which is consistent with the available technology transfer resources of the University. The following three options for commercialization are available:

1. Licensing Third Parties. The University may license or assign Intellectual Property to external entities for further development and commercialization in exchange for a return on resulting revenues. The University and Creator shall divide the return on resulting revenues using one of the two formulas as follows:

   i. The University and the Creator divide the gross revenue 70% to the University and 30% to the Creator but the University assumes the expenses related to legal protection, marketing and commercialization and licensing and other transactional expenses related to the Intellectual Property; or,
   
   ii. The University and the Creator divide the net revenue 50% to the University and 50% to the Creator but the University first recovers its expenses related to legal protection, marketing and commercialization and licensing and other transactional expenses related to the Intellectual Property.

If the University decides not to protect or license the Intellectual Property, or subsequently decides to not pursue commercialization of the Intellectual Property it may be reassigned to the Creator(s), upon request, in accordance with option 3 below.

2. Licensing Business Entities in which a Creator holds an ownership or management interest. The University or an affiliated entity may enter into license agreements with business entities in which the Creator holds an ownership interest. The terms may include royalty payment, equity interest, or a combination thereof.

3. Reassignment of ownership to Creator. The University may reassign ownership of Intellectual Property to Creator(s) who elects to market and protect the Intellectual Property. The return to the University for a reassignment of ownership will be ten percent (10%) of the net revenue generated by the Intellectual Property.

D. Definitions.

1. "Creator" shall mean a faculty or staff member who invents, discovers or creates Intellectual Property using University resources.

3. "Academic Works" shall mean Intellectual Properties that are artistic, scholarly, instructional or entertainment in nature and are not Technical Works. Academic Works include instructional materials, books, journal articles, written reports of research to the extent that they do not contain Technical Works, creative writings, manuscripts, music and artwork.

4. "Technical Works" shall mean Intellectual Properties that are generally of a scientific, engineering or technical nature such as patentable or unpatentable inventions, devices, machines, processes, methods, invented or manufactured substances, and computer software.

5. "Nominal Use of University Resources" shall mean use that is customary or usual within the faculty, staff and student's appointment and assignment such as the use of an assigned office, computer, computing network, photocopier or similar reproduction device, telephone or similar telecommunication device, and office supplies in the ordinary support of his or her teaching, scholarly activities and service.

4.1.10.3 Oath of Teachers. Before serving in a teaching position, an appointee will have taken and subscribed the following oath or affirmation as required by Act 23 of the Public Acts of 1935: "I do solemnly swear (or affirm) that I will support the Constitution of the United States of America and the Constitution of the State of Michigan, and that I will faithfully discharge the duties of my position according to the best of my ability."

4.1.10.4 Research Integrity. Research, scholarship and creative activities are central to fulfilling the mission of the University. It is policy of the University that all employees, students, partners and affiliates always perform their roles related to research, scholarship and creative activity with ethical integrity. This requirement reflects a culture publicly committed to developing and fostering the highest standards of professional ethics. Research integrity is demonstrated in the decisions and actions that exemplify our core ethical values. The core ethical values in research related activities, including scholarship and creative performance, include: 1) truthfulness and honesty; 2) non-maleficence and beneficence; 3) trustworthiness, reliability, confidentiality, respect, and collegiality; and 4) accountability.

1. Truthfulness and Honesty. Intellectual and creative activities require thoroughgoing truthfulness and honesty in proposing, conducting and reporting research related activities, scholarship and artistic performance.

2. Non-maleficence and Beneficence. Endeavors involving human or animal subjects require balancing non-maleficence with beneficence in minimizing burdens to research subjects in relation to the potential benefits to those subjects and others.
3. Trustworthiness, Reliability, Confidentiality, Respect, and Collegiality. Research integrity requires trustworthiness and reliability in recognizing and building on the prior work of others, confidentiality in peer review and assessment, and respect and collegiality in interactions with colleagues and students.

4. Accountability. The broader community’s welfare depends upon explicit researcher accountability for all research, scholarship and creative performance related activities, and for reporting misconduct about which one has direct knowledge.

INTERIM VACCINATION POLICY

Interim-1

Date of Last Update: December 10, 2021

Approved By:
• Senior Leadership Team

Responsible Office:
Human Resources

POLICY

This policy applies to all students and employees of Grand Valley State University as a condition of attendance and employment. Employees and students may apply for a medical or religious exemption, or a temporary postponement if their work responsibilities/classes are completely remote and they will not be coming to campus.

All students and employees covered by this policy are required to be fully vaccinated. Employees are considered fully vaccinated two weeks after completing primary vaccination with a COVID-19 vaccine. All students and employees are required to provide truthful and accurate information about their COVID-19 vaccination status, and, if applicable, their testing results. Students and employees not in compliance with this policy will be subject to discipline, including separation from the university.

Employees and students may apply for an exemption or postponement from this mandatory vaccination policy if the vaccine is medically contraindicated for them or medical necessity requires a delay in vaccination. Employees and students may also apply for a religious exemption. Requests for these exemptions or postponements must be initiated by completing the Exemption Form, which can be found on the Lakers Together website, GVSU Health Hub website or Human Resources website.

POLICY STATEMENT

Vaccination is a vital tool to reduce the presence and severity of COVID-19 cases in the workplace, on campus, in classrooms, in communities and across the nation as a whole. Grand Valley State University has adopted this policy on mandatory vaccination to safeguard the health of our students and employees from the hazard of COVID-19.

Confidentiality and Privacy:

All medical information collected from individuals, including vaccination information, test results, and any other information obtained as a result of testing, will be treated in accordance with applicable laws and policies on confidentiality and privacy.

PROCEDURES
Overview and General Information
All Grand Valley State University students and employees must be fully vaccinated or have received an approved exemption or temporary postponement upon employment or attendance.

To be fully vaccinated one must:
- Obtain the first dose of a two-dose vaccine no later than the first day of work or on campus; and the second dose no later than what is recommended by the Centers for Disease Control & Prevention (CDC); or
- Obtain one dose of a single dose vaccine no later than the first day of work or on campus.

You will be considered fully vaccinated two weeks after receiving the requisite number of doses of a COVID-19 vaccine. You will be considered partially vaccinated if you have received only one dose of a two-dose vaccine.

Vaccines are available now from health care providers, pharmacies, and local health departments.

Vaccination Status and Acceptable Forms of Proof of Vaccination
All vaccinated individuals are required to provide proof of COVID-19 vaccination, regardless of where they received vaccination. Proof of vaccination status can be submitted via the online self-assessment or McKesson.

Acceptable proof of vaccination status:
1. The record of immunization from a health care provider or pharmacy;
2. A copy of the COVID-19 Vaccination Record Card;
3. A copy of medical records documenting the vaccination;
4. A copy of immunization records from a public health, state, or tribal immunization information system; or
5. A copy of any other official documentation that contains the type of vaccine administered, date(s) of administration, and the name of the healthcare professional(s) or clinic site(s) administering the vaccine(s).

Proof of vaccination generally should include the individual’s name, the type of vaccine administered, the date(s) of administration, and the name of the health care professional(s) or clinic site(s) that administered the vaccine. In some cases, state immunization records may not include one or more of these data fields, such as clinic site; in those circumstances Grand Valley State University will still accept the state immunization record as acceptable proof of vaccination.

If you lost your COVID-19 vaccination record, the Michigan Department of Health and Human Services (MDHHS) has launched the Michigan Immunization Portal. Michiganders ages 18 and older with immunization records posted in the Michigan Care Improvement Registry (MCIR) will be able to locate their own record online and download, save or print this information. Users must create a MiLogin account at Michigan.gov/MiImmsportal and upload a valid government issued photo ID, such as a driver’s license, state ID or passport. There is no cost to access the portal.

All students and employees are required to inform Grand Valley State University of their vaccination status. The following table outlines the requirements for submitting vaccination status documentation.

See Table Below.

Paid Time Off to Receive a COVID-19 Vaccination
Employees may take up to four hours of paid time per dose for travel to the vaccination site, receipt of a vaccination, and return to work for a maximum of eight hours of paid time for employees receiving two doses. Employees who take longer than four hours to get one dose of the vaccine must send their supervisor an email documenting the reason for the additional time. Additional time requested will be granted, if reasonable, but will be limited to four hours. Employees can elect to use accrued leave, e.g., sick leave, to cover the additional time. If an employee is vaccinated outside of their approved duty time they will not be compensated.

Employees may utilize Emergency Paid Sick Leave (EPSL) immediately following each dose if they have side effects from the COVID-19 vaccination that prevent them from working. Usage of this leave time is subject to availability.

Employee Notification of COVID-19 and Removal from the Workplace
Grand Valley State University will require employees to promptly notify their supervisor when they have tested positive for COVID-19 or have been diagnosed with COVID-19 by a licensed health care provider.

Medical Removal from the Workplace
Grand Valley State University has implemented a policy for keeping COVID-19 positive employees away from the workplace in certain circumstances. Grand Valley State University will immediately require an employee to leave the workplace if they have received a positive COVID-19 test or have been diagnosed with COVID-19 by a licensed health care provider (i.e., immediately send them home or to seek medical care, as appropriate).

Return to Work Criteria
For any employee removed because they are COVID-19 positive, Grand Valley State University will follow CDC guidance for isolation.

Asymptomatic employees, students or volunteers may return to work once 10 days have passed since the positive test. Symptomatic employees, students or volunteers may return to work after all of the following are true:
- At least 10 days have passed since symptoms first appeared, and
- At least 24 hours have passed with no fever without fever-reducing medication, and
- Other symptoms of COVID-19 are improving (loss of taste and smell may persist for weeks or months and need not delay the end of isolation).

*Note: The above may be updated as CDC isolation guidance is updated.

If an employee has severe COVID-19 or an immune disease, Grand Valley State University will follow the guidance of a licensed health care provider regarding return to work.

If a student or employee tests positive for COVID-19, they must record the positive result in their online self-assessment, which will detail next steps and prompt contact by a health professional.

If aGVSU employee, student or volunteer has a positive antigen test but doesn’t have any symptoms or known exposure, they may choose to have a confirmatory COVID-19 nucleic acid amplification test (NAAT); this is also known as a PCR test. They will need to isolate until they receive negative results.

If the PCR test is negative, they may return to work, class, or campus after they have a negative PCR test. They need to remain isolated until they receive those results and report them to the GVSU COVID Assessment Team who will release them from isolation. If the PCR test is positive, they will be required to complete the remainder of their isolation as noted previously.

COVID-19 Testing
Students who receive an approved exemption to the vaccine requirement policy are required to test each week at the location of their choice. Free on-campus testing is available. These students will receive an email reminder each week with the testing schedule. Students must upload results each week to their online self-assessment.

If a student doesn’t get tested at an on-campus testing site, the student will need to test at a CLIA certified lab and will need to upload those testing results to the self-assessment. The documentation must be from a lab, pharmacy, health portal, or health care provider and must include: the name of the patient, date of test, results of test, type of test, name of testing facility, address, phone number. We will not accept verbal reports of tests administered elsewhere. We will not accept at-home tests for weekly testing.

If a student does not provide documentation of a COVID-19 test result as required by this policy, they will be subject to discipline per the GVSU Code of Conduct.

If an employee covered by this policy is not fully vaccinated (e.g., if they are granted an exemption from the mandatory vaccination requirement), the employee will be required to comply with this policy for testing.

Employees who report to the workplace at least once every seven days:
- Must be tested for COVID-19 at least once every seven days; and
- If testing somewhere different than a GVSU site, one must upload test results weekly to the self-assessment or Med+Proctor at least once every seven days.

Any employee who does not report to the workplace during a period of seven or more days (e.g., if they were teleworking for two weeks prior to reporting to the workplace):
- Must be tested for COVID-19 within seven days prior to returning to the workplace; and
- Must provide documentation of that test result to the GVSU self-assessment or Med+Proctor upon return to the workplace.

If an employee does not provide documentation of a COVID-19 test result as required by this policy, they will be subject to discipline including separation from the university.

Employees who have received a positive COVID-19 test, or have been diagnosed with COVID-19 by a licensed health care provider, are not required to undergo weekly COVID-19 testing for 90 days following the date of their positive test or diagnosis unless they develop symptoms.

Employees who receive an approved exemption to the vaccine requirement policy are required to test each week at the location of their choice. Free on-campus testing is available. These employees will receive...

HONORARY NAMING OF A PORTION OF A GVSU FACILITY POLICY

SLT 2.1

Date of Last Update: June 30, 2014

Approved By:

• Senior Leadership Team

Responsible Office:

Office of the President

POLICY STATEMENT

Only in exceptional circumstances where a former member of the Grand Valley State University community has made an extraordinary, significant, positive contribution will a portion of a facility be named for such a person. A portion of a facility may be a classroom, laboratory, conference room or similar space.

PROCEDURES

• Nominations must be made in writing to the appropriate Vice President. With the support of the Vice President, the nomination will be forwarded to the Executive Associate to the President. The Executive Associate to the President will bring the nomination to the Senior Leadership Team who will review and give input to the President of the University. The President of the University will make the final determination on the naming of portions of facilities.
• A nominee typically have been employed by Grand Valley State University for a minimum of 20 years. In special circumstances the 20-year minimum may be waived.
• The nominee must not be employed by the University at the time of the nomination. Nominations will be accepted only after a one-year waiting period following the end of the person’s service.
• The nomination must include specific examples of the nominee’s contributions to the University.
• The names of portions of facilities honoring former members of the University community shall be considered permanent as long as that portion of the facility exists or its purpose has not changed or the President subsequently determines otherwise.
• It is generally understood that entire University buildings or facilities will not be named in honor of a former member of the University community. (Please see Grand Valley State University Board of Trustees’ Policies BOT 6.13.3, Naming of Buildings.)

The President of the University will consider nominations in consultation with others at the university as appropriate. The final decision on the naming of a portion of a University facility will rest with the President of the University. The Executive Associate to the President will communicate the President’s decision to the requesting party and the appropriate Vice President.
POLICY STATEMENT
The Grand Valley State University community will have access to clearly stated university-wide administrative policies, to be published as Grand Valley State University Policies on the University Web site. These policies will be:

- Formally approved and kept current
- Accessible to all parties in a centralized Grand Valley State University Policies website
- Communicated to operating units in a timely manner

PROCEDURES
A Policy is characterized by the following criteria:

- It is a governing principle that provides specific rules and provisions for implementing Board policies and setting expectations for the administrative operation of the University.
- It has institution-wide application.
- It enhances the University’s mission and connects it to individual conduct.
- It helps ensure compliance with applicable laws and regulations and Grand Valley State University Board of Trustees policies, promotes operational efficiencies and reduces institutional risk.
- It may change infrequently and sets a course for the foreseeable future.
- It is approved by the President and/or the Senior Leadership Team.

There are many department-level policies that apply only to those within a department and do not meet all of the above criteria. Therefore, they are not considered to be Grand Valley State University Board of Trustees’ Policies, and are not governed by this document. However, these policies may not conflict with the Board of Trustees’ Policies or Senior Leadership Team (SLT) Policies.

The Grand Valley State University Board of Trustees’ Policies will not include: curricular requirements for degrees, the basic terms and conditions of employment subject to collective bargaining, Academic & Student Affairs Policies as published in the Faculty Handbook and Student Code, Catalog, or division-wide policies (approved by a Vice President in consultation with the President).

Additional Policy Criteria for Vice Presidential Review
A Vice President or the Provost may use the following criteria in addition to the above policy definition when determining whether a proposed policy is suitable for consideration as a Grand Valley State University Policy:

I. People
   a. Does it impact inclusion or equity?
   b. Who will be affected; how many will be affected?
      i. Students
      ii. Faculty
      iii. Staff
      iv. External or internal audience
      v. More than one department/division
      vi. More than one campus

II. Money
   a. Is there a source of funding?
   b. Does it involve an expense or provide revenue?
      i. One-time expense
      ii. On-going expense
      iii. Fee or refund involved

III. Space
   a. Does it affect or commit a use of space?
   b. Does it involve the use of University communication systems?

ART COLLECTION MAINTENANCE AND CARE POLICY
SLT 3.1
Date of Last Update: December 05, 2014
Approved By:
Senior Leadership Team
Responsible Office:
Art Gallery Department

POLICY STATEMENT
The Grand Valley State University art collection is made up of paintings, drawings, prints, sculptures, ceramics, textiles, and other works of art as defined by the Art Gallery Department but does NOT include plaques, signage, degrees, awards, and other similar items. The art collection is displayed on every University campus, and in nearly every University facility and building. Faculty and staff members, contractors, students, and other people with duties/responsibilities requiring them to come into contact with the University art collection are subject to the following policies and procedures to ensure that the University’s legal, ethical, and fiduciary responsibilities for the safekeeping of these assets are maintained. For more details on all other internal art procedures, see the Art Gallery Collections Policy on the Art Gallery’s website or contact the University Art Gallery at (616) 331–3638.

PROCEDURES
Maintenance and Care
All art at the University is to be cleaned, handled, installed, de-installed, and transported exclusively by the staff of the University Art Gallery. Other than representatives of the University Art Gallery, individuals must have written permission from the Director of Galleries and Collections, Assistant Director, or the Curator of Collections Management before handling or moving any pieces of the art collection.

Building Construction/Renovation Projects
The Director of Galleries and Collections or designee will call a meeting in December of each year with representatives from Facilities Services, Facilities Planning, and Auxiliary Services (Housing) for the purpose of identifying upcoming projects that will affect the art collection. A follow-up meeting, called by Director of Galleries and Collections or designee, will take place in April of the next year for updating project status and will include a timeline for each project identified. Facilities Services Project Managers will be identified and included on the project lists.

The Director of Galleries and Collections, or designee, will attend the bi-monthly Facilities Project Status meetings to be kept up to date on all ongoing university construction projects and timelines.

The Art Gallery office will be alerted by a representative of Facilities Planning and Facilities Services as soon as reasonably possible for all, including last-minute, building project additions, deletions or changes. This includes a preferred art removal lead-time notice of no less than two weeks. This notice will be made directly by contacting the Art Gallery office.

The Art Gallery office will be contacted immediately in the event of an emergency (flood, fire, etc.) via a phone call if any piece of the art collection is in jeopardy of damage or destruction. The Art Gallery staff
will maintain a disaster and emergency preparedness plan (under development) for its collections and will make it accessible on its website.

Use and Access

The University art collection shall be accessible for research and study by responsible investigators, subject to procedures necessary to safeguard the objects, the space in which they are located, and to restrictions imposed by limitations of exhibition requirement, availability of study space and facilities, and availability of appropriate curatorial staff as determined by the curator/manager in charge of the collection. The entire University art collection is made digitally accessible through an online searchable database and mobile device applications. Information about both may be found online at the Art Gallery website, www.gvsu.edu/artgallery.

BRIDGE FUND REQUEST POLICY

SLT 3.2

Date of Last Update:

Approved By:

• Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

Grand Valley State University does not encourage creating nor approving a Request to Add a New Fund (RANF) and establishing a FOAP prior to the official receipt of a fully executed award. A fully executed award is an externally sponsored agreement (grant, contract, or cooperative agreement) that is signed by the duly authorized official of both the external sponsor and Grand Valley State University. It is important to note that any expenses incurred prior to an award and without the appropriate approvals place the University at risk.

However, in some extraordinary situations, effective project management or research necessitates incurring expenses prior to the receipt of a fully executed award. In such cases, Principal Investigators may request a "bridge fund" be established in anticipation of the fully executed award. Principal Investigators should contact the Office of Sponsored Programs (OSP) to initiate a Bridge Fund Request.

PROCEDURES

In an effort to minimize the risk to the University, the Office of Sponsored Programs will verify with the sponsor the allowability of pre-award costs, the anticipated award amount, and the period of performance. Once OSP receives verification in writing from the sponsor’s grants or contracts officer, the responsible Principal Investigator, Chair/Unit Head, Dean, and University Authorizing Official are all required to agree in writing to proceed with the expenditure of University funds in anticipation of the award. This agreement will be prepared by OSP in consultation with the Office of Business and Finance. It will be the responsibility of the Principal Investigator to obtain the required signatures of the appropriate Chair/Unit Head, Dean, University Authorizing Official, and Executive Officer (Office of the Provost).

The Bridge Fund Request will be processed in a manner similar to the Request to Add A New Fund. However, attached to the Bridge Fund Request will be:

1. Written verification from the sponsor (signed by the sponsor Grants/Contracts Officer) received by OSP

2. Bridge Fund Request Agreement signed by the Chair/Unit Head, Dean, and University Authorizing Official

3. A copy of the proposal application, narrative & budget

A Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount. The maximum allowable amount requested will be verified by OSP in consultation with the Office of Business & Finance. If the award is for multiple years, the Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount for the first year of the funding. Upon the official receipt of the fully executed award, the bridge fund transition into the official FOAP for the project.

Should funding not be received from the sponsor (e.g., the award start date is delayed, or the costs are determined to be unallowable, etc.) coverage of costs incurred on the project becomes the responsibility of the Department, Chair/Unit Head having initiated and signed the initial Bridge Fund Request form.

This policy was effective August 1, 2007 and will be revisited for any revisions, changes, or sunset within one year of its effective date.

Provost Office

POLICY STATEMENT

Grand Valley State University has a tradition of collegiality and shared governance and strives to maintain these standards as a mainstay of its institutional culture. As a value stated in the Board of Trustees’ policies as adopted by the Board of Trustees BOT 1.3:

A range of thoughtful perspectives is necessary for open inquiry, liberal education, and a healthy community. Recognizing this, we seek and welcome a diverse group of students, faculty and staff. We value a multiplicity of opinions and backgrounds and seek ways to incorporate the voices and experiences of all into our University. We value our local community and embrace the participation of individuals and groups from Michigan, the nation and the world. We also encourage participation in educational opportunities abroad.

In order to foster a healthy and diverse environment, we will act with integrity, communicate respectfully, and accept responsibility for our words and actions. This University is a community whose varied functions, responsibilities, and contributions are supportive of the instructional, research, and service mission of the institution. Collegial interactions as referenced throughout this policy are those interactions that occur among and between colleagues, subordinates, supervisors, administrators and students. Collegial interactions are essential to support that mission in an effective, efficient, and ethical manner.

PROCEDURES

FACULTY AND STAFF MEMBER

If a faculty or staff member believes that she or he has been subjected to act(s) of non-collegiality, ideally, the individual should first try to discuss the matter with the offending person and/or the appropriate unit head or supervisor. If circumstances make this too difficult or if this does not resolve the matter, the faculty or staff member may seek assistance from Human Resources or confidential support from the Employee Ombuds using this process does not resolve the matter or the faculty or staff member so chooses, she or he may file a complaint using the appropriate Complaint Process identified for each staff group as listed below.

Complaint Process:

Faculty members – Chapter 6, Section 2.18 of the Faculty Handbook

Executive, Administrative and Professional Staff – Board of Trustees’ Policies 4.4.2

Professional Support Staff – Section 3.2.4 of the Agreement
CONFLICT OF INTEREST IN RESEARCH POLICY

SLT 3.4

Date of Last Update:

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

The University is committed to transparency, integrity of scholarship, and independence as it pursues its mission to create, preserve, and disseminate knowledge through teaching, research, and community service. Accordingly, Grand Valley State University allows and encourages faculty and staff to engage in outside activities and relationships that enhance the mission of the University.

External sponsors, whether public or private, regularly institute conflict of interest disclosure requirements that the University must abide by in order to accept the funds and participate in the activity. The purpose of such requirements is to promote objectivity in research and to provide a reasonable expectation that the design, conduct, and reporting of sponsored activities will be free from bias arising from conflicting interests of participating personnel.

All GVSU personnel who meet the definition of “Investigator” on externally sponsored research applications, or serve as an “Investigator” on externally sponsored agreements, administered through the Center for Scholarly and Creative Excellence (CSCE) are required to submit a conflict of interest and commitment disclosure to the Office of Research Compliance and Integrity. An “Investigator” is defined as any person, regardless of title or position, who has independent responsibility for some aspect of the design, conduct, or reporting of the research, scholarly, or educational activity. Investigators include Principal Investigators, Co-Investigators, and all other individuals identified in the grant application, grant budget, progress report, or any other report submitted to the sponsor by GVSU, if the individual contributes to the development or execution of a project in a substantive, measurable way, whether or not they request compensation.

The required disclosure by Investigators must be submitted prior to entering into an agreement or submitting a proposal for award to an external sponsor, and at least annually while the agreement/award is in effect. An updated disclosure is also required within 30 days of any new conflict arising or an existing conflict ending or changing in a material way. The Office of Research Compliance and Integrity (ORCI) shall be responsible for reviewing the disclosures and, in conjunction with the Research Integrity Officer (RIO), developing and instituting an adequate mitigation plan for the management of any potential conflicts related to sponsored research and agreements administered by the CSCE. The RIO serves as the designated institutional official and has the final authority to approve or oversee mitigation plans.

GVSU personnel must also comply with the Institution’s Conflict of Interest Policy (SLT 3.1.1) and subsidiary policies, such as those in place with the Institutional Review Board (IRB) and the Institutional Animal Care and Use Committee (IACUC). Additionally, University personnel working on research funded by the Public Health Service (PHS) and/or other agencies that abide by PHS COI regulations, are subject to additional requirements in accordance with 42 C.F.R. Part 50.601 and 45 C.F.R. Part 94.5. Additional reporting requirements may be required under these other policies and regulations.

The table below provides references to the applicable procedures to follow based upon the type of research/sponsored activity submission.

For more information about conflicts of interest and commitment in research and sponsored activities, please visit the GVSU Conflicts of Interest and Commitment in Research and Sponsored Activities webpage or contact the ORCI at 616-331-3197 or rci@gvsu.edu.

University Libraries

POLICY STATEMENT

The Grand Valley State University Libraries are committed to following all applicable laws regarding copyright and other intellectual property. This includes not only preserving the rights of creators and owners of copyright, but also supporting the rights of users of copyrighted material, including fair use and other exemptions from copyright. This policy outlines the role of the University Libraries in providing education, information, and support regarding copyright, in order to fulfill our mission of advancing intellectual growth and discovery at GVSU.

PROCEDURES

The University Libraries work to educate and support our students, faculty, and staff by serving as an information resource on copyright law as well as the rights of creators, owners, and users of copyrighted materials. We provide detailed resources for understanding and working with copyright through our copyright guide: http://www.gvsu.edu/library/copyright.

We also offer educational programming, individual consultations, and other services related to copyright issues. For more information on the copyright services we provide, or for support with a copyright issue, please contact a librarian: https://www.gvsu.edu/library/copyright.

The University Libraries offer education and information, but we do not enforce others’ compliance with copyright law, nor do we provide legal advice. We can help faculty, students, and staff understand how copyright law works in general, and provide information on specific issues, but the final responsibility for ethical and legal use of copyrighted materials rests with the user. This responsibility extends to the use of technology provided by the Libraries, such as scanners and photocopiers.

The University Libraries take responsibility for adhering to copyright when using copyrighted materials in our mediated services, including course reserves and Document Delivery, and we make internal decisions accordingly. However, we cannot make decisions for other users; we can only provide information and education. For legal advice pertaining to copyright and other intellectual property issues, we recommend that you contact the Division of Legal, Compliance & Risk Management.

EXPORT CONTROL POLICY

SLT 3.6

Date of Last Update:

Approved By:
Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

All personnel at Grand Valley State University, including faculty at all levels, staff, students, visiting scholars, and all other persons herein referred to as “GVSU Personnel” retained by or working at the University must comply with all U.S. export control laws and regulations while teaching, conducting research, or providing service activities at or on behalf of the University. No GVSU Personnel may engage in any export activity that is prohibited by the U.S. Department of Commerce, the U.S. Department of State, the U.S. Department of Treasury’s Office of Foreign Assets Control, or any other government agency that enforces export laws/regulations. Similarly, GVSU Personnel may not transfer any controlled item, including technology and technical data, to any foreign nationals inside or outside the United States territory without appropriate export control language.

Compliance with export control laws and regulations must be considered and if necessary achieved before engaging in science or technology-based research, executing contracts or other agreements, purchasing high-technology devices or software, or traveling internationally. GVSU Personnel are responsible for the following:

(i) Ensuring their educational, research, and other University activities are conducted properly and in compliance with export control regulations, all requirements of this policy, and any technology control data on which they are included;
(ii) Ensuring contracts and service agreements entered into on behalf of the University include the appropriate export control language;
(iii) Notifying the Office of Research Compliance and Integrity at least 30 days prior to traveling on behalf of the University to any of the following locations:
   (1) Embargoed and/or targeted sanctioned countries identified by the Export Administration Regulations and/or the Office of Foreign Assets Control; and
   (2) Prohibited countries identified by the International Traffic in Arms Regulations;
(iv) Obtaining pre-approval from the Office of Research Compliance and Integrity to take or ship any University property to an embargoed, targeted sanctioned, and/or prohibited country as defined in (iii) above; and
(v) Ensuring University business is not conducted with any individual or entity on a prohibited party list published by the Departments of Commerce, State, or the Treasury.

It is essential that all GVSU Personnel keep current with information and training provided by the University. The Vice Provost for Research Administration (VPRA), or designee, is the University’s Empowered Official who is responsible for overseeing the University’s export compliance program.

The University’s Empowered Official or designee, is legally empowered to sign license applications or other requests for approval on behalf of the University and has authority to:

(i) Enquire into any aspect of a proposed export or temporary import by the University,
(ii) Verify the legality of the transaction and the accuracy of the information to be submitted, and
(iii) Refuse to sign any license application or other request for approval without prejudice or other adverse recourse.

For more information about export controls, please contact the Office of Research Compliance and Integrity at 616-331-3197 (https://www.gvsu.edu/exports).

Externally Sponsored Projects Policy

SLT 3.11

Date of Last Update: September 04, 2019

Approved By: •Senior Leadership Team

Responsible Office: Center for Scholarly and Creative Excellence

Policy

This document establishes Grand Valley State University’s (University) official policy governing the administration of proposals, awards, contracts, and agreements for all externally sponsored projects. Externally Sponsored Projects do not include Purchasing Agreements or Philanthropic Gifts.

The purpose of this policy is to help ensure that all proposals and awards for externally sponsored projects conform to federal regulations, including the Office of Management and Budget 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (a.k.a., the Uniform Guidance)—and are consistent with GVSU’s academic and business policies and sound fiscal practices.

Policy Statement

Only an Authorized Organizational Representative of the University may submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University.

In addition, an Authorized Organizational Representative may accept on behalf of the University any Externally Sponsored Project award resulting from such proposal submissions or other solicitation processes. The University will not normally accept awards received from outside sources without prior proposal approval as provided in this policy.

Definitions

Assistance Action: The main purpose of an assistance action is to transfer money, property, services, or anything of value to the recipient in order to accomplish a public purpose of support or stimulation. The agency must have legal authority to award assistance agreements for this purpose. Grants or cooperative agreements are used to award assistance funds.

Authorized Organizational Representative: An Authorized Organizational Representative is the Vice Provost for Research Administration and any University employee(s) to whom the Vice Provost for Research Administration has delegated oversight responsibility for the administration and management of Externally Sponsored Projects at the University. Only an Authorized Organizational Representative has the authority to submit proposals, accept awards, and sign contracts and agreements for Externally Sponsored Projects on behalf of the University.

Externally Sponsored Project: Externally Sponsored Projects include all projects supported by way of grants and cooperative agreements (direct Assistance Actions); certain incoming or outgoing contracts (i.e., externally sponsored Procurement Actions), including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data use agreements—whether funded or unfunded. Externally sponsored projects do not include Purchasing Agreements or Philanthropic Gifts.

Philanthropic Gift: A philanthropic gift is an instrument by which an outside donor voluntarily transfers money, services, or property from a donor to the University. There is no expectation of direct economic benefit or the provision of goods or services to the donor, although donors can place stipulations on gifts that direct the funds to the donors’ areas of interest. The absence of quid pro quo language helps define the charitable nature of this type of giving.

Procurement Action: The main purpose of a procurement action is to acquire property or services by purchase, lease, or barter for the use or direct benefit of the purchaser (whether the purchaser is the university purchasing from an outside entity or an outside entity purchasing services from the university). An agreement or contract is used as the legal instrument to award a Procurement Action.

Purchasing Agreement: An agreement entered into by the University through its Procurement Services Office and an outside vendor or supplier to purchase goods and/or services. Examples of non-sponsored purchasing agreements include software licenses, pricing agreements, equipment maintenance agreements, custodial and facilities services, landscaping services, and office supply vendor agreements.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

Allowable Cost Policy

SLT 3.11.1

Date of Last Update: September 04, 2019

Approved By: •Senior Leadership Team
POLICY
All costs proposed to be charged on externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) at Grand Valley State University (the University) must comply with the Federal cost principles prescribed in 2 CFR 200 Subpart E. §200.400; the policies of the sponsoring agency; the specific funding solicitation for which the cost is proposed; and all applicable policies of the University.

Specifically, in order to be deemed an allowable cost on such a project, the cost of any particular item must:

1. Be necessary and reasonable for the performance of the awarded project. That is, the project cannot be performed without the item and a reasonable and prudent person would incur the cost of the item under the circumstances prevailing at the time the decision was made to propose or incur the cost (§200.403-404).
2. Be fully allocable to the particular awarded project or be proportionally allocable to it and another cost objective according to the relative benefit derived (§200.405).
3. Be treated consistently. A cost may not be assigned to a sponsored project as a Direct Cost if any other cost incurred for the same purpose in like circumstances has been allocated to the awarded project as an Indirect Cost. University policies governing the treatment of costs must apply uniformly to both sponsored- and non-sponsored activities. Like expenses must be treated the same in like circumstances (§200.400(e)).

Such costs much also meet one of the following two criteria:

1. Be an item or category of cost that is not expressly disallowed by the federal government (guidance available at §200.420-475, General Provisions for Selected Items of Cost); the sponsor (as documented in sponsor policy statements and in the applicable sponsor funding solicitation); or the University (as defined below under Unallowable Costs and documented in the Business and Finance Procedures and the University-Wide Policies); OR
2. Be an otherwise unallowable cost that is expressly allowed by the sponsor, whether as stipulated in an award or proposal-solicitation document or as documented in a prior written approval request duly executed by an Authorized Organizational Representative of the University. If an expense does not meet the above criteria, it must not be charged to an externally sponsored project at the University.

DEFINITIONS
Direct Costs are expenses that are specifically associated with a particular externally sponsored project that can be directly assigned to such activities with a high degree of accuracy.

Indirect Costs (also referred to as Facilities & Administration [F&A] or overhead costs) are expenses that cannot be identified specifically with a particular project or activity. Indirect costs benefit multiple activities and programming objectives. In order to capture the amount of indirect costs that should be allocated to a grant, the University has calculated an indirect cost rate, approved by the federal government.

The indirect costs included in this rate are made up of two broad categories: Facilities and Administration.

Facilities costs include:
- Custodial and Maintenance
- Utilities
- Grounds Services
- Parking Operations, less parking fines and fees
- Property and Liability Insurance
- Facility Planning and Management
- Engineering Planning and Management
- Depreciation

Administration costs include all the expenses incurred in providing the following university services:
- Central Administration
- Business & Finance, including financial audit
- Human Resources
- Legal Services
- Inclusion & Equity
- Library Operations
- Administrative Computer Operations
- Grants and Research Administration
- Department Administration, as defined by the federal government to be 20% of Dean and Dean’s assistant compensation
- Mail Services
- Public Safety
- University Communications

Federal Cost Principles are the Federal regulations that govern expenditures on federal awards and which also apply to non-federal awards to GV SU because of the University’s required federal compliance under 2 CFR 200 Subpart F: Audit Reporting.

Prior Written Approval is a formal permission the University must document before it proposes or incurs a special or unusual cost that may be deemed unallowable under the federal cost principles under normal circumstances.

Requests for prior written approval must be rationalized in writing as allowable under an “unlike circumstances” justification by the University personnel who wish to propose the special or unusual costs. The requests are then reviewed, approved, and (assuming approval is granted) formally submitted to the sponsoring agency by the Authorized Organizational Representative of the University (as defined in SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

In accordance with the Uniform Guidance at 2 CFR 200, prior written approval from the sponsor is explicitly required (either in the awarded proposal budget, during award negotiation, or prior to incurrence of costs in the event that the expense is to be proposed post-award) for a number of items, including the following:

1. Administrative expenses ($200.413(c))
2. Change of scope ($200.308 (c)(1))
3. Cost sharing or matching ($200.308 (c)(7))
4. Entertainment costs ($200.438)
5. Equipment and other capital expenditures ($200.313, 439)
6. Exchange rates ($200.440)
7. Fines, penalties, damages and other settlements ($200.441)
8. Fixed amount subawards ($200.332)
9. Fund raising and investment management expenses ($200.442)
10. Memberships in any civic or community organization ($200.457 (c))
11. Organization costs ($200.455)
12. Participant support costs, any transfer of budget ($200.308 (c)(5)and ($200.456)
13. Rearrangement and reconversion expenses (Renovations) ($200.462)
14. Selling and marketing costs ($200.467)
15. Subawards, any changes or transfers ($200.308 (c)(6))
16. Supplemental compensation for incidental activities ($200.430 (h) (ii))
17. Use of program income ($200.307)

Unallowable Costs are costs that could be considered appropriate and reasonable, but which are not eligible for reimbursement by the federal government and therefore to ensure consistent treatment under the federal cost principles, are not allowable on any sponsored program. Exceptions are possible with a strong justification for unlike circumstances and with prior written approval (as defined above) from the Authorized Organizational Representative of the University and the sponsor.

Unallowable costs include:
1. Advertising and public relations
2. Advisory councils
3. Alcoholic beverages
4. Alumni/ae activities

SUPPLEMENTAL COMPENSATION ON EXTERNALLY SPONSORED PROJECTS POLICY

Grand Valley State University (the University) normally does not allow for compensation charges in excess of an individual’s Institutional Base Salary on any Externally Sponsored Project (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY). In most cases, funding from such projects must supplant, not supplement Institutional Base Salary during the Base-funded Appointment Period.

In the absence of unusual circumstances and specific Prior Written Approval (as defined in SLT 3.11: ALLOWABLE COSTS POLICY) from the appropriate University and/or sponsor officials as described in this policy, faculty member compensation for sponsored-project work at the University must offset Institutional Base Salary through:

1. The use of Significant Focus Time (as defined in SG 3.01: FACULTY RESPONSIBILITIES);
2. The application of Reassigned Time (as defined in SG 3.01: REASSIGNED TIME); or
3. Some combination of Significant Focus Time and Reassigned Time.

Absent Prior Written Approval for Supplemental Compensation following procedures stated below, Administrative/Professional staff members must also offset Institutional Base Salary to participate in externally sponsored projects (supplant, not supplement). Such offsets shall require a reorganization of established job duties in the staff member’s organizational unit that is approved by the staff member’s Appointing Officer and Executive Officer.

In order to charge Supplemental Compensation to federally funded Externally Sponsored Project accounts at the University, the work performed must be justifiable as Intra-Institution of Higher Education Consulting as defined at BOT 4.1.1: GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF – PERSONNEL ADMINISTRATION who has authority over the resources proposed to be committed (Voluntary Cost Sharing);

The approval to subsidize all proposed cost sharing must be documented by the Appointing Officer who has authority over the resources proposed to be committed;

The quantification and approval of cost-sharing subsidies must be documented and approved by the Authorized Organizational Representative of the University (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) using the standard systems and processes of the Office of Sponsored Programs; AND

Further, in cases under which the University will allow cost sharing:

1. The proposed cost sharing must be thoroughly and accurately quantified;
2. The proposed cost sharing must represent an allowable cost (as defined in SLT 3.11: ALLOWABLE COST POLICY);
3. The proposed cost sharing must be limited to what is required by the sponsor (Mandatory Cost Sharing) or to what is deemed reasonable by the Appointing Officer (as defined in BOT 4.1.1: GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF – PERSONNEL ADMINISTRATION) who has authority over the resources proposed to be committed (Voluntary Cost Sharing);
4. The approval to subsidize all proposed cost sharing must be documented by the Appointing Officer who has authority over the resources proposed to be committed;
5. The quantification and approval of cost-sharing subsidies must be documented and approved by the Authorized Organizational Representative of the University (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) using the standard systems and processes of the Office of Sponsored Programs; AND
6. All approved cost sharing included in an awarded externally sponsored project must be monitored, tracked, and reported by the Grants Accounting office in accordance with all applicable federal and sponsor requirements.

DEFINITIONS

Cost Sharing: Cost sharing is that portion of an externally sponsored project cost that is not reimbursed by the sponsor (whether federal or non-federal) and therefore represents a commitment of institutional resources that would generally otherwise be devoted to other University purposes.

There are three forms of cost sharing:

1. Mandatory Cost Sharing, which is required by the sponsor as an award condition and becomes an obligation once an award is made;
2. Voluntary Committed Cost Sharing, which is voluntarily offered and documented in a proposal submission and therefore becomes an obligation once an award is made; and
3. Voluntary Uncommitted Cost Sharing, which is offered in a proposal submission in response to agency announcement or other official sponsor document.

All approved cost sharing included in an awarded externally sponsored project must be monitored, tracked, and reported by the Grants Accounting office in accordance with all applicable federal and sponsor requirements.

When a reasonable justification is made that provision of Voluntary Cost-Sharing (whether Committed or Uncommitted) will improve the competitiveness of a proposal.

Further, in cases under which the University will allow cost sharing:

1. The proposed cost sharing must be thoroughly and accurately quantified;
2. The proposed cost sharing must represent an allowable cost (as defined in SLT 3.11: ALLOWABLE COST POLICY);
3. The proposed cost sharing must be limited to what is required by the sponsor (Mandatory Cost Sharing) or to what is deemed reasonable by the Appointing Officer (as defined in BOT 4.1.1: GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF – PERSONNEL ADMINISTRATION) who has authority over the resources proposed to be committed (Voluntary Cost Sharing);
4. The approval to subsidize all proposed cost sharing must be documented by the Appointing Officer who has authority over the resources proposed to be committed;
5. The quantification and approval of cost-sharing subsidies must be documented and approved by the Authorized Organizational Representative of the University (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) using the standard systems and processes of the Office of Sponsored Programs; AND
6. All approved cost sharing included in an awarded externally sponsored project must be monitored, tracked, and reported by the Grants Accounting office in accordance with all applicable federal and sponsor requirements.

Responsible Office:
Office of Sponsored Programs

POLICY

Grand Valley State University (the University) shall minimize cost sharing on all externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

The University will allow cost sharing on such projects under the following conditions:

1. When it is required by the sponsoring agency (Mandatory Cost Sharing) as documented in a proposal solicitation, program description, sponsor policy, Catalog of Federal Domestic Assistance record, broad agency announcement or other official sponsor document.
2. When a reasonable justification is made that provision of Voluntary Cost-Sharing (whether Committed or Uncommitted) will improve the competitiveness of a proposal.

Further, in cases under which the University will allow cost sharing:

1. The proposed cost sharing must be thoroughly and accurately quantified;
2. The proposed cost sharing must represent an allowable cost (as defined in SLT 3.11: ALLOWABLE COST POLICY);
3. The proposed cost sharing must be limited to what is required by the sponsor (Mandatory Cost Sharing) or to what is deemed reasonable by the Appointing Officer (as defined in BOT 4.1.1: GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF – PERSONNEL ADMINISTRATION) who has authority over the resources proposed to be committed (Voluntary Cost Sharing);

6. All approved cost sharing included in an awarded externally sponsored project must be monitored, tracked, and reported by the Grants Accounting office in accordance with all applicable federal and sponsor requirements.

DEFINITIONS

Cost Sharing: Cost sharing is that portion of an externally sponsored project cost that is not reimbursed by the sponsor (whether federal or non-federal) and therefore represents a commitment of institutional resources that would generally otherwise be devoted to other University purposes.

There are three forms of cost sharing:

1. Mandatory Cost Sharing, which is required by the sponsor as an award condition and becomes an obligation once an award is made;
2. Voluntary Committed Cost Sharing, which is voluntarily offered and documented in a proposal submission and therefore becomes an obligation once an award is made; and
3. Voluntary Uncommitted Cost Sharing, which is offered in a proposal submission in response to agency announcement or other official sponsor document.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.
DEFINITIONS

Base Appointment Period at the University generally falls into one of two categories:

1. An Academic Year Appointment is comprised of the nine-month span from August 6 of a given calendar year to May 5 of the following calendar year.
2. A 12-month Appointment is comprised of the twelve-month span from August 6 of a given calendar year to August 5 of the following calendar year.

Institutional Base Salary is the annual salary the University pays for an employee’s appointment, regardless of appointment category and whether the employee’s time is spent on research, teaching, administration, patient care, or other University responsibilities. Institutional Base Salary does not include bonuses, one-time payments, incentive pay, or income that an employee is permitted to earn outside of their University responsibilities such as Private Consulting.

Private Consulting refers to works for hire performed by a University employee outside of their University responsibilities. To be deemed private consulting, work must be performed without the use of any University resources, including administrative services of any kind, facilities (classroom, clinical, meeting, or office space), supplies, equipment, computing resources, and any other service or resource owned by the University. Any outside employment must be approved in advance by the Appointing Officer (BOT 4.1.10). Consulting services that require the use of University resources are subject to SLT 3.11.5, SERVICE AND CONSULTING AGREEMENTS POLICY.

Supplemental Compensation, also known as extra salary or extra service pay, is compensation a University employee receives in excess of Institutional Base Salary; Supplemental Compensation represents payments for services outside the normal scope of employment.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

FACILITIES AND ADMINISTRATIVE COST POLICY

SLT 3.11.4

Date of Last Update:
July 13, 2016

Approved By:
Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

Grand Valley State University’s Facilities and Administrative (F&A) rate (also known as the indirect-cost rate) is established in accordance with the Federal Office of Management and Budget under 2 CFR 200 Uniform Guidance (previously A-21). The rate is negotiated between the University and the U.S. Department of Health and Human Services, the cognizant federal agency that oversees the administration of sponsored agreements at the University. The University’s F&A rate reflects the cost of real, auditable expenses incurred in the conduct of sponsored research and programs. Included among these costs are depreciation costs of buildings and equipment, maintenance and repairs, janitorial services, utilities, hazardous waste disposal, libraries, and general administrative costs such as sponsored programs administration, departmental administration, and general administration (accounting, purchasing, legal services, personnel, and compliance). These costs are “indirect” because they are not easily identified with a specific project and therefore are not included in the “direct” portion of the budget. Such indirect costs support the conduct of research and other sponsored programs, regardless of the source of funding, and therefore must be applied to all sponsored projects. For reasons of sound management and equitable stewardship of resources used in support of all sponsored activities, it is expected that all sponsored projects recover full F&A costs.

PROCEDURES

Facilities & Administrative (F&A) Cost Recovery Policy:

It is the University’s policy that all proposals and agreements for sponsored research, including subawards and industry contracts, are subject to the recovery of facilities and administrative costs (F&A) at the University’s approved and published rate. In some cases, the sponsor has a written policy, uniformly applied, prohibiting F&A costs or restricting the payment of such costs to a lower rate. An exception to the University’s F&A cost recovery policy may be warranted if it is clearly in the best interest of the University to accept the award with less than full F&A cost recovery. Any reduction (defined as a waiver of F&A) is strongly discouraged and requires prior approval from the Vice Provost for Research Administration. This exception does not apply to for-profit (industry) sponsors, as such sponsors are expected to provide full F&A recovery.

For all proposals, recovered funds are distributed as follows.

• Faculty Principal Investigator – 12.5%*
• Faculty Home Department – 7.5%*
• Appointing Officer of unit generating the recovered funds – 20%
• Provost – 20%
• General Fund (Facilities Infrastructure) – 40%

*Note: If the recovered funds allocated to the Faculty PI are less than $500, funds will be deposited into departmental FOAPs rather than individual Faculty PI FOAPs.

GENERAL RESPONSIBILITIES OF PRINCIPAL INVESTIGATORS/PROJECT DIRECTORS POLICY

SLT 3.11.5

Date of Last Update:
April 03, 2013

Approved By:
Senior Leadership Team

Responsible Office: Center for Scholarly and Creative Excellence
POLICY STATEMENT

The Principal Investigator/Project Director is responsible for a variety of general responsibilities, which are outlined in the following section.

PROCEDURES

Responsibilities

The following General Responsibilities form shall be provided by OSP to each Principal Investigator at the time of award. The Principal Investigator is responsible for signing and returning the original to OSP within five business days of its receipt. The original shall be retained in the award OSP record file in accordance with record retention guidelines. The Principal Investigator/Project Manager is responsible for:

• Compliance with the award terms and conditions. Notifying OSP of potential scope, budget or schedule shifts, and requesting/approving changes to the award.
• Ensuring that all project expenditures are directly related to the project and necessary to meet project goals and objectives. Knowing the cost sharing requirements that were committed in the budget approved by the agency and GVSU and informing that these obligations are met.
• Certifying the time/effort of personnel paid by the grant, contract/subcontract, or cooperative agreement, or cost sharing/matching time on the project.
• Completing a Conflict of Interest Financial Disclosure form, and having no conflict of interest that could affect the conduct of the project. Any such possible conflict of interest must be reported to OSP as soon as it is apparent.
• Ensuring that the PI as well as all undergraduate, graduate, or post-doctoral students receive Responsible Conduct of Research training, if required by the sponsor. PIs and students are required to sign a Completion of Training form confirming the date, receipt, and satisfactory completion of this training. The form must be returned to OSP for the record file.
• Ensuring that GVSU policies and federal regulations governing the protection of human research subjects are followed. Ensuring the adherence to federal governing regulations and GVSU Animal Care and Use Policy for the use of animals in research.
• Ensuring compliance with the GVSU policy on Political Activity, as well as ensuring compliance with the terms and conditions of an award governing such activity.
• Submitting required reports and/or documentation in a timely manner.
• Certifying that s/he, and any subcontractor or sub-recipient on this project, is not debarred, suspended or proposed for debarment by any federal entity. The PI agrees to notify the University (both OSP and Purchasing Dept.) of any change in this status, should one occur, until such time as an award is made under a procurement action. See www.esp.gov.

SERVICE AND CONSULTING AGREEMENTS POLICY

SLT 3.11.6

Approved By:
Senior Leadership Team

POLICY STATEMENT

This document establishes Grand Valley State University’s (University) official policy governing the approval and management of service or consulting agreements that employees through the University, meaning cases in which the University would be the contracting party. These are agreements under which Principal Investigator (PI)-Eligible faculty and/or Administrative/Professional (A/P) staff members are obligated to provide specified services or “deliverables” and that do not fall squarely within the traditional framework of research or teaching activities. While these agreements may have research, scholarly, or other benefits to the University, those benefits are a secondary aspect, not the primary purpose of the activity. The terms “service agreement” or “consulting agreement” are intended to be descriptive; such agreements could have other labels or titles.

In some cases, employees who may consider providing services independently of the University as consultants will do this for their own account, on their own time, and using their own resources and subject to applicable University policies. However, review and approval of all proposed service and consulting agreements under this policy is required to ensure compliance with employment, tax, and intellectual property law; regulatory requirements governing research and the use of certain kinds of data; and institutional policies regarding student engagement in externally funded activity and the appropriate use of University resources.

The University should be the contracting party only when justified by compelling reasons that meet the General Criteria of this policy. There are occasions, however, where the University may consider acting as the contracting party. For example, the activity may have a strong academic and/or university programmatic component and the faculty or A/P staff member may want to be able to use University facilities, resources, staff, or students to carry out the proposed contractual activity. In those circumstances, this policy allows for the University to act as the contracting party, but only if the activity in question meets the General Criteria of this policy.

By way of illustration, but without limitation, services that PI-Eligible faculty and A/P staff members may seek to provide through this policy may include:

• Performing an evaluation or assessment of an external program, such as an educational program or public-health initiative;
• Establishing rating criteria, such as standards for measuring health or safety outcomes;
• Providing technical assistance to a foreign government in areas such as social, health or economic services;
• Delivering professional-development services;
• Partnering with industry to engage students in technical projects the delivery of which will contribute to the educational goals of the students involved; and/or
• Assisting a city government in its urban planning.

DEFINITIONS

Authorized Organizational Representative (AOR): The official to whom the Provost delegates authority to submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University and to accept on behalf of the University any awards, contracts, or agreements resulting from such proposal submissions or other solicitation processes.

PI-Eligible: University faculty and AP staff members who are documented as eligible to serve as a Principal Investigator as defined in the University's Principal Investigator Eligibility Policy.

Benefits and Risks

Often, participating in service agreements involves high-profile and challenging projects that may benefit members of the university community by, for example:

• Adding significantly to faculty, staff, and student expertise;
• Demonstrable connections to curricular and co-curricular development, new teaching cases, program development in executive education, and professional development;
• Engaging faculty in domestic and international matters that are highly relevant to their teaching and scholarship, or employees in their administrative responsibilities; and/or
The University has a duty to students in particular. They should not be made to work if PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s). PI eligibility is automatically conferred upon tenured and tenure track faculty at the rank of Professor, Associate Professor, or Assistant Professor.

It is customary to designate as PI training requirements, certification, and documentation are determined and administered collaboratively by the Vice Provost for Research Administration, the Office of Sponsored Programs, the Office of Research Compliance & Integrity, and the Compliance and Training Requirements applicable Department/Unit Head’s approval during the internal proposal-routing process. It is not necessary to document approval of trainee PI eligibility via Special Request.

Trainees (typically graduate students and post-doctoral fellows) may be eligible to be PIs on fellowship and training programs when that designation is required by the funding agency as documented in a Service and Consulting Agreement. The following potential risk factors will be considered in the evaluation of Service and Consulting Agreements:

- The University, as the contracting party in these agreements, bears the risk of liability or reputational harm for non-performance or poor performance of agreed-upon tasks and for unsatisfactory contract “deliverables.” Potential risks reach beyond the payments to the University and could include monetary damages from the downstream effects of contexted performance.
- Unlike in sponsored-project arrangements (i.e., assistance awards, such as grants or cooperative agreements), in which the sponsor may be presumed to be committed to the principles of objective science or the enhancement of the public welfare, “clients” or “customers” in service arrangements may be more focused on obtaining specific results and will likely be more involved in directing performance of the services. Institutional integrity and impartiality may be called into question if expectations are not properly managed at the outset.
- The use of the University’s students and staff to assist in these projects also raises unique policy issues. The University has a duty to students in particular. They should not be made to work on projects unless the work advances their educational goals. The interests of employees, students, and the institution must be safeguarded in the negotiation of such arrangements to assure them that they may generate and publish works of scholarship, receive proper credit for their work, obtain appropriate intellectual property or other proprietary rights in the work product, and avoid confidentiality or other obligations that may compromise transparency and integrity regulations.
- Special attention must be paid to assure that these arrangements comply with the university’s obligations as a tax-exempt organization (e.g., IRS regulations regarding Unrelated Business Income).

**General Criteria**

The proposed Service and Consulting Agreement must:

1. Advance the core mission of the academic or non-academic organizational units that will carry it out;
2. Provide a significant institutional and/or public benefit and;
3. If students are to participate in the activity, provide both a learning experience that advances student educational goals and that students will be free to use and disclose details of the experience in their academic and career pursuits, unless a Non-disclosure Agreement has been approved by the Office of the Vice Provost for Research Administration.

The determination as to whether a proposed Service and Consulting Agreement meets these criteria shall be the responsibility of the employee’s Appointing Officer. Such determinations shall be documented using University procedures for sponsored activity.

In addition, the proposed Service and Consulting Agreement must:

1. Present manageable and limited risks;
2. Be accurately budgeted to generate sufficient revenue to pay for full performance that includes both the direct charges associated with the activity and the University’s full federal negotiated facilities & administrative cost rate;
3. Be properly accounted for from a tax perspective;
4. Be reviewed and processed by the Technology Commercialization Office and the Office of Sponsored Programs (which may include the execution of a non-disclosure agreement to protect the intellectual property of the parties to the agreement); and
5. Receive approval from the employee’s Appointing Officer.
6. Be approved and submitted by the Vice Provost of Research Administration and/or designee.

And finally, once the Service and Consulting Agreement is fully executed, and throughout the performance of the contractual scope of work, the PI and responsible organizational unit must ensure that the activity complies with:

1. The contracted scope of work, timeline, and all agreed deliverables;
2. All applicable federal and state laws and regulations (e.g., export controls, use of human or animal subjects, intellectual property rights, disclosure and mitigation of financial and other conflicts of interest); and
3. All relevant University policies, such as invoicing for payment via the central accounting office of the University, and the use of the University’s name, facilities, equipment, supplies, and other resources.

**PRINCIPAL INVESTIGATOR ELIGIBILITY POLICY**

**SLT 3.11.7**

**Date of Last Update:** October 15, 2018

**Approved By:**

• Senior Leadership Team

**Responsible Office:**

Center for Scholarly and Creative Excellence

**POLICY**

This policy establishes the eligibility requirements for and the duties and responsibilities of all Principal Investigators (PI) at Grand Valley State University (University). The policy also provides for the establishment of formal processes to request and approve exceptions to the PI eligibility requirements.

**POLICY STATEMENT**

For each externally sponsored project, it is customary to designate as PI one person who bears ultimate responsibility for scientific, technical, and programmatic decisions, and all financial, administrative, and compliance matters relating to the project. It is the policy of Grand Valley State University that only eligible University faculty, staff, and trainees and appointees (when appropriate) may serve as the PI on externally sponsored projects to be carried out on behalf of the University.

Serving as the nominal project leader to lend credibility to a proposal while delegating PI responsibility to another person (i.e. “fronting” as the PI) is never permissible and is considered a violation of this policy.

PI eligibility is conferred in one of two ways: (1) automatically, by position, and (2) via special request, both subject to training as required by this policy.

1. **Automatic Eligibility:** PI eligibility is automatically conferred upon tenured and tenure track faculty at the rank of Professor, Associate Professor, or Assistant Professor.

**Special-Request Eligibility:** If PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s).

Certain non-academic units (e.g., the University Art Gallery, Small Business Development Center, Johnson Center for Philanthropy, Van Andel Global Trade Center) may request long-term PI status for the director, associate director, and other administrative/professionals (regular, full-time employees), as they deem appropriate. These personnel are all subject to standard compliance and training requirements for PI Eligibility.

1. **Fellowships and Training Opportunities**

Trainees (typically graduate students and post-doctoral fellows) may be eligible to be PIs on fellowship and training programs when that designation is required by the funding agency as documented in a funding opportunity announcement and a PI-eligible faculty or staff member is identified and documented as their sponsor/mentor. In this circumstance, a trainee’s PI eligibility is conferred and verified by the applicable Department/Unit Head’s approval during the internal proposal-routing process. It is not necessary to document approval of trainee PI eligibility via Special Request.

Trainee PI status is consistent with the treatment of all Special Requests for PI eligibility, in that it is conferred on a case-by-case basis; it does not confer blanket PI eligibility status for any other externally sponsored projects.

**Compliance and Training Requirements**

However it is conferred, PI Eligibility Status is contingent upon the documented completion of all required compliance and sponsored programs training. Training requirements, certification, and documentation are determined and administered collaboratively by the Vice Provost for Research Administration, the Office of Sponsored Programs, the Office of Research Compliance & Integrity, and the Controller.
PROCEDURES

This policy designates authority to the Vice Provost for Research and the Director of Sponsored Programs to establish such operational procedures as they deem necessary to implement this policy, and ensure operational efficiency, proper oversight of compliance and administration, and the success of externally sponsored projects at the University.

It is the responsibility of the Office of Sponsored Programs to review all proposals to fund externally sponsored projects to determine and document PI eligibility prior to proposal submission. Proposals put forward by individuals without documented PI eligibility will generally not be approved for submission. Awards resulting from proposals submitted by ineligible PIs who either knowingly or unwittingly circumvent the standard approval process will generally not be accepted by the University.

Responsibilities of All Principal Investigators

Although the University is legally responsible to the sponsor as the actual recipient of any externally sponsored award, the Principal Investigator (PI) is accountable for the proper fiscal management and conduct of the project. This includes managing the project within funding limitations and all of the terms of the award, ensuring that the sponsor is notified when significant conditions related to project status change, and ensuring that all programmatic reporting requirements are met in a timely fashion. To assist PIs, the University provides supporting administrative services and has established procedures to help meet both sponsor and University requirements. While responsibility for the day-to-day management of project finances may be delegated to administrative or other staff, accountability for compliance with federal requirements, University policies, and sponsor requirements ultimately rests with the PI. The full cooperation and vigilance of the PI, along with the University, is necessary to maintain the stewardship role.

1. Preparation of Proposals

Principal Investigators have primary responsibility for planning and carrying out the preparation and submission of proposals for external support. Although PIs may have administrative staff to assist with the proposal-development process, they are ultimately responsible for the quality and scientific integrity of the proposal, and for understanding and complying with all University policies for managing external support.

   a. Technical Proposal
   The Principal Investigator is responsible for preparing the technical proposal.

   b. Proposal Budget
   The Principal Investigator prepares, or directly supervises the preparation of, all aspects of the proposed budget and budget justification. This responsibility includes coordination with Procurement Services and compliance with all procurement policies and procedures. It also includes identifying any requests and sufficient resources for cost sharing (including matching funds); the need for space or space modifications (including any accommodations for large and/or unusual equipment); and the need for outside collaborators (sub-recipients, contractors, consultants). The PI ensures all costs are allowable, allocable, and reasonable for the project in accordance with the federal cost principals set out in OMB 2 CFR 200, and that all proposals include full recovery of all anticipated project costs. Full recovery includes recovery of indirect costs at GVUS’s negotiated federal rate or (in the case of non-federal sponsors or federal training grants) the maximum rate allowed under published sponsor policy.

   c. Regulatory Requirements
   The PI is responsible for anticipating whether the research will involve human subjects, live animals as subjects, recombinant DNA, infectious agents, narcotics or biological toxins, human blood or body fluids, radioactive materials, hazardous materials, export controls, conflicts of interest, or other regulated activities requiring University review or clearance. The PI is responsible for preparing information and forms required for review by the University’s Office of Research Compliance & Integrity.

   d. Project Approvals
   The Principal Investigator prepares, or directly supervises the preparation of, and electronically signs internal proposal-approval forms, and requests required approvals in a timely fashion.

2. Acceptance of the Award

The PI is responsible for collaborating with the Office of Sponsored Programs in any negotiations with the sponsor relating to modifications of the project scope or budget or proposed terms and conditions of the award. The Principal Investigator is responsible for reviewing and approving the award agreement, in conjunction with OSP, including the scope of work, budget, and the special terms and conditions of the award, and for managing the award in accordance therewith.

3. Conduct and Management of Award

The Principal Investigator is responsible for all actions required to manage and complete the scientific, programmatic, and financial aspects of the externally sponsored project in accordance with all of its terms and conditions, including the performance of all sub-recipients. The Principal Investigator is also responsible for the management of the award budget and expenditures in accordance with federal, GVUS, and sponsor requirements. This responsibility includes attesting to the allowability, allocability, and reasonableness of all expenditures. Principal investigators are responsible for routine monitoring of the status of grant accounts to prevent overdraws and incorrect charges and to ensure that unallowable costs are not charged to an award.

The Principal Investigator is responsible for the timely submission of all required programmatic reports, interim and final. The information contained in such reports must be supported by adequate documentation. The Principal Investigator will provide copies of all required programmatic and progress reports to the OSP and the Grants Accounting office.

DEFINITIONS

Externally Sponsored Project: All grants and cooperative agreements (direct assistance actions); all incoming or outgoing sub-recipient agreements or subawards (pass-through assistance actions); certain incoming or outgoing contracts (i.e., externally sponsored procurement actions), including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include purchasing agreements or philanthropic gifts.

Principal Investigator (PI): An individual with a formal affiliation with the University, normally an employee, who is or becomes eligible under this policy to submit a proposal for extramural support for a research, training, public-service, or other externally sponsored project, who personally participates in the project to a significant degree, and who has primary responsibility for the scientific, technical, programmatic, and administrative conduct and reporting of the project, including compliance and financial matters. A Principal Investigator who is the head of a training or other sponsored project may be known as a Project Director. For the purposes of this policy, the terms shall be considered equivalent. The University only recognizes one individual as the Principal Investigator and this individual must personally participate in the project to a significant degree.

Co-Investigator (Co-I): An investigator who will share responsibility for the scientific, technical, and/or administrative conduct and reporting of a research or sponsored project with the Principal Investigator. Each individual named as a Co-Principal Investigator at the University must meet the same eligibility requirements as a PI as noted above. There may be more than one Co-Principal Investigator, but one person is designated as the leader (PI) of the project. While the University allows this approach, not all sponsors allow Co-PI models. In certain cases, a sponsor (e.g., the National Institutes of Health—NIH) may allow a Multiple Principal Investigator model to be employed in a research or sponsored project. Such models feature multiple PIs who are expected to equally share responsibility for leadership of multidisciplinary and other types of “team science” projects that are not optimally served by the single Principal Investigator model. Such models typically require a single “Contact PI” and special justification in the form of a Multi-PI Plan that documents processes for project governance and resolution of conflicts.

TEXTBOOKS AND COURSE MATERIALS POLICY

SLT 3.12

Date of Last Update: October 10, 2016

Approved By:

• Senior Leadership Team

Responsible Office:

Provost Office

POLICY STATEMENT

Textbooks and related course materials continue to be essential to the delivery of knowledge. For various reasons, the cost of those materials has continued to rise. The goal of the University is to provide the best quality educational resources at the lowest possible cost to the students by minimizing the cost of textbooks and course materials used at the university while maintaining quality of education and academic freedom.

PROCEDURES
The Provost’s Office is responsible for overseeing the faculty role in textbook selection. It discharges that responsibility by working closely with the Deans of the colleges. Business and Finance is responsible for overseeing the practices of the GVSU Laker Store.

Responsibilities of the Faculty:

- Faculty members shall submit lists of required textbooks, recommended textbooks and supplemental course materials to the GVSU Laker Store by the specified deadlines.
- Faculty are expected to compare various textbook options and to make the selection by taking into account pedagogical value, price, and availability. If all other considerations are about the same, the less expensive option should be selected. When there are multiple sections of a course taught by different instructors, it is preferable (but not required) that departments order the same textbook for all sections, in order to benefit students who may be adjusting their schedule during drop/add week and to support inventory management for the GVSU Laker Store.

- When faculty wish to require the purchase of any published textbooks or materials for which they have or will receive royalties or revenue, this decision shall be reviewed by the Unit Head, who shall determine whether the selection is appropriate, taking into account the criteria above. The purpose of the review is to disclose and to manage any actual or potential conflict of interest. The Unit Head may authorize that the review be conducted by a designee if certain disciplinary expertise is needed or if the Unit Head cannot provide a neutral review. If the Unit Head cannot identify a designee, then the review shall be conducted by the Dean or designee.

Responsibilities of the GVSU Laker Store:

- The GVSU Laker Store will continue to reduce textbook prices whenever possible.
- The GVSU Laker Store will buy back used textbooks, and the following semester make the used copies available at reduced price and display them next to the new ones.
- When filling departmental textbook orders, the GVSU Laker Store shall acquire as many used but still up to date copies as possible, make them available at reduced price, and place them next to the new ones.
- The GVSU Laker Store will display the required texts and materials with the course instructors’ names and course section numbers. This will help students make informed decisions when finalizing course schedules.

TRAINING OF PERSONNEL INVOLVED IN ANIMAL RESEARCH

SLT 3.13

Date of Last Update: July 31, 2008

Approved By:

Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

In conduction of research, all people working with laboratory animals must be qualified to do so in order to ensure the humane treatment of animals. As such, Grand Valley complies with the Animal Welfare Act as described below.

PROCEDURES

The Animal Welfare Act (AWA) Sec. 2.32 (a), (b), and (c) specify:

(a) It shall be the responsibility of the research facility to ensure that all scientists, research technicians, animal technicians, and other personnel involved in animal care, treatment, and use are qualified to perform their duties. This responsibility shall be fulfilled in part through the provision of training and instruction to those personnel.

(b) Training and instruction shall be made available, and the qualifications of personnel reviewed, with sufficient frequency to fulfill the research facility’s responsibilities under this section and §2.31.

(c) Training and instruction of personnel must include guidance in at least the following areas:

1. Humane methods of animal maintenance and experimentation, including:
   - The basic needs of each species of animal;
   - Proper handling and care for the various species of animals used by the facility;
   - Proper pre-procedural and post-procedural care of animals; and
   - Aseptic surgical methods and procedures;

2. The concept, availability, and use of research or testing methods that limit the use of animals or minimize animal distress;

3. Proper use of anesthetics, analgesics, and tranquilizers for any species of animals used by the facility;

4. Methods whereby deficiencies in animal care and treatment are reported, including deficiencies in animal care and treatment reported by any employee of the facility. No facility employee, Committee member, or laboratory personnel shall be discriminated against or be subject to any reprisal for reporting violations of any regulation or standards under the Act;

5. Utilization of services (e.g., National Agricultural Library, National Library of Medicine) available to provide information:
   - On appropriate methods of animal care and use;
   - On alternatives to the use of live animals in research;
   - They could prevent unintended and unnecessary duplication of research involving animals; and
   - Regarding the intent and requirements of the Act;

The PHS Policy, Section IV.C.1.f. places the responsibility specifically with the IACUC to ensure that personnel conducting procedures on research animals are appropriately qualified and trained in those procedures. The Institutional Animal Care and Use Committee may require additional training for each individual, depending on their prior training and experience with animals.

UNITED STATES GOVERNMENT DOCUMENTS INTERNET USE

University Libraries

POLICY STATEMENT

Grand Valley State University Libraries will provide the public with free and unrestricted access to online government information provided through the Federal Depository Library Program in accordance with
FAMILY AND MEDICAL LEAVE ACT (FMLA) POLICY

A. Who is eligible for FMLA?

The Family and Medical Leave Act of 1993 (FMLA) gives eligible Grand Valley State University faculty and staff the right to take unpaid leave or paid leave, if appropriate benefits have been earned, for a period of up to 12 weeks in a 12-month period because of the birth of a child or the placement of a child for adoption or foster care, because the faculty or staff member is needed to care for a family member (child, spouse, or parent) with a serious health condition, or because the faculty or staff member's own serious health condition makes them unable to do their job, or because of any qualifying exigency arising out of the fact that the faculty member's spouse, child, or parent is a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation, or to care for a covered servicemember with a serious injury or illness if the staff member is the spouse, child, parent, or next of kin of servicemember. Leave taken for one or more of these reasons, when combined together, may not exceed 12 weeks during the rolling backward 12-month period. Under certain circumstances, this leave may be taken on an intermittent basis rather than all at once, or the faculty or staff member may work a part-time schedule.

PROCEDURES

A faculty or staff member on FMLA leave is entitled to maintain the same health benefits (such as medical, dental and vision insurance) as they had before going on leave. The faculty or staff member, however, would continue to pay their share of any applicable premiums during the leave period.

A faculty or staff member generally has a right to return to the same position or an equivalent position with equivalent pay, benefits and working condition at the conclusion of the leave.
An eligible faculty or staff member is entitled to take up to 12 weeks off from work due to their own serious health condition, which prevents them from being able to perform the functions of their position.

I. Procedures on Faculty/Staff Member's Own Serious Health Condition

5. Only in cases where both parents are university employees and one must stay home to take care of the other who is seriously ill, or where there is a serious illness of a child that is so serious as to require a mental or physical disability. The term “spouse” means husband or wife. “Parent” is the person who acted as a parent when the faculty or staff member was a child but does not include mother-in-law or father-in-law.

An eligible faculty or staff member is entitled to take up to 12 weeks off from work to care for a spouse, parent or child with a serious health condition.

H. Procedures on Serious Health Condition of Family Member

3. The medical recovery period for the birth of a baby will be considered as a medical leave, and be counted towards the 12 weeks of FMLA. This bonding period must be taken within the first 12 months following the baby's birth. The bonding period will also be counted toward the 12 weeks of FMLA.

4. The faculty or staff member requesting family leave for birth/adoption (other than under the provisions of Income Protection) may use available accrued vacation time, unpaid leave or a combination of paid and unpaid leave as part of the FMLA leave, or the University may require the faculty or staff member to substitute available paid leave for FMLA leave. If the employee does not have enough paid benefit time to cover the leave period they may use a combination of vacation and unpaid leave.

3. Intermittent/reduced schedule leave as part of the FMLA leave, or the University may require the faculty or staff member to substitute available paid leave for FMLA leave. If the employee does not have enough paid benefit time to cover the leave period they may use a combination of vacation and unpaid leave.

5. The University will not discharge or discriminate against, or otherwise interfere with, restrain or deny a faculty or staff member from exercising rights under the FMLA.

D. Time Period

1. For purposes of the FMLA, the 12-month period will be a "rolling" 12-month "look back" period based on the faculty or staff member's use of the FMLA leave during the previous 12 months. Therefore, an employee will not be entitled to more than 12 weeks of FMLA leave during any 12-month period.

2. A faculty or staff member requesting a FMLA leave may be required to use available accrued vacation for all or part of the leave. If they do not have enough accrued vacation to cover the leave period they may use a combination of vacation and unpaid leave.

3. University policies on leaves of absences, sick leave, salary continuation etc., will run concurrently with the provisions of the FMLA when applicable. Additional paid or unpaid leave may be considered, consistent with other University approved leave of absence policies.

E. Faculty/Staff Member Benefits

1. The faculty or staff member on FMLA leave will continue to receive University provided medical and dental insurance as though they were working. Such benefits will continue whether the leave is paid or unpaid.

2. Intermittent/reduced schedule leave must be scheduled whenever possible at least ten (10) days in advance.

3. Intermittent/reduced schedule leave must be taken in 15-minute increments.

4. Intermittent/reduced schedule leave is counted toward the 12 week maximum FMLA leave which can be used during a 12-month period.

5. Intermittent/reduced schedule leaves, unless otherwise noted, are subject to the appropriate general provisions of this policy.

6. The faculty or staff member is required to schedule intermittent leave, when possible, so not to unduly interfere with the department's operations.

7. If the faculty or staff member was temporarily transferred to another position during their intermittent or reduced schedule leave, the employee must give the University ten (10) days notice of the ability to end the leave and return to their former position or an equivalent position.

G. Conditions and Procedures for Birth and Adoption (Family Leave)

An eligible faculty or staff member is entitled to take up to 12 consecutive weeks off for family leave for the birth of their newborn child, for the legal adoption of their child; or, to accept foster care placement of a child. The following conditions apply:

1. The 12 weeks of leave is typically taken consecutively and must be within the first 12 months after the birth or adoption. Intermittent or reduced schedule leaves may be considered and will be done in collaboration and with the approval of the supervisor and Human Resources.

2. Each employee is entitled to 12 weeks except if both spouses work for Grand Valley State University. In that case, the total number of bonding weeks taken between the two faculty or staff members cannot exceed 12. This does not include the personal medical recovery period for a birth parent. Leave time must be taken concurrently, unless otherwise approved by the University.

3. The medical recovery period for the birth of a baby will be considered as a medical leave, and be counted towards the 12 weeks of FMLA. This bonding period must be taken within the first 12 months following the baby's birth. The bonding period will also be counted toward the 12 weeks of FMLA.

4. The faculty or staff member requesting family leave for birth/adoption (other than under the provisions of Income Protection) may use available accrued vacation time, unpaid leave or a combination of paid and unpaid leave as part of the FMLA leave, or the University may require the faculty or staff member to substitute available paid leave for FMLA leave. If the employee does not have enough paid benefit time to cover the leave, they will go on an unpaid leave.

5. Verification of adoption, birth of a child of foster placement may be requested.

H. Procedures on Serious Health Condition of Family Member

An eligible faculty or staff member is entitled to take up to 12 weeks off from work to care for a spouse, parent or child with a serious health condition.

1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

2. The "need to care for" a family member includes both physical and psychological care when the family member is unable to care for their own basic medical hygienic or nutritional needs or safety, or is unable to transport themselves to the doctor, etc. It also includes time needed to make arrangements for changes in care, such as transfer to a nursing home.

3. A "child" includes a biological, adopted, or foster child, stepchild, legal ward, or a child of a person standing in loco parentis who is under the age of 18 or, if older than 18, is incapable of self-care because of mental or physical disability. The term "spouse" means husband or wife. "Parent" is the person who acted as a parent when the faculty or staff member was a child but does not include mother-in-law or father-in-law.

4. The leave may be taken intermittently or on a reduced schedule but the total amount of time off cannot exceed 12 weeks of the faculty or staff member's normal hours worked.

Example: Full-time faculty or staff member: 40 hours/week X 12 weeks = 480 hours
Part-time faculty or staff member: 20 hours/week X 12 weeks = 240 hours

5. Only in cases where both parents are university employees and one must stay home to take care of the other who is seriously ill, or where there is a serious illness of a child that is so serious as to require a parent to stay with the child, can each parent take 12 weeks off.

I. Procedures on Faculty/Staff Member’s Own Serious Health Condition

An eligible faculty or staff member is entitled to take up to 12 weeks off from work due to their own serious health condition, which prevents them from being able to perform the functions of their position.
1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

J. Military Family Leave

1. An eligible faculty or staff member is entitled to take up to 12 weeks off from work because of any qualifying exigency arising out of the fact that the staff member's spouse, son, daughter, or parent is a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation.

2. Qualifying exigencies may include attending certain military events, arranging for an alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

3. The University will provide eligible employees up to 26 weeks of leave during a single (one time only) 12-month period to care for a covered service member (spouse, son, daughter, parent, or next of kin). Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed 26 weeks in a single 12-month period.

   a. A “covered servicemember” means:

      i. A member of the Uniformed Services (including the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

      ii. A veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first day the eligible employee first took FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy of a serious injury or illness.

   b. The term “serious injury or illness” means:

      i. In the case of a member of the Uniformed Services, means an injury or illness that was incurred (or aggravated) by the member in the line of duty while on active duty in the Armed Forces, provided that such injury or illness may render the family member medically unfit to perform duties of the member's office, grade, rank or rating.

      ii. In the case of a veteran who was a member of the Uniformed Services at any time during a period when the person was a covered servicemember, means a qualifying injury or illness that was incurred (or aggravated) by the member in the line of duty and that manifested itself before or after the member became a veteran.

K. Certification of Need for FMLA Leave

1. Initial Certification - Grand Valley may require certification from the faculty or staff member's health care provider for the following reasons: to verify that the faculty or staff member is needed to care for the family member, or that the faculty or staff member is not able to perform their job duties. The University reserves the right to ask for a second opinion by a health care provider chosen by the University. Such an opinion will be paid for by the University. If the University requests a third opinion, that opinion will be final and binding. If the second opinion and the original opinion conflict, the University will pay for a third opinion. The University and the faculty or staff member will work together to reach agreement on whom to use for the third opinion. All certification must be provided to the University within 15 calendar days of the University's request, if practical. The third opinion will be final and binding.

2. Continuing Certification - Each 30 days, the University may request verification of the need to continue the leave. Failure to provide such requested documentation in a 15-day period may result in termination of FMLA leave.

3. A “health care provider” may include, for example, a licensed doctor of medicine or osteopathy, dentist, clinical psychologist, and other health care providers authorized under the Family Medical Leave Act.

4. When the faculty or staff member is ready to return from their leave, they may be required to submit medical verification (if applicable) of their ability to return to work.

L. Questions and Policy Interpretation

1. The Human Resources Office is responsible for implementing and coordinating the provisions of the FMLA for the campus. Questions may be directed to the Human Resources Office, extension X12215.

2. If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where University policy, handbooks or other contracts provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

For additional information and documents for next steps visit the Time Off & Leaves website.
members serving for more than thirty 30 days may elect to continue health insurance coverage for themselves and any enrolled dependents through COBRA.

C. Leave Period
Faculty and staff members are entitled to an unpaid military leave of absence, with reemployment rights, for a period up to five years. The five years is a cumulative total and includes both past and present military service. Military leave for adjunct faculty and temporary staff will not extend beyond the appointment end date.

D. Reinstatement Requirements
Regular faculty and staff members have the right to be reemployed at the University following a military leave of absence as long they meet the following reinstatement requirements.
1. The faculty or staff member ensures that Human Resources or the applicable appointing officer receives advance written or verbal notice of your service.
2. The faculty or staff member has five (5) years or less of cumulative service in the uniformed services while employed at the University.
3. The faculty or staff member returns to work or applies for reemployment in a timely manner after conclusion of service, and
4. The faculty or staff member has not been separated from service with a disqualifying discharge or under other than honorable conditions.

Military leaves of absences for temporary staff and adjunct faculty will not extend beyond the appointment end date.

If eligible to be reemployed, a faculty or staff member has the right to be restored to the job and benefits they would have attained if they had not been absent due to military service, or, in some cases, a comparable job. The faculty or staff member’s seniority would also be restored to the level they would have attained if they had been on duty at the University continuously.

Questions and Policy Interpretation
The Human Resources Office is responsible for implementing and coordinating the provisions of the Military Leave of Absence Policy for the University. Questions may be directed to the Human Resources Office at (616) 331-2215.

If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where the University policy, handbooks or bargaining agreements provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

SMOKING (AND VAPING) POLICY
SLT 4.6
Date of Last Update:
February 04, 2022
Approved By:
Senior Leadership Team

Responsive Office:
Human Resources

POLICY STATEMENT
The United States Department of Health and Human Services Surgeon General Report of 2006 indicates that secondhand smoke is an avoidable cause of disease and death. Exposure to second hand smoke, even for a short time, results in adverse effects to the cardiovascular system and cause coronary heart disease and lung cancer. The report concludes that second hand smoke can cause disease and premature death in individuals who do not smoke. Reducing and eliminating opportunities for exposure to second hand smoke protects the overall health of non-smokers. By enacting this policy, Grand Valley State University is taking action to minimize the harmful effects and discomfort which smoking produces for the benefit of all members of the University Community. During the interim until further study and review can be concluded, for purposes of this policy, the use of electronic cigarettes (vaping) shall follow this policy to the same extent as smoking a tobacco product.

PROCEDURES
All buildings at all GVSU owned or controlled locations are designated as smoke free. Smoking is prohibited in all indoor spaces; including, but not limited to, educational, housing and dining locations.

Smoking is prohibited within twenty-five (25) feet of any GVSU building, within twenty-five feet of any GVSU bus stop on University property and within twenty-five feet of the Little Mac Bridge on the Allendale campus.

Smoking is prohibited in all University owned, leased or rented vehicles.

At all Intercollegiate Athletic facilities and at The Meadows Golf Club smoking is permitted in designated outdoor smoking areas only.

Smokers must cease smoking prior to entering any prohibited smoking area; twenty-five feet from any building, bus stop and bridge.

While GVSU permits smoking in areas not designated as smoke free, it is the responsibility of smokers to be respectful of non-smokers in choosing a location in which to smoke so as to minimize non-smokers’ contact with second-hand smoke.

Smokers are responsible for properly disposing of all smoking related litter, which includes cigarette and cigar butts, tobacco, etc. Disposal of any smoking litter is not permitted on University grounds except in the provided ash receptacles.

If University facilities are rented by non-University individuals or groups, they shall be notified of and required to comply with this policy.

As the University acquires space or constructs new buildings or additions, smoking shall not be permitted in these buildings or areas. The above twenty-five foot distance from any building will be maintained at all new facilities.

GVSU recognizes that smoking is highly addictive. Smokers interested in assistance with quitting smoking should contact the appropriate office to learn about smoking cessation options and support. Students should contact the Campus Recreation Fitness and Wellness Office and faculty and staff members should contact Human Resources at 331-2215.

Policy Enforcement
This policy assumes that with notice to our community individuals will voluntarily adhere to these regulations and enforcement will not be needed. If smoking is observed in violation of this policy the appropriate action to take is to:
• Politely ask the person who is smoking either to stop smoking or to move to a designated smoking area, outside of the twenty-five foot perimeter of the building, bus stop or bridge.
• If the problem persists, ask the person for his/her name and whether he/she is a student, faculty, staff member or visitor. If the person refuses to identify himself/herself, on the Allendale campus contact the Department of Public Safety Services at (616) 331-3255 or on the Pew Campus or other campuses contact Pew Campus Security at (616) 331-6677 for assistance.
• If the person violating this policy is a student, a complaint may be filed with the Dean of Students’ Office, (616) 331-3585, which shall take appropriate action.
• If the person is a faculty or staff member, a complaint may be filed with that person’s dean, unit head or supervisor who shall act pursuant to the appropriate personnel policies.
• If the person is a visitor, a complaint may be filed with the Department of Public Safety on the Allendale campus or with Pew Campus Security for the Pew Campus and regional campuses who will take appropriate action.

ALCOHOL AND OTHER DRUGS POLICY
SLT 5.1

Alcohol and Other Drugs Campus Education and Services Office (ACES)

POLICY
Grand Valley State University strives to provide a healthy University community free of the abuse of alcohol or other drugs and illegal or unauthorized use of alcohol and controlled substances. This commitment to students, faculty, and staff is evidenced by the:
The unlawful manufacture, possession, use, distribution or dispensation of illicit or prescription drugs and the unlawful possession, use, or distribution of alcohol by faculty, staff, and students on University-controlled property or as part of University activities is prohibited. This prohibition includes Marijuana as federal law bans it from University owned and controlled property and workplaces. All University employees will, as a condition of employment, abide by the terms of this policy. Faculty, staff, and students are responsible for making decisions within the context of University policies and federal, state, and local laws related to alcohol and other drugs.

The Alcohol and Other Drugs Policy Handbook (www.gvsu.edu/aces) includes information about University drug and alcohol abuse prevention programs; health risks; counseling, treatment and rehabilitation resources; legal sanctions and summary of laws; University employee and student sanctions for violations of alcohol and other drug policies; employee notification obligations; requirements for Federal grant recipients; and links to additional University policies, procedures, and resources.

POLICY STATEMENT

This policy and the Alcohol and Other Drugs Policy Handbook will be electronically distributed annually to all faculty, staff, and students. The coordinator of the ACES (Alcohol & Other Drugs Campus Education and Services) Office will conduct the required review, no less than biennially, in even-numbered years.

ANIMALS ON PROPERTY OWNED OR CONTROLLED BY THE UNIVERSITY

SLT.6.1

Date of Last Update:
May 20, 2019

Approved By:
Senior Leadership Team

Responsible Office:
Public Safety

POLICY

This Policy applies to all faculty, students, staff, contractors, vendors and visitors.

POLICY STATEMENT

This policy is intended to enhance the safety and health of students, faculty, staff, contractors, vendors and other visitors, and to supplement the existing GVSU policies, by providing rules and regulations regarding the presence of animals in GVSU facilities.

No person shall bring any animal(s) onto University owned or controlled property unless otherwise permitted by this or other University policy as listed below. Individuals wishing to request a modification or exception to this policy as a reasonable accommodation should contact the Office of Disability Support Resources via https://www.gvsu.edu/dsr.

PROCEDURES

A. Animals Permitted on Property Owned or Controlled by the University:

1. Service Animals are permitted within all University facilities subject to the additional requirements of this policy. Individuals who wish to bring a service animal into a University housing facility may do so without prior approval. Students are strongly encouraged to reach out to the University’s Office of Disability Support Resources (DSR) to ensure that their experience bringing the animal to campus is a positive one. Advance notice of a service animal in housing facilities will enable the University to appropriately plan for the animals’ presence and will allow more flexibility in meeting the student’s needs. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go. Please note that service animals are required to be at least 12 months of age unless an exception to this requirement has been approved by DSR.

2. Employees with a disability who wish to utilize a service animal as a reasonable accommodation in a University office or other areas of campus buildings not open to the general public, must submit the request to the Office of Disability Support Services at least 30 days before the animal is needed.

3. Service animals in training are permitted in all public facilities as working service animals, provided that the service animal is being led or accompanied by a trainer for the purpose of training the dog and the trainer has documentation confirming the trainer is affiliated with a recognized or certified service dog training organization. Service animals in training are not permitted in certain classrooms, offices, or other areas of campus buildings not open to the general public. Facilities generally considered off limits unless an exception is granted:
   a. Research Laboratories: The natural organisms carried by service animals may negatively affect the outcome of the research. At the same time, the chemicals, and/or organisms used in the research may be harmful to service animals.
   b. Areas Where Protective Clothing is Necessary: Any room where protective clothing is required or necessary. Examples include chemistry laboratories, research/medical laboratories, wood shops, metal or machine shop, electrical shops, etc.
   c. Areas Where There is Danger to the Service Animal: Any room, including a classroom where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor e.g. molten metal or glass; where there is a high level of dust; or where there is moving machinery. Where the threat of injury is to the health of the dog, the student will be permitted to make the decision.

4. A student or employee with a disability who wishes to utilize a service dog in training in University housing, classrooms, offices, or other areas of campus buildings not open to the general public must seek approval through the reasonable accommodation process.

5. Animals under the control of a law enforcement officer acting in the course of his or her duties.

6. Animals kept in residence halls as approved by the Department of Housing and Residence Life including animals kept by housing staff, officers or in residence. All animals must register with and be approved by Disability Support Resources prior to entering University housing, in accordance with this policy: https://www.gvsu.edu/med/asset/2787928A-9990-A17D-F6455C53989EFAQ/contact/assistance_animals_policy.pdf.

7. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go.

8. Animals approved by the University for use in research or for instructional purposes: http://www.gvsu.edu/aces.

9. Animals brought on campus for a special event sponsored by the University or student organization provided that the event has been pre-approved in writing by the Dean for the sponsoring college or department or by the Office of Student Life.

10. Animals accompanied by members of the University community and visitors, as long as they remain on sidewalks and University walkways.

11. Any animal brought into a University owned or controlled property pursuant to this Policy must be properly licensed, vaccinated and tagged as required by applicable law. All animals must be under the control of their owner or handler and must be on a leash at all times, unless the owner is unable to use a lease due to a disability or the use of a lease would interfere with the service animal’s ability to perform its duties. In that case, the owner must be able to control the service animal by other effective means such as voice controls or signals.

12. Animals may not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

For purposes of this Policy, “University Facilities or Facilities” means any building, facility, structure or improvement, open or enclosed, that is owned, licensed, leased by, or under the control of the University.

B. General Requirements:

Persons bringing animals onto University owned or controlled property as permitted by this Policy are solely responsible for:

a. the full control, supervision and care of the animal

b. ensuring that animal droppings or other waste are picked up, thoroughly cleaned up and properly disposed of;

1. Service Animals are permitted within all University facilities subject to the additional requirements of this policy. 4. A student or employee with a disability who wishes to utilize a service dog in training in University housing, classrooms, offices, or other areas of campus buildings not open to the general public must seek approval through the reasonable accommodation process.

5. Animals under the control of a law enforcement officer acting in the course of his or her duties.

6. Animals kept in residence halls as approved by the Department of Housing and Residence Life including animals kept by housing staff, officers or in residence. All animals must register with and be approved by Disability Support Resources prior to entering University housing, in accordance with this policy: https://www.gvsu.edu/med/asset/2787928A-9990-A17D-F6455C53989EFAQ/contact/assistance_animals_policy.pdf.

7. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go.

8. Animals approved by the University for use in research or for instructional purposes: http://www.gvsu.edu/aces.

9. Animals brought on campus for a special event sponsored by the University or student organization provided that the event has been pre-approved in writing by the Dean for the sponsoring college or department or by the Office of Student Life.

10. Animals accompanied by members of the University community and visitors, as long as they remain on sidewalks and University walkways.

11. Any animal brought into a University owned or controlled property pursuant to this Policy must be properly licensed, vaccinated and tagged as required by applicable law. All animals must be under the control of their owner or handler and must be on a leash at all times, unless the owner is unable to use a lease due to a disability or the use of a lease would interfere with the service animal’s ability to perform its duties. In that case, the owner must be able to control the service animal by other effective means such as voice controls or signals.

12. Animals may not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

For purposes of this Policy, “University Facilities or Facilities” means any building, facility, structure or improvement, open or enclosed, that is owned, licensed, leased by, or under the control of the University.

B. General Requirements:

Persons bringing animals onto University owned or controlled property as permitted by this Policy are solely responsible for:

a. the full control, supervision and care of the animal

b. ensuring that animal droppings or other waste are picked up, thoroughly cleaned up and properly disposed of;
c. reimbursing the University for the costs associated with the repair of any real and/or personal property and/or University facility damaged directly or indirectly by the animal or the animal's presence in the facility.

d. assuming full responsibility for any harm caused to others by their animal including medical expenses.

e. animals must not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

In addition, individuals bringing animals on campus must comply with all other applicable University ordinances, policies, practices and procedures and any applicable local, state or federal ordinance, statute and/or regulation.

C. Areas Requiring Pre-Approval for Service Animals:

1. The University may prohibit the use of service animals in certain locations due to health or safety restrictions, where service animals may be in danger, or where their use may complicate the integrity of research. Restricted locations may include, but are not limited to: teaching laboratories, classrooms, medical and surgical areas, and research areas.

2. Exceptions to restricted areas may be granted on a case-by-case basis by contacting the Office of Disability Support Resources. In making its decision, DSR will consult with the appropriate department and/or laboratory representative regarding the nature of the restricted area and any ongoing research. Additional requirements may be necessary to protect the animal. To be granted an exception: A student and/or employee who wants their animal to be granted admission to an off-limits area should contact DSR. Visitors should also contact DSR.

D. Clarifying Animal Status:

1. Service animals are permitted in all public facilities on campus in accordance with this Policy. University employees should refrain from questioning any individual about an accompanying service animal, including persons with non visible disabilities, unless there is a genuine question about the animal based upon its behavior.

2. In the unusual circumstance when an inquiry must be made to determine whether an animal is a service animal, a University employee may only ask two questions:

   a. Is the animal a service animal required because of a disability?

   b. What work or task has the animal been trained to perform?

   You may not ask these questions if the need for the service animal is obvious. You may not ask the owner to make the animal perform the task.

3. A University employee may not ask about a person’s disability, require medical documentation, require a special identification card or training documentation for the service animal or ask that the service animal demonstrate its ability to perform the work or task. Although a service animal may sometimes be identified by an identification card, harness, cape, or backpack, such identifiers are not required and should not be requested or demanded for any service animal on campus.

4. Allergies and fear of animals are not valid reasons for denying access or refusing service to people using service animals.

E. Removal of Service Animals:

1. A service animal may be removed from University facilities or grounds if it disruptive (e.g., barking, wandering, posing a direct threat to the health or safety of others; is not housebroken; or displays aggressive behavior and the behavior is outside the duties of the service animal), ill, unhygienic, and/or unsanitary service animals are not permitted in public campus areas. The individual responsible for such an animal may be required to remove the animal. A service animal may also be removed if the animal is out of control and the owner does not take effective action to keep the animal under control. If the out of control behavior happens repeatedly, the owner may be prohibited from bringing the animal into facilities until the owner can demonstrate that significant steps have been taken to mitigate the animal’s behavior.

2. When an animal has been properly removed pursuant to this policy, the University will work with the handler/owner to determine reasonable alternative opportunities to participate in the University's services, programs, and activities without having the animal on the premises.

3. Any individual with a dispute or disagreement concerning the removal or restriction of a service animal or any other aspect of this policy should first contact Disability Support Resources. If the matter is not resolved, a request for mediation should be submitted to DSR. Individuals may also file a written complaint with the Equity and Compliance Unit in the Division of Inclusion and Equity by calling 616-331-2994 or at https://gvsutix-gme-advocate.symmonlicy.com/public_report/index.cfm/pid234808.

F. Enforcement of Complaints:

1. If you become aware of a violation of this policy, you are encouraged to attempt informal methods of resolution. For example, if you recognize the person violating this policy, you might contact them or their supervisor to make them aware of the problem. If that is not successful and/or you are not comfortable approaching the person violating the policy or their supervisor, then the Department of Public Safety should be notified. The Department of Public Safety may pick up the animal and hold it for 48 hours. Animals not claimed during that time will be turned over to the county animal control officer and the owner of the animal will be responsible for any associated fees.

2. Students in violation of this policy will be referred to the Dean of Students Office and may be assessed a fine of up to $250. Employees in violation of this policy will be referred to the Human Resources Office for possible disciplinary action to be determined in consultation with the Equity and Compliance Unit in the Division of Inclusion and Equity and the employee’s supervisor.

DEFINITIONS

1. Service animal: “any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual’s disability.” (28 CFR 35.104) The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks for the purposes of this definition.

   a. Examples of work or tasks that service animals perform include, but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as books or the telephone, alerting a person to a sudden change in blood sugar levels, providing physical support and assistance with balance and stability to individuals with mobility disabilities, calming a person with PTSD, or helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

   b. The University may permit the use of a miniature horse on the same basis as a service animal if the horse is trained to do work or perform tasks for the benefit of the individual with a disability and after an assessment of the following factors: the type, size and weight of the miniature horse and whether the facility can accommodate these features; whether the handler has sufficient control of the miniature horse; whether the miniature horse is housebreaking; and whether the miniature horse’s presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation. (28 CFR 35.136)

2. Service animal in training: Dogs twelve months of age and older being individually trained to do work or perform tasks for people with disabilities that are at all times accompanied by a certified trainer. Puppies (dogs less than twelve months old) in training are not permitted in any University facilities.

CANCELLATION/CLOSURE/REMOTE POLICY

SLT 6.3

Date of Last Update:
December 10, 2020

Approved By:
The University’s normal operating condition. Students, faculty and staff should assume the university is open unless advised otherwise. County or State Health Department Orders, Executive Orders or similar directives may require temporary modifications to University operations without changing the University Operating Status.

Types of operational change:

- **Remote:** The most common reason to shift to remote status would be for weather-related reasons. Classes will shift to remote delivery whenever feasible. Classes that cannot be delivered remotely will not be held. Staff will shift to remote work from home whenever possible. Essential staff are to report to work. Athletic contests may be held as previously planned subject to approval by the Vice President of Finance and Administration. Other campus events may be held as previously planned subject to approval by the President or Vice President whose division is sponsoring the event.

- **Closed:** Classes and campus events will not be held. Only ESSENTIAL staff are to report to work. The university would normally only close for significant and unanticipated events like natural disasters or civil unrest in the surrounding community. It is not anticipated the university would close for weather-related events.

When GVSU is closed or shifts to remote, only essential staff are to report. Designated personnel in the following departments are deemed essential and are expected to report:
- Department of Public Safety
- Facilities Services
- Athletic & Recreation Facilities
- Food Service
- Housing
- Information Technology
- Library
- Facility Services Grand Rapids and Regional Campuses
- WGVU Television and Radio

Appointing officers have discretion to call in non-essential staff as circumstances may require.

Guidelines for course delivery in the event of University cancellation, closure or remote status are available here: [www.gvsu.edu/provost/guidelines-for-course-delivery-in-the-event-of-253.html](http://www.gvsu.edu/provost/guidelines-for-course-delivery-in-the-event-of-253.html)

**University Criteria for Weather-related Shifts to Remote**

In evaluating whether to shift to remote for weather-related reasons, the following criteria are used:

1. The ability of the university’s road crews to keep campus roads and parking lots cleared;
2. The conditions of primary and secondary roads in the area as reported by the Michigan Department of State Police as well as by central dispatch authorities in Kent and Ottawa counties;
3. Weather reports regarding the track of the storm and other conditions;
4. The anticipated length of time of the weather impacts campus operations.

Because commuting students, faculty and staff come from such a broad geographic area, it is extremely difficult to arrive at a decision that is appropriate for each vicinity. Weather conditions rarely are uniform throughout this large area. There is no one decision that will satisfy everyone; however, a diligent effort is made to arrive at a reasonable decision that considers the safety of students, faculty and staff. Under no circumstances does GVSU ask students, faculty or staff to assume undue risk in traveling to the University in inclement weather.

When GVSU Allendale shifts to remote because of weather-related conditions, the Pew Grand Rapids Campus, Health Campus and the Meijer Holland Campus will also shift to remote.

GVSU’s classes in Muskegon and the Stevenson Center for Higher Education will follow the operating status of Muskegon Community College.

GVSU’s classes in Traverse City and the office in the NMC University Center will follow the operating status of Northwestern Michigan College.

The operating status of the Aniss Water Resources Institute (AWRI), the Muskegon Innovation Hub and the Detroit Center will be made separately, as these facilities host tenants, business events, and functions not necessarily affiliated with university operations.

Any changes in the University’s operating status will be made through GVSUAlert!, on the Grand Valley web home page [www.gvsu.edu](http://www.gvsu.edu), and on GVNext at [www.gvsu.edu/gvnext](http://www.gvsu.edu/gvnext). Notifications may also be heard on area radio and television stations. Please do not call the university switchboard regarding the University’s operating status.

**ENDOWMENT SPENDING**

SLT 6.4

**Date of Last Update:**
February 04, 2022

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Business and Finance

**POLICY STATEMENT**

Each year the University Board of Trustees approves spending rates for true and quasi-endowments. These rates are used to calculate the amount that can be distributed from each endowment. Only investment income is distributed from true endowments, as the principal must be maintained intact in perpetuity. Spending distributions are calculated quarterly for the current fiscal year based on the average balance over a rolling three-year period and transferred to the various spending funds at that time. Effective November 6, 2019 an endowment requires a minimum balance of $50,000 in principal before spending can begin.

**PROCEDURES**

A spending fund is created for each endowment so that monies are expended according to the purpose for which the endowment was established; usually a restricted fund is utilized for true endowments and a designated fund for quasi-endowments. Documentation that supports how the funds are expended must be maintained for five years. Specifically, for true endowments established to fund scholarships, the selection committee must ensure that documentation regarding the criteria utilized for candidate selection and award is maintained for a five-year period.

**EQUIPMENT ACQUISITION AND DISPOSAL POLICY**

SLT 6.5

**Date of Last Update:**
January 04, 2013

**Approved By:**
Senior Leadership Team
POLICY STATEMENT

The GVSU Purchasing Office (331-2280) is responsible for the acquisition and disposal of University-owned equipment, as outlined below.

PROCEDURES

1. ACQUISITIONS

A. New Equipment with a Value Greater Than $ 5,000.00

If your department has received new equipment and its cost is greater than $ 5,000.00, it needs to be tagged for inventory purposes. This process involves the placement of an inventory tag on the equipment plus recording of pertinent information – serial number, model number, location of equipment and the department, which purchased the equipment.

B. New Equipment with a Value Less Than/Equal to $ 5,000.00

If your department has received new equipment and its cost is less than or equal; to $ 5,000.00, tagging is optional. To have equipment tagged contact the Accounting Office at 331-2233.

2. DISPOSAL

Purchasing is responsible for the disposal of surplus, obsolete and worn out equipment. They will coordinate making the appropriate journal entries to update the equipment inventory, removal of University ID tags, and settlement of proceeds. Contact 331-2280 for requests to dispose of property and for appropriate disposal advice.

EVENT SIGNS AND BANNERS POLICY - ALLENDALE CAMPUS

SLT 6.7

Date of Last Update: November 05, 2013

Approved By:
Senior Leadership Team

Responsible Office:
Facilities Services

POLICY STATEMENT

Grand Valley State University event sign and banner policy is intended to establish a uniform system used across campus. The primary function of a sign or banner is to provide information. The effectiveness of distributing this information will be based on consistent design and standards. Implementation and maintenance of the event sign system will be the responsibility of the GVSU Facilities Services Department.

PROCEDURES

Event signs are made by Facilities Services. Banners are provided by the customer. When making a request, please follow the steps listed below:

1. Call Facilities Customer Service at 331-3000 to place your sign or banner request approximately two weeks prior to the event.

2. All banners are to be provided by the customer. There are two (2) locations on campus where they can be hung. One is in front of Lake Huron Hall in the Academic Mall area. The other is at the Northwest side of the Student Services Building facing Campus Dr. The banner(s) will be tied to metal posts that are secured into the ground. Banners may not hang from sculptures, the roof or inside any building, or be placed in the ground at a different location other than the two indicated unless approval has been given by the Associate Vice-President of Facilities Services. Also, approval must be given for any light pole banners. Light pole banner design must conform to Facilities size and construction standards and will be provided upon request.

3. Facilities Services will make and install three (3) real estate style signs for any GVSU sanctioned event on campus. They are 18" x 24", white with navy blue lettering. Any additional signs ordered will be at a cost of $15.00 each and you must provide a FOAP number. There is a maximum of 15 signs that may be ordered.

4. If you are ordering a real estate sign then please indicate the event name, the location and which parking lot to use. We are able to place quotes or statements on the signs but it is a good idea to keep the letters to a minimum so they can be made large enough to read. Please give a date/time to have these installed and a date/time for removal.

5. Facilities Services will install the real estate signs at the locations the customer indicates. Usually this is at the campus entrances or along Campus Drive. No signs may be installed in front of the arch at the north main entrance or in front of any welcome sign at the campus entrances.

6. Handwritten signage is not allowed and any professional signage brought on campus must have approval by the Associate Vice-President of Facilities Services.

If you have any questions about your signage or need approval please call 331-3000.

HEATING AND COOLING SET POINTS

SLT 6.8

Date of Last Update: July 31, 2008

Approved By:
Senior Leadership Team

Responsible Office:
Facilities Services

POLICY STATEMENT

The University established standard set-points for heating and cooling on all campuses in order to conserve resources and control energy costs. These standards are described below.

PROCEDURES

During the winter season the heating controls are set at a maximum of 70°F. During the summer season the minimum cooling temperature will be 76°F. Facilities Services will respond to hot/cold calls to ensure that systems are running properly, but will not adjust the temperatures to levels outside of the standards.

Facilities Services also discourages the use of space heaters and fans in areas that are at the accepted standard temperature levels above. If there is a special need please contact Facilities Services at 331-3000.

IDENTITY THEFT DETECTION POLICY

Grand Valley State University (GVSU) will comply with the applicable requirements of 16 C.F.R. 681, a federal regulation issued by the Federal Trade Commission (FTC) as part of the implementation of the Fair and Accurate Credit Transaction (FACT) Act of 2003 requiring that financial institutions and creditors (which include higher education institutions) implement written programs that provide for the detection of and response to specific activities (“Red Flag”) that could be related to identity theft.

Grand Valley State University is required to adopt policies and procedures to mitigate identity theft. Activities that cause GVSU to be considered a “creditor” under the Red Flags Rule include:

1. Participating in the Federal Perkins Loan program
2. Participating in alternative or private educational loans
3. Offering institutional loans to students, faculty, or staff.
4. Offering a plan for payment of tuition throughout the semester rather than requiring full payment at the beginning of the semester.
5. Stored Value Cards

PROCEDURES

Identification of Red Flags
In order to identify relevant Red Flags, GVSU considers the type of accounts that it offers and maintains, methods it provides to open its accounts, methods it provides to access its accounts, and its previous experience with identity theft. GVSU identifies the following Red Flags in each of the listed categories:

1. Notification and Warnings from Credit Reporting Agencies
   a. Report of fraud accompanying a credit report
   b. Notice or report from a credit agency of a credit freeze on an applicant
   c. Notice or report from a credit agency of an active duty alert for an applicant
   d. Receipt of a notice of address discrepancy in response to a credit report request
   e. Indication from a credit report of activity that is inconsistent with an applicant’s usual pattern or activity

2. Suspicious Documents
   a. Identification document or card that appears to be forged, altered or inauthentic
   b. Identification document or card on which a person’s photograph or physical description is not consistent with the person presenting the document
   c. Other document with information that is not consistent with existing student information
   d. Application for services that appears to have been altered or forged

3. Suspicious Personal Identifying Information
   a. Identifying information presented that is inconsistent with other information the student provides (example: inconsistent birth dates)
   b. Identifying information presented that is inconsistent with other sources of information (example: an address not matching an address on a loan application)
   c. Identifying information presented that is the same as information shown on other applications that were found to be fraudulent
   d. Identifying information presented that is consistent with fraudulent activity (example: an invalid phone number or fictitious billing address)
      a. Social security number presented identical to one given by another student
      b. Address or phone number presented that is the same as that of another person
      c. A person fails to provide complete personal identifying information on an application when reminded to do so
      h. A person’s identifying information is not consistent with the information that is on file for the student

4. Suspicious Covered Account Activity or Unusual Use of Account
   a. Change of address for an account followed by a request to change the student’s name
   b. Payments stop on an otherwise consistently up-to-date account
   c. Account used in a way that is not consistent with prior use
   d. Mail sent to the student is repeatedly returned as undeliverable
   e. Notice to University that a student is not receiving mail sent by the University
   f. Notice to GVSU that an account has unauthorized activity
   g. Breach in GVSU’s computer system security
   h. Unauthorized access to or use of student account information

5. Alerts from Others
   Notice to GVSU from a student, identity theft victim, law enforcement or other person that the University has opened or is maintaining a fraudulent account for a person engaged in identity theft

Red Flag Detections

Student Enrollment
To detect any of the Red Flags identified above associated with the enrollment of a student, GVSU personnel will take the following steps to obtain and verify the identity of the person opening the account:

1. Require certain identifying information such as name, date of birth, academic records, home address or other identification
2. Verify the student’s identity at time of issuance of student identification card (review driver’s license or other government-issued photo identification)

Existing Accounts
To detect any of the Red Flags identified above for an existing covered account, GVSU personnel will take the following steps to monitor transactions on accounts:

1. Verify the identification of students if they request information (in person, via telephone, facsimile or email)
2. Verify the validity of requests to change billing address by mail or email and provide the student a reasonable means of promptly reporting incorrect billing address changes
3. Verify changes in banking information given for billing and payment purposes

Consumer (“Credit”) Report Requests
To detect any of the Red Flags identified above for an employment or volunteer position for which a credit or background report is sought, GVSU personnel will take the following steps to assist in identifying address discrepancies.

1. Require written verification from any applicant that the address provided by the applicant is accurate at the time the request for the credit report was made to consumer reporting agency
2. In the event that notice of an address discrepancy is received, verify that the credit report pertaining to the applicant for whom the requested report was made and report to the consumer reporting agency an address for the applicant that GVSU has reasonably confirmed is accurate

Preventing and Mitigating Identity Theft
In the event that GVSU personnel detect any identified Red Flags, such personnel shall take one or more of the following steps, depending on the degree of risk posed by the Red Flag:

1. Continue to monitor a covered account for evidence of identity theft
2. Contact the student or applicant for which the credit report was requested
3. Change any passwords or other security devices that permit access to covered accounts
4. Do not open a new covered account
5. Provide the student with a new student identification number
6. Notify the Program Administrator for determination of the appropriate step(s) to take
7. Notify law enforcement
8. Determine that no response is warranted under the particular circumstances
9. Take appropriate steps to modify the applicable process to prevent similar activity in the future

Protecting Student Identifying Information
To further prevent the likelihood of identity theft occurring with respect to covered accounts, GVSU will take the following steps as they relate to internal operating procedures:

1. Ensure that the GVSU website is secure or provide clear notice that the website is not secure
2. Ensure complete and secure destruction of paper documents and computer files containing student account information when a decision has been made to no longer maintain such information
3. Ensure that office computers with access to covered account information are password protected
4. Avoid use of social security numbers
5. Ensure computer virus protection is up to date
6. Require and keep only the kinds of student information that are necessary for GVSU purposes

Oversight
definiciones

Account- a continuing relationship established by a person with a financial institution or creditor to obtain a product or service for personal, family, household or business purpose.

Account includes:

a. an extension of credit, such as the purchase of property or services involving a deferred payment; and

INTERIOR SIGNAGE STANDARDS POLICY

SLT 6.10

Date of Last Update:  
July 31, 2008

Approved By:  
• Senior Leadership Team

Responsible Office:  
Facilities Planning

POLICY STATEMENT

Grand Valley State University has developed and maintains standards that govern the design, content, appearance, installation and use of interior signage through the institution. These standards are published on the Facilities Planning Web site.

PROCEDURES

Requests for additional signage, revisions in existing signage and/or removal of signage should be handled by submitting a work order through the Facilities Services Web site or by contacting the Facilities Planning office at 331-2962.

INVOICE PAYMENT POLICY

SLT 6.11
POLICY STATEMENT
All purchases must be made in accordance with terms outlined in the Grand Valley State University Board of Trustees' Policies. Payment of the resulting invoices is subject to the policies and procedures outlined below.

PROCEDURES
1. Vendors are to mail invoices to:
   Grand Valley State University
   Accounts Payable
   2015 Zumberge Hall
   Allendale, Michigan 49401

2. The University requires each new vendor to submit a W-9. Accounts Payable will either retain a file copy if the first invoice has an EIN included, or solicit a W-9 from the vendor.

3. Accounts Payable maintains original invoices. Departments will receive a copy of each invoice that will then require an approved signature based on the Banner approval queue information for the department. If the invoice references a valid purchase order, receipt of goods/services may be confirmed by any member of the requesting department via signature. If the invoice does not have a corresponding purchase order, the only requesting department staff members who may approve the invoice for payment are those authorized in the Banner approval queue. Departments must provide complete FOAPs on each invoice.

4. Department should then return invoice copies to Accounts Payable as soon as possible. The University desires to pay its obligations within the negotiated vendor terms. If these terms include discounts, they will only be given to a department if the approved invoice is returned in time for the vendor terms to be met. Please allow up to three (3) days for processing within Accounts Payable.

5. When you use a hotel that direct bills for university guests lodging you are required to provide the guest’s name and the business purpose of the stay.

6. Departments disputing an invoice must follow up with the vendor and inform Accounts Payable about reasons delaying authorization and return of disputed invoices.

7. If your department receives an invoice that is not yours, please return invoice to Accounts Payable for forwarding to the correct department. If available, please note correct destination on the invoice.

8. Invoices are processed daily. Checks are processed daily and cut based on the vendors terms. All checks are mailed or funds electronically transferred to vendors. Only those checks being presented to a guest in person will be held for pickup. The goal of the Accounts Payable department is to process authorized-for-payment invoices within five business days of receipt at 2015 James H. Zumberge Hall.

9. Payments to non-employees and international guests for services rendered require a purchase order. Payments are processed in accordance with contract terms.

10. Payments to employees for services, honoraria, stipends, prizes and awards are paid via the payroll system in accordance with IRS regulations.

Any questions should be directed to Accounts Payable at 616-331-2202.

KEYS AND ACCESS CARD POLICY
SLT 6.12

POLICY STATEMENT
The objective of this key and access card procedure is to define the system of key control at the University. Office Coordinators are urged to maintain a list of keys and access cards persons in their units possess for security and accountability purposes. Issuance and usage of keys and access cards is to be in accordance with principles of reasonable security.

PROCEDURES
FACILITIES SERVICES RESPONSIBILITIES
- Identification codes on keys
- Issuing and maintaining records of keys and cards
- Maintenance, repair, and replacement of keys and lock hardware
- Duplication of keys
- Replacement of access cards

APPOINTING OFFICERS AND SUPERVISOR RESPONSIBILITIES
- Approving keys and access cards for faculty and/or staff members in their unit.

EMPLOYEE RESPONSIBILITIES
- The employee is responsible for the security of keys and access cards assigned. Lost or stolen keys must be reported immediately to department administration, Facilities Services Allendale, Public Safety and Facilities Services Grand Rapids and Regional Centers.
- A replacement charge of $20 will be charged to the employee for each lost or stolen key or access card before a replacement can be issued. The employee will also be responsible for costs to rekey an office due to lost or stolen key.
- The replacement fee for a lost or stolen sub-master, master, lock box key or grand master will be $100 and must be paid by the employee before a duplicate is made. The employee’s department will be responsible for the costs to rekey due to lost or stolen sub-master, master, lock box key or grand master key.
- Disciplinary action if needed will be left to the supervisor.
- No refunds will be issued.
- No charges to the employee who cannot return keys due to severe injury, illness or death.
- Employees who change offices will be issued new keys at the time the old keys are returned. A key request needs to be completed for the new keys. Employees must not transfer keys to the employee replacing them.
- Employees must return keys to the Facilities Services Key Department or the Facilities Services Grand Rapids office.
- Broken or damaged keys or access cards should be returned at the time the new key is issued to avoid a replacement fee.
• Under no circumstances are university keys to be duplicated or given to other employees. The person who signed for the key will be held responsible. Any requests for additional access are to be made through the normal request procedures. Appropriate disciplinary action will be pursued for unauthorized duplication.

• All keys and access cards are to be turned into Facilities Services Allendale or Facilities Services Grand Rapids and Regional Centers office at the time of termination of employment. Employees must not transfer keys to the employee replacing them. All terminated or retiring employees are encouraged to check with the Facilities Services Allendale Key department or Facilities Services Grand Rapids and Regional Centers office well in advance of their last day to determine what keys have been issued to them.

• The employee's department will be responsible for any keys not returned.

Levels of Keys and Issuance

A system of keys ranging from Grand Master (GM) Keys down to the lowest level key is used to satisfy user needs. Facilities Services aims to issue the smallest number of keys possible. Keys will not be issued where card access is available.

Grand Master Key is the highest-level key on campus. These keys cover all of the keyways within the entire key system. All GM key requests must receive the approval of the appropriate division heads, the Associate Vice President for Facilities Services, and the Vice President for Finance and Administration. These keys are issued to the Associate Vice President for Facilities, Director of Facilities, Assistant Director, or Manager of Facilities Services, the Director of Facilities Planning, Project Managers, the Director of Public Safety Services, Facilities Services Supervisors and Public Safety Officers. Other Facilities Services staff and some university personnel may be approved, but only after administrative, and executive officer authorization.

Due to the level of access granted by a GM key, all GM keys will be issued on a tamper proof key ring, and require a tracking device to be added to any key ring containing this level of key. The initial tracking device will be issued by Facilities Services Allendale or Facilities Services Grand Rapids and Regional Centers. Data collected through the tracking device is for use only by Facilities Services - Allendale, Security staff, and Facilities Services – Grand Rapids and Regional Centers and is for the sole purpose of locating a GM key in the event of loss or theft. Employees are prohibited from tampering or attempting to alter or disable the tracking device or key ring which the GM key was issued. The employee will be responsible for costs associated with replacing a tracking device due to loss or theft. Replacement due to damaged, worn, or non-working tracking devices will be covered by Facilities Services – Allendale or Facilities Services – Grand Rapids and Regional Centers, so long as the damaged, worn or non-working tracking device is returned.

Master Keys operate all keyways except mechanical rooms and designated restricted areas. These keys are issued to Deans or Administrative Assistants with responsibility for all building and department activities. Custodial Staff will also be issued appropriate keys for the building to which they are assigned. Issuance of these keys must be approved by the Associate Vice President for Facilities Services.

Sub-Master Keys operate a sub-group of locks within a master key system such as an individual department. These are issued based on proof of need and require approval of the Associate Vice President for Facilities Services.

Operator Keys allow entry to individual offices or rooms. These are the primary keys issued to faculty and staff. Approval is from the Associate Vice President for Facilities Services.

Entrance Keys operate entrance doors to buildings, departments, or suites. Approval is from the Associate Vice President for Facilities Services.

File Keys are issued as requested to allow access to department files or personal office files, desks or cabinets.

Key Records

A Key record is maintained for each employee possessing a University key or access card. The information in the key system includes the employee's name, job title, department and phone number. The system also lists the date the key is issued, the key code, access location, room numbers, employee's signature, and dates of key/access card return.

Key Request Procedures

• Access to locked areas of the University is based upon need.
• Whenever possible, employees will be issued the minimum number of keys and access cards at the lowest level allowing access to their areas of assignment only.
• Students, Grad Assistants, and temporary employees will not be issued brass keys to academic buildings. Employees signing out keys for these individuals will be held responsible for the keys.
• Access cards may be issued if a student is enrolled in a program that requires card access i.e. Engineering, Health Campus Programs, CLAS.
• Grad Assistants may be issued access cards for the duration of their employment to buildings or spaces where they work.
• All key requests must be submitted in the KEY SYSTEM, which is available on the Facilities Services website.
• Information in the KEY SYSTEM must be complete with proper supervisor or department approval. Incomplete requests will be denied. Proper justification must be provided for anything other than keys to specific doors.

Upon approval

Allendale Campus: Keys will be delivered to a designated office or can be picked up at the Central Utilities Building (CUB). The employee responsible for the keys/cards will use their university username and password to login to the electronic key system to verify receipt and responsibility of the keys/cards.

Grand Rapids Campuses: The requestor will receive an email letting them know that the keys/cards are ready to be picked up at either the Facilities Services office located in the Bicycle Factory, Suite 350, or at the main desk of the Cook-DeVos Center for Health Sciences Building. The employee responsible for the keys/cards will use their university username and password to log in to the electronic key system to verify receipt and responsibility of the keys/cards.

Regional Centers: Keys/cards requested for regional center buildings will be delivered. The employee responsible for the keys/cards will use their university username and password to log in to the electronic key system to verify receipt and responsibility of the keys/cards.

Return of Keys

When a key or access card is returned from an employee because the need no longer exists, the key record system will be updated with a return date. Upon termination of university employment, Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers will be notified by Human Resources. The employee's supervisor should follow up and direct the proper return of keys to Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers. These key changes are reflected in the key records and the file is closed.

Under no circumstances are keys to be retained by the department and given to a new employee.

Contractors and Vendors - Special Key Issuance and Lost keys

Vendors are issued temporary keys and access cards through the Facilities Services Allendale office or the Facilities Services Grand Rapids and Regional Centers office. Such keys and access cards are to be returned immediately upon completion of the contracted service or by 5:00 p.m. each day. Keys may be kept overnight with university manager approval.

In addition to the fee for a lost key, the responsible person/vendor accepts the responsibility to pay for the re-core of the building or buildings which the lost key was assigned to open. The cost of such a re-core may reach $10,000.00 or more depending on the size of the building and number of cores to replace. We urge all of our contractors/vendors to maintain custody of your keys and access cards at all times.

Students and Temporary Job Assignments

Students and temporary employees may have keys or access cards temporarily assigned to them for the duration of their shift and must return them daily. These are to be checked out through the Facilities Services Allendale office or the Facilities Services Grand Rapids and Regional Centers office and require supervisor's permission. A driver's license must also be presented and information will be recorded.

Employees receiving temporary job assignments may check out the appropriate building key from the Facilities Services Allendale office or Facilities Services Grand Rapids and Regional Centers office to work in the assigned area. (Example: custodians or maintenance personnel temporarily assigned to a different routine). These keys may be held for the duration of the temporary assignment and do not have to be returned daily.

Key Check Out Procedures

Lock Box Keys are issued to Facilities Services Allendale, Facilities Services Grand Rapids, Public Safety, Technology Services, and designated contractors only. This key allows access to key boxes that are located in designated buildings and contain a master key for that building. Lock Box keys are issued to designated individuals within these departments based on proof of need. These key requests must be approved by the Associate Vice President for Facilities Services.

Allendale Campus: Key and access card checkout is located in CUB for temporary checkout of keys and access cards. Identification (driver's license) of the individual checking out the key as well as verification of need will be necessary. Keys and access cards are to be returned daily by 5pm.

Grand Rapids and Regional Center Campuses: Key and access card checkout for the Pew Campus and Regional Centers is located at the Bicycle Factory, Suite 350, for the temporary checkout of keys and access cards. Key and access cards for the Health Campus can be signed out from the main desk at the Cook-DeVos Center for Health Sciences. Identification of the individual checking out the key as well as verification of need will be necessary. Keys and access cards are to be returned daily by 5pm.

LIGHTNING/SEVERE WEATHER POLICY - ATHLETICS

SLT 6.14
POLICY STATEMENT
The safety of all participants and observers of athletic events is extremely important. Therefore, the Athletics Department has developed the following policy and chain of command in order to ensure the safety of both athletes and onlookers in the case of severe weather during an athletic event.

PROCEDURES

Chain of Command
The certified athletic trainer(s) present (most practices) in coordination with the game administrator and game officials are responsible for terminating an athletic activity in the event of lightning or other severe weather. During outdoor activities, a primary responsibility of the athletic trainer(s) is to have the ability to make sound decisions on environmental factors effecting the safety and well being of the athletes as well as others involved with the activity.

The certified athletic trainer will communicate with the game administrator, the head coach, and game official(s)/umpire(s) of the potential for lightning or severe weather and will make the recommendation that all activities stop or be suspended.

If the head coach is not present, the senior most member of the coaching staff will assume responsibility.

If an athlete proceeds with their outside activity against the recommendation of the individual in charge to seek a safe shelter, the athlete assumes all personal liability with regard to their safety and health.

If a coach and/or game official(s)/umpires(s) make the decision to continue to practice and/or continue with a game or other activity despite a Telvent weather warning, the cancellation of classes, and/or the verbal instruction by a certified athletic trainer or game administrator, they will be doing so against the recommendations of the Grand Valley State University Athletic Department and will be personally liable for any and all injuries.

Severe Weather
In the event of severe weather, the following measures will be taken by Grand Valley:

The athletic training staff will check the weather daily prior to the practice or competition. Up-to-date weather reports will be obtained by using Telvent services.

During outdoor practices and games, an early warning text message system from Telvent may be used to help determine the occurrence of and/or distance of lightning in the area. The weather reports and systems will be monitored for storms that may develop during practices and games.

When an early warning text message system from Telvent has detected lightning or thunder has been heard, the athletic trainer in charge will monitor the distance on the early warning system. When the lightning is within an 8-mile radius of the venue, the activity will be ceased and a warning message with recommended safe structure will be given.

Anytime the Meadows sirens are used to close the golf course, all athletic outdoor activities will be suspended.

The certified athletic trainer will be responsible for notifying the head coach, official(s)/umpire(s) and game administrator (if present) of the lightning or severe weather. The certified athletic trainer will recommend play to be suspended at this time and shelter should be taken.

Any person who feels they are in danger of any lightning activity will have the right to leave the field or event site to seek safe shelter without fear of penalty or repercussion.

If play is suspended due to severe weather, everyone (including observers) should seek shelter in the designated “safe structures” (listed in Table A). A “safe structure” is defined as “any building normally occupied or frequently used by people, i.e. a building with plumbing and/or electrical wiring that acts to electrically ground the structure.” This structure does not include: shower facilities, baseball/softball dugouts, outside storage sheds, and canopies/awnings/tents. When in a “safe structure,” stay away from corded telephones, electrical appliances, lightning fixtures, ham radio microphones, electric sockets, and plumbing.

In the absence of a “sturdy, frequently inhabited building,” one may seek shelter in fully enclosed hardtop vehicles but should not touch the sides of the vehicle.

If no “safe structure” is available within reasonable distance, find a thick grove of small trees surrounded by taller trees or a dry ditch and assume a lightning safe position. A lightning safe position is one in which one is crouched on the ground with only the balls of the feet touching the ground, with their arms wrapped around the knees and head lowered. Do not lie flat on the ground. Stay away from the tallest trees or objects (i.e. light poles or flag poles), metal objects (i.e. fences or bleachers), individual trees, standing pools of water, and open fields. Avoid being the highest object in a field.

Any person who feels his/her hairs stands on end or skin tingle should immediately assume a lightning safe position.

Avoid using a landline telephone. Cellular phones may be used in an emergency situation.

Resumption of Activity
Play will resume thirty minutes following the last flash of lightning per the Telvent warning system. The certified athletic trainer will make this recommendation to the official(s) during an official game.

Blue skies and absence of rain are not protection from lightning. Lightning can strike up to ten miles from the rain shaft and it does not have to be raining for lightning to strike.

Care of a Lightning-Strike Victim
A lightning strike does not stay attached to the source therefore they do not carry an electrical charge. It is safe to touch the victim to move him/her to a safe location and to render medical treatment. Medical personnel should consider their own personal safety before venturing into a dangerous situation to render care.

Lightning-strike victims who show signs of cardiac or respiratory arrest need emergency help quickly. CPR and AED use should begin immediately, if necessary. Prompt, aggressive CPR has been highly effective for the survival of victims of lightning strikes.

Victims should be assessed and treated for apnea, asystole, hypothermia, shock, fractures and burns.

Refer to the Safe Structures table.

SPACE HEATERS AND PERSONAL APPLIANCE POLICY

SLT 6.16

Date of Last Update:
January 12, 2015

Approved By:
Senior Leadership Team

Responsible Office:
Pew Campus Operations/Allendale Facilities Services

POLICY STATEMENT

The following policy language is intended to promote the safety of the campus community, improve the comfort of faculty/staff, prevent physical damage to university facilities and conserve energy at Grand Valley State University.

PROCEDURES

Space Heaters:
The use of electric space heaters (or those fueled by other means) is strictly prohibited in any GVSU facility. Electric space heaters pose a safety risk and fire hazard by overloading building electrical circuits. They are also a very inefficient means of providing heat and often result in the discomfort of occupants in nearby offices or work areas.

Individuals who believe their work area is too cold (or hot) may contact Facilities Services (Allendale Campus) at extension 1-3000, or Operations at extension 1-6700 (Pew Campus & Regional Centers). A work order may also be submitted online at webtma.plant.gvsu.edu to request that their space be evaluated for temperature adjustments.

Other Personal Appliances:
The following appliances are also prohibited from being used in offices or other non-designated common areas at GVSU:

- Air conditioners
- Grillas
- Coffee makers
- Crock-Pots
- Toaster ovens
- Toasters
- Mini Refrigerators
- Other small kitchen appliances
- Microwaves
- Other appliances that do not meet the intent of this policy

Many of these appliances are available to faculty/staff in designated break kitchens and lounge areas. If your department wishes to add an additional shared item to a break/lounge area, please contact the Operations Manager or Facilities Supervisor for your designated building to discuss its placement.

Exceptions:
Operations and Facilities Services will work to accommodate medical necessities, departmental events or other special conditions that may warrant an exception to this policy.

Responsibility:
Enforcement of this policy is the responsibility of departmental supervisors. Facilities Services and Operations staff will report unauthorized space heaters and other appliances discovered in the course of their work. The supervisor, chair, dean or director that is responsible for the area will be notified.

Responsible Office: University Budgets

PROCEDURES

To establish rules governing expenditures charged against University Designated and Plant Reserve funds.
Expenditures over $25,000 individually or in the aggregate for a single project requires authorization from an Executive Office or their designee.
Expenditures over $50,000 individually or in the aggregate for a single project must be reported to Budget Committee.
Expenditures over $250,000 individually or in the aggregate for a single project must be submitted by Budget Committee to the University President for authorization.

DEFINITIONS
Funds held outside the normal General Fund operating budgets that reside in the Designated and Plant Reserve funds as identified by the appropriate Executive Officer. Expenditures that are governed by this policy are those that are charged against funds that begin with “15” or “94”

UNCREWED/AIRCRAFT SYSTEM / DRONE POLICY

SLT 6.20
Date of Last Update:
August 26, 2019
Approved By:
Senior Leadership Team

Responsible Office:
Public Safety

POLICY STATEMENT
Operation of an Uncrewed Aircraft System (UAS) or Model Aircraft (MA) is prohibited over University Property by students, employees, vendors, contractors and other members of the public except with prior written approval from the Vice President for Finance and Administration of the University. Permission to operate a UAS/MA over University Property will only be granted to University departments needing to operate a UAS/MA for educational or research purposes that benefit the University. Purchasing of UAS or MA also requires prior written approval from the Vice President for Finance and Administration. Potential purchasers may be employees, students or departments using University funds being disbursed through a University account, including grant funds.

PROCEDURES
Consideration will only be given for purchasing and/or operating a UAS/MA if the written request to the Department of Public Safety includes all of the following:

1. exact dates and times of intended operation;
2. campus location and intended flight path;
3. the University purpose for the use of the UAS/MA;
4. for UAS, a current 333 exemption or Certificate of Waiver or Authorization (COA) or a Remote Pilot Certificate issued by the Federal Aviation Administration (FAA) or documentation verifying that the individual operating the UAS is fully authorized by the FAA to do so;
5. for UAS, a photograph of the UAS with registration numbers attached or provision of FAA paperwork that identifies the registration numbers of the UAS being operated on the campus;
6. The Vice President for Finance and Administration will submit written approval for the purchase and/or operation of a UAS/MA to the Department of Public Safety.

Operation of UAS on University property is to be done in accordance with only part 107 of the FAA rules for certified remote pilots and commercial operators. All rules of part 107 apply to operation on University property with the exception of prohibited external load and transportation of property for compensation or hire. Only the Vice President for Finance and Administration may waive any of the part 107 rules.

In operating a UAS/MA for purposes of recording or transmitting visual images, operators must take all reasonable measures to avoid intrusions into areas normally considered private.

All uses of UAS/MA must comply with the following:

1. UAS/MA must not be used to monitor or record areas where there is a reasonable expectation of privacy in accordance with accepted social norms. These areas include but are not limited to restrooms, locker rooms, individual living center rooms, changing or dressing rooms, health treatment rooms, daycare facilities and classrooms during periods of instruction. UAS/MA may not fly closer than thirty (30) feet outside a window of any university building.
2. UAS/MA may not be used to monitor or record institutional or personal information, which may be found in an individual's workspace, on computers or on other electronic devices.
3. UAS/MA may not be used inside of any University building without prior permission given by an Executive Officer of the University.
4. The following operational rules apply to the use of all UAS and MA:
   • UAS/MA must be in visual line of sight of the remote pilot in command
   • UAS/MA must be visible to the operator with no assistance other than corrective lenses
   • UAS/MA may not fly over people
   • UAS/MA may be operated in daylight only
   • UAS/MA must yield right of way to other aircraft
   • UAS/MA maximum speed 100 mph/87 knots
   • UAS/MA maximum height of 400 feet
   • UAS/MA minimum visibility 3 miles from point of control
   • A remote pilot in command may not command more than one UAS/MA
   • A remote pilot in command may not operate a UAS/MA from a moving aircraft
   • A remote pilot in command may only command a UAS/MA from a moving vehicle only in sparsely populated area
   • Reckless operation of a UAS/MA is prohibited
   • A UAS/MA may have no hazardous material on board
   • The remote pilot in command must inspect UAS/MA prior to operation to ensure safe working order
   • The remote pilot in command may not operate a UAS/MA if physical or mental condition prevents safe operation

A UAS/MA may carry an object if it does not affect flight operations and the entire UAS/MA with they object weighs less than 55 pounds.

Enforcement of Complaints
Any violations of this policy will be dealt with in accordance with applicable University procedures which may include disciplinary actions and where appropriate, legal action. All complaints concerning the operation of UAS/MA over University Property should be referred to the Department of Public Safety. Users will also be subject to applicable Federal and State laws.

Any FAA fines incurred by individuals or departments will be the responsibility of the individuals involved.

DEFINITIONS
For purposes of this Policy, these terms should have the following meaning:
Model Aircraft - is an aircraft weighing less than 55 pounds
University Property - Buildings, grounds and land owned or controlled by the University.

Uncrewed Aircraft Systems (UAS) – UAS are also known as or may be characterized as uncrewed aircraft systems or Drones.

According to the FAA, a UAS is the Uncrewed aircraft and all of the associated support equipment, control station, data links, telemetry, communications and navigation equipment, etc., necessary to operate the Uncrewed aircraft. UAS may have a variety of names including but not limited to quadcopter and quadrotor; FAA regulation applies to UAS regardless of size or weight. Model aircraft are not considered by the FAA as UAS and have different regulations.
LAKER STORE POLICY
SLT 6.21
Date of Last Update:
October 20, 2015
Approved By:
Senior Leadership Team
Responsible Office:
GVSU Laker Store

POLICY STATEMENT
GVSU Laker Store is dedicated to serving the students of Grand Valley State University with resources, which enhance the University’s mission and image.

PROCEDURES
Textbook Locations
GVSU Laker Store - Allendale carries the textbooks and supplies required for classes taught on the Allendale campus and for those taught in Holland and other “satellite” locations across the state. These are available online at http://lakerstore.gvsu.edu or by calling toll free at 866-299-0001.
GVSU Laker Store – Robert C. Pew Grand Rapids Campus carries the textbook and supplies for classes taught in Grand Rapids, including those at the Cook-DeVos Center for Health Sciences.

Other Merchandise
Both store locations offer a selection of GVSU imprinted clothing and gifts, greeting cards, leisure reading books, school supplies, and a full line of computers and accessories, including Apple products. The leisure reading department includes a faculty book section. Faculty who publish are encouraged to notify the GVSU Laker Store staff, and we will add the title to our inventory.

Discounts, Sales and Promotions
GVSU Laker Store attempts to maintain pricing policies that are reasonable, fair and consistent. As a result, the same pricing is made available to students, faculty and staff. Sales and promotions are announced in advance on the GVSU Laker Store website and the University bulletin board, in addition to fliers and posters across campus. The same promotions are made available at both store locations.

Textbook Orders
To assure the arrival of textbooks for the start of classes and to offer students an opportunity to sell their books at the end of the term, it is requested that faculty submit textbook orders by published deadlines.
Textbook orders need to be in the bookstore by October 25 for winter semester, by February 25 for spring-summer semester, and by March 25 for fall semester. Requisitions may be submitted on-line in the faculty access section of the bookstore’s website at http://lakerstore.gvsu.edu.
For access information, please consult your department coordinator. When submitting a requisition, please provide accurate ISBN information to insure that the correct book is ordered. GVSU Laker Store staff also appreciate notification that “no books are required” for a class when appropriate.

Coursepacks
Faculty may choose to create coursepacks for sale through the bookstore. This may be done by working with a custom publisher, which manages copyright clearances and copying, or through the University’s Copy Center. In the latter case, faculty must perform copyright clearances themselves. Letters from publishers authorizing copying of materials, together with a complete and final version of the coursepack, should be forwarded to the appropriate bookstore location well in advance before the start of the semester. The textbook manager will arrange for copying, return the original to the faculty member, and place coursepacks on the shelf in time for the start of the semester.

Desk Copy Loans
Publishers will not honor requests for desk copy loans from bookstore personnel, so such requests should be made directly to the publisher. Faculty requiring a desk copy of an adopted textbook should contact their publisher representative for additional information.

Public Safety

POLICY STATEMENT

The University is committed to maintaining a safe environment in which students, faculty, staff, and visitors are free to learn, live, work and visit the University campus or a facility without fear of violence. To carry out this mission, the University prohibits the use or possession of firearms, weapons, electrical devices, and explosives on its property, except as provided in this policy.

A person shall not possess any firearm or weapon anywhere upon property governed by the University, except University Police Officers and other legally established law enforcement officers acting in the course of and scope of employment, and except for use in authorized University construction-related activities. A “weapon” shall include but is not limited to:

1. any firearm,
2. any device from which an electrical current, impulse, wave, or beam may be directed that is designed to incapacitate temporarily, injure or kill,
3. any other instrument or device of any kind that operates based on spring, gas or air, contains explosive materials, or
4. any instrument or device, such as a knife, that has a sharp blade greater than three inches.

A person shall not use any firearm, gun, weapon, chemical, biological, radiative, or other dangerous substance or compound to injure, molest, or coerce another, anywhere upon property governed by the University, except for a self-defense spray or foam for protection of a person or property under the circumstances that would justify the person’s use of physical force.

Additionally, a person shall not use or possess fireworks (unless approved in advance by a Vice President for use at a University event), explosives, toxic or dangerous chemicals; other lethal weapons, equipment, chemicals or materials are prohibited anywhere upon property governed by the University.

Questions about weapons should be directed to the University Department of Public Safety.

PARKING ORDINANCE

SLT 6.28

Date of Last Update:
February 04, 2022

Approved By:

Senior Leadership Team

Responsible Office:
Public Safety

POLICY STATEMENT

STATEMENT OF AUTHORITY

This ordinance is enacted through the Grand Valley State University Board of Trustees pursuant to and in accordance with the authority and responsibility of said Board as provided in the Constitution of the State of Michigan, and Act 291 of the Michigan Public Acts of 1967, as amended. This ordinance and the Michigan Vehicle Code (MCL 257.1 et seq., MSA 9.1801 et seq.), as amended, are hereby adopted by reference.

Section 1: Definitions

1.1. Campus: Unless otherwise noted in this Ordinance, Campus shall mean property owned or controlled by Grand Valley State University (GVSU or University) on the Allendale Campus and Grand Rapids Campuses (Robert C. Pew Grand Rapids Campus and the Health Campus) and includes the Standale Plaza in the City of Walker.

1.2. Parking Services: Parking Services is responsible for parking on all University owned or controlled properties and is comprised of customer service and compliance operations in Allendale and Grand Rapids.

1.3. Department of Public Safety: Department of Public Safety shall mean the Grand Valley State University Department of Public Safety which is comprised of Police, Security, and Emergency Management.

1.4. Hours of Compliance: Parking requires compliance 24/7, unless otherwise noted.

1.5. Overnight Parking: Overnight parking on campus is considered between the hours of 3:00 a.m. - 6:00 a.m., unless otherwise noted.

1.6. Color-Coded Parking: All parking signage is color coded. The sign decal designation and color authorizes parking in specific lots and areas.

PROCEDURES

Section 2. Parking on Campus

2.1. Vehicles on Campus

2.1.1. State Requirements: All vehicles parked on campus must be properly registered and display current registration credentials as prescribed by the state within which they are registered and be legally operable under the laws set forth by Michigan Legislation.

2.1.1.1. Disabled Vehicle: A vehicle that is not legally operable under Michigan law is deemed a disabled vehicle. A disabled vehicle on property owned or controlled by the University must be reported to Parking Services. The disabled vehicle must be removed from the campus within 24 hours or is subject to parking violations.

2.1.2. Parking Space: A vehicle must be fully and completely contained within the lines of a single designated space as delineated by service markings and must not obstruct traffic flow.

2.1.2.1. Double Parking: Occupying or preventing the use of more than one parking space constitutes double-parking and is prohibited.

2.1.3. Prohibited Parking Areas: If an area is not posted for parking, parking is prohibited except under the direction of Parking Services. Prohibited parking areas include, but are not limited to:

2.1.3.1. Hashed-lines: Parking in diagonal hashed-lines is prohibited (see Section 2.9 regarding motorcycle parking).

2.1.3.2. Fire Lanes: Parking in lanes signed as a fire lane is prohibited.

2.1.3.3. Yellow Curbs: Yellow curbs indicate a no parking zone. Parking along yellow curbs is prohibited.

2.1.3.4. Coned Areas: Parking in coned spaces or in closed parking lots is prohibited.

2.1.3.5. Sidewalk Restriction: Sidewalks and walkways are restricted to pedestrian, bicycle, and motorized wheelchair use only. Driving or parking a moped, motorcycle or other motor vehicle on a sidewalk or walkway is prohibited without permission from Parking Services.

2.1.3.6. Landscape Restriction: Lanced areas are restricted to pedestrian traffic only.

2.1.3.7. Loading Zones: Loading zones are provided to accommodate active loading and unloading only. All loading and unloading must be done in designated loading docks or from regular parking spaces. Loading zone regulations require compliance 24/7. Loading from prohibited parking areas is strictly prohibited.

2.1.4. Parking by Permit Only: Parking on campus is by permit only and payment is required in Pay-to-Park areas year-round. By parking on campus, the vehicle operator has agreed to abide by the rules and regulations of the Parking Ordinance and is subject to a parking violation and other penalties as outlined in Section 3. Information about parking lot locations and permit types is available on the Parking Services website.

2.2. Parking Options

2.2.1. Permit Parking: Parking permits are required on the Allendale Campus and Grand Rapids Campuses with the exception of Pay-to-Park areas. Permits are required Monday-Thursday 3:00 a.m. – 6:30 p.m. and Friday 3:00 a.m. – 5:00 p.m., unless otherwise noted.

2.2.1.1. Regional Centers: Parking permits are not required at the Standale Plaza in the City of Walker, Meijer Campus in Holland, Muskegon locations, or the Traverse City Regional Center. There is no University parking lot at the Detroit Center. Campus maps are published online. (See Section 2.3 for detailed permit information.)

2.2.1.2. Spring and Summer Allendale Campus: During the spring and summer semesters, parking permits are not required in student commuter areas or in resident parking areas. Parking permits are required in Faculty/Staff, visitor areas, and specially signed spaces. Pay-to-Park areas require payment.

2.2.1.3. Spring and Summer Robert C. Pew Campus: During the spring and summer semesters, parking permits are not required in student commuter areas. Parking permits are required in Pew Resident areas, Faculty/Staff, visitor areas, and specially signed spaces. Pay-to-Park areas require payment.

2.2.1.4. Spring and Summer Health Campus: During the spring and summer semesters, parking permits are required in student commuter, Faculty/Staff, visitor areas, and specially signed spaces.
Pay-to-Park areas require payment.

2.2.2. Pay-to-Park: Pay-to-Park areas offer short-term parking and require payment. Those choosing to park on campus without a permit must utilize Pay-to-Park areas. Permits do not replace payment. Over-payments will not be refunded.

2.2.2.1. Pay-by-Phone: Pay-by-Phone areas near academic buildings require payment Monday-Saturday, 7:00 a.m. - 8:00 p.m. year-round unless otherwise noted. Pay-by-Phone areas located in and near residential buildings require payment 24/7 year-round. Our current Pay-by-Phone contractor is ParkMobile.

2.2.2.2. Pay Stations: Pay station areas require payment Monday - Saturday, 7:00 a.m. - 8:00 p.m. year-round, including Motorcycle and ADA spaces. Pay stations accept coins, bills, credit cards, and ParkMobile as payment. Pay stations that are offline or malfunctioning should be reported to Parking Services.

2.3. Permits

2.3.1. Virtual Permits: Virtual permits are available to currently enrolled GVSU students, Faculty/Staff with active appointments, and tenants, as appropriate.

2.3.1.1. Permit Charges: Students who choose to purchase a permit will be required to register per semester. The cost of a permit is charged directly to the student’s account (fall and winter semesters). The refund schedule may be found on the Parking Services website.

2.3.1.2. Permit Eligibility: Students who are no longer enrolled at GVSU or Faculty/Staff who are no longer employed by the University are not eligible to use a University-issued parking permit.

2.3.1.3. Authorized Permit Use: Virtual parking permits are issued for the exclusive use of the person applying for the permit. A G# is authorized for one permit only.

2.3.1.4. Alternate Vehicle Use: Virtual parking permits may be transferred between vehicles on the parking portal. Faculty/Staff and students are responsible for ensuring the correct vehicle is associated with the current permit.

2.3.2. Temporary Permits: Daily permits are available to GVSU students. The daily rate will be set each July 1st by the Business and Finance office. Faculty/Staff and daytime visitors who need a temporary permit may obtain one from Parking Services. Temporary permits may be printed or paperless/digital.

2.4. Student Parking

2.4.1. Student Commuter: Students who are currently enrolled at GVSU and do not reside in University owned housing facilities or campus are considered commuter students.

2.4.1.1. Student Commuter: Student Commuter permits are only valid in Student Commuter parking areas marked by a red "S" on signs throughout campus. This permit is not valid in Pay-to-Park or other designated areas on campus.

2.4.1.2. Lot J Remote Commuter: Lot J permits are offered as a reduced cost, remote parking option for commuter students. This permit is valid on the Allendale Campus or Robert C. Pew Grand Rapids Campus in a first-come, first-serve basis for Lot J only. A daily permit must be purchased to be eligible to park in other student commuter areas. Students needing ADA parking accommodations should refer to Section 2.8. This permit is not valid in Pay-to-Park or other designated areas on campus.

2.4.2. Student Resident: Students who are currently enrolled at GVSU and reside in University owned housing facilities on campus are considered residents. There are four types of Student Residents:

2.4.2.1. Allendale Resident: Students who live on the Allendale Campus are considered Allendale Residents. Allendale Resident parking permits are valid in Allendale Resident areas marked by a yellow "R" on the Allendale Campus and in Student Commuter areas marked by a red "S" on the Grand Rapids Campuses. This permit is not valid in Pay-to-Park or other designated areas on campus.

2.4.2.2. Pew Resident: Students who live on the Robert C. Pew Grand Rapids Campus are considered Pew Residents. Pew Resident parking permits are valid in Pew Resident areas marked by a brown "P" on the Robert C. Pew Grand Rapids Campus and in Student Commuter areas marked by a red "S" on the Allendale Campus and Health Campus. Parking permits are required in Pew Resident spaces on the Robert C. Pew Grand Rapids Campus year-round. This permit is not valid in Pay-to-Park or other designated areas on campus.

2.4.2.3. Calder Resident: Students who live on the Allendale Campus in the Calder Residence are considered Calder Residents. Calder Resident parking permits are valid in signed Calder Residents Only areas marked by an orange "C", as well as in Allendale Resident areas marked by a yellow "R" on the Allendale Campus and in Student Commuter spaces marked by a red "S" on the Grand Rapids Campuses. This permit is not valid in Pay-to-Park or other designated areas on campus.

2.4.2.4. Seward Remote Resident: Seward Remote Resident permits are offered as a reduced cost, remote parking option for student residents. The Seward Ramp is located on the Robert C. Pew Grand Rapids Campus. This permit is valid in the Seward Ramp on the level leading to and including the top level only. Permits are available on a first-come, first-serve basis only. A daily permit must be purchased to be eligible to park in other resident student areas. Individuals needing ADA parking accommodations should refer to Section 2.8. This permit is not valid in Pay-to-Park or other designated areas on campus.

2.5. Faculty and Staff Parking

2.5.1. Active Appointments: Only GVSU Faculty/Staff with active appointments are issued parking permits. Parking permits are only valid for adjacent Faculty/Staff if they have an active appointment and are either working for or teaching at GVSU during the semester in which the permit is being used. Faculty/Staff permits are for the exclusive use of the employee only.

2.5.1.1. Faculty/Staff: Faculty/Staff parking permits are only valid in Faculty/Staff areas marked by a blue "F" and in Student Commuter areas marked by a red "S". Faculty/Staff permits are not valid in the Winter Lot on the Robert C. Pew Grand Rapids Campus, Pay-to-Park, or other designated areas on campus.

2.5.1.2. Fall Faculty/Staff: Fall Faculty/Staff parking permits may be issued to employees with a 6-month contract for the fall semester only and are valid in the same locations as associated with a Faculty/Staff permit. The Fall Faculty/Staff parking permit is only valid for the fall semester and expires on December 31 of the academic year in which the permit is issued. This permit is not valid in Pay-to-Park or other designated areas on campus.

2.5.1.3. Faculty/Staff Reserved: Faculty/Staff Reserved parking permits are only valid in Faculty/Staff areas marked by a blue "F" and in Student Commuter areas marked by a red "S". Additionally, individuals who qualify for a Faculty/Staff Reserved parking permit are afforded additional parking on campus as marked by “Reserved” signs. Faculty/Staff Reserved permits are not valid in the Winter Lot on the Robert C. Pew Grand Rapids Campus, Pay-to-Park, or other designated areas on campus.

2.5.1.4. Lot L Administration: Lot L Administration permits are issued as applicable. This permit is not valid in Pay-to-Park or other designated areas on campus.

2.5.2. Retired Faculty and Staff: Faculty/Staff who have officially retired from GVSU are eligible for a GVRP parking permit. This permit is valid for four years. It is the responsibility of the retiree to renew their permit with Parking Services.

2.5.2.1. GVRP: GVRP parking permits are only valid in Faculty/Staff areas marked by a blue "F" and in Student Commuter areas marked by a red "S". GVRP permits are not valid in the Winter Lot on the Robert C. Pew Grand Rapids Campus, Pay-to-Park, or other designated areas on campus.

2.6. Speciality Signed Spaces and Designated Permits

2.6.1. Permits required 24/7: Specially signed parking spaces require parking permits designated for a particular type of space and require compliance 24/7. These spaces include, but are not limited to: Biology, Department, Communications Department, Disability Support Resources, Food Service, Housing Staff, Information Technology, Reserved, Service Vehicle, University Bookstore, Admissions Visitor, Visitor, Prospective Student, Visitor, Mobile, and numbered spaces for Tenants.

2.6.2. Service Vehicles: Service Vehicle spaces and permits are intended for use by persons or companies providing one of the following services: installation, repair, or improvement of University-owned structures and infrastructures (exterior and interior). Employees of vendor companies that perform regular services for GVSU may qualify for this permit. Service Vehicle permits are not intended for loading or unloading. Service Vehicle parking permits are valid in Service Vehicle areas, Faculty/Staff areas marked by a blue "F", in Student Commuter areas marked by a red "S", and in Pay-to-Park areas without payment.

2.6.3. Tenants: Tenants with lease agreements for spaces in University buildings may be eligible for a tenant permit. Please refer to your lease or parking agreement as to whether these permits are valid. This permit is not valid in Pay-to-Park or other designated spaces on campus.

2.6.4. Alternative Fuel/Hybrid Spaces: These spaces require a special parking permit designation. Contact Parking Services for additional information regarding this permit designation.

2.6.5. Electric Vehicle Charging Spaces: Spaces are provided throughout campus for actively-charging electric vehicles only. Spaces are limited, and a parking or charging opportunity is not guaranteed. A valid GVSU permit is required.

2.6.5.1. Pay Lot: Electric vehicle charging stations located in the Pay Lot on the Pew Campus are for Consumers Energy staff and visitors only.

2.6.5.2. Small Car Only Spaces: Use of small car spaces marked with hashed end lines requires compliance 24/7. Vehicles parking in these spaces must be contained within all sides of the space and not overlap any line.

2.6.7. Loading Zones: Loading zones are provided to accommodate active loading and unloading only. All loading and unloading must be done in designated loading docks or from regular parking spaces. Loading zones regulations require compliance 24/7. Loading from prohibited parking areas is strictly prohibited. (see section 2.1.3).

2.7. Visitor Parking

2.7.1. Daytime Visitors: Visitors parking during the day may choose to obtain a parking permit directly from Parking Services; from the Faculty/Staff member they are visiting; or utilize Pay-to-Park areas. Currently enrolled students, Faculty/Staff with active appointments, individuals with GVRP permits, and/or tenants are not eligible to use visitor permits.

2.7.2. Overnight Visitors: Visitors staying on campus overnight (see Section 2.10) must obtain a parking permit in person from the Parking Services office located on the campus where they are visiting. Overnight visitors are limited to 20 overnight permits per year excluding weekends. During the spring and summer semesters, overnight visitors to the Robert C. Pew Grand Rapids Campus are limited to 10.
overnight permits. The University reserves the right to restrict overnight parking.

2.7.3. Short Term Parking Allendale: Short-term parking without a permit is available on the Allendale Campus for those who are conducting business at the Service Building, Alumni House, and The Meadows Golf Course. Parking is available near the building entrances and these parking locations are not intended to be used for academic purposes. These parking locations may not be used for any purpose other than conducting university business.

2.7.4. Fieldhouse/Recreation Center Visitors with Membership: Alumni and outside members can obtain a Recreation Center parking permit by providing their current Athletic and Recreation Facilities membership card and driver’s license to Parking Services in Allendale. These parking permits will be valid for the duration of the membership and are required to be renewed along with the membership. This permit is for non-academic recreational facilities use only and may not be used for any other purpose, including events or academic classes. GVUSI Faculty/Staff and students are not eligible for Fieldhouse permits.

2.7.5. Campus Recreation Class Visitors: Community members taking campus recreation classes at the Athletic and Recreation Facilities may obtain a temporary day permit or utilize Pay-to-Park areas. Other types of parking permits are not available. GVUSI Faculty/Staff and students are not eligible for Campus Recreation permits.

2.8. ADA-Compliant Parking

2.8.1. ADA Compliant Parking Spaces: ADA-compliant parking requires a valid ADA placard or plate designation and requires compliance 24/7.

2.8.2. ADA Permit Compliance: During permit compliance hours (see Section 2.2.1.), a valid GVUSI permit must always accompany the ADA placard or plate designation. If ADA-compliant parking spaces are not available, the ADA permit holder may, with a valid GVUSI permit and a valid ADA placard or plate displayed, park in a Faculty/Staff or student space.

2.8.2.1. ADA Pay-to-Park Compliance: Parking in ADA-compliant spaces in Pay-to-Park areas requires payment.

2.8.2.2. ADA Lot J Remote and Seward Remote Resident Compliance: Lot J Remote Commuter permits are only valid in Lot J and are not permitted in other areas even when accompanied by an ADA placard or plate designation. Seward Remote Residents permits are only valid on the level leading to and including the top level of the Seward Ramp on the Robert C. Pew Grand Rapids Campus and are not permitted in other areas even when accompanied by an ADA placard or plate designation.

2.8.2.3. Other ADA Restrictions: ADA parking is prohibited in specially signed spaces without the required designated parking permit (see Section 2.6.).

2.8.3. University-Issued ADA Permits: Mobility-impaired persons shall be issued, without charge, a temporary permit for a period not to exceed three days. University-Issued ADA permits must be accompanied by a valid GVUSI Faculty/Staff or Student parking permit. Persons requiring accommodations for a period of 4-30 days will be directed to Disability Support Resources for assistance. Individuals needing ADA-compliant parking privileges beyond 30 days must obtain a permit from the Michigan Secretary of State.

2.8.4. Illegal Use of an ADA Parking Placard or License Plate: Under Michigan law, it is illegal: 1) to use an ADA placard or license plate when the ADA permit holder is not being transported; 2) to use an ADA placard or license plate when the placard or plate is altered; 3) to lend/use a placard/plate from another person; and 4) to use a copy of a placard/plate. Illegally used ADA designations are subject to confiscation by Police and will be returned to the Michigan Secretary of State with an explanation of the misuse. Fines will be transferred to the respective GVUSI account.

2.9. Motorcycle/Moped Parking

2.9.1. Applicability: This section is applicable to all two-wheeled motorized vehicles. Motorcycles and mopeds parking on campus do not require a permit. Overnight parking is only allowed in designated motorcycle parking areas in residential lots. Parking in any blue hashed area is strictly prohibited.

2.9.2. Allendale Campus: Motorcycles and mopeds must be parked in the yellow hashed area at the end of parking rows in Faculty/Staff and student parking areas, unless otherwise signed.

2.9.3. Robert C. Pew Grand Rapids Campus: Motorcycles and mopeds must be parked in designated motorcycle parking areas indicated by signage in the Eberhard Center loading dock, DeVos Lot, Seward Parking Ramp, and Watson Lot. Parking in yellow hashed areas of the Seward Parking Ramp is permitted. Residents may park in the yellow hash marks at the end of parking rows in the Secchia Lot only. Parking in all other areas is restricted.

2.9.4. Health Campus: Motorcycles and mopeds must be parked in designated signed motorcycle parking areas only.

2.9.5. Pay-to-Park: Payment is required for motorcycle parking in all Pay-to-Park areas.

2.10. Overnight Parking

2.10.1. Locations: Overnight parking (3:00 a.m. - 6:00 a.m.) is permitted in residential lots only. Overnight parking is prohibited in Faculty/Staff, student commuter, specially signed areas, and Pay-to-Park areas, unless otherwise noted.

2.10.2. Overnight Employees: Designated locations for GVUSI employees whose duties require overnight parking are determined by Parking Services. This information is shared with University departments requiring this accommodation.

2.11. Trailers

2.11.1. Trailers: GVUSI does not provide accommodations for parking of vehicles pulling trailers during the regular academic year except for those attached to contractor and service vehicles operated by individuals actively working on campus. Trailers must not be left unattended without the permission of Parking Services.

2.12. Buses and Other Oversized Vehicles

2.12.1. Buses and Oversized Vehicles: Oversized vehicles are defined as vehicles larger than one standard parking space. Refer to the Parking Services website for a list of parking areas currently designated for this purpose. Parking of buses and other oversized vehicles is strictly prohibited in Pay-to-Park areas. Parking rules applicable to buses and other oversized vehicles require compliance year-round.

2.12.1.1. Allendale Campus: Buses bringing athletes and/or other groups to the Allendale Campus are limited to 15 minutes for picking up and dropping off and must not obstruct the flow of traffic. Picking up and dropping off is strictly prohibited in Pay-to-Park areas.

2.12.1.2. Grand Rapids Campuses: Buses and other oversized vehicles are prohibited on the Grand Rapids Campuses.

2.13. Vehicles Prohibited

2.13.1. Vehicles Prohibited: The following vehicles are not permitted on campus unless permission is obtained from the Associate Vice President for Facilities Services Grand Rapids and Regional Centers:

- Non-traditional vehicles (i.e. non-University affiliated golf carts, dune buggies, go-carts, etc.)

2.14. University’s Rights and Responsibilities

2.14.1. Restrictions: The University reserves the right to close, restrict parking and/or driving to, or otherwise make unavailable any and all areas at any time to any vehicle on University owned or controlled property.

2.14.2. Removal: The University also reserves the right to remove, at the owner’s expense, any abandoned, unlawfully parked, or inoperable vehicle from University owned or controlled property. Police are responsible for the removal of vehicles.

2.14.3. Loss or damage: The University assumes no responsibility for loss or damage to vehicles driven or parked on campus, or for the contents thereof.

Section 3. Parking Violation Fines, Appeals, and Penalties

3.1. Parking Violation Fines

3.1.1. Payment Options:

- Online: On the Parking Services website via credit card.
- Payment Box: At the payment drop box found in front of the Service Building on the Allendale Campus via check only.
- Telephone: Over the phone at (616) 331-2209 via credit card.
- In Person Cashier’s Windows: Over the counter at a Cashier’s Window on the Allendale Campus or Robert C. Pew Grand Rapids Campus via check or credit card.
- Mail: Through postal mail via check only.

3.1.2. Returned Checks: A fee will be imposed for any returned checks.

3.1.3. Cash Payments: Cash payments are no longer accepted.

3.1.4. Transfer of Fines:

- Faculty/Staff and Student Fines: After ten days, fines will be transferred to the respective GVUSI account.
3.1.4.2. Non-GVSU Fines: Non-GVSU fines will be referred to collections after forty days.

3.1.4.3. Outstanding Fines: Outstanding fines may be sent to the appropriate District Court for collection.

3.1.5. Excessive Parking Violations: The accumulation of six or more unpaid parking violations issued to a single vehicle may be deemed excessive. Any vehicle accumulating excessive parking violations may be considered a nuisance, and the vehicle is subject to impoundment or immobilization by Police, and/or District Court action.

3.2. Appeals

3.2.1. Appeal Options: Appeals must be submitted within seven business days of the parking violation issue date.

3.2.1.1. Online: On the Parking Services website.
3.2.1.2. In Person: In person appeals may be granted at the discretion of the judiciary.
3.2.1.3. Handwritten: Appeals may be handwritten and filed in person at a Parking Services office by visitors and vendors of the University only, or by students and Faculty/Staff under extenuating circumstances.
3.2.1.4. By Phone: Appeals submitted by phone will not be accepted.

3.2.2. Parking Judiciary Decision: The decision of the Parking Judiciary is the final step within the University Parking Judiciary system.

3.3. Penalties

3.3.1. Parking Violations: All parking violations as specified in the Parking Ordinance constitute civil infractions. Any person who is found to have committed a civil infraction under this ordinance may be ordered to pay a civil fine and costs. The schedule of fines for parking violations approved by the University president and published on the Parking Services website. Violations of the Michigan Vehicle Code shall be under the jurisdiction of the 58th and/or 61st District Court.

3.3.2. Misappropriated Permit Use: Unauthorized or improper use of any permit may result in criminal charges and/or University sanctions. Potential violations will be immediately reported to the Police. Fraudulently obtaining goods or services is a crime punishable by up to one year in jail and a fine up to $2,000.

3.3.3. Revocation of Parking Privileges: GVSU reserves the right to restrict the parking of any vehicle by any individual at any time on property owned or controlled by the University.

3.3.4. Impoundment and Immobilization: Vehicles parked on property owned or controlled by the University in violation of these regulations or any local, state, or federal ordinances, laws or statutes may be subject to impoundment or immobilization by the Police at the vehicle owner's expense. Impounded vehicles will be towed. The cost of impoundment will constitute a lien against the vehicle, with the owner being liable for costs of towing and storage or release from immobilization devices.

3.3.5. Violations Subject to Impoundment: GVSU Police are responsible for impoundment of vehicles. Violations subjecting a vehicle to immediate impoundment on property owned or controlled by the University include:
   1. Interfering with or impeding:
      a. The flow of vehicular or pedestrian traffic
      b. The use of facilities, buildings, loading docks, or dumpsters
   2. Parking on any surface or in any area not designated for the legal operation or parking of a vehicle
   3. Parking in or blocking the use of an ADA reserved space or access aisle without displayed authorization
   4. Vehicles parked in violation of any section of the Parking Ordinance

3.3.6. Parking Violations – Contact Not Required: If a parking infraction is observed by Parking Services staff and immediate contact is not possible or may jeopardize the safety of staff, a parking violation may be issued to the registered owner of the vehicle without contact at the time of the violation.

3.3.7. Owner Responsibility: Parking violations and fines will be issued to the holder of the University parking permit displayed on the vehicle or to the registered owner of a non-permitted vehicle.

USE OF SECURITY CAMERAS

SLT 6.29
Date of Last Update: May 15, 2019
Approved By: +Senior Leadership Team

Responsible Office: Public Safety

POLICY STATEMENT

Grand Valley State University seeks to promote campus safety and to provide its community with a secure environment. Security video camera systems are a critical component to a comprehensive emergency and security plan. A security camera is defined as video technology that records a specific area in order to detect, deter, prevent, or investigate crime or other threats to public safety. The University takes seriously its responsibility to protect personal privacy when it operates security camera systems. No security camera will be installed on University owned or controlled property in any location for which there is a reasonable expectation of privacy. These areas include but are not limited to restrooms, locker rooms and occupied student residential rooms. This policy applies to stationary security cameras and not to portable or temporary camera applications. This policy serves to regulate the installation and appropriate uses of security cameras, including the retention, viewing, release and destruction of recorded images, data or records produced by security camera use.

The existence of this policy does not imply or guarantee that security video cameras will be monitored in real time, continuously or otherwise, nor that any particular department is going to observe and respond to a crime in progress.

Video recordings with information about a specific student are considered law enforcement records unless the University uses the recording for disciplinary purposes or makes the recording part of the educational record. The Department of Public Safety, working in conjunction with the Information Technology Department has the authority to select, coordinate, operate, manage, and monitor all security camera systems pursuant to this policy.

PROCEDURES

Individual colleges, departments, programs, or organizations wishing to install security camera equipment on any of the University campuses are required to collaborate with Facilities Planning, Department of Public Safety and Information Technology prior to any installation. All equipment and installation must be approved and coordinated through the Department of Public Safety in order to meet the minimum technical specifications identified by the Department of Public Safety and Facilities Planning along with Information Technology for technical standards. All costs for purchase, installation, and maintenance of security cameras will be the responsibility of the appropriate project budget or the department/unit making the request.

Security Camera System Operator

Security Camera System Operators are trained staff members who have access and been assigned responsibility by the Department of Public Safety. Prior to being permitted access to any security cameras, these individuals will be trained by the Department of Public Safety in the technical, legal, and ethical parameters of appropriate camera use. The Department of Public Safety will maintain an up-to-date list of authorized Security Camera System Operators having access to the system and any live or recorded images. Access to viewing, copying, duplicating and/or retransmission of live, recorded video or still images will be limited to Security Camera System Operators.

Security Camera System Operators are responsible to appropriately protect the privacy of personal information that may have been captured by cameras under their control.

Recordings

Images recorded by security camera systems are considered sensitive information that are to be protected from unauthorized access for modifications, duplications or destruction. The stored images generated by University security cameras are to be kept in a central location and secured in a network location established by the Information Technology department.
PROCEDURES

Following the crisis, the crisis communication coordinators will gather all appropriate individuals for debriefing and review. Appropriate action will be determined.

Executive Summary

The purpose of this communication plan is to set guidelines to be followed for sharing information with executive officers, faculty, staff and students, as well as the general public. This includes both emergency and non-emergency communications. The plan is coordinated with the Comprehensive Emergency Management Plan (CEMP) administered by the Emergency Management team.

POLICY STATEMENT

The audience for this plan includes all students, faculty, staff, alumni, parents, trustees, the Grand Valley Foundation, and the general public.

POLICY

The University has adopted this policy in furtherance of the University’s mission, for the protection of individuals and the University and to mitigate improper interferences with University activities.

This policy applies to all buildings, grounds, and other spaces owned or controlled by the University.

1. Unlawful Individual Activities. No person shall engage in any activity, individually or in concert with others, which causes or constitutes a disruption of University operations or activities, including obstruction of teaching, research, administration, or other activities, either outdoors or inside a classroom, office, or other place on which University operations or activities are conducted or held (hereafter “Campus”), nor shall any person in any way intimidate, harass, threaten, or assault any person engaged in lawful activities on the campus. This includes, but is not limited to, violations of the Disorderly Conduct Policy, Public Safety, and the University Communications Policy.

2. Conduct at Performances. No person shall disrupt or interfere with any authorized performance before an audience on the Campus, including concerts, plays, lectures, scientific demonstrations, athletic contests, and similar activities, by making of noise, blocking the view of others at the performance with signs or other items, engaging in disruptive behavior, throwing or dropping projectiles, entering upon the stage, playing field, or other performance area, or by any other means.

3. Public Events. No person shall enter or attempt to enter into any concert, theatrical performance, lecture, dance, athletic contest or other event contrary to the rules or qualification for eligibility for entry as established by the sponsors, or without a ticket, where required.

4. Loitering. No person shall loiter in an area of Campus that is not open to the public without prior authorization, or meddle with, tamper with, interfere with, move, damage or disconnect any property not their own.

If anyone believes someone’s behavior violates this policy, they should contact the Department of Public Safety immediately.

VIOLATION OF LOCAL, STATE OR FEDERAL LAW

POLICY STATEMENT

No person on University owned or controlled property shall engage in any conduct that is or could be chargeable under any provision of local, state, or federal law.

CRISIS COMMUNICATION PLAN

POLICY STATEMENT

The purpose of this communication plan is to set guidelines to be followed for sharing information with executive officers, faculty, staff and students, as well as the general public. This includes both emergency and non-emergency communications. The plan is coordinated with the Comprehensive Emergency Management Plan (CEMP) administered by the Emergency Management team.

Executive Summary

• The Vice President for University Relations shall serve as the crisis communication director along with another member of the Senior Leadership Team. In a physical emergency, that second executive officer will be the Vice President of Finance and Administration. In a public relations issue, the second executive officer will be determined by the issue.

• The Associate Vice President for University Communications, Chief of Police, Associate Vice President for Facilities, and Dean of Students shall be the crisis communication coordinators.

• Whenever a situation affecting the campus reaches proportions that cannot be handled by routine measures, the crisis communication coordinators shall notify the Vice President for University Relations.

• The crisis communication director communicates with the other executive officers and Board of Trustees.

• Each university administrator, upon being notified, is to provide applicable information to those persons under his/her direction as per the crisis notification system.

• Main and field crisis communication posts shall be established as required by the situation and shall be equipped with communications systems required to utilize resources.

Following the crisis, the crisis communication coordinators will gather all appropriate individuals for debriefing and review. Appropriate action will be determined.
TYPES OF COMMUNICATION

Emergency Notification:

An emergency is defined as a serious, unexpected, and often dangerous situation requiring immediate action. A university emergency is generally defined as any incident or event causing or potentially causing serious injury to persons, extensive property damage, loss of life, or disruption of university operations.

NOTE: The Comprehensive Emergency Management Plan can be found at http://gvsu.edu/s/0pC.

If an Emergency Notification should be sent, GVPD will write the initial notification message and send it using Grand Valley’s emergency notification system (RAVE). The crisis communication director, and the crisis communication coordinators will determine who else needs to be notified and the appropriate action and follow-up messages as it relates to each campus.

The Vice President for University Relations and the Associate Vice President for University Communications, or their designees, will write any subsequent message(s). A designated representative from University Communications will be responsible for distributing the alert using RAVE. University Communications will post messages on the university home page. GVNext and/or use the university’s social media outlets.

If a Timely Warning should be considered, GVPD will notify the crisis communication director and/or crisis communication coordinator(s). A Timely Warning is required if GVPD receives a report that a Clery crime has been committed on GVSU Clery geography or considers there to be a serious or continuing threat to students and employees. The content of a Timely Warning needs to include information that would promote safety and aid in the prevention of similar crimes and information about the crime that triggered the Timely Warning. The Vice President for University Relations and the Associate Vice President for University Communications, or their designees, will write the message(s). A designated representative from University Communications will be responsible for distributing the alert using RAVE. University Communications may post messages on the university home page, GVNext and the university’s social media outlets.

SAFETY NOTICE FOR OFF-CAMPUS INCIDENTS

Grand Valley may elect to issue a safety notice to members of the University when it is determined that there is a reoccurring series of criminal activity, a disruption to operations, or when the Department of Public Safety determines that there may be a serious continuing or ongoing threat to the health or safety of off-campus students. When deemed necessary, the Department of Public Safety will notify the Vice President for University Relations or Associate Vice President for University Communications for dissemination.

PUBLIC WEATHER INFORMATION

If the weather poses an immediate threat to the campus community the Comprehensive Emergency Management Plan (CEMP) will be followed and communications made accordingly.

REPORTING TO UNIVERSITY COMMUNICATIONS POTENTIAL REPUTATIONAL INCIDENTS OR CRISIS

Whenever an event or issue appears to have potential for becoming a controversial news story the Grand Valley staff or faculty member aware of the circumstance should immediately notify the unit head who has responsibility in the situation.

The unit head should immediately communicate all available information to the appropriate appointing officer/dean and/or executive officer, and the Associate Vice President for University Communications. University Communications should be notified regardless of the availability of the appointing officer/dean and/or executive officer.

DEFINITIONS
Crisis Communication Director:
The Vice President for University Relations or designee will be responsible for supervising communications being released during and surrounding a crisis.

Crisis Communication Coordinators:
The Associate Vice President for University Communications, Chief of Police, Associate Vice President for Facilities, and the Dean of Students shall be the crisis communication coordinators. It is the responsibility of these individuals to communicate with one another about the nature of the incident and then share the information with the appropriate personnel.

IDENTITY STANDARDS POLICY

Senior Leadership Team

Responsible Office:
Institutional Marketing

POLICY STATEMENT

To convey clear messages about Grand Valley, it’s important that University messaging is consistent in look and tone. In addition, Grand Valley’s logos are trademarked so it’s very important that they are used correctly. Institutional Marketing has created a standards guide to assist with consistency.

PROCEDURES

The address for the website containing the standards guide and other helpful information is www.gvsu.edu/identity. From this site, you can find logo dos and don’ts, download logos, determine word usage, read about GVSU’s marketing messages, and get help with publication, website, and advertising guidelines. MOTION PICTURE/VIDEO/FILM/DIGITAL IMAGING PRODUCTION ON THE CAMPUS

SLT 7.3

Date of Last Update:
January 04, 2013

Approved By:
Senior Leadership Team

Responsible Office:
University Communications

POLICY STATEMENT

GVSU understands the importance of the film industry to the local economy and the benefit it can provide to our students interested in a career in film and film production. However, film production on campus is permitted only if it does not interfere with normal University business and/or previously scheduled events. A Location Permit is required to film on campus. The Location Permit can be approved only when all of the appropriate procedures and requirements have been met. Use of any location can only be approved with the consent of the impacted University units or buildings and consideration of the impact on surrounding areas and activities. Scheduled University events, regardless of size, take precedence over film shoots in determining location availability.

PROCEDURES

Requests for Permits

Requests for a Location Permit must complete the appropriate application. This application and complete script (if applicable) shall be submitted to University Communications. Upon receipt, the completed application and script will be forwarded to a core committee that will include a representation of affected units or buildings for review and project approval.

Fees & Costs
LOCATION FEES AND OPERATIONAL COSTS WILL BE CHARGED AND ARE BASED ON A NUMBER OF VARIABLES. THE LENGTH OF THE SHOOT, LOCATIONS INVOLVED, AND TYPES OF GVSU SERVICES NEEDED ARE ALL CONSIDERED IN DETERMINING THE TOTAL OPERATIONAL COSTS. IN CERTAIN LIMITED Instances FEES AND COSTS MAY BE WAIVED FOR USES SUCH AS PUBLIC SERVICE ANNOUNCEMENTS. OTHER FORMS OF MEDIA MAY BE SUBJECT TO THIS FEE AND WILL BE HANDLED ON A CASE-BY-CASE BASIS.

ALTERATIONS TO PREMISES

Production companies may not make any alterations to the University Premises (either temporary or permanent), including trimming, cutting or removing natural features such as trees and shrubs, without the express written approval of the University. Production companies will leave the University Premises and all property of any kind located therein in as good order and condition as they were immediately prior to production. Production companies will be responsible for paying for any expenses to restore the University’s Premises to its original condition.

CODE OF CONDUCT

While filming on our campus production companies and their employees are guests of the University and should treat this location and campus community with respect and courtesy. The production company, cast, crew and all others associated with the project are expected to comply fully with University Policies. They will be expected to adhere to the Filmaker’s Code of Professional Responsibility, which is Attachment A to the Guidelines and Procedures for this policy.

UNIVERSITY IDENTIFICATION AND APPROPRIATE USE OF CAMPUS IMAGES

No identification of GVSU as a location is permitted, except in rare instances and only when the specific use is submitted for prior approval by University Communications. The request will only be approved when it is deemed to be in the University’s best interests.

Identification includes but is not limited to trademarks, icons, recognizable University landmarks, and the use of merchandise containing trademarked images/logos (i.e. flags, apparel, posters, miscellaneous items containing logo, etc.). Identification also includes verbal references on film.

FILMING AND ATHLETICS

Under no circumstances is the production company to film or use any information images/names/biographical information pertaining to any current university intercollegiate athlete for any purpose. Appearing in a commercial production that identifies them as university intercollegiate athletes will jeopardize their NCAA eligibility.

CANCELLATION

If written notice of cancellation for an approved location permit is received before the production begins, then the production is liable for any actual costs incurred by the University as of the receipt of the cancellation notice. University shall have the right of cancellation if the Agreement holder is deemed insolvent or, in the University’s sole opinion, shall fail to perform any material term in the Agreement after having received written notice from the University to do so.

EXCEPTIONS TO POLICY

Student projects are subject to School of Communication requirements and procedures and do not require a permit. Incidental filming that includes uses such as: filming for non-commercial or internal use, class projects, or personal use. This filming requires no special services and does not in any way disrupt the normal functioning of the University. This filming cannot be used for commercial purposes after the fact without written permission from Grand Valley State University.

• Senior Leadership Team

Responsible Office:
Institutional Marketing

POLICY STATEMENT

Institutional Marketing manages, designs, and produces a full range of publications and visual materials, including recruitment materials, course catalog, programs, brochures, posters, postcards, banners, and invitations. Advertising is also designed and produced in the Office of Institutional Marketing for the purposes of university image/awareness and recruitment. If not produced by Institutional Marketing, all publications and ads should be approved by Institutional Marketing before publication. Logo, design, and copy standards can be found at http://www.gvsu.edu/identity.

PROCEDURES

Because of the high demand for print pieces, the following priorities have been set for pieces to be produced by Institutional Marketing:

1. The Office of the President
2. Publications used by academic services in student recruiting
3. Materials used off campus for development purposes
4. Major publications of the university dealing with the general public or special external audiences
5. Advertising production support for development and student recruiting
6. Other university publications

Requests for forms, applications, etc. are not handled by Institutional Marketing and should be ordered through Procurement Services.

All publications and advertising should be sent to Institutional Marketing for review before they are printed or posted. Please contact 331-2525 for more information.

POLICY STATEMENT

All GVSU units are required to maintain their webpages on the university’s domain www.gvsu.edu and use the university’s content management system unless authorized by Institutional Marketing. All GVSU organizations, whether on the gvsu.edu domain or authorized to maintain their own servers and publish pages under domains other than www.gvsu.edu are equally responsible for adhering to GVSU Web standards.

The purpose of website design standards is to:

• Reinforce GVSU’s identity
• Meet the needs of the constituencies Grand Valley serves
• Provide continuity in website appearance
• Protect and regulate the use of proprietary GVSU names, logo marks, word marks, and graphic devices
• Keep content current
• Faithfully represent GVSU to the public

ALUMNI HOUSE POLICY FOR FACULTY/STAFF

SLT 8.1

Date of Last Update:
January 03, 2013

Approved By:
Senior Leadership Team

Responsible Office:
Alumni Relations

POLICY

The Alumni House is available for use by departments of the University. However, the reservation must be made by a faculty or staff member. Faculty and staff members that wish to use the Alumni House for a personal event may do so; all room rentals and additional charges will apply.

POLICY STATEMENT

General

The applicant undertakes to observe all rules and directions, which are imposed by GVSU and the Alumni Relations Office generally, or specifically, in respect to the space which is being used.

The room rental fee will be waived for University-sponsored events providing all additional charges (i.e. catering, equipment, a/v, etc.) are paid by a University account number.

Inform the Event Coordinator if there will be any distinguished or special guests attending the event.

Reservations

Reservations for University events must be made by a University employee. All reservations are to be arranged with the Event Coordinator at (616) 331-3590.

When the Event Coordinator approves the reservation request, he/she will send the primary contact a confirmation of the event with all event details submitted in the reservation form. Reservations will be made according to the event time specified on the request form. The Event Coordinator will add to your reservation two hours before event start and one hour after event end time for any necessary setup and/or cleanup you may require; contact the Event Coordinator if you require more time.

Food and Beverage

For events that involve the service of prepared food and drink, you must use the University’s catering service (Classic Fare Catering).

If you will use the University catering service for your event, please arrange your menu selections with the Event Coordinator by the deadlines described on the event confirmation.

For events that involve the service of alcohol, you must agree to abide by all Michigan Liquor Control Commission rules and regulations involved in the service of alcohol in addition to those established by the University. Final alcohol selections must be given to the Event Coordinator at least two weeks prior to the event to ensure the availability of requested menu items. No changes/additions will be accepted after the deadline.

A final guest count must be given to the Event Coordinator at least three (3) business days prior to the event. If a final guest count is not received three business days prior to the event, the food service provider will consider the last communicated guest count to be the final guest count. The final bill will be based on the final guest count given or actual number served, whichever is higher.

Please contact the Event Coordinator at (616) 331-3590 for information on hosting a non-University sponsored event.

Minimum charges may be applicable for food and bar service.

Outside food and drink are not allowed in the Alumni House.

Food and drink from the Alumni House, partial or whole, are not to leave the premises by state law.

No event may exceed 12:00 midnight, and alcohol service will be discontinued at 11:30 pm.

Set-up and Special Requests

The Perry Dining Room has a standard furniture set-up; additional furnishings or the rearrangement of existing furnishing may result in additional expenses. Set-up requests must be made in advance with the Event Coordinator and must be finalized five (5) business days before the event date. Changes to the set-up after this deadline may incur an additional charge.

Contact the Event Coordinator to order additional equipment, audiovisual equipment, and any other special requests at least five (5) business days before the event.

Cancellation

The Event Coordinator encourages a five (5) business day notice for event cancellations. Special cases will be handled on a case-by-case basis.

You may cancel your event up to three (3) business days prior to the scheduled time of the event at no charge. Events cancelled with less than three (3) business days’ notice will be billed for costs incurred, up to 100% of the total bill.

Late charges will occur when catered events are planned less than three (3) business days in advance. These charges will be 10% of the total cost of the event with a minimum of $10.00.

Release of Alumni Contact Information

We do not release contact information to the general public from our alumni database. At this time, individuals searching for alumni do so by filling out a form online that is forwarded to University alum via postal mail.

ENDOWMENT MATCH POLICY

Approved By:
Senior Leadership Team

Responsible Office:
University Development

POLICY STATEMENT

To provide additional incentive for employees to support endowments the University provides a match equal to the amount of the employee’s gift up to $25,000. Gifts are defined as outright gifts, payments and sustaining payments. Gifts are matched the same year upon actual receipt of cash or similar monetary instruments.

PROCEDURES

The following criteria are to be followed:
GIFT ACCEPTANCE AND DISPOSITION POLICY

SLT 8.4

Date of Last Update: July 31, 2008

Approved By: Senior Leadership Team

Responsible Office: University Development

POLICY STATEMENT

This policy is established to govern the acceptance and disposition of all gifts made to Grand Valley State University, whether such gifts are inter vivos (lifetime) or from estates, other than gifts of: (1) cash or (2) publicly traded equities traded on national exchanges. The Vice President for Development in advance of acceptance must approve all such gifts, which fall under this policy.

Gifts subject to this policy will be considered in four categories:

1. Tangible personal property
2. Real property
3. Life insurance
4. Other assets

The latter category includes, but is not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities. The criteria for acceptance, the approval/acceptance process, and the disposition policy (where relevant) for each category are set forth below.

PROCEDURES

1. Tangible personal property

   A. Criteria for acceptance
      Gifts of tangible personal property, including but not limited to works of art, manuscripts, literary works, boats, motor vehicles, and computer hardware, may be accepted only after thorough review indicates that the property is (1) readily marketable or (2) needed by the University for use in a manner that is related to one of the purposes for which tax-exempt status of the University was granted; that is, for education, research, or a combination of both.

   B. Approval/acceptance process
      A Development Officer or other appropriate gift officer will prepare a written summary of the gift proposal and submit that summary to the Assistant Vice President for Development Services. At a minimum,
the summary shall include the following information:

- Description of the asset
- The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
- An estimate or appraisal of the gift's fair market value and marketability
- Any special arrangements requested by the department to benefit from the asset
- Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, etc.)

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information). The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of tangible personal property, the Development Officer will acknowledge receipt of the gift on behalf of the University. The University will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and provide, at the donor’s expense, a qualified appraisal required by the IRS in the case of gifts of tangible personal property valued in excess of $1,500.

The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance acceptable to the University, and the delivery of the property, as applicable. The donor will pay all costs associated with the conveyance of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of tangible personal property valued at more than $500. The donor should send this form to the Gift Assistant for execution.

C. Disposition

Upon approval of a proposed gift of tangible personal property by the Vice President for Development, he/she will assign a University officer the responsibility for disposing of the gift, unless the gift is intended for a specific University purpose, in which case no immediate disposition is necessary. Any guidelines on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the university officer responsible for dispositioning of the gift.

Upon approval of a proposed gift, the Vice President for Business and Finance or his/her designee will identify a Fund and Organization Code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, a development code will be used as a holding account.

Until the property is sold or otherwise disposed of, the university officer responsible for disposing of the gift will prepare quarterly status reports and distribute them to the Vice President for Development and to the designee representing the department to benefit from the gift.

The Vice President for Development must be consulted before a gift of tangible personal property may be sold for less than appraised value, estimated fair market value, or guidelines imposed by University Development in approving the gift, as the case may be. If in the judgment of the person responsible for disposing of the gift, a current appraisal of the property would assist in disposing of the property, the person responsible for disposing of the gift may request permission to have the appraisal performed.

Upon sale of the property, the office responsible for disposing of the gift will prepare a final report on the property, including a financial summary of net proceeds to the extent known, and distribute it to the Vice President for Development, the Vice President does Business and Finance or his/her designee, and the designated representative of the department to benefit from the gift.

2. Real Property

The University will consider gifts of real property, both improved and unimproved (e.g., detached single-family residences, condominiums, apartment buildings, rental property, commercial property, farms, acreage, etc.), including gifts subject to a retained life estate, only after a thorough review of the criteria for acceptance set forth below under the direction and supervision of the Vice President for Business and Finance or his/her designee. All gifts of real property shall be subject to terms and conditions as set forth in the Grand Valley State University Policy for Accepting Gifts of Real Estate.

A. Criteria for Acceptance

1. Market Value and Marketability: The Vice President for Business and Finance or his/her designee must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers must understand and communicate to donors that it is the University’s policy to dispose of all gifts of real estate (other than property which the University wishes to retain) as expeditiously as possible. Thus, regardless of the value placed on the property by the donor’s appraisal, the University will attempt to sell at a reasonable price in light of current market conditions, and the donor needs to be informed that any such sale occurring within two years of the date of gift will be reported to the IRS on Form 8283.

2. Potential Environmental Risks: All proposed gifts of real property, including gifts from estates, must be accompanied by a Phase I environmental audit performed at the donor’s expense. The only exception applies and no environmental audit is undertaken, the donor/executor must have an outside party complete an Environmental Checklist prepared by the Vice President for Business and Finance or his/her designee and may be required to execute an environmental indemnity agreement. Even in cases where a Phase I audit is submitted, the Vice President for Business and Finance or his/her designee may require that the gift sign an environmental indemnity agreement.

3. Limitations and Encumbrance: The existence of any and all mortgages, deeds of trust, restrictions, easements, mechanic liens and other limitations of record must be disclosed. No gift of an interest in real estate will be accepted until all mortgages, deeds of trust, liens and other encumbrances have been discharged, except in very unusual cases where the fair market value of the property’s interest in the property the University would receive if the proposed gift is approved. Development Officers must understand and communicate to donors that it is the University’s policy to dispose of all gifts of real estate (other than property which the University wishes to retain) as expeditiously as possible. Thus, regardless of the value placed on the property by the donor’s appraisal, the University will attempt to sell at a reasonable price in light of current market conditions, and the donor needs to be informed that any such sale occurring within two years of the date of gift will be reported to the IRS on Form 8283.

B. Approval/Acceptance Process

The Development Office, with the assistance of the Vice President for Business and Finance or his/her designee, will prepare a written summary of the gift proposal and submit that summary to the Vice President for Development. At a minimum, the summary shall include the following information:

- Description of the property
- The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
- An appraisal of the properties and, if different, the University’s interest in the property's fair market value and marketability
- The result of a title search
- Any potential for income and expenses, encumbrances, and carry costs prior to disposition
- Any environmental risks or problems revealed by audit or survey
- Any potential University use
- Any special arrangements requested by the donor concerning disposition (e.g., price consideration, time durations prior to disposition, potential buyers, realtors or brokers with whom the donor would like the University to list the property, etc.)

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information). The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of real property, the Development Officer will acknowledge receipt of the gift on behalf of the University upon notice by the Vice President for Business and Finance or his/her designee that the property has been properly recorded in the local Registry of Deeds. The University will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and to provide, at the donor’s expense, a qualified appraisal required by the IRS.

The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance. The costs associated with the conveyance and delivery of the gift, including but not limited to recording fees and, if deemed necessary by the Vice President for Business and Finance or his/her designee, a current survey, title insurance and/or attorney’s title opinion, will be either paid by the donor or charged to the fund code of the department(s), program(s), or endowment(s) to benefit from the donation. In addition, the IRS for gifts of real property requires the filing of Form 8283 by the donor. The donor should send this form to the Vice President for Business and Finance or his/her designee for execution.

C. Disposition

It is the responsibility of the Vice President for Business and Finance or his/her designee to dispose of all gifts of real property. Any guidelines the Vice President for Business and Finance or his/her designee wishes to impose on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the Vice President for Development. If the Vice President for Business and Finance or his/her designee determines that it is in the best interests of the University to retain for its own use a gift of real property, it will be recommended to the appropriate officers of the University and to the Board of Trustees that the University purchase the property and that, in all other cases they authorize liquidation of such funds for the benefit of the
designated gift purpose.

Upon acceptance of a gift, the Vice President for Business and Finance or his/her designee will designate a code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the code will be used as a holding account. Until the property is sold or otherwise disposed of, the Vice President for Business and Finance or his/her designee will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

Upon sale of the property, the Vice President for Business and Finance or his/her designee will prepare a final report on the property, including a financial summary of net proceeds, and distribute it to the Vice President for Development and the designated representative of the department to benefit from the gift. The Vice President for Business and Finance or his/her designee of responsible for filing Form 8283 for gifts of real property sold by the University within two years of the date of gift.

The Vice President for Business and Finance or his/her designee of responsible for filing Form 8283 for gifts of real property sold by the University within two years of the date of gift.

3. Life Insurance

A. Criteria for Acceptance

With approval of the Vice President for Development, the University will accept gifts of life insurance policies that meet the following two criteria:

The policy is a life insurance policy which is either paid-up or, if not paid-up as of the date of gift:

• Has a minimum face value of $10,000
• Has a payment schedule not to exceed ten years and which assumes an interest rate not to exceed two percent below prime interest rate as of the effective date of the policy
• Requires charitable contributions from the donor to the University in the amount of any premiums, including unscheduled premiums, which may become due.

Grand Valley State University is designated as the owner and beneficiary of the policy. If intended for endowment purposes, the face value of the policy meets the minimum funding standards for endowments established by the Board of Trustees.

B. Approval/Acceptance Process

The Development Officer will prepare a written summary of any proposed gift of a life insurance policy, which fails to meet all of the criteria specified in the section above and submit that summary through the University’s Director of Planned & Endowed Giving or his/her designee. At a minimum, the summary shall include the following information:

• Description of the type of life insurance policy, face value, premium payment schedule, interest rate, age of insured(s), and other relevant policy information

The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of a life insurance policy, the assigned Development Officer will acknowledge receipt of the gift on behalf of the University.

The gift will be completed upon the execution and delivery of the life insurance policy to the University or an assignment of the policy in the event that the University is not the original owner of the policy.

C. Administration

The Office of University Development shall administer all gifts of life insurance policies and shall maintain records of all donor policies, contribution schedules, donor designations of death benefits, and the like. The University’s Director of Planned & Endowed Giving or his/her designee shall be responsible for pledge reminders and monitoring payments of premiums.

The Vice President for Business and Finance or his/her designee shall be responsible for confirming the existence and cash value of all cash values of policies in force at least annually and for collecting and distributing death benefits. Upon receipt of death benefits, the Vice President for Business and Finance or his/her designee shall provide notice to the department(s), program(s), or endowment(s) to benefit from the gift.

4. Other Assets

Other assets include but are not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities.

A. Criteria for Acceptance

The University will consider gifts of other assets, including but not limited to promissory notes, assignment of promissory notes, partnership interests and restricted or non-publicly traded securities, only after a thorough review of the criteria set forth below.

i. Market Value and Marketability: The University must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the property were sold. The appraisal must be from a qualified, independent appraiser, with the appraiser being approved by the Vice President for Business and Finance or his/her designee.

ii. Potential Environmental Risks: All proposed gifts in which the University would acquire an interest in real property must be accompanied by a Phase I environmental audit performed at the donor’s expense. The only permitted exception to this requirement is for residential property, which has been used solely for residential purposes for a significant (at least twenty-year) period of time. In cases where this exception applies and no environmental audit is undertaken, the donor must have an agent complete an Environmental Checklist prepared by the Vice President for Business and Finance or his/her designee and may be required to execute and environmental indemnity agreement.

iii. Limitations and Encumbrances: The existence of any and all mortgages, deeds of trust, restrictions, easements, mechanic liens and other limitations of record must be disclosed. No gift of an interest in real estate will be accepted until all mortgages, deeds of trust, liens and other encumbrances have been discharged, except in very unusual cases where the fair market value of the property is only marginally less than the amount of all encumbrances which might be charged to the University had been executed by a financially responsible party.

iv. Carrying Costs: The existence and amount of any carrying costs, including but not limited to property owner’s association dues, county club membership dues and transfer taxes, charges, taxes and insurance, must be disclosed.

v. Title Information: A copy of any title information in the possession of the donor, such as the most recent survey of the property, a title insurance policy, and/or an attorney’s title opinion, must be furnished.

B. Approval/Acceptance Process

The Development Officer will prepare a written summary of the gift proposal and submit that summary to the Vice President for Development and the Vice President for Business and Finance. At a minimum, the summary shall include the following information:

• Description of the asset

The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift

• An estimate or appraisal of the asset’s fair market value and marketability

• Potential for income and expenses, encumbrances, and carry costs prior to disposition

• Any environmental risks or problems revealed by audit or survey

• Credit history or financial statement of financially responsible party, if applicable

• Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, realtors or brokers with whom the donor would like the University to list the property, etc.)

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of an interest in real estate in an asset category, the assigned Development Officer will acknowledge receipt of the gift on behalf of the University. The university will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and to provide, at the donor’s expense, a qualified appraisal required by the IRS if the case of assets valued in excess of $1,500. The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance, and the delivery of the property, as applicable. The cost associated with the conveyance will be paid by the donor upon delivery of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of assets valued at more than $1,500. The donor should send this form to the Office of University Development for execution.

C. Disposition

It is the responsibility of the Vice President for Business and Finance or his/her designee to dispose of all gifts of assets in this Category 4. If the asset involves an interest in real estate, it is generally expected that the Vice President for Business and Finance or his/her designee will assist in disposing of the asset. If the asset is a security, it is generally expected that the Vice President for Business and Finance or his/her designee will follow policies for disposing the asset. Any guidelines the Vice President of Business and Finance or his/her designee wish to impose on disposition, including minimum sales
price and approval or rejection of any special arrangements with the donor, will be put in writing to the Vice President for Development at this time.

Upon acceptance of a gift, the Vice President for Business and Finance or his/her designee will designate a code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the Vice President for Business and Finance or his/her designee will determine how the gift will be disposed.

Until the property is sold or otherwise disposed of, the Vice President for Business and Finance or his/her designee will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

Upon sale of the property, the Vice President for Business and Finance or his/her designee will prepare a final report on the property, including a financial summary of net proceeds, and distribute it to the Vice President for Development and the designated representative of the department to benefit from the gift.

The Vice President for Business and Finance or his/her designee is responsible for filing Form 8283 for assets valued at more than $5,000 sold by the university within two years of the date of gift.

5. Acceptance and Disposition of Deferred Gifts

A. Deferred Giving

Development Services is asked to record various types of deferred gifts; the office is often asked to provide a description of the nature of such a gift, or explain how various types of deferred gifts should be recorded by us and/or handled for tax purposes. Ultimately, the Gift Assistant should refer related inquiries to the university’s Director of Major & Deferred Gifts. This does not, however, remove the need for the Gift Assistant to be familiar with this type of gift. For this reason, below are the general explanations of certain types of deferred gifts with commonly accepted rules. Information concerning specific treatment of these gifts at Grand Valley State University should be procured from the Office of University Development.

B. Bequests

The most common and simplest form of deferred giving: a bequest is a gift of property that is made through a donor’s will.

Benefits to Donors: Donors do not have to part with any money until they die, and do not owe any estate tax on the amount of the bequest.

6. Charitable Remainder Trusts

Two basic types of charitable remainder trusts qualify for federal tax benefits. In both arrangements, a donor gives stock, cash, or other assets to a trust. Those assets are invested; producing income for the beneficiary of the trust. The donor is entitled to a charitable deduction for the value of the assets at the time of the gift.

A. Unitrusts

Under a basic unitrust, the donor receives one or more yearly payments equaling a fixed percentage of the value of the asset. The value is assessed each year. Under a net-income unitrust, the donor receives only the income earned by the trust, even if the trust earns less than the payout rate. However, the trust can be set up to include a “make-up provision,” which allows donors to make up the lost income, provided the trust earns more than the payout rate in future years.

B. Annuity Trusts

The donor receives a yearly fixed payment equaling at least five percent of the value of the asset at the time the deferred-giving agreement was signed. Donors who give real estate commonly use charitable remainder trusts. Real estate is not usually given through gift annuities and cannot be given to pooled-income funds.

Benefits to Donors: Donors can get income-tax deductions and escape capital-gains taxes by making such gifts. Many donors find the trusts an appealing way to prepare for retirement. The assets can be invested to earn a lower rate of return when the donor is younger and then shifted to earn a higher rate of return, and thus provide more income during a donor’s later years.

C. Gift Annuities

Donors contribute cash, securities, or other assets to a charity. In exchange, they receive annual payments for a fixed amount of time. With a deferred gift annuity, the annual payments do not start when the gift is made; they begin at a time specified by the donor when the gift is made.

Benefits to Donors: Gift annuities are attractive to donors who want to receive income from assets that have risen sharply in value, such as cash or stocks. In return for gifts of such assets, the charity guarantees the donors a fixed annual income for the rest of their lives and helps the donor avoid capital-gains tax. The donor also gets an income-tax break on a portion of the earnings from an annuity; the exact amount depends on the donor’s age.

D. Pooled-income Funds

The donor gives cash, securities, or other assets to a non-profit organization, which then invests those assets in a large, diversified portfolio. The donor receives income from the fund proportionate to the value of his or her contribution, as well as an income-tax deduction based on the estimated principal that will be left to charity. Obtaining a “unit” in a pooled-income fund is similar to buying a share of a mutual fund.

Benefits to Donors: Life gift annuities, pooled-income funds appeal to donors who want to earn income on stock and other assets and escape capital-gains taxes. Unlike annuities, a donor’s income from a pooled-income fund is tied to fluctuating interest rates. That means that in the long run, donors may receive larger earnings than they do from annuities, but they can also do less well in the short term. As a result, the funds tend to appeal to younger people who are more often willing to take risks with their investments.

E. Charitable Lead Trusts

A charity receives the income from the donor’s assets for a specified time, after which the asset is transferred back to the donor or to the donor’s heirs.

Benefits to Donors: A lead trust can reduce gift and estate taxes or provide a charitable deduction for the donor. Charitable lead trusts are most appealing to donors who want to pass appreciated assets to their heirs without paying a substantial amount in taxes. The donor pays a gift tax on the asset when it is placed in to the trust; after that it can grow tax-free. At the end of the specified period, the asset is returned to the donor’s heir or heirs, who do not have to pay any additional taxes.

7. Deferred Gifts Policy of Grand Valley State University

In an effort to maintain continuity and consistency with deferred gifts to Grand Valley State University, the following policy has been established:

Benefits to Donors: A lead trust can reduce gift and estate taxes or provide a charitable deduction for the donor. Charitable lead trusts are most appealing to donors who want to pass appreciated assets to their heirs without paying a substantial amount in taxes. Minimum gift amounts: Grand Valley State University has the following minimums for acceptance of deferred gifts:

Minimum gift amounts: Grand Valley State University has the following minimums for acceptance of deferred gifts:

- Charitable remainder trusts: Initial gift – $100,000
- Pooled income fund gifts: Initial gift - $5,000 Additional gifts - $1,000
- Charitable gift annuities: Initial gift - $10,000

Note: Gift annuities may not be offered to residents of states in which such contracts are considered to be insurance products or securities. Currently almost one-half of the states (including Florida, New York and California) classify these contracts as either insurance or securities. Because this list is constantly changing, approval should be obtained from the Development Office before discussions for this gift type are initiated.

Acceptable gift assets: The University will accept the following categories:

- Cash
- Publicly traded securities
- Real estate (subject to approval of the Vice President for Development)
- Other assets, such as closely held stock and partnerships (subject to approval of the Vice President for Development)

Valuation of gift assets: The University will follow applicable federal tax law.

Final approval, acceptance, and execution by the University: The Vice President for Development, in collaboration with the Vice President for Business and Finance or his/her designee must approve all documents.

All documents must be sent first to the donor for signature and then to the University’s Vice President of Business and Finance or his/her designee.
The Vice President of Business and Finance or his/her designee shall execute the documents on behalf of the University; and the documents shall be executed in duplicate and the originals distributed as follows:

- One original to donor
- One original to Vice President of Business and Finance or his/her designee
- Copies to the appropriate Development Officer

POLICY STATEMENT

Grand Valley State University maintains a database (Millennium) of biographical and gift/pledge information about alumni and friends in accordance with the general needs and expectation of the university community. The information contained in this database is intended exclusively for purposes related to Grand Valley State University programs.

It is the desire of Development Services to support the ongoing activities of Grand Valley State University by providing assistance for programs, communication and events that bring together the expanding orbit of constituents of the university. In order to provide the best possible service to those with legitimate needs for such information, and at the same time maintain the confidentiality of the information entrusted to us by our constituents, the following policies have been developed. These policies were approved in 2007 by the Vice President for Development and now apply to every request for information and to direct access to the Millennium System.

PROCEDURES

Organizations that may request information

The following organizations and individuals may request information from the Millennium database:

- Grand Valley State University affiliated organizations and constituent groups, in support of approved activities, including:
  - Office of Alumni Relations
  - Constituent groups approved by the Office of Alumni Relations
  - University Development
  - Other administrative units
  - Academic units
  - Athletic programs
  - Office of Career Planning

In cases of dispute about whether an organization has a legitimate affiliation with the University, the final decision will rest with the Vice President for Development or the Director of Development Services as the Vice President’s designee.

- Other colleges and universities seeking the location of alumni with degrees from both Grand Valley State University and the requesting institution
- Law enforcement agencies and student loan agencies
- Agencies that assist Development Services in locating Grand Valley State University’s alumni

Any other requests will be forwarded to that person whose information is sought so that he/she can decide whether or not to contact the requestor. No information will be released for those records coded “No Contact” indicating the alumnus or alumna has requested no university contact. The same rule will apply to records coded Confidential.

All requests for information from members of the media must be referred to University Communications.

Information that may be released

The following information may be released from the Millennium database:

- "Public information," which is limited to:
  - Full name
  - Degree(s) and date of degree(s) awarded by Grand Valley State University
  - Major field of study
  - Class year

“Public information” will be provided only to those requestors identified above.

Federal law severely restricts the amount of information that may be released on current students. Therefore, no information on students will be released based on data maintained in Millennium. All requests for information on current students should be forwarded to the Registrar’s Office.

Information provided to volunteer alumni constituent groups would be limited to those alumni who are affiliated with the requesting group.

In addition to public information, request from the University Development, Alumni Relations, administrative, academic, or athletic units of Grand Valley State University and central administration may be provided the following information:

- Employment
- Student activities
- Alumni activities
- Family members
- Degrees obtained from other institutions
- Miscellaneous comments, awards and text
- Gift and pledge data
- Selected biographical attributes

Acceptable use of information

The following statements specify the acceptable internal uses of information from the alumni database:

1. Development Services will make available information from its database for the support of approved, university-related activities.

2. Approved activities include:
   a. Alumni Relations
   b. Fundraising
   c. Public Relations
   d. Governmental relations
   e. School/department communications to alumni/constituents
   f. University-sanctioned research
   g. Grand Forum
   h. Student recruitment

3. Information maintained in Millennium is not available for release for nonrelated commercial or political purposes.
4. If the information provided will result in the preparation of lists or directories that are to be published in book, magazine, newsletter, electronic media or other forms for general distribution among alumni groups, prior to publication each individual who might be included must be provided the opportunity to indicate in writing whether he/she wishes to be excluded.

5. Requestors of data from Millennium may contract to services of outside vendors (e.g. data processing consultants, direct mail firms, marketing and merchandise firms, etc.) to process and/or distribute information obtained from Millennium. In these cases:
   a. The vendor must agree to use the information only for the purpose intended by the university client. The sale or transfer of the information by the vendor is strictly prohibited.
   b. If the project in question results in the publication of directories or lists as identified above, the procedures outlined must be followed prior to publication.
   c. The vendor must ensure the prompt return of and university-owned computer tapes or electronic software provided in fulfillment of the contract.
   d. The university client or the vendor agrees to pay any costs associated with systems programming or special data processing that might be required beyond the normal capabilities of the Millennium computer system.
   e. In all cases involving the use of outside vendors or contractors, the absolute confidentiality of the information provided from the Millennium database is the responsibility of the requestor.

6. Formats available for distribution of information: Information may be obtained in the form of lists, labels, computer tapes, diskettes, and downloads by authorized university representatives in support of approved activities as noted above. It is the responsibility of the unit requesting information to maintain the absolute confidentiality of that information as specified in this policy statement.

7. Privacy Statement attachment: A privacy statement will be attached to any of the information provided to requestors of data from Millennium stating the following: The enclosed (attached) data is for the sole use of the requestor and may contain confidential and privileged information. Any unauthorized review, use, disclosure or distribution is prohibited. Responsibility for the absolute confidentiality of the information provided is the responsibility of the requestor.

8. Compliance with these policies: Failure to abide by any of the policies stated within this document may result in denial of access to information contained in the Millennium database. Request for reinstatement to access to this information must be approved by the Vice President for Development or a designee and must include written assurance of future compliance with these policies.

In cases of dispute about what constitutes an approved activity, the final decision will rest with the Vice President for Development or the Director of Development Services as the Vice President’s designee.

Statement of database access policies
Direct access to Millennium is restricted by the Millennium Security policies and procedures as well as the university’s Conditions of Use Information Technology Services Policy.

INTERIM POLICY PROHIBITING HARASSMENT, DISCRIMINATION, RETALIATION, & SEXUAL MISCONDUCT (INCLUDING SEXUAL ASSAULT, INTIMATE PARTNER VIOLENCE, STALKING, & SEXUAL EXPLOITATION)

SLT 9.1
Date of Last Update: August 14, 2020
Approved By: Senior Leadership Team
Responsible Office: Office for Title IX and Institutional Equity

POLICY STATEMENT
GVSU is committed to providing an educational environment, a workplace, programs, and activities that are free from all forms of harassment, discrimination, retaliation, and sexual misconduct. This policy prohibits all forms of harassment and discrimination under Title IX of the Education Amendments of 1972, 2010 Title IX Regulations (34 CFR § 106), Section 304 of the Violence Against Women Reauthorization Act of 2013 (VAWA), Title VII of the Civil Rights Act of 1964, and other applicable statutes, including the Elliott-Larsen Civil Rights Act; Michigan PA 453 of 1976. This policy prohibits a broad continuum of behaviors, some of which are not legally prohibited but which reflect GVSU’s standards and expectations for a positive working and learning environment.

GVSU values and upholds the equal dignity of all members of its community and strives to balance the rights of the parties in the grievance process during what is often a difficult time for all those involved. When an alleged violation of this policy is reported, the allegations are subject to resolution using GVSU’s “Process A: Grievance Process Under 2020 Title IX Regulations,” “Process B: Grievance Process for Sexual Violence, Domestic Violence, Dating Violence, Stalking, & Sexual Exploitation,” and “Process C: Resolution Process for Discrimination & Retaliation,” as determined by the Title IX Coordinator, and as detailed in accompanying procedures.

Jurisdiction of this Policy
This policy applies to the education programs and activities of GVSU, to conduct that takes place on the campus or on property owned or controlled by GVSU, at GVSU-sponsored events, or in buildings owned or controlled by GVSU’s recognized student organizations.

This policy is also applicable to off-campus conduct where the effects of off-campus misconduct effectively deprive someone of equal access to GVSU’s educational programs or activities; and/or has continuing effects on campus or in an off-campus sponsored program or activity; and/or the Respondent poses an immediate threat to the physical health or safety of any student or other individual.

Prohibited Conduct Under this Policy
1. Sexual Assault: having or attempting to have sexual intercourse or sexual contact with another individual by force or threat of force, without consent, or where the person is incapacitated, as defined below:
   a. Sexual Contact: any intentional sexual touching, however slight, with any object or body part, performed by a person upon another person, and includes:
      i. Intentional touching of the breasts, buttocks, groin or genitalia, whether clothed or uncleaned, or intentionally touching another with any of these body parts;
      ii. Making another touch you or themselves with or on any of these body parts;
      iii. Causing another to touch one’s intimate parts, disrobing or exposure of another without permission.
   b. Sexual Intercourse: vaginal or anal penetration, however slight, with any object or body part, performed by a person upon another person; and/or oral penetration involving mouth to genital contact, and includes:
      i. Vaginal penetration by a penis, object, tongue, or finger;
      ii. Anal penetration by a penis, object, tongue, or finger;
      iii. Any contact, no matter how slight, between the mouth of one person and the genitalia of another person.

2. Intimate Partner Violence: any act of Domestic Violence or Dating Violence as defined below:
   a. Domestic Violence: any act of violence committed by any of the following individuals: (1) a current or former spouse or intimate partner of the victim; (2) person with whom the victim shares a child in common; (3) person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; and/or, (4) a resident or former resident of the victim’s household in the event such household residents have a current or prior intimate relationship.
      i. An incident of domestic violence can consist of a single act of violence or a pattern of violent acts that includes, but is not limited to, sexual or physical abuse, or the threat to engage in such abuse.
   b. Dating Violence: any act of violence committed by a person who is, or has been, in a social relationship of a romantic or intimate nature with the victim that does not fall within the definition of “domestic violence.”
      i. Dating violence includes, but is not limited to, sexual or physical abuse or assault or the threat of such abuse or assault.
      ii. For the purposes of determining Intimate Partner Violence, whether the relationship is of a romantic or intimate nature is determined by a variety of factors, including: (a) the length of the relationship, (b) the type of relationship, and (c) the frequency of interaction between the persons involved in the relationship.
      iii. A relationship of a romantic or intimate nature means a relationship that is characterized by the expectation of affection or sexual involvement between the parties.
      iv. An incident of dating violence can consist of a single act of violence or a pattern of violent acts that includes, but is not limited to, sexual or physical abuse, or the threat to engage in such abuse.

3. Stalking: when a person engages in a course of conduct directed at a specific person under circumstances that would cause a reasonable person to fear bodily injury or to experience substantial emotional distress:
   a. Course of conduct means two or more acts, including but not limited to acts in which a person directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveills, threatens, or communicates to or about another person, or interferes with another person’s property.
   b. Reasonable person means a reasonable person under similar circumstances.
   c. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
   d. Stalking includes “cyber-stalking,” a particular form of stalking in which a person uses electronic media, such as the internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact. This policy prohibits all stalking, not just stalking that occurs within the context of a relationship.
4. Sexual Exploitation: taking non-consensual or abusive sexual advantage of another for their own benefit or for the benefit of anyone other than the person being exploited. Examples include, but are not limited to:
   a. Cauising the incapacitation of another person (through alcohol, drugs, or any other means) for the purpose of compromising that person's ability to give consent (as defined in this policy) to sexual activity;
   b. Allowing third parties to observe private sexual activity from a (a) hidden location (e.g., closet), or (b) through electronic means (e.g., Skype or live streaming of images);
   c. Engaging in voyeurism (e.g., watching private sexual activity without the consent of the participants or viewing another person's intimate parts (including genitalia, groin, breasts or buttocks) in a place where that person would have a reasonable expectation of privacy);
   d. Recording or photographing private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent;
   e. Dissimulating or posting images of private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent;
   f. Knowingly exposing another person to a sexually transmitted infection or virus without the other's knowledge;
   g. Arranging for others to have non-consensual sexual contact, as defined by this policy, with a non-consenting person.

5. Sexual Harassment: unwelcome or unwanted conduct of a sexual nature whether verbal or non-verbal, graphic, physical or otherwise, where Quid Pro Quo is present and/or rises to the level of creating a Hostile Environment.

6. Gender-Based Harassment: unwelcome or unwanted conduct based on gender, sexual orientation, transgender, gender non-conforming, transitioning, gender identity, or gender expression that may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve conduct of a sexual nature, where Quid Pro Quo is present and/or rises to the level of creating a Hostile Environment.

- a. Transgender is an umbrella term that can be used to describe people whose gender identity and/or expression is different from their sex assigned at birth.
- b. Gender non-conforming describes people who have, are perceived to have, gender characteristics and/or behaviors that do not conform to traditional or societal expectations.
- c. Transitioning is the process of changing one's gender from the sex assigned at birth to one's gender identity.
- d. Gender Identity is a personal, internal sense of oneself as, for example, male, female, both, or neither.
- e. Gender Expression is the external appearance of one's gender identity, or how one represents one's gender through hair style, clothing, mannerisms, etc.

7. Discriminatory Harassment: conduct on the basis of that person's actual or perceived membership in one or more of the protected classes listed below, that could reasonably be understood as having the purpose or effect of creating an intimidating, hostile, or offensive environment; having the purpose or effect of unreasonably interfering with an individual's work performance or access to educational activities and programs; adversely affecting an individual's employment opportunities or access to educational activities and programs.

- a. Protected Classes are age, color, disability, familial status, gender, gender expression, gender identity, gender non-conforming, height, marital status, national origin, political affiliation, race, religion, sex, sexual orientation, transgender, transitioning, veteran or active duty military status, or weight.

8. Retaliation: taking or attempting to take materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual: reported an incident of prohibited conduct under this policy, participated in a grievance process related to this policy, supported an impacted party, assisted in providing information relevant to an investigation, and/or acted in good faith to oppose conduct that constitutes a violation of this policy.

Acts of alleged retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. GVSU will take all appropriate and available steps to protect individuals who are concerned that they may be subjected to retaliation.

The exercise of rights protected under the First Amendment does not constitute retaliation.

- a. Retaliation under Title IX also includes: Charges against an individual for conduct violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX constitutes retaliation.

Charging an individual with a conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy and procedure does not constitute retaliation, provided that a determination regarding responsibility, alone, is not sufficient to conclude that any party has made a materially false statement in bad faith.

9. Title IX and Sexual Misconduct

a. Title IX defines sexual harassment as conduct on the basis of sex that satisfies one or more of the following:
   i. An employee of GVSU conditioning the provision of aid, benefit, or service of GVSU on an individual's participation in unwelcome sexual conduct;
   ii. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to GVSU's education programs or activities; or
   iii. "Sexual assault" as defined in 20 U.S.C. 1092(f) & (i)(x) "forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation," "dating violence" as defined in 20 U.S.C. 12291(a)(8) and/or "domestic violence" as defined in 20 U.S.C. 12291(a)(8), or "stalking" as defined in 20 U.S.C. 12291(a)(8).

When evaluating responsibility for alleged Prohibited Conduct, GVSU considers the presence or absence of the following:

- a. Consent is affirmative, informed (knowing), voluntary (freely given), and clearly communicated by word or action. The experience of one (e.g., a sexual assault victim) may be very different from the experience of another (e.g., a sexual assault perpetrator);
   i. Consent can be withdrawn once given, as long as the withdrawal is reasonably and clearly communicated. If consent is withdrawn, that sexual activity should cease within a reasonable time;
   ii. When evaluating whether the Complainant has given consent, GVSU will also consider whether the sexual activity, threats, intimidation, and/or coercion;
   iii. Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity;
   iv. Consent cannot be obtained by taking advantage of the incapacity of another, where it was known, or reasonably should have been known, that the other was incapacitated;
   v. Incapacitation is such that it renders the person incapable of self-care and protection and occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give informed (knowing) consent (e.g., to understand the "who, what, when, where, why, or how" of their sexual interaction). Incapacitation could be the result of alcohol, other drugs, sleep or unconsciousness, temporary or permanent physical or mental health condition, or involuntary physical restraint.

b. Quid Pro Quo is unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature made by a person having power or authority over another constitutes sexual harassment when submission to sexual conduct is made either explicitly or implicitly a term or condition of rating or evaluating an individual's education or employment progress, development or performance. This includes when submission to such conduct would be a condition for access to receiving the benefits of any educational or employment program.

c. Hostile Environment is sufficiently severe, or persistent or pervasive, and objectively offensive that it unreasonably interferes with, or deprives an individual from participating in or benefiting from GVSU's education or employment programs and/or activities.

Required Reporting

When a Mandatory Reporter (as defined below) is notified of sexual misconduct, including sexual assault, stalking, intimate partner violence (dating/domestic violence), sexual exploitation, sexual harassment, or gender-based harassment, they must immediately report the information to the Title IX Coordinator. Following the filing of the report with the Title IX Coordinator, the Mandatory Reporter will keep all information they receive private. Federal and state funding is premised on compliance with the laws and guidance referenced in this policy.

While all employees are encouraged to report, Mandatory Reporters at GVSU are:

- Members of the Board of Trustees, as required by state law;
- Executive Officers and Appointment Officers;
- Deans, directors, department heads/carriers (including those serving in assistant or associate roles);
- Supervisors;
- GVSU faculty or staff providing oversight to, or traveling with, students on GVSU-related travel, including GVSU-sponsored study abroad, research, fieldwork, clinicals or internship programs;
- Faculty and staff who serve as advisors or coaches to GVSU's recruiting student groups;
- Any individual, whether an employee or not, who serves as a coach of a club sports team;
- All employees, including student-employees (while working), working in the Division of Student Affairs (including Resident Assistants at all times), Division of Inclusion and Equity, Enrollment Development Division, Department of Public Safety, and Athletics, except those who serve in non-supervisory clerical capacities;
- Campus Security Authorities designated by GVSU under the Clery Act not otherwise specified;
- Individuals serving in any of the positions described above on an acting or interim basis.

Failure of a Mandatory Reporter, as described above in this section, to report an incident of which they become aware is a violation of this policy and can be subject to disciplinary action.

GVSU’s Statement on Non-discrimination
Grand Valley State University does not discriminate against students, faculty or staff in any of its employment practices or in its educational programs or activities. Grand Valley State University is guided by values for inclusiveness and community which are integral to our mission to educate students to shape their lives, their professions, and their societies, and to enrich the community through excellent teaching, active scholarship, and public service.

The University is an affirmative action, equal opportunity institution. It encourages diversity and provides equal opportunity in education, employment, all of its programs, and the use of its facilities. Members of the University community, including candidates for employment or admissions, and visitors or guests, have the right to be free from acts of harassment and discrimination, which are prohibited if they discriminate or harass on the basis of age, color, disability, familial status, height, marital status, national origin, political affiliation, race, religion, veteran or active duty military status or weight. In addition, Grand Valley is required by Title IX of the Education Amendments of 1972 to ensure that none of its education programs and activities discriminate on the basis of sex/gender. Sex includes sex stereotypes, gender identity, gender expression, sexual orientation, and pregnancy or parenting status.

The Office for Title IX and Institutional Equity serves as a resource for the GVSU community and assists individuals who may have been impacted by discrimination or harassment in connecting with resources, imposes measures that protect or support access to programs and activities, and oversees the university’s grievance process for allegations of discrimination and harassment. Inquiries regarding the application of Title IX may be referred to the Title IX Coordinator, 4015 Zumberge Hall, titleix@gvsu.edu, (616) 331-9530.

PROCEDURES
Procedures for responding to reports of Harassment, Discrimination, Retaliation, & Sexual Misconduct (including Sexual Assault, Intimate Partner violence, Stalking, & Sexual Exploitation) under this policy are published at www.gvsu.edu/af/af-procedures.

CONSENSUAL RELATIONSHIP POLICY

SLT 9.2
Date of Last Update: November 19, 2012
Approved By:
   • Senior Leadership Team

Responsible Office: Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT

The University’s goals are to maintain a positive work environment and a climate conducive to learning for students. The unequal institutional power inherent in academic and work relationships may heighten the vulnerability of those in subordinate positions. Accordingly, individuals holding positions of authority at the University must be aware of and sensitive to the potential conflict of interest, ethical concerns, and issues of sexual harassment that may occur in consensual relationships. Specifically, the parties to a consensual relationship must be aware that such relationships can create co-workers and students perceived and real conflicts of interest. These relationships also create an environment of fear of unfair treatment in terms of promotions, grades, professional and/or educational opportunities, etc. This Policy outlines expectations for institutional and individual conduct that apply to all University faculty and staff members and students.

Article I. Purpose

The University's goals are to maintain a positive work environment and a climate conducive to learning for students. The unequal institutional power inherent in academic and work relationships may heighten the vulnerability of those in subordinate positions. Accordingly, individuals holding positions of authority at the University must be aware of and sensitive to the potential conflict of interest, ethical concerns, and issues of sexual harassment that may occur in consensual relationships. Specifically, the parties to a consensual relationship must be aware that such relationships can create co-workers and students perceived and real conflicts of interest. These relationships also create an environment of fear of unfair treatment in terms of promotions, grades, professional and/or educational opportunities, etc. This Policy outlines expectations for institutional and individual conduct that apply to all University faculty and staff members and students.

Article II. Consensual Relationships

Consensual romantic and sexual relationships between faculty and their students or between supervisors and their subordinates are inappropriate. Individuals should be aware that these relationships may create a perception of favoritism while the relationships continue. These relationships may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change and the conduct that was previously welcome may become unwelcome. If a sexual harassment complaint is subsequently filed, the argument that the relationship was consensual will be evaluated in light of the power differential in determining whether the University’s Anti-Harassment Policy has been violated. Under these circumstances, it will be extremely difficult to use mutual consent as a defense.

Consensual Romantic or Sexual Relationships between Faculty/Staff and Students.
A faculty or staff member who has educational, supervisory, evaluation, advising, coaching, or counseling responsibilities for students shall not assume or maintain those responsibilities for a student with whom the faculty or staff member has engaged in romantic or sexual relationships, even if such relationships were consensual. Whether such romantic or sexual relationships predate the assumption of educational, supervisory, evaluation, advising, coaching, or counseling responsibility for the student, or arise out of the educational relationship, the faculty or staff member shall immediately disclose the romantic or sexual relationship to his or her Unit Head or supervisor, who shall promptly arrange alternate oversight of the student.

Consensual Romantic or Sexual Relationships between Supervisors and Subordinates.
If a romantic or sexual relationship exists or develops between a supervisor, manager, or administrator and an employee for whom he or she has professional responsibility, the individuals involved in the relationship must promptly consult the next highest level of supervision (e.g., a supervisor, department head, vice president, dean) to determine whether arrangements can be made to eliminate all conflicts of interest. If such arrangements can be made that do not disadvantage the subordinate and are acceptable to the supervisor, manager, or administrator, they must be documented, and ensure that the supervisor does not hire, supervise, advise, evaluate, or otherwise directly influence the subordinate’s employment. Relationships between supervisors, managers, or administrators and their subordinates are prohibited if they work in an adversarial position and the working relationship is such that it is not possible to eliminate the conflicts of interest. Students employed by the University who supervise other student employees are covered by this section.

Consensual romantic or sexual relationships between students. Complaints concerning relationships between students are governed by the GVSU Student Code.

Article III. Disciplinary Actions

Disciplinary action will be taken against faculty or staff members who violate this Policy, either by entering into or engaging in a sexual relationship with a student or subordinate for whom he or she has educational, supervisory, evaluation, advisory, coaching, or counseling responsibilities or by failing to report such relationships or failing to cooperate in making alternative arrangements.

Article IV. Confidentiality

Confidentiality is the disclosure of consensual romantic or sexual relationships will be observed to the extent permitted by law and that is consistent with protecting the welfare of faculty, staff, and students and the interests of the University.

DISABILITY ACCOMMODATION POLICY FOR FACULTY AND STAFF

SLT 9.5
Date of Last Update: September 16, 2013
Approved By:
   • Senior Leadership Team

Responsible Office: Inclusion and Equity

POLICY STATEMENT

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all faculty, staff and students with access to the University’s programs, services, events and activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers. University faculty or staff members who are persons with a disability are not required to identify themselves as persons with a disability or to request an accommodation. However, the University cannot accommodate an individual who does not inform the University about his/her disability and his/her need for an accommodation. A faculty or staff member seeking an accommodation must request it by submitting their request to the Disability Support Resources Office following its procedures.
The Disability Support Resources Accommodation Process

To request an accommodation, a University faculty or staff member must:

A. Self-identify as a person with a disability by application to the Disability Support Resources office (DSR). It should be noted that The University conducts a survey of faculty and staff for statistical purposes and this does not constitute a method of self identification consistent with this policy. If a faculty or staff member requests an accommodation, the supervisor/unit administrator should refer the faculty or staff member to the DSR or its web site at http://www.gvsu.edu/dsr

B. Provide documentation of the disability; and

C. Indicate in the application to the Disability Support Resources office, his/her need for accommodation and provide supporting medical documentation from an appropriate professional, if requested by the Disability Support Resources office. The medical professional must have first-hand knowledge of the condition and a familiarity with the physical, emotional and cognitive demands of the disability.

Once an application has been submitted to the DSR, a DSR advisor will review the application and may contact the faculty or staff member who submitted the application. The advisor will contact the supervisor/unit administrator and discuss whether an accommodation is warranted, explore possible accommodations, and assess the effectiveness each would have in enabling the faculty or staff member to perform his/her job including the following:

A. The essential job functions of the position. The essential functions are the fundamental job duties of the employment position at issue. To be qualified for a position, an individual must be able to perform the essential functions of the job, with or without a reasonable accommodation.

B. The faculty or staff member’s ability to perform essential job functions with or without a reasonable accommodation; and,

C. Possible types of reasonable accommodations, if any are needed.

Reasonable accommodations vary depending on the circumstances of each case. In evaluating alternatives for accommodation, the preferences of the individual are considered, but the ultimate decision regarding what type of accommodation, if any, will be provided is made by the University. Nothing in this document shall be construed to waive the University’s right to contest whether a faculty or staff member is disabled or is entitled to an accommodation.

Medical documentation, as well as other related materials, will be maintained at DSR. Such documentation is kept confidential, except as necessary to administer the accommodation process or otherwise permitted by law. Such documentation may be shared only with those individuals involved in the accommodation process on an as needed basis.

During the accommodation request process, DSR may:

A. Request additional documentation;

B. Consult with Human Resource Office;

C. Evaluate whether any accommodation is needed and, if it is, whether an accommodation is reasonable and should be made (this evaluation may include preparing cost estimates);

D. Assess various accommodations;

E. Identify alternative accommodations or solutions;

F. Provide information from resources about the capabilities of persons with similar disabilities and the tools/techniques they use;

G. Determine a reasonable accommodation, if appropriate;

H. Provide a written determination to the department/unit and faculty or staff member;

I. Explain the department/unit's responsibility to fund an accepted accommodation or seek alternative funding, if needed;

DSR makes a determination regarding implementation of accommodations. DSR will consider each request for reasonable accommodation and determine: (1) whether the accommodation is needed, (2) if needed, whether the accommodation would be effective, and (3) if effective, whether providing the reasonable accommodation would impose an undue hardship.

Appeals

If a faculty or staff member or supervisor/unit administrator disagrees with the DSR determination, the decision may be appealed to the Vice President of Inclusion and Equity, in writing to:

RELIGIOUS INCLUSION POLICY

SLT 9.6

Date of Last Update:
November 19, 2012

Approved By:

Senior Leadership Team

Responsible Office:
Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT

Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Purpose

Many University students, staff, and faculty observe religious traditions from a variety of religions. This Religious Inclusion Policy (“Policy”) acknowledges the right of students, staff, and faculty to engage in religious observances. The University is committed to accommodate the exercise of that right.

The University acknowledges that conflicts in scheduling mandatory academic requirements and employment obligations with religious observances are inevitable. Although the University does not observe religious holidays, it recognizes that there are a number of religious holidays that affect significant numbers of our students, staff, and faculty. This Policy is intended to provide clarity to students, staff, and faculty who seek accommodation to practice their faith.

PROCEDURES

Accommodations

Grand Valley State University will make a reasonable effort to allow its students, staff, or faculty to be away from work or a class to observe their religious beliefs, except where accommodating the request would result in undue hardship on the University in its mission, operation or in meeting its academic standards. The University provides quiet areas for student, staff, and faculty reflection, meditation, and prayer.
A list of these quiet areas may be found on the Inclusion and Equity webpage.

Faculty should be sensitive to the observance of religious holidays so that students who miss classes to practice their faith are not disadvantaged. A list of religious holidays is found on the Inclusion and Equity website. Please note that this list is meant to be inclusive of most major religious traditions (although certainly not comprehensive), and that religious holidays have no official status at the University.

Faculty should make every effort to avoid scheduling examinations or assigning work that is due on religious holidays. Some religious holidays begin at sundown on the evening before the published date of the holiday. Consequently, faculty should avoid scheduling late afternoon exams on these days.

Faculty shall not penalize any student who has properly notified the faculty member by complying with the Request Accommodation Procedure for his/her absence in classes, examinations, or assignments. Faculty should accept a student’s claim of a scheduling conflict on religious grounds at face value. If class attendance is required by the faculty member, classes missed to observe a religious holiday may not be counted as an absence.

Faculty must provide a reasonable opportunity for such a student to make up missed assignments and examinations within a reasonable time period before or after the student’s absence, provided the student has properly notified the faculty member by submitting a Request Accommodation Form. Faculty must give the student the opportunity to do appropriate make-up work that is no more difficult or time-consuming than the original exam or assignment.

Nothing in this Policy, however, exempts a student from meeting course requirements or completing assignments. The faculty member may respond appropriately if the student fails to satisfactorily complete the make-up assignment or examination.

Further, when scheduling university events and activities, such as Family Weekend, Commencement, Convocation, and University sponsored conferences, planners should consult the list of religious holidays on the Inclusion and Equity website before selecting the date and time to ensure inclusiveness.

Religious Accommodation Procedure

All requests for accommodation for religious observance should be made in the following manner:

Students: Faculty should inform students of all examination dates and assignment deadlines at the start of each semester in the class syllabus. If a conflict with a religious observance exists, students must request a religious accommodation from their faculty within the first two weeks of each semester or as soon as reasonably possible after the instructor announces a particular mandatory class, examination, or assignment so that alternative arrangements can be made for any class, examinations, or assignments missed. If an accommodation is needed within the first two weeks of the semester, the student must provide the faculty member with reasonable advance notice of the need for accommodation. Requests for accommodation must be made through a Religious Accommodation Form, which may be found at the Dean of Students Office, the Office of Affirmative Action or under "Forms" at http://www.gvsu.edu/admission. It is the student's responsibility to provide faculty with reasonable notice of the need for accommodation and the timing of the notice may be taken into account in determining whether granting the request would create an undue hardship.

The faculty member and the student should discuss and agree upon what would constitute a reasonable accommodation in each given case. If the student and faculty member agree upon an accommodation, the accommodation must be carried out and disclosed on the Religious Accommodation Form. The completed Religious Accommodation Form shall be filed by the faculty member in the Dean of Students Office.

If the student and faculty member cannot agree on an accommodation, either party may bring the matter to the Unit Head to determine the accommodation. Either party may appeal the Unit Head's decision to the Dean, who will make a final binding decision.

Where a student has obligations to a placement site (e.g. internships), that student must also work out arrangements with the placement site to make up for missed responsibilities or duties.

Staff: The use of vacation and personal leave is governed by the staff member's respective Board of Trustees' Policies, Staff Handbook, or Collective Bargaining Agreement. Vacation days requested for the observance of religious holidays must be submitted to the Dean of Students Office, the Office of Affirmative Action or under "Forms" at http://www.gvsu.edu/admission. It is the faculty member's responsibility to provide students with reasonable notice of their need for accommodation and the timing of this notice may be taken into account in determining whether granting the request would create an undue hardship for GVSU.

Faculty: The use of vacation and personal leave is governed by the Faculty Handbook. Requests for leave for religious accommodation, however, shall be considered under this Policy if the faculty member has made arrangements for any missed classes and the granting of the leave will not result in undue hardship for GVSU. Faculty that miss class time due to a religious observance must make alternate arrangements for that time with his or her Unit Head. If the Unit Head denies the request, the faculty member may appeal to the Dean, who will have final decision authority over the request.

Nothing in this Policy exempts a GVSU faculty or staff member from fulfilling their job responsibilities.

Confidentiality

Although discretion will be exercised, a guarantee of confidentiality or anonymity cannot be made because the determination of a reasonable religious accommodation will involve discussions with other parties. Information about the request for religious accommodation will be revealed only as the deliberation process requires. Discretion will be observed to the extent permitted by law and that is consistent with protecting the welfare of the students, staff, and faculty and the interests of the University.

Retaliation

Any attempt to retaliate against an individual who files a religious accommodation request or otherwise utilizes this Policy is prohibited.

WEB ACCESSIBILITY POLICY

SLT 9.7

Date of Last Update:
November 12, 2018

Approved By:
Senior Leadership Team

Responsible Office:
Equity, Planning, and Compliance Unit

POLICY STATEMENT

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all students and staff with equitable access to the University’s programs, services, events and staff development activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers to our websites or to provide equally effective alternative access.

This policy establishes minimum standards for the accessibility of web-based information and services considered necessary to meet the University’s goals and ensure compliance with applicable law. The University has assigned web accessibility responsibilities to its Americans with Disabilities Act Coordinator and Web Manager, or their designees.

This policy applies to all official web pages and associated web-based services developed by or for a college, school, department, program, or unit of the University.

The University will ensure that new online content and functionality developed, procured, or used will be fully accessible to individuals with disabilities. This action will include any staff training that may be necessary to ensure full implementation.

All new web pages published by any University college, school, department, program, or unit on or after the effective date of this policy must conform to W3C WAI AA Accessibility Guidelines and this policy.

For existing online content, the University has: developed a strategy for identifying inaccessible content and functionality for individuals with disabilities; developed a notice to person with disabilities regarding how to request that the University provide access to online information or functionality; prominently posted this notice on its home page and throughout its website; and developed a process to ensure that, upon request, inaccessible content and functionality will be made accessible in an expedient manner.

Each web site must contain a link to report accessibility issues, or to request an accessible version, should users have trouble accessing content within the site. This would usually be the site administrator or content author.

PROCEDURES

Training

Accessibility training will be provided and required of all faculty, staff and other authorized representatives prior to being given access to manage any online content through the Content Management System (CMS) or through remote access to a web server (FTP, SFTP, SSH, etc.).

This training will help content administrators produce accessible content, and assess and correct content that may be inaccessible. All content administrators will be required to attend Accessibility Training on an annual basis as long as they manage online content.

Enforcement
If necessary, at the discretion of the Web Accessibility Coordinators or their designees, some or all non-compliant portions of the web pages and resources may be taken offline, or brought into compliance by designated staff or contractors.

**Purchasing of Outside Content**

All web-based content and systems, whether developed internally or obtained from third-parties that the University chooses to make available, is expected to conform to accessibility standards set forth in this policy. Accessibility of these technologies should be verified by University staff with demonstrated ability in accessibility evaluation. This verification process should be accomplished through hands-on evaluation of the product prior to purchase.

When evaluating third-party products, it is advisable to choose the most accessible product in the space. However, not always will there be accessible choices, or the most accessible choice may not align with other dominant selection criteria. In cases where a product with limited accessibility has been purchased, interim, equivalent accommodations documented in an approved ADA exception should be in place until the service can be made accessible.

**Contact Information**

Any concerns with the accessibility of online content should be directed to the Americans with Disabilities Act Coordinator, 4035 James H. Zumberge Hall, 616-331-3296 and/or Web Manager, 2090 James H. Zumberge Hall, 616-331-2525 or their designees who serve as the University’s Web Accessibility Coordinators. You may also utilize the Section 504 and Title II grievance procedures found at http://www.gvsu.edu/accessibility.

MINORS ON CAMPUS POLICY

SLT.9.8

• Senior Leadership Team

**Responsible Office:**

Human Resources

**POLICY**

“Grand Valley is committed to strengthening our living, learning, and working environment by recognizing and removing the barriers to full participation and providing a safe, inclusive, vibrant community for all.” – Inclusiveness core value section of the University’s Strategic Plan.

Grand Valley State University is committed to being a safe and healthy environment for all. This includes students, faculty, staff, and campus visitors, especially those who are minors. As a public university open to everyone, the University welcomes children and teenagers to our campuses for a variety of programs and activities planned by the University or by outside organizations. In all situations, adults are expected to be positive role models for minors, acting in a respectful and responsible manner consistent with the mission and values of the University. To promote this vision, the University publishes and enforces policies, procedures, and guidelines that have the goal of promoting health, safety, and security for minors on our campuses.

“Minors” are persons under the age of eighteen (18), and the term “Minor,” “Minors,” “Child,” and “Children” are used interchangeably in this policy. Further definitions may be found below. This policy addresses the following situations:

• A Minor will be physically present and participating in a University-sponsored program or activity, either taking place on University property or under the authority and/or direction of the University at other locations (this includes academic and sports camps).
• A Minor child will be physically present and participating in a program or activity at the University that is sponsored by a third party (this includes programs for K-12 students sponsored by a school system).
• A Minor is enrolled in one or more courses on campus, either as a matriculated student, a guest student from another institution of higher education, or a dual-enrolled student; or,
• Other events where Minors are physically present at the University, such as situations when parents/legal guardians are expected to accompany and provide supervision to Minors in their care (this includes Admissions activities and events and performances open to the public).

**POLICY STATEMENT**

I. Requirements of Programs that Involve Minors

Programs are typically workshops, sports camps, academic camps, conferences, and similar activities. Some activities that are exempt from Section I can be found in Sections III-V.

A Sponsoring Unit offering or approving a Program that involves Minors or provides University housing for Minors participating in a Program, whether utilizing University housing or not, shall abide by the following:

1. Waiver or release forms: participation, medical treatment, use of photographs and other media: All Minors participating in a University Program must provide a waiver or release form for participation in the program, medical treatment authorization, and use of photographs and other media by the University. This can be one form or several, and all forms must be signed by a Parent, Legal Guardian, or Foster Parent, prior to their participation in a Program.
2. Background checks of Authorized Adults. All Authorized Adults, documentation of their training (item #5 below) and background check (item #6 below) for the Program; and a Program contact, so that in the event of an emergency, appropriate measures may be taken. All Programs must establish a procedure for the notification of a Program Participant’s Parent/Legal Guardian/Foster Parent in the case of an emergency, which will include medical or behavioral issues involving the Minor, or changes in the Program due to unforeseen and significant disruptions. Parents/Legal Guardians/Foster Parents must also be given contact information in a manner in which the Program Participant can be contacted while the Program is in session. All information, including release forms, shall be retained by the Sponsoring Unit for five years after the Program ends.
3. Supervision of Minors. All Programs must provide adequate supervision of Minors while they are on Campus. One-on-One Contact with Minors is discouraged, unless in public spaces. In general, it is required that two or more Authorized Adults will be involved in activities where Minors are present. Parents/Legal Guardians/Foster Parents may sign a waiver giving consent for their Child to be alone with an Authorized Adult. (For example, if music lessons are being provided by an adult instructor.) Exceptions in rare circumstances may also be granted (see below).
4. Training of Authorized Adults. Each Authorized Adult who is not the Minor’s Parent, Legal Guardian, Foster Parent or an adult designated by the Parent or Legal Guardian, who will be participating with Minors in a Program, shall complete training in the conduct and reporting requirements of this policy. This training is given to maximize the protection of Minors from abuse of any kind. The appropriate vice president, dean, unit head, or area director may enhance and/or supplement the required training Program to meet specific needs of the particular Program involved. Documentation that the Authorized Adults have been trained should be maintained by a designated and identified member of the Program’s Sponsoring Unit for five years.
5. Background checks of Authorized Adults. All Authorized Adults in the Program must complete and submit the Authorization for Release of Information for Background Check form to Human Resources. Background checks must be completed every five years. (See also PC 10.7 Volunteers Policy, for Authorized Adults who are not University employees.)
6. Procedures for release of Minors. All Programs must establish a procedure for the pick-up and drop-off of Program Participants, specifying times and locations. The Authorized Adult(s) overseeing the pick-up and drop-off of Program Participants shall remain at the specified location until all Minors have been released. If a Minor is not picked up, the Authorized Adult(s) will contact the parent or guardian, the program director and finally, Grand Valley Department of Public Safety if necessary.

In rare circumstances, strict adherence to this policy’s requirements may not always be feasible or be the best practice for managing risk. If a Program can justify an exception in consultation with and with approval from Human Resources, or, when appropriate, obtain written consent by the Parent/Legal Guardian/Foster Parent for the parameters applicable to the Program, certain requirements under this policy may be waived. Such waivers will be considered on a case-by-case basis.

II. Conduct Requirements of Authorized Adults

All Authorized Adults, participating in Programs and activities covered by this policy, should be positive role models and act in a caring, honest, respectful, and responsible manner. They are required to comply with all applicable laws and University policy. In addition, all at times, they shall:

1. In general, avoid One-on-One Contact with Minors, unless in public spaces. Two or more Authorized Adults must be involved in Programs where Minors are present unless a waiver has been signed or an exception has been granted.
2. Have separate accommodations from the Minors. An Authorized Adult should not have One-on-One Contact by entering a Minor’s room, bathroom facility, or similar area without another Authorized Adult in attendance.
3. Not take photographs or digital images of Minors other than specified in the waiver for photography (see Section I.1).
4. Not engage in private communication not pertaining to Program matters with a Minor by email, telephone, text message, social media, or any other method at any time, except when there is a clear educational purpose and the communication is consistent with the mission of the University.
5. Not meet with Minors outside of established times for Program activities. Any exceptions require written Parent/Legal Guardian/Foster Parent authorization and must include more than one Authorized Adult.

In rare circumstances, strict adherence to this policy’s requirements may not always be feasible or be the best practice for managing risk. If a Program can justify an exception in consultation with and with approval from Human Resources, or, when appropriate, obtain written consent by the Parent/Legal Guardian/Foster Parent for the parameters applicable to the Program, certain requirements under this policy may be waived. Such waivers will be considered on a case-by-case basis.
from the Program.

6. In the presence of a Minor or during any University Program, not engage in any sexual activity or romantic conversations, or sexually explicit comments.

7. Not possess, have within reach and/or share sexually-oriented printed or computerized or portable materials (magazines, cards, videos, films, clothing, smartphones, etc.) in any form available to Minors participating in Programs or activities covered by this policy or assist them in any way in gaining access to such materials. The one exception would be legitimate sexual education Programs in which the Minor’s Parent/Legal Guardian/Foster Parent have given prior written consent.

8. Not engage in abusive conduct of any kind toward, or in the presence of, a Minor. For example, no Authorized Adult shall strike, hit, administer corporal punishment or touch in an abusive or illegal manner any Minor. If necessary, touching should only be in the open, in response to the Minor’s immediate physical needs, for a purpose that is consistent with the Program’s mission and culture, or for a clear educational purpose, related to the educational, physical, safety, or health-related purpose (i.e., treatment of an injury).

9. Not possess fireworks, firearms, knives, or other weapons, unless being used for an officially sanctioned and approved Instructional Program. (See also the Weapons policy [PC 6.27].)

10. Not transport Minors, except as specifically authorized in writing by the Minor’s Parent/Legal Guardian/Foster Parent, or in the case of an emergency.

11. Not engage in the use of alcohol or illegal drugs, or be under the influence of alcohol or illegal drugs, during such Programs or activities. (See also the Alcohol and Other Drugs policy [PC 5.1].)

12. Respect and adhere to any resistance from the Minor unless it is a life-threatening emergency.

13. Not continue to participate in Programs or activities if an allegation of prohibited or illegal conduct has been made against an Authorized Adult covered by this Policy until such allegation has been satisfactorily resolved and further participation in Programs is permitted by the University.

14. Not engage in any activity that violates the policies of the University (www.gvsu.edu/policies). This includes the harassment policies [PC 5.4], the Sexual Misconduct policy [PC 5.1], and the Religious Inclusion policy [PC 6.2].

Those who do not meet the prescribed standards of behavior may be asked to leave the Campus and/or Program and may be subject to expulsion from the Program, suspension of attendance, being issued a “no-trespass” order by Public Safety, or disciplinary action up to and including termination of employment. (See also Section VII of this policy.)

The behavioral requirements in this policy are not meant to preclude enrolled University students from developing appropriate friendships with Minors who are close in age to the enrolled student; rather, the requirements are meant to protect Minors from abusive or illegal contact and inappropriate relationships.

III. Third Party Programs Held on University Property

Third Parties using University facilities for events that involve Minors shall operate within all policies and requirements to use University facilities. In addition, adults who interact with Minors in these activities shall conform to the conduct requirements in Section II of this policy.

IV. Minors Enrolled in Courses

Minors who are matriculated students of the University, guest students from other institutions, or dual-enrolled students are subject to all university policies. Adults who interact with Minor students (e.g. faculty teaching courses, academic advisors) are also subject to all university policies and shall conform to the conduct requirements in Section II of this policy. The requirements of Section I of this policy do not apply.

V. Minors at the University Who Are Not Participating in a Program

1. Minors brought to Campus by an employee, student, or visitor, and who are not participating in a Program by a Sponsoring Unit, are the sole responsibility of the employee, student, or visitor. The person bringing the child to Campus is responsible for all aspects of the Minor’s behavior including the Minor’s safety and is financially responsible for any damages caused by the Minor.

2. Minors are permitted at events and venues open to the public. However, the University reserves the right to determine, in its sole discretion, whether selected events or venues are appropriate for unescorted or unsupervised Minors.

3. In the event a Minor is on Campus and is unsupervised by an adult, 2) they are not a Participant in a University Program, and 3) they are not a Participant in a Third Party Program (Section III), they may be required to leave the Campus.

Activities for which this Section V of the policy is relevant include:
- Events or performances on Campus that are open to the general public (e.g., athletic competitions, plays, concerts);
- Pre-enrollment visits such as admission, recruiting, and orientation events;
- Services provided by the Campus Health Center or other similar Off-Campus clinical services during which a Minor is under the supervision of a Parent/Guardian/Foster Parent or a clinical provider;
- Non-residential field trips to Campus trips covered by a Minor’s school or organization;
- Private, personal events (e.g., birthday parties, weddings) for which the user has a separate, signed agreement with the University to use space on Campus.

The following activities are exempt from this policy: Off-campus clinical, practicum, internships, student teaching, or similar experiences in which (1) University students (undergraduate or graduate) interact with Minors as part of the experience and (2) are supervised by a third party. This also includes Off-Campus events in which registered student organizations participate with third-party organizations.

VI. Reporting Requirements

Reporting requirements of suspected child abuse or other illegal conduct towards a Minor shall be in accordance with applicable federal, state and local laws. In particular, see:
- State of Michigan Department of Health and Human Services rules on reporting abuse and neglect (This page includes indicators of child abuse and neglect and the State of Michigan’s definition of “Mandatory Reporters.”)
- Individuals who witness or suspect child abuse should not conduct an investigation or delay in notifying the appropriate authorities via 911. Such actions could taint any appropriate criminal or administrative investigation and render evidence inadmissible.

In addition, the University’s Police Department/Public Safety site provides up-to-date definitions of unlawful behavior: https://www.gvsu.edu/police/911-service-reporting-guidelines.

VII. Additional Considerations

1. When an Authorized Adult or other person has been alleged to engage in inappropriate conduct with a Minor, that individual must discontinue further participation in Programs covered by this policy until such allegation has been satisfactorily resolved and he/she has been given written permission by the University to participate again in Programs. Resolution of the allegation will involve appropriate investigatory steps, and any written permission to continue participation (or participate in the future) in a Program covered by this policy must be coordinated with Human Resources.

2. Any person that requires accommodations due to a disability, while visiting campus must inform the Sponsoring Unit of their needs.

VIII. Interaction with Other Standards, Practices, and Requirements

Nothing in this policy is meant to supersede or replace the standards of practice of other entities in responding to child abuse, suspected incidents of child abuse or threats of child abuse. Satisfying the requirements of this policy does not relieve a person from any obligation to follow the protocols of another entity that may apply to the particular incident. Individual University units maintain the discretion to impose safety measures beyond those required by this policy on University Programs they sponsor or oversee. Additionally, all state and federal requirements must be followed.

PROCEDURES

Human Resources may develop forms and guidelines to assist Programs that wish to work with Minors on Campus. In addition, Human Resources will conduct random audits annually to ensure compliance with this policy.

DEFINITIONS

Definitions

1. “Authorized Adult” is an individual, age 18 and older, paid or unpaid, who supervises, chaperones, or otherwise works with Minors in Program activities, or recreational, and/or residential facilities. This includes but is not limited to faculty, employees, student employees, staff, vendors, graduate and undergraduate students, interns, teachers, employees provided by temporary agencies, third-party hosts, and independent contractors/consultants. The role of Authorized Adult may include positions such as counselors, chaperones, coaches, instructors, and other similarly situated persons. Temporary guest speakers, presenters and other individuals who have no direct contact or only incidental contact with Program Participants, other than as short-term activities supervised by Program staff, are not considered Authorized Adults but are still expected to conform to the conduct requirements in Section II of this policy.

2. “Campus” includes all domestic real property owned or leased by the University and can include any of its campuses.

3. “Parent” is the natural Parent or adoptive Parent as recognized under the law of a Minor whose parental rights and responsibilities have not been terminated under applicable law. “Legal Guardian” is any person appointed under applicable law to have the care and management of the person, the estate, or both of a Minor. “Foster Parent” is a person appointed by the court to temporarily provide the care and management of the minor child.

4. “One-on-One Contact” is personal, unsupervised interaction between any Authorized Adult and a single Program Participant Minor without at least one other Authorized Adult, Parent or Legal Guardian being present. Unless in public spaces, such contact is to be avoided by all adults on Campus, whether considered an Authorized Adult under this policy or not.

5. “Program” or “Programs” are programs and activities offered by various academic or administrative units of the University, whether on University property or not, that potentially will include Minors as Program Participants. This includes but is not limited to workshops, sports camps, academic camps, conferences, and similar activities.

6. “Program Participants” are Minors who are involved in University-sponsored Programs both on and off Campus.

LEGAL SERVICES POLICY

SLT 10.2

Date of Last Update: March 03, 2015

Approved By: Senior Leadership Team

Responsible Office: Office of General Counsel

POLICY STATEMENT

Pursuant to Grand Valley State University Board of Trustees’ Policies BOT 10.2 approved by the Board of Trustees, the President has designated that legal services be coordinated through one administrative office, the Division of Legal, Compliance and Risk Management. All legal services for Grand Valley State University shall be provided through the Division of Legal, Compliance & Risk Management, either by its legal staff, by outside counsel retained by this Division or both. All requests for legal services on behalf of the University must be directed to this Division. The Division of Legal, Compliance and Risk Management provides legal counsel and assistance exclusively to Grand Valley State University representatives regarding University matters.

Personal legal advice or representation with regard to a personal matter should be privately retained and paid for by other than University funds.

FREEDOM OF INFORMATION ACT POLICY

SLT 10.3

Date of Last Update: June 03, 2019

Approved By: Senior Leadership Team
4. Calculation and Payment of Fees

The University, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.

If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options.

If a request is delivered to the FOIA Coordinator's junk mailbox, the request will be deemed received one business day after the FOIA Coordinator becomes aware of the request. The FOIA Coordinator will check the junk mailbox at least once per week.

PROCEDURES

1. How to submit a FOIA request to the University

a. A FOIA request must be submitted in writing to the FOIA Coordinator in the Office of General Counsel. The request may be transmitted in hard copy, by email, or by facsimile.

b. The University’s FOIA Coordinator address is 4868 James H. Zumberge Hall, Grand Valley State University, Allendale, MI 49401. The email address is foia@gvsu.edu. The fax number is (616) 331-3950.

c. A request should describe the record(s) sought sufficiently to enable the University to find the record(s) and should provide the requester's contact information.

d. Requests should state that they are submitted pursuant to the Michigan Freedom of Information Act.

e. Requests received electronically are deemed received the next business day. A business day is defined as Monday through Friday, exclusive of holidays and institutional closure days.

f. If a request is delivered to the FOIA Coordinator's junk mail folder, the request will be deemed received one business day after the FOIA Coordinator becomes aware of the request. The FOIA Coordinator will check the junk mail folder at least once per week.

2. Responses to FOIA requests to the University

a. The University will respond to a FOIA request within five (5) business days of the FOIA Coordinator receiving the request.

b. A response will consist of one or more of the following:

   i. A granting of the request
   ii. A partial granting of the request, and a partial denial because some or a portion of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
   iii. A complete denial of the request because all of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
   iv. A notice that more time is needed to process the request

   1. If more time is needed, the University will send out a follow up response within 10 business days of the initial response.

   v. A notice that a fee deposit is required prior to further processing

   1. If a fee deposit is required, the University will include in its response a non-binding, best efforts estimate regarding the time it will take to provide the records to the requester.

   vi. A notice that the record(s) sought has (have) not been sufficiently described to enable the University to locate the record(s).

c. The response will state the FOIA exemptions under which any information and/or documents are withheld, if applicable.

d. If any part of a request for records is denied for any reason, the response will set forth the procedures for appealing the denial.

3. Deposit Requirements

a. A fee deposit will be required when the processing of a request will result in fees equal to or greater than $50.00.

b. The required deposit will equal up to 50% of the estimated cost of fulfilling the request as calculated at the time of the initial response.

c. If the University requires a deposit, it will not process the FOIA request further until the deposit is paid.

d. If a deposit is not received by the FOIA Coordinator within 45 days of the initial notice, the request will be considered withdrawn. Notice of a deposit requirement is considered received three days after it is sent, regardless of the means of transmission.

e. If, after receipt of the deposit and further processing of the request, the University learns that the processing costs will be significantly different from the estimated costs, the University will so notify the requester. Where the actual effort to search for, review and separate exempt material significantly exceeds the original estimate, the University will notify the requester. The requester may choose to receive a revised fee deposit notice, or limit his/her original request to those records, which may be processed within the time stated in the original fee estimate.

f. A person who makes a FOIA request for which a deposit is required may withdraw that FOIA request without charge instead of paying the required deposit. Failure to pay the deposit will be deemed a withdrawal of the FOIA request.

g. The University will treat multiple concurrent FOIA requests on the same topic(s) and/or regarding the same record keeper(s) and from the same person as one FOIA request for purposes of determining whether the fee is below $50.00.

h. Where a requester who has not paid the final fee for the processing of an earlier request files a new FOIA request, the University may require a deposit of all (100%) of the estimated fees for processing the subsequent request prior to processing the subsequent request.

4. Calculation and Payment of Fees

a. Fees are calculated by adding together the following costs:

   i. The labor costs for searching for, locating, and examining responsive records
   ii. The labor costs for review, separation, and deletion of exempt information from non-exempt information
   iii. The cost of non-paper physical media, if used
   iv. The cost per copy of paper copies, not to exceed $.05/page for standard 8 ½ x 11 inch paper v. The labor costs directly associated with duplication or publication, which may include copying to non-paper media.
   vi. The cost of mailing

b. Final fees for responding to a FOIA request will be billed when the University responds to the FOIA request. A detailed FOIA fee itemization form will be provided by the University with the response. The amount invoiced must be paid within ninety (90) days. The University reserves the right to require payment in full of all fees incurred in processing a FOIA request before delivering the final, responsive documents.

c. The University’s decision to deny access to public records sought by a FOIA request because those records are, in whole or in part, exempt from disclosure does not excuse the person who files that FOIA request from payment of fees for the work undertaken by the University in response to that request.
Pursuant to Article VIII of the Michigan Constitution of 1963, Grand Valley State University (“the University”) has the responsibility to serve as a public institution of higher education. To carry out this constitutional mandate, the University owns and/or controls property and facilities. The University has established the following grounds and facility use policy to ensure the University’s educational mission is actualized, while allowing for the exchange of ideas.

This policy applies to all buildings, grounds, and other spaces owned or controlled by the University.

For purposes of this policy, the term “Expressive Activity” includes:
1. Meetings and other group activities of students and student organizations;
2. Speeches, performances, demonstrations, rallies, vigils, and other events by students, student organizations, and outside groups invited by student organizations;
3. Distributions of literature, such as leafleting and pamphleting; and
4. Any other expression protected by the First Amendment to the U.S. Constitution.

University property is primarily dedicated to academic, student life and administrative functions. But it also represents the “marketplace of ideas,” and especially for students, many areas of campus represent a public forum for speech and other Expressive Activities. For students and registered student organizations, certain areas of campus are venues for free expression, including speeches, demonstrations, and the distribution of literature, as provided by this policy.

The University shall not consider the content or viewpoint of the Expressive Activity or the possible reaction to that Expressive Activity in applying this policy. The University shall not impose restrictions on students, student organizations, or university employees due to the content or viewpoint of their Expressive Activity or the possible reaction to that Expressive Activity. In the event that other persons react negatively to a student’s, registered student organization’s, or university employee’s Expressive Activity, the University (including representatives from the Department of Public Safety) shall take all necessary steps to ensure public safety while allowing the Expressive Activity to continue, unless the University’s operations are materially and substantially disrupted.

No Expressive Activity shall be permitted to violate or hinder the rights of others within the campus community.

The University does not assume any obligation or responsibility for the content of the materials distributed.

**PROCEDURES**

A. General Rules.

Subject to the additional rules set forth herein, students and student organizations shall be allowed to conduct Expressive Activities on University property within the following parameters:

1. The Expressive Activity does not block access to campus buildings and does not impede ingress or egress to the University, any University property, parking lot, building, facility, or event (generally a minimum of 25 feet).
2. The Expressive Activity takes place at least 50 feet from academic buildings.
3. The Expressive Activity does not obstruct vehicular or pedestrian traffic.
4. The Expressive Activity does not constitute unlawful activity.
5. The Expressive Activity does not create a clear and present threat to public safety.
6. The Expressive Activity does not take place in a location that has already been reserved by the University, a registered student organization, or an outside organization.
7. The Expressive Activity may use an amplification device so long as the sound does not create a material and substantial disruption to the University’s operations.
8. The Expressive Activity does not include posting materials on University property, except as provided by the University Posting Guidelines [http://www.gvsu.edu/posting/]
9. The Expressive Activity does not include soliciting or accepting donations, except as provided in this policy.
10. The Expressive Activity takes place between the hours of 8 a.m. and 5 p.m., except as otherwise provided in this policy. Gatherings at the Carillon Tower or the Transformational Link may take place until 11 p.m.
11. Distribution of printed materials must be done in person.
12. Individuals and/or groups engaged in Expressive Activity are responsible for picking up any printed materials dropped on the ground around the areas of distribution. The University may charge such individuals and/or groups a reasonable clean-up fee if they fail to do so.

13. Parking lots, ramps, and garages are not designated or suitable for Expressive Activities, and windshield flyers are not permitted.

14. Individuals and/or groups engaging in Expressive Activity agree to pay for any damage they cause to University property.

15. For University employees, the Expressive Activity addresses a matter of public concern.

This policy shall not apply to any person or organizations desiring to sell merchandise or services on campus. Any person or organization desiring to sell merchandise or services on campus should contact the Event Services Office at 616-331-2350.

B. Outdoor Locations

For outdoor University areas, students, registered student organizations, and employees may freely engage in spontaneous Expressive Activities provided that such activities are in compliance with all other provisions of this policy.

Students and registered student organizations may reserve outdoor University facilities to solicit and accept donations for charitable causes or to engage in other Expressive Activities.

C. Indoor Locations

For indoor University facilities and areas, students, registered student organizations, and University employees may freely engage in spontaneous Expressive Activities subject to the following conditions:

1. Distribution of written or printed materials, such as leafletting or pamphletting, and petitioning for signatures may be conducted at all outdoor locations and the indoor locations specified in this policy.

2. Guests may speak at indoor locations as long as they are invited by a student or a registered student organization.

3. The Expressive Activities are in compliance with all other provisions of this policy.

Students and registered student organizations may use the Kirkhof Center for the following activities:

1. Students and registered student organizations may reserve space in the Kirkhof Center for any proper purpose, including, but not limited to, to promote a cause or event, to promote a student organization, or to solicit and accept donations for charitable causes.

2. Distribution of written or printed materials, such as leafletting or pamphletting, and petitioning for signatures may be conducted inside the Kirkhof Center, as long as the student or registered student organization reserves the space pursuant to this policy.

D. Reserving Campus Facilities

1. If students, registered student organizations, or University employees wish to reserve indoor or outdoor campus facilities, they shall submit their application for reservation to Event Services at least two business days prior to the reservation date. The University will respond to the reservation application within one business day.

2. If individuals or organizations who are not members of the University community (i.e., not students, student organizations, or University employees) wish to use campus facilities for Expressive Activities on campus, they may use either the area surrounding the Carillon Tower or the plaza surrounding the Transformational Link. Use of this space is free of charge and may be reserved by contacting Event Services at 616-331-2350. A reservation for use of the space will take precedence over a spontaneous Expressive Activity. Expressive Activities must stay within 50 feet of each of these landmarks and are to follow the General Rules provided herein.

3. Students, registered student organizations, University employees, and non-University members may reserve facilities for Expressive Activities to take place after 5 p.m., subject to the facility’s hours and availability:

4. Reservation requests will be processed and granted on a first-come, first-served basis. These requests may be denied for the following reasons only:

a. The requested venue is an indoor facility and the request conflicts with any other provision of this policy;

b. The venue is already reserved for another event(1);

c. The activity will attract a crowd larger than the venue can safely contain;

d. The activity is a clear and present threat to public safety, according to the university’s police or security department;

e. The activity will occur during college examination periods; or

f. The activity is unlawful.

5. During an event, the student, student organization, or University employee requesting the reservation is responsible for preserving and maintaining the facility it reserved. If it causes any damage to those facilities, the person(s) or organization (and its officers, if applicable) shall assume responsibility.

FOOTNOTES

(1) In the event that multiple individuals or organizations submit conflicting reservation requests, the following order of precedence shall govern: (1) official University activities and events; (2) registered student organization activities and events; (3) student activities and events; and (4) all other activities and events.

COMMERCIAL ACTIVITY POLICY

SLT 10.4.1

Date of Last Update:
November 17, 2020

Approved By:
Senior Leadership Team

Responsible Office:
Office of General Counsel

POLICY STATEMENT

Pursuant to Article VIII of the Michigan Constitution of 1963, Grand Valley State University (“the University”) has the responsibility to serve as a public institution of higher education. To carry out this constitutional mandate, the University owns and/or controls property and facilities. The University has established the following policy to ensure the University’s educational mission is actualized, while allowing certain Commercial Activities on University property.

The University reserves the right to deny proposed Commercial Activities that compete with the University or its operations. This policy does not apply to the use of student housing facilities by residents, which is subject to the terms and conditions of the housing agreement. The use of University property for government functions is not subject to this policy.

Definitions

For the purposes of this policy, the term “Commercial Activities” includes:

1. The lawful selling, promotion, or offering of products, goods, or services;

2. The dissemination or collection of information for the purpose of facilitating the sale of goods or services;

3. Any activity that attempts to raise funds, whether through the sale of goods and services or via donations for any entity; or

4. The distribution or offering of free gifts, incentives, or promotions.

PROCEDURES

1. University Departments

University departments and its service providers whose function includes the sale of food or merchandise or the use of outside vendors and/or advertisers are exempt from this policy. This includes, but is not limited to, all campus dining facilities, the Laker Store, University Athletics, and University Development.

2. Registered Student Organizations

Registered Student Organizations (RSOs) may engage in Commercial Activities on University grounds subject to the provisions in the Grounds and Facility Use Policy and the conditions below.

1. When an RSO is using University property for Commercial Activities, 100% of the proceeds must either return to the RSO or be donated to a specified charitable organization.
Social security numbers should be collected only where required or permitted by federal and state law or for legitimate university business reasons consistent with law specifically sections 2 & 3:

No more than four sequential digits of a social security number shall be on public display. Public display means to post, make visible, or set out for open view to members of the public or in pertinent part, states: “The University Office of General Counsel Responsible Office: Approved By: July 31, 2008 Date of Last Update: POLITICAL ACTIVITY POLICY SLT 10.5 Date of Last Update: September 10, 2012 Approved By: Senior Leadership Team

POLICY STATEMENT

In light of University Board of Trustees’ policies and state law, the following guidelines are intended to help faculty and staff with compliance:

1. Faculty and staff members may engage themselves, as private citizens, in political activities including support or opposition to candidates for office or ballot questions on their own time. If you are working for the University and charging your time to a federal grant, any activity to support a political candidate or ballot question must be conducted on personal time. For questions about federal grants, contact the Office of Sponsored Programs for more information.

2. University departments or programs may sponsor presentations and discussion groups about an upcoming election provided that the purpose is to provide factual information on a political subject or issue if the communication does not support or oppose a ballot question or candidate by name or clear inference.

3. Classroom discussions of candidates and ballot questions must be related to course content as described in the catalog and course syllabus. A reminder to students to register to vote and to vote is permissible.

4. Faculty and staff members may express their support or opposition to candidates or ballot questions by wearing buttons.

5. Faculty and staff members, as private citizens, may elect to lend their names to support one or more candidates for office or in support of or opposition to a ballot question. However, care must be exercised to assure that the faculty or staff member does not use their University title in relation to such advocacy.

6. Faculty and staff members shall not use University resources for political activity to support or oppose candidates for office or ballot questions. “University resources” includes, but is not limited to:

a. University funds or money administered through a University budget;
b. University facilities including office space or meeting rooms (except speech in open forum areas) or use of University office address;
c. University equipment including office or cellular telephones, computer hardware or software, printers, copiers and facsimile machines;
d. University-provided email addresses or use of the University email system;
e. University supplies including stationary, paper, postage, pens, pencils, and other office supplies;
f. University identifying marks including trademarks, logos, University letterhead, and University titles; and
g. University time including when the faculty or staff member is working or the use of clerical or student worker time.

SOCIAL SECURITY NUMBER PRIVACY POLICY SLT 10.6

Date of Last Update: July 31, 2008

Approved By: Senior Leadership Team

RESPONSIBLE OFFICE: Office of General Counsel

POLICY STATEMENT

1. Applicability This policy applies to all members of the GVSVU community including faculty, staff and students.

2. Access to Social Security Numbers. GVSVU restricts access to information or documents containing social security numbers to members of the GVSVU community who have a legitimate university business reason to access such information or documents. The heads of departments having access to records containing social security numbers shall determine which other personnel within their departments have a legitimate reason in the University’s ordinary course of business to have access to such social security numbers. Personnel using such records containing Social Security Numbers must take appropriate steps to secure such records when not in immediate use.

3. Confidentiality of Social Security Numbers. Members of the GVSVU community shall maintain the confidentiality of university information or documents containing social security numbers consistent with the law and this policy. No person shall knowingly obtain, store, transfer, use, disclose, or dispose of social security numbers except in accordance with the law and this policy.

4. Obtaining Social Security Numbers. Social security numbers should be collected only where required or permitted by federal and state law or for legitimate university business reasons consistent with law and policy.
5. Public Display. No more than four sequential digits of a social security number shall be on public display. Public display means to post, make visible, or set out for open view to members of the public or in a public manner. This includes open view on a computer screen or device.

6. Account Numbers. As of the effective date of this policy, GVSU has undertaken a systematic process to eliminate social security numbers as identification numbers for all current members of the GVSU community. Once assigned an alternative identification number, neither the University nor the individual may return to the use of a social security number as an identification number for that person.

7. Mailed Documents. Documents containing more than four sequential digits of a social security number shall only be sent by mail in cases where state or federal law, rule, regulation, or court order or rule authorizes, permits or requires that a Social Security number appear in the document, the document is sent as part of an application or enrollment process initiated by the individual, at the request of or with the permission of the individual, their parent or guardian, or with regard to an employee or health insurance benefit. Documents containing more than four sequential digits of a social security number, that are properly sent through the mail, shall not reveal the number through the envelope window or otherwise be visible from the outside of the envelope or package. Mail includes delivery by regular US mail, campus mail, or any other delivery service that does not require the signature of the recipient indicating actual receipt.

8. Freedom of Information Act Requests. Where more than four sequential digits of a social security number are contained within a document subject to release under the Freedom of Information Act, the social security number shall be redacted or otherwise rendered unreadable before the document or copy of the document is disclosed. Any request for disclosure of documents under the Freedom of Information Act shall be first referred to the Division of Legal, Compliance and Risk Management.

9. Storage of Documents. All documents containing social security numbers shall be stored in a physically secure manner. Social security numbers shall not be stored on computers or other electronic devices that are not secured against unauthorized access.

10. Disposal of Documents. Documents containing social security numbers will be retained in accordance with the requirements of state and federal law and consistent with the legitimate business needs of GVSU. At such time as documents containing social security numbers may be disposed of, such disposal shall be accomplished in a manner that protects the confidentiality of the Social Security numbers, such as by shredding.

11. Unauthorized Use or Disclosure of Social Security Numbers. GVSU shall take reasonable measures to enforce this Privacy Policy and to correct and prevent the recurrence of any known violations. Anyone who knowingly obtains, uses or discloses social security numbers for unlawful purposes or contrary to the requirements of this policy, state or federal law, shall be subject to discipline up to and including discharge for employees or expulsion for students consistent with existing disciplinary policies. Additionally, certain violations of the Act carry criminal and/or civil sanctions. GVSU will cooperate with the appropriate law enforcement or administrative agencies in the apprehension and prosecution of any person who knowingly obtains, uses or discloses Social Security numbers for unlawful purposes.

12. Lawful and Required Use. Nothing in this policy is designed to prohibit the collection, retention or transmission of documents or records containing Social Security numbers as required or permitted by state or federal law, rule or regulation, at the request of or with permission of the individual, for administrative use in the ordinary course of business to verify identity, to pursue legal rights of GVSU, or to provide or administer employee benefits such as health or retirement benefits.

VOLUNTEERS POLICY

SLT 10.7

Date of Last Update: April 25, 2013

Approved By: Senior Leadership Team

Responsible Office: Office of General Counsel

POLICY STATEMENT

This policy is intended to reduce the risk related to the use of volunteers and their activities. The University accepts volunteer support to accomplish its educational mission and desires to ensure that volunteer relationships with the University are clearly established and understood by all parties. Payment for volunteer services is not allowed. However, University departments may reimburse volunteers for actual and reasonable expenses, following the appropriate university policies. The University requires the same attention to duties and responsibilities for volunteers as it does for employees of the University. This policy also does not cover or govern volunteers who agree to serve as human subjects in University research protocols, as they are covered by other policies under the administration of the Human Research Review Committee.

PROCEDURES

Relationship

Volunteer arrangements may not be used to circumvent the established processes that govern the employment of people. Volunteers do not have an employment relationship with the University on any grounds or for any reason and are not covered by the Fair Labor Standards Act, Michigan wage laws, or the Youth Employment Standards Act, and are not eligible for any University benefit, including Worker's Compensation, or any other benefits of employment from the University, including but not limited to, health care, vacation, or sick time. Volunteers are not provided with accident or medical insurance, and are therefore responsible for any accident or medical expenses that may be incurred as a result of the volunteer assignment.

Payment for volunteer services is not permitted under any circumstance. However, the appropriate department has the authority to decide whether to reimburse a University volunteer for actual and reasonable expenses so long as the expenses fall under the University's reimbursement guidelines located on the Business and Finance website. Reimbursement cannot be used as a substitute for compensation nor can it be linked to the volunteer's productivity.

Volunteers may not receive any institutional marketing materials reflecting their name and the University logos such as: business cards, letterhead, unless approved by the appropriate Vice President or Senior Leadership Team member.

Protection of Volunteer

According to the Board Policy BOT 10.3, Indemnification:

"It is the policy of Grand Valley State University to support its Board members, officers, faculty, and staff in the reasonable and proper performance of their official duties, and to support students and volunteers when performing services on behalf of or under the direction of the university."

Volunteers are indemnified in the same manner as employees. It is important that the department or unit managing the volunteer maintain records as specified in this policy in order to ensure their volunteers are properly covered.

Eligibility

To be eligible to become a volunteer, one must:
1. Be willing to provide services according to this policy, complete and sign a Grand Valley State University Volunteer Profile, Disclosure, and Consent Form as well as other associated forms if deemed appropriate,
2. Have parental consent if under the age of 18,
3. Complete the Authorization for Release of Information for Background Check if the volunteer assignment involves working directly with minor children, money or access to confidential information regarding employees, students, health, financial data, etc., and
4. Be authorized through the Department of Public Safety if the volunteer assignment requires operating a vehicle owned or leased by the University.

Responsibilities of the University Department Engaging Volunteers

Departments must keep records of volunteer names, dates of service(s), and services performed for a period of one year following the end of the volunteer assignment.

It is the responsibility of the individual unit to ensure that volunteers are aware of the unit's rules and regulations. Volunteers must have the necessary training and/or supervision to safely carry out volunteer work. If the volunteer assignment involves providing professional services such as those performed by accountants, architects, doctors, engineers, etc., the department must assure that the volunteer has the appropriate credentials including licensure and/or certification.

One exception is that any legal services or assistance, whether by a volunteer or otherwise, must have prior written approval of the Vice President and General Counsel. According to Board policy, as stated in the Board of Trustees' Policies, all legal services must be provided through the Division of Legal, Compliance and Risk Management.
If the volunteer assignment requires operating a vehicle, the volunteer must have a valid driver's license, and have a good driving record as determined by the Department of Public Safety.

Responsibilities and Rights of the University Volunteer

Volunteers are responsible for complying with all University policies and all relevant laws including but not limited to: personal conduct, sexual assault, unlawful discrimination and harassment, compliance, workplace violence, substance abuse; misuse of confidential information; use of University technologies; financial responsibility; and vehicle use. Volunteers are not considered agents of the University unless the authority has been expressly delegated to them by an authorized University official. Volunteers are also expected to comply with any rules and regulations specific to the department for which they are volunteering.

Risk Management

Volunteers cannot replace employee positions. Volunteer services are generally limited to humanitarian, charitable, or public services. University volunteers are also prohibited from performing the following activities:

1. Working in any capacity in which he/she is employed by the University, or which is essentially similar to the individual’s regular work at the University, or under circumstances that suggest the decision to volunteer is not made freely.
2. Operating heavy equipment e.g. forklift, hi-lo, backhoe, etc.,
3. Working with highly hazardous or toxic chemicals or agents and/or dangerous equipment or environments i.e.: anything that could cause severe injury or death,
4. Any activity considered inappropriate for an employee.
5. Entering into any contract on behalf of the University,
6. Rendering professional services without possessing the required credentials,
7. Any actions beyond the scope of the volunteer assignment, and
8. Provide legal advice or assistance without prior written approval from the University Counsel.

In some cases where the volunteer assignment involves higher levels of risk exposure to the individual and others, the University department is responsible for disclosing those risks to the volunteer in writing. This will assure that information about the risks associated with the volunteer assignment are clearly communicated to the individuals who are engaged as university volunteers. Examples of services that require risk disclosure include but are not limited to:

1. Laboratory activities,
2. Services with potential exposure to bloodborne pathogens,
3. Professional services that require licensure and/or certification such as those performed by accountants, architects, doctors, engineers, etc. and trade services such as construction, plumbing, electrical, etc,
4. Travel of any kind,
5. Activities in any environment which requires orientation or training, and
6. Activities with patients and/or subjects of experiments.

Use of Volunteer Procedures

The procedures and forms to implement this policy can be found on the Risk Management Website.

DEFINITIONS

A volunteer is defined as an uncompensated individual who performs services directly related to the operations of the University for its benefit, to the mission of the University, or for the volunteer to gain experience in specific endeavors. To qualify as a volunteer, an individual must be willing to provide services according to the directions of the appropriate University representative. An individual who provides services for an entity that is not directly related to the business of the University (e.g., a government or public agency), is not considered to be a University Volunteer for the purposes of this policy.

EMAIL POLICY

SLT 11.2

Date of Last Update: October 09, 2015

Approved By: Senior Leadership Team

Responsible Office: Information Technology

POLICY STATEMENT

Grand Valley State University provides its faculty, staff, and students with electronic mail intended for University-related purposes including direct and indirect support of the University's instructions, research, and service missions; of University administrative functions; of student and campus life activities; and of the free exchange of ideas among members of the University community and between the University community and the wider local, national, and world communities.

The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder's consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional circumstances inspect, monitor, or disclose electronic mail.

PROCEDURES

Applicability

This Policy applies to:

• All electronic mail systems and services provided or owned by the University
• All users, holders, and uses of University e-mail services
• All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.

This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:

• Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the Electronic Communications Privacy Act and the Computer Fraud and Abuse Act, which prohibit unauthorized use or entry into another's account; the University’s Student Code; the University’s Anti-Harassment policy; and all applicable software licenses.
• Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.
• Act within the normal standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations and law.
• Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.
• Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth limit or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.
• Inspection, monitoring, or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

Specific Provisions

A. Users
Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVSU retains the right to remove email services at any time.

B. Account Usage

GVSU has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual's responsibility to do so.

Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University's computer system without proper authorization. Any attempt by a user to gain access to another person's network account, private network drive, or restricted areas on the GVSU computer system is prohibited.

University e-mail services shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unwarranted or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) "spam," that is, to exploit listservs or similar broadcast systems for purposes beyond their intended scope to amplify the widespread distribution of unsolicited e-mail; and (3) "letterbomb," that is, to resend the same e-mail repeatedly to one or more recipients to interfere with the recipient's use of e-mail.

C. Representation

Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is: "These statements are my own, not those of the Grand Valley State University."

Policy Violations

Violations of University policies governing the use of University electronic mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under other University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A for detail on additional policies and guidelines.

Security and Privacy

The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their users' accounts. Users should be aware, however, that the University didn't guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSU is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their use of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when

a. The user has voluntarily made them accessible to the public
b. It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
c. There is reasonable cause to believe that the user has violated, or is violating, this Policy
d. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns

e. It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

Posting and Authority to Change

Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel. Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel.

EMAIL SIGNATURE BLOCK POLICY

SLT 11.2.1

Date of Last Update:
August 08, 2020

Approved By:

- Senior Leadership Team
An out of office greeting should provide the caller with an alternative name and telephone number to contact in case of emergency. All greetings are to be personalized and changed when users intend to be out of the office for more than one day, especially if they do not plan to check voicemail. A department main number is never to be forwarded to a voicemail.

PROCEDURES

Voicemail must follow the following procedures.

Voicemail is offered to all AP and faculty personnel. Voicemail must be approved for PSS personnel and departmental lines by a Dean or Vice Provost and Vice President. Personal lines and other lines that utilize Information Technology must be approved by the Director of Information Technology. Voicemail is intended to provide a substitute device for use on the campus network while the user awaits repair of the original device. To report that a device might be infected, contact Information Technology immediately at 331-2101.

Information Technology personnel shall provide their identification and authorization to the device user that authorizes them to remove the afflicted device prior to its removal. For additional verification, you may call the IT Service Desk at 331-2101 and ask for a Level 2 staff member to verify the authorization to pick up a computer. To minimize interruption, Information Technology will take reasonable steps to provide a substitute device for use on the campus network until Information Technology personnel verify it is no longer compromised. Despite the disruption this may cause to the individual user, the user is required to produce any infected device to Information Technology immediately upon request in order to prevent information disclosure, data file destruction, or exploitation of the compromised account.

When a device or account connected to the GVSU campus network is compromised by a virus or malicious software, the network is at great risk of harm due to potential damage of university data or disclosure of sensitive information. To preserve the health of the network and the devices connected to it, the infected device must IMMEDIATELY be disconnected and removed or the account blocked from the campus network until Information Technology personnel verify it is no longer compromised. Despite the disruption this may cause to the individual user, the user is required to produce any infected device to Information Technology immediately upon request in order to prevent information disclosure, data file destruction, or exploitation of the compromised account.

An out of office greeting should provide the caller with an alternative name and telephone number to contact in case of emergency.
The following guidelines will be applied to determine appropriate use of Services:

1. Accounts granted are intended solely for the use of the person the account was issued and shall not be shared.
2. To respect the privacy of other users. Users shall not intentionally seek information on, obtain copies of, or modify files, or passwords belonging to other users or the University, or represent others, unless explicitly authorized to do so by those users.
3. To respect the legal protection provided by copyright and licensing of programs, data, photographs, music, written documents and other material as provided by law.
4. To respect the intended usage of accounts and authorization for specified purposes only.
5. To respect the integrity of the system or network. One shall not intentionally develop or use programs, transactions, data, or processes that harass other users or infiltrate the system or damage or alter the software or data components of a system.
6. To adhere to all general university policies and procedures including, but not limited to, policies on proper use of information resources, information technology, and networks; acquisition, use, and disposal of University-owned computer equipment; use of telecommunications equipment; ethical and legal use of software; and ethical and legal use of administrative data.
7. Using university technology resources for commercial use is strictly prohibited. Such resources are to be solely used in conjunction with doing business for GVSU or purposes directly related to academic work.
8. To refrain from unauthorized use of network Services which significantly hampers other GVSU constituents network access.
9. Unauthorized use of GVSU networks and/or computers for non-academic purposes is prohibited, including revenue generating advertising and promotion of business not related to GVSU.
10. Network connections in Student Housing are intended strictly for client access to GVSU and Internet resources. Residents are not permitted to offer services to other computers, either external or internal, within the GVSU Housing Network. External requests for services destined to the GVSU Housing Network are not permitted. Information Technology reserves the right to disable network connections within the GVSU Housing Network if complaints are received and it is verified that a computer is offering an internal service.
11. The Computer Science and Engineering departments have dedicated networks that can be used for servers that need to offer services to other computers for educational purposes; in this case the department is responsible for monitoring and approving the services that are offered as well as verifying that the computers have been patched and secured against known Internet attacks.
12. All users of Grand Valley’s e-mail accounts are expected to adhere to the Electronic Mail Policy.
13. All users of Grand Valley’s external network connections (i.e., Merit and NSFNET) shall comply with the evolving “Acceptable Use” policies established by the external networks’ governing bodies.

The intent of this policy is to identify certain types of uses that are not appropriate. Using the guidelines given above, GVSU may at any time make a determination that a particular use is not appropriate.

GVSU will not monitor or judge the content of information transmitted via the Services, but will investigate complaints of possible inappropriate use. In the course of investigating complaints, GVSU staff will attempt to preserve the individual’s privacy. GVSU is subject to the Freedom of Information Act and may be required to supply personal computing information.

POLICY STATEMENT
Technology provides multiple avenues for creating, collecting and distributing information. The ease of access to this information does not preclude the responsibility of understanding the legal issues involved in intellectual property.

PROCEDURES
Copyright law protects all material unless placed in the public domain, electronic and digital media included. Owners of copyrights hold exclusive right to the reproduction and distribution of their material.

Unauthorized use and distribution of copyrighted material is illegal. Legal action against the individual as well as the university may occur, this includes all audio and video files.

The GVSU Library Course Reserve Department processes copyright clearance for all materials placed on library course reserve by professors. This includes both paper (traditional) and online digital access.

The Digital Millennium Copyright Act (DMCA) of 1998 provides recourse for copyright owners who believe that their rights have been infringed by unauthorized use of their protected works at an online location. Copyright owners may contact the service provider to request that the infringing material be removed or access blocked. Grand Valley State University’s designated DMCA agent is:

CONFIDENTIALITY, DATA & SECURITY POLICY
SLT 11.7

Date of Last Update:
December 08, 2014

Approved By:
• Senior Leadership Team

Responsible Office:
Information Technology
POLICY STATEMENT

Grand Valley State University regards security and confidentiality of data and information to be of utmost importance. As such, individuals employed by the University must follow the procedures outlined below.

PROCEDURES

Confidentiality of Data

Each individual granted access to data and information holds a position of trust and must preserve the security and confidentiality of the information he/she uses. Individuals are required to abide by all applicable Federal and State guidelines and University policies regarding confidentiality of data including, but not limited to, the Family Education Rights and Privacy Act (FERPA). FERPA protects student information and may not be released without proper authorization. Requests for information/documents should be referred to the Registrar's Office or the Legal, Compliance & Risk Management Office.

Individuals with authorized access to Grand Valley State University's computer resources, information system, records or files are given access to use the University's data or files solely for the business of the University. Specifically, individuals should:

- Access data solely in order to perform his/her job responsibilities.
- Not seek personal benefit or permit others to benefit personally from any data that has come to them through their work assignments.
- Not release University data other than what is required in completion of job responsibilities.
- Not exhibit or divulge the content of any record, file or information system to any person except as it is related to the completion of their job responsibilities.

Additionally, individuals are not permitted to operate or request others to operate any University data equipment for personal business, to make unauthorized copies of University software or related documentation, or use such equipment for any reason not specifically required by the individual's job description.

It is the individual's responsibility to report immediately to his/her supervisor any violation of this policy or any other action, which violates confidentiality of data.

Security Measures and Procedures

Some individuals employed by the University are supplied with a network account to access the data necessary for the completion of their job responsibilities. Users of the University information systems are required to follow the procedures outlined below:

1. Storage of student or staff confidential data on local storage media (Laptops, Desktops, CDs, Thumb drives, etc) without proper data encryption is strictly prohibited. Please contact Information Technology to discuss secure options if confidential data must be transported outside of the secure network.
2. All transactions, processed by a user ID and password, are the responsibility of the person to whom the user ID was assigned. The user's ID and password must remain confidential and must not be shared with anyone.
3. Access to any faculty or staff account may be granted by the faculty/staff member and/or the direct supervisor for specific job requirements. You are prohibited from viewing or accessing additional information (in any format). Any access obtained without written authorization is considered unauthorized access.
4. Passwords should be changed periodically or if there is reason to believe they have been compromised or revealed inadvertently.
5. Upon termination or transfer of an individual, Information Technology will immediately remove access to GVSU data. The email account may stay active for a period of up to 30 days.

Access to University data and information is for the sole purpose of carrying out job responsibilities. Breach of confidentiality, including aiding, abetting, or acting in conspiracy with any other person to violate any part of this policy or FERPA policy, may result in sanctions, civil or criminal prosecution and penalties, loss of employment and/or University disciplinary action, and could lead to dismissal, suspension, or revocation of all access privileges.

FACULTY/STAFF ABUSE OF TECHNOLOGY

SLT 11.8

Date of Last Update:
April 19, 2015

Approved By:
Senior Leadership Team

Responsible Office:
Information Technology

POLICY STATEMENT

Information Technology has two primary policies in place that deal with technology resources:

Conditions of Use: As members of the Grand Valley State University community, all users have the responsibility to use the university’s information technology resources in an effective, ethical, and legal manner. This document outlines these responsibilities.

E-Mail Policy: This Policy clarifies the applicability of law and of other University policies to electronic mail. It also defines new policy and procedures where existing policies do not specifically address issues particular to the use of electronic mail.

The policies and procedures to deal with abuse of technology resources for faculty and staff are outlined below.

Level I - Complaint
- Complaints may be received from an internal or external GVSU constituent
- Upon verification of abuse by an Information Technology staff member, the information is communicated to either the Vice Provost and Dean of Academic Services or the Director of Information Technology
- Upon review from the Vice Provost and Dean of Academic Services and/or the Director of Information Technology, the complaint is further acted upon or discarded.

Level II - Contact/Action for First Offenders
- The individual who has abused the technology privileges is contacted by phone by a designated IT staff member under the direction of the Vice Provost and Dean of Academic Services and/or the Director of Information Technology
- The individual will be sent a notification from IT via email of the abuse infraction and asked to return the email with their understanding and intent to comply with the policy.
- The email notification/compliance will be kept on file.

Level III - Contact/Action for Second Offenders
- The individual account will be suspended immediately (disable ability to send/receive messages).
- The individual who has abused the technology privileges is contacted by phone by a designated IT staff member under the direction of the Vice Provost and Dean of Academic Services and/or the Director of Information Technology
- If the individual cannot be reached, an attempt to reach them via the secretary, Chair or Dean is pursued until the individual is contacted.
- The individual is apprised of their abuse and asked to refrain from continuing the infringement. If email related, the individual will be required to retract the offending message.
- The individual will be sent a notification via email of the abuse infraction and asked to return the email with their understanding and intent to comply with the policy.
- The email notification/compliance will be kept on file.

Level IV - Contact/Action for Third Offenders
- The individual account privileges will be completely suspended upon the third offense.
- The individual who has abused the technology privileges is contacted by phone by a designated IT staff member under the direction of the Vice Provost and Dean of Academic Services and/or the
Director of Information Technology

- If the individual cannot be reached, an attempt to reach them via the secretary, Chair or Dean is pursued until the individual is contacted. The individual Dean or manager is contacted concerning the repeated abuse.
- The HRO office is contacted concerning the repeated abuse.
- The individual is apprised of their abuse and told that their privileges have been revoked.
- The individual Dean or manager must contact the Vice Provost and Dean of Academic Services or the Director of Information Technology to discuss possible reinstatement of privileges.
- Upon discussion with the Provost (for faculty issues) and the HRO office (for staff issues), the determination to reinstate the technology privileges will be determined.
- The decision will be kept on file.

**Overriding Issues**

- If at any time, the technology resources that have been abused are in jeopardy of causing mass problems for GVSU constituents or the network/infrastructure have been compromised, the Vice Provost and Dean of Academic Services or the Director of Information Technology may choose to immediately suspend the individual account to ensure the integrity and continuation of services for the rest of the constituents.

Approved By:
POLICY STATEMENT

It is the responsibility of all employees of the University to protect sensitive data against loss or theft. Awareness, education and practice of the following procedures can assist in this matter. These procedures are in place to help protect employees, customers, contractors and the university from damages related to the loss or misuse of sensitive information.

This document refers to securing sensitive data and physical hardware within an office environment or mobile environment where data may be referenced (at home or on a laptop). It is not meant to address electronic data stored on university servers.

PROCEDURES

Goals

In order to effectively protect and secure university data, the following goals have been established:

a) Create, distribute and annually review the “Secure Office Procedure” document
b) Train all staff members whose jobs relate to sensitive data on both the “Secure Office Procedure” and Information Security Best Practices

c) Train departmental managers to be aware of the importance of the procedures and the need to enforce them

Staff Training

Employee awareness and education is an integral part of securing sensitive data for the university. The following procedures will be enforced to ensure proper training:

a) Upon hire, the Secure Office Procedure and Setting Strong Password documents are emailed to the new employee Secure Office Procedures Page 2 of 4
b) Secure Office Procedure and Setting Strong Password documents are sent annually to all employees via email
c) Internal training, specific to each area, will be provided to employees who have access to sensitive data
d) Information Technology will provide Best Practices information at IT seminars and offer to attend annual departmental meetings to cover the below topics:

   i. Awareness of Social Engineering schemes
   ii. Secure Office Procedures
   iii. Strong Password creation
   iv. Data storage
   v. Data encryption
   vi. Backups
   vii. Anti-virus and Anti-spyware tools
   viii. Non-secure technologies

GENERAL OFFICE SECURITY PRACTICES

The following procedures should be followed within office suites, individual offices or workrooms and mobile locations where data may be referenced:

a) Keys or keycards used for access to sensitive data should not be left unattended
b) Passwords should not be shared or written down and left in accessible locations
c) If you have a student that will regularly be using your machine, contact the IT Service Desk and request a staff account for that student. (Do NOT give out your password)
d) Make certain passwords aren’t common information such as date of birth, names of children, pets, telephone numbers, etc.
e) When you leave your workstation, lock your computer screen
f) Lock up laptops, USB drives, external drives, etc. when unsupervised
g) Contact the IT Service Desk when a computer is to be passed to a new user. IT will clean the computer, removing previous data and place a clean image on the machine.
h) Printouts containing sensitive data should be removed from networked printers immediately and placed in a secure location.
i) Dispose of sensitive data on hard copy by shredding immediately
j) Departmental front desk staff should confirm identity of all visitors (GVSU staff/students or non-GVSU employees) who are entering their area(s)

   i. Employees should feel comfortable requesting what unit someone is from and the purpose of their visit
   ii. Employees should feel comfortable confirming meeting prior to allowing staff member/student employee to proceed within their departmental areas
   iii. Confirm with the GVSU employee they are scheduled to meet
   iv. Non-GVSU employees must be escorted to/from meeting area/work area
   v. Request ID if necessary
   vi. Provide front office staff the ability to view your calendar or print a schedule of your meetings in advance so they will expect attendees

k) All staff should be responsible to watch for or listen to any unusual activity and to be cognizant of their surroundings.

Sensitive Information

Sensitive data can be distributed via hard copy or electronic means within an office. When given the choice, store data electronically versus printing a hard copy. Consider scanning a document to store it electronically versus hard copy.

a) “Sensitive information” includes but is not limited to the following items, whether stored in electronic or printed format:

   i. All FERPA protected data
   ii. Credit card number (in part or in whole)
   iii. Credit card expiration date
   iv. Cardholder name
   v. Cardholder address
   vi. Social Security Number
   vii. Business Identification Number
   viii. Employer Identification Number
   ix. Paychecks
   x. Paystubs
   xi. Benefit information
   xii. Giving information/history
   xiii. Health information
   xiv. Content of external grants or contracts

b) Securing hard copy sensitive data:

   i. Lock cabinets containing sensitive data when not in use or when away for extended periods of time
   ii. Storage rooms containing sensitive data should be locked at the end of the day or when unsupervised
   iii. Desks, workstations, common work areas, printers, and fax machines should be cleared of all sensitive data when not in use
iv. Whiteboards, dry erase boards, writing tablets, etc. should be erased, removed or shredded when not in use
v. Documents to be shredded should be done so immediately or locked up until shredding can occur
vi. At the end of the day, all sensitive data should be in a locked drawer or cabinet
c) Securing electronic sensitive data. Please contact Information Technology if there are questions in how you are storing/sharing sensitive data electronically.
   i. Refrain, when possible from storing sensitive data on your personal computer hard drive or any external personal devices. Instead use the network drive space.
   ii. If storing sensitive data is required on your personal computer hard drive or an external device, encryption and password protection should be applied
   iii. Engage the screensaver when workspace is unoccupied
   iv. Computer workstations should be shut down completely at end of work day
   v. Lock laptop or external devices containing sensitive data when not in use
   vi. Make certain data and/or PC work station screens are not visible to the public (e.g. near windows, entry/exit doors, etc.)
   vii. If email is used to share sensitive data, encryption and/or password protection should be used. The following statement should accompany the body of the email:
   ”This message may contain confidential and/or proprietary information and is intended for the person/entity to whom it was originally addressed. Any use by others is strictly prohibited.”

SOFTWARE SUPPORT POLICY
SLT 11.12

Date of Last Update:
April 19, 2015

Approved By:
Senior Leadership Team

Responsible Office:
Information Technology

POLICY STATEMENT

Information Technology is responsible for providing software support to the campus community. IT resources are finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.

PROCEDURES

The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Standard software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.
