Responsible Office:
Provost and Facility Planning Offices

POLICY STATEMENT

Space is an institutional resource of Grand Valley State University. As such, it does not belong to an individual, a program, a unit or a college and may be reassigned in the best interests of the University. The goal of the University’s allocation and reallocation of space is to achieve the highest and best use of University resources.

The Provost's Office is responsible for assigning and overseeing space used for academic purposes, including classrooms, laboratories, academic secretarial spaces, and faculty offices. It discharges that responsibility by working closely with the Facilities Planning Office to maintain and remodel existing space; to allocate and reallocate that space; to help plan, schedule, and coordinate moves; to plan new space; and to explain allocation and reallocation decisions.

The Facilities Planning Office is responsible for overseeing all non-academic space, including outdoor space. It discharges that responsibility by working closely with the Provost's Office to maintain and remodel existing space; to allocate and reallocate that space; to help plan, schedule, and coordinate moves; to plan new space; and to explain allocation and reallocation decisions.

At least annually, Facilities Planning will conduct a physical review of space to investigate identified issues or potential space issues that need attention.

Periodically, the Provost’s Office and the Facilities Planning Office will meet with appropriate representatives of the University’s organizational units to discuss upcoming moves and longer term plans for expansion and/or contraction.

This policy is applicable to all departments, offices, University employees and other members of the University community occupying space owned or leased by the University.

POLICY

This Policy applies to all faculty, students, staff, contractors, vendors and visitors.

POLICY STATEMENT

This policy is intended to enhance the safety and health of students, faculty, staff, contractors, vendors and other visitors, and to supplement the existing GVSU policies, by providing rules and regulations regarding the presence of animals in GVSU facilities.

No person shall bring any animal(s) onto University owned or controlled property unless otherwise permitted by this or other University policy as listed below. PROCEDURES

A. Animals Permitted on Property Owned or Controlled by the University *:

1. Service Animals are permitted within all University facilities subject to the additional requirements of this policy. Individuals who wish to bring a service animal into a University housing facility may do so without prior approval. However, students are strongly encouraged to reach out to the University’s Office of Disability Support Resources (DSR) to ensure that their experience bringing the animal to campus is a positive one. Advance notice of a service animal in housing facilities will enable the University to appropriately plan for the animals’ presence and will allow more flexibility in meeting the student’s needs. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go. Please note that service animals are required to be at least 12 months of age unless an exception to this requirement has been approved by DSR.

2. Employees with a disability who wish to utilize a service animal as a reasonable accommodation in a University office or other areas of campus buildings not open to the general public, must submit the request to the Office of Disability Support Services at least 30 days before the animal is needed.

3. Service animals in training are permitted in all public facilities on the same basis as working service animals, provided that the service animal is being led or accompanied by a trainer for the purpose of training the dog and the trainer has documentation confirming the trainer is affiliated with a recognized or certified service dog training organization. Service animals in training are not permitted in certain classrooms, offices, or other areas of campus buildings not open to the general public. Facilities generally considered off limits unless an exception is granted:

   a. Research Laboratories: The natural organisms carried by service animals may negatively affect the outcome of the research. At the same time, the chemicals, and/or organisms used in the research may be harmful to service animals.

   b. Areas Where Protective Clothing is Necessary: Any room where protective clothing is required or necessary. Examples include chemistry laboratories, research/medical laboratories, wood shops, metal or machine shop, electrical shops, etc.

   c. Areas Where There is Danger to the Service Animal: Any room, including a classroom where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot
material on the floor e.g. molten metal or glass; where there is a high level of dust; or where there is moving machinery. Where the threat of injury is to the health of the dog, the student will be permitted to make the decision.

4. A student or employee with a disability who wishes to utilize a service dog in training in University housing, classrooms, offices, or other areas of campus buildings not open to the general public must seek approval through the reasonable accommodation process.

5. Animals under the control of a law enforcement officer acting in the course of his or her duties.

6. Animals kept in residence halls as approved by the Department of Housing and Residence Life including animals kept by housing staff in residence. All animals must register with and be approved by Disability Support Resources prior to entering University housing, in accordance with this policy: [https://www.gvsu.edu/cms4/asset/C7BF326A-0990-A17D-F66456C52989A6FA/assistance_animals_policy.pdf](https://www.gvsu.edu/cms4/asset/C7BF326A-0990-A17D-F66456C52989A6FA/assistance_animals_policy.pdf).

7. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go.

8. Animals approved by the University for use in research or for instructional purposes. [http://www.gvsu.edu/iacuc/](http://www.gvsu.edu/iacuc/)

9. Animals brought on campus for a special event sponsored by the University or a student organization provided that the event has been pre-approved in writing by the Dean for the sponsoring college or department or by the Office of Student Life.

10. Animals accompanied by members of the University community and visitors, as long as they remain on sidewalks and University walkways.

11. Any animal brought into a University owned or controlled property pursuant to this Policy must be properly licensed, vaccinated and tagged as required by applicable law. All animals must be under the control of their owner or handler and must be on a leash at all times, unless the owner is unable to use a leash due to a disability or the use of a leash would interfere with the service animal’s ability to perform its duties. In that case, the owner must be able to control the service animal by other effective means such as voice controls or signals.

12. Animals may not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

*For purposes of this Policy, “University Facility or Facilities” means any building, facility, structure or improvement, open or enclosed, that is owned, licensed, leased by, or under the control of the University.

**B. General Requirements**:

Persons bringing animals onto University owned or controlled property as permitted by this Policy are solely responsible for:

a. the full control, supervision and care of the animal

b. ensuring that animal droppings or other waste are picked up, thoroughly cleaned up and properly disposed of;

c. reimbursing the University for the costs associated with the repair of any real and/or personal property and/or University facility damaged directly or indirectly by the animal or the animal’s presence in the facility.

d. assuming full responsibility for any harm caused to others by their animal including medical expenses.

e. animals must not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.
In addition, individuals bringing animals on campus must comply with all other applicable University ordinances, policies, practices and procedures and any applicable local, state or federal ordinance, statute and/or regulation.

**C. Areas Requiring Pre-Approval for Service Animals:**

1. The University may prohibit the use of service animals in certain locations due to health or safety restrictions, where service animals may be in danger, or where their use may compromise the integrity of research. Restricted locations may include, but are not limited to: teaching laboratories, classrooms, medical and surgical areas, and research areas.

2. Exceptions to restricted areas may be granted on a case-by-case basis by contacting the Office of Disability Support Resources. In making its decision, DSR will consult with the appropriate department and/or laboratory representative regarding the nature of the restricted area and any ongoing research. Additional requirements may be necessary to protect the animal. To be granted an exception: A student and/or employee who wants their animal to be granted admission to an off-limits area should contact DSR. Visitors should also contact DSR.

**D. Clarifying Animal Status:**

1. Service animals are permitted in all public facilities on campus in accordance with this Policy. University employees should refrain from questioning any individual about an accompanying service animal, including persons with non-visible disabilities, unless there is a genuine question about the animal based upon its behavior.

2. In the unusual circumstance when an inquiry must be made to determine whether an animal is a service animal, a University employee may only ask two questions:
   - Is the animal a service animal required because of a disability?
   - What work or task has the animal been trained to perform?

   You may not ask these questions if the need for the service animal is obvious. You may not ask the owner to make the animal perform the task.

3. A University employee may not ask about a person’s disability, require medical documentation, require a special identification card or training documentation for the service animal or ask that the service animal demonstrate its ability to perform the work or task. Although a service animal may sometimes be identified by an identification card, harness, cape, or backpack, such identifiers are not required and should not be requested or demanded for any service animal on campus.

4. Allergies and fear of animals are not valid reasons for denying access or refusing service to people using service animals.

**E. Removal of Service Animals:**

1. A service animal may be removed from University facilities or grounds if it disruptive (e.g., barking, wandering, posing a direct threat to the health or safety of others; is not housebroken; or displays aggressive behavior and the behavior is outside the duties of the service animal). Ill, unhygienic, and/or unsanitary service animals are not permitted in public campus areas. The individual responsible for such an animal may be required to remove the animal. A service animal may also be removed if the animal is out of control and the owner does not take effective action to keep the animal under control. If the out of control behavior happens repeatedly, the owner may be prohibited from bringing the animal into facilities until the owner can demonstrate that significant steps have been taken to mitigate the animal’s behavior.

2. When an animal has been properly removed pursuant to this policy, the University will work with the handler/owner to determine reasonable alternative opportunities to participate in the University’s services,
programs, and activities without having the animal on the premises.

3. Any individual with a dispute or disagreement concerning the removal or restriction of a service animal or any other aspect of this policy should first contact Disability Support Resources. If the matter is not resolved, a request for mediation should be submitted to DSR. Individuals may also file a written complaint with the Equity and Compliance Unit in the Division of Inclusion and Equity by calling 616-331-2894 or at https://gvsutix-gme-advocate.symplicity.com/public_report/index.php/pid234800.

F. Enforcement of Complaints:

1. If you become aware of a violation of this policy, you are encouraged to attempt informal methods of resolution. For example, if you recognize the person violating this policy, you might contact them or their supervisor to make them aware of the problem. If that is not successful and/or you are not comfortable approaching the person violating the policy or their supervisor, then the Department of Public Safety should be notified. The Department of Public Safety may pick up the animal and hold it for 48 hours. Animals not claimed during that time will be turned over to the county animal control officer and the owner of the animal will be responsible for any associated fees.

2. Students in violation of this policy will be referred to the University conduct process through the Dean of Students Office and may be assessed a fine of up to $250. Employees in violation of this policy will be referred to the Human Resources Office for possible disciplinary action to be determined in consultation with the Equity and Compliance Unit in the Division of Inclusion and Equity and the employee’s supervisor.

DEFINITIONS

1. **Service animal:** “any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual’s disability.” (28 CFR 36.104) The crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks for the purposes of this definition.

Examples of work or tasks that service animals perform include, but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as books or the telephone, alerting a person to a sudden change in blood sugar levels, providing physical support and assistance with balance and stability to individuals with mobility disabilities, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

a. The University may permit the use of a miniature horse on the same basis as a service animal if the horse has been trained to do work or perform tasks for the benefit of the individual with a disability and after an assessment of the following factors: the type, size and weight of the miniature horse and whether the facility can accommodate these features; whether the handler has sufficient control of the miniature horse; whether the miniature horse is housebroken; and whether the miniature horse’s presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation. (28 CFR 35.136)

2. **Service animal in training:** Dogs twelve months of age and older being individually trained to do work or perform tasks for people with disabilities that are at all times accompanied by a certified trainer. Puppies

Business and Finance

**POLICY STATEMENT**

Reimbursement or direct payment of faculty and staff relocation expenses will be made when it becomes necessary in employment negotiations at the discretion of the respective Appointing and Executive Officer, and considering budgetary potential.

**PROCEDURES**

If reimbursement or direct payment is warranted, the following applies:

1. Only new hires of tenure track faculty and administrative professionals are eligible.

2. Moving expenses must be funded from within the hiring unit’s existing budget.

3. Deans have the authority to offer up to $4,000 moving expense allowance for tenure track faculty hire. An allowance of up to $8,000 is available for dean or appointing officer positions. 4. Effective January 2018, all moving expenses that are reimbursable to the employee are now considered a taxable fringe benefit and will be taxed accordingly upon payment (refer to tax code P.L. 115-97 Tax Cuts and Jobs Act.) The amount paid to the new hire is limited to and based on actual receipts. There shall not be either payment or reimbursement for the anticipated payroll taxes resulting from the moving expense reimbursement. Payroll taxes are the responsibility of the employee.

Unreconciled charges may be charged to the traveler’s department FOAP and may result in suspension of P-card and cash advance abilities.

**Miscellaneous**

The University will permit the benefits of airline/hotel/rental car rewards programs derived from travel paid for by the University to accrue to the traveler. This provision does not permit travelers to charge travel and booking arrangements with a personal method of payment when the University P-Card can be used.

**USE OF SECURITY CAMERAS**

SLT 6.29

**Date of Last Update:**
May 15, 2019

**Approved By:**
- Senior Leadership Team

**Responsible Office:**
Public Safety

**POLICY STATEMENT**

Grand Valley State University seeks to promote campus safety and to provide its community with a secure environment. Security video camera systems are a critical component to a comprehensive emergency and security plan. A security camera is defined as video technology that records a specific area in order to detect, deter, prevent, or investigate crime or other threats to public safety. The University takes seriously its responsibility to protect personal privacy when it operates security camera systems. No security camera will be installed on University owned or controlled property in any location for which there is a reasonable expectation of privacy. These areas include but are not limited to restrooms, locker rooms and occupied student residential rooms. This policy applies to stationary security cameras and not to portable or temporary camera applications.

This policy serves to regulate the installation and appropriate uses of security cameras, including the retention, viewing, release and destruction of recorded images, data or records produced by security camera use.

The existence of this policy does not imply or guarantee that security video cameras will be monitored in real time, continuously or otherwise, nor that any particular department is going to observe and respond to a crime in progress.

Video recordings with information about a specific student are considered law enforcement records unless the University uses the recording for disciplinary purposes or makes the recording part of the educational record.
Department of Public Safety, working in conjunction with the Information Technology Department has the authority to select, coordinate, operate, manage, and monitor all security camera systems pursuant to this policy.

PROCEDURES

Individual colleges, departments, programs, or organizations wishing to install security camera equipment on any of the University campuses are required to collaborate with Facilities Planning, Department of Public Safety and Information Technology prior to any installation. All equipment and installation must be approved and coordinated through the Department of Public Safety in order to meet the minimum technical specifications identified by the Department of Public Safety and Facilities Planning along with Information Technology for technical standards. All costs for purchase, installation, and maintenance of security cameras will be the responsibility of the appropriate project budget or the department/unit making the request.

Security Camera System Operator

Security Camera System Operators are trained staff members who have access and been assigned responsibility by the Department of Public Safety. Prior to being permitted access to any security cameras, these individuals will be trained by the Department of Public Safety in the technical, legal, and ethical parameters of appropriate camera use. The Department of Public Safety will maintain an up-to-date list of authorized Security Camera System Operators having access to the system and any live or recorded images. Access to viewing, copying, duplicating and/or retransmission of live, recorded video or still images will be limited to Security Camera System Operators.

Security Camera System Operators are responsible to appropriately protect the privacy of personal information that may have been captured by cameras under their control.

Recordings

Images recorded by security camera systems are considered sensitive information that are to be protected from unauthorized access for modifications, duplications or destruction. The stored images generated by University security cameras are to be kept in a central location and secured in a network location established by the Information Technology department.

Stored data may be released when it is related to any criminal investigation, civil suit, subpoena or court order, arrest, or to aid in a disciplinary proceeding against a student or personnel actions against an employee. Stored data needing to be retained as part of a civil or criminal investigation may be downloaded and retained by law enforcement personnel according to their individual department policies. Internal requests to release stored data are to be authorized by the Director of Public Safety or designee(s).

All recordings will be re-recorded over every 30 days unless there is a demonstrated business need, ongoing investigation, court order, or other bona fide use as approved by the Director of Public Safety or designee.

Monitoring

University security cameras are not monitored continuously under normal operating conditions but may be monitored for legitimate safety and security purposes that include, but are not limited to, the following: High risk areas, restricted access areas/locations, in response to an alarm, special events, and specific investigations authorized by the Director of Public Safety or designee(s).

Any person who tampers with or destroys video security equipment will be subject to criminal prosecution and/or campus disciplinary processes.
POLICY STATEMENT

The University has adopted this policy in furtherance of the University’s mission, for the protection of individuals and the University and to mitigate improper interferences with University activities.

This policy applies to all buildings, grounds, and other spaces owned or controlled by the University.

1. Unlawful Individual Activities. No person shall engage in any activity, individually or in concert with others, which causes or constitutes a disruption of University operations or activities, including obstruction of teaching, research, administration, or other activities, either outdoors or inside a classroom, office, or other place on which University operations or activities are conducted or held (hereafter “Campus”), nor shall any person in any way intimidate, harass, threaten, or assault any person engaged in lawful activities on the campus. This includes, but is not limited to, violations of the Grounds and Facility Use Policy.

2. Conduct at Performances. No person shall disrupt or interfere with any authorized performance before an audience on the Campus, including concerts, plays, lectures, scientific demonstrations, athletic contests, and similar activities, by making of noise, blocking the view of others at the performance with signs or other items, engaging in disruptive behavior, throwing or dropping projectiles, entering upon the stage, playing field, or other performance area, or by any other means.

3. Public Events. No person shall enter or attempt to enter into any concert, theatrical performance, lecture, dance, athletic contest or other event contrary to the rules or qualification for eligibility for entry as established by the sponsors, or without a ticket, where required.

4. Loitering. No person shall loiter in an area of Campus that is not open to the public without prior authorization, or meddle with, tamper with, interfere with, move, damage or disconnect any property not their own.

If anyone believes someone’s behavior violates this policy, they should contact the Department of Public Safety immediately.

FUNDRAISING POLICY

SLT 8.3

Date of Last Update:
December 08, 2014

Approved By:
• Senior Leadership Team

Responsible Office:
University Development

POLICY STATEMENT
University Development helps Grand Valley State University fulfill its mission and realize its aspirations in three ways: (1) securing, stewarding and increasing financial support; (2) building meaningful partnerships with external and internal constituents; and (3) communicating the university’s character, quality, priorities and goals.

Accordingly, University Development must strive at all times to ensure that its policies and procedures and those of the university are in compliance with local, state and federal regulations in regard to the solicitation and acceptance of gifts. Any deviation from the Internal Revenue Code could result in fines, public embarrassment and/or the loss of the University’s tax-exempt status.

For these and many other reasons, all fundraising requests made in the name of the University must be approved in advance by the Vice President for Development. In addition, only the Vice President for Development or their designee is empowered to issue the University’s official receipt that qualifies a donor’s charitable contribution as deductible for tax purposes.

Any fundraising activity that employs the name, image or reputation of the University, in an effort to secure financial gifts will be considered fundraising in the name of the University and is subject to this policy. In the area of “sponsored research”, University Development may work with the Office of Sponsored Research to determine the most appropriate fit for the project.

Any potential fundraising activities on behalf of an University program or initiative must first be approved by the appropriate dean and/or the divisional vice president before a request for assistance is directed to University Development. In all decisions related to funding, the priorities of the University, as approved by the Board of Trustees, shall guide the decision making process.

University Development will not share lists of donors or other constituents with individuals and organizations not affiliated with approved university fundraising activities.

This policy shall apply to any and all members of the University community, as well as to any other individuals or organizations who may represent themselves as members of the University community or who claim to be acting on behalf of the University. This policy does not apply to members of the University community when they are engaged in fundraising activities for other organizations and/or when they have explicitly stated that their fundraising activities are unrelated to the university.

Today’s donors have more outlets for their philanthropic desires than ever before. As competition for the philanthropic dollar has increased, donors now receive numerous appeals from multiple non-profit organizations. Consequently they are likely to become annoyed by multiple requests from the same organization. To ignore this is to risk reduced support, an outright refusal, or perhaps even permanent discontinuation of support.

Grand Valley State University can be at the forefront of a donor’s choice if we are clear in our intent, focused on the university’s highest priorities, and present exciting opportunities for support. Coordination of university-wide fundraising activities is imperative.

Prohibited Activities

Members of the University community are prohibited from engaging in the following tactics and activities for purposes of fundraising:

- Use of home addresses from the university telephone directory to compile calling or mailing lists.
- Use of the Grand Valley State University Alumni Directory to compile calling or mailing lists.
- Using one’s status as a Grand Valley State University employee or student to secure a gift commitment unless specifically authorized to do so.
- Using “mass e-mails” on the campus intranet system to solicit gifts unless specifically authorized to do so by University Development.
- Conducting lotteries or similar games of chance, which the State of Michigan defines as gambling. Raffles may
be conducted with prior approval from the Office of Student Life. For procedures and protocols implementing this policy please contact the Development Office.

POLICY STATEMENT

GVSU is committed to providing an educational environment, a workplace, programs, and activities that are free from all forms of harassment, discrimination, retaliation, and sexual misconduct. This policy prohibits all forms of harassment and discrimination under Title IX of the Education Amendments of 1972, 2020 Title IX Regulations (34 CFR § 106), Section 304 of the Violence Against Women Reauthorization Act of 2013 (VAWA), Title VII of the Civil Rights Act of 1964, and other applicable statutes, including the Elliott-Larsen Civil Rights Act, Michigan PA 453 of 1976. This policy prohibits a broad continuum of behaviors, some of which are not legally prohibited but which reflect GVSU’s standards and expectations for a positive working and learning environment.

GVSU values and upholds the equal dignity of all members of its community and strives to balance the rights of the parties in the grievance process during what is often a difficult time for all those involved. When an alleged violation of this policy is reported, the allegations are subject to resolution using GVSU’s “Process A: Grievance Process Under 2020 Title IX Regulations,” “Process B: Grievance Process for University Sexual Misconduct,” or “Process C: Resolution Process for Discrimination & Harassment,” as determined by the Title IX Coordinator, and as detailed in accompanying procedures.

Jurisdiction of this Policy

This policy applies to the education programs and activities of GVSU, to conduct that takes place on the campus or on property owned or controlled by GVSU, at GVSU-sponsored events, or in buildings owned or controlled by GVSU’s recognized student organizations.

This policy is also applicable to off-campus conduct where the effects of off-campus misconduct effectively deprive someone of equal access to GVSU’s educational programs or activities; and/or has continuing effects on campus or in an off-campus sponsored program or activity; and/or the Respondent poses an immediate threat to the physical health or safety of any student or other individual.

Prohibited Conduct Under this Policy

1. Sexual Assault: having or attempting to have sexual intercourse or sexual contact with another individual by force or threat of force, without consent, or where the person is incapacitated, as defined below:
   a. Sexual Contact: any intentional sexual touching, however slight, with any object or body part, performed by a person upon another person, and includes;
i. Intentional touching of the breasts, buttocks, groin or genitals, whether clothed or unclothed, or intentionally touching another with any of these body parts;
ii. Making another touch you or themselves with or on any of these body parts;
iii. Causing another to touch one’s intimate parts, disrobing or exposure of another without permission.

b. Sexual Intercourse: vaginal or anal penetration, however slight, with any object or body part, performed by a person upon another person; and/or oral penetration involving mouth to genital contact, and includes:
   i. Vaginal penetration by a penis, object, tongue, or finger;
   ii. Anal penetration by a penis, object, tongue, or finger;
   iii. Any contact, no matter how slight, between the mouth of one person and the genitalia of another person.

2. Intimate Partner Violence: any act of Domestic Violence or Dating Violence as defined below:
   a. Domestic Violence: any act of violence committed by any of the following individuals: (1) a current or former spouse or intimate partner of the victim; (2) person with whom the victim shares a child in common; (3) person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; and/or, (4) a resident or former resident of the victim’s household in the event such household residents have a current or prior intimate relationship.
      i. An incident of domestic violence can consist of a single act of violence or a pattern of violent acts that includes, but is not limited to, sexual or physical abuse, or the threat to engage in such abuse.
   b. Dating Violence: any act of violence committed by a person who is, or has been, in a social relationship of a romantic or intimate nature with the victim that does not fall within the definition of “domestic violence.”
      i. Dating violence includes, but is not limited to, sexual or physical abuse or assault or the threat of such abuse or assault.
      ii. For the purposes of determining Intimate Partner Violence, whether the relationship is of a romantic or intimate nature is determined by a variety of factors, including: (a) the length of the relationship, (b) the type of relationship, and (c) the frequency of interaction between the persons involved in the relationship.
      iii. A relationship of a romantic or intimate nature means a relationship that is characterized by the expectation of affection or sexual involvement between the parties.
      iv. An incident of dating violence can consist of a single act of violence or a pattern of violent acts that includes, but is not limited to, sexual or physical abuse, or the threat to engage in such abuse.

3. Stalking: when a person engages in a course of conduct directed at a specific person under circumstances that would cause a reasonable person to fear bodily injury or to experience substantial emotional distress.
   a. Course of conduct means two or more acts, including but not limited to acts in which a person directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about another person, or interferes with another person’s property.
   b. Reasonable person means a reasonable person under similar circumstances.
   c. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
   d. Stalking includes “cyber-stalking,” a particular form of stalking in which a person uses electronic media, such as the internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact. This policy prohibits all stalking, not just stalking that occurs within the context of a relationship.
4. **Sexual Exploitation:** taking non-consensual or abusive sexual advantage of another for their own benefit or for the benefit of anyone other than the person being exploited.

Examples include, but are not limited to:

a. Causing the *incapacitation* of another person (through alcohol, drugs, or any other means) for the purpose of compromising that person’s ability to give consent (as defined in this policy) to sexual activity;

b. Allowing third parties to observe private sexual activity from a (a) hidden location (e.g., closet), or (b) through electronic means (e.g., Skype or live streaming of images);

c. Engaging in voyeurism (e.g., watching private sexual activity without the consent of the participants or viewing another person’s intimate parts (including genitalia, groin, breasts or buttocks) in a place where that person would have a reasonable expectation of privacy);

d. Recording or photographing private sexual activity and/or a person’s intimate parts (including genitalia, groin, breasts or buttocks) without consent;

e. Disseminating or posting images of private sexual activity and/or a person’s intimate parts (including genitalia, groin, breasts or buttocks) without consent;

f. Knowingly exposing another person to a sexually transmitted infection or virus without the other’s knowledge;

g. Arranging for others to have non-consensual sexual contact, as defined by this policy, with a non-consenting person.

5. **Sexual Harassment:** unwelcome or unwanted conduct of a sexual nature whether verbal or nonverbal, graphic, physical or otherwise, where *Quid Pro Quo* is present and/or rises to the level of creating a *Hostile Environment*.

6. **Gender-Based Harassment:** unwelcome or unwanted conduct based on gender, sexual orientation, transgender, gender non-conforming, transitioning, gender identity, or gender expression that may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve conduct of a sexual nature, where *Quid Pro Quo* is present and/or rises to the level of creating a *Hostile Environment*.

   a. *Transgender* is an umbrella term that can be used to describe people whose gender identity and/or expression is different from their sex assigned at birth.

   b. *Gender non-conforming* describes people who have, or are perceived to have, gender characteristics and/or behaviors that do not conform to traditional or societal expectations.

   c. *Transition/Transitioning* is the process of changing one’s gender from the sex assigned at birth to one’s gender identity.

   d. *Gender Identity* is a personal, internal sense of oneself as, for example, male, female, both, or neither.

   e. *Gender Expression* is the external appearance of one’s gender identity, or how one represents one’s gender through hair style, clothing, mannerisms, etc.

7. **Discriminatory Harassment:** conduct on the basis of that person’s actual or perceived membership in one or more of the protected classes listed below, that could reasonably be understood as having the purpose or effect of creating an intimidating, hostile, or offensive environment; having the purpose or effect of unreasonably interfering with an individual’s work performance or access to educational activities and programs; adversely affecting an individual’s employment opportunities or access to educational activities and programs.

   a. *Protected Classes* are age, color, disability, familial status, gender, gender expression, gender identity, gender non-conforming, height, marital status, national origin, political affiliation, race, religion, sex, sexual orientation, transgender, transitioning, veteran or active duty military status, or weight.
8. **Retaliation**: taking or attempting to take materially adverse action by intimidating, threatening, coercing, harassing, or discriminating against any individual for the purpose of interfering with any right or privilege secured by law or policy, or because the individual: reported an incident of prohibited conduct under this policy, participated in a grievance process related to this policy, supported an impacted party, assisted in providing information relevant to an investigation, and/or acted in good faith to oppose conduct that constitutes a violation of this policy.

Acts of alleged retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. GVSU will take all appropriate and available steps to protect individuals who are concerned that they may be subjected to retaliation.

The exercise of rights protected under the First Amendment does not constitute retaliation.

   a. Retaliation under Title IX also includes:
      Charges against an individual for conduct violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

      Charging an individual with a conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy and procedure does not constitute retaliation, provided that a determination regarding responsibility, alone, is not sufficient to conclude that any party has made a materially false statement in bad faith.

9. **Title IX and Sexual Misconduct**

   a. Title IX defines sexual harassment as conduct on the basis of sex that satisfies one or more of the following:
      i. An employee of GVSU conditioning the provision of aid, benefit, or service of GVSU on an individual’s participation in unwelcome sexual conduct;
      ii. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to GVSU’s education programs or activities; or

1. When evaluating responsibility for alleged Prohibited Conduct, GVSU considers the presence or absence of the following:
   a. **Consent** is affirmative, informed (knowing), voluntary (freely given), and clearly communicated by word or action.
      i. Consent can be withdrawn once given, as long as the withdrawal is reasonably and clearly communicated. If consent is withdrawn, that sexual activity should cease within a reasonable time.
      ii. When evaluating whether the Complainant has given consent, GVSU will also consider the presence of physical violence, threats, intimidation, and/or coercion.
      iii. Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity.
      iv. Consent cannot be obtained by taking advantage of the *incapacitation* of another, where it was
known, or reasonably should have been known, that the other was incapacitated.

a. **Incapacitation** is such that it renders the person incapable of self-care and protection and occurs when someone cannot make rational, reasonable decisions because they lack the capacity to give informed (knowing) consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).

   i. Incapacitation could be the result of alcohol, other drugs, sleep or unconsciousness, a temporary or permanent physical or mental health condition, or involuntary physical restraint.

b. **Quid Pro Quo** is unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature made by a person having power or authority over another constitutes sexual harassment when submission to sexual conduct is made either explicitly or implicitly a term or condition of rating or evaluating an individual’s educational or employment progress, development or performance. This includes when submission to such conduct would be a condition for access to receiving the benefits of any educational or employment program.

c. **Hostile Environment** is sufficiently severe, or persistent or pervasive, and objectively offensive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from GVSU’s education or employment programs and/or activities.

**Required Reporting**

When a **Mandatory Reporter** (as defined below) is notified of sexual misconduct, including sexual assault, stalking, intimate partner violence (dating/domestic violence), sexual exploitation, sexual harassment, or gender-based harassment, they must immediately report the information to the Title IX Coordinator. Following the filing of the report with the Title IX Coordinator, the Mandatory Reporter will keep all information they receive private. Federal and state funding is premised on compliance with the laws and guidance referenced in this policy.

**While all employees are encouraged to report, Mandatory Reporters at GVSU are:**

- Members of the Board of Trustees, as required by state law;
- Executive Officers and Appointing Officers;
- Deans, directors, department heads/chairs (including those serving in assistant or associate roles);
- Supervisors;
- GVSU faculty or staff providing oversight to, or traveling with, students on GVSU-related travel, including GVSU-sponsored study abroad, research, fieldwork, clinicals or internship programs;
- Faculty and staff, who serve as advisors to or coaches of GVSU-recognized student groups;
- Any individual, whether an employee or not, who serves as a coach of a club sports team;
- All employees, including student-employees (while working), working in the Division of Student Affairs (including Resident Assistants at all times), Division of Inclusion and Equity, Enrollment Development Division, Department of Public Safety, and Athletics, except those who serve in non-supervisory clerical capacities;
- Campus Security Authorities designated by GVSU under the Clery Act not otherwise specified;
- Individuals serving in any of the positions described above on an acting or interim basis.

Failure of a Mandatory Reporter, as described above in this section, to report an incident of which they become aware is a violation of this policy and can be subject to disciplinary action.

**GVSU’s Statement on Non-discrimination**

Grand Valley State University does not discriminate against students, faculty or staff in any of its employment practices or in its educational programs or activities. Grand Valley State University is guided by values for
inclusiveness and community which are integral to our mission to educate students to shape their lives, their professions, and their societies, and to enrich the community through excellent teaching, active scholarship, and public service.

The University is an affirmative action, equal opportunity institution. It encourages diversity and provides equal opportunity in education, employment, all of its programs, and the use of its facilities. Members of the University community, including candidates for employment or admissions, and visitors or guests, have the right to be free from acts of harassment and discrimination, which are prohibited if they discriminate or harass on the basis of age, color, disability, familial status, height, marital status, national origin, political affiliation, race, religion, veteran or active duty military status or weight. In addition, Grand Valley is required by Title IX of the Education Amendments of 1972 to ensure that none of its education programs and activities discriminate on the basis of sex/gender. Sex includes sex stereotypes, gender identity, gender expression, sexual orientation, and pregnancy or parenting status.

The Office for Title IX and Institutional Equity serves as a resource for the GVSU community and assists individuals who may have been impacted by discrimination or harassment in connecting with resources, imposes measures that protect or support access to programs and activities, and oversees the university’s grievance process for allegations of discrimination and harassment. Inquiries regarding the application of Title IX may be referred to the Title IX Coordinator, 4015 Zumberge Hall, titleix@gvsu.edu, (616) 331-9530.

CONSENSUAL RELATIONSHIP POLICY

SLT 9.2

Date of Last Update:
November 19, 2012

Approved By:
• Senior Leadership Team

Responsible Office:
Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT

Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Article I. Purpose

The University’s goals are to maintain a positive work environment and a climate conducive to learning for
students. The unequal institutional power inherent in academic and work relationships may heighten the vulnerability of those in subordinate positions. Accordingly, individuals holding positions of authority at the University must be aware of and sensitive to the potential conflict of interest, ethical concerns, and issues of sexual harassment that may occur in consensual relationships. Specifically, the parties to a consensual relationship must be aware that such relationships can create in co-workers and students perceived and real conflicts of interest. These relationships also create an environment of fear of unfair treatment in terms of promotions, grades, professional and/or educational opportunities, etc. This Policy outlines expectations for institutional and individual conduct that apply to all University faculty and staff members and students.

Article II. Consensual Relationships

Consensual romantic and sexual relationships between faculty and their students or between supervisors and their subordinates are inappropriate. Individuals should be aware that these relationships may create a perception of favoritism while the relationships continue. These relationships may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change and the conduct that was previously welcome may become unwelcome. If a sexual harassment complaint is subsequently filed, the argument that the relationship was consensual will be evaluated in light of the power differential in determining whether the University’s Anti-Harassment Policy has been violated. Under these circumstances, it will be extremely difficult to use mutual consent as a defense.

Consensual Romantic or Sexual Relationships between Faculty/Staff and Students. A faculty or staff member who has educational, supervisory, evaluation, advising, coaching, or counseling responsibilities for students shall not assume or maintain those responsibilities for a student with whom the faculty or staff member has engaged in romantic or sexual relations, even if such relations were consensual. Whether such romantic or sexual relationships predate the assumption of educational, supervisory, evaluation, advising, coaching, or counseling responsibility for the student, or arise out of the educational relationship, the faculty or staff member shall immediately disclose the romantic or sexual relationship to his or her Unit Head or supervisor, who shall promptly arrange alternate oversight of the student.

Consensual Romantic or Sexual Relationships between Supervisors and Subordinates. If a romantic or sexual relationship exists or develops between a supervisor, manager, or administrator and an employee for whom he or she has professional responsibility, the individuals involved in the relationship must promptly consult the next highest level of supervision (e.g., a supervisor, department head, Vice President, Dean) to determine whether arrangements can be made to eliminate all conflicts of interest. If such arrangements can be made that do not disadvantage the subordinate and are acceptable to the supervisor, manager, or administrator, they must be documented, and ensure that the supervisor does not hire, supervise, advise, evaluate, or otherwise directly influence the subordinate’s employment. Relationships between supervisors, managers, or administrators and their subordinates are prohibited when the working relationship is such that it is not possible to eliminate the conflicts of interest. Students employed by the University who supervise other student employees are covered by this section.

Consensual romantic or sexual relationships between students. Complaints concerning relationships between students are governed by the GVSU Student Code.

Article III. Disciplinary Actions

Disciplinary action will be taken against faculty or staff members who violate this Policy, either by entering into or engaging in a sexual relationship with a student or subordinate for whom he or she has educational, supervisory, evaluation, advisory, coaching, or counseling responsibilities or by failing to report such relationship or failing to cooperate in making alternative arrangements.
Article IV. Confidentiality
Confidentiality of the disclosure of consensual romantic or sexual relationships will be observed to the extent permitted by law and that is consistent with protecting the welfare of faculty, staff, and students and the interests of the University.

WEB ACCESSIBILITY POLICY

Responsible Office:
Equity, Planning, and Compliance Unit

POLICY STATEMENT

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all students and staff with equitable access to the University’s programs, services, events and staff development activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers to our websites or to provide equally effective alternative access.

This policy establishes minimum standards for the accessibility of web-based information and services considered necessary to meet the University’s goals and ensure compliance with applicable law. The University has assigned web accessibility responsibilities to its Americans with Disabilities Act Coordinator and Web Manager, or their designees.

This policy applies to all official web pages and associated web-based services developed by or for a college, school, department, program, or unit of the University.

The University will ensure that new online content and functionality developed, procured, or used will be fully accessible to individuals with disabilities. This action will include any staff training that may be necessary to ensure full implementation.

All new web pages published by any University college, school, department, program, or unit on or after the effective date of this policy must conform to WCAG 2.0 Level AA Technologies Accessibility Standards and this policy.

For existing online content, the University has: developed a strategy for identifying inaccessible content and functionality for individuals with disabilities; developed a notice to person with disabilities regarding how to request that the University provide access to online information or functionality; prominently posted this notice on its home page and throughout its website; and developed a process to ensure that, upon request, inaccessible content and functionality will be made accessible in an expedient manner.

Each web site must contain a link to report accessibility issues, or to request an accessible version, should users have trouble accessing content within the site. This would usually be the site administrator or content author.

PROCEDURES
Training

Accessibility training will be provided and required of all faculty, staff and other authorized representatives prior to being given access to manage any online content through the Content Management System (CMS) or through remote access to a web server (FTP, SFTP, SSH, etc.).

This training will help content administrators produce accessible content, and assess and correct content that may be inaccessible. All content administrators will be required to attend Accessibility Training on an annual basis as long as they manage online content.

Enforcement

If necessary, at the discretion of the Web Accessibility Coordinators or their designees, some or all non-compliant portions of the web pages and resources may be taken offline, or brought into compliance by designated staff or contractors.

Purchasing of Outside Content

All web-based content and systems, whether developed internally or obtained from third-parties that the University chooses to make available, is expected to conform to accessibility standards set forth in this policy. Accessibility of these technologies should be verified by University staff with demonstrated ability in accessibility evaluation. This verification process should be accomplished through hands-on evaluation of the product, prior to purchase.

When evaluating third-party products, it is advisable to choose the most accessible product in the space. However, not always will there be accessible choices, or the most accessible choice may not align with other dominant selection criteria. In cases where a product with limited accessibility has been purchased, interim, equivalent accommodations documented in an approved ADA exception should be in place until the service can be made accessible.

Contact Information

Any concerns with the accessibility of online content should be directed to the Americans with Disabilities Act Coordinator, 4035 James H. Zumberge Hall, 616-331-3296 and/or Web Manager, 2090 James H. Zumberge Hall, 616-331-2525 or their designees who serve as the University's Web Accessibility Coordinators. You may also utilize the Section 504 and Title II grievance procedures found at http://www.gvsu.edu/accessibility.

Office of General Counsel

POLICY STATEMENT

In the pursuit of its mission, Grand Valley State University through its Board of Trustees, Senior Leadership Team, faculty, staff and other representatives operates with the highest level of ethical behavior including, but not limited to, acting with integrity, reasonableness and fairness in our dealings, and avoiding bias or undue influence.
Consistent with these values, the Board of Trustees has adopted institutional policies for identifying and managing potential, actual and perceived conflict of interest situations:

Grand Valley State University Board of Trustees’ Policies BOT 4.1.6: Conflict of Interest

1. Employment. Appointment of any relative of a faculty or staff member must be approved by the president in advance of the appointment in order to ensure that no conflicts of interest exist. Each appointing officer must insure that no conflicts of interest exist in matters of appointment, retention, promotion, termination, assignment or other conditions of employment for relatives of faculty or staff members within his or her unit.

2. Financial. It shall be the responsibility of the president (or his/her designee) to ensure that conflicts of financial interest do not occur, and to take such steps to protect the university as seem to be required. The university respects the rights of its faculty and staff members in their activities outside their employment, which are private in nature and which in no way conflict with or reflect upon the university.

3. Political Candidates or Office Holder. The university affirms the rights of its faculty and staff members as citizens to be active in political affairs, which do not conflict with the professional standards and ethics of their employment. It shall be the responsibility of the president (or his/her designee) to ensure that conflicts involving professional standards and ethics do not occur with Grand Valley State University faculty and staff members who are political candidates or office holders, and to take such steps to protect the university as may be required.

Consistent with its public service mission, the University has a responsibility for supporting the economic development of the state, particularly west Michigan through a variety of initiatives including but not limited to the Van Andel Global Trade Institute, the West Michigan Science and Technology Initiative through the Grand Rapids SmartZone and the Muskegon SmartZone. These efforts will involve the development and commercialization of intellectual property using University resources, which may result in royalty or ownership interests for the benefit of the University. In compliance with MCL 15.321 et. seq, the President must review any conflict of interest and authorize such activities as may be deemed necessary when the University is an interested party in the joint development or commercialization of intellectual property with any employee of the University or a business in which the University employee has an equity interest. The President shall report his/her approval of such conflicts, including a summary of the issues and the rationale for his/her decision, at the next regularly scheduled board meeting, and shall make an annual report of all such conflicts.

PROCEDURES

In addition to the policy obligations described above, the University requires compliance with procedures to avoid or address conflicts of interest as provided by the following offices:

FREEDOM OF INFORMATION ACT POLICY

SLT 10.3

Date of Last Update:
June 03, 2019

Approved By:
Senior Leadership Team

Responsible Office:
Office of General Counsel

POLICY STATEMENT

Section 1 of the Michigan Freedom of Information Act (“FOIA” or “the statute”) provides, "It is the public policy of this state that all persons, except those persons incarcerated in state or local correctional facilities, are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees, consistent with this act. The people shall be informed so that they may fully participate in the democratic process.”(1) To that end, all people, excluding prisoners, are allowed to file FOIA requests with a Grand Valley State University (the “University”). A requester must simply file a request in writing with the University’s FOIA Coordinator, and the University will begin processing his or her request.(2) Each request must include the requesting person’s complete name, address (in compliance with United States Postal Service addressing standards), and either a telephone number or email address.
The University, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.

If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options.

A fee deposit will be required when processing a request that will require significant University employee time and resources. The University will notify the requester of the estimated cost and provide a non-binding, best efforts estimate of the time it will take to complete the processing of the request. It is possible that after further processing of the request, the University will determine that the cost of processing the request is significantly less or greater than the estimated cost. If that is the case, the University will notify the requester to allow the requester to determine whether and how he or she wants to proceed with the request.

After the University receives a required deposit, it will make every effort to provide the requested documents within the time estimate provided. Requesters must understand, however, that at any given time, the University is processing multiple requests and cannot devote all of its time to one particular request.

If a requester feels that he or she was wrongly denied responsive documents, he or she may appeal to the Head of the Public Body, which for the purposes of these Procedures and Guidelines is the Vice President and General Counsel, or file a civil action. If a requester believes that the University has required a fee that exceeds the amount permitted under the Procedures and Guidelines, he or she may file a civil action. Requesters are also always free to contact the FOIA Coordinator at 616-331-2067 or foia@gvsu.edu with any questions about the processing of their requests. Detailed Procedures and Guidelines follow.

PROCEDURES

1. How to submit a FOIA request to the University
   a. A FOIA request must be submitted in writing to the FOIA Coordinator in the Office of General Counsel. The request may be transmitted in hard copy, by email, or by facsimile.
   
   b. The University’s FOIA Coordinator address 4068 James H. Zumberge Hall, Grand Valley State University, Allendale, MI 49401. The email address is foia@gvsu.edu. The fax number is (616) 331-3950.
   
   c. A request should describe the record(s) sought sufficiently to enable the University to find the record(s) and should provide the requester’s contact information.
   
   d. Requests should state that they are submitted pursuant to the Michigan Freedom of Information Act.
   
   e. Requests received electronically are deemed received the next business day. A business day is defined as Monday through Friday, exclusive of holidays and institutional closure days.
   
   f. If a request is delivered to the FOIA Coordinator’s junk mail folder, the request will be deemed received one business day after the FOIA Coordinator becomes aware of the request. The FOIA Coordinator will check the junk mail folder at least once per week.

2. Responses to FOIA requests to the University
   a. The University will respond to a FOIA request within five (5) business days of the FOIA Coordinator receiving the request.
   
   b. A response will consist of one or more of the following:
     i. A granting of the request
ii. A partial granting of the request, and a partial denial because some or a portion of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure

iii. A complete denial of the request because all of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure

iv. A notice that more time is needed to process the request
   1. If more time is needed, the University will send out a follow up response within 10 business days of the initial response.

v. A notice that a fee deposit is required prior to further processing
   1. If a fee deposit is required, the University will include in its response a non-binding, best efforts estimate regarding the time it will take to provide the records to the requester.

vi. A notice that the record(s) sought has (have) not been sufficiently described to enable the University to locate the record(s).

c. The response will state the FOIA exemptions under which any information and/or documents are withheld, if applicable.

d. If any part of a request for records is denied for any reason, the response will set forth the procedures for appealing the denial.

3. Deposit Requirements

a. A fee deposit will be required when the processing of a request will result in fees equal to or greater than $50.00.

b. The required deposit will equal up to 50% of the estimated cost of fulfilling the request as calculated at the time of the initial response.

c. If the University requires a deposit, it will not process the FOIA request further until the deposit is paid.

d. If a deposit is not received by the FOIA Coordinator within 45 days of the initial notice, the request will be considered withdrawn. Notice of a deposit requirement is considered received three days after it is sent, regardless of the means of transmission.

e. If, after receipt of the deposit and further processing of the request, the University learns that the processing costs will be significantly different from the estimated costs, the University will so notify the requester. Where the actual effort to search for, review and separate exempt material significantly exceeds the original estimate, the University will notify the requester. The requester may choose to receive a revised fee deposit notice, or limit his/her original request to those records, which may be processed within the time stated in the original fee estimate.

f. A person who makes a FOIA request for which a deposit is required may withdraw that FOIA request without charge instead of paying the required deposit. Failure to pay the deposit will be deemed a withdrawal of the FOIA request.

g. The University will treat multiple concurrent FOIA requests on the same topic(s) and/or regarding the same record keeper(s) and from the same person as one FOIA request for purposes of determining whether the fee is below $50.00.

h. Where a requester who has not paid the final fee for the processing of an earlier request files a new FOIA request, the University may require a deposit of all (100%) of the estimated fees for processing the subsequent request prior to processing the subsequent request.
4. Calculation and Payment of Fees

a. Fees are calculated by adding together the following costs:

i. The labor costs for searching for, locating, and examining responsive records

ii. The labor costs for review, separation, and deletion of exempt information from non-exempt information

iii. The cost of non-paper physical media, if used

iv. The cost per copy of paper copies, not to exceed $.05/page for standard 8 ½ x 11 inch paper. The labor costs directly associated with duplication or publication, which may include copying to non-paper media.

vi. The cost of mailing

b. Final fees for responding to a FOIA request will be billed when the University responds to the FOIA request. A detailed FOIA fee itemization form will be provided by the University with the response. The amount invoiced must be paid within ninety (90) days. The University reserves the right to require payment in full of all fees incurred in processing a FOIA request before delivering the final, responsive documents.

c. The University’s decision to deny access to public records sought by a FOIA request because those records are, in whole or in part, exempt from disclosure does not excuse the person who files that FOIA request from payment of fees for the work undertaken by the University in response to that request.

d. The University may waive or reduce the fees it is authorized to charge if it determines that a waiver or reduction of the fee is in the public interest because responding to the FOIA request can be considered as primarily benefiting the general public.

e. Fee reductions or waivers are required in certain instances involving proven indigence or non-profit organizations. The University will apply these reductions or waivers in accordance with the statute.

5. Procedures for Challenge and Appeal

a. If the University denies a request in whole or in part, the requester may:

i. Submit an appeal to the Head of the Public Body, which for the purpose of these Procedures and Guidelines is the Vice President and General Counsel, in writing, via the FOIA Coordinator, using the contact information listed in Item 1, above. The appeal must specifically use the word “appeal” and identify the reason(s) the requester seeks reversal of the denial. The Head of the Public Body must respond to the appeal within ten (10) business days by doing one of the following:

1. Reversing the FOIA Coordinator’s decision

2. Upholding the FOIA Coordinator’s decision

3. Reversing in part and upholding in part the FOIA Coordinator’s decision

4. Issuing a notice of extension for not more than ten (10) additional business days.

ii. Commence a civil action in the Court of Claims within one hundred eighty (180) days after the University’s final determination to deny a request.

b. If a requester believes that the University has required payment of a fee that exceeds the amount permitted under these Procedures and Guidelines, he or she may commence an action in the Court of Claims for a fee reduction within forty five (45) days after receiving the notice of the required fee.

c. If a requester has questions regarding any FOIA response, including estimated fees or actual fees assessed, the requester should not hesitate to contact the FOIA Coordinator by email foia@gvsu.edu or telephone

POLICY STATEMENT

Political activity of faculty and staff members at Grand Valley State University as addressed in the Grand Valley State University Board of Trustees’ Policies BOT 4.1.6.3, in pertinent part, states: “The University affirms the rights of its faculty and staff members as citizens to be active in political affairs which do not conflict with the professional standards and ethics in employment.”

Further, the Board of Trustees address the subject of Academic Freedom of faculty in the Grand Valley State University Board of Trustees’ Policies BOT 4.2.2 specifically sections 2 & 3:

2. Faculty members are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter, which has no relation to their subject. (The words faculty member as used in this document are understood to include the investigator who is attached to an academic institution without teaching duties.)

3. University or university faculty members are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and as educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times act in a professional and responsible manner, and should make every effort to indicate that they are not institutional spokespersons.

In addition to University policy, state law, specifically the Michigan Campaign Finance Act, regulates political activities of public bodies, such as state universities, and its employees.

PROCEDURES

In light of University Board of Trustees’ policies and state law, the following guidelines are intended to help faculty and staff with compliance:

1. Faculty and staff members may engage themselves, as private citizens, in political activities including support or opposition to candidates for office or ballot questions on their own time. If you are working for the University and charging your time to a federal grant, any activity to support a political candidate or ballot question must be conducted on personal time. For questions about federal grants, contact the Office of Sponsored Programs for more information.

2. University departments or programs may sponsor presentations and discussion groups about an upcoming election provided that the purpose is to provide factual information on a political subject or issue if the communication does not support or oppose a ballot question or candidate by name or clear inference.

3. Classroom discussions of candidates and ballot questions must be related to course content as described in the catalog and course syllabus. A reminder to students to register to vote and to vote is permissible.

4. Faculty and staff members may express their support or opposition to candidates or ballot questions by wearing buttons.

5. Faculty and staff members, as private citizens, may elect to lend their names to support one or more candidates for office or in support of or opposition to a ballot question. However, care must be exercised to assure that the faculty or staff member does not use their University title in relation to such advocacy.

6. Faculty and staff members shall not use University resources for political activity to support or oppose candidates for office or ballot questions. “University resources” includes, but is not limited to:

   a. University funds or money administered through a University budget;
b. University facilities including office space or meeting rooms (except speech in open forum areas) or use of University office address;
c. University equipment including office or cellular telephones, computer hardware or software, printers, copiers and facsimile machines;
d. University-provided email addresses or use of the University email system;
e. University supplies including stationary, paper, postage, pens, pencils, and other office supplies;
f. University identifying marks including trademarks, logos, University letterhead, and University titles; and
g. University time including when the faculty or staff member is working or the use of clerical or student worker time.

POLICY STATEMENT

Grand Valley State University provides its faculty, staff and students with electronic mail intended for University-related purposes including direct and indirect support of the University's instructions, research, and service missions; of University administrative functions; of student and campus life activities, and of the free exchange of ideas among members of the University community and between the University community and the wider local, national, and world communities.

The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder's consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional circumstances inspect, monitor, or disclose electronic mail.

PROCEDURES

Applicability

This Policy applies to:

- All electronic mail systems and services provided or owned by the University
- All users, holders, and uses of University e-mail services
- All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.
This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:

- Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the Electronic Communications Privacy Act and the Computer Fraud and Abuse Act, which prohibit unauthorized use or entry into another's account; the University's Student Code; the University's Anti-Harassment policy; and all applicable software licenses.

- Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.

- Act within the normal standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations and law.

- Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.

- Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth limit or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.

- Inspection, monitoring or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

**Specific Provisions**

**A. Users**

Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVSU retains the right to remove email services at any time.

**B. Account Usage**

GVSU has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual's responsibility to do so.

Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University's computer system without proper authorization. Any attempt by a user to gain access to another person's network account, private network drive, or restricted areas on the GVSU computer system is prohibited.
University e-mail services shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unwarranted or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) "spam," that is, to exploit listservs or similar broadcast systems for purposes beyond their intended scope to amplify the widespread distribution of unsolicited e-mail; and (3) "letterbomb," that is, to resend the same e-mail repeatedly to one or more recipients to interfere with the recipient's use of e-mail.

C. Representation

Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is: "These statements are my own, not those of the Grand Valley State University."

Policy Violations

Violations of University policies governing the use of University electronic mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under other University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A. for detail on additional polices and guidelines.

Security and Privacy

The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their users' accounts. Users should be aware, however, that the University couldn't guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSU is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their uses of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when

a. The user has voluntarily made them accessible to the public

b. It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
c. There is reasonable cause to believe that the user has violated, or is violating, this Policy
d. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns
e. It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

**Posting and Authority to Change**

Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel.

**APPENDIX A - REFERENCES**

To keep our brand identity strong and consistent, and to enhance credibility for our faculty and staff who communicate via email, all emails created by University employees and delivered via the University’s email system should feature email signature blocks consistent with this policy.

An email signature block is text and other University information appended to the end of an email in order to identify the sender and facilitate further contact. Official University email signature blocks establish credibility for our faculty and staff by clearly identifying them and their roles at the University. The official signature block provides contact information for the employee and points email recipients to the University website, a key source of information about the University.

All emails using a University account should have signature blocks consistent with the University brand. The following items are permissible but not required:

- Employee’s name
- Employee’s official University title(s)
- Employee’s department or office name
- Gender pronouns
- Grand Valley State University
- University’s website address, www.gvsu.edu
- Department or Program website
- University or departmental trademarks or logos
- the University’s general address or employee’s University address
- Employee’s department and/or office telephone number, and fax number
- Employee’s mobile phone number
- Employee’s campus email address
- Social media account addresses used solely for advancing scholarly or professional pursuits
- Other University related information may be added such as departmental mission statement, and a link to University created social media account(s)
- A confidentiality statement is permitted for use below the email signature on all outgoing emails, such as:

  The content of this email is confidential and intended only for the recipient(s) specified. If you received this message by mistake, please reply so the sender can correct the error, and then delete this email immediately. Do NOT forward it to a third party without the written consent of the sender.

Employees may not add to their official email signature block any personal information, including links to personal websites or social media accounts that are not used solely for scholarly or professional pursuits related to their position at the University. Except for messages of and concerning the University no mottos, symbols, quotations, taglines or other statements may be added to the email signature block, as these may be misunderstood as representing the University’s official positions, values or views.

All faculty and staff shall comply with this policy by creating an approved email signature block and using it consistently when communicating via their University email accounts. Should there be noncompliance to this policy, the individual’s supervisor and/or vice president will enforce compliance through appropriate means.

POLICY STATEMENT

Department main numbers and widely published phone numbers are “must-answer” lines and are not assigned PhoneMail. Personal lines and other lines that do utilize PhoneMail must follow the procedures below.

PROCEDURES

Department main numbers and widely published phone numbers are “must-answer lines” and will not be assigned PhoneMail. These numbers should always be answered by a person.

A department main number is never to be forwarded to a PhoneMail box as this causes callers to be put into an endless PhoneMail loop.

All greetings are to be personalized and changed when users intend to be out of the office for more than one day, especially if they do not intend to check PhoneMail.

Users are to provide the caller with an alternative person’s name and telephone number to contact if they are going to be gone for any length of time.

PhoneMail users are to respond to messages within one business day unless they are on vacation.

Unit heads should monitor PhoneMail greetings when the initial installation is made and on a regular basis thereafter.

If you have any questions about PhoneMail usage or need to report a problem please call either extension 12148 or 12145 during working hours.

Vice President approval is required for PSS personnel to have PhoneMail installed.

SOFTWARE SUPPORT POLICY

SLT 11.12

Date of Last Update:  
April 19, 2015

Approved By:
   • Senior Leadership Team

Responsible Office:  
Information Technology

POLICY STATEMENT

Information Technology is responsible for providing software support to the campus community. IT resources are
finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.

**PROCEDURES**

The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Standard software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.
