Faculty and staff members can expect that a right to a reasonable degree of privacy will be honored and that the confidential character of certain personnel data will be respected as such. Generally, release of information and/or access to such information should be restricted in accordance with the policies of the University. Whenever possible, information released for public purposes shall be in a form which will protect the anonymity of the individual; however, as of October 1979, Michigan law does require that salary information be available to the public. All personnel information collected shall be pertinent to the needs of the University. Access to personnel files is limited to those persons responsible for personnel and the faculty or staff member’s supervisor. Letters of recommendation are the confidential property of the provider. A faculty or staff member will not be given access to letters of recommendation concerning himself/herself unless the provider of such recommendation agrees, in writing, to allow such access. All personnel records will be retained for the length of the faculty or staff member’s service and thereafter in compliance with all applicable federal, state and local laws. Temporary records such as insurance claims will be maintained only so long as they have a useful life. Records of terminated faculty and staff members will be maintained for a minimum of seven years and thereafter only those portions having a useful life will be maintained. Information of an official nature for state and federal agencies will be provided to the extent of the matter at hand and within the limits of the law. No anonymous information will be maintained in the files. Records of disciplinary actions will be placed in the personnel files only after the individual has had an opportunity to view a copy. The University will provide prospective employers with title, employment dates, and eligibility for rehire status only, unless additional information is requested by the faculty or staff member or former faculty or staff member. Recommendations by individual supervisors may be made at their own discretion and at their own risk, recognizing that the University may be responsible for the information given.

GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF - OBLIGATIONS OF APPOINTEES

BOT 4.1.10

POLICY STATEMENT

4.1.10 Obligations of Appointees. As the result of accepting an appointment, the recipient becomes obligated to comply with all policies and regulations of the University applicable to the position including those in effect at the time of appointment and those duly adopted and issued thereafter. This obligation does not contravene the appointee's rights of academic freedom or the express terms and conditions of the appointment. Among such policies are the following:

4.1.10.1 Outside employment. Since faculty and staff members are required to fulfill their responsibilities completely and effectively, any outside employment which a faculty or staff member wishes to undertake must be approved in advance by the Appointing Officer.
4.1.10.2 Rights in published material, inventions and secret processes. The University seeks to promote the public good through excellence in teaching, active scholarship, and service. In the course of these activities, faculty, staff, and students create Intellectual Property that may be eligible for copyright, patent, and other forms of legal protection. In order to reinforce the fairness of mutual commitment and in the spirit of academic freedom, the University recognizes the rich and varied products of individual scholarship, in all its manifestations, are rightly the property of the Creator except as otherwise defined by this Section 4.1.10.2. The University also recognizes that Intellectual Property should remain available for the benefit of the entire University community and that the Creators shall not use Intellectual Property in conflict or competition with the University. Therefore, the University community seeks to establish an environment in which the creation of Intellectual Property is suitably recognized as an academic achievement and in which the benefits of intellectual property to the creators, the University community, and the general public are optimized.

A. Ownership. All Intellectual Property shall be owned by its Creators when such Intellectual Property is not considered 1) work made for hire; 2) expressly assigned or commissioned by the University; 3) grant or contract funded through the University; or 4) to require more than nominal use of University resources. Irrespective of ownership, Creators shall disclose promptly and with full disclosure, in the manner prescribed by the University in order to protect confidentiality of the Intellectual Property, to the Finance and Administration Office any Intellectual Property discovered or created as a result of 1) work made for hire; 2) expressly assigned or commissioned by the University; 3) grant or contract funded through the University; or 4) more than nominal use of University resources. The President or designee by written agreement is authorized to make exceptions to this paragraph.

B. Rights to use. In the event the Intellectual Property is owned by the Creator but involved University resources in the discovery or creation of the Intellectual Property, the University will retain a non-exclusive license to use the Intellectual Property within the University provided attribution is given to the Creator(s) of the Intellectual Property. In the event the Creator leaves the employ of the University, the University shall be able to modify the Intellectual Property for use within the University.

C. Commercial Application. Three options for the commercialization of a technology are noted below. The option will be chosen by Creator(s) and the Finance and Administration Office jointly, prior to the expenditure of substantial University resources. The option chosen should be that which best serves the mission of the University, including the objectives of this policy, and which is consistent with the available technology transfer resources of the University. The following three options for commercialization are available:

1. Licensing Third Parties. The University may license or assign Intellectual Property to external entities for further development and commercialization in exchange for a return on resulting revenues. The University and Creator shall divide the return on resulting revenues using one of the two formulas as follows:

   A. The University and the Creator divide the gross revenue 70% to the University and 30% to the Creator but the University assumes the expenses related to legal protection, marketing and commercialization and licensing and other transactional expenses related to the Intellectual Property; or,

   B. The University and the Creator divide the net revenue 50% to the University and 50% to the Creator but the University first recovers its expenses related to legal protection, marketing and commercialization and licensing and other transactional expenses related to the Intellectual Property.

If the University decides not to protect or license the Intellectual Property, or subsequently decides to not pursue commercialization of the Intellectual Property it may be reassigned to the Creator(s), upon request, in accordance with option 3 below.

2. Licensing Business Entities in which a Creator holds an ownership or management interest. The University or an affiliated entity may enter into license agreements with business entities in which the Creator holds an ownership interest. The terms may include royalty payment, equity interest, or a combination thereof.

3. Reassignment of ownership to Creator. The University may reassign ownership of Intellectual Property to Creator(s) who elects to market and protect the Intellectual Property. The return to the University for a reassignment of ownership will be ten percent (10%) of the net revenue generated by the Intellectual Property.

D. Definitions.

1. "Creator" shall mean a faculty or staff member who invents, discovers or creates Intellectual Property using University resources.

3. "Academic Works" shall mean Intellectual Properties that are artistic, scholarly, instructional or entertainment in nature and are not Technical Works. Academic Works include instructional materials, books, journal articles, written reports of research, to the extent that they do not contain Technical Works, creative writings, manuscripts, music and art work.

4. "Technical Works" shall mean Intellectual Properties that are generally of a scientific, engineering or technical nature such as patentable or unpatentable inventions, devices, machines, processes, methods, invented or manufactured substances, and computer software.

5. "Nominal Use of University Resources" shall mean use that is customary or usual within the faculty, staff and student's appointment and assignment such as the use of an assigned office, computer, computing network, photocopier or similar reproduction device, telephone or similar telecommunication device, and office supplies in the ordinary support of his or her teaching, scholarly activities and service.

4.1.10.3 Oath of Teachers. Before serving in a teaching position, an appointee will have taken and subscribed the following oath or affirmation as required by Act 23 of the Public Acts of 1935:

"I do solemnly swear (or affirm) that I will support the Constitution of the United States of America and the Constitution of the State of Michigan, and that I will faithfully discharge the duties of my position according to the best of my ability."

4.1.10.4 Research Integrity. Research, scholarship and creative activities are central to fulfilling the mission of the University. It is policy of the University that all employees, students, partners and affiliates always perform their roles related to research, scholarship and creative activity with ethical integrity. This requirement reflects a culture publicly committed to developing and fostering the highest standards of professional ethics. Research integrity is demonstrated in the decisions and actions that exemplify our core ethical values. The core ethical values in research related activities, including scholarship and creative performance, include: 1) truthfulness and honesty; 2) non-maleficence and beneficence; 3) trustworthiness, reliability, confidentiality, respect, and collegiality; and 4) accountability.

1. Truthfulness and Honesty. Intellectual and creative activities require thoroughgoing truthfulness and honesty in proposing, conducting and reporting research related activities, scholarship and artistic performance.

2. Non-maleficence and Beneficence. Endeavors involving human or animal subjects require balancing non-maleficence with beneficence in minimizing burdens to research subjects in relation to the potential benefits to those subjects and others.

3. Trustworthiness, Reliability, Confidentiality, Respect, and Collegiality. Research integrity requires trustworthiness and reliability in recognizing and building on the prior work of others, confidentiality in peer review and assessment, and respect and collegiality in interactions with colleagues and students.

4. Accountability. The broader community's welfare depends upon explicit researcher accountability for all research, scholarship and creative performance related activities, and for reporting misconduct about which one has direct knowledge.

BRIDGE FUND REQUEST POLICY

SLT 3.2

Date of Last Update: July 31, 2008

Approved By: Senior Leadership Team

Responsible Office: Center for Scholarly and Creative Excellence

POLICY STATEMENT

Grand Valley State University does not encourage creating nor approving a Request to Add a New Fund (RANF) and establishing a FOAP prior to the official receipt of a fully executed award. A fully executed award is an externally sponsored agreement (grant, contract, or cooperative agreement) that is signed by the duly authorized official of both the external sponsor and Grand Valley State University. It is important to note that any expenses incurred prior to an award and without the appropriate approvals place the University at risk.

However, in some extraordinary situations, effective project management or research necessitates incurring expenses prior to the receipt of a fully executed award. In such cases, Principal Investigators may request a “bridge fund” be established in anticipation of the fully executed award. Principal Investigators should contact the Office of Sponsored Programs (OSP) to initiate a Bridge Fund Request.

PROCEDURES
In an effort to minimize the risk to the University, the Office of Sponsored Programs will verify with the sponsor the allowability of pre-award costs, the anticipated award amount, and the period of performance. Once OSP receives verification in writing from the sponsor’s grants or contracts officer, the responsible Principal Investigator, Chair/Unit Head, Dean, and University Authorizing Official are all required to agree in writing to proceed with the expenditure of University funds in anticipation of the award. This agreement will be prepared by OSP in consultation with the Office of Business and Finance. It will be the responsibility of the Principal Investigator to obtain the required signatures of the appropriate Chair/Unit Head, Dean, University Authorizing Official, and Executive Officer (Office of the Provost).

The Bridge Fund Request will be processed in a manner similar to the Request to Add A New Fund. However, attached to the Bridge Fund Request will be:

1. Written verification from the sponsor (signed by the sponsor Grants/Contracts Officer) received by OSP

2. Bridge Fund Request Agreement signed by the Chair/Unit Head, Dean, and University Authorizing Official

3. A copy of the proposal application, narrative & budget

A Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount. The maximum allowable amount requested will be verified by OSP in consultation with the Office of Business & Finance. If the award is for multiple years, the Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount for the first year of the funding. Upon the official receipt of the fully executed award, the bridge fund transition into the official FOAP for the project.

Should funding not be received from the sponsor (e.g. the award start date is delayed, or the costs are determined to be unallowable, etc.) coverage of costs incurred on the project becomes the responsibility of the Department Chair/Unit Head having initiated and signed the initial Bridge Fund Request form.

This policy was effective August 1, 2007 and will be revisited for any revisions, changes, or sunset within one year of its effective date.

Provost Office

POLICY STATEMENT

Grand Valley State University has a tradition of collegiality and shared governance and strives to maintain these standards as a mainstay of its institutional culture. As a value stated in the Board of Trustees’ policies as adopted by the Board of Trustees BOT 1.3:

A range of thoughtful perspectives is necessary for open inquiry, liberal education, and a healthy community. Recognizing this, we seek and welcome a diverse group of students, faculty and staff. We value a multiplicity of opinions and backgrounds and seek ways to incorporate the voices and experiences of all into our University. We value our local community and embrace the participation of individuals and groups from Michigan, the nation and the world. We also encourage participation in educational opportunities abroad.

In order to foster a healthy and diverse environment, we will act with integrity, communicate respectfully, and accept responsibility for our words and actions. This University is a community whose varied functions, responsibilities, and contributions are supportive of the instructional, research, and service mission of the institution. Collegial interactions as referenced throughout this policy are those interactions that occur among and between colleagues, subordinates, supervisors, administrators and students. Collegial interactions are essential to support that mission in an effective, efficient, and ethical manner.

PROCEDURES

FACULTY AND STAFF MEMBER

If a faculty or staff member believes that she or he has been subjected to act(s) of non-collegiality, ideally, the individual should first try to discuss the matter with the offending person and/or the appropriate unit head or supervisor. If circumstances make this too difficult or if this does not resolve the matter, the faculty or staff member may seek assistance from the Work Life Consultant in Human Resources. In addition to providing help in resolving the matter, the Work Life Consultant can suggest other available resources. If using this process does not resolve the matter or the faculty or staff member so chooses, she or he may file a complaint using the appropriate Complaint Process identified for each staff group as listed below.

Complaint Process:

Faculty members – Chapter 4, Section 2.18 of the Faculty Handbook
Executive, Administrative and Professional Staff – Board of Trustees’ Policies 4.4.7
Professional Support Staff – Section 3.2.4 of the Agreement
Confidential Professional Support Staff – Section 9 of the Confidential PSS Handbook

CONFLICT OF INTEREST IN RESEARCH POLICY

SLT 3.4

Date of Last Update:
December 22, 2016

Approved By:
• Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

The University is committed to transparency, integrity of scholarship, and independence as it pursues its mission to create, preserve, and disseminate knowledge through teaching, research, and public service. Accordingly, Grand Valley State University allows and encourages faculty and staff to engage in outside activities and relationships that enhance the mission of the University. All faculty and staff members are to act with honesty, integrity, and in the best interest of the University when performing their duties, and to abide by the highest standards of research, educational, professional, and fiscal conduct.

External sponsors, whether governmental or private, institute conflict of interest regulations of their own for investigators seeking research funding. The purpose of such regulations is to promote objectivity in research and to provide a reasonable expectation that the design, conduct and reporting of sponsored research will be free from bias arising from Financial Interests of participating investigators. As a recipient of external funding from governmental and nongovernmental sponsors, the University must comply with these regulations. Similarly, investigators engaged in research on human subjects will be expected to comply with the Conflict of Interest (COI) provisions of the University’s Human Research Review Committee (HRRC) whether the research is funded from external sources or not.

No research, sponsored program, or technology transfer activities occurring at the University shall be adversely affected by the financial interests of the University personnel carrying out those activities. Prior to participating in a research, sponsored program, or technology transfer activity, University personnel having a potential conflict of interest shall disclose the details to the University. The Research Integrity Officer at the University shall be responsible for reviewing the disclosures and instituting an adequate plan for the management of any potential financial conflict of interest.

If any application for external funding is involved, faculty and staff investigators shall ensure that they have disclosed all Significant Financial Interests related to their University Responsibilities prior to submitting the application, and as soon as possible thereafter if a new Significant Financial Interest meeting the disclosure standard arises. Disclosures shall also be updated as soon as possible, but within 30 days, when an existing Significant Financial Interest ends or changes in a material way.

Faculty and Staff investigators funded by the Public Health Service (PHS) and/or other agencies that abide by PHS COI regulations are subject to additional requirements in accordance with 42 C.F.R. Part 50.601. Investigators involved in research funded by PHS sponsors must complete required conflict of interest training before engaging in research and every four years thereafter. GVSU may require training more frequently than every four years if there is a substantive conflict of interest change or specific instances of noncompliance.

This policy fulfills federal regulations requiring institutions receiving federal funding to have in place a written, enforced policy and process to identify and manage, reduce, or eliminate conflicts of interest of persons engaged in the design, conduct, or reporting of federally funded research.
POLICY STATEMENT

The Grand Valley State University Libraries are committed to following all applicable laws regarding copyright and other intellectual property. This includes not only preserving the rights of creators and owners of copyright, but also supporting the rights of users of copyrighted material, including fair use and other exemptions from copyright. This policy outlines the role of the University Libraries in providing education, information, and support regarding copyright, in order to fulfill our mission of advancing intellectual growth and discovery at GVSU.

PROCEDURES

The University Libraries work to educate and support our students, faculty, and staff by serving as an information resource on copyright law as well as the rights of creators, owners, and users of copyrighted materials. EXTERNALLY SPONSORED PROJECTS POLICY

SLT 3.11

Date of Last Update:

Approved By:
- Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY
This document establishes Grand Valley State University’s (University) official policy governing the administration of proposals, awards, contracts, and agreements for all externally sponsored projects. Externally Sponsored Projects do not include Purchasing Agreements or Philanthropic Gifts.

The purpose of this policy is to help ensure that all proposals and awards for externally sponsored projects conform to federal regulations, including the Office of Management and Budget 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (a.k.a., the Uniform Guidance)—and are consistent with GVSU’s academic and business policies and sound fiscal practices.

POLICY STATEMENT
Only an Authorized Organizational Representative of the University may submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University.
In addition, an Authorized Organizational Representative may accept on behalf of the University any Externally Sponsored Project award resulting from such proposal submissions or other solicitation processes. The University will not normally accept awards received from outside sources without prior proposal approval as provided in this policy.

DEFINITIONS

Assistance Action: The main purpose of an assistance action is to transfer money, property, services, or anything of value to the recipient in order to accomplish a public purpose of support or stimulation. The agency must have legal authority to award assistance agreements for this purpose. Grants or cooperative agreements are used to award assistance funds.

Authorized Organizational Representative: An Authorized Organizational Representative is the Vice Provost for Research Administration and any University employee(s) to whom the Vice Provost for Research Administration has delegated oversight responsibility for the administration and management of Externally Sponsored Projects at the University. Only an Authorized Organizational Representative has the authority to submit proposals, accept awards, and sign contracts and agreements for Externally Sponsored Projects on behalf of the University.

Externally Sponsored Project: Externally Sponsored Projects include all projects supported by way of grants and cooperative agreements (direct Assistance Actions); incoming or outgoing sub-recipient agreements or subawards (pass-through Assistance Actions); certain incoming or outgoing contracts (i.e., externally sponsored Procurement Actions), including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—which funded or unfunded. Externally sponsored projects do not include Purchasing Agreements or Philanthropic Gifts.

Philanthropic Gift: A philanthropic gift is an instrument by which an outside donor voluntarily transfers money, services, or property from a donor to the University. There is no expectation of direct economic benefit or the provision of goods or services to the donor, although donors can place stipulations on gifts that direct the funds to the donors’ areas of interest. The absence of quid pro quo language helps define the charitable nature of this type of giving.

Procurement Action: The main purpose of a procurement action is to acquire property or services by purchase, lease, or barter for the use or direct benefit of the purchaser (whether the purchaser is the university purchasing from an outside entity or an outside entity purchasing services from the university). An agreement or contract is used as the legal instrument to award a Procurement Action.

Purchasing Agreement: An agreement entered into by the University through its Procurement Services Office and an outside vendor or supplier to purchase goods and/or services. Examples of non-sponsored purchasing agreements include software licenses, pricing agreements, equipment maintenance agreements, custodial and facilities services, landscaping services, and office supply-vendor agreements.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

ALLOWABLE COST POLICY

SLT 3.11.1

Date of Last Update:
September 04, 2019

Approved By:
Senior Leadership Team

Responsible Office:
Office of Sponsored Programs

POLICY

All costs proposed to be charged on externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) at Grand Valley State University (the University) must comply with the Federal cost principles prescribed in 2 CFR 200 Subpart E, §200.400; the policies of the sponsoring agency; the specific funding solicitation for which the cost is proposed; and all applicable policies of the University.

Specifically, in order to be deemed an allowable cost on such a project, the cost of any particular item must:

1. Be necessary and reasonable for the performance of the awarded project. That is, the project cannot be performed without the item and a reasonable and prudent person would incur the cost of the item under the circumstances prevailing at the time the decision was made to propose or incur the cost (§200.403-404).
2. Be fully allocable to the particular awarded project or be proportionally allocable to it and another cost objective according to the relative benefit derived (§200.405).
3. Be treated consistently. A cost may not be assigned to a sponsored project as a Direct Cost if any other cost incurred for the same purpose in like circumstances has been allocated to the awarded project as an Indirect Cost. University policies governing the treatment of costs must apply uniformly to both sponsored- and non-sponsored activities. Like expenses must be treated the same in like circumstances (§200.400(e)).

Such costs must also meet one of the following two criteria:

1. Be an item or category of cost that is not expressly disallowed by the federal government (guidance available at §200.420-475, General Provisions for Selected Items of Cost); the sponsor (as documented in sponsor policy statements and in the applicable sponsor funding solicitation); or the University (as defined below under Unallowable Costs and documented in the Business and Finance Procedures and the University-Wide Policies); OR
2. Be an otherwise unallowable cost that is expressly allowed by the sponsor, whether as stipulated in an award or proposal-solicitation document or as documented in a prior written approval request duly executed by an Authorized Organizational Representative of the University. If an expense does not meet the above criteria, it must not be charged to an externally sponsored project at the University.

DEFINITIONS

Direct Costs are expenses that are specifically associated with a particular externally sponsored project that can be directly assigned to such activities with a high degree of accuracy.

Indirect Costs (also referred to as Facilities & Administration [F&A] or overhead costs) are expenses that cannot be identified specifically with a particular project or activity. Indirect costs benefit multiple activities and programming objectives. In order to capture the amount of indirect costs that should be allocated to a grant, the University has calculated an indirect cost rate, approved by the federal government.

The indirect costs included in this rate are made up of two broad categories: Facilities and Administration.
Facilities costs include:

- Custodial and Maintenance
- Utilities
- Grounds Services
- Parking Operations, less parking fines and fees
- Property and Liability Insurance
- Facility Planning and Management
- Engineering Planning and Management
- Depreciation

Administration costs include all the expenses incurred in providing the following university services:

- Central Administration
- Business & Finance, including financial audit
- Human Resources
- Legal Services
- Inclusion & Equity
- Library Operations
- Administrative Computer Operations
- Grants and Research Administration
- Department Administration, as defined by the federal government to be 20% of Dean and Dean's assistant compensation
- Mail Services
- Public Safety
- University Communications

Federal Cost Principles are the Federal regulations that govern expenditures on federal awards and which also apply to non-federal awards to GVSU because of the University's required federal compliance under 2 CFR 200 Subpart F: Audit Reporting.

Prior Written Approval is a formal permission the University must document before it proposes or incurs a special or unusual cost that may be deemed unallowable under the federal cost principles under normal circumstances.

Requests for prior written approval must be rationalized in writing as allowable under an "unlike circumstances" justification by the University personnel who wish to propose the special or unusual costs. The requests are then reviewed, approved, and (assuming approval is granted) formally submitted to the sponsoring agency by the Authorized Organizational Representative of the University (as defined in SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

In accordance with the Uniform Guidance at 2 CFR 200, prior written approval from the sponsor is explicitly required (either in the awarded proposal budget, during award negotiation, or prior to incurrence of costs in the event that the expense is to be proposed post-award) for a number of items, including the following:

1. Administrative expenses (§200.413(c))
2. Change of scope (§200.308(c)(1))
3. Cost sharing or matching (§200.308(c)(7))
4. Entertainment costs (§200.438)
5. Equipment and other capital expenditures (§200.313, 439)
7. Fines, penalties, damages and other settlements (§200.441)
8. Fixed amount subawards (§200.332)
9. Fund raising and investment management expenses (§200.442)
10. Memberships in any civic or community organization (§200.457(c))
11. Organization costs (§200.455)
12. Participant support costs, any transfer of budget (§200.308(c)(5)) and (§200.456)
13. Rearrangement and reconversion expenses (Renovations) (§200.462)
14. Selling and marketing costs (§200.467)
15. Subawards, any changes or transfers (§200.308(c)(6))
16. Supplemental compensation for incidental activities (§200.430(h)(iii))
17. Use of program income (§200.307)

Unallowable Costs are costs that could be considered appropriate and reasonable, but which are not eligible for reimbursement by the federal government and therefore to ensure consistent treatment under the federal cost principles, are not allowable on any sponsored program. Exceptions are possible with a strong justification for unlike circumstances and with prior written approval (as defined above) from the Authorized Organizational Representative of the University and the sponsor.

Unallowable costs include:

1. Advertising and public relations
2. Advisory councils
3. Alcoholic beverages
4. Alumni/ae activities
5. Bad debt expense
6. Collections of improper payments
7. Commencement and convocation costs
8. Contributions and donations
9. Entertainment costs
10. Fines, penalties, damages and other settlements
11. Fund raising and investment management costs
12. Lobbying
13. Intra-Institution of Higher Education (IHE) Consulting
14. Losses on other awards or contracts
15. Club, social, dining club or lobbying organization memberships
COST SHARING POLICY FOR EXTERNALLY SPONSORED PROJECTS

SLT 3.11.2

Date of Last Update:
September 04, 2019

Approved By:
Senior Leadership Team

Responsible Office:
Office of Sponsored Programs

POLICY

Grand Valley State University (the University) shall minimize cost sharing on all externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

The University will allow cost sharing on such projects under the following conditions:

1. When it is required by the sponsoring agency (Mandatory Cost Sharing) as documented in a proposal solicitation, program description, sponsor policy, Catalog of Federal Domestic Assistance record, broad agency announcement or other official sponsor document.

2. When a reasonable justification is made that provision of Voluntary Cost-Sharing (whether Committed or Uncommitted) will improve the competitiveness of a proposal.

Further, in cases under which the University will allow cost sharing:

1. The proposed cost sharing must be thoroughly and accurately quantified;

2. The proposed cost sharing must represent an allowable cost (as defined in SLT 3.11.1 ALLOWABLE COST POLICY);

3. The proposed cost sharing must be limited to what is required by the sponsor (Mandatory Cost Sharing) or to what is deemed reasonable by the Appointing Officer (as defined in BOT 4.1.1: GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF – PERSONNEL ADMINISTRATION) who has authority over the resources proposed to be committed (Voluntary Cost Sharing);

4. The approval to subsidize all proposed cost sharing must be documented by the Appointing Officer who has authority over the resources proposed to be committed;

5. The quantification and approval of cost-sharing subsidies must be documented and approved by the Authorized Organizational Representative of the University (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) using the standard systems and processes of the Office of Sponsored Programs; AND

6. All approved cost sharing included in an awarded externally sponsored project must be monitored, tracked, and reported by the Grants Accounting office in accordance with all applicable federal and sponsor requirements.

DEFINITIONS

Cost Sharing: Cost sharing is that portion of an externally sponsored project cost that is not reimbursed by the sponsor (whether federal or non-federal) and therefore represents a commitment of institutional resources that would generally otherwise be devoted to other University purposes.

There are three forms of cost sharing:

1. Mandatory Cost Sharing, which is required by the sponsor as an award condition and becomes an obligation once an award is made;

2. Voluntary Committed Cost Sharing, which is voluntarily offered and documented in a proposal submission and therefore becomes an obligation once an award is made; and

3. Voluntary Uncommitted Cost Sharing, in which voluntary cost sharing is intended, but not explicitly committed (documented) in a proposal, and therefore not a binding commitment that must be tracked and reported.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

SUPPLEMENTAL COMPENSATION ON EXTERNALLY SPONSORED PROJECTS POLICY

SLT 3.11.3

Date of Last Update:
September 04, 2019

Approved By:
Senior Leadership Team

Responsible Office:
Office of Sponsored Programs

POLICY

Grand Valley State University (the University) normally does not allow for compensation charges in excess of an individual’s Institutional Base Salary on any Externally Sponsored Project (as defined in SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY). In most cases, funding from such projects must supplant, not supplement Institutional Base Salary during the Base-funded Appointment Period.
In the absence of unusual circumstances and specific Prior Written Approval (as defined in SLT 3.11: ALLOWABLE COSTS POLICY) from the appropriate University and/or sponsor officials as described in this policy, faculty member compensation for sponsored-project work at the University must offset Institutional Base Salary through:

1. The use of Significant Focus Time (as defined in SG 3.01: FACULTY RESPONSIBILITIES);
2. The application of Reassigned Time (as defined in SG 3.03: REASSIGNED TIME); or
3. Some combination of Significant Focus Time and Reassigned Time.

Absent Prior Written Approval for Supplemental Compensation following procedures stated below, Administrative/Professional staff members must also offset Institutional Base Salary to participate in externally sponsored projects (supplant, not supplement). Such offsets shall require a reorganization of established job duties in the staff member’s organizational unit that is approved by the staff member’s Appointing Officer and Executive Officer.

In order to charge Supplemental Compensation to federally funded Externally Sponsored Project accounts at the University, the work performed must be justifiable as Intra-Institution of Higher Education Consulting as defined at 2 CFR 200.430—COMPENSATION, PERSONNEL SERVICES, which limits such charges according to their adherence to specific criteria. Such consulting must be:

1. Across departmental lines or involve a separate or remote location that is at least 30 miles away from the employee’s University campus office;
2. Outside the scope of the employee’s regular appointment as documented in the employee’s appointment letter;
3. Short term in nature; and
4. Provided for in the sponsored agreement, or approved in writing by the sponsoring agency prior to the incurrence of applicable expenses.

In order to charge Supplemental Compensation to a non-federal Externally Sponsored Project account, the allocation is subject to the prior written approval of the Vice Provost for Research Administration as well as the sponsoring agency.

DEFINITIONS

Base Appointment Period at the University generally falls into one of two categories:

1. An Academic Year Appointment is comprised of the nine-month span from August 6 of a given calendar year to May 5 of the following calendar year.
2. A 12-month Appointment is comprised of the twelve-month span from August 6 of a given calendar year to August 5 of the following calendar year.

Institutional Base Salary is the annual salary the University pays for an employee’s appointment, regardless of appointment category and whether the employee’s time is spent on research, teaching, administration, patient care, or other University responsibilities. Institutional Base Salary does not include bonuses, one-time payments, incentive pay, or income that an employee is permitted to earn outside of their University responsibilities such as Private Consulting.

Private Consulting refers to works for hire performed by a University employee outside of their University responsibilities. To be deemed private consulting, work must be performed without the use of any University resources, including administrative services of any kind, facilities (classroom, clinical, meeting, or office space), supplies, equipment, computing resources, and any other service or resource owned by the University. Any outside employment must be approved in advance by the Appointing Officer (BOT 4.1.10). Consulting services that require the use of University resources are subject to SLT 3.17: SERVICE AND CONSULTING AGREEMENTS POLICY.

Supplemental Compensation, also known as extra salary or extra service pay, is compensation a University employee receives in excess of Institutional Base Salary; Supplemental Compensation represents payments for services outside the normal scope of employment.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

Procedures

Responsibilities

The following General Responsibilities form shall be provided by OSP to each Principal Investigator at the time of award. The Principal Investigator is responsible for signing and returning the original to OSP within five business days of its receipt. The original shall be retained in the award OSP record file in accordance with record retention guidelines. The Principal Investigator/Project Manager is responsible for:

- Ensuring the adherence to federal governing regulations for the use of animals in research.
- Ensuring compliance with the GVSU policy on Political Activity, as well as ensuring compliance with the terms and conditions of an award governing such activity.
- Ensuring that the PI as well as all undergraduate, graduate, or post-doctoral students receive Responsible Conduct of Research training, if required by the sponsor. PIs and students are required to sign a Completion of Training form confirming the date, receipt, and satisfactory completion of this training. The form must be returned to OSP as soon as it is apparent.
- Completing a Conflict of Interest Financial Disclosure form, and having no conflict of interest that could affect the conduct of the project. Any such possible conflict of interest must be reported to OSP as soon as it is apparent.
- Certifying the time/effort of personnel paid by the grant, contract/subcontract, or cooperative agreement and conducting the project to meet project goals and objectives while adhering to agency guidelines and GVSU policies and procedures.
- Ensuring that all individuals involved in the administrative and financial aspects of the award receive BANNER training.
- The Office of Grants Accounting will assist with the invoicing and accounting process. The PI is also responsible for ensuring that all grant expenditures are reviewed on a monthly basis (at a minimum) and ensuring that those expenses incurred are approved in the BANNER system.
- Ensuring that for those items acquired or purchased under the terms of the award and with grant funds that sponsor requirements and GVSU Purchasing Procedures are followed.
- Ensuring that all project expenditures are directly related to the project and necessary to meet project goals and objectives. Knowing the cost sharing requirements that were committed in the budget approved by the agency and GVSU and insuring that these obligations are met.
- Certifying the time/effort of personnel paid by the grant, contract/subcontract, or cooperative agreement, or cost sharing/matching time on the project.
- Completing a Conflict of Interest Financial Disclosure form, and having no conflict of interest that could affect the conduct of the project. Any such possible conflict of interest must be reported to OSP as soon as it is apparent.
- Ensuring that the PI as well as all undergraduate, graduate, or post-doctoral students receive Responsible Conduct of Research training, if required by the sponsor. PIs and students are required to sign a Completion of Training form confirming the date, receipt, and satisfactory completion of this training. The form must be returned to OSP for the record file.
- Ensuring that GVSU policies and federal regulations governing the protection of human research subjects are followed. Ensuring the adherence to federal governing regulations and GVSU Animal Care and Use Policy for the use of animals in research.

Facilities & Administrative (F&A) Cost Return and Use Policy:

Each year, the University returns a portion of the recovered F&A costs as appropriate to those generating the grants and contracts. This return of F&A costs generally occurs at the end of each fiscal year and is based upon the F&A costs recovered on sponsored projects during the preceding fiscal year (July 1 - June 30). For sponsored awards originating within academic units with a tenure stream Faculty Principal Investigator, recovered funds are distributed as follows.

- Faculty Principal Investigator – 12.5%*
- Faculty Home Department – 7.5%
- Appointing Officer of unit generating the recovered funds – 20%
- Provost – 20%
- General Fund (Facilities Infrastructure) – 40%

For all other proposals, recovered funds are distributed as follows.

- Appointing Officer of unit generating the recovered funds – 40%
- Provost – 20%
- General Fund (Facilities Infrastructure) – 40%

It is anticipated that, when appropriate, recovered funds will be used strategically for research initiatives, faculty start-ups, bridge funding and required cost share, and to provide the necessary administrative support for research projects. Indirect cost recovery funds cannot be used to increase the principal investigator’s annual compensation.

Indirect cost revenue recovered on Financial Aid expenditures will not be allocated and all proceeds will be returned to the General Fund.

Charter Schools are not considered a sponsored program and therefore not affected by this policy.

*Note: if the recovered funds allocated to the Faculty PI are less than $500, funds will be deposited into departmental FOAPs rather than individual Faculty PI FOAPS.
The official to whom the Provost delegates authority to submit proposals to fund and/or otherwise support externally sponsored arrangements may also pose risks that need to be managed. Though there may be much to recommend the pursuit of these opportunities, especially where there is substantial potential to advance scholarship, education, and service, these arrangements are more complicated for the University to manage than routine sponsored-project agreements because of the expectations of the external entities, who perceive themselves as clients or customers rather than sponsors.

The following potential risk factors will be considered in the evaluation of Service and Consulting Agreements:

- Ensuring compliance with the GVSU policy on Political Activity, as well as ensuring compliance with the terms and conditions of an award governing such activity.
- Submitting required reports and/or documentation in a timely manner.
- Certifying that s/he, and any subcontractor or sub-recipient on this project, is not debarred, suspended or proposed for debarment by any federal entity. The PI agrees to notify the University (both OSP and Purchasing Dept.) of any change in this status, should one occur, until such time as an award is made under a procurement action. See www.sam.gov

**SERVICE AND CONSULTING AGREEMENTS POLICY**

**SLT 3.11.6**

**Date of Last Update:**
October 15, 2018

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Center for Scholarly and Creative Excellence

**POLICY STATEMENT**

This document establishes Grand Valley State University’s (University) official policy governing the approval and management of service or consulting agreements that employees through the University, meaning cases in which the University would be the contracting party. These are agreements under which Principal Investigator (PI)-Eligible faculty and/or Administrative/Professional (A/P) staff members are obligated to provide specified services or “deliverables” and that do not fall squarely within the traditional framework of research or teaching activities. While these agreements may have research, scholarly, or other benefits to the University, those benefits are a secondary aspect, not the primary purpose of the activity. The terms “service agreement” or “consulting agreement” are intended to be descriptive; such agreements could have other labels or titles.

In some cases, employees who may consider providing services independently of the University as consultants will do this for their own account, on their own time, and using their own resources and subject to applicable University policies. However, review and approval of all proposed service and consulting agreements under this policy is required to ensure compliance with employment, tax, and intellectual-property law; regulatory requirements governing research and the use of certain kinds of data; and institutional policies regarding student engagement in externally funded activity and the appropriate use of University resources.

The University should be the contracting party only when justified by compelling reasons that meet the General Criteria of this policy. There are occasions, however, when a PI-Eligible faculty or AP staff member wants to provide a service through the university. For example, the activity may have a strong academic and/or university programmatic component and the faculty or AP staff member may want to be able to use university facilities, resources, staff, or students to carry out the proposed contractual activity. In those circumstances, this policy allows for the University to act as the contracting party, but only if the activity in question meets the General Criteria of this policy.

**PROCEDURES**

This policy designates authority to the Vice Provost for Research Administration or their designee to establish such operational procedures as deemed necessary to implement the policy, and ensure operational efficiency, proper oversight of compliance and financial management, and ensure the success of externally sponsored projects at the University.

**DEFINITIONS**

**Authorized Organizational Representative (AOR):** The official to whom the Provost delegates authority to submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University and to accept on behalf of the University any awards, contracts, or agreements resulting from such proposal submissions or other solicitation processes.

**PI-Eligible:** University faculty and AP staff members who are documented as eligible to serve as a Principal Investigator as defined in the University’s Principal Investigator Eligibility Policy.

**Benefits and Risks**

Often, participating in service agreements involves high-profile and challenging projects that may benefit members of the university community by, for example:

- Adding significantly to faculty, staff, and student expertise;
- Demonstrable connections to curricular and co-curricular development, new teaching cases, program development in executive education, and professional development;
- Engaging faculty in domestic and international matters that are highly relevant to their teaching and scholarship, or employees in their administrative responsibilities; and/or
- Initiating or reinforcing strong institutional relationships that can serve long-term University interests.

Though there may be much to recommend the pursuit of these opportunities, especially where there is substantial potential to advance scholarship, education, and service, these arrangements may also pose risks that need to be managed. Service and Consulting Agreements are more complicated for the University to manage than routine sponsored-project agreements because of the expectations of the external entities, who perceive themselves as clients or customers rather than sponsors.

The following potential risk factors will be considered in the evaluation of Service and Consulting Agreements:

- The University, as the contracting party in these agreements, bears the risk of liability or reputational harm for non-performance or poor performance of agreed-upon tasks and for unsatisfactory contract “deliverables.” Potential risks reach beyond the payments to the University and could include monetary damages from the downstream effects of
POLICY STATEMENT

This policy establishes the eligibility requirements for and the duties and responsibilities of all Principal Investigators (PI) at Grand Valley State University (University). The policy also provides for the establishment of formal processes to request and approve exceptions to the PI eligibility requirements.

POLICY

For each externally sponsored project, it is customary to designate as PI one person who bears ultimate responsibility for scientific, technical, and programmatic decisions, and all financial, administrative, and compliance matters relating to the project. It is the policy of Grand Valley State University that only eligible University faculty, staff, and trainees and appointees (when appropriate) may serve as the PI on externally sponsored projects to be carried out on behalf of the University.

Serving as the nominal project leader to lend credibility to a proposal while delegating PI responsibility to another person (i.e. “fronting” as the PI) is never permissible and is considered a violation of this policy.

PI eligibility is conferred in one of two ways: (1) automatically, by position, and (2) via special request, both subject to training as required by this policy.

1. Automatic Eligibility: PI eligibility is automatically conferred upon tenured and tenure track faculty at the rank of Professor, Associate Professor, or Assistant Professor.

Special-Request Eligibility: If PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s). Certain non-academic units (e.g., the University Art Gallery, Small Business Development Center, Johnson Center for Philanthropy, Van Andel Global
Training supported by adequate documentation. The Principal Investigator will provide copies of all required programmatic and progress reports to the OSP and the Grants Accounting office. The Principal Investigator is responsible for the timely submission of all required programmatic reports, interim and final. The information contained in such reports must be in accordance with all of its terms and conditions, including the performance of all sub-recipients. The Principal Investigator is also responsible for the management of the award.

3. Conduct and Management of Award

The Principal Investigator is responsible for managing the financial aspects of the award. This includes managing the project within funding limitations and all of the terms of the award, assuring that the sponsor is notified of any modifications or changes to the project scope or budget. The Principal Investigator is responsible for preparing information and forms required for review by the University’s Office of Research Compliance & Integrity, and the Controller.

a. Technical Proposal

The Principal Investigator is responsible for preparing the technical proposal.

b. Proposal Budget

The Principal Investigator prepares, or directly supervises the preparation of, all aspects of the proposed budget and budget justification. This responsibility includes coordination with Procurement Services and compliance with all procurement policies and procedures. It also includes identifying any requests and sufficient resources for cost sharing (including matching funds); the need for space or space modifications (including any accommodations for large and/or unusual equipment); and the need for outside collaborators (sub-recipients, contractors, consultants). The PI ensures all costs are allowable, allocable, and reasonable for the project in accordance with the federal cost principals set out in OMB 2 CFR 200, and that all proposals include full recovery of all anticipated project costs. Full recovery includes recovery of indirect costs at GVSU’s negotiated federal rate or (in the case of non-federal sponsors or federal training grants) the maximum rate allowed under published sponsor policy.

c. Regulatory Requirements

The PI is responsible for anticipating whether the research will involve human subjects, live animals as subjects, recombinant DNA, infectious agents, narcotics or biological toxins, human blood or body fluids, radioactive materials, hazardous materials, export controls, conflicts of interest, or other regulated activities requiring University review or clearance. The PI is responsible for preparing information and forms required for review by the University’s Office of Research Compliance & Integrity.

d. Project Approvals

The Principal Investigator prepares, or directly supervises the preparation of, and electronically signs internal proposal-approval forms, and requests required approvals in a timely fashion.

2. Acceptance of the Award

The PI is responsible for collaborating with the Office of Sponsored Programs in any negotiations with the sponsor relating to modifications of the project scope or budget or proposed terms and conditions of the award. The Principal Investigator is responsible for reviewing and approving the award agreement, in conjunction with OSP, including the scope of work, budget, and the special terms and conditions of the award, and for managing the award in accordance therewith.

3. Conduct and Management of Award

The Principal Investigator is responsible for all actions required to manage and complete the scientific, programmatic, and financial aspects of the externally sponsored project in accordance with all of its terms and conditions, including the performance of all sub-recipients. The Principal Investigator is also responsible for the management of the award budget and expenditures in accordance with federal, GVSU, and sponsor requirements. This responsibility includes attesting to the allowability, allocability, and reasonableness of all expenditures. Principal investigators are responsible for routine monitoring of the status of grant accounts to prevent overdrafts and incorrect charges and to ensure that unallowable costs are not charged to an award.

The Principal Investigator is responsible for the timely submission of all required programmatic reports, interim and final. The information contained in such reports must be supported by adequate documentation. The Principal Investigator will provide copies of all required programmatic and progress reports to the OSP and the Grants Accounting office.
DEFINITIONS

**Externally Sponsored Project**: All grants and cooperative agreements (direct assistance actions); all incoming or outgoing sub-recipient agreements or subawards (pass-through assistance actions); certain incoming or outgoing contracts (i.e., externally sponsored procurement actions), including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include purchasing agreements or philanthropic gifts.

**Principal Investigator (PI)**: An individual with a formal affiliation with the University, normally an employee, who is or becomes eligible under this policy to submit a proposal for extramural support for a research, training, public-service, or other externally sponsored project, who personally participates in the project to a significant degree, and who has primary responsibility for the scientific, technical, programmatic, and administrative conduct and reporting of the project, including compliance and financial matters. A Principal Investigator who is the head of a training or other sponsored project may be known as a Project Director. For the purposes of this policy, the terms shall be considered equivalent. The University only recognizes one individual as the Principal Investigator and this individual must personally participate in the project to a significant degree.

**Co-Investigator (Co-I)**: An investigator who will share responsibility for the scientific, technical, and/or administrative conduct and reporting of a research or sponsored project with the Principal Investigator. Each individual named as a Co-Principal Investigator at the University must meet the same eligibility requirements as a PI as noted above. There may be more than one Co-Principal Investigator, but one person is designated as the leader (PI) of the project. While the University allows this approach, not all sponsors allow Co-PI models. In certain cases, a sponsor (e.g., the National Institutes of Health—NIH) may allow a Multiple Principal Investigator model to be employed in a research or sponsored project. Such models feature multiple PIs who are expected to equally share responsibility for leadership of multidisciplinary and other types of “team science” projects that are not optimally served by the single Principal Investigator model. Such models typically require a single “Contact PI” and special justification in the form of a Multi-PI Plan that documents processes for project governance and resolution of conflicts.

TEXTBOOKS AND COURSE MATERIALS POLICY

SLT 3.12

**Date of Last Update**: October 10, 2016

**Approved By**: Senior Leadership Team

**Responsible Office**: Provost Office

**POLICY STATEMENT**

Textbooks and related course materials continue to be essential to the delivery of knowledge. For various reasons, the cost of those materials has continued to rise. The goal of the University is to provide the best quality educational resources at the lowest possible cost to the students by minimizing the cost of textbooks and course materials used at the university while maintaining quality of education and academic freedom.

**PROCEDURES**

The Provost’s Office is responsible for overseeing the faculty role in textbook selection. It discharges that responsibility by working closely with the Deans of the colleges. Business and Finance is responsible for overseeing the practices of the GVSU Laker Store.

**Responsibilities of the Faculty**:

- Faculty members shall submit lists of required textbooks, recommended textbooks and supplemental course materials to the GVSU Laker Store by the specified deadlines.

- Faculty are expected to compare various textbook options and to make the selection by taking into account pedagogical value, price, and availability. If all other considerations are about the same, the less expensive option should be selected. When there are multiple sections of a course taught by different instructors, it is preferable (but not required) that departments order the same textbook for all sections, in order to benefit students who may be adjusting their schedule during drop/add week and to support inventory management for the GVSU Laker Store.

- When faculty wish to require the purchase of any published textbooks or materials for which they have or will receive royalties or revenue, this decision shall be reviewed by the Unit Head, who shall determine whether the selection is appropriate, taking into account the criteria above. The purpose of the review is to disclose and to manage any actual or potential conflict of interest. The Unit Head may authorize that the review be conducted by a designee if certain disciplinary expertise is needed or if the Unit Head cannot provide a neutral review. If the Unit Head cannot identify a designee, then the review shall be conducted by the Dean or designee.

**Responsibilities of the GVSU Laker Store**:

- The GVSU Laker Store will continue to reduce textbook prices whenever possible.

- The GVSU Laker Store will buy back used textbooks, and the following semester make the used copies available at reduced price and display them next to the new ones.

- When filling departmental textbook orders, the GVSU Laker Store shall acquire as many used but still up to date copies as possible, make them available at reduced price, and place them next to the new ones.

- The GVSU Laker Store will display the required texts and materials with the course instructors’ names and course section numbers. This will help students make informed decisions when finalizing course schedules.

   - The basic needs of each species of animal;
   - Proper handling and care for the various species of animals used by the facility;
   - Proper pre-procedural and post-procedural care of animals; and
   - Aseptic surgical methods and procedures;

2. The concept, availability, and use of research or testing methods that limit the use of animals or minimize animal distress;

3. Proper use of anesthetics, analgesics, and tranquilizers for any species of animals used by the facility;

4. Methods whereby deficiencies in animal care and treatment are reported, including deficiencies in animal care and treatment reported by any employee of the facility. No facility employee, Committee member, or laboratory personnel shall be discriminated against or be subject to any reprisal for reporting violations of any regulation or standards under the Act;

   - On appropriate methods of animal care and use;
   - On alternatives to the use of live animals in research;
   - The could prevent unintended and unnecessary duplication of research involving animals; and
   - Regarding the intent and requirements of the Act.

The PHS Policy, Section IV.C.1.f. places the responsibility specifically with the IACUC to ensure that personnel conducting procedures on research animals are appropriately qualified and trained in those procedures. The Institutional Animal Care and Use Committee may require additional training for each individual, depending on their prior training and experience with animals.

UNITED STATES GOVERNMENT DOCUMENTS INTERNET USE

POLICY STATEMENT

Grand Valley State University Libraries will provide the public with free and unrestricted access to online government information provided through the Federal Depository Library Program in accordance with section 1911 of Title 44, United States Code.

PROCEDURES

The public is able to access these materials on the Government Documents personal computers in Mary Idema Pew Library Learning & Information Commons and Steelcase libraries. Patrons are not required to provide any form of identification to use these computers, although they will need to see a librarian or staff person at the reference desk to login. Patrons

Provost and Facility Planning Offices

POLICY STATEMENT
Space is an institutional resource of Grand Valley State University. As such, it does not belong to an individual, a program, a unit or a college and may be reassigned in the best interests of the University. The goal of the University’s allocation and reallocation of space is to achieve the highest and best use of University resources.

The Provost’s Office is responsible for assigning and overseeing space used for academic purposes, including classrooms, laboratories, academic secretarial spaces, and faculty offices. It discharges that responsibility by working closely with the Facilities Planning Office to maintain and remodel existing space; to allocate and reallocate that space; to help plan, schedule, and coordinate moves; to plan new space; and to explain allocation and reallocation decisions.

It discharges that responsibility by working closely with the Provost’s Office to maintain and remodel existing space; to allocate and reallocate that space; to help plan, schedule, and coordinate moves; to plan new space; and to explain allocation and reallocation decisions.

At least annually, Facilities Planning will conduct a physical review of space to investigate identified issues or potential space issues that need attention.

Periodically, the Provost’s Office and the Facilities Planning Office will meet with appropriate representatives of the University’s organizational units to discuss upcoming moves and longer term plans for expansion and/or contraction.

This policy is applicable to all departments, offices, University employees and other members of the University community occupying space owned or leased by the University.

ADOPTION LEAVE POLICY
SLT 4.1

Date of Last Update:
July 31, 2008

Approved By:
Senior Leadership Team

Responsible Office:
Human Resources

POLICY STATEMENT
The University recognizes the need for family and medical related leave. The following policy complies with The Family and Medical Leave Act (FMLA) and provides guidelines for procedures regarding unpaid leave. By enacting this policy Grand Valley aims to allow necessary time away from the university for individuals to cope with and adapt to various family and medical related situations as described in this policy.

PROCEDURES
The Family and Medical Leave Act (FMLA) provides eligible faculty and staff up to 12 weeks of unpaid leave a year. A faculty or staff member must work for 12 months, completing 1,250 work hours within those 12 months, to be eligible for FMLA leave. If eligible, leave may be requested for the following reasons:

- Birth of a child
- Adoption of a child
- Placement of a child for foster care
- The faculty or staff member is needed to care for a family member (child, spouse, or parent) with a serious health condition
- The faculty or staff member’s own serious health condition makes him or her unable to perform his or her job

Further provisions of the law are addressed in the FMLA policy. A copy of the FMLA policy is available on the Policy Website.

Grand Valley, along with all other Michigan Public Universities, does not provide for paid adoption or parental leave. However, the University does provide unpaid leave that exceeds the requirements of FMLA. FMLA requires the University to provide up to 12 weeks of unpaid leave while the University’s unpaid leave policy allows for up to 12 months of unpaid leave. Further details of the program are outlined in section 4.2.30.12 of the Board of Trustees’ Policies. This section is also included in the Faculty Handbook. In order to receive an unpaid leave, the faculty or staff member should submit a written request to the Unit Head. The request will outline the need for the leave and the expected duration. The request should be submitted at least 30 calendar days prior to the date the leave will begin.

Qualifying Expenses
Qualifying adoption expenses will be reimbursed up to a maximum of $3,000 per child. Qualifying expenses are defined as those that are reasonable and necessary adoption fees, court costs, attorney fees, traveling expenses while away from home, and other expenses related to, and whose principal purpose is for, the legal adoption of a child.

Process for Applying for Benefits
Upon formal placement of the adopted child, submit an adoption assistance claim form to Human Resources at 1090 James H. Zumberge Hall along with detailed receipts for eligible
expenses. Human Resources will determine eligible expenses, the amount payable for reimbursement and will submit a request to the Payroll Office for payment. The reimbursement will be processed with the next payroll.

Taxation of Benefits
The amount of tax credits and exclusions available to adopting parents vary. Since an employer's adoption assistance is not subject to income tax withholding, GVSU will not determine the extent to which the payment of reimbursement on behalf of each employee is eligible for the exclusion. However, GVSU will withhold taxes only for Social Security and Medicare.

Adding Dependent to Insurance
At the time of placement, you may add your child to your benefit plans. Any additions or changes must occur within 30 days of the official placement. Contact Human Resources at 331-2215 to add dependents.

EXERCISE RELEASE TIME POLICY
SLT 4.2
Date of Last Update:
April 20, 2013
Approved By:
Senior Leadership Team
Responsible Office:
Human Resources

POLICY STATEMENT
Faculty and staff well being is valued at GVSU. Physical activity is a vital component to wellbeing and GVSU strives to increase the ability for faculty and staff to take time to fit physical activity into their day. The exercise release time policy reflects University’s mission by providing opportunities for faculty and staff to maintain optimal health and capacity to educate students. The policy supports university values, specifically sustainability and effective teaching. The concept of sustainability includes modeling a lifestyle of healthy living through active living, which this policy supports.

Supporting physical activity through the exercise release time policy also has the ability to create more positive interactions between faculty, staff and students in and outside of the classroom. The policy provides opportunities for physical activity during the workday encouraging and promoting health risk reduction. It has been shown that physical activity increases attentiveness, reduces stress and biochemical functions such as blood pressure and glucose levels. A healthier faculty and staff population with fewer health risks can increase the number of positive interactions between faculty, staff and students through improved attentiveness, reduced stress and more.

PROCEDURES
Upon supervisor approval, GVSU staff may utilize up to two (2) 30 minute time periods a week to allow time to freshen up from, or in preparation for, a fitness class or individual workout. Pending schedules and workload, up to two additional 30-minute time periods may be permitted. This time can be added to the beginning of the workday, added to the lunch period, or to the days end and is inclusive of travel time if needed (i.e. to the Field house or YMCA for a class). Days and times to utilize this policy may be determined with the help of a written agreement between the supervisor and staff member. The release time may be divided into time prior to or after the indicated workout period. For further information contact the Health and Wellness Coordinator at 331-2215.

FAQ’s
Q: I want to participate in a spinning class over the noon hour what does this mean?
A: It means you can use up to an additional 30 minutes after the spinning program ends to continue stretching and cool down, freshen up and return to work. The same would be true for an exercise class right before work. Remember that you need to review and have this approved by your supervisor.

Q: Is this a new policy?
A: This policy is not a new policy but a restatement of a prior one regarding fitness classes.

Q: I work on the downtown campus, does this policy apply to classes offered at the YMCA or other nearby clubs?
A: Yes. This applies to scheduled classes offered off the GVSU campus.

Q: If I miss a week of release time, can I make up the time during a following week?
A: No. Exercise release time cannot be accumulated or traded in day to day or week to week.

Q: How do I request exercise release time?
A: Employee Affiliation: AP Staff, MCS/COT Staff, Security Staff

First Step:
- Notify your supervisor and obtain approval for exercise release time.
- Request to use exercise release time should be in writing unless verbal request is accepted by the supervisor. An optional form is provided in the policy.

Upon Approval:
- Supervisor and staff member continue to communicate and review staff use of the policy monthly. Changes are made if necessary.

FAMILY AND MEDICAL LEAVE ACT (FMLA) POLICY
SLT 4.3
Date of Last Update:
June 01, 2017
POLICY STATEMENT

The Family and Medical Leave Act of 1993 (FMLA) gives eligible Grand Valley State University faculty and staff the right to take unpaid leave or paid leave, if appropriate benefits have been earned, for a period of up to 12 work weeks in a 12-month period because of the birth of a child (maternity/paternity) or the placement of a child for adoption or foster care, because the faculty or staff member is needed to care for a family member (child, spouse, or parent) with a serious health condition, or because the faculty or staff member’s own serious health condition makes he/she unable to do his or her job, or because of any qualifying exigency arising out of the fact that the staff member’s spouse, son, daughter, or parent is a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation, or to care for a covered servicemember with a serious injury or illness if the staff member is the spouse, son, daughter, parent, or next of kin of servicemember. Leave taken for one or more of these reasons, when combined together, may not exceed 12 weeks during the rolling backward 12-month period. Under certain circumstances, this leave may be taken on an intermittent basis rather than all at once, or the faculty or staff member may work a part-time schedule.

PROCEDURES

A faculty or staff member on FMLA leave is entitled to maintain the same health benefits (such as medical, dental and vision insurance) as he/she had before going on leave. The faculty or staff member, however, would continue to pay his/her share of any applicable premiums during the leave period.

Grand Valley State University also requires notification, as explained in this document, from faculty and staff members who wish to take a leave under the parameters of the FMLA.

A. Who is eligible for FMLA?

1. All full-time and part-time faculty or staff members who meet all of the following criteria:
   a. Have worked at Grand Valley State University for at least 12 months.
   b. Have worked at least 1,250 hours of service during the 12-month period before the leave.
2. Grant, contract and temporary-funded faculty or staff members may be eligible for benefits under the FMLA during the term of their grant, contract or funding. The provisions of the FMLA do not continue past the date the funding or contract expires.

B. Notification Requirements

1. In order to receive leave under the FMLA, the faculty or staff member must notify his/her supervisor of the need for leave. When possible, this should be a minimum of 30 calendar days prior to the date the leave will begin.
2. If the faculty or staff member is unable to provide 30 days advance notice (such as in the case of a birth, adoption or medical emergency) the faculty or staff member must notify his/her supervisor as soon as possible.
3. Failure to provide advance notice (when determined it was possible to do so) may result in delaying approval of the FMLA leave.

C. Faculty/Staff Job Rights

1. Subject to the specific limitations contained in this Policy, eligible faculty or staff members may take a total of up to 12 weeks of FMLA leave during a 12-month period.
2. The faculty or staff member will be returned to his/her position or equivalent position at the end of the FMLA leave, provided: the grant/contract/term of employment did not expire during the leave, or the University is still offering those services previously performed by the faculty or staff member at the time the faculty or staff member is ready to return to work, or the faculty or staff member’s position was not eliminated due to a business or economic reason.
3. If a faculty or staff member is requesting an intermittent or reduced schedule leave, the University has the right to transfer the faculty or staff to another position during the time period of such leave. However, such a temporary transfer would be to a similarly situated and similarly classified position. The faculty or staff member’s salary, benefits, etc. would not be negatively affected.
4. If a faculty or staff member does not return to work after the FMLA leave is over and he/she does not apply for and receive approval for another University leave, he/she will be considered to have voluntarily resigned employment with the University.
5. The University will not discharge or discriminate against, or otherwise interfere with, restrain or deny a faculty or staff member from exercising rights under the FMLA.

D. Time Period

1. For purposes of the FMLA, the 12-month period will be a “rolling” 12-month “look back” period based on the faculty or staff member’s use of the FMLA leave during the previous 12 months. Therefore, an employee will not be entitled to more than 12 weeks of FMLA leave during any 12-month period.
2. A faculty or staff member requesting a FMLA leave may be required to use available accrued vacation for all or part of the leave. If he or she does not have enough accrued vacation to cover the leave period he/she may use a combination of vacation and unpaid leave.
3. University policies on leaves of absences, sick leave, salary continuation etc., will run concurrently with the provisions of the FMLA when applicable. For example, if an individual who was receiving salary continuation for 4 weeks, requested additional leave under FMLA, may have up to an additional 8 weeks approved, provided the situation qualified under the FMLA policy. The 4 weeks of salary continuation would count towards the 12 weeks of FMLA. In addition, if the individual had 2 weeks of accrued and unused vacation the supervisor may require him/her to first use accrued vacation time. Additional paid or unpaid leave may be considered, consistent with other University approved leave of absence policies.

E. Faculty/Staff Member Benefits

1. Benefits- the faculty or staff member on FMLA leave will continue to receive University provided medical and dental insurance as though he/she was working. Such benefits will continue whether the leave is paid or unpaid. If a premium is required, provision to pay the premium during an unpaid leave must be arranged by the faculty or staff member by contacting the Human Resources Office. The same procedure will be followed for collecting premiums under an unpaid FMLA leave as is done for other unpaid leaves. Failure to make required payments will result in loss of coverage, or in an obligation to repay the University if it elects to advance moneys to keep the coverage in affect. If the leave is paid, any required premium will continue to be deducted from the faculty or staff member’s paycheck, as is the customary manner.
2. If a faculty or staff member does not return from the FMLA leave, he/she may be required to repay the University for the cost of benefits received while he/she was on leave.

3. If the faculty or staff member does not return from leave, he/she may continue his/her medical and dental coverage by paying all required premiums under the COBRA provisions.

F. Intermittent and/or Reduced Schedule Leaves

1. Faculty or staff members may request and be granted intermittent/reduced schedule leave in the case of a serious illness of themselves, their parent, spouse or child if there is a medical necessity and if the medical need can be best accommodated through such a leave. Intermittent/reduced schedule leave is not available (except as medically required) in connection with the birth of a child, an adoption or foster care.

2. Intermittent/reduced schedule leave must be scheduled whenever possible at least ten (10) days in advance.

3. Intermittent/reduced schedule leave must be taken in 30-minute increments.

4. Intermittent/reduced schedule leave is counted toward the 12 week maximum FMLA leave which can be used during a 12-month period.

5. Intermittent/reduced schedule leaves, unless otherwise noted, are subject to the appropriate general provisions of this policy.

6. The faculty or staff member is required to schedule intermittent leave, when possible, so not to unduly interfere with the department's operations.

7. If the faculty or staff member was temporarily transferred to another position during his/her intermittent or reduced schedule leave, the employee must give the University ten (10) days notice of the ability to end the leave and return to his/her former position or an equivalent position.

G. Conditions and Procedures for Birth and Adoption (Family Leave)

An eligible faculty or staff member is entitled to take up to 12 consecutive weeks off for family leave for the birth of his/her newborn child, for the legal adoption of his/her child or, to accept foster care placement of a child. The following conditions apply:

1. The 12 weeks of leave must be taken consecutively (no intermittent or reduced schedule leave) and within the first 12 months after the birth or adoption.

2. Each employee is entitled to 12 weeks except if both spouses work for Grand Valley State University. In that case, the total number of weeks taken between the two faculty or staff members cannot exceed 12.

3. The medical recovery period for the birth of a baby will be considered as a medical leave, and be counted towards the 12 weeks of FMLA. For example, if a faculty or staff member gives birth, her physician may require a six-week medical leave of absence. If, after the six weeks, the faculty or staff member can medically return to work, she may then take an additional six weeks off as part of the provisions of the family leave. This second six-week period off work must be taken within the first 12 months following the baby’s birth.

4. The faculty or staff member requesting family leave for birth/adoption (other than under the provisions of Income Protection) may use available accrued vacation time, unpaid leave or a combination of paid and unpaid leave as part of the FMLA leave, or the University may require the faculty or staff member to substitute available paid leave for FMLA leave. If the employee does not have enough paid benefit time to cover the leave, he/she will go on an unpaid leave.

5. Verification of adoption, birth of a child or foster placement may be requested.

H. Procedures on Serious Health Condition of Family Member

An eligible faculty or staff member is entitled to take up to 12 weeks off from work to care for a spouse, parent or child with a serious health condition.

1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

2. The “need to care for” a family member includes both physical and psychological care when the family member is unable to care for his/her own basic medical hygiene or nutritional needs or safety, or is unable to transport him/herself to the doctor, etc. It also includes time needed to make arrangements for changes in care, such as transfer to a nursing home.

3. A “child” includes a biological, adopted, or foster child, stepchild, legal ward, or a child of a person standing in loco parentis who is under the age of 18 or, if older than 18, is incapable of self-care because of mental or physical disability. The term “spouse” means husband or wife. “Parent” is the person who acted as a parent when the faculty or staff member was a child but does not include mother-in-law or father-in-law.

4. The leave may be taken intermittently or on a reduced schedule but the total amount of time off cannot exceed 12 weeks of the faculty or staff member’s normal hours worked.

Example: Full-time faculty or staff member: 40 hours/week X 12 weeks = 480 hours

Part-time faculty or staff member: 20 hours/week X 12 weeks = 240 hours

5. Only in the case of a serious illness of a child when both parents work at Grand Valley, can each parent then take 12 weeks off. This is an illness so serious as to require a parent to stay with the child.

I. Procedures on Faculty/Staff Member’s Own Serious Health Condition

An eligible faculty or staff member is entitled to take up to 12 weeks off from work due to their own serious health condition, which prevents them from being able to perform the functions of their position.

1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

J. Military Family Leave

1. An eligible faculty or staff member is entitled to take up to 12 weeks off from work because of any qualifying exigency arising out of the fact that the staff member’s spouse, son, daughter, or parent is covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation.

2. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

3. The University will provide eligible employees up to 26 weeks of leave during a single (one time only) 12-month period to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy of a serious injury or illness.
The term “serious injury or illness” means:

i. In the case of a member of the Armed Forces, means an injury or illness that was incurred (or aggravated) by the member in the line of duty while on active duty in the Armed Forces, provided that such injury or illness may render the family member medically unfit to perform duties of the member’s office, grade, rank or rating.

ii. In the case of a veteran who was a member of the Armed Forces at any time during a period when the person was a covered servicemember, means a qualifying injury or illness that was incurred (or aggravated) by the member in the line of duty and that manifested itself before or after the member became a veteran.

K. Certification of Need for FMLA Leave

1. Initial Certification - Grand Valley may require certification from the faculty or staff member’s health care provider for the following reasons: to verify that the faculty or staff member is needed to care for the family member, or the faculty or staff member is not able to perform his/her job duties. The University reserves the right to ask for a second opinion by a health care provider chosen by the University. Such an opinion will be paid for by the University. If the University requests a third opinion, that opinion will be final and binding. If the second opinion and the original opinion conflict, the University will pay for a third opinion. The University and the faculty or staff member will work together to reach agreement on whom to use for the third opinion. All certification must be provided to the University within 15 calendar days of the University’s request, if practical. The third opinion will be final and binding.

2. Continuing Certification - Each 30 days, the University may request verification of the need to continue the leave. Failure to provide such requested documentation in a 15-day period may result in termination of FMLA leave.

3. A “health care provider” may include, for example, a licensed doctor of medicine or osteopathy, dentist, clinical psychologist, and other health care providers authorized under the Family Medical Leave Act.

4. When the faculty or staff member is ready to return from his/her leave, he/she may be required to submit medical verification (if applicable) of his/her ability to return to work.

L. Questions and Policy Interpretation

1. The Human Resources Office is responsible for implementing and coordinating the provisions of the FMLA for the campus. Questions may be directed to the Human Resources Office, extension X12215.

2. If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where University policy, handbooks or contracts provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

Human Resources

POLICY STATEMENT

Grand Valley State University faculty and staff members in the Armed Forces, Reserves, National Guard, or other “uniformed services” who are called to active duty will be granted an unpaid leave of absence and reinstatement privileges as prescribed by the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

“Uniformed services” includes: active duty, active duty for training, active duty for special work, weekend or weekday drill, funeral honors, or fitness for duty examination (whether voluntary or involuntary).

PROCEDURES
Military leave is available to all full and part-time faculty and staff of the University, including probationary staff members.

A. Military Duty Pay

A regular faculty or staff member who loses time from work during his/her regular schedule of hours because of military training as a reservist or National Guardsman or due to a civil disturbance, not exceeding four (4) weeks per year, shall be paid the difference between his/her base military pay and his/her regular pay. Adjunct faculty and temporary staff members are not eligible for military duty pay.

B. Benefits

The University will continue to provide health insurance for benefit eligible faculty and staff members, as well as their enrolled dependents, who are on duty less than thirty (30) days. Faculty and staff members serving for more than thirty 30 days may elect to continue health insurance coverage for themselves and any enrolled dependents through COBRA.

C. Leave Period

Faculty and staff members are entitled to an unpaid military leave of absence, with reemployment rights, for a period up to five years. The five years is a cumulative total and includes both past and present military service. Military leave for adjunct faculty and temporary staff will not extend beyond the appointment end date.

D. Reinstatement Requirements

Regular faculty and staff members have the right to be reemployed at the University following a military leave of absence as long they meet the following reinstatement requirements.

1. The faculty or staff member ensures that Human Resources or the applicable appointing officer receives advance written or verbal notice of your service.
2. The faculty or staff member has five (5) years or less of cumulative service in the uniformed services while employed at the University.
3. The faculty or staff member returns to work or applies for reemployment in a timely manner after conclusion of service, and
4. The faculty or staff member has not been separated from service with a disqualifying discharge or under other than honorable conditions.

Military leaves of absences for temporary staff and adjunct faculty will not extend beyond the appointment end date.

If eligible to be reemployed, a faculty or staff member has the right to be restored to the job and benefits he/she would have attained if he/she had not been absent due to military service or, in some cases, a comparable job. The faculty or staff member’s seniority would also be restored to the level they would have attained if they have been on duty at the University continuously.

Questions and Policy Interpretation

The Human Resources Office is responsible for implementing and coordinating the provisions of the Military Leave of Absence Policy for the University. Questions may be directed to the Human Resources Office at (616) 331-2215.

If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where the University policy, handbooks or bargaining agreements provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

SMOKING (AND VAPING) POLICY

SLT 4.6

Date of Last Update:
March 02, 2014

Approved By:

* Senior Leadership Team

Responsible Office:

Human Resources

POLICY STATEMENT

The United States Department of Health and Human Services Surgeon General Report of 2006 indicates that secondhand smoke is an avoidable cause of disease and death. Exposure to second hand smoke, even for a short time, results in adverse effects to the cardiovascular system and can cause coronary heart disease and lung cancer. The report concludes that second hand smoke can cause disease and premature death in individuals who do not smoke. Reducing and eliminating opportunities for exposure to second hand smoke protects the overall health of non-smokers. By enacting this policy, Grand Valley State University is taking action to minimize the harmful effects and discomfort which smoking produces for the benefit of all members of the University Community. During the interim until further study and review can be concluded, for purposes of this policy, the use of electronic cigarettes (vaping) shall follow this policy to the same extent as smoking a tobacco product.

PROCEDURES

All buildings at all GVSU locations are designated as smoke free. Smoking is prohibited in all indoor spaces; including, but not limited to, educational, housing and dining locations. Smoking is prohibited within twenty-five (25) feet of any GVSU building, within twenty-five feet of any GVSU bus stop on University property and within twenty-five feet of the Little Mac Bridge on the Allendale campus.

Smoking is prohibited in all University owned, leased or rented vehicles.

At all Intercollegiate Athletic facilities and at The Meadows Golf Club smoking is permitted in designated outdoor smoking areas only.

Smokers must cease smoking prior to entering any prohibited smoking area; twenty-five feet from any building, bus stop and bridge.

While GVSU permits smoking in areas not designated to be smoke free, it is the responsibility of smokers to be respectful of non-smokers in choosing a location in which to smoke so as to minimize non-smokers’ contact with second-hand smoke.

Smokers are responsible for properly disposing of all smoking related litter, which includes cigarette and cigar butts, tobacco, etc. Disposal of any smoking litter is not permitted on University grounds except in the provided ash receptacles.

If University facilities are rented by non-University individuals or groups, they shall be notified of and required to comply with this policy.
As the University acquires space or constructs new buildings or additions, smoking shall not be permitted in these buildings or areas. The above twenty-five foot distance from any building will be maintained at all new facilities.

GVSU recognizes that smoking is highly addictive. Smokers interested in assistance with quitting smoking should contact the appropriate office to learn about smoking cessation options and support. Students should contact the Campus Recreation Fitness and Wellness Office and faculty and staff members should contact the Wellness Coordinator in the Human Resources Office.

Policy Enforcement

This policy assumes that with notice to our community individuals will voluntarily adhere to these regulations and enforcement will not be needed. If smoking is observed in violation of this policy the appropriate action to take is to:

- Politely ask the person who is smoking either to stop smoking or to move to a designated smoking area, outside of the twenty-five foot perimeter of the building, bus stop or bridge.
- Should the problem persist, ask the person for his/her name and whether he/she is a student, faculty, staff member or visitor. If the person refuses to identify himself/herself, on the Allendale campus contact the Department of Public Safety Services at (616) 331-3255 or on the Pew Campus or other campuses contact Pew Campus Security at (616) 331-6677 for assistance.
- If the person violating this policy is a student, a complaint may be filed with the Dean of Students’ Office, (616) 331-3585, which shall take appropriate action.
- If the person is a faculty or staff member, a complaint may be filed with that person’s dean, unit head or supervisor who shall act pursuant to the appropriate personnel policies.
- If the person is a visitor, a complaint may be filed with the Department of Public Safety on the Allendale campus or with Pew Campus Security for the Pew Campus and regional campuses who will take appropriate action.

ANIMALS ON PROPERTY OWNED OR CONTROLLED BY THE UNIVERSITY

SLT 6.1

Date of Last Update:
May 20, 2019

Approved By:
Senior Leadership Team

Responsible Office:
Public Safety

POLICY

This Policy applies to all faculty, students, staff, contractors, vendors and visitors.
POLICY STATEMENT

This policy is intended to enhance the safety and health of students, faculty, staff, contractors, vendors and other visitors, and to supplement the existing GVSU policies, by providing rules and regulations regarding the presence of animals in GVSU facilities.

No person shall bring any animal(s) onto University owned or controlled property unless otherwise permitted by this or other University policy as listed below. Individuals wishing to request a modification or exception to this policy as a reasonable accommodation should contact the Office of Disability Support Resources. https://www.gvsu.edu/dsr

PROCEDURES

A. Animals Permitted on Property Owned or Controlled by the University *:

1. Service Animals are permitted within all University facilities subject to the additional requirements of this policy. Individuals who wish to bring a service animal into a University housing facility may do so without prior approval. However, students are strongly encouraged to reach out to the University’s Office of Disability Support Resources (DSR) to ensure that their experience bringing the animal to campus is a positive one. Advance notice of a service animal in housing facilities will enable the University to appropriately plan for the animals’ presence and will allow more flexibility in meeting the student’s needs. Service animals are permitted to accompany the dog to all areas of University housing where residents are normally permitted to go. Please note that service animals are required to be at least 12 months of age unless an exception to this requirement has been approved by DSR.

2. Employees with a disability who wish to utilize a service animal as a reasonable accommodation in a University office or other areas of campus buildings not open to the general public, must submit the request to the Office of Disability Support Services at least 30 days before the animal is needed.

3. Service animals in training are permitted in all public facilities on the same basis as working service animals, provided that the service animal is being led or accompanied by a trainer for the purpose of training the dog and the trainer has documentation confirming the trainer is affiliated with a recognized service dog training organization. Service animals in training are not permitted in certain classrooms, offices, or other areas of campus buildings not open to the general public. Facilities generally considered off limits unless an exception is granted:
   a. Research Laboratories: The natural organisms carried by service animals may negatively affect the outcome of the research. At the same time, the chemicals, and/or organisms used in the research may be harmful to service animals.
   b. Areas Where Protective Clothing is Necessary: Any room where protective clothing is required or necessary. Examples include chemistry laboratories, research/medical laboratories, wood shops, metal or machine shop, electrical shops, etc.
   c. Areas Where There is Danger to the Service Animal: Any room, including a classroom where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor e.g. molten metal or glass; where there is a high level of dust; or where there is moving machinery. Where the threat of injury is to the health of the dog, the student will be permitted to make the decision.

4. A student or employee with a disability who wishes to utilize a service dog in training in University housing, classrooms, offices, or other areas of campus buildings not open to the general public must seek approval through the reasonable accommodation process.

5. Animals under the control of a law enforcement officer acting in the course of his or her duties.

6. Animals kept in residence halls as approved by the Department of Housing and Residence Life including animals kept by housing staff in residence. All animals must register with and be approved by Disability Support Resources prior to entering University housing, in accordance with this policy: https://www.gvsu.edu/cms4/asset/C7BF326A-0990-A17D-F66456C52989A6FA/assistance_animals_policy.pdf.

7. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go.

8. Animals approved by the University for use in research or for instructional purposes: http://www.gvsu.edu/iasucp/

9. Animals brought on campus for a special event sponsored by the University or a student organization provided that the event has been pre-approved in writing by the Dean for the sponsoring college or department or by the Office of Student Life.

10. Animals accompanied by members of the University community and visitors, as long as they remain on sidewalks and University walkways.

11. Any animal brought into a University owned or controlled property pursuant to this Policy must be properly licensed, vaccinated and tagged as required by applicable law. All animals must be under the control of their owner or handler and must be on a leash at all times, unless the owner is unable to use a leash due to a disability or the use of a leash would interfere with the service animal's ability to perform its duties. In that case, the owner must be able to control the service animal by other effective means such as voice controls or signals.

12. Animals may not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

*For purposes of this Policy, “University Facility or Facilities” means any building, facility, structure or improvement, open or enclosed, that is owned, licensed, leased by, or under the control of the University.

B. General Requirements:

Persons bringing animals onto University owned or controlled property as permitted by this Policy are solely responsible for:

a. the full control, supervision and care of the animal
b. ensuring that animal droppings or other waste are picked up, thoroughly cleaned up and properly disposed of;
c. reimbursing the University for the costs associated with the repair of any real and/or personal property and/or University facility damaged directly or indirectly by the animal or the animal’s presence in the facility.

d. assuming full responsibility for any harm caused to others by their animal including medical expenses.
e. animals must not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

In addition, individuals bringing animals on campus must comply with all other applicable University ordinances, policies, practices and procedures and any applicable local, state or federal ordinance, statute and/or regulation.

C. Areas Requiring Pre-Approval for Service Animals:

1. The University may prohibit the use of service animals in certain locations due to health or safety restrictions, where service animals may be in danger, or where their use may compromise the integrity of research. Restricted locations may include, but are not limited to: teaching laboratories, classrooms, medical and surgical areas, and research areas.
2. Exceptions to restricted areas may be granted on a case-by-case basis by contacting the Office of Disability Support Resources. In making its decision, DSR will consult with the appropriate department and/or laboratory representative regarding the nature of the restricted area and any ongoing research. Additional requirements may be necessary to protect the animal. To be granted an exception: A student and/or employee who wants their animal to be granted admission to an off-limits area should contact DSR. Visitors should also contact DSR.

D. Clarifying Animal Status:

1. Service animals are permitted in all public facilities on campus in accordance with this Policy. University employees should refrain from questioning any individual about an accompanying service animal, including persons with non visible disabilities, unless there is a genuine question about the animal based upon its behavior.

2. In the unusual circumstance when an inquiry must be made to determine whether an animal is a service animal, a University employee may only ask two questions:

- Is the animal a service animal required because of a disability?
- What work or task has the animal been trained to perform?

You may not ask these questions if the need for the service animal is obvious. You may not ask the owner to make the animal perform the task.

3. A University employee may not ask about a person’s disability, require medical documentation, require a special identification card or training documentation for the service animal or ask that the service animal demonstrate its ability to perform the work or task. Although a service animal may sometimes be identified by an identification card, harness, cape, or backpack, such identifiers are not required and should not be requested or demanded for any service animal on campus.

4. Allergies and fear of animals are not valid reasons for denying access or refusing service to people using service animals.

E. Removal of Service Animals:

1. A service animal may be removed from University facilities or grounds if it disruptive (e.g., barking, wandering, posing a direct threat to the health or safety of others; is not housebroken; or displays aggressive behavior and the behavior is outside the duties of the service animal), ill, unhygienic, and/or unsanitary service animals are not permitted in public campus areas. The individual responsible for such an animal may be required to remove the animal. A service animal may also be removed if the animal is out of control and the owner does not take effective action to keep the animal under control. If the out of control behavior happens repeatedly, the owner may be prohibited from bringing the animal into facilities until the owner can demonstrate that significant steps have been taken to mitigate the animal’s behavior.

2. When an animal has been properly removed pursuant to this policy, the University will work with the handler/owner to determine reasonable alternative opportunities to participate in the University’s services, programs, and activities without having the animal on the premises.

3. Any individual with a dispute or disagreement concerning the removal or restriction of a service animal or any other aspect of this policy should first contact Disability Support Resources. If the matter is not resolved, a request for mediation should be submitted to DSR. Individuals may also file a written complaint with the Equity and Compliance Unit in the Division of Inclusion and Equity by calling 616-331-2894 or at https://gvsutix-gme-advocate.symplicity.com/public_report/index.php/pid234800.

F. Enforcement of Complaints:

1. If you become aware of a violation of this policy, you are encouraged to attempt informal methods of resolution. For example, if you recognize the person violating this policy, you might contact them or their supervisor to make them aware of the problem. If that is not successful and/or you are not comfortable approaching the person violating the policy or their supervisor, then the Department of Public Safety should be notified. The Department of Public Safety may pick up the animal and hold it for 48 hours.

Animals not claimed during that time will be turned over to the county animal control officer and the owner of the animal will be responsible for any associated fees.

2. Students in violation of this policy will be referred to the University conduct process through the Dean of Students Office and may be assessed a fine of up to $250.

Employees in violation of this policy will be referred to the Human Resources Office for possible disciplinary action to be determined in consultation with the Equity and Compliance Unit in the Division of Inclusion and Equity and the employee’s supervisor.

DEFINITIONS

1. Service animal: “any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability.” (28 CFR 36.104) The crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks for the purposes of this definition.

Examples of work or tasks that service animals perform include, but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as books or the telephone, alerting a person to a sudden change in blood sugar levels, providing physical support and assistance with balance and stability to individuals with mobility disabilities, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

a. The University may permit the use of a miniature horse on the same basis as a service animal if the horse has been trained to do work or perform tasks for the benefit of the individual with a disability and after an assessment of the following factors: the type, size and weight of the miniature horse and whether the facility can accommodate these features; whether the handler has sufficient control of the miniature horse; whether the miniature horse is housebroken; and whether the miniature horse’s presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation. (28 CFR 35.136)

2. Service animal in training: Dogs twelve months of age and older being individually trained to do work or perform tasks for people with disabilities that are at all times accompanied by a certified trainer. Puppies (dogs less than twelve months old) in training are not permitted in any University facilities.

CANCELATION/CLOSURE POLICY
SLT 6.3

Date of Last Update:
September 06, 2017

Approved By:
Senior Leadership Team

Responsible Office:
Public Safety

POLICY STATEMENT

Grand Valley State University will close or cancel all or part of its operations in cases of emergency, utility disruptions, or for weather related reasons.

TYPES OF OPERATIONAL CHANGE:

- **Cancellation:** Classes will not be held. All staff are to report to work at their regular time.
- **Closure/Closed:** Classes and campus events will not be held. Only ESSENTIAL staff are to report to work.

When GVSU is closed, only essential staff are to report. Designated personnel in the following departments are deemed essential and are expected to report:

- Department of Public Safety
- Facilities Services
- Athletic & Recreation Facilities
- Food Service
- Housing
- Information Technology
- Library
- Pew Campus Operations
- WGVU Television and Radio

Appointing officers have discretion to call in non-essential staff as circumstances may require.

Students, faculty and staff should assume the university is open unless they are advised otherwise through GVSUAlert!, the university’s emergency notification system, or on the radio or television. In the event of closure or class cancellation, every effort will be made to make the announcement no later than 6:30 AM for daytime classes and 3:00 PM for evening classes.

University Criteria for Weather-related Cancellations or Closures

In evaluating whether to close for weather-related reasons, the following criteria are used: 1) the ability of the university’s road crews to keep campus roads and parking lots cleared; 2) the conditions of primary and secondary roads in the area as reported by the Michigan Department of State Police as well as by central dispatch authorities in Kent and Ottawa counties; and, 3) weather reports regarding the track of the storm and other conditions.

Because commuting students, faculty and staff come from such a broad geographic area, it is extremely difficult to arrive at a decision that is appropriate for each vicinity. Weather conditions rarely are uniform throughout this large area. There is no one decision that will satisfy everyone; however, a diligent effort is made to arrive at a reasonable decision that considers the safety of students as well as their right to receive instruction. Under no circumstances does GVSU ask students, faculty or staff to assume undue risk in traveling to the University in inclement weather.

When GVSU Allendale is closed because of weather-related conditions, the Pew Grand Rapids Campus and the Meijer Holland Campus will also close.

When Muskegon Community College is closed, GVSU’s classes in Muskegon are canceled and the office in the Stevenson Center for Higher Education will close.

When Northwestern Michigan College in Traverse City is closed, GVSU’s classes in Traverse City are canceled and the office in the NMC University Center will close.

Decisions to close or cancel activities at the Annis Water Resources Institute (AWRI), the Muskegon Innovation Hub and the Detroit Center will be made separately, as these facilities host tenants, business events, and research functions not affiliated with university operations.

Announcements of closing and cancellation will be made through GVSUAlert!, on the Grand Valley web home page www.gvsu.edu, and on GVNOW at www.gvsu.edu/gvnow. Notifications may also be heard on area radio and television stations. For a more detailed update on campus conditions and area roads, tune to the Grand Valley State television and radio stations, WGVU-FM 88.5, WGVU-AM 1480, WGVs-AM 850, WGVs-FM 95.3, WGVU-TV 35, and WGVK-TV52. Please do not call the university switchboard to seek closing or cancellation information.

Rescheduling Final Exams Affected by Cancellation or Closure

In the event of a cancellation or closure on a specified exam day, any classroom-based exams affected would be held on the next available day after the exam week has concluded. For example, if a Tuesday exam day were affected, the next available day after the conclusion of the exam week would be Saturday. If two exam days were affected, i.e. Wednesday and Thursday, Wednesday’s exam would take place on Saturday and Thursday’s exam would be the following Monday. Faculty and students are advised to be aware of this contingency when making travel plans.

In the event of a cancellation or closure during exam week, faculty who are able to modify their exams to allow for online, take-home, or similar formats may do so for all students who agree. Faculty have an obligation to provide the option to students to be examined in the manner described in the syllabus, and for those students, exams will be scheduled as described above.
ENDOWMENT SPENDING
SLT 6.4

Date of Last Update:
January 04, 2013

Approved By:
Senior Leadership Team

Responsible Office:
Business and Finance

POLICY STATEMENT
Each year the University Board of Trustees approves spending rates for true and quasi-endowments. These rates are used to calculate the amount that can be distributed from each endowment. Only investment income is distributed from true endowments, as the principal must be maintained intact in perpetuity. Spending distributions are calculated quarterly for the current fiscal year based on the average balance over a rolling three year period and transferred to the various spending funds at that time. Effective January 1, 2002 an endowment requires a minimum balance of $30,000 in principal before spending can begin.

PROCEDURES
A spending fund is created for each endowment so that monies are expended according to the purpose for which the endowment was established; usually a restricted fund is utilized for true endowments and a designated fund for quasi-endowments. Documentation that supports how the funds are expended must be maintained for five years. Specifically, for true endowments established to fund scholarships, the selection committee must ensure that documentation regarding the criteria utilized for candidate selection and award is maintained for a five-year period.

1. Call Facilities Customer Service at 331-3000 to place your sign or banner request approximately two weeks prior to the event.
2. All banners are to be provided by the customer. There are two (2) locations on campus where they can be hung. One is in front of Lake Huron Hall in the Academic Mall area. The other is at the Northwest side of the Student Services Building facing Campus Dr. The banner(s) will be tied to metal posts that are secured into the ground. Banners may not hang from sculptures, the roof or inside any building, or be placed in the ground at a different location other than the two indicated unless approval has been given by the Associate Vice-President of Facilities Services. Also, approval must be given for any light pole banners. Light pole banner design must conform to Facilities size and construction standards and will be provided upon request.
3. Facilities Services will make and install three (3) real estate style signs for any GVSU sanctioned event on campus. They are 18” x 24”, white with navy blue lettering. Any additional signs ordered will be at a cost of $15.00 each and you must provide a FOAP number. There is a maximum of 15 signs that may be ordered.
4. If you are ordering a real estate sign then please indicate the event name, the location and which parking lot to use. We are able to place quotes or statements on the signs but it is a good idea to keep the letters to a minimum so they can be made large enough to read. Please give a date/time to have these installed and a date/time for removal.
5. Facilities Services will install the real estate signs at the locations the customer indicates. Usually this is at the campus entrances or along Campus Drive. No signs may be installed in front of the arch at the north main entrance or in front of any welcome sign at the campus entrances.
6. Handwritten signage is not allowed and any professional signage brought on campus must have approval by the Associate Vice-President of Facilities Services.

If you have any questions about your signage or need approval please call 331-3000.

Red Flag Detections

Student Enrollment
To detect any of the Red Flags identified above associated with the enrollment of a student, GVSU personnel will take the following steps to obtain and verify the identity of the person opening the account:
   a. Require certain identifying information such as name, date of birth, academic records, home address or other identification
   b. Verify the student’s identity at time of issuance of student identification card (review driver’s license or other government-issued photo identification)

Existing Accounts
To detect any of the Red Flags identified above for an existing covered account, GVSU personnel will take the following steps to monitor transactions on accounts:
   a. Verify the identification of students if they request information (in person, via telephone, facsimile or email)
   b. Verify the validity of requests to change billing address by mail or email and provide the student a reasonable means of promptly reporting incorrect billing address changes
   c. Verify changes in banking information given for billing and payment purposes

Consumer (“Credit”) Report Requests
To detect any of the Red Flags identified above for an employment or volunteer position for which a credit or background report is sought, GVSU personnel will take the following steps to assist in identifying address discrepancies.
   a. Require written verification from any applicant that the address provided by the applicant is accurate at the time the request for the credit report was made to consumer reporting agency
   b. In the event that notice of an address discrepancy is received, verify that the credit report pertains to the applicant for whom the requested report was made and report to the consumer reporting agency an address for the applicant that GVSU has reasonably confirmed is accurate

Preventing and Mitigating Identity Theft
In the event that GVSU personnel detect any identified Red Flags, such personnel shall take one or more of the following steps, depending on the degree of risk posed by the Red Flag:

Protecting Student Identifying Information
To further prevent the likelihood of identity theft occurring with respect to covered accounts, GVSU will take the following steps as they relate to internal operating procedures:

a. Ensure that the GVSU website is secure or provide clear notice that the website is not secure
b. Ensure complete and secure destruction of paper documents and computer files containing student account information when a decision has been made to no longer maintain such information
c. Ensure that office computers with access to covered account information are password protected.
d. Avoid use of social security numbers
e. Ensure computer virus protection is up to date
f. Require and keep only the kinds of student information that are necessary for GVSU purposes

Oversight
Responsibility for developing, implementing and updating this Program lies with an Identity Theft Committee (Committee) for GVSU. This Committee is headed by a Program Administrator appointed by the President. Two or more individuals appointed by the Program Administrator comprise the remainder of the committee.

The Program Administrator is responsible for ensuring appropriate training of GVSU personnel review of staff reports regarding the detection of Red Flags and the steps for preventing and mitigating identify theft, determining which steps of prevention and mitigation should be taken in particular circumstances and considering periodic changes to the Program.

Staff Training and Reports
GVSU staff responsible for implementing the Program shall be trained either by, or under the direction of, the Program Administrator in the detection of Red Flags and the responsive steps to be taken when a Red Flag is detected. GVSU staff shall be trained, as necessary, to effectively implement the Program. GVSU employees are expected to notify the Program Administrator once they become aware of an incident of identity theft or of GVSU’s failure to comply with this Program. At least annually or as otherwise requested by the Program Administrator, GVSU staff responsible for development, implementation, and administration of the Program shall report to the Program Administrator on compliance with this Program. The report should address such issues as effectiveness of the policies and procedures in addressing the risk of identity theft in connection with the opening and maintenance of covered accounts, service provider arrangements, and significant incidents involving identity theft and management response, and recommendations for changes to the Program.

Service Provider Arrangements
When the GVSU engages a service provider to perform an activity in connection with one or more covered accounts, GVSU will take the following steps to ensure the service provider performs its activity in accordance with reasonable policies and procedures designed to detect, prevent and mitigate the risk of identity theft:

a. Require, by contract, that service providers have such policies and procedures in place
b. Require, by contract, that service providers review GVSU’s Program and report any Red Flags to the Program Administrator or GVSU employee with primary oversight of the service provider relationship

Program Updates
The Committee will periodically review and update this Program to reflect changes in risks to students and soundness of GVSU’s policies, procedures, protocols and practices from identity theft. In doing so, the Committee will consider GVSU’s experience with identity theft situations, changes in identity theft methods, changes in identity theft detection and prevention methods, and changes in GVSU’s business arrangements with other entities. LIGHNING/SEVERE WEATHER POLICY - ATHLETICS

SLT 6.14

Date of Last Update: 
August 22, 2014

Approved By:

Senior Leadership Team

Responsible Office:

Athletics

POLICY STATEMENT

The safety of all participants and observers of athletic events is extremely important. Therefore, the Athletics Department has developed the following policy and chain of command in order to ensure the safety of both athletes and onlookers in the case of severe weather during an athletic event.

PROCEDURES

Chain of Command

The athletic trainer(s) present (most practices) in coordination with the game administrator and game officials are responsible for terminating an athletic activity in the event of lightning or other severe weather. During outdoor activities, a primary responsibility of the athletic trainer(s) is to have the ability to make sound decisions on environmental factors effecting the safety and well being of the athletes as well as others involved with the activity.

The certified athletic trainer will communicate with the game administrator, the head coach, and game official(s)/umpire(s) of the potential for lightning or severe weather and will make the recommendation that all activities stop or be suspended.

If the head coach is not present, the senior most member of the coaching staff will assume responsibility.

If an athlete proceeds with their outside activity against the recommendation of the individual in charge to seek a safe shelter, the athlete assumes all personal liability with regard to their safety and health.

If a coach and/or game official(s)/umpire(s) make the decision to continue to practice and/or continue with a game or other activity despite a Telvent weather warning, the cancellation of classes, and/or the verbal instruction by a certified athletic trainer or game administrator, they will be doing so against the recommendations of the Grand Valley State University Athletic Department and will be personally liable for any and all injuries.

Severe Weather

In the event of severe weather, the following measures will be taken by Grand Valley:

The athletic training staff will check the weather daily prior to the practice or competition. Up-to-date weather reports will be obtained by using Telvent services.

During outdoor practices and games, an early warning text message system from Telvent may be used to help determine the occurrence of and/or distance of lightning in the area. The weather reports and systems will be monitored for storms that may develop during practices and games.

When an early warning text message system from Telvent has detected lightning or thunder has been heard, the athletic trainer in charge will monitor the distance on the early warning system. When the lightning is within an 8-mile radius of the venue, the activity will be ceased and a warning message with recommended safe structure will be given.

Anytime the Meadows sirens are used to close the golf course, all athletic outdoor activities will be suspended.
The certified athletic trainer will be responsible for notifying the head coach, official(s)/umpire(s) and game administrator (if present) of the lightning or severe weather. The certified athletic trainer will recommend play to be suspended at this time and shelter should be taken.

Any person who feels they are in danger of any lightning activity will have the right to leave the field or event site to seek safe shelter without fear of penalty or repercussion.

If play is suspended due to severe weather, everyone (including observers) should seek shelter in the designated “safe structures” (listed in Table A). A “safe structure” is defined as “any building normally occupied or frequently used by people, i.e. a building with plumbing and/or electrical wiring that acts to electrically ground the structure.” This structure does not include: shower facilities, baseball/softball dugouts, outside storage sheds, and canopies/awnings/tents. When in a “safe structure,” stay away from corded telephones, electrical appliances, lighting fixtures, ham radio microphones, electric sockets, and plumbing.

In the absence of a “sturdy, frequently inhabited building,” one may seek shelter in fully enclosed hardtop vehicles but should not touch the sides of the vehicle.

If no “safe structure” is available within reasonable distance, find a thick grove of small trees surrounded by taller trees or a dry ditch and assume a lightning safe position. A lightning safe position is one in which one is crouched on the ground with only the balls of the feet touching the ground, with their arms wrapped around the knees and head lowered. Do not lie flat on the ground. Stay away from the tallest trees or objects (i.e. light poles or flag poles), metal objects (i.e. fences or bleachers), individual trees, standing pools of water, and open fields. Avoid being the highest object in a field.

Any person who feels his/her hairs stands on end or skin tingle should immediately assume a lightning safe position. Avoid using a landline telephone. Cellular phones may be used in an emergency situation.

**Resumption of Activity**

Play will resume thirty minutes following the last flash of lightning per the Telvent warning system. The certified athletic trainer will make this recommendation to the official(s) during an official game.

Blue skies and absence of rain are not protection from lightning. Lightning can strike up to ten miles from the rain shaft and it does not have to be raining for lightning to strike.

**Care of a Lightning-Strike Victim**

A lightning strike does not stay attached to the source therefore they do not carry an electrical charge. It is safe to touch the victim to move him/her to a safe location and to render medical treatment. Medical personnel should consider their own personal safety before venturing into a dangerous situation to render care.

Lightning-strike victims who show signs of cardiac or respiratory arrest need emergency help quickly. CPR and AED use should begin immediately, if necessary. Prompt, aggressive CPR has been highly effective for the survival of victims of lightning strikes.

Vicims should be assessed and treated for apnea, asystole, hypothermia, shock, fractures and burns.

Refer to the Safe Structures table.

SLT 6.16

Date of Last Update:
January 12, 2015

Approved By:
· Senior Leadership Team

Responsible Office:
Pew Campus Operations/ Allendale Facilities Services

POLICY STATEMENT

The following policy language is intended to promote the safety of the campus community, improve the comfort of faculty/staff, prevent physical damage to university facilities and conserve energy at Grand Valley State University.

PROCEDURES

Space Heaters:
The use of electric space heaters (or those fueled by other means) is strictly prohibited in any GVSU facility. Electric space heaters pose a safety risk and fire hazard by overloading building electrical circuits. They are also a very inefficient means of providing heat and often result in the discomfort of occupants in nearby offices or work areas.

Individuals who believe their work area is too cold (or hot) may contact Facilities Services (Allendale Campus) at extension 1-3000, or Operations at extension 1-6700 (Pew Campus & Regional Centers). A work order may also be submitted online at webtma.plant.gvsu.edu to request that their space be evaluated for temperature adjustments.

Other Personal Appliances:
The following appliances are also prohibited from being used in offices or other non-designated common areas at GVSU:

· Air conditioners
· Grills
· Coffee makers
· Crock-Pots
· Toaster ovens
· Toasters
· Mini Refrigerators
· Other small kitchen appliances
· Microwaves
· Other appliances that do not meet the intent of this policy

Many of these appliances are available to faculty/staff in designated break kitchens and lounge areas. If your department wishes to add an additional shared item to a break/lounge area, please contact the Operations Manager or Facilities Supervisor for your designated building to discuss its placement.

Exceptions:
Operations and Facilities Services will work to accommodate medical necessities, departmental events or other special conditions that may warrant an exception to this policy.

Responsibility:
Enforcement of this policy is the responsibility of departmental supervisors. Facilities Services and Operations staff will report unauthorized space heaters and other appliances discovered in the course of their work. The supervisor, chair, dean or director that is responsible for the area will be notified.

Responsible Office:
Business and Finance
POLICY STATEMENT

Timekeeping must accurately reflect all hours worked and should be recorded on a daily basis. Misrepresentation of hours worked or forgery is a violation of the law. Misrepresenting hours worked, forging a timecard, and swiping, or inputting hours for someone else may lead to immediate termination of employment.

PROCEDURES

Electronic Timekeeping
It is the responsibility of the staff member to accurately record all hours worked in Ultra Time and inform their supervisor that the hours are ready to be confirmed, or it is the responsibility of the staff member to accurately swipe their identification card in order for their supervisor to confirm their hours. All hours must be confirmed by 3:00 pm on the Monday following the end of the pay period.

Timecards
Each timecard is coded with information for the correct pay period. It is important that you use the correct timecard for the pay period. It is the responsibility of the staff member to accurately complete and submit their timecard to their supervisor (the supervisor must have signature authority on the account being charged) for their signature. The signed timecard must be in the Payroll Office 1035 James H. Zumberge Hall by 5:00 pm on the Monday following the end of a pay period.

POLICY STATEMENT

This document is designed to provide guidance to faculty and staff on University travel policies, regulations and procedures. These guidelines are in general terms and are not expected to cover every situation. For questions regarding policies, procedures or travel arrangements, call Procurement Services at 616-331-2280. For questions regarding travel and expense reimbursement, call the Accounting Office at 616-331-2203.

PROCEDURES

AUTHORIZATION
It is the responsibility of each prospective traveler to secure the appropriate approval for University travel from his/her supervisor, department head, dean, director or executive officer. Additional regulations may apply for travel associated with grant funding, especially for international travel. The following individuals would be eligible for reimbursement of reasonable expenses while traveling for University-related purposes:

• University Board of Trustees, faculty and staff employees.
• Non-employee guests invited to the University for lectures, consulting, interviews, recruiting, and other special occasions, or those requested to travel for the University as specified in a contractual arrangement.

ARRANGEMENTS

Employees: Each traveler is responsible for arranging his/her own travel schedule, booking reservations, and payment of expenses. Please contact the Procurement Services Department for information pertaining to the University’s preferred travel agency. Call 616-331-2280 or email purchasing@gvsu.edu.

University Guests/Groups: The host department is responsible for coordinating travel arrangements for University guests and non-employee groups. Please contact the Procurement Services Department for information pertaining to the University’s preferred travel agency. Call 616-331-2280 or email purchasing@gvsu.edu for assistance in booking air and/or ground transportation, hotel accommodations, car/van rentals or bus charters.

To request charges direct billed to the University, the following information must be given to the travel agency: guest name, dates of travel, hotel reservation, car rental, University host/arranger’s name, department name, account number, and phone number. Upon receipt of invoices from the travel/hotel/car rental agency, the Accounting Office will send a copy to the department for verification of the direct-billed charges and authorized signature for payment approval. The approved invoice copy must be returned to the Accounting Department promptly.

CHARGING TRAVEL EXPENSES

University faculty and staff may charge all business travel and entertainment expenses to an existing personal credit card or they may obtain a Fifth Third MasterCard through the Human Resources office. This is a personal credit card, and there is no annual fee to participate in this program. Call the Human Resources office at 616-331-2215 for an application or for additional information.

It is important to note that individual cardholders are personally liable for all charges on their Fifth Third MasterCard charge card. A monthly statement of charges will be sent to the cardholder, who is solely responsible for full and timely payment of all charges. Requests for eligible travel reimbursement should be made soon after completion of the trip and need not wait for receipt of the credit card statement. Refer to the expense reimbursements section for reimbursement of airline tickets purchased far in advance of trip.

EXPENSE REIMBURSEMENTS

The following individuals are eligible for reimbursement of reasonable expenses while traveling for University-related purposes:

• University Board of Trustees, faculty and staff employees.
• Non-employee guests invited to the University for lectures, consulting, interviews, recruiting, and other special occasions, or those requested to travel for the University as
Travel & Expense Guidelines

TRANSPORTATION

A. Commercial Airlines

1. Airfare must be booked at lowest economy or coach class unless the traveler certifies on the travel and expense form that such classes were not available. The passenger’s ticket coupon/receipt or e-ticket itinerary must be submitted when reconciling expenses. If a credit card statement for airfare is due before the trip has been completed, the University will reimburse that expense to the traveler when requested on the travel and expense form.

2. The University will permit the benefits of airline frequent flyer programs derived from travel paid for by the University to accrue to the traveler. However, travelers are encouraged to apply these benefits toward future University travel.

B. Charter Air Service – Charter air service may be authorized when it is to the advantage of the University measured by comparative travel costs and the time constraints of the travelers.

C. Personal Aircraft – Air travel for University business on an aircraft owned/leased by employees is prohibited. All University air travel must be booked on regularly scheduled commercial airlines or a University chartered aircraft.

D. Public Transportation – Taxis, buses, subways, limousines, etc. are reimbursable at full fare for University business.

E. Rental Vehicles – The use of rental vehicles is limited to situations where commercial transportation is either not available or is impractical. Renting vehicles for use at out-of-state destinations is permitted if necessary to the purpose of the trip. The University will reimburse expenses for economy or midsize vehicles. Contact either the facilities services office or the University’s preferred travel agency for assistance with rental vehicles.

1. A major credit card is required as security at time the vehicle is picked up. The rental agreement form and receipt must accompany the Travel and Expense Form for reimbursement.

2. The University has discount agreements with several major rental agencies. Discount cards are available from the travel agency or the Procurement Services Office. Request the applicable discounted rate when reserving a vehicle. Some promotional specials may be more economical than the discounted rate; request the best rate available.

3. Refer to the insurance section regarding appropriate coverage.

F. Personal Vehicles

1. If an employee works primarily on campus and has a GVSU principal office assigned or principal place of business, the mileage reimbursement allowed will be calculated from their principal GVSU office or place of business. Employees involved in work or temporary assignments off campus (i.e. field supervision, teaching, TV broadcasting, etc.) will be allowed mileage reimbursement based on their distance from their GVSU campus principal office/place of business or from their home to the place of work or temporary assignment, whichever is less. Mileage for travel between home and campus is personal commuting and is not reimbursable.

2. If an employee works primarily in the field off-campus, the mileage reimbursement allowed will be from either their home or an alternative location that is approved by the appointing officer. This approved location will be considered the point that mileage reimbursement will be calculated from.

3. Mileage within a campus location (Pew or Allendale, for example) is generally not reimbursable unless the employee is required to transport special equipment or tools to perform their duties and/or receives appointing officer approval.

4. Mileage between all campuses is permissible for reimbursement. Employees are encouraged to utilize the bus service between the Grand Rapids and Allendale campuses whenever possible rather than to request reimbursement.

5. Personal vehicles may be used in lieu of commercial airline travel. Mileage will be reimbursed at the established current rate but should cost the University no more than the commercial coach/economy airline fare. Similarly, transportation by bus, train, or other means will be reimbursed for actual cost but no more than the commercial coach/economy airline fare.

6. Expenses for gasoline, repairs, towing, etc. are included in mileage allowance. Expenses for parking, storage, tolls and ferries are reimbursable and limited to the actual amount paid. Parking fines and fees at University facilities are not reimbursable expenses. Any fine or charge for a violation of public policy (such as a speeding ticket, etc.) is not a reimbursable expense.

7. Refer to the Table of Standard Mileage for the current schedule and eligible reimbursements.

8. Any exception to the policies in F. Personal Vehicles requires approval by the Vice President of the respective division.

Meals

A. Reimbursement for individual meals will not exceed the maximum per diem allowance. Reimbursement for meals included in a conference or meeting fee is not allowed. Meals for employees involved in assignments off campus are allowable when deemed appropriate by their supervisor.

B. Meals including University guests are allowable at the actual cost, not to exceed the maximum per diem allowance. Reimbursement requests must include a receipt with the guest’s name, company name, and business purpose of the meeting.

C. Meals for University employee groups are reimbursable only with appropriate executive officer approval and documentation.

Lodging

Actual lodging expenses, as evidenced by an original receipt, are reimbursable. The maximum single room rate will be reimbursed when a University traveler shares lodging with a non-University person. Room service expenses are reimbursable in accordance with the per diem allowance. Reasonable expenses incurred for tips are reimbursable without receipt. The University’s travel agency has discount agreements with several properties. Contact the travel agency for assistance with lodging accommodations.

Conference Fees

Actual registration fees for conferences, seminars, etc. will be reimbursed as evidenced by a registration confirmation or paid receipt. Fees for non-business and/or spousal activities associated with the conference, such as golf or tour events, are not reimbursable. It is preferred that the conference registration be paid with the University’s purchasing card. Conference registrations may also be processed for payment by submitting an online Purchasing Requisition through Banner. A copy of the completed registration form (with the requisition number written on it) can then be sent to the Procurement Services Office in 201 LMH.

Miscellaneous Expenses

A. Telephone calls and telegrams made for business purposes are allowable and must be listed separately on the Travel and Expense Form. Dates, company names and names of persons called must be identified.

B. Reasonable expenses incurred for handling, storage and checking of baggage are allowed.

C. Personal expenses incurred for valet service, entertainment, personal phone calls, etc. will not be reimbursed.

D. Parking fees at University facilities are not reimbursable expenses.

Out-Of-Pocket Expenses

The Travel and Expense Form may also be used for reimbursement of non-travel related, out-of-pocket expenses up to $100. The form must include a description of the items to be

Only actual business expenses incurred, supported by the required original receipts must be submitted for reimbursement. Any extenuating circumstances resulting in altered travel plans or unusual expenses must be clearly explained on the Travel and Expense Form. B. Airline tickets already received are subject to airline/travel agency return regulations. When applicable, the credit will be issued to the party having made payment. Cancellation fees charged by the airline/travel agency are eligible for reimbursement. When reimbursement has already been received for the cancelled trip, the traveler must reconcile this credit promptly with the Accounting Office.

INSURANCE

University Vehicles
All University vehicles are insured for vehicle liability (including the statutory Michigan No Fault coverage) while being driven anywhere in the U.S. or Canada. Coverage is extended to anyone driving these vehicles with University permission.

Personal Vehicles
Employee personal vehicles are insured for vehicle liability while being driven on University business. This coverage is secondary to employee’s personal automobile insurance and is subject to specific deductibles.

Rental Vehicles
Rental vehicles are covered under the University’s liability policy. All terms and conditions of the vehicle rental agreement should be read and followed, particularly concerning authorized drivers. Violations of the agreement or driving regulations may render the University responsible for any damages. Use the following guidelines for insurance coverage when renting vehicles. Questions concerning insurance coverage should be directed to the Division of Legal, Compliance and Risk Management at 616-331-2067.

A. Decline the collision damage waiver insurance. The University provides coverage that eliminates liability for replacement at full retail value due to collision damage.

B. Decline the personal accident insurance if rental was booked by the University’s preferred travel agency and/or paid for using a University P-Card or the Fifth Third MasterCard offered through GVSU. Travel agency and corporate charge card program contracts automatically provide accident/medical and death benefits under personal insurance coverage.

C. Decline the personal effects insurance for University property. The University is insured for property in the vehicle. Personal property may be covered under your personal insurance; confirm with your insurance agent. Accepting the coverage for personal property is at your expense.

D. When vehicles are rented for University business travel, all rental contracts should be issued in the University’s name to avoid confusion concerning vehicle liability insurance.

ACCIDENTS AND EMERGENCIES

Accident Reports
In addition to those actions normally required in the event of an accident, the driver of any vehicle on University business should:

A. Report the accident to his/her supervisor. Accidents involving serious personal injury or vehicle damage should be reported to the department of public safety.

B. If driving a University vehicle, a M.U.S.I.C. Motor Vehicle Loss Report must be submitted. Call the Division of Legal, Compliance and Risk Management at 616-331-2067 for assistance.

C. When another vehicle is involved in the accident, obtain that driver’s insurance company name and address. Also obtain the names, addresses and license plate numbers of potential witnesses.

Reporting Illness or Emergency
In cases of serious illness, accident or emergency that occur while traveling on University business, the traveler should notify his/her supervisor. If the supervisor cannot be reached, contact the Human Resources Office.

It is the responsibility of traveler to inform his/her supervisor of address and phone number while traveling on University business. This is important should it become necessary to contact traveler in the event of an emergency.

LAKER STORE POLICY
SLT 6.21
Date of Last Update:
October 20, 2015
Approved By:
● Senior Leadership Team

Responsible Office:
GVSU Laker Store

POLICY STATEMENT
GVSU Laker Store is dedicated to serving the students of Grand Valley State University with resources, which enhance the University’s mission and image.

PROCEDURES
Textbook Locations

GVSU Laker Store - Allendale carries the textbooks and supplies required for classes taught on the Allendale campus and for those taught in Holland and other “satellite” locations across the state. These are available online at http://lakerstore.gvsu.edu or by calling toll free at 866-299-0001.

GVSU Laker Store – Robert C. Pew Grand Rapids Campus carries the textbook and supplies for classes taught in Grand Rapids, including those at the Cook-DeVos Center for Health Sciences.

Other Merchandise
Both store locations offer a selection of GVSU imprinted clothing and gifts, greeting cards, leisure reading books, school supplies, and a full line of computers and accessories, including Apple products. The leisure reading department includes a faculty book section. Faculty who publish are encouraged to notify the GVSU Laker Store staff, and we will add the title to our inventory.

Discounts, Sales and Promotions
GVSU Laker Store attempts to maintain pricing policies that are reasonable, fair and consistent. As a result, the same pricing is made available to students, faculty and staff. Sales and promotions are announced in advance on the GVSU Laker Store website and the University bulletin board, in addition to fliers and posters across campus. The same promotions are made available at both store locations.

Merchandise Returns Policies
Textbooks may be returned for a full refund through the first week of classes with a valid receipt. Specific deadlines are announced each semester. Other merchandise can generally be returned within a reasonable period when accompanied by a valid receipt. Merchandise, other than textbooks, will be accepted for an exchange when no receipt is presented. Refunds for purchases paid with cash or check will be refunded in cash, while returns for credit card purchases will be credited to the card.

Book Sell Back
GVSU Laker Store conducts a daily textbook sell-back at both store locations. Generally, sellback values increase near the end of each semester, and the majority of students sell their books during final exam week. Books that will be used at GVSU in the coming semester are purchased by the bookstore at 50% of the new book retail price until store quotas are met. Books that are not being used at GVSU may be purchased at 5-30% of retail price as long as they are current editions.

Textbook Orders
To insure the arrival of textbooks for the start of classes and to offer students an opportunity to sell their books at the end of the term, it is requested that faculty submit textbook orders by published deadlines. Textbook orders need to be in the bookstore by October 25 for winter semester, by February 25 for spring-summer semester, and by March 25 for fall semester. Requisitions may be submitted on-line in the faculty access section of the bookstore’s website at http://lakerstore.gvsu.edu.

For access information, please consult your department coordinator. When submitting a requisition, please provide accurate ISBN information to insure that the correct book is ordered. GVSU Laker Store staff also appreciate notification that “no books are required” for a class when appropriate.

Coursepacks
Faculty may choose to create coursepacks for sale through the bookstore. This may be done by working with a custom publisher, which manages copyright clearances and copying, or through the University’s Copy Center. In the latter case, faculty must perform copyright clearances themselves. Letters from publishers authorizing copying of materials, together with a complete and final version of the coursepack, should be forwarded to the appropriate bookstore location well in advance before the start of the semester. The textbook manager will arrange for copying, return the original to the faculty member, and place coursepacks on the shelf in time for the start of the semester.

**Desk Copy Loans**
Publishers will not honor requests for desk copy loans from bookstore personnel, so such requests should be made directly to the publisher. Faculty requiring a desk copy of an adopted textbook should contact their publisher representative for additional information.

A person shall not possess any firearm or weapon anywhere upon property governed by the University, except University Police Officers and other legally established law enforcement officers acting in the course of and scope of employment, and except for use in authorized University construction-related activities.

A "weapon" shall include but not be limited to:

1. any firearm,

**FUNDRAISING POLICY**

**SLT 8.3**

**Date of Last Update:**
December 08, 2014

**Approved By:**
Senior Leadership Team

**Responsible Office:**
University Development

**POLICY STATEMENT**

University Development helps Grand Valley State University fulfill its mission and realize its aspirations in three ways: (1) securing, stewarding and increasing financial support; (2) building meaningful partnerships with external and internal constituents; and (3) communicating the university’s character, quality, priorities and goals.

Accordingly, University Development must strive at all times to ensure that its policies and procedures and those of the university are in compliance with local, state and federal regulations in regard to the solicitation and acceptance of gifts. Any deviation from the Internal Revenue Code could result in fines, public embarrassment and/or the loss of the University’s tax-exempt status.

For these and many other reasons, all fundraising requests made in the name of the University must be approved in advance by the Vice President for Development. In addition, only the Vice President for Development or their designee is empowered to issue the University’s official receipt that qualifies a donor's charitable contribution as deductible for tax purposes.

Any fundraising activity that employs the name, image or reputation of the University, in an effort to secure financial gifts will be considered fundraising in the name of the University and is subject to this policy. In the area of “sponsored research”, University Development may work with the Office of Sponsored Research to determine the most appropriate fit for the project.

Any potential fundraising activities on behalf of an University program or initiative must first be approved by the appropriate dean and/or the divisional vice president before a request for assistance is directed to University Development. In all decisions related to funding, the priorities of the University, as approved by the Board of Trustees, shall guide the decision making process.
GIFT ACCEPTANCE AND DISPOSITION POLICY

SLT 8.4

Date of Last Update:
July 31, 2008

Approved By:
Senior Leadership Team

Responsible Office:
University Development

POLICY STATEMENT

This policy is established to govern the acceptance and disposition of all gifts made to Grand Valley State University, whether such gifts are inter vivos (lifetime) or from estates, other than gifts of: (1) cash or (2) publicly traded equities traded on national exchanges. The Vice President for Development in advance of acceptance must approve all such gifts, which fall under this policy.

Gifts subject to this policy will be considered in four categories:

1. Tangible personal property
2. Real property
3. Life insurance
4. Other assets

The latter category includes, but is not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities. The criteria for acceptance, the acceptance/approval process, and the disposition policy (where relevant) for each category are set forth below.

PROCEDURES

1. Tangible personal property

   A. Criteria for acceptance
   Gifts of tangible personal property, including but not limited to works of art, manuscripts, literary works, boats, motor vehicles, and computer hardware, may be accepted only after thorough review indicates that the property is (1) readily marketable or (2) needed by the University for use in a manner that is related to one of the purposes for which tax-exempt status of the University was granted; that is, for education, research, or a combination of both.

   B. Approval/acceptance process
   A Development Officer or other appropriate gift officer will prepare a written summary of the gift proposal and submit that summary to the Assistant Vice President for Development Services. At a minimum, the summary shall include the following information:

   - Description of the asset
   - The purpose of the gift (e.g. to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
   - An estimate or appraisal of the gift’s fair market value and marketability
   - Any potential University use and, if so, written review by the department to benefit from the asset
   - Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, etc.)

   The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, of necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

   If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of tangible personal property, the Development Officer will acknowledge receipt of the gift on behalf of the University. The University will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and provide, at the donor’s expense, a qualified appraisal required by the IRS in the case of gifts of tangible personal property valued in excess of $1,500.
The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance acceptable to the University, and the delivery of the property, as applicable. The donor will pay all costs associated with the conveyance of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of tangible personal property valued at more than $500. The donor should send this form to the Gift Assistant for execution.

C. Disposition

Upon approval of a proposed gift of tangible personal property by the Vice President for Development, he/she will assign a University office the responsibility for disposing of the gift, unless the gift is intended for a specific University purpose, in which case no immediate disposition is necessary. Any guidelines on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the university office responsible for disposing of the gift.

Upon approval of a proposed gift, the Vice President for Business and Finance or his/her designee will identify a Fund and Organization Code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, a development code will be used as a holding account.

Until the property is sold or otherwise disposed of, the university office responsible for disposing of the gift will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

The Vice President for Development must be consulted before a gift of tangible personal property may be sold for less than appraised value, estimated fair market value, or guidelines imposed by University Development in approving the gift, as the case may be. If in the judgment of the person responsible for disposing of the gift, a current appraisal of the property would assist in disposing of the property, the person responsible for disposing of the gift may request permission to have the appraisal performed.

Upon sale of the property, the office responsible for disposing of the gift will prepare a final report on the property, including a financial summary of net proceeds to the extent known, and distribute it to the Vice President for Development, the Vice President does Business and Finance or his/her designee, and the designated representative of the department to benefit from the gift.

2. Real Property

The University will consider gifts of real property, both improved and unimproved (e.g., detached single-family residences, condominiums, apartment buildings, rental property, commercial property, farms, acreage, etc.), including gifts subject to a retained life estate, only after a thorough review of the criteria for acceptance set forth below under the direction and supervision of the Vice President for Business and Finance or his/her designee. All gifts of real property shall be subject to terms and conditions as set forth in the Grand Valley State University Policy for Accepting Gifts of Real Estate.

A. Criteria for Acceptance

i. Market Value and Marketability: The Vice President for Business and Finance or his/her designee must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers must understand and communicate to donors that it is the University’s policy to dispose of all gifts of real estate (other than property which the University wishes to retain) as expeditiously as possible.

Thus, regardless of the value placed on the property by the donor’s appraisal, the University will attempt to sell at a reasonable price in light of current market conditions, and the donor needs to be informed that any such sale occurring within two years of the date of gift will be reported to the IRS on Form 8283.

ii. Potential Environmental Risks: All proposed gifts of real property, including gifts from estates, must be accompanied by a Phase I environmental audit performed at the donor’s expense, a qualified appraisal required by the IRS.

iii. Limitations and Encumbrance: The existence and amount of any carrying costs, including but not limited to property owners’ association dues, country club membership dues and transfer charges, taxes and insurance, must be disclosed.

iv. Title Information: A copy of any title information in the possession of the donor, such as the most recent survey of the property, a title insurance policy, and/or an attorney’s title opinion, must be furnished.

B. Approval/Acceptance Process

The Development Office, with the assistance of the Vice President for Business and Finance or his/her designee, will prepare a written summary of the gift proposal and submit that summary to the Vice President for Development. At a minimum, the summary shall include the following information:

- Description of real property
- The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
- An appraisal of the properties and, if different, the University’s interest in the property’s fair market value and marketability
- The result of a title search
- Any potential for income and expenses, encumbrances, and carry costs prior to disposition
- Any environmental risks or problems revealed by audit or survey
- Any potential University use
- Any special arrangements requested by the donor concerning disposition (e.g., price consideration, time durations prior to disposition, potential buyers, realtors or brokers with whom the donor would like the University to list the property, etc.)

The Vice President for Development and the Vice President for Business and Finance will review the material present by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, in necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of real property, the Development Officer will acknowledge receipt of the gift on behalf of the University upon notice by the Vice President for Business and Finance or his/her designee that the property has been properly recorded in the local Registry of Deeds. The University will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and to provide, at the donor’s expense, a qualified appraisal required by the IRS.

The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance. The costs associated with the conveyance and delivery of the gift,
The University must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers will inform the donor that, if the gift is completed, the IRS will require an appraisal made within sixty days of the date of gift. The appraisal and other information must indicate clearly and convincingly that there is in fact a market for the asset under consideration and that the asset can be sold within a reasonable period of time.

C. Disposition

It is the responsibility of the Vice President for Business and Finance or his/her designee to dispose of all gifts of real property. Any guidelines the Vice President for Business and Finance or his/her designee wishes to impose on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the Vice President for Development.

If the Vice President for Business and Finance or his/her designee determines that it is in the best interests of the University to retain for its own use a gift of real property, it will be recommended to the appropriate officers of the University and to the Board of Trustees that the University purchase the property and that, in all other cases they authorize liquidation of such funds for the benefit of the designated gift purpose.

Upon acceptance of a gift, the Vice President for Business and Finance or his/her designee will designate a code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the code will be used as a holding account. Until the property is sold or otherwise disposed of, the Vice President for Business and Finance or his/her designee will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

Upon sale of the property, the Vice President for Business and Finance or his/her designee will prepare a final report on the property, including a financial summary of net proceeds, and distribute it to the Vice President for Development and the designated representative of the department to benefit from the gift. - Has a minimum face value of $10,000
- Has a payment schedule not to exceed ten years and which assumes an interest rate not to exceed two percent below prime interest rate as of the effective date of the policy
- Requires charitable contributions from the donor to the University in the amount of any premiums, including unscheduled premiums, which may become due.

Grand Valley State University is designated as the owner and beneficiary of the policy. If intended for endowed purposes, the face value of the policy meets the minimum funding standards for endowments established by the Board of Trustees.

B. Approval/Acceptance Process

The Development Officer will prepare a written summary of any proposed gift of a life insurance policy, which fails to meet all of the criteria specified in the section above and submit that summary through the University’s Director of Planned & Endowed Giving or his/her designee. At a minimum, the summary shall include the following information:
- Description of the type of life insurance policy, face value, premium payment schedule, interest rate, age of insured(s), and other relevant policy information
- The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information). C. Administration

The Office of University Development shall administer all gifts of life insurance policies and shall maintain records of all donor policies, contribution schedules, donor designations of death benefits, and the like. The University’s Director of Planned & Endowed Giving or his/her designee shall be responsible for pledge reminders and monitoring payments of premiums.

The Vice President for Business and Finance or his/her designee shall be responsible for confirming the existence and cash value of all policies in force at least annually and for collecting and distributing death benefits. Upon receipt of death benefits, the Vice President for Business and Finance or his/her designee shall provide notice to the department(s), program(s), or endowment(s) to benefit from the gift.

4. Other Assets

Other assets include but are not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities.

A. Criteria for Acceptance

The University will consider gifts of other assets, including but not limited to promissory notes, assignment of promissory notes, partnership interests and restricted or non-publicly traded securities, only after a thorough review of the criteria set forth below.

i. Market Value and Marketability: The University must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers will inform the donor that, if the gift is completed, the IRS will require an appraisal made within sixty days of the date of gift. The appraisal and other information must indicate clearly and convincingly that there is in fact a market for the asset under consideration and that the asset can be sold within a reasonable period of time.

ii. Potential Environmental Risks: All proposed gifts in which the University would acquire an interest in real property must be accompanied by a Phase I environmental audit performed at the donor’s expense. The only permitted exception to this requirement is for residential property, which has been used solely for residential purposes for a significant (at least twenty-year) period of time. In cases where this exception applies and no environmental audit is undertaken, the donor must have an agent...
complete an Environmental Checklist prepared by the Vice President for Business and Finance or his/her designee. Information concerning specific treatment of these gifts at Grand Valley State University should be procured from the Office of University Development.

B. Disposition

It is the responsibility of the Vice President for Business and Finance or his/her designee to dispose of all gifts of assets in this Category 4. If the asset involves an interest in real estate, it is generally expected that the Vice President for Business and Finance or his/her designee will assist in disposing of the asset. If the asset is a security, it is generally expected that the Vice President for Business and Finance or his/her designee will follow policies for disposing of the asset. Any guidelines the Vice President of Business and Finance or his/her designee wish to impose on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the Vice President for Development at this time.

Upon acceptance of a gift, the Vice President for Business and Finance or his/her designee will designate a code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the Vice President for Business and Finance or his/her designee will determine how the gift will be disposed.

Until the property is sold or otherwise disposed of, the Vice President for Business and Finance or his/her designee will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

Upon sale of the property, the Vice President for Business and Finance or his/her designee will prepare a final report on the property, including a financial summary of net proceeds, and distribute it to the Vice President for Development and the designated representative of the department to benefit from the gift.

The Vice President for Business and Finance or his/her designee is responsible for filing Form 8283 for assets valued at more than $5,000 sold by the university within two years of the date of gift.

5. Acceptance and Disposition of Deferred Gifts

A. Deferred Giving

Development Services is asked to record various types of deferred gifts; the office is often asked to provide a description of the nature of such a gift, or explain how various types of deferred gifts should be recorded by us and/or handled for tax purposes. Ultimately, the Gift Assistant should refer related inquiries to the university’s Director of Major & Deferred Gifts. This does not, however, remove the need for the Gift Assistant to be familiar with this type of gift. For this reason, below are the general explanations of certain types of deferred gifts with commonly accepted rules. Information concerning specific treatment of these gifts at Grand Valley State University should be procured from the Office of University Development.

B. Bequests

The most common and simplest form of deferred giving: a bequest is a gift of property that is made through a donor’s will.

Benefits to Donors: Donors do not have to part with any money until they die, and do not owe any estate tax on the amount of the bequest.

6. Charitable Remainder Trusts

Two basic types of charitable remainder trusts qualify for federal tax benefits. In both arrangements, a donor gives stock, cash, or other assets to a trust. Those assets are invested; producing income for the donor - or other beneficiary – either for a fixed period of time or until the donor dies. The donor is allowed to claim a tax deduction for the estimated portion of the assets that will ultimately go to charity. When the donor dies, the charity keeps all remaining assets. There are two types of remainder trusts:

A. Unitrusts

Under a basic unitrust, the donor receives one or more yearly payments equaling a fixed percentage of the value of the asset. The value is assessed each year. Under a net-income unitrust, the donor receives only the income earned by the trust, even if the trust earns less than the payout rate. However, the trust can be set up to include a “make-up provision,” which allows donors to make up the lost income, provided the trust earns more than the payout rate in future years.
B. Annuity Trusts
The donor receives a yearly fixed payment equaling at least five percent of the value of the asset at the time the deferred-giving agreement was signed. Donors who give real estate commonly use charitable remainder trusts. Real estate is not usually given through gift annuities and cannot be given to pooled-income funds.

Benefits to Donors: Donors can get income-tax deductions and escape capital-gains taxes by making such gifts. Many donors find the trusts an appealing way to prepare for retirement. The assets can be invested to earn a lower rate of return when the donor is younger and then shifted to earn a higher rate of return, and thus provide more income, during a donor’s later years.

C. Gift Annuities
Donors contribute cash, securities, or other assets to a charity. In exchange, they receive annual payments for a fixed amount of time. With a deferred gift annuity, the annual payments do not start when the gift is made; they begin at a time specified by the donor when the gift is made.

Benefits to Donors: Gift annuities are attractive to donors who want to receive income from assets that have risen sharply in value, such as cash or stocks. In return for gifts of such assets, the charity guarantees the donors a fixed annual income for the rest of their lives and helps the donor avoid capital-gains tax. The donor also gets an income-tax break on a portion of the earnings from an annuity; the exact amount depends on the donor’s age.

D. Pooled-Income Funds
The donor gives cash, securities, or other assets to a non-profit organization, which then invests those assets in a large, diversified portfolio. The donor receives income from the fund proportionate to the value of his or her contribution, as well as an income-tax deduction based on the estimated principal that will be left to the charity. Obtaining a “unit” in a pooled-income fund is similar to buying a share of a mutual fund.

Benefits to Donors: Life gift annuities, pooled-income funds appeal to donors who want to earn income on stock and other assets and escape capital-gains taxes. Unlike annuities, a donor’s income from a pooled-income fund is tied to fluctuating interest rates. That means that in the long run, donors may receive larger earnings than they do from annuities, but they can also do less well in the short term. As a result, the funds tend to appeal to younger people who are more often willing to take risks with their investments.

E. Charitable Lead Trusts
A charity receives the income from the donor’s assets for a specified time, after which the asset is transferred back to the donor or to the donor’s heirs.

Benefits to Donors: A lead trust can reduce gift and estate taxes or provide a charitable deduction for the donor. Charitable lead trusts are most appealing to donors who want to pass appreciated assets to their heirs without paying a substantial amount in taxes. The donor pays a gift tax on the asset when it is placed in to the trust; after that it can grow tax-free. At the end of the specified period, the asset is returned to the donor’s heir or heirs, who do not have to pay any additional taxes.

7. Deferred Gifts Policy of Grand Valley State University
In an effort to maintain continuity and consistency with deferred gifts to Grand Valley State University, the following policy has been established:

Gifts governed by this policy: All deferred gifts to the University, which are managed by Grand Valley State University or its agents, including but not limited to the following:

- Gifts establishing charitable remainder trusts
- Gifts to the pooled income funds
- Gifts purchasing charitable gift annuities
- Gifts funding charitable lead trusts

Gifts not governed by this policy: Deferred gifts that do not require management; for example, gifts of personal residences or farms with retained life estate in donor and deferred gifts with are managed by trustees other than Grand Valley State University.

Trustee: Grand Valley State University has the option to serve as trustee of any deferred gift in which the University’s interest equals at least fifty-one percent of the total charitable interests. Usually the University prefers the use of a commercial trustee.

Payout rates: The payout rates offered to donors shall be competitive and determined in consultation with a Development Officer.

Value of Remainder: No deferred gift (except for deferred gift annuities) shall be accepted in which the value of the University’s remainder interest is less than twenty-five percent of the value of the assets transferred.

Minimum gift amounts: Grand Valley State University has the following minimums for acceptance of deferred gifts

- Charitable remainder trusts: Initial gift – $100,000
- Pooled income fund gifts: Initial gift – $5,000 Additional gifts – $1,000
- Charitable gift annuities: Initial gift – $10,000

Note: Gift annuities may not be offered to residents of states in which such contracts are considered to be insurance products or securities. Currently almost one-half of the states (including Florida, New York and California) classify these contracts as either insurance or securities. Because this list is constantly changing, approval should be obtained from the Development Office before discussions for this gift type are initiated.

Acceptable gift assets: The University will accept the following assets:

- Cash
- Publicly traded securities
- Real estate (subject to approval of the Vice President for Development)
- Other assets, such as closely held stock and partnership interested (subject to approval of the Vice President for Development.)

Valuation of gift assets: The University will follow applicable federal tax law.

Final approval, acceptance, and execution by the University; The Vice President for Development, in collaboration with the Vice President for Business and Finance or his/her designee must approve all documents.

All documents must be sent first to the donor for signature and then to the University’s Vice President of Business and Finance or his/her designee.

The Vice President of Business and Finance or his/her designee shall execute the documents on behalf of the University; and the documents shall be executed in duplicate and the originals distributed as follows:

- One original to donor
- One original to Vice President of Business and Finance or his/her designee
- Copies to the appropriate Development Officer

**ANTI-HARASSMENT POLICY**

**SLT 9.1**

**Date of Last Update:**
March 31, 2016

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Inclusion and Equity/Office of Affirmative Action

**POLICY STATEMENT**

**Article I. Purpose**

The goal of Grand Valley State University is to maintain a positive work environment for employees and a climate conducive to learning for students. The University, consistent with its policies and procedures, promotes institutional diversity by embracing such concepts as "affirmative action" and "equal opportunity" as a campus-wide strategy to provide equal access to opportunity. The University's commitment to non-discrimination is the foundation for such efforts. This policy outlines expectations for institutional and individual conduct that apply to all University faculty and staff members.

It is neither the purpose nor intent of this policy to infringe on academic freedom as defined by Grand Valley State University's Board of Trustees' Policies and the Faculty Handbook.

**PROCEDURES**

**Article II. Prohibited Conduct Harassment**

Harassment is unprofessional conduct that could reasonably be understood as (1) having the purpose or effect of creating an intimidating, hostile, or offensive environment, (2) having the purpose or effect of unreasonably interfering with an individual's work performance or access to educational activities and programs, (3) otherwise adversely affecting an individual's employment opportunities or access to educational activities and programs.
Harassment on the basis of age, color, disability, familial status, height, marital status, national origin, political affiliation, race, religion, veteran status, or weight is considered a violation of university policy. (For sex/gender, sexual orientation, gender identity and/or gender expression, see Sexual or Gender-Based Harassment Policy.)

Article III. Sanctions
Any person who violates the University’s Anti-Harassment Policy may be subject to a range of sanctions (in accordance with University policies) which could include, but is not limited to, dismissal, according to due process, from University employment. Violators may also be subject to civil action or criminal prosecution because harassment and other discriminatory behavior may violate state or federal laws.

Article IV. Retaliation
1) Definition: Retaliation means any adverse action taken against a person for making a good faith report of prohibited conduct (see, generally, policies on Sexual Misconduct, Sexual or Gender-based Harassment, and Anti-Harassment) or participating in any proceeding under University policy or policies.

a. Retaliation includes threatening, intimidating, harassing, coercing or any other conduct that would discourage a reasonable person from engaging in activity protected under University policy or policies.

b. Retaliation may be present even where there is a finding of “no responsibility” on the allegations of prohibited conduct.

c. Retaliation does not include good faith actions lawfully pursued in response to a report of prohibited conduct.

2) Reporting: Acts of alleged retaliation should be reported immediately to the Vice President for Inclusion and Equity, or designees, and will be promptly investigated. The University will take appropriate steps to protect individuals who fear that they may be subjected to retaliation.

Article V. Procedural Guidelines for Discrimination and Harassment Complaints

A. Preliminary Issues
The following procedures are intended to enforce the University’s Equal Opportunity/Affirmative Action Policy, (EEO/AA Policy) and the University’s Non-Discrimination and Anti-Harassment Policy. The procedures are initiated by making a complaint that alleges discrimination, including unlawful harassment, has occurred.

Complaints may be either formal or informal, and the procedure for each is described below.

B. Purpose of these Guidelines
The purpose of these procedural guidelines is to ensure that discrimination complaints, including harassment, are handled promptly and effectively in a manner that is procedurally fair to all parties. The Affirmative Action Office may deviate from these Guidelines as necessary to achieve the goals of prompt, thorough, and effective complaint resolution in a procedurally fair manner.

C. Time limit for Filing a Complaint
Typically, both formal and informal complaints should be reported as soon as possible and within sixty (60) days after discovery of the act which constitutes an instance of inappropriate behavior. The University retains the right to accept and address complaints reported anytime after the 60 day recommended time limit.

D. Confidentiality
Although discretion will be exercised, a guarantee of confidentiality or anonymity cannot be made because the fact-finding investigation will involve discussions with other parties.

Information about the Complainant and the incidents giving rise to the complaint will be revealed only as investigatory and disciplinary processes require. Confidentiality will be observed to the extent permitted by law and which is consistent with protecting the welfare of the faculty, staff and students, and the interests of the University.

E. Where to Make a Complaint
In most cases, a University Faculty/Staff member with a complaint alleging harassment in violation of this Policy, whether formal or informal, should report this to the Affirmative Action Office. A University student with a complaint alleging harassment in violation of this Policy, whether it is formal or informal, should report it to the Affirmative Action Office or the Dean of Students Office. In the event a complaint is received in offices other than the offices mentioned above, faculty and staff are responsible for referring the individual to the appropriate office.

F. Emergency
Provisional, emergency actions departing from these procedures may be taken by a University Appointing Officer with the advice of the Affirmative Action Office and the University Counsel Office and must be followed as promptly as possible by steps providing Respondent(s) with the notice and opportunity to defend the allegations.

Article VI. Informal Complaints

Individuals who believe they have experienced or may have witnessed discrimination or harassment in violation of this Policy should consult with the Affirmative Action Office. Contacting the Affirmative Action Office about a concern does not automatically result in a formal complaint.

The party making the complaint (the “Complainant”) may request that the University official consulted speak informally with the alleged offender(s) (the “Respondent”) informing them of the salient features of the complaint. If this process does not resolve the matter or, if the Complainant or University official who is consulted prefers, he/she may pursue any of the avenues of resolution listed below.

Informal complaints are those complaints where the Complainant or a witness of an alleged offense asks the Affirmative Action Office to assist in the resolution of an alleged violation of the Non-Discrimination and Anti-Harassment Policy.

1. Advising. One function of the Affirmative Action Office is to hear and address complaints concerning discrimination, including harassment of any type, in violation of this policy.

If the Complainant seeks a preliminary informational and advising session with the Affirmative Action Office, an opportunity for full discussion of the case shall be provided. The Affirmative Action Office shall aid the Complainant in exploring all possible options for resolving the complaint as effectively as possible. In doing so, the Affirmative Action Office will observe the confidentiality provisions of this Policy.

Some incidents, if considered serious, may require some type of follow-up actions to be taken by the Affirmative Action Office. If any follow-up actions are deemed necessary, the Affirmative Action Office will inform the person who identified the concern that action will be taken.

Students may seek advice and guidance from the Dean of Students or the Affirmative Action Office.

2. Alternative Dispute Resolution (ADR). The goal of ADR is to provide a forum where the Complainant and Respondent can, with the aid of the third party come to a mutually
agreed-upon resolution. ADR works only when both the complaining and responding parties voluntarily participate in the process. ADR facilitators may be assigned by the Affirmative Action Office. By definition, informal resolutions do not include imposing sanctions, but they may involve mutually acceptable consequences.

a. Mediation Process. A favored method of alternative dispute resolution (ADR) of complaints is mediation, which also is a voluntary conflict-resolution process. The Complainant and the Respondent voluntarily agree to work with a third party mediator, who is usually a member of the University community that is a trained mediator, to resolve the complaint. This mediation is intended to resolve the complaint to the satisfaction of both the Complainant and the Respondent. Informal complaints need not be put in writing or signed by the Complainant. Certain types of incidents, however, may not be appropriate for mediation.

i. A faculty or staff member or student initiates the mediation process by making an informal complaint within the Human Resources Office or the Affirmative Action Office. Students may initiate the process in the Dean of Students Office or may consult with the Affirmative Action Office. The complaint need not be in writing or be signed by the complainant.

ii. The office receiving the complaint will discuss the mediation process with the Complainant to determine if mediation might be an appropriate method to resolve the complaint.

iii. If the Complainant wishes to proceed with mediation, then a person designated by the Affirmative Action Office, the Human Resources Office, or the Dean of Students Office meets with the alleged offender, informing him or her that an informal complaint has been filed and that the Complainant wishes to resolve it by mediation. The mediation process will be discussed with the alleged offender to determine if mediation might be an appropriate method to resolve the complaint. The Respondent is also informed that mediation is a voluntary conflict resolution process intended to make each party aware of the position or feelings of the other and to resolve the conflict.

iv. If both parties agree to mediation, a Mediator will be selected by the Affirmative Action Office, the Human Resources Office, or the Dean of Students Office. The mediator will be a trained member of the University community who is deemed the most suitable and knowledgeable based on the circumstances involved.

v. Mediation may also include meetings between the Mediator and the parties separately.

vi. If mediation has been successful, the Mediator will inform the Affirmative Action Office that the complaint has been resolved.

vii. If the Mediator determines that mediation cannot adequately resolve the issues, he or she will inform the Complainant and Respondent of this as well as the options available, such as filing a formal complaint. The Mediator will also notify the Affirmative Action Office that mediation was unsuccessful.

viii. If the Complainant is dissatisfied with the results of mediation, he or she may file a formal complaint.

Article VII. Formal Complaints (Written)

Formal complaints are those complaints where the faculty/staff/student files a written complaint with the Affirmative Action Office.

A. Filing a Formal Complaint

Complainants must provide a written description of the allegation(s) and the name of the alleged offender. Complaint forms are available from the Affirmative Action Office and on the web at [http://www.gvsu.edu/inclusion/](http://www.gvsu.edu/inclusion/) under “Forms.” The Complainant should complete the form, listing: the type of alleged offense; summary of alleged discrimination; who discriminated against the Complainant; what action has been taken so far; what action is suggested; and whether the Complainant has filed a complaint/grievance with any other agency. The Complainant must sign the complaint form and submit it to the Affirmative Action Office to begin a formal investigation.

B. Notifications

Certain notifications are required to ensure fairness and equity to all parties involved:

1. The appropriate Appointing Officer responsible for the areas where the Complainant and Respondent are employed will be notified. The appropriate Vice President and the Appointing Officer for the Respondent shall receive a copy of the Complaint.

2. Once he or she becomes the focus of a complaint, the Respondent must be notified of the complaint, the identity of the Complainant and the nature of the complaint. They will also be advised not to contact the Complainant directly or to retaliate against him/her. The appropriate Appointing Officer will meet with the Respondent and provide a copy of the Complaint and be advised of the obligation of non-retaliation.

3. If either the Complainant or Respondent is represented by a collective bargaining agreement, the appropriate official in the Human Resources Office will be contacted immediately to assist in the facilitating the fact-finding investigation process.

4. If the complaint is against a student, the Complainant may elect to pursue a formal charge through the Dean of Students Office. The Affirmative Action Office will notify the Dean of Students as appropriate.

5. If the complaint is against an appointing officer, only the appropriate Vice President is notified. If the complaint is against a Vice President or Provost, the President is notified. If the complaint is against the President, the Chair of the Board of Trustees is notified. If the complaint is against a member of the Board of Trustees, the Chair of the Board of Trustees will be notified. If the complaint is against the Chair of the Board of Trustees, the Vice Chair of the Board of Trustees will be notified.

6. The Affirmative Action Office will maintain periodic contact with the Complainant and Respondent regarding the complaint status throughout the investigation.

C. Steps in the Investigation Process

A formal fact-finding investigation process will be carried out in as timely a manner as possible. However, all parties involved are encouraged to recognize that a thorough investigation requires time. While no specific deadlines are established, required notifications, respondent and, where applicable, union representation and investigation activities should begin as quickly as possible after receiving the written complaint.

1. The Affirmative Action Office will determine the most effective method of investigating the concerns raised by the Complainant. If circumstances deem that the investigation should be referred to the Student Grievance Process, then the Dean of Students will handle oversight responsibilities of the complaint. If not referred to the Dean of Students, then the Affirmative Action Office is responsible for the investigation.

2. Unless unusual circumstances prevent or suggest otherwise, a co-investigator will be identified to participate in the investigation process that will be led by the Assistant Vice President for Affirmative Action. The co-investigator will be a trained/experienced member of GVSU’s faculty or staff.

3. The investigation will involve conducting a thorough fact-finding investigation that includes meeting with the Complainant, Respondent, pertinent witnesses and reviewing and analyzing relevant documents as they relate to each allegation of the complaint. The investigators have the obligation to remain neutral during the investigation. Occasionally, a different or less formal response to the complaint may be warranted. Although the Affirmative Action Office may deviate from these guidelines, it will still respond to the complaint in a prompt, thorough and effective manner that is procedurally fair.
4. Communication with the Complainant and Respondent regarding the current status of the investigation and anticipated or adjusted timelines for concluding will occur on a regular and timely basis.

D. Investigation Report

1. A Final Investigation Report will contain: 1) a summary of the Complainant(s)’ allegations and the Respondent’s relevant statement in response to the allegations; 2) analysis of findings that includes a description of the relevant information provided by witnesses or obtained from the documents; and 3) the conclusion about whether or not university policy has been violated.

2. The Final Investigation Report will be provided to the appropriate Appointing Officer and Vice President. The Assistant Vice President for Affirmative Action will verbally notify both the Complainant and the Respondent about whether or not university policy was violated. The co-investigator’s involvement in the matter concludes when the final investigation report is issued.

3. The Assistant Vice President for Affirmative Action will meet with a representative from the University Counsel Office and the Appointing Officer to discuss recommendations for any follow-up actions.

E. Standard for Determining Violations of This Policy

Allegations of violations of this Policy will be evaluated by considering the totality of the particular circumstances, including the nature, frequency, intensity, location, context, and duration of the questioned behavior. Although repeated incidents generally create a stronger claim of harassment, a serious incident, even if isolated, can be sufficient to rise to the level of being considered a policy violation.

F. Corrective Action

If the report finds that the EEO/AA policy or this Non-Discrimination and Anti-Harassment Policy were violated, the University will determine appropriate corrective action, up to and including dismissal. The University may also take corrective action if no discrimination or harassment is found, but Respondent is found to have engaged in inappropriate workplace behavior. If corrective action is to be taken against a Respondent that is represented by a collective bargaining agreement, the appropriate official in the Human Resources Office will be contacted immediately to assist in the facilitating the corrective action.

CONSENSUAL RELATIONSHIP POLICY

SLT 9.2

Date of Last Update:
November 19, 2012

Approved By:
Senior Leadership Team

Responsible Office:
Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT

Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Article I. Purpose

The University’s goals are to maintain a positive work environment and a climate conducive to learning for students. The unequal institutional power inherent in academic and work relationships may heighten the vulnerability of those in subordinate positions. Accordingly, individuals holding positions of authority at the University must be aware of and sensitive to the potential conflict of interest, ethical concerns, and issues of sexual harassment that may occur in consensual relationships. Specifically, the parties to a consensual relationship must be aware that such relationships can create in co-workers and students perceived and real conflicts of interest. These relationships also create an environment of fear of unfair treatment in terms of promotions, grades, professional and/or educational opportunities, etc. This Policy outlines expectations for institutional and individual conduct that apply to all University faculty and staff members and students.

Article II. Consensual Relationships

Consensual romantic and sexual relationships between faculty and their students or between supervisors and their subordinates are inappropriate. Individuals should be aware that these relationships may create a perception of favoritism while the relationships continue. These relationships may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change and the conduct that was previously welcome may become unwelcome. If a sexual harassment complaint is subsequently filed, the argument that the relationship was consensual will be evaluated in light of the power differential in determining whether the University’s Anti-Harassment Policy has been violated. Under these circumstances, it will be extremely difficult to use mutual consent as a defense.
**Consensual Romantic or Sexual Relationships between Faculty/Staff and Students.** A faculty or staff member who has educational, supervisory, evaluation, advising, coaching, or counseling responsibilities for students shall not assume or maintain those responsibilities for a student with whom the faculty or staff member has engaged in romantic or sexual relations, even if such relations were consensual. Whether such romantic or sexual relationships predate the assumption of educational, supervisory, evaluation, advising, coaching, or counseling responsibility for the student, or arise out of the educational relationship, the faculty or staff member shall immediately disclose the romantic or sexual relationship to his or her Unit Head or supervisor, who shall promptly arrange alternate oversight of the student.

**Consensual Romantic or Sexual Relationships between Supervisors and Subordinates.** If a romantic or sexual relationship exists or develops between a supervisor, manager, or administrator and an employee for whom he or she has professional responsibility, the individuals involved in the relationship must promptly consult the next highest level of supervision (e.g., a supervisor, department head, Vice President, Dean) to determine whether arrangements can be made to eliminate all conflicts of interest. If such arrangements can be made that do not disadvantage the subordinate and are acceptable to the supervisor, manager, or administrator, they must be documented, and ensure that the supervisor does not hire, supervise, advise, evaluate, or otherwise directly influence the subordinate’s employment. Relationships between supervisors, managers, or administrators and their subordinates are prohibited when the working relationship is such that it is not possible to eliminate the conflicts of interest. Students employed by the University who supervise other student employees are covered by this section.

**Consensual romantic or sexual relationships between students.** Complaints concerning relationships between students are governed by the GVSU Student Code.

### Article III. Disciplinary Actions

Disciplinary action will be taken against faculty or staff members who violate this Policy, either by entering into or engaging in a sexual relationship with a student or subordinate for whom he or she has educational, supervisory, evaluation, advisory, coaching, or counseling responsibilities or by failing to report such relationship or failing to cooperate in making alternative arrangements.

### Article IV. Confidentiality

Confidentiality of the disclosure of consensual romantic or sexual relationships will be observed to the extent permitted by law and that is consistent with protecting the welfare of faculty, staff, and students and the interests of the University.

**SEXUAL OR GENDER-BASED HARASSMENT (INCLUDING RETALIATION) POLICY**

**SLT 9.3**

**Date of Last Update:** May 15, 2019

**Approved By:** Senior Leadership Team

**Responsible Office:** Inclusion and Equity

**POLICY STATEMENT**

Sexual or gender-based harassment is prohibited conduct at the University. No employee, student or other person at the University shall engage in sexual or gender-based harassment. The University will take prompt and effective steps to end sexual or gender-based harassment; eliminate any hostile environment caused by sexual or gender-based harassment; prevent its recurrence; and remedy the discriminatory effects on the victim and others as appropriate.

This policy and related procedures for addressing complaints of sexual and gender-based harassment, apply to all University programs and activities, including those conducted off-campus. Where relevant, if the off-campus sexual or gender-based harassment did not occur in the context of a University program or activity, the University will consider the effects of such off-campus sexual or gender-based harassment when evaluating whether it creates a hostile environment on campus or in an off-campus education program or activity.

**PROCEDURES**

**Reporting, Procedures & Notifications**

1. **Reports:** Reports of sexual or gender-based harassment should be made immediately to the Title IX Office and can also be filed online. Under Title IX, most University employees are considered “Responsible Employees” meaning they are required to report to the Title IX Office incidents of Sexual Misconduct that they observe or about which they learn. Professional counselors at the University who provide mental-health counseling are not considered “Responsible Employees” and, therefore, are not required to report any incident of Sexual Misconduct. Other resources are also available: see the following link. Any inquiry concerning the application of Title IX may be referred to the Title IX Coordinator or to the U.S. Department of Education Office of Civil Rights.

2. **Procedures:** Procedures for responding to reports of sexual or gender-based harassment are maintained by the Division of Inclusion and Equity. Procedures will be reviewed on an annual basis for proposed revision to be implemented the following academic year. Revisions to procedures are approved by the Vice President of Inclusion and Equity, in consultation with the Senior Leadership Team. The University community (students and employees) will also be broadly consulted and periodically surveyed to obtain input on revisions.

3. **Notifications:** The University community will be notified, annually, of this policy and any revisions, inquiry contact information, and available resources and provided regular training regarding this policy as well as prevention and awareness education related to the prevention of and response to sexual and gender-based harassment.

**DEFINITIONS**

**Definitions**

1. **Sexual Harassment** is unwelcome sexual, sex-based, request for sexual favors whether verbal, written, graphic, physical or otherwise, or other unwanted conduct of a sexual nature. When conditions are present as outlined in a. and/or b. below.

2. **Gender-Based Harassment** includes harassment based on gender, sexual orientation, transgender, gender non-conforming, transitioning, gender identity, or gender expression, which may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve conduct of a sexual nature. When conditions are present as outlined in a. and/or b. below.
a. **Quid pro quo** harassment is unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature made by a person having power or authority over another constitutes sexual harassment when submission to sexual conduct is made either explicitly or implicitly a term or condition of rating or evaluating an individual’s educational or employment progress, development or performance. This includes when submission to such conduct would be a condition for access to receiving the benefits of any educational or employment program.

b. Creates a **hostile environment** that is:
   i. Sufficiently severe, or persistent or pervasive, and objectively offensive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefiting from the University’s education or employment programs and/or activities.
   ii. A hostile environment can be created by persistent or pervasive conduct or by a single or isolated incident, if sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment, particularly if the conduct is physical; a single incident of sexual or gender-based harassment, for example, may be sufficiently severe to constitute a hostile environment. In contrast, the perceived offensiveness of a single verbal or written expression standing alone, is typically not sufficient to constitute a hostile environment.
   iii. In evaluating whether a hostile environment exists, the University will consider the totality of known circumstances, including, but not limited to:
      1. The frequency, nature and severity of the conduct;
      2. Whether the conduct was physically threatening;
      3. The effect of the conduct on the Complainant’s mental or emotional state;
      4. Whether the conduct was directed at more than one person;
      5. Whether the conduct arose in the context of other discriminatory conduct (see Anti-Harassment Policy);
      6. Whether the conduct unreasonably interfered with the Complainant’s educational or work performance and/or University programs or activities; and/or,
      7. Whether the conduct implicates concerns related to academic freedom or protected speech.

c. Transgender, gender non-conforming, transitioning, gender identity, and gender expression definitions:
   i. Transgender: An umbrella term that can be used to describe people whose gender identity and/or expression is different from their sex assigned at birth.
   ii. Gender non-conforming: Describes people who have, or are perceived to have, gender characteristics and/or behaviors that do not conform to traditional or societal expectations.
   iii. Transition/Transitioning: The process of changing one’s gender from the sex assigned at birth to one’s gender identity.
   iv. Gender Identity: A personal, internal sense of oneself as, for example, male, female, both, or neither.
   v. Gender Expression: The external appearance of one’s gender identity, or how one represents one’s gender through hair style, clothing, mannerisms, etc.

**Retaliation**

1. Definition: Retaliation means any adverse action against a person for making a good faith report of prohibited conduct (see, generally, policies on Sexual Misconduct, Sexual or Gender-based Harassment, and Anti-Harassment) or participating in any proceeding under University policy or policies.
   a. Retaliation includes threatening, intimidating, harassing, coercing or any other conduct that would discourage a reasonable person from engaging in activity protected under University policy or policies.
   b. Retaliation may be present even where there is a finding of “no responsibility” on the allegations of prohibited conduct.
   c. Retaliation does not include good faith actions lawfully pursued in response to a report of prohibited conduct.

2. Reporting: Acts of alleged retaliation should be reported immediately to the Vice President for Inclusion and Equity, or designee, and will be promptly investigated. The University will take appropriate steps to protect individuals who fear that they may be subjected to retaliation.

**POLICY STATEMENT**

I. Sexual Misconduct is any conduct that is considered sexual assault, dating violence, domestic violence, stalking and sexual exploitation as those terms are defined by this policy. Sexual Misconduct is prohibited conduct at the University. No employee, student or other person at the University shall engage in Sexual Misconduct. The University will take prompt and effective steps to end Sexual Misconduct, eliminate any hostile environment caused by Sexual Misconduct, prevent its recurrence, and remedy the discriminatory effects on the victim and others as appropriate.

This policy and related procedures for addressing complaints of Sexual Misconduct apply to all University programs and activities, including those conducted off-campus. Where relevant, if the off-campus Sexual Misconduct did not occur in the context of a University program or activity, the University will consider the effects of such off campus Sexual Misconduct when evaluating whether it otherwise creates a hostile environment on campus or in an off-campus education program or activity.

**PROCEDURES**

II. Reporting, Procedures & Notifications

1. Reporting: Reports of Sexual Misconduct should be made immediately to the Title IX Office and can also be filed online. Under Title IX, most University employees are considered “Responsible Employees” meaning they are required to report to the Title IX Office incidents of Sexual Misconduct that they observe or about which they learn. Professional counselors at the University who provide mental-health counseling are not considered “Responsible Employees” and, therefore, are not required to report any incident of Sexual Misconduct. Other resources are also available: see the following link. Any inquiry concerning the application of Title IX may be referred to the Title IX Coordinator or to the U.S. Department of Education Office of Civil Rights.
2. Procedures: Procedures for responding to reports of Sexual Misconduct are maintained by the Division of Inclusion and Equity. Procedures will be reviewed on an annual basis for proposed revision to be normally implemented the following academic year. Revisions to procedures are approved by the Vice President of Inclusion and Equity, in consultation with the Senior Leadership Team. The University community (students and employees) will also be broadly consulted and periodically surveyed to obtain input on revisions.

3. Notification: The University community will be notified, annually, of this policy and any revisions, inquiry contact information, and available resources and provided regular training regarding this policy as well as education related to the prevention and awareness of and response to Sexual Misconduct.

DEFINITIONS

III. Definitions

1. Sexual Assault is an offense that meets the definition of rape, fondling, incest, or statutory rape, as defined in the Federal Bureau of Investigation’s (FBI) Uniform Crime Reporting (UCR) program, as having or attempting to have sexual intercourse or sexual contact with another individual by force or threat of force; without affirmative consent; or where the person is incapacitated.

2. Sexual Assault consists of (a.) Sexual Contact and/or (b.) Sexual Intercourse that occurs without (c.) Affirmative Consent.

a. Sexual Contact is any intentional sexual touching, however slight, with any object or body part (as described below), performed by a person upon another person.

i. Sexual Contact includes: (a) intentional touching of the breasts, buttocks, groin or genitals, whether clothed or unclothed, or intentionally touching another with any of these body parts; and (b) making another touch you or themselves with or on any of these body parts; (c) causing another to touch one’s intimate parts, disrobing or exposure of another without permission.

b. Rape is sexual penetration, however slight, of another person without affirmative consent. Penetration can be of the mouth, vagina, or anus, and can be with a penis, tongue, finger, or foreign object.

c. Sexual Intercourse is vaginal or anal penetration, however slight, with any object or body part (as described below) performed by a person upon another person; and/or, oral penetration involving mouth to genital contact.

i. Sexual Intercourse includes: (a) vaginal penetration by a penis, object, tongue, or finger; (b) anal penetration by a penis, object, tongue, or finger; and (c) any contact, no matter how slight, between the mouth of one person and the genitalia of another person.

d. Affirmative Consent is informed (knowing); voluntary (freely given); and, active (not passive), meaning that, through the demonstration of clear words or actions, a person has indicated permission to engage in mutually agreed-upon sexual activity and the consenting person is not incapacitated as defined by this policy.

i. Affirmative Consent cannot be obtained by Force. Force includes: (a) the use of physical violence, (b) threats, (c) intimidation, and/or (d) coercion.

1. Physical violence means that a person is exerting control over another person through the use of physical force. Examples of physical violence include but are not limited to hitting, punching, slapping, kicking, restraining, strangling, and brandishing or using any weapon.

2. Threats are words or actions that would compel a reasonable person to engage in unwanted sexual activity. Examples include threats to harm a person physically, to reveal private information to harm a person’s reputation, or to cause a person academic or economic harm.

3. Intimidation is an implied threat that menaces or causes reasonable fear in another person. A person’s size, alone, does not constitute intimidation; however, a person’s size may be used in a way that constitutes intimidation (e.g., blocking access to an exit).

4. Coercion is the use of an unreasonable amount of pressure to gain sexual access. Coercion is more than an effort to persuade, entice, or attract another person to have sex. When a person makes clear a decision not to participate in a particular form of Sexual Contact or Sexual Intercourse, a decision to stop, or a decision not to go beyond a certain sexual interaction, continued pressure can be coercive. In evaluating whether coercion was used, the University will consider: (i) the frequency of the application of the pressure, (ii) the intensity of the pressure, (iii) the degree of isolation of the person being pressured, and (iv) the duration of the pressure.

ii. Affirmative Consent cannot be gained by taking advantage of the incapacitation of another, where the person initiating sexual activity knew or reasonably should have known that the other was incapacitated.

1. Incapacitation means that a person lacks the ability to make informed, rational judgments about whether or not to engage in sexual activity.

2. Incapacitation is such that it renders the person incapable of self-care and protection. Incapacitation could be the result of alcohol or other drugs or due to a temporary or permanent physical or mental health condition.

iii. Affirmative Consent to one form of sexual activity does not, by itself, constitute Affirmative Consent to another form of sexual activity.

IV. Intimate Partner Violence

Intimate Partner Violence is any act of Domestic Violence or Dating Violence as defined by this Policy.

1. Domestic Violence is any act of violence committed by any of the following individuals: (a) a current or former spouse or intimate partner of the victim; (b) person with whom the victim shares a child in common; (c) person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; and/or, (d) a resident or former resident of the victim’s household in the event such household residents have a current or prior intimate relationship.

a. An incident of domestic violence can consist of a single act of violence or a pattern of violent acts that includes, but is not limited to, sexual or physical abuse, or the threat to engage in such abuse.

2. Dating Violence is any act of violence committed by a person who is, or has been, in a social relationship of a romantic or intimate nature with the victim that does not fall within the definition of “domestic violence.”

a. Dating violence includes, but is not limited to, sexual or physical abuse or assault or the threat of such abuse or assault.

b. For the purposes of determining Intimate Partner Violence, whether the relationship is of a romantic or intimate nature is determined by a variety of factors, including: (a) the length of the relationship, (b) the type of relationship, and (c) the frequency of interaction between the persons involved in the relationship.

c. A relationship of a romantic or intimate nature means a relationship that is characterized by the expectation of affection or sexual involvement between the parties.

d. An incident of dating violence can consist of a single act of violence or a pattern of violent acts that includes, but is not limited to, sexual or physical abuse, or the threat to engage in such abuse.
V. Stalking

1. **Stalking** occurs when a person engages in a course of conduct directed at a specific person under circumstances that would cause a reasonable person to fear bodily injury or to experience substantial emotional distress.

   a. Course of conduct means two or more acts, including but not limited to acts in which a person directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about another person, or interferes with another person’s property.

   b. Reasonable person means a reasonable person under similar circumstances.

   c. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

2. Stalking includes “cyber-stalking,” a particular form of stalking in which a person uses electronic media, such as the internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact. This policy prohibits all stalking, not just stalking that occurs within the context of a relationship.

VI. Sexual Exploitation

**Sexual Exploitation** is purposely or knowingly doing any of the following:

1. Causing the incapacitation of another person (though alcohol, drugs, or any other means) for the purpose of compromising that person’s ability to give Affirmative Consent (see Section III.2.d.) to sexual activity;

2. Allowing third parties to observe private sexual activity from a (a) hidden location (e.g., closet), or (b) through electronic means (e.g., Skype or live streaming of images);

3. Engaging in voyeurism (e.g., watching private sexual activity without the consent of the participants or viewing another person’s intimate parts (including genitalia, groin, breasts or buttocks) in a place where that person would have a reasonable expectation of privacy);

4. Recording or photographing private sexual activity and/or a person’s intimate parts (including genitalia, groin, breasts or buttocks) without consent;

5. Disseminating or posting images of private sexual activity and/or a person’s intimate parts (including genitalia, groin, breasts or buttocks) without consent;

6. Knowingly exposing another person to a sexually transmitted infection or virus without the other’s knowledge;

7. Arranging for others to have non-consensual sexual contact, as defined by the Sexual Misconduct policy, with a non-consenting person.

VII. Retaliation

1. **Definition:** Retaliation means any adverse action taken against a person for making a good faith report of prohibited conduct (see, generally, policies on Sexual Misconduct, Sexual or Gender-based Harassment, and Anti-Harassment) or participating in any proceeding under University policy or policies.

   a. Retaliation includes threatening, intimidating, harassing, coercing or any other conduct that would discourage a reasonable person from engaging in activity protected under University policy or policies.

   b. Retaliation may be present even where there is a finding of “no responsibility” on the allegations of prohibited conduct.

   c. Retaliation does not include good faith actions lawfully pursued in response to a report of prohibited conduct.

2. **Reporting:** Acts of alleged retaliation should be reported immediately to the Vice President for Inclusion and Equity, or designees, and will be promptly investigated. The University will take appropriate steps to protect individuals who fear that they may be subjected to retaliation.

DISABILITY ACCOMMODATION POLICY FOR FACULTY AND STAFF

SLT 9.5

**Date of Last Update:**
September 16, 2013

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Inclusion and Equity

**POLICY STATEMENT**

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all faculty, staff and students with access to the University's programs, services, events and activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers. University faculty or staff members who are persons with a disability are not required to identify themselves as persons with a disability or to request an accommodation. However, the University cannot accommodate an individual who does not inform the University about his/her disability and his/her need for an accommodation. A faculty or staff member seeking an accommodation must request it by submitting their request to the Disability Support Resources Office following its procedures.

**PROCEDURES**

**The Disability Support Resources Accommodation Process**

To request an accommodation, a University faculty or staff member must:

A. Self-identify as a person with a disability by application to the Disability Support Resources office (DSR). It should be noted that The University conducts a survey of faculty and staff for statistical purposes and this does not constitute a method of self identification consistent with this policy. If a faculty or staff member requests an accommodation, the supervisor/unit administrator should refer the faculty or staff member to the DSR or its web site at [http://www.gvsu.edu/dsr/](http://www.gvsu.edu/dsr/)

B. Provide documentation of the disability; and
C. Indicate in the application to the Disability Support Resources office, his/her need for accommodation and provide supporting medical documentation from an appropriate professional, if requested by the Disability Support Resources office. The medical professional must have first-hand knowledge of the condition and a familiarity with the physical, emotional and cognitive demands of the disability.

Once an application has been submitted to the DSR, a DSR advisor will review the application and may contact the faculty or staff member who submitted the application. The advisor will contact the supervisor/unit administrator and discuss whether an accommodation is warranted, explore possible accommodations, and assess the effectiveness each would have in enabling the faculty or staff member to perform his/her job including the following:

A. The essential job functions of the position. The essential functions are the fundamental job duties of the employment position at issue. To be qualified for a position, an individual must be able to perform the essential functions of the job, with or without a reasonable accommodation.

B. The faculty or staff member’s ability to perform essential job functions with or without a reasonable accommodation; and,

C. Possible types of reasonable accommodations, if any are needed.

Reasonable accommodations vary depending on the circumstances of each case. In evaluating alternatives for accommodation, the preferences of the individual are considered, but the ultimate decision regarding what type of accommodation, if any, will be provided is made by the University. Nothing in this document shall be construed to waive the University’s right to contest whether a faculty or staff member is disabled or is entitled to an accommodation.

Medical documentation, as well as other related materials, will be maintained at DSR. Such documentation is kept confidential, except as necessary to administer the accommodation process or otherwise permitted by law. Such documentation may be shared only with those individuals involved in the accommodation process on an as needed basis.

During the accommodation request process, DSR may:

A. Request additional documentation;

B. Consult with Human Resource Office;

C. Evaluate whether any accommodation is needed and, if it is, whether an accommodation is reasonable and should be made (this evaluation may include preparing cost estimates);

D. Assess various accommodations;

E. Identify alternative accommodations or solutions;

F. Provide information from resources about the capabilities of persons with similar disabilities and the tools/techniques they use;

G. Determine a reasonable accommodation, if appropriate;

H. Provide a written determination to the department/unit and faculty or staff member;

I. Explain the department/unit’s responsibility to fund an accepted accommodation or seek alternative funding, if needed;

DSR makes a determination regarding implementation of accommodations. DSR will consider each request for reasonable accommodation and determine: (1) whether the accommodation is needed, (2) if needed, whether the accommodation would be effective, and (3) if effective, whether providing the reasonable accommodation would impose an undue hardship.

Appeals

If a faculty or staff member or supervisor/unit administrator disagrees with the DSR determination, the decision may be appealed to the Vice President of Inclusion and Equity, in writing to:

Vice President of Inclusion and Equity
4035 James H. Zumberge Hall
Allendale, MI 49401
Office number: (616) 331-3296

Retaliation

Retaliation against a faculty or staff member who requests an accommodation is prohibited. Individuals who feel that they have experienced retaliation may contact the Division of Inclusion and Equity

RELIGIOUS INCLUSION POLICY

SLT 9.6

Date of Last Update:
November 19, 2012

Approved By:
Senior Leadership Team

Responsible Office:
Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT
Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Purpose

Many University students, staff, and faculty observe religious traditions from a variety of religions. This Religious Inclusion Policy (“Policy”) acknowledges the right of students, staff, and faculty to engage in religious observances. The University is committed to accommodate the exercise of that right.

The University acknowledges that conflicts in scheduling mandatory academic requirements and employment obligations with religious observances are inevitable. Although the University does not observe religious holidays, it recognizes that there are a number of religious holidays that affect significant numbers of our students, staff, and faculty. This Policy is intended to provide clarity to students, staff, and faculty who seek accommodation to practice their faith.

PROCEDURES

Accommodations

Grand Valley State University will make a reasonable effort to allow its students, staff, or faculty to be away from work or a class to observe their religious beliefs, except where accommodating the request would result in undue hardship on the University in its mission, operation or in meeting its academic standards. The University provides quiet areas for student, staff, and faculty reflection, meditation, and prayer. A list of these quiet areas may be found on the Inclusion and Equity webpage.

Faculty should be sensitive to the observance of religious holidays so that students who miss classes to practice their faith are not disadvantaged. A list of religious holidays is found on the Inclusion and Equity website. Please note that this list is meant to be inclusive of most major religious traditions (although certainly not comprehensive), and that religious holidays have no official status at the University.

Faculty should make every effort to avoid scheduling examinations or assigning work that is due on religious holidays. Some religious holidays begin at sundown on the evening before the published date of the holiday. Consequently, faculty should avoid scheduling late afternoon exams on these days.

Faculty shall not penalize any student who has properly notified the faculty member by complying with the Request Accommodation Procedure for his/her absence in classes, examination, or assignments. Faculty should accept a student’s claim of a scheduling conflict on religious grounds at face value. If class attendance is required by the faculty member, classes missed to observe a religious holiday may not be counted as an absence.

Faculty must provide a reasonable opportunity for such a student to make up missed assignments and examinations within a reasonable time period before or after the student’s absence, provided the student has properly notified the faculty member by submitting a Request Accommodation Form. Faculty must give the student the opportunity to do appropriate make-up work that is no more difficult or time-consuming than the original exam or assignment.

Nothing in this Policy, however, exempts a student from meeting course requirements or completing assignments. The faculty member may respond appropriately if the student fails to satisfactorily complete the make-up assignment or examination.

Further, when scheduling university events and activities, such as Family Weekend, Commencement, Convocation, and University sponsored conferences, planners should consult the list of religious holidays on the Inclusion and Equity website before selecting the date and time to ensure inclusiveness.

Religious Accommodation Procedure

All requests for accommodation for religious observance should be made in the following manner:

Students: Faculty should inform students of all examination dates and assignment deadlines at the start of each semester in the class syllabus. If a conflict with a religious observance exists, students must request a religious accommodation from their faculty within the first two weeks of each semester or as soon as reasonably possible after the instructor announces a particular mandatory class, examination, or assignment so that alternative arrangements can be made for any class, examinations, or assignments missed. If an accommodation is needed within the first two weeks of the semester, the student must provide the faculty member with reasonable advance notice of the need for accommodation. Requests for accommodation must be made through a Religious Accommodation Form, which may be found at the Dean of Students Office, the Office of Affirmative Action or under “Forms” at www.gvsu.edu/inclusion. It is the student’s responsibility to provide faculty with reasonable notice of the need for accommodation and the timing of the notice may be taken into account in determining whether granting the request would create an undue hardship.

The faculty member and the student should discuss and agree upon what would constitute a reasonable accommodation in each given case. If the student and faculty member agree upon an accommodation, the accommodation must be carried out and disclosed on the Religious Accommodation Form. The completed Religious Accommodation Form shall be filed by the faculty member in the Dean of Students Office.

If the student and faculty member cannot agree on an accommodation, either party may bring the matter to the Unit Head to determine the accommodation. Either party may appeal the Unit Head’s decision to the Dean, who will make a final binding decision.

Where a student has obligations to a placement site (e.g. internships), that student must also work out arrangements with the placement site to make up for missed responsibilities or duties.

Staff: The use of vacation and personal leave is governed by the staff member’s respective Board of Trustees’ Policies, Staff Handbook, or Collective Bargaining Agreement. Vacation days requested for the express purpose of religious observance will not be unreasonably denied by the staff member’s supervisor if the staff member has accrued vacation leave or is eligible for personal leave and the granting of leave or vacation time will not result in undue hardship for GVSU.

Faculty: The use of vacation and personal leave is governed by the Faculty Handbook. Requests by a faculty member for leave for religious accommodation, however, shall be considered under this Policy if the faculty member has made arrangements for any missed classes and the granting of the leave will not result in undue hardship for GVSU. Faculty that miss class time due to a religious observance must make alternate arrangements for that time with his or her Unit Head. If the Unit Head denies the request, the faculty member may appeal to the Dean, who will have final decision authority over the request.

Nothing in this Policy exempts a GVSU faculty or staff member from fulfilling their job responsibilities.

Confidentiality

Although discretion will be exercised, a guarantee of confidentiality or anonymity cannot be made because the determination of a reasonable religious accommodation will involve discussions with other parties. Information about the request for religious accommodation will be revealed only as the deliberation process requires. Discretion will be observed to the extent permitted by law and that is consistent with protecting the welfare of the students, staff, and faculty and the interests of the University.

Retaliation

Any attempt to retaliate against an individual who files a religious accommodation request or otherwise utilizes this Policy is prohibited.

POLICY STATEMENT

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all students and staff with equitable access to the University’s programs, services, events and staff development activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers to our websites or to provide equally effective alternative access.

This policy establishes minimum standards for the accessibility of web-based information and services considered necessary to meet the University’s goals and ensure compliance with applicable law. The University has assigned web accessibility responsibilities to its Americans with Disabilities Act Coordinator and Web Manager, or their designees.

This policy applies to all official web pages and associated web-based services developed by or for a college, school, department, program, or unit of the University.

The University will ensure that new online content and functionality developed, procured, or used will be fully accessible to individuals with disabilities. This action will include any staff training that may be necessary to ensure full implementation.

All new web pages published by any University college, school, department, program, or unit on or after the effective date of this policy must conform to WCAG 2.0 Level AA Technologies Accessibility Standards and this policy.

For existing online content, the University has: developed a strategy for identifying inaccessible content and functionality for individuals with disabilities; developed a notice to person with disabilities regarding how to request that the University provide access to online information or functionality; prominently posted this notice on its home page and throughout its website; and developed a process to ensure that, upon request, inaccessible content and functionality will be made accessible in an expedient manner.

Each web site must contain a link to report accessibility issues, or to request an accessible version, should users have trouble accessing content within the site. This would usually be the site administrator or content author.

PROCEDURES

Training

Accessibility training will be provided and required of all faculty, staff and other authorized representatives prior to being given access to manage any online content through the Content Management System (CMS) or through remote access to a web server (FTP, SFTP, SSH, etc.).

This training will help content administrators produce accessible content, and assess and correct content that may be inaccessible. All content administrators will be required to attend Accessibility Training on an annual basis as long as they manage online content.

Enforcement

If necessary, at the discretion of the Web Accessibility Coordinators or their designees, some or all non-compliant portions of the web pages and resources may be taken offline, or brought into compliance by designated staff or contractors.

Purchasing of Outside Content

All web-based content and systems, whether developed internally or obtained from third-parties that the University chooses to make available, is expected to conform to accessibility standards set forth in this policy. Accessibility of these technologies should be verified by University staff with demonstrated ability in accessibility evaluation. This verification process should be accomplished through hands-on evaluation of the product, prior to purchase.

When evaluating third-party products, it is advisable to choose the most accessible product in the space. However, not always will there be accessible choices, or the most accessible choice may not align with other dominant selection criteria. In cases where a product with limited accessibility has been purchased, interim, equivalent accommodations documented in an approved ADA exception should be in place until the service can be made accessible.

Contact Information

Any concerns with the accessibility of online content should be directed to the Americans with Disabilities Act Coordinator, 4035 James H. Zumberge Hall, 616-331-3296 and/or Web Manager, 2090 James H. Zumberge Hall, 616-331-2525 or their designees who serve as the University’s Web Accessibility Coordinators. You may also utilize the Section 504 and Title II grievance procedures found at http://www.gvsu.edu/accessibility.

“Grand Valley is committed to strengthening our living, learning, and working environment by recognizing and removing the barriers to full participation and providing a safe, inclusive, vibrant community for all.” -- Inclusiveness core value section of the University’s Strategic Plan

Grand Valley State University is committed to being a safe and healthy environment for all. This includes students, faculty, staff, and campus visitors, especially those who are minors. As a public university open to everyone, the University welcomes children and teenagers on our campuses for a variety of programs and activities planned by the University or by outside organizations. In all situations, adults are expected to be positive role models for minors, acting in a respectful and responsible manner consistent with the mission and values of the University. To promote this vision, the University publishes and enforces policies, procedures, and guidelines that have the goal of promoting health, safety, and security for minors on our campuses.

“Minors” are persons under the age of eighteen (18), and the term “Minor,” “Minors,” “Child,” and “Children” are used interchangeably in this policy. Further definitions may be found below. This policy addresses the following situations:

- A Minor will be physically present and participating in a University-sponsored program or activity, either taking place on University property or under the authority and/or direction of the University at other locations (this includes academic and sports camps);
- A Minor child will be physically present and participating in a program or activity at the University that is sponsored by a third party (this includes programs for K-12 students sponsored by a school system);
- A Minor is enrolled in one or more courses on campus, either as a matriculated student, a guest student from another institution of higher education, or a dual-enrolled student;
- Other events where Minors are physically present at the University, such as situations when parents/legal guardians are expected to accompany and provide supervision to Minors in their care (this includes Admissions activities and events and performances open to the public).

POLICY STATEMENT

I. Requirements of Programs that Involve Minors

Programs are typically workshops, sports camps, academic camps, conferences, and similar activities. Some activities that are exempt from Section I can be found in Sections III-V.

A Sponsoring Unit offering or approving a Program that involves Minors or provides University housing for Minors participating in a Program, whether utilizing University housing or not, shall abide by the following:

1. Waiver or release forms: participation, medical treatment, use of photographs and other media: All Minors participating in a University Program must provide a waiver or release form for participation in the program, medical treatment authorization, and use of photographs and other media by the University. This can be one form or several, and all forms must be signed by a Parent, Legal Guardian, or Foster Parent prior to their participation in a Program.

2. Behavior of Minors on Campus. Minors are to be held to the same standards of behavior expected of enrolled students, as described in University policies.

3. Information maintained by Programs. All Programs shall maintain an up-to-date list of all Program times and dates, locations, attendance information (names, ages and emergency contacts for Program Participants); list of all Authorized Adults, documentation of their training (item #5 below) and background check (item #6 below) for the Program; and a Program contact, so that in the event of an emergency, appropriate measures may be taken. All Programs must establish a procedure for the notification of a Program Participant’s Parent/Legal Guardian/Foster Parent in the case of an emergency, which might include medical or behavioral issues involving the Minor, or changes in the Program due to unforeseen and significant disruptions. Parents/Legal Guardians/Foster Parents must also be given contact information in a manner in which the Program Participant can be contacted while the Program is in session. All information, including release forms, shall be retained by the Sponsoring Unit for five years after the Program ends.

4. Supervision of Minors. All Programs must provide adequate supervision of Minors while they are on Campus. One-on-One Contact with Minors is discouraged, unless in public spaces. In general, it is required that two or more Authorized Adult will be involved in activities where Minors are present. Parents/Legal Guardians/Foster Parents may sign a waiver giving consent for their Child to be alone with an Authorized Adult. (For example, if music lessons are being provided by an adult instructor.) Exceptions in rare circumstances may also be granted (see below).

5. Training of Authorized Adults. Each Authorized Adult, who is not the Minor’s Parent, Legal Guardian, Foster Parent or an adult designated by the Parent or Legal Guardian, who will be participating with Minors in a Program, shall complete training in the conduct and reporting requirements of this policy. This training is given to maximize the protection of Minors from abuse of any kind. The appropriate vice president, dean, unit head, or area director may enhance and/or supplement the required training Program to meet specific needs of the particular Program involved. Documentation that the Authorized Adults have been trained should be maintained by a designated and identified member of the Program’s Sponsoring Unit for five years.

6. Background checks of Authorized Adults. All Authorized Adults in the Program must complete and submit the Authorization for Release of Information for Background Check form to Human Resources. Background checks must be completed every five years. (See also PC 10.7 Volunteers Policy, for Authorized Adults who are not University employees.)

7. Procedures for release of Minors. All Programs must establish a procedure for the pick-up and drop-off of Program Participants, specifying times and locations. The Authorized Adult(s) overseeing the pick-up and drop-off of Program Participants shall remain at the specified location until all Minors have been released. If a minor is not picked up, the Authorized Adult(s) will contact the parent or guardian, the program director and finally, Grand Valley Department of Public Safety if needed.

In rare circumstances, strict adherence to this policy’s requirements may not always be feasible or be the best practice for managing risk. If a Program can justify an exception in consultation with and with approval from Human Resources, or, when appropriate, obtain written consent by the Parent/Legal Guardian/Foster Parent for the parameters applicable to the Program, certain requirements under this policy may be waived. Such waivers will be considered on a case-by-case basis.

II. Conduct Requirements of Authorized Adults

All Authorized Adults, participating in Programs and activities covered by this policy, should be positive role models and act in a caring, honest, respectful, and responsible manner. They are required to comply with all applicable laws and University policy. In addition, at all times, they shall:

1. In general, avoid One-on-One Contact with Minors, unless in public spaces. Two or more Authorized Adults must be involved in Programs where Minors are present unless a waiver has been signed or an exception has been granted.

2. Have separate accommodations from the Minors. An Authorized Adult should not have One-on-One Contact by entering a Minor’s room, bathroom facility, or similar area without another Authorized Adult in attendance.

3. Not take photographs or digital images of Minors other than specified in the waiver for photography (see Section I.1).

4. Not engage in private communication not pertaining to Program matters with a Minor by email, telephone, text message, social media, or any other method at any time, except when there is a clear educational purpose and the communication is consistent with the mission of the University.

5. Not meet with Minors outside of established times for Program activities. Any exceptions require written Parent/Legal Guardian/Foster Parent authorization and must include more than one Authorized Adult from the Program.

6. In the presence of a Minor or during any University Program, not engage in any sexual activity or romantic conversations, or sexually explicit comments.

7. Not possess, have within reach and/or share sexually-oriented printed or computerized or portable materials (magazines, cards, videos, films, clothing, smartphones, etc.) in any form available to Minors participating in Programs or activities covered by this policy or assist them in any way in gaining access to such materials. The one exception
would be legitimate sexual education Programs in which the Minor’s Parent/Legal Guardian/Foster Parent have given prior written consent.

8. Not engage in abusive conduct of any kind toward, or in the presence of, a Minor. For example, no Authorized Adult shall strike, hit, administer corporal punishment or touch in an abusive or illegal manner any Minor. If necessary, touching should only be in the open, in response to the Minor’s immediate physical needs, for a purpose that is consistent with the Program’s mission and culture, or for a clear educational, development, safety, or health-related purpose (i.e., treatment of an injury).

9. Not possess fireworks, firearms, knives, or other weapons, unless being used for an officially sanctioned and approved instructional Program. (See also the Weapons policy [PC 6.27].)

10. Not transport Minors, except as specifically authorized in writing by the Minor’s Parent/Legal Guardian/Foster Parent, or in the case of an emergency.

11. Not engage in the use of alcohol or illegal drugs, or be under the influence of alcohol or illegal drugs, during such Programs or activities. (See also the Alcohol and Other Drugs policy [PC 9.1].)

12. Respect and adhere to any resistance from the Minor unless it is a life-threatening emergency.

13. Not continue to participate in Programs or activities if an allegation of prohibited or illegal conduct has been made against an Authorized Adult covered by this Policy until such allegation has been satisfactorily resolved and future participation in Programs is permitted by the University.

14. Not engage in any activity that violates the policies of the University (www.gvsu.edu/policies). This includes the harassment policies [PC 9.4, PC 9.5], the Sexual Misconduct policy [PC 9.6], and the Religious Inclusion policy [PC 9.6].

Those who do not meet the prescribed standards of behavior may be asked to leave the Campus and/or Program and may be subject to expulsion from the Program, suspension of attendance, being issued a “no-trespass” order by Public Safety, or disciplinary action up to and including termination of employment. (See also Section VII of this Policy.)

The behavioral requirements in this policy are not meant to preclude enrolled University students from developing appropriate friendships with Minors who are close in age to the enrolled student; rather, the requirements are meant to protect Minors from abusive or illegal contact and inappropriate relationships.

III. Third Party Programs Held on University Property

Third Parties using University facilities for events that involve Minors shall operate within all policies and requirements to use University facilities. In addition, adults who interact with Minors in these activities shall conform to the conduct requirements in Section II of this policy.

IV. Minors Enrolled in Courses

Minors who are matriculated students of the University, guest students from other institutions, or dual-enrolled students are subject to all University Policies. Adults who interact with Minor students (e.g., faculty teaching courses, academic advisors) are also subject to all university policies and shall conform to the conduct requirements in Section II of this policy. The requirements of Section I of this policy do not apply.

V. Minors at the University Who Are Not Participating in a Program

1. Minors brought to Campus by an employee, student, or visitor, and who are not participating in a Program by a Sponsoring Unit, are the sole responsibility of the employee, student, or visitor. The person bringing the child to Campus is responsible for all aspects of the Minor’s behavior including the Minor’s safety and is financially responsible for any damages caused by the Minor.

2. Minors are permitted at events and venues open to the public. However, the University reserves the right to determine, in its sole discretion, whether selected events or venues are appropriate for unescorted or unsupervised Minors.

3. In the event a Minor is on Campus and 1) is unsupervised by an adult, 2) they are not a Participant in a University Program, and 3) they are not a Participant in a Third Party Program (Section III), they may be required to leave the Campus.

Activities for which this Section V of the policy is relevant include:

- Events or performances on Campus that are open to the general public (e.g., athletic competitions, plays, concerts);
- Pre-enrollment visits such as admission, recruiting, and orientation events;
- Services provided by the Campus Health Center or other similar On-Campus clinical services during which a Minor is under the supervision of a Parent/Guardian/Foster Parent or a clinical provider;
- Non-residential field trips to Campus supervised by a Minor’s school or organization;
- Private, personal events (e.g., birthday parties, weddings) for which the user has a separate, signed agreement with the University to use space on Campus.

The following activities are exempt from this policy: Off-campus clinical, practicum, internships, student teaching, or similar experiences in which (1) University students (undergraduate or graduate) interact with Minors as part of the experience and (2) they are supervised by a third party. This also includes Off-Campus events in which registered student organizations participate with third-party organizations.

VI. Reporting Requirements

Reporting requirements of suspected child abuse or other illegal conduct towards a Minor shall be in accordance with applicable federal, state and local laws. In particular, see:

- State of Michigan Department of Health and Human Services rules on reporting abuse and neglect (This page includes indicators of child abuse and/or neglect and the State of Michigan’s definition of “Mandatory Reporters”)

Individuals who witness or suspect child abuse should not conduct an investigation or delay in notifying the appropriate authorities via 911. Such actions could tantamount to criminal or administrative investigation and render evidence inadmissible.

In addition, the University’s Police Department/Public Safety site provides up-to-date definitions of unlawful behavior: https://www.gvsu.edu/gvpd/title-ix-and-campus-security-authority-report-141.htm

VII. Additional Considerations

1. When an Authorized Adult or other person has been alleged to engage in inappropriate conduct with a Minor, that individual must discontinue any further participation in Programs covered by this policy until such allegation has been satisfactorily resolved and he or she has been given written permission by the University to participate again in Programs. Resolution of the allegation will involve appropriate investigatory steps, and any written permission to continue participation (or participate in the future) in a Program covered by this policy must be coordinated with Human Resources.

2. Any person that requires accommodations due to a disability, while visiting campus must inform the Sponsoring Unit of their needs.

VIII. Interaction with Other Standards, Practices, and Requirements

Nothing in this policy is meant to supersede or replace the standards of practice of other entities in responding to child abuse, suspected incidents of child abuse or threats of child abuse. Satisfying the requirements of this policy does not relieve a person from any obligation to follow the protocols of another entity that may apply to the particular incident. Individual University units maintain the discretion to impose safety measures beyond those required by this policy on University Programs they sponsor or oversee. Additionally, all state and federal requirements must be followed.
PROCEDURES

Human Resources may develop forms and guidelines to assist Programs that wish to work with Minors on Campus. In addition, Human Resources will conduct random audits annually to ensure compliance with this policy.

DEFINITIONS

Definitions

1. “Authorized Adult” is an individual, age 18 and older, paid or unpaid, who supervises, chaperones, or otherwise works with Minors in Program activities, or recreational, and/or residential facilities. These efforts will involve the development and commercialization of intellectual property using University resources, which may result in royalty or ownership interests for the benefit of the University. In compliance with MCL 15.321 et. seq, the President must review any conflict of interest and authorize such activities as may be deemed necessary when the University is an interested party in the joint development or commercialization of intellectual property with any employee of the University or a business in which the University employee has an equity interest. The President shall report his/her approval of such conflicts, including a summary of the issues and the rationale for his/her decision, at the next regularly scheduled board meeting, and shall make an annual report of all such conflicts.

### FREEDOM OF INFORMATION ACT POLICY

**SLT 10.3**

**Date of Last Update:**
June 03, 2019

**Approved By:**

**Responsible Office:**
Legal, Compliance & Risk Management
Section 1 of the Michigan Freedom of Information Act ("FOIA" or "the statute") provides, "It is the public policy of this state that all persons, except those persons incarcerated in state or local correctional facilities, are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees, consistent with this act. The people shall be informed so that they may fully participate in the democratic process." (1) To that end, all people, excluding prisoners, are allowed to file FOIA requests with a Grand Valley State University (the "University"). A requester must simply file a request in writing with the University's FOIA Coordinator, and the University will begin processing his or her request. (2) Each request must include the requesting person's complete name, address (in compliance with United States Postal Service addressing standards), and either a telephone number or email address.

The University, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.

If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options.

If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options.

A fee deposit will be required when processing a request that will require significant University employee time and resources. The University will notify the requester of the estimated cost and provide a non-binding, best efforts estimate of the time it will take to complete the processing of the request. It is possible that after further processing of the request, the University will determine that the cost of processing the request is significantly less or greater than the estimated cost. If that is the case, the University will notify the requester to allow the requester to determine whether and how he or she wants to proceed with the request.

After the University receives a required deposit, it will make every effort to provide the requested documents within the time estimate provided. Requesters must understand, however, that at any given time, the University is processing multiple requests and cannot devote all of its time to one particular request.

If a requester feels that he or she was wrongly denied responsive documents, he or she may appeal to the Head of the Public Body, which for the purposes of these Procedures and Guidelines is the Vice President and General Counsel, or file a civil action. If a requester believes that the University has required a fee that exceeds the amount permitted under the Procedures and Guidelines, he or she may file a civil action. Requesters are also always free to contact the FOIA Coordinator at 616-331-2067 or foia@gvsu.edu with any questions about the processing of their requests. Detailed Procedures and Guidelines follow.

PROCEDURES

1. How to submit a FOIA request to the University
   a. A FOIA request must be submitted in writing to the FOIA Coordinator in the Division of Legal, Compliance & Risk Management. The request may be transmitted in hard copy, by email, or by facsimile.
   b. The University's FOIA Coordinator address 4068 James H. Zumberge Hall, Grand Valley State University, Allendale, MI 49401. The email address is foia@gvsu.edu. The fax number is (616) 331-3950.
   c. A request should describe the record(s) sought sufficiently to enable the University to find the record(s) and should provide the requester's contact information.
   d. Requests should state that they are submitted pursuant to the Michigan Freedom of Information Act.
   e. Requests received electronically are deemed received the next business day. A business day is defined as Monday through Friday, exclusive of holidays and institutional closure days.
   f. If a request is delivered to the FOIA Coordinator's junk mail folder, the request will be deemed received one business day after the FOIA Coordinator becomes aware of the request. The FOIA Coordinator will check the junk mail folder at least once per week.

2. Responses to FOIA requests to the University
   a. The University will respond to a FOIA request within five (5) business days of the FOIA Coordinator receiving the request.
   b. A response will consist of one or more of the following:
      i. A granting of the request
      ii. A partial granting of the request, and a partial denial because some or a portion of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iii. A complete denial of the request because all of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iv. A notice that more time is needed to process the request
         1. If more time is needed, the University will send out a follow up response within 10 business days of the initial response.
      v. A notice that a fee deposit is required prior to further processing
         1. If a fee deposit is required, the University will include in its response a non-binding, best efforts estimate regarding the time it will take to provide the records to the requester.
         vi. A notice that the record(s) sought has (have) not been sufficiently described to enable the University to locate the record(s).
   c. The response will state the FOIA exemptions under which any information and/or documents are withheld, if applicable.
   d. If any part of a request for records is denied for any reason, the response will set forth the procedures for appealing the denial.

3. Deposit Requirements
   a. A fee deposit will be required when the processing of a request will result in fees equal to or greater than $50.00.
   b. The required deposit will equal up to 50% of the estimated cost of fulfilling the request as calculated at the time of the initial response.
   c. If the University requires a deposit, it will not process the FOIA request further until the deposit is paid.
   d. If a deposit is not received by the FOIA Coordinator within 45 days of the initial notice, the request will be considered withdrawn. Notice of a deposit requirement is considered received three days after it is sent, regardless of the means of transmission.
   e. If, after receipt of the deposit and further processing of the request, the University learns that the processing costs will be significantly different from the estimated costs, the University will so notify the requester. Where the actual effort to search for, review and separate exempt material significantly exceeds the original estimate, the University will notify the requester. The requester may choose to receive a revised fee deposit notice, or limit his/her original request to those records, which may be processed within
4. Calculation and Payment of Fees

a. Fees are calculated by adding together the following costs:
   i. The labor costs for searching for, locating, and examining responsive records
   ii. The labor costs for review, separation, and deletion of exempt information from non-exempt information
   iii. The cost of non-paper physical media, if used
   iv. The cost per copy of paper copies, not to exceed $.05/page for standard 8 ½ x 11 inch paper
   v. The labor costs directly associated with duplication or publication, which may include copying to non-paper media
   vi. The cost of mailing

b. Final fees for responding to a FOIA request will be billed when the University responds to the FOIA request. A detailed FOIA fee itemization form will be provided by the University with the response. The amount invoiced must be paid within ninety (90) days. The University reserves the right to require payment in full of all fees incurred in processing a FOIA request before delivering the final, responsive documents.

c. The University’s decision to deny access to public records sought by a FOIA request because those records are, in whole or in part, exempt from disclosure does not excuse the person who files that FOIA request from payment of fees for the work undertaken by the University in response to that request.

d. The University may waive or reduce the fees it is authorized to charge if it determines that a waiver or reduction of the fee is in the public interest because responding to the FOIA request can be considered as primarily benefiting the general public.

e. Fee reductions or waivers are required in certain instances involving proven indigence or non-profit organizations. The University will apply these reductions or waivers in accordance with the statute.

5. Procedures for Challenge and Appeal

a. If the University denies a request in whole or in part, the requester may:
   i. Submit an appeal to the Head of the Public Body, which for the purpose of these Procedures and Guidelines is the Vice President and General Counsel, in writing, via the FOIA Coordinator, using the contact information listed in Item 1, above. The appeal must specifically use the word “appeal” and identify the reason(s) the requester seeks reversal of the denial. The Head of the Public Body must respond to the appeal within ten (10) business days by doing one of the following:
      1. Reversing the FOIA Coordinator’s decision
      2. Upholding the FOIA Coordinator’s decision
      3. Reversing in part and upholding in part the FOIA Coordinator’s decision
      4. Issuing a notice of extension for not more than ten (10) additional business days.
   ii. Commence a civil action in the Court of Claims within one hundred eighty (180) days after the University’s final determination to deny a request.

b. If a requester believes that the University has required payment of a fee that exceeds the amount permitted under these Procedures and Guidelines, he or she may commence an action in the Court of Claims for a fee reduction within forty five (45) days after receiving the notice of the required fee.

c. If a requester has questions regarding any FOIA response, including estimated fees or actual fees assessed, the requester should not hesitate to contact the FOIA Coordinator by email foia@gvsu.edu or telephone 616-331-2067.

FOOTNOTES

(1) M.C.L.A. 15.231.

(2) Verbal requests for information are not FOIA requests for purposes of these Procedures and Guidelines. If a verbal request for information is received by a University employee who knows that the information is available on the University’s website, the employee, where practicable, will inform the requester about the University’s website address.

(3) The University has determined, consistent with FOIA, that failure to charge fees in situations where the fees would be equal to or greater than $50.00 would result in unreasonably high costs to the University.

(4) A copy of the standard form that the University uses for fee itemization, with additional explanatory information, is attached to these Procedures and Guidelines.

(5) Labor costs will be estimated and charged in increments of 15 minutes or more, with all partial time increments rounded down. The labor is charged at the hourly rate of the lowest paid University employee capable of doing the work, plus fringe benefits, if applicable. If it is not possible for the work to be done by a University employee, the University will contract the work out and charge per the provisions of the statute.

POLICY STATEMENT

I. Pursuant to Article VIII of the Michigan Constitution of 1963, Grand Valley State University ("the University") has the responsibility to serve as a public institution of higher education. To carry out this Constitutional mandate, the University owns and/or controls property and facilities. The University has established the following grounds and facility use policy to ensure the University’s educational mission is actualized, while allowing for the exchange of ideas.

This policy applies to all buildings, grounds, and other spaces owned or controlled by the University.

For purposes of this policy, the term "Expressive Activity" includes:

1. Meetings and other group activities of students and student organizations;
2. Speeches, performances, demonstrations, rallies, vigils, and other events by students, student organizations, and outside groups invited by student organizations;
3. Distributions of literature, such as leafleting and pamphleting; and
4. Any other expression protected by the First Amendment to the U.S. Constitution.

University property is primarily dedicated to academic, student life and administrative functions. But it also represents the "marketplace of ideas," and especially for students, many areas of campus represent a public forum for speech and other Expressive Activities. For students and registered student organizations, certain areas of campus are venues for free expression, including speeches, demonstrations, and the distribution of literature, as provided by this policy.

The University shall not consider the content or viewpoint of the Expressive Activity or the possible reaction to that Expressive Activity in applying this policy. The University shall not impose restrictions on students, student organizations, or university employees due to the content or viewpoint of their Expressive Activity or the possible reaction to that Expressive Activity. In the event that other persons react negatively to a student's, registered student organization's, or university employee's Expressive Activity, the University (including representatives from the Department of Public Safety) shall take all necessary steps to ensure public safety while allowing the Expressive Activity to continue, unless the University's operations are materially and substantially disrupted.

No Expressive Activity shall be permitted to violate or hinder the rights of others within the campus community.

The University does not assume any obligation or responsibility for the content of the materials distributed.

PROCEDURES

II.

A. General Rules.

Subject to the additional rules set forth herein, students and student organizations shall be allowed to conduct Expressive Activities on University property within the following parameters:

2. The Expressive Activity takes place at least 50 feet from academic buildings.
3. The Expressive Activity does not obstruct vehicular or pedestrian traffic.
4. The Expressive Activity does not constitute unlawful activity.
5. The Expressive Activity does not create a clear and present threat to public safety.
6. The Expressive Activity does not take place in a location that has already been reserved by the University, a registered student organization, or an outside organization.
7. The Expressive Activity does not use any amplification devices.
8. The Expressive Activity does not include posting materials on University property, except as provided by the University Posting Guidelines [http://www.gvsu.edu/posting/]
9. The Expressive Activity does not include soliciting or accepting donations, except as provided in this policy.
10. The Expressive Activity takes place between the hours of 8 a.m. and 5 p.m., except as otherwise provided in this policy. Gatherings at the Carillon Tower or the Transformational Link may take place until 11 p.m.
11. Distribution of printed materials must be done in person.
12. Individuals and/or groups engaged in Expressive Activity are responsible for picking up any printed materials dropped on the ground around the areas of distribution. The University may charge such individuals and/or groups a reasonable clean up fee if they fail to do so.
13. Parking lots, ramps, and garages are not designated or suitable for Expressive Activities, and windshield flyers are not permitted.
14. Individuals and/or groups engaging in Expressive Activity agree to pay for any damage they cause to University property.
15. For University employees, the Expressive Activity addresses a matter of public concern.

This policy shall not apply to any person or organizations desiring to sell merchandise or services on campus. Any person or organization desiring to sell merchandise or services on campus should contact the Event Services Office at 616-331-2350.

B. Outdoor Locations.

For outdoor University areas, students, registered student organizations, and employees may freely engage in spontaneous Expressive Activities provided that such activities are in compliance with all other provisions of this policy.

Students and registered student organizations may reserve outdoor University facilities to solicit and accept donations for charitable causes or to engage in other Expressive Activities.

C. Indoor Locations.

For indoor University facilities and areas, students, registered student organizations, and University employees may freely engage in spontaneous Expressive Activities subject to the following conditions:

1. Distribution of written or printed materials, such as leafleting or pamphleting, and petitioning for signatures may be conducted at all outdoor locations and the indoor locations specified in this policy.
2. Guests may speak at indoor locations as long as they are invited by a student or a registered student organization.

The University will respond to the reservation application within one business day.

2. If individuals or organizations who are not members of the University community (i.e., not students, student organizations, or University employees) wish to use campus facilities for Expressive Activities on campus, they may use either the area surrounding the Carillon Tower or the plaza surrounding the Transformational Link. Use of this space is free of charge and may be reserved by contacting Event Services at 616-331-2350. A reservation for use of the space will take precedence over a spontaneous Expressive Activity. Expressive Activities must stay within 50 feet of each of these landmarks and are to follow the General Rules provided herein.

3. Students, registered student organizations, University employees, and non University members may reserve facilities for Expressive Activities to take place after 5 p.m., subject to the facility's hours and availability.

4. Reservation requests will be processed and granted on a first-come, first-served basis. These requests may be denied for the following reasons only:

   a. The requested venue is an indoor facility and the request conflicts with any other provision of this policy;

   b. The activity will attract a crowd larger than the venue can safely contain;

   c. The activity is a clear and present threat to public safety, according to the university's police or security department;

   d. The activity will occur during college examination periods; or

   e. The activity is unlawful.

5. During an event, the student, student organization, or University employee requesting the reservation is responsible for preserving and maintaining the facility it reserved. If it causes any damage to those facilities, the person(s) or organization (and its officers, if applicable) shall assume responsibility.

FOOTNOTES

(1) In the event that multiple individuals or organizations submit conflicting reservation requests, the following order of precedence shall govern: (1) official University activities and events; (2) registered student organization activities and events; (3) student activities and events; and (4) all other activities and events.

POLICY STATEMENT

Political activity of faculty and staff members at Grand Valley State University as addressed in the Grand Valley State University Board of Trustees’ Policies BOT 4.1.6.3, in pertinent part, states: “The University affirms the rights of its faculty and staff members as citizens to be active in political affairs which do not conflict with the professional standards and ethics in employment.”

Further, the Board of Trustees address the subject of Academic Freedom of faculty in the Grand Valley State University Board of Trustees’ Policies BOT 4.2.2 specifically sections 2 & 3:

2. Faculty members are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter, which has no relation to their subject. (The words faculty member as used in this document are understood to include the investigator who is attached to an academic institution without teaching duties.)

3. University or university faculty members are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and as educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times act in a professional and responsible manner, and should make every effort to indicate that they are not institutional spokespersons.

In addition to University policy, state law, specifically the Michigan Campaign Finance Act, regulates political activities of public bodies, such as state universities, and its employees.

For questions about federal grants, contact the Office of Sponsored Programs for more information.

2. University departments or programs may sponsor presentations and discussion groups about an upcoming election provided that the purpose is to provide factual information on a political subject or issue if the communication does not support or oppose a ballot question or candidate by name or clear inference.

3. Classroom discussions of candidates and ballot questions must be related to course content as described in the catalog and course syllabus. A reminder to students to register to vote and to vote is permissible.

4. Faculty and staff members may express their support or opposition to candidates or ballot questions by wearing buttons.

5. Faculty and staff members, as private citizens, may elect to lend their names to support one or more candidates for office or in support of or opposition to a ballot question. However, care must be exercised to assure that the faculty or staff member does not use their University title in relation to such advocacy.

6. Faculty and staff members shall not use University resources for political activity to support or oppose candidates for office or ballot questions. “University resources” includes, but is not limited to:

Payment for volunteer services is not allowed. However, University departments may reimburse volunteers for actual and reasonable expenses, following the appropriate university policies. The University requires the same attention to duties and responsibilities for volunteers as it does for employees of the University. This policy also does not cover or govern volunteers who agree to serve as human subjects in University research protocols, as they are covered by other policies under the administration of the Human Research Review Committee.

However, the appropriate department has the authority to decide whether to reimburse a University volunteer for actual and reasonable expenses so long as the expenses fall under the University’s reimbursement guidelines located on the Business and Finance website. Reimbursement cannot be used as a substitute for compensation nor can it be linked to the volunteer’s productivity.

Volunteers may not receive any institutional marketing materials reflecting their name and the University logos such as: business cards, letterhead, unless approved by the appropriate Vice President or Senior Leadership Team member.

Protection of Volunteer

According to the Board Policy BOT 10.3, Indemnification:

It is the responsibility of the individual unit to ensure that volunteers are aware of the unit’s rules and regulations. Volunteers must have the necessary training and/or supervision to safely carry out volunteer work. If the volunteer assignment involves providing professional services such as those performed by accountants, architects, doctors, engineers, etc., the department must assure that the volunteer has the appropriate credentials including licensure and/or certification.

If the volunteer assignment requires operating a vehicle, the volunteer must have a valid driver’s license, and have a good driving record as determined by the Department of Public Safety.

This will assure that information about the risks associated with the volunteer assignment are clearly communicated to the individuals who are engaged as university volunteers. Examples of services that require risk disclosure include but are not limited to:

1. Laboratory activities,

**POLICY STATEMENT**

Grand Valley State University provides its faculty, staff and students with electronic mail intended for University-related purposes including direct and indirect support of the University’s instructions, research, and service missions; of University administrative functions; of student and campus life activities, and of the free exchange of ideas among members of the University community and between the University community and the wider local, national, and world communities.
The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder’s consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional circumstances inspect, monitor, or disclose electronic mail.

PROCEDURES

Applicability

This Policy applies to:

- All electronic mail systems and services provided or owned by the University
- All users, holders, and uses of University e-mail services
- All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.

This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:

- Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses.
  Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the Electronic Communications Privacy Act, and the Computer Fraud and Abuse Act, which prohibit unauthorized use or entry into another’s account; the University’s Student Code; the University’s Anti-Harassment policy; and all applicable software licenses.
- Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.
- Act within the normal standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations, and law.
- Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.
- Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth limit or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.
- Inspection, monitoring or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

Specific Provisions

A. Users

Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVSU retains the right to remove email services at any time.

B. Account Usage

GVSU has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual’s responsibility to do so.

Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University’s computer system without proper authorization. Any attempt by a user to gain access to another person’s network account, private network drive, or restricted areas on the GVSU computer system is prohibited.

University e-mail services shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unwarranted or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) “spam,” that is, to exploit listserv or similar broadcast systems for purposes beyond their intended scope to amplify the widespread distribution of unsolicited e-mail; and (3) “letterbomb,” that is, to resend the same e-mail repeatedly to one or more recipients to interfere with the recipient’s use of e-mail.

C. Representation

Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is: “These statements are my own, not those of the Grand Valley State University.”

Policy Violations

Violations of University policies governing the use of University electronic mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under other University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A for detail on additional polices and guidelines.

Security and Privacy

The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their users’ accounts. Users should be aware, however, that the University couldn’t guarantee such security. Users should therefore engage in “safe computing” practices by establishing
appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSU is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their uses of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when

a. The user has voluntarily made them accessible to the public
b. It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
c. There is reasonable cause to believe that the user has violated, or is violating, this Policy
d. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns
e. It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

Posting and Authority to Change

Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel.

SOFTWARE SUPPORT POLICY

SLT 11.12

Date of Last Update:

Senior Leadership Team

Responsible Office:
Information Technology

POLICY STATEMENT

Information Technology is responsible for providing software support to the campus community. IT resources are finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.

PROCEDURES

The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Standard software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.
