SLT 3.3.1

**Date of Last Update:**

**Approved By:**

- Senior Leadership Team

**Responsible Office:**

Human Resources

### POLICY

This policy applies to all employees of Grand Valley State University.

### POLICY STATEMENT

#### A. Policy Statement

Grand Valley State University is dedicated to cultivating a workplace [characterized](#) by knowledge, honesty, integrity, respect, professionalism, and safety, free from harassment and discrimination. Upholding these principles is central to our mission, ensuring that all employees feel empowered to report violations or potential violations without fear of reprisal. Recognizing the importance of promptly and thoroughly addressing such reports, we aim to foster trust and accountability within our community.

The University's **Non-Retaliation Policy for Faculty and Staff** strictly prohibits any form of retaliation against individuals who make good faith reports of violations of laws, regulations, or University policies. This protection extends to those who participate in investigations, proceedings, or hearings, as well as individuals requesting accommodations, assistance, or leave under university policy or state/federal law.

## PROCEDURES

**1. Consultation.** Employees experiencing retaliation should consult this Non-Retaliation Policy and other relevant University policies and procedures. While informal resolution is encouraged, formal processes may be necessary. Employees should attempt to address concerns directly with colleagues or supervisors before initiating formal processes. Human Resources offers examples on different avenues to explore to resolve concerns

<https://www.gvsu.edu/hro/restorative-based-alternative-dispute-resolution-1174.htm> .

**2. Reporting.** Potential violations of the Non-Retaliation Policy can be reported online at <https://cm.maxient.com/reporting.php?GrandValley> or by contacting the Human Resources Office via email at [complaints@gvsu.edu](mailto:complaints@gvsu.edu).

**3. Intake.** Upon receiving a report, a Human Resources Office designee will schedule an intake meeting within five (5) business days to discuss resolution options. Efforts will be made to hold that meeting within ten (10) business days of receiving the report. The reporting party may decline attendance, understanding that it may limit the University's ability to address the reported behavior.<sup>4</sup>

### **4. Options for Resolution.**

a. Discussion without further action.

b. Utilizing alternative dispute practices. If this occurs, the responding party will be notified of the report and offered the opportunity to begin an alternative dispute resolution process. All parties must enter this process willingly.

c. Formal resolution through investigation or appropriate policy mechanisms.

d. In rare cases of significant disruption or danger to the university community at the determination of the Associate Vice President for Human Resources, or designee, formal processes may be initiated without the reporting party's request. If this occurs, the reporting party will be notified that the matter is being pursued before the responding party is notified

**5. Notification of Appointing Officer.** If options 4c or 4d are pursued, the Appointing Officer will be notified as indicated in the appropriate policy mechanism.

**6. Fact-Finding.** Additional information may be gathered to determine appropriate intervention. In such instances, Human Resources Office designee will notify the reporting party and responding party that fact-finding is being initiated. The Division of Inclusion and Equity, which coordinates centralized investigations, will appoint a trained investigator to

conduct fact-finding. While each investigation is unique, the goal is to resolve this fact-finding within 20 business days from the time the report is assigned to an investigator. Delays will be communicated to both parties.

**7. Draft Report.** Following fact-finding, a Draft Report summarizing relevant information will be shared with both parties, Appointing Officer and Executive Officer of the responding party, and the Human Resources Office. Both parties have five (5) business days to submit a response to the Draft Report, which will then become part of the Final Report.

**8. Decision.** The investigator(s) will create a Final Report and determine, based on a preponderance of evidence standard, whether a violation of the Non-Retaliation Policy occurred. The Final Report will be shared with both parties, Appointing Officer and Executive Officer of the responding party, and the Human Resources Office.

**9. Action.** If a violation is found, appropriate action will be determined by the responding party's Appointing Officer, in consultation with their Executive Officer and a Human Resources representative. The Appointing Officer will communicate their decision to the responding party within five (5) business days of issuance of the Final Report. At the same time, the Human Resources Office will communicate to the reporting party if action is being taken without disclosing the nature of the action.

**10. Appeals.** Either party may appeal the decision, in writing, within ten (10) business days, citing reasons for appeal.

a. An appeal can only be based on one of the following reasons which must be identified in the initial appeal notice:

i. Whether appropriate procedures were followed.

ii. Whether the decision was supported by evidence.

iii. Whether all relevant information was available at the time of the original investigation.

b. Appeals will be considered by the Associate Vice President for Human Resources, or designee, with the decision being final.

c. If the Associate Vice President for Human Resources is involved in decision-making at any stage of this process, the Vice President & Chief of Staff to the President, or designee, will handle the appeal.

d. Filing an appeal does not preclude an employee from utilizing the grievance process under a collective bargaining agreement.

e. Written appeals must be sent to [complaints@gvsu.edu](mailto:complaints@gvsu.edu).

**Approved By:**

- Senior Leadership Team

**Responsible Office:**

Business and Finance

**POLICY STATEMENT**

Reimbursement or direct payment of faculty and staff relocation expenses will be made when it becomes necessary in employment negotiations at the discretion of the respective Appointing and Executive Officer, and considering budgetary potential.

**PROCEDURES**

If reimbursement or direct payment is warranted, the following applies:

1. Only new hires of tenure track faculty and administrative professionals are eligible.
2. Moving expenses must be funded from within the hiring unit's existing budget.
3. Deans have the authority to offer up to \$7,000 moving expense allowance for tenure track faculty hire. An allowance of up to \$8,000 is available for dean or appointing officer positions. If hiring negotiations require the need to exceed the maximum allowance, or an appointing officer wishes to extend a moving expense allowance to any other type of hire, the request must be approved in advance by the vice president of that division.
4. Effective January 2018, all moving expenses that are reimbursable to the employee are now considered a taxable fringe benefit and will be taxed accordingly upon payment (refer to tax code P.L. 115-97 Tax Cuts and Jobs Act.) The amount paid to the new hire is limited to and based on actual receipts. There shall not be either payment or reimbursement for the anticipated payroll taxes resulting from the moving expense reimbursement. Payroll taxes are the responsibility of the employee.
5. Reimbursement/payment must be made via a properly authorized [Travel and Expense Reimbursement form](#) prepared by the hiring department to which actual receipts and/or invoices must be attached. Only the reasonable costs of moving household goods and personal effects (including the expenses of packing and insurance) and the reasonable costs of transporting the employee and members of the employee's household (including lodging) from the old place of residence to the new place of residence are eligible for reimbursement/payment. Typical moving expenses normally eligible for reimbursement/payment include: payments to moving companies, truck or trailer rental charges, toll road fees, and gasoline cost for a rented or personal vehicle or mileage charges (at the current IRS moving rate) if an employee's personal vehicle is used.

While this is not an all-inclusive list, examples of typical expenses NOT eligible for reimbursement/payment are:

- Meals
- House hunting trips (and any other pre/post move trips)
- Selling expenses related to the old residence
- Expenses of purchasing the new residence
- Temporary living expenses
- Storage charges (except in-transit charges)
- Security deposits
- Moving expenses related to termination of GVSU employment

6. Upon review, approval and processing, moving expenses will be paid on the employee's next regular paycheck and the proper taxes will be withheld at that time.

This information is subject to change without prior notice. Contact the Accounting Office at 616-331-2203 for questions regarding reimbursable expenses, and contact Purchasing Services at 616-331-2280 for assistance with contract movers.

Travel approval and reimbursement authority may be delegated by Executive Officers to supervisory individuals within their Division. Delegation authority shall be in writing and updated annually. It is the responsibility of each prospective traveler to secure the appropriate approval for University travel from their Supervisor, Director, Department Head, Dean, or Executive Officer. Additional regulations may apply for travel associated with grant funding and international travel.

Supervisors, if designated, will have the authority to approve travel and expense reports for their direct reports up to \$5,000.

See the [Travel and Expense Procedures](#) for authorization details.

## **Travel Arrangements and Booking**

Individual travel shall be booked via the Travel & Expense (T&E) system for reserving travel (air/lodging/rental cars). The University Travel Agent can assist with bookings for multi-leg trips, group/sports travel, and international travel.

Guidance and procedures relating to transportation modes, including rental cars and use of personal vehicles, lodging, conference fees, etc. are outlined on the Business & Finance website. See the [Travel and Expense Procedures](#) for details.

## **Charging Expenses**

University faculty and staff, if issued a University Purchase Card (P-Card), shall charge all business and business travel expenses to their P-card. In the event a traveler does not have a P-card, the traveler may use a debit card issued to them through the Accounting office, request a Cash Advance through the Accounting office, or use personal funds/payment methods and request reimbursement. Note: Cash advances will only be allowed when all other forms of payment have been explored and been found unfeasible. See the [Travel and Expense Procedures](#) for details.

### **Meals**

Meals, to the extent practicable, shall be charged to a University P-card. The GSA Per Diem meal rate, by locality, will be applied to each purchase. If the GSA rate is exceeded for any one purchase, the traveler will be responsible for reimbursing the University for the difference.

For authorized individuals only, alcohol may be purchased on the University P-card. See the [Travel and Expense Procedures](#) for further details regarding alcohol purchases.

If dining with a University guest along with a group of GVSU employees as part of a valid business purpose, group meals shall be paid using the University P-card and will be reimbursed at the GSA rate, by locality, per person. Exceptions to exceed the per diem rate must be approved by the Appointing Officer or Executive Officer. A receipt(s) and all attendees must be input into Concur Reimbursement for group meal reimbursement.

### **Expense Reimbursement/Reconciliation of P-Card**

Expenses incurred on behalf of the University, whether through a P-Card or personal funds, must be approved by an individual's authorized travel supervisor and submitted to the Business and Finance office through the University's Travel and Expense system within 30 days of completion of travel. Unreconciled charges may be charged to the traveler's department FOAP and may result in suspension of P-card and cash advance abilities.

### **Miscellaneous**

The University will permit the benefits of airline/hotel/rental car rewards programs derived from travel paid for by the University to accrue to the traveler. This provision does not permit travelers to charge travel and booking arrangements with a personal method of payment when the University P-Card can be used.

## USE OF SECURITY CAMERAS

SLT 6.29

**Date of Last Update:**

September 05, 2023

**Approved By:**

- Senior Leadership Team

**Responsible Office:**

Public Safety

## **POLICY STATEMENT**

Grand Valley State University seeks to promote campus safety and to provide its community with a secure environment. Security video camera systems are a critical component to a comprehensive emergency and security plan. A security camera is defined as video technology that records a specific area in order to detect, deter, prevent, or investigate crime or other threats to public safety. The University takes seriously its responsibility to protect personal privacy when it operates security camera systems. No security camera will be installed on University owned or controlled property in any location for which there is a reasonable expectation of privacy. These areas include but are not limited to restrooms, locker rooms and occupied student residential rooms.

This policy applies to stationary security cameras owned or controlled by the University and not to portable or temporary camera applications. All other stationary cameras that are not for official University use, portable or not, are prohibited.

This policy serves to regulate the installation and appropriate uses of security cameras, including the retention, viewing, release and destruction of recorded images, data or records produced by security camera use.

The existence of this policy does not imply or guarantee that security video cameras will be monitored in real time, continuously or otherwise, nor that any particular department is going to observe and respond to a crime in progress.

Video recordings with information about a specific student are considered law enforcement records unless the University uses the recording for disciplinary purposes or makes the recording part of the educational record. The Department of Public Safety, working in conjunction with the Information Technology Department has the authority to select, coordinate, operate, manage, and monitor all security camera systems pursuant to this policy.

## **PROCEDURES**

Individual colleges, departments, programs, or organizations wishing to install security camera equipment for official University use on any of the University campuses are required to collaborate with Facilities Planning, Department of Public Safety and Information Technology prior to any installation. All equipment and installation must be approved and coordinated through the Department of Public Safety in order to meet the minimum technical specifications identified by the Department of Public Safety and Facilities Planning along with Information Technology for technical standards. All costs for purchase, installation, and maintenance of security cameras will be the responsibility of the appropriate project budget

or the department/unit making the request. The University reserves the right to remove or disable cameras not compliant with this policy.

### **Security Camera System Operator**

Security Camera System Operators are trained staff members who have access and been assigned responsibility by the Department of Public Safety. Prior to being permitted access to any security cameras, these individuals will be trained by the Department of Public Safety in the technical, legal, and ethical parameters of appropriate camera use. The Department of Public Safety will maintain an up-to-date list of authorized Security Camera System Operators having access to the system and any live or recorded images. Access to viewing, copying, duplicating and/or retransmission of live, recorded video or still images will be limited to Security Camera System Operators.

Security Camera System Operators are responsible to appropriately protect the privacy of personal information that may have been captured by cameras under their control.

### **Recordings**

Images recorded by security camera systems are considered sensitive information that are to be protected from unauthorized access for modifications, duplications or destruction. The stored images generated by University security cameras are to be kept in a central location and secured in a network location established by the Information Technology department.

Stored data may be released when it is related to any criminal investigation, civil suit, subpoena or court order, arrest, or to aid in a disciplinary proceeding against a student or personnel actions against an employee. Stored data needing to be retained as part of a civil or criminal investigation may be downloaded and retained by law enforcement personnel according to their individual department policies. Internal requests to release stored data are to be authorized by the Director of Public Safety or designee(s).

All recordings will be re-recorded over every 30 days unless there is a demonstrated business need, ongoing investigation, court order, or other bona fide use as approved by the Director of Public Safety or designee.

### **Monitoring**

University security cameras are not monitored continuously under normal operating conditions but may be monitored for legitimate safety and security purposes that include, but are not limited to, the following: High risk areas, restricted access areas/locations, in response to an alarm, special events, and specific investigations authorized by the Director of Public Safety or designee(s).

Any person who tampers with or destroys video security equipment will be subject to criminal prosecution and/or campus disciplinary processes.

**FUNDRAISING POLICY**

SLT 8.3

**Date of Last Update:**

December 08, 2014

**Approved By:**

- Senior Leadership Team

**Responsible Office:**

University Development

**POLICY STATEMENT**

University Development helps Grand Valley State University fulfill its mission and realize its aspirations in three ways: (1) securing, stewarding and increasing financial support; (2)

building meaningful partnerships with external and internal constituents; and (3) communicating the university's character, quality, priorities and goals.

Accordingly, University Development must strive at all times to ensure that its policies and procedures and those of the university are in compliance with local, state and federal regulations in regard to the solicitation and acceptance of gifts. Any deviation from the Internal Revenue Code could result in fines, public embarrassment and/or the loss of the University's tax-exempt status.

For these and many other reasons, all fundraising requests made in the name of the University must be approved in advance by the Vice President for Development. In addition, only the Vice President for Development or their designee is empowered to issue the University's official receipt that qualifies a donor's charitable contribution as deductible for tax purposes.

Any fundraising activity that employs the name, image or reputation of the University, in an effort to secure financial gifts will be considered fundraising in the name of the University and is subject to this policy. In the area of "sponsored research", University Development may work with the Office of Sponsored Research to determine the most appropriate fit for the project.

Any potential fundraising activities on behalf of an University program or initiative must first be approved by the appropriate dean and/or the divisional vice president before a request for assistance is directed to University Development. In all decisions related to funding, the priorities of the University, as approved by the Board of Trustees, shall guide the decision making process.

University Development will not share lists of donors or other constituents with individuals and organizations not affiliated with approved university fundraising activities.

This policy shall apply to any and all members of the University community, as well as to any other individuals or organizations who may represent themselves as members of the University community or who claim to be acting on behalf of the University. This policy does not apply to members of the University community when they are engaged in fundraising activities for other organizations and/or when they have explicitly stated that their fundraising activities are unrelated to the university.

Today's donors have more outlets for their philanthropic desires than ever before. As competition for the philanthropic dollar has increased, donors now receive numerous appeals from multiple non-profit organizations. Consequently they are likely to become annoyed by multiple requests from the same organization. To ignore this is to risk reduced support, an

outright refusal, or perhaps even permanent discontinuation of support.

Grand Valley State University can be at the forefront of a donor's choice if we are clear in our intent, focused on the university's highest priorities, and present exciting opportunities for support. Coordination of university-wide fundraising activities is imperative.

### **Prohibited Activities**

Members of the University community are prohibited from engaging in the following tactics and activities for purposes of fundraising:

- Use of home addresses from the university telephone directory to compile calling or mailing lists.
  - Use of the Grand Valley State University Alumni Directory to compile calling or mailing lists.
  - Using one's status as a Grand Valley State University employee or student to secure a gift commitment unless specifically authorized to do so.
  - Using "mass e-mails" on the campus intranet system to solicit gifts unless specifically authorized to do so by University Development.
  - Conducting lotteries or similar games of chance, which the State of Michigan defines as gambling. Raffles may be conducted with prior approval from the [Office of Student Life](#). For procedures and protocols implementing this policy please contact the [Development Office](#).

## **5. Definitions (Appendix A)**

Please see [Appendix A](#) for a list of definitions pertaining to the Policy and related procedures.

## **6. Mandatory Reporters**

All GVSU faculty and employees (including student-employees), Resident Assistants, and Graduate Assistants, other than those deemed Confidential Employees, are Mandatory Reporters and are expected to promptly report all known details of actual or suspected discrimination, harassment, or misconduct to appropriate officials immediately, although there is a Limited Event Exception as defined in Appendix A. Supportive Measures may be offered as the result of such disclosures without formal GVSU action.

Complainants may want to carefully consider whether they share personally identifiable details with Mandatory Reporters, as those details must be shared with the OCRTIX.

If a Complainant seeks formal action in response to their allegations, reporting to any Mandatory Reporter can connect them with resources to report alleged crimes and/or Policy violations. These employees will immediately pass Notice to the OCRTIX (and/or GVPD, if desired by the Complainant or required by law), who will then act in accordance with their procedures.

Failure of a Mandatory Reporter, as described above in this section, to report an incident of discrimination, harassment or misconduct of which they become aware is a violation of GVSU Policy and can be subject to disciplinary action for failure to comply or failure to report.

A Mandatory Reporter who is themselves a target of discrimination, harassment, or other misconduct under this Policy is not required to report their own experience, though they are, of course, encouraged to do so.

If a student (or a student's parent or other legal representative) informs a GVSU employee of the student's pregnancy or related conditions, in the absence of an associated report of discrimination, harassment, or other misconduct, Mandatory Reporters need not inform OCRTIX. However, the employee must provide the reporting person with information as outlined in the [Pregnancy-Based Grievances and Complaints provision of this Policy](#).

## **7. Confidential Reporting Options**

The following sections describe GVSU's confidential reporting options for a Complainant (including parents or legal guardians when appropriate):

If a Complainant would like to confidentially access support and resources, the Complainant may speak with Confidential Employees. Confidential Employees are not required to notify the OCRTIX about prohibited conduct under this policy, but will provide information to the reporting individual regarding how to contact OCRTIX, how to make a Complaint, and how OCRTIX can help.

There are three categories of Confidential Employees: A) Those with confidentiality bestowed by law or professional ethics, such as lawyers, medical professionals, clergy, and mental health counselors; B) Those whom GVSU has specifically designated as Confidential Resources for purposes of providing support and resources to the Complainant; and C) Those conducting human subjects research as part of a study approved by GVSU's Institutional Review Board (IRB).

#### **A. Confidential Employees by Law or Ethics**

For those in category A), above, to be able to respect confidentiality, they must be in a confidential relationship with the person reporting, such that they are within the scope of their licensure, professional ethics, or confidential role at the time of receiving the Notice. These individuals will maintain confidentiality except in extreme cases of immediacy of threat or danger or abuse of a minor, elder, or individual with a disability, or when required to disclose by law or court order.

These employees include the following:

- On-campus licensed professional counselors and staff
- On-campus health service providers and staff

#### **B. Designated Confidential Resources**

To enable Complainants to access support and resources without filing a Report or Complaint, if they so choose, GVSU has designated specific employees as Confidential Resources. Confidential Resources are not required to report actual or suspected discrimination, harassment, or misconduct in a way that identifies the Parties. They will, however, provide the Complainant with the OCRTIX's contact information and offer options and resources. Confidential Resources do not have any obligation to inform an outside agency or GVSU official of identifying information or the details of the allegations unless a Complainant has requested the information be shared. These employees include the following:

- On-campus Victim Advocates

- Employee Ombuds
- Student Ombuds

### **C. Confidential Employees Conducting Human Subjects Research**

Those persons conducting IRB-approved human subjects research at GVSU who, during the course of the research, learn of allegations of discrimination, harassment or misconduct, are considered Confidential Employees while conducting the approved study. They are not required to notify the OCRTIX about prohibited conduct under this policy, but will provide information to the reporting individual regarding how to contact OCRTIX, how to make a Complaint, and how OCRTIX can help.

In addition, Complainants may speak with individuals unaffiliated with GVSU without concern that this Policy will require them to disclose information to the institution without permission:

- Licensed professional counselors and other medical providers
- Local rape crisis counselors
- Domestic violence resources
- Local or state assistance agencies
- Clergy/Chaplains
- Attorneys

## **8. Methods of Notice**

If a Complainant would like to provide the details of an incident under this Policy, the Notice may be provided directly to the OCRTIX or to a Mandatory Reporter who will notify the OCRTIX through one of the following methods:

### **A. Making a Report**

A Report provides Notice to GVSU of an allegation or concern about discrimination, harassment or misconduct, and provides an opportunity for the OCRTIX to provide information, resources, and Supportive Measures. Such a Report may be made verbally or in writing at any time (including during non-business hours) by using the telephone number, email address, or mailing address of the OCRTIX.

If a Complainant makes a Report but does not wish to file a Complaint, GVSU will maintain the privacy of information to the extent possible. Therefore, a Complainant should not withhold Notice for fear of a loss of confidentiality. By giving Notice, GVSU can discuss the incident and/or provide Supportive Measures as needed to those involved. For more information regarding [Confidential Reporting Options](#), refer to that provision of this policy.

## **B. Making a Complaint**

A Formal Complaint (“Complaint”) provides written Notice to GVSU that the Complainant would like to initiate an investigation or other appropriate resolution procedures. Such a Complaint must be submitted in writing, using the [OCRTIX Complaint Form](#). The Complaint Form may be submitted at any time (including during non-business hours) in person, online, by email address or by mailing address to the OCRTIX.

A Complainant may initially make a Report and may decide at a later time to make a Complaint.

A Complainant does not have to be a member of the GVSU community to file a Complaint under the [Jurisdiction](#) of this Policy. At the time of filing the Complaint, a Complainant must be participating in or attempting to participate in a GVSU education program or activity.

## **C. Online Submission**

A Complainant may submit online Notice at <https://cm.maxient.com/reporting.php?GrandValley>.

Anonymous Notice is accepted. However, please note that in order to properly address or investigate the allegations, the Notice may give rise to a need to try to determine the Parties’ identities. Please also be aware that Anonymous Notice may limit GVSU’s ability to investigate, respond, and provide remedies. It also may not be possible to provide Supportive Measures to Complainants who are the subject of Anonymous Notice.

Measures intended to protect the community or redress or mitigate harm may be enacted in response to an Anonymous Notice.

Reporting carries no obligation to initiate a Complaint, and in most situations, GVSU is able to respect a Complainant’s request to not initiate a Resolution Process. However, there may be circumstances, such as pattern behavior, allegations of severe misconduct, or a serious threat to health and/or safety, where GVSU may need to initiate a Resolution Process, signing and submitting its own Complaint Form through the OCRTIX.

## **9. Time Limits on Reporting**

There is no time limitation on providing Reports or Complaints to the OCRTIX. However, if the Respondent is no longer subject to GVSU’s jurisdiction and/or significant time has passed, the ability to investigate, respond, and/or provide remedies may be more limited or rendered

impossible.

The OCRTIX will review all Reports or Complaints significantly impacted by the passage of time (including, but not limited to, impacts caused by the rescission or revision of Policy) for determination of whether to act upon it. The OCRTIX may document allegations for future reference, offer Supportive Measures, and/or engage in informal or formal action, as appropriate.

## **10. Prompt & Effective Response to Allegations**

After receipt of Notice through Report or Complaint of prohibited conduct under this policy, GVSU will:

1. Treat the Complainant and Respondent equitably.
2. Offer and coordinate Supportive Measures, as appropriate, for the Complainant.
3. Offer and coordinate Supportive Measures as appropriate, for the Respondent, if GVSU initiates Formal Resolution (Grievance Procedures) or offers an Informal Resolution process to the Respondent.
4. Notify the Complainant, or if the Complainant is unknown, the individual who reported the conduct, of the process for filing a written Complaint if desired, the Grievance Procedures, and the Informal Resolution process, if available and appropriate.
5. If a Complaint is made, notify the Respondent of the Grievance Procedures and the Informal Resolution process, if available and appropriate.
6. In response to a Complaint, initiate GVSU's Grievance Procedures or Informal Resolution process, if available and appropriate.
7. In the absence of a Complaint, or in the case of withdrawal of any or all of the allegations in a Complaint, and/or in the absence or termination of an Informal Resolution process, make a fact-specific determination regarding whether the OCRTIX will initiate a Complaint itself.
8. If the OCRTIX initiates a Complaint itself, make reasonable efforts to notify the Complainant prior to doing so and appropriately address reasonable concerns about the Complainant's safety or the safety of others.
9. Regardless of whether a Complaint is initiated, take other appropriate prompt and effective steps in effort to ensure that conduct prohibited by this Policy does not continue or recur within GVSU's education program or activity, in addition to providing remedies to an individual Complainant.

For additional information regarding the Resolution Process under this Policy, please review the [Resolution Process for Alleged Violations of GVSU Policy Prohibiting Discrimination, Harassment and Misconduct.](#)

## **11. Disability-Based Grievances and Complaints**

Allegations of discrimination, harassment or misconduct on the basis of an actual or perceived disability, including instances in which the provision of reasonable accommodations has allegedly had a discriminatory effect, will be resolved under this Policy and related procedures.

However, grievances or complaints related to one's disability status and/or type of accommodation provided, are addressed as outlined in GVSU's [ADA Accommodation Policy for Faculty, Staff and Students with Disabilities](#).

## **12. Pregnancy-Based Grievances and Complaints**

Allegations of discrimination, harassment or misconduct on the basis of an actual or perceived pregnancy, including instances in which the provision of reasonable accommodations has allegedly had a discriminatory effect, will be resolved under this Policy and related procedures.

However, grievances or complaints related to one's pregnancy status and/or type of accommodation provided, are addressed as outlined in GVSU's [Pregnancy, Childbirth and Pregnancy Related Conditions Policy](#).

When a student (or a student's parent or other legal representative) informs a GVSU employee of the student's pregnancy or related conditions, in the absence of an associated report of discrimination, harassment, or other misconduct, Mandatory Reporters need not inform OCRTIX. However, the employee must provide the reporting person with the OCRTIX's contact information and inform that person that the OCRTIX can do the following in effort to prevent sex discrimination or hostile environment based on the student's Pregnancy or Related Condition<sup>(1)</sup>:

- Inform the student of their rights under this Policy;
- Provide reasonable accommodations, including private space and a reasonable break for lactation;
- Allow voluntary leave of absence, as medically necessary, and reinstatement upon return;
- Ensure individualized reasonable modifications are provided as needed (and as defined in the related Pregnancy Policy);
- Refrain from requesting supporting documentation when a) it has already been provided, 2) it relates to lactation needs, c) it is obvious, d) it constitutes a routine or simple modification, or e) other non-pregnancy related students receiving the accommodation obtain it without supporting documentation.

## **13. Scope**

This Policy is not meant to inhibit or prohibit educational content or discussions inside or

outside of the classroom that include germane, but controversial or sensitive, subject matters protected by academic freedom.

This Policy prohibits all forms of discrimination, harassment or misconduct on the basis of the identified Protected Characteristic(s), and may be applied to incidents, to patterns, and/or to the institutional culture or climate, all of which may be addressed in accordance with this Policy.

This Policy is only applicable to alleged incidents of discrimination, harassment or misconduct that occur on or after August 14, 2020. For alleged incidents occurring prior to August 14, 2020, the federal regulations in place at the time of the alleged incident apply.

This Policy applies to all faculty, employees, students, and other individuals participating in or attempting to participate in GVSU's program or activities, including education and employment.

#### **14. Jurisdiction**

This Policy applies to alleged discrimination, harassment or misconduct occurring in circumstances where GVSU has disciplinary authority at or during GVSU's education programs and activities (including locations, events, or circumstances in which GVSU exercises substantial control).

This Policy applies to alleged incidents occurring within any building owned or controlled by a GVSU-recognized student organization.

This Policy also applies to alleged off-campus misconduct if the effects of that conduct are to objectively limit or deny a person's access to GVSU's education program or activities.

GVSU may also extend jurisdiction to online conduct occurring on campus or off-campus when the conduct affects a substantial GVSU interest. For more information regarding online conduct, refer to the Online Discrimination, Harassment or Misconduct provision of this policy.

A substantial GVSU interest includes, but is not limited to, prohibiting the following related conduct:

1. Any action that constitutes a criminal offense as defined by law. This includes, but is not limited to, single or repeat violations of any local, state, or federal law.
2. Any situation in which it is determined by GVSU that the Respondent poses an imminent and serious threat to the health or safety of any student, employee, or other individual.
3. Any situation that significantly and objectively impinges upon the rights, property, or achievements of others, significantly breaches the peace, and/or causes social disorder.
4. Any situation that substantially interferes with GVSU's educational interests or mission.
5. Any situation that is sufficiently serious that it objectively denies or limits a GVSU

community member's ability to participate in or benefit from GVSU's programs or activities. Objectivity is based on a reasonably prudent person in like circumstances.

For disciplinary action to be issued under this Policy, the Respondent must be a GVSU faculty member, student, or employee at the time of the alleged incident. If the Respondent is unknown or is not a member of GVSU community, the OCRTIX will offer to assist the Complainant in identifying appropriate institutional and local resources and support options, and GVSU will implement appropriate Supportive Measures and/or remedial actions (e.g., trespassing a person from campus) where necessary. GVSU can also assist the Complainant in contacting local or institutional law enforcement if the individual would like to file a police report about criminal conduct.

All vendor employees serving GVSU through third-party contracts are subject to these policies and procedures given their employer's agreement to be bound through the respective contracts.

When a party is participating in a dual enrollment/early college program, GVSU will coordinate with the party's home institution to determine jurisdiction and coordinate providing Supportive Measures and responding to the Report or Complaint under the appropriate policy and procedures based on the allegations and identities of the Parties.

When the Respondent is enrolled in or employed by another institution, the OCRTIX can assist the Complainant in contacting the appropriate individual at that institution, as it may be possible to initiate a process under that institution's policies.

Similarly, the OCRTIX may be able to assist and support, through remedial measures, a GVSU student or employee Complainant who experiences discrimination elsewhere (such as in an externship, study abroad program, or other environment external to GVSU where sexual harassment or nondiscrimination policies and procedures of the facilitating or host organization may give the Complainant recourse).

GVSU does not have jurisdiction to handle the matter through its grievance process if the conduct did not occur against a person in the United States.

## **15. Supportive Measures**

GVSU will offer and implement appropriate and reasonable Supportive Measures to the Parties upon Notice of alleged discrimination, harassment or misconduct. Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate and reasonably available. They are offered, without fee or charge to the Parties, to restore or preserve access to GVSU's education program or activity, including measures designed to protect the safety of all Parties and/or GVSU's educational environment and/or to deter discrimination, harassment,

and misconduct.

The OCRTIX promptly offers to make Supportive Measures available to the Parties upon receiving Notice. At the time that Supportive Measures are offered, if a Complaint has not been filed, GVSU will inform the Complainant, in writing, that they may file a Complaint with GVSU either at that time or in the future. The OCRTIX will work with a party to ensure that their wishes are considered with respect to any planned and implemented Supportive Measures.

GVSU will maintain the confidentiality of the Supportive Measures, provided that confidentiality does not impair GVSU's ability to provide those Supportive Measures or investigate and resolve the allegations. GVSU will act to ensure as minimal an academic or occupational impact on the Parties as possible and appropriate. GVSU will implement measures in a way that does not unreasonably burden any party.

These Supportive Measures may include, but are not limited to:

- Referral to counseling, medical, and/or other healthcare services
- Referral to the Employee Assistance Program
- Referral to community-based service providers
- Education to the institutional community or community subgroup(s)
- Altering campus housing assignment(s)
- Altering work arrangements for employees or student-employees
- Safety planning
- Implementing contact restrictions (no contact orders) between the parties
- Academic support, extensions of deadlines, or other course/program-related adjustments
- Assistance with obtaining a PPO or Cease and Desist through referral to GVPD.
- Class schedule modifications, withdrawals, or leaves of absence
- Any other actions deemed appropriate by the OCRTIX to address the objective harm

Violations of no contact orders or other restrictions may be referred to appropriate student or employee conduct processes for enforcement or added as Collateral Misconduct allegations to an ongoing Complaint under this Policy.

The Parties are provided with a timely opportunity to seek modification or reversal of GVSU's decision to provide, deny, modify, or terminate Supportive Measures applicable to them. A request to do so should be made in writing to the OCRTIX. An impartial employee, other than the employee who implemented the Supportive Measures, who has authority to modify or reverse the decision, will determine whether the decision is sufficiently inconsistent with the definition of Supportive Measures to warrant modification or reversal. GVSU will also provide

the Parties with the opportunity to seek additional modification or termination of Supportive Measures applicable to them if circumstances materially change. GVSU typically renders decisions on Supportive Measures within seven (7) business days of receiving a request and provides a written determination to the impacted party(ies) and the OCRTIX.

## **16. Online Discrimination, Harassment or Misconduct**

GVSU policies are written and interpreted broadly to include online manifestations of any of the behaviors prohibited by this Policy, when those behaviors occur in or have an effect on GVSU's education program and activities, or when they involve the use of GVSU networks, technology, or equipment.

Although GVSU may not control websites, social media, and other venues through which the alleged discriminatory or harassing communications are made, when such communications are reported to GVSU, it will seek to address and mitigate the effects. This effort may include use of the Resolution Process to address off-campus, online conduct that objectively interferes with a person's access to or participation in GVSU's education programs or activities.

## **17. Inclusion related to Gender Identity/Expression**

GVSU strives to ensure that all individuals are safe, included, and respected in their education and employment environments, regardless of their actual or perceived Gender Identity or Expression, including intersex, nonbinary, transgender, agender, two-spirit, gender-expansive, and gender-diverse students and employees.

Discrimination, harassment or misconduct on the basis of Gender Identity or Expression is not tolerated by GVSU. If a member of the GVSU community believes they have been subjected to prohibited conduct under this Policy, they should follow the appropriate reporting process described herein. Intentional misgendering, deadnaming, or mispronouncing may be considered a violation of this policy.

This Policy should be interpreted consistent with the goals of maximizing inclusion for all, including students and employees with varying gender identities, including:

- Maintaining the privacy of all individuals consistent with law;
- Ensuring all students have equal access to educational programming and activities consistent with the law;
- Facilitating participation in programs and activities by providing all students access to appropriate facilities, including restrooms and locker rooms. For a list of gender-inclusive restrooms and locker rooms on campus see our [Facilities Services](#) page;
- Ensuring all employees have equal access to employment opportunities and work,

- service, or health-related facilities;
- Providing professional development for employees and education for students on topics related to gender inclusion;
- Encouraging all students and employees to respect the pronoun usage and identities of all members of the GVSU community.

## **18. Prohibited Conduct-Discrimination or Harassment Offenses**

Students and employees are entitled to an educational and employment environment that is free from discrimination and harassment.

The sections below describe the specific forms of legally prohibited discrimination and harassment on the basis of actual or perceived Protected Characteristics, that are also prohibited under GVSU Policy.

When speech or conduct is constitutionally protected, it will not be considered a violation of GVSU Policy, though Supportive Measures will be offered to those impacted.

All offense definitions below encompass actual and/or attempted offenses.

Any of the following offenses can be charged as or combined as pattern offenses, in which case the Notice of Investigation and Allegation (NOIA) will clearly indicate that both individual incidents and a pattern of conduct are being investigated. A pattern may exist and be charged when there is a potential substantial similarity to incidents where the proof of one could make it more likely that the other(s) occurred, and vice-versa. Patterns may exist based on target selection, similarity of offense, or other factors. Where a pattern is found, it can be the basis to enhance sanctions, accordingly.

Violation of any other GVSU policies may constitute discrimination or harassment when motivated by actual or perceived Protected Characteristic(s), and the result is a limitation or denial of employment or educational access, benefits, or opportunities.

### **A. Discrimination**

Discrimination is different treatment with respect to a person's employment or participation in an education program or activity based, in whole or in part, upon the person's actual or perceived Protected Characteristic. Discrimination also includes a failure to provide reasonable accommodations as required by law or policy, such as for a person's disability, religion, or creed.

Discrimination can take two primary forms:

#### **1. Disparate Treatment Discrimination:**

Any intentional differential treatment of a person or persons that is based on

a person's actual or perceived Protected Characteristic and that:

- - excludes an individual from participation in;
  - denies the individual benefits of; or
  - otherwise adversely affects a term or condition of an individual's participation in a GVSU program or activity.

## **2. Disparate Impact Discrimination:**

Disparate impact occurs when policies or practices that appear to be neutral unintentionally result in a disproportionate impact on a protected group or person that:

- - excludes an individual from participation in;
  - denies the individual benefits of; or
  - otherwise adversely affects a term or condition of an individual's participation in a GVSU program or activity.

## **B. Discriminatory Harassment**

Discriminatory Harassment includes all of the following:

- unwelcome conduct on the basis of actual or perceived Protected Characteristic(s), that
- based on the totality of the circumstances,

3. **Sexual Assault** (3) The following definitions describe prohibited conduct that constitutes sexual assault

### **(a) Rape is defined as:**

- Penetration, no matter how slight,
- of the vagina or anus of the Complainant,
- with any body part of the Respondent or by Respondent's use of an object, or
- oral penetration of the Complainant by a sex organ of Respondent, or by the Respondent's use of a sex-related object
- without the consent of the Complainant (4).

### **(b) Fondling (Criminal Sexual Contact) is defined as:**

- The intentional touching of the clothed or unclothed body parts of the Complainant by the Respondent,
- (or the forced touching of the clothed or unclothed body parts of the Respondent by the Complainant)
- for the purpose of sexual degradation, gratification, or sexual humiliation
- without the consent of the Complainant,
- including instances where the Complainant is incapable of giving consent because of their age or because of a temporary or permanent mental incapacity.

### **(c) Incest is defined as:**

- engaging in a course of conduct,
- directed at the Complainant,
- that would cause a reasonable person
- to fear for the person's safety or the safety of others, or
- Suffer substantial emotional distress.

For the purpose of this definition-

- Course of conduct means two or more acts, including, but not limited to, acts in which the Respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant.
- Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

GVSU reserves the right to address sex-based conduct and/or harassment that (1) does not rise to the level of creating a hostile environment, or (2) that is of a generic nature and not based on a Protected Characteristic. Addressing such conduct will not result in the imposition of discipline under GVSU Policy, but may be addressed through respectful conversation, remedial actions for the affected persons, community education, and/or effective Informal Resolution mechanisms.

For assistance with Informal Resolution techniques under these circumstances, contact the Office of Civil Rights and Title IX.

Separate treatment on the basis of sex in the context of sex-separate living facilities and sex-separate athletic teams is not discrimination.

1.

**D. Gender-Identity or Sexual Orientation-based Harassment**

Gender Identity-based Harassment and Sexual Orientation-based Harassment are forms of discrimination and include harassment on the basis of gender identity or sexual orientation (6), including related stereotypes or characteristics.

### **1) Quid Pro Quo Harassment:**

GVSU reserves the right to address offensive conduct and/or harassment on the basis of gender identity and sexual orientation that (1) does not rise to the level of creating a hostile environment, or (2) that is of a generic nature and not based on a Protected Characteristic. Addressing such conduct will not result in the imposition of discipline under GVSU Policy, but may be addressed through respectful conversation, remedial actions for the affected persons, community education, and/or effective Informal Resolution mechanisms.

For assistance with Informal Resolution techniques under these circumstances, contact the OCRTIX.

## **19. Prohibited Misconduct- Sexual Exploitation**

The following definition describes prohibited sexual misconduct that constitutes sexual exploitation:

### **A. Sexual exploitation is defined as:**

- A person taking non-consensual or abusive sexual advantage of another, that does not constitute Sex-based Harassment as defined above,
- for their own benefit or for the benefit of anyone other than the person being exploited.

Examples of Sexual Exploitation include, but are not limited to:

1. Sexual voyeurism (such as observing or allowing others to observe a person undressing or using the bathroom or engaging in sexual acts, without the consent of the person being observed)
2. Invasion of sexual privacy (e.g., doxxing)
3. Knowingly making an unwelcome disclosure of (or threatening to disclose) a person's sexual orientation, gender identity, or gender expression
4. Taking pictures, video, or audio recording of another person in a sexual act, or in any other sexually related activity when there is a reasonable expectation of privacy during the activity, without the consent of all involved in the activity; or exceeding the boundaries of consent (such as allowing another person to hide in a closet and observe sexual activity, or disseminating sexual pictures without the photographed person's consent), including the making or posting of non-consensual pornography
5. Prostituting another person

## **20. Prohibited Misconduct-Retaliation**

The following definition describes prohibited conduct that constitutes retaliation:

### **A. Retaliation is defined as:**

- Adverse action, including intimidation, threats, coercion or discrimination

- against any person,
- by GVSU, a student, employee, or a person authorized by GVSU to provide aid, benefit, or service under GVSU's education program or activity,
- for the purpose of interfering with any right or privilege secured by law or Policy, or
- 
- because the person has engaged in protected activity, including reporting information, making a Complaint, testifying, assisting, or participating or refusing to participate in any manner in an investigation or Resolution Process under the GVSU Policy Prohibiting Discrimination, Harassment And Misconduct Procedures, including an Informal Resolution process, or in any other appropriate steps taken by GVSU to promptly and effectively end any discrimination or harassment in its education program or activity, prevent its recurrence, and remedy its effects.

The exercise of rights protected under the First Amendment does not constitute retaliation (7).

It is also not retaliation for GVSU to pursue Policy violations against those who make materially false statements in bad faith in the course of a resolution under the GVSU Policy Prohibiting Discrimination, Harassment and Misconduct. However, the determination of responsibility, by itself, is not sufficient to conclude that any party has made a materially false statement in bad faith..

Peer to Peer Retaliation is also prohibited.

## **21. Other Prohibited Misconduct**

The following definitions describe other conduct prohibited under this Policy, if such conduct is on the basis of Protected Characteristics and does not otherwise meet a definition of prohibited misconduct under the Policy:

### **A. Bullying is defined as:**

- repeated and/or severe aggressive behavior,
- that is objectively likely to intimidate or intentionally hurt, control, or physically or mentally diminish the Complainant, that is not speech or conduct that is otherwise protected by the First Amendment.

### **B. Endangerment is defined as:**

- threatening or causing physical harm,
- extreme verbal, emotional, or psychological abuse, or
- other conduct which threatens or endangers the health or safety of any person or damages their property

### **C. Hazing is defined as:**

- any intentional, knowing, or reckless act
- committed by a person (whether individually or in concert with other persons)
- against another person or persons
- regardless of the willingness of such other person or persons to participate, that-
  - (I) is committed in the course of an initiation into, an affiliation with, or the maintenance of membership in, a student organization; and
  - (II) causes or creates a risk, above the reasonable risk encountered in the course of participation in the University's programs or activities (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury including but not limited to those behaviors identified in relevant laws or campus policies.

For the purposes of this definition:

- It is not necessary that a person's initiation or continued membership be contingent upon participation in the activity, or that the activity was sanctioned or approved by the student group or student organization, for an allegation of hazing to be upheld.
- It shall not constitute an excuse or defense to a hazing allegation that the participants took part voluntarily, gave consent to the conduct, voluntarily assumed the risks or hardship of the activity, or that no injury was suffered or sustained.
- The actions of alumni, active, new, and/or prospective members of a student group or student organization may be considered hazing.
- Hazing is not confined to the student group or student organization with which the person subjected to the hazing is associated.

### **22. Unauthorized Disclosure: (8)**

Distributing or otherwise publicizing materials created or produced during an investigation or Resolution Process is prohibited except as required by law or as expressly permitted by GVSU.

Publicly disclosing institutional work product (produced, compiled, or written by GVSU for purposes of its investigation and resolution of a Complaint) that contains personally identifiable information without authorization or consent is also prohibited.

Parties and Advisors are prohibited from disclosing information obtained by GVSU through the Resolution Process, to the extent that information is the work product of GVSU or contains personally identifiable information, without authorization.

Violation of this Policy provision may be subject to significant sanctions

### **23. Failure to Comply or Process Interference**

Intentional failure to comply with the following OCRTIX actions is a violation of this Policy:

- reasonable directives of OCRTIX in the performance of their official duties, including with the terms of a no contact order;
- emergency removal or interim suspension terms;
- sanctions;
- terms of an Informal Resolution Agreement;
- mandated reporting duties as defined in this Policy

Intentional interference with the Resolution Process is a violation of this Policy. Such interference can include but is not limited to:

- Destruction of or concealing of evidence;
- Actual or attempted solicitation of knowingly false testimony or providing false testimony or evidence;
- Intimidating or bribing a witness or party

### **24. Consent, Force, and Incapacitation**

As used in this Policy, the following definitions and understandings of Consent, Force and Incapacitation apply:

1. **Consent** is defined as (9):

- knowing, and
- voluntary, and
- clear permission
- expressed by word or action
- prior to engaging in and during sexual activity.

Consent is active, not passive. Silence, or lack of resistance, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in sexual activity.

Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity. Consent may be withdrawn at any time as long as the withdrawal is reasonably and clearly communicated by word or action. If consent is withdrawn, that sexual activity should stop.

Previous relationships or prior consent cannot imply consent to future sexual acts. Consent cannot be given by an individual who one knows to be – or based on the circumstances should reasonably have known to be – incapacitated.

Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity.

An individual cannot consent who has been coerced, including being compelled by force, threat of force, or deception; who is unaware that the act is being committed; or who is coerced by a Supervisory or disciplinary authority.

Consent may not be given by a person who has not reached the legal age of consent under applicable law. Being impaired by alcohol or drugs will never function as a defense for any behavior that violates this Policy.

Proof of consent or non-consent is not a burden placed on either party involved in a Complaint. Instead, the burden remains on GVSU to determine whether its Policy has been violated. The existence of consent is based on the totality of the circumstances evaluated from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged misconduct occurred and any similar and previous patterns that may be evidenced.

Going beyond the boundaries of consent is prohibited misconduct. Thus, unless a sexual partner has consented to slapping, hitting, hair pulling, strangulation, or other physical roughness during otherwise consensual sex, those acts may constitute dating violence or sexual assault (10)

## **2. Force is defined as:**

- the use of physical violence, and/or
- physical imposition
- to gain sexual access.

Sexual activity that is forced is, by definition, non-consensual, but non-consensual sexual activity is not necessarily forced. Force is conduct that, if sufficiently severe, can negate consent.

Force also includes threats, intimidation (implied threats), and coercion that is intended to overcome resistance or produce consent (e.g., “Have sex with me or I’ll hit you,” which elicits the response, “Okay, don’t hit me. I’ll do what you want.”).

Coercion is unreasonable pressure for sexual activity. Coercive conduct, if sufficiently severe,

can render a person's consent ineffective, because it is not voluntary. When someone makes clear that they do not want to engage in sexual activity, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive. Coercion is evaluated based on the frequency, intensity, isolation, and duration of the pressure involved.

### **3. Incapacitation is defined as:**

- a state where a person is incapable of giving consent.

An incapacitated person cannot make rational, reasonable decisions because they lack the capacity to give knowing/informed consent (e.g., to understand the “who, what, when, where, why, and how” of their sexual interaction).

A person cannot consent if they are unable to understand what is happening or are disoriented, helpless, asleep, or unconscious for any reason, including because of alcohol or other drug consumption.

This Policy also covers a person whose incapacity results from a temporary or permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating substances.

Incapacitation is determined through consideration of all relevant indicators of a person's state and is not synonymous with intoxication, impairment, blackout, and/or being drunk.

If the Respondent neither knew nor should have known the Complainant to be physically or mentally incapacitated, the Respondent is not in violation of this Policy. “Should have known” is an objective, reasonable person standard that assumes that a reasonable person is both sober and exercising sound judgment.

### **25. Standard of Proof**

GVSU uses the preponderance of the evidence standard of proof when determining whether a Policy violation occurred. This means that GVSU will decide whether it is more likely than not, based upon the available information at the time of the decision, that the Respondent is in violation of the Policy as alleged. The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on GVSU and not on the parties. However, GVSU cannot obtain protected health information without a signed release from the treated individual for use of the health information in the grievance process.

Absent the necessary proof, a Respondent is not considered in violation of the Policy and is presumed not to have violated the policy unless and until such proofs are made.

### **26. False Allegations and Evidence**

Deliberately false and/or malicious accusations under this Policy are a serious offense and will be subject to appropriate disciplinary action. This does not include allegations that are made in good faith but are ultimately shown to be erroneous or do not result in a determination of a Policy violation.

Additionally, witnesses and Parties who knowingly provide false evidence, tamper with or destroy evidence, or deliberately mislead an official conducting an investigation or resolution process can be subject to discipline under appropriate GVSU policies.

## **27. Consensual Relationship Policy**

GVSU recognizes there are inherent risks in any romantic or sexual relationships between persons in unequal positions, such as faculty member-student, Resident Assistant-supervisory student, or supervisor-employee. Any persons engaging in such relationships are subject to GVSU's [Consensual Relationship Policy, SLT 9.2](#).

This Policy (Policy Prohibiting Discrimination, Harassment and Misconduct) will also apply to allegations of prohibited conduct under this Policy within such consensual relationships. Where the alleged prohibited conduct is on the basis of sex and by an Employee against a student, Informal Resolution will not be permitted.

## **28. Resolution Process Confidentiality & Privacy**

GVSU makes every effort to preserve the privacy of those involved in a process under this Policy.

Except as permitted or required by law, and applicable regulations, or to fulfill the purposes of this Policy, GVSU will not share the identity of:

1. any individual who has made a Complaint under this Policy;
2. any Complainant;
3. any individual who has been reported to be the perpetrator of discrimination, harassment or misconduct;
4. any Respondent; or
5. any witness

Additional information regarding confidentiality and privacy can be found in [GVSU's Confidentiality, Data & Security Policy](#) and in the [Confidential Reporting Options](#) provision of this policy.

For additional information regarding unauthorized disclosure, please refer to the Unauthorized Disclosure provision of this policy.

## **29. Interventions to Address Allegations of Discrimination, Harassment or Misconduct.**

GVSU uses a number of interventions to address allegations of discrimination, harassment or misconduct, including offering Supportive Measures, initiating a Formal Resolution Process (Grievance Procedures), or engaging in an Informal Resolution Process. These efforts may include, but are not limited to, problem-solving, assistance, intervention, confrontation, investigation, and/or Policy enforcement.

When conflicts arise between the right of members of the community to be free from discrimination, harassment or misconduct, and those exercising their right to religious freedom or freedom of expression, GVSU will seek to balance rights and interests to find mutually agreeable outcomes or compromises. When that is not possible, GVSU will offer remedial solutions and/or enforce its Policies while also respecting the rights of all members of its community.

For questions regarding Expressive Activity on GVSU owned and controlled property, please refer to the relevant provisions of GVSU's [Grounds and Facility Use Policy](#).

## **30. Emergency Removal, Interim Actions, and Leaves of Absence**

GVSU can act to remove a student Respondent accused of Discrimination, Harassment or Misconduct from its education program or activities, partially or entirely, on an emergency basis if an individualized safety and risk analysis has determined that an imminent and serious threat to the health or safety of any student or other individual justifies removal. This risk analysis is performed by GVSU using its standard risk assessment procedures. For additional information on emergency removal, interim actions and leave of absences, see the relevant Policy procedures.

Employees are subject to existing procedures for interim actions and leaves.

## **31. Federal Timely Warning Obligations**

GVSU must issue timely warnings for reported incidents that pose a serious or continuing threat of bodily harm or danger to members of GVSU community pursuant to the Clery Act.

GVSU will ensure that a Complainant's name and other personal identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the potential danger.

## **32. Amnesty**

In the interest of safety and compliance with all relevant laws and regulations, GVSU encourages the reporting of misconduct and crimes by Complainants, Respondents and

witnesses. Sometimes, individuals are hesitant to give Notice to GVSU officials or participate in resolution processes because they fear that they themselves may be in violation of certain policies, such as underage drinking or use of illicit drugs at the time of the incident.

It is in the best interests of the GVSU community that Complainants choose to give notice of misconduct to GVSU officials, that witnesses come forward to share what they know, and that all Parties be forthcoming during the process.

To encourage reporting and participation in the process, GVSU offers students amnesty from such policy violations as underage alcohol consumption or the use of illicit drugs, when related to the alleged incident of prohibited conduct.

### **Student Amnesty**

GVSU maintains an amnesty policy for students. For criteria regarding granting amnesty, please see [GVSU policy STU 10.0](#).

### **33. Preservation of Evidence**

The preservation of evidence is critical to any potential criminal prosecution and to obtaining restraining (protective) orders, and it is particularly time sensitive. Therefore, OCRTIX will inform the Complainant of the importance of preserving evidence at the time of initial receipt of a Complaint.

### **34. Independence and Conflicts of Interest**

The Coordinator manages the OCRTIX and acts with independence and authority, free from bias and conflicts of interest. The Coordinator oversees all resolutions under this Policy and these procedures. The members of the Resolution Pool are vetted and trained to ensure they are not biased for or against any party in a specific Complaint, or for or against Complainants and/or Respondents, generally.

To raise any concern involving bias, conflict of interest, misconduct, discrimination or harassment by the Coordinator, contact the Vice President for People, Culture, and Equity.

Concerns of bias, misconduct, discrimination, harassment or a potential conflict of interest by any other OCRTIX employee or Resolution Pool member should be raised with the Coordinator.

### **35. Revision of Policy**

The Coordinator reviews and updates these policies and procedures regularly. GVSU reserves the right to make changes to this document as necessary, and once those changes are posted online, they are in effect, unless otherwise required by law.

If government laws or regulations change or court decisions alter the requirements in a way

that impacts this document, this document will be construed to comply with the most recent government laws, regulations, or court holdings.

This document does not create legally enforceable protections beyond the protections of the laws of the State of Michigan and federal laws that frame the provisions, generally.

This Policy is retroactively effective 08-14-2020, pursuant to guidance from the Department of Education dated February 04, 2025.

## FOOTNOTES

[1] The following are rights that are also applicable to employees of GVSU with Pregnancy or Related Conditions.

[2] Throughout this Policy, “on the basis of sex” or “sex-based conduct” means conduct that is sexual in nature, or that is directed to the Complainant because of his/her/their actual or perceived sex.

[3] This would include having another person touch you sexually, forcibly, and/or without your consent.

[4] This includes Sodomy and/or sexual assault with an object

[5] To categorize an incident as Domestic Violence under this Policy, the relationship between the Respondent and the Complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

[6] Throughout this Policy, “on the basis of gender identity or sexual orientation” means conduct that is directed to the Complainant because of his/her/their actual or perceived gender identity or expression, including intersex, nonbinary, transgender, agender, two-spirit, gender-expansive, and gender-diverse students and employees and/or because of his/her/their actual or perceived sexual orientation, including members of the LGBTQ+ community.

[7] For additional information regarding Expressive Activity refer to GVSU's [Grounds and Facility Use Policy](#).

[8] Nothing in this section restricts the ability of the Parties to obtain and present evidence, including by speaking to witnesses (as long as it does not constitute intimidation or retaliation under this Policy), consult with the Parties' own family members, confidential resources, or Advisors; or otherwise prepare for or participate in the Resolution Process.

[9] The definition of consent under Michigan law is applicable to criminal prosecutions for sex offenses. Such definition may differ from the definition used by GVSU to address Policy violations.

[10] Consent in relationships must also be considered in context. When Parties consent to BDSM (bondage, discipline, sadism, masochism) or other forms of kink, non-consent may be shown by the use of a safe word. Resistance, force, violence, or even saying “no” if part of the kink would be consensual.

## CONSENSUAL RELATIONSHIP POLICY

SLT 9.2

**Date of Last Update:**

November 19, 2012

**Approved By:**

- Senior Leadership Team

**Responsible Office:**

Inclusion and Equity/Antidiscrimination/EEO Office

### POLICY STATEMENT

Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

**Article I. Purpose**

The University’s goals are to maintain a positive work environment and a climate conducive to learning for students. The unequal institutional power inherent in academic and work relationships may heighten the vulnerability of those in subordinate positions. Accordingly, individuals holding positions of authority at the University must be aware of and sensitive to

the potential conflict of interest, ethical concerns, and issues of sexual harassment that may occur in consensual relationships. Specifically, the parties to a consensual relationship must be aware that such relationships can create in co-workers and students perceived and real conflicts of interest. These relationships also create an environment of fear of unfair treatment in terms of promotions, grades, professional and/or educational opportunities, etc. This Policy outlines expectations for institutional and individual conduct that apply to all University faculty and staff members and students.

## **Article II. Consensual Relationships**

Consensual romantic and sexual relationships between faculty and their students or between supervisors and their subordinates are inappropriate. Individuals should be aware that these relationships may create a perception of favoritism while the relationships continue. These relationships may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change and the conduct that was previously welcome may become unwelcome. If a sexual harassment complaint is subsequently filed, the argument that the relationship was consensual will be evaluated in light of the power differential in determining whether the University's Anti-Harassment Policy has been violated. Under these circumstances, it will be extremely difficult to use mutual consent as a defense.

### **Consensual Romantic or Sexual Relationships between Faculty/Staff and Students.**

A faculty or staff member who has educational, supervisory, evaluation, advising, coaching, or counseling responsibilities for students shall not assume or maintain those responsibilities for a student with whom the faculty or staff member has engaged in romantic or sexual relations, even if such relations were consensual. Whether such romantic or sexual relationships predate the assumption of educational, supervisory, evaluation, advising, coaching, or counseling responsibility for the student, or arise out of the educational relationship, the faculty or staff member shall immediately disclose the romantic or sexual relationship to his or her Unit Head or supervisor, who shall promptly arrange alternate oversight of the student.

### **Consensual Romantic or Sexual Relationships between Supervisors and**

**Subordinates.** If a romantic or sexual relationship exists or develops between a supervisor, manager, or administrator and an employee for whom they have professional responsibility, the individuals involved in the relationship must promptly consult the next highest level of supervision (e.g., a supervisor, department head, Vice President, Dean) to determine whether arrangements can be made to eliminate all conflicts of interest. If such arrangements can be made that do not disadvantage the subordinate and are acceptable to the supervisor,

manager, or administrator, they must be documented, and ensure that the supervisor does not hire, supervise, advise, evaluate, or otherwise directly influence the subordinate's employment. Relationships between supervisors, managers, or administrators and their subordinates are prohibited when the working relationship is such that it is not possible to eliminate the conflicts of interest. Students employed by the University who supervise other student employees are covered by this section.

**Consensual romantic or sexual relationships between students.** Complaints concerning relationships between students are governed by the GVSU Student Code.

### **Article III. Disciplinary Actions**

Disciplinary action will be taken against faculty or staff members who violate this Policy, either by entering into or engaging in a sexual relationship with a student or subordinate for whom they have educational, supervisory, evaluation, advisory, coaching, or counseling responsibilities or by failing to report such relationship or failing to cooperate in making alternative arrangements.

### **Article IV. Confidentiality**

Confidentiality of the disclosure of consensual romantic or sexual relationships will be observed to the extent permitted by law and that is consistent with protecting the welfare of faculty, staff, and students and the interests of the University.

## **DIGITAL ACCESSIBILITY POLICY**

SLT 9.7

### **Date of Last Update:**

March 06, 2026

### **Approved By:**

- Senior Leadership Team

### **Responsible Office:**

Equity, Planning, and Compliance Unit

## **POLICY STATEMENT**

Grand Valley State University is committed to providing accessible digital experiences for all users, including individuals with disabilities. We strive to ensure that all individuals can access

and interact with our digital platforms effectively. This policy establishes minimum standards for the accessibility of digital content necessary to meet the University's goals and ensure compliance with applicable law. All digital content developed, procured, or used will be perceivable, operable, understandable, and robust. Digital content will conform to [WCAG 2.1 Level AA Technologies Accessibility Standards](#) and this policy.

This policy applies to all official digital content developed by or for a college, school, department, program, or unit of the University.

Each website will contain a link to report accessibility issues.

## **Training**

Accessibility training will be provided and required of all faculty, staff and other authorized representatives prior to being given access to manage any online content through the Content Management System (CMS) or through remote access to a web server (FTP, SFTP, SSH, etc.). This training will help content administrators produce accessible content and assess and correct content that may be inaccessible. All content administrators will be required to complete Accessibility Training on an annual basis as long as they manage online content.

## **Enforcement**

Digital content found to be in violation of this Policy will be referred to the Web Accessibility Coordinators or their designees, who will contact the responsible unit to begin remediation procedures. If necessary, some or all non-compliant portions of the digital content may be taken offline or brought into compliance by designated staff or contractors.

## **Purchasing of Outside Content**

All web-based content and systems, whether developed internally or obtained from third parties that the University chooses to make available, are expected to conform to accessibility standards set forth in this policy. Accessibility of these technologies should be verified by University staff with demonstrated ability in accessibility evaluation. This verification process should be accomplished through hands-on evaluation of the product, prior to purchase.

When evaluating third-party products, University representatives making procurement decisions should consider a product's accessibility as part of its evaluation. However, there will not always be accessible choices, or the most accessible choice may not align with other dominant selection criteria. In cases where a product with limited accessibility has been purchased, interim, equivalent accommodations documented in an approved ADA exception should be in place until the service can be made accessible.

## Contact Information

Any concerns with the accessibility of digital content should be directed to [accessibility@gvsu.edu](mailto:accessibility@gvsu.edu) or reported via the link on the applicable website.

## PHASED RETIREMENTS

SLT 9.9

### Date of Last Update:

### Approved By:

### Responsible Office:

Human Resources

## POLICY

### Discussion

A phased retirement is when an employee reduces their workload and compensation during their final years of GVSU employment. An example would be a full-time employee shifts to half-time at half of the previous compensation for a year before retiring. The employee does not enter retired status until the end of the phased retirement.

### Limitations

Phased retirements are at the sole discretion of the executive offer. There is no entitlement or expectation for the individual.

Phased retirements are not available for bargaining unit employees.

Phased retirements are limited to 2 years.

EO's must sign off on a comprehensive plan detailing how the work will be distributed (current state vs. future state), and how the cost will be absorbed. This plan will be provided to HR and budget office.

There can be no full-time FTE growth attributable to the phased retirement.

No additional funding will be provided to support the phased retirement, all adjustments must come from base resources through prioritization and reallocation. Salary savings from the reduced workload of the employee on the phased retirement may be reallocated to hire temporary, adjunct or other non-benefit employees if needed. Visiting professors (with benefits) may be hired for the term of the phased retirement provided total compensation (including benefits) is covered by the salary savings of the person on phased retirement.

Divisional reserves cannot be used to support phased retirement workload distribution plans. Exceptions may be considered for critical AP staff where a new hire is required to work full-time during a limited transition period while the retiring staff member overlaps to pass off organizational knowledge and key duties. The maximum phased retirement time period for critical AP positions and use of reserves in this instance shall not exceed six months.

Phased retirements and sabbaticals cannot happen simultaneously.

Phased retirements cannot start until after one year after a sabbatical has ended.

Office of General Counsel

### POLICY STATEMENT

Section 1 of the Michigan Freedom of Information Act (“FOIA” or “the statute”) provides, “It is the public policy of this state that all persons, except those persons incarcerated in state or local correctional facilities, are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees, consistent with this act. The people shall be informed so that they may fully participate in the democratic process.”(1) To that end, all people, excluding prisoners, are allowed to file FOIA requests with a Grand Valley State University (the “University”). A requester must simply file a request in writing with the University’s FOIA Coordinator, and the University will begin processing his or her request.(2) Each request must include the requesting person’s complete name, address (in compliance with United States Postal Service addressing standards), and either a telephone number or email address.

The University, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.

If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options.

A fee deposit will be required when processing a request that will require significant University employee time and resources. The University will notify the requester of the estimated cost and provide a non-binding, best efforts estimate of the time it will take to complete the processing of the request. It is possible that after further processing of the request, the University will determine that the cost of processing the request is significantly less or greater than the estimated cost. If that is the case, the University will notify the requester to allow the requester to determine whether and how they want to proceed with the request.

After the University receives a required deposit, it will make every effort to provide the requested documents within the time estimate provided. Requesters must understand, however, that at any given time, the University is processing multiple requests and cannot devote all of its time to one particular request.

A requester who feels wrongly denied of responsive documents may appeal to the Head of the Public Body, which for the purposes of these Procedures and Guidelines is the General Counsel, or file a civil action. If a requester believes that the University has required a fee that exceeds the amount permitted under the Procedures and Guidelines, they may file a civil action. Requesters are also always free to contact the FOIA Coordinator at 616-331-2067 or foia@gvsu.edu with any questions about the processing of their requests. Detailed Procedures and Guidelines follow.

## **PROCEDURES**

### **1. How to submit a FOIA request to the University**

- a. A FOIA request must be submitted in writing to the FOIA Coordinator in the Office of General Counsel. The request may be transmitted in hard copy, by email, or by facsimile.
- b. The University's FOIA Coordinator address 4068 James H. Zumberge Hall, Grand Valley State University, Allendale, MI 49401. The email address is foia@gvsu.edu. The fax number is (616) 331-3950.
- c. A request should describe the record(s) sought sufficiently to enable the University to find the record(s) and should provide the requester's contact information.
- d. Requests should state that they are submitted pursuant to the Michigan Freedom of Information Act.
- e. Requests received electronically are deemed received the next business day. A

business day is defined as Monday through Friday, exclusive of holidays and institutional closure days.

f. If a request is delivered to the FOIA Coordinator's junk mail folder, the request will be deemed received one business day after the FOIA Coordinator becomes aware of the request. The FOIA Coordinator will check the junk mail folder at least once per week.

## **2. Responses to FOIA requests to the University**

a. The University will respond to a FOIA request within five (5) business days of the FOIA Coordinator receiving the request.

b. A response will consist of one or more of the following:

i. A granting of the request

ii. A partial granting of the request, and a partial denial because some or a portion of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure

iii. A complete denial of the request because all of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure

iv. A notice that more time is needed to process the request

1. If more time is needed, the University will send out a follow up response within 10 business days of the initial response.

v. A notice that a fee deposit is required prior to further processing

1. If a fee deposit is required, the University will include in its response a non-binding, best efforts estimate regarding the time it will take to provide the records to the requester.

vi. A notice that the record(s) sought has (have) not been sufficiently described to enable the University to locate the record(s).

c. The response will state the FOIA exemptions under which any information and/or documents are withheld, if applicable.

d. If any part of a request for records is denied for any reason, the response will set forth the procedures for appealing the denial.

## **3. Deposit Requirements**

a. A fee deposit will be required when the processing of a request will result in fees equal to or greater than \$50.00.

- b. The required deposit will equal up to 50% of the estimated cost of fulfilling the request as calculated at the time of the initial response.
- c. If the University requires a deposit, it will not process the FOIA request further until the deposit is paid.
- d. If a deposit is not received by the FOIA Coordinator within 45 days of the initial notice, the request will be considered withdrawn. Notice of a deposit requirement is considered received three days after it is sent, regardless of the means of transmission.
- e. If, after receipt of the deposit and further processing of the request, the University learns that the processing costs will be significantly different from the estimated costs, the University will so notify the requester. Where the actual effort to search for, review and separate exempt material significantly exceeds the original estimate, the University will notify the requester. The requester may choose to receive a revised fee deposit notice, or limit his/her original request to those records, which may be processed within the time stated in the original fee estimate.
- f. A person who makes a FOIA request for which a deposit is required may withdraw that FOIA request without charge instead of paying the required deposit. Failure to pay the deposit will be deemed a withdrawal of the FOIA request.
- g. The University will treat multiple concurrent FOIA requests on the same topic(s) and/or regarding the same record keeper(s) and from the same person as one FOIA request for purposes of determining whether the fee is below \$50.00.
- h. Where a requester who has not paid the final fee for the processing of an earlier request files a new FOIA request, the University may require a deposit of all (100%) of the estimated fees for processing the subsequent request prior to processing the subsequent request.

#### **4. Calculation and Payment of Fees**

- a. Fees are calculated by adding together the following costs:
  - i. The labor costs for searching for, locating, and examining responsive records
  - ii. The labor costs for review, separation, and deletion of exempt information from non-exempt information
  - iii. The cost of non-paper physical media, if used
  - iv. The cost per copy of paper copies, not to exceed \$.05/page for standard 8 ½ x 11 inch paper
  - v. The labor costs directly associated with duplication or publication,

which may include copying to non-paper media

vi. The cost of mailing

b. Final fees for responding to a FOIA request will be billed when the University responds to the FOIA request. A detailed FOIA fee itemization form will be provided by the University with the response. The amount invoiced must be paid within ninety (90) days. The University reserves the right to require payment in full of all fees incurred in processing a FOIA request before delivering the final, responsive documents.

c. The University's decision to deny access to public records sought by a FOIA request because those records are, in whole or in part, exempt from disclosure does not excuse the person who files that FOIA request from payment of fees for the work undertaken by the University in response to that request.

d. The University may waive or reduce the fees it is authorized to charge if it determines that a waiver or reduction of the fee is in the public interest because responding to the FOIA request can be considered as primarily benefiting the general public.

e. Fee reductions or waivers are required in certain instances involving proven indigence or non-profit organizations. The University will apply these reductions or waivers in accordance with the statute.

## **5. Procedures for Challenge and Appeal**

a. If the University denies a request in whole or in part, the requester may:

i. Submit an appeal to the Head of the Public Body, which for the purpose of these Procedures and Guidelines is the Vice President and General Counsel, in writing, via the FOIA Coordinator, using the contact information listed in Item 1, above. The appeal must specifically use the word "appeal" and identify the reason(s) the requester seeks reversal of the denial. The Head of the Public Body must respond to the appeal within ten (10) business days by doing one of the following:

1. Reversing the FOIA Coordinator's decision
2. Upholding the FOIA Coordinator's decision
3. Reversing in part and upholding in part the FOIA Coordinator's decision
4. Issuing a notice of extension for not more than ten (10) additional business days.

ii. Commence a civil action in the Court of Claims within one hundred eighty (180) days after the University's final determination to deny a request.

b. If a requester believes that the University has required payment of a fee that exceeds the amount permitted under these Procedures and Guidelines, they may commence an action in the Court of Claims for a fee reduction within forty five (45) days after receiving the notice of the required fee.

c. If a requester has questions regarding any FOIA response, including estimated fees or actual fees assessed, the requester should not hesitate to contact the FOIA Coordinator by email [foia@gvsu.edu](mailto:foia@gvsu.edu) or telephone 616-331-2067.

## FOOTNOTES

(1) M.C.L.A. 15.231.

(2) Verbal requests for information are not FOIA requests for purposes of these Procedures and Guidelines. If a verbal request for information is received by a University employee who knows that the information is available on the University's website, the employee, where practicable, will inform the requester about the University's website address

(3) The University has determined, consistent with FOIA, that failure to charge fees in situations where the fees would be equal to or greater than \$50.00 would result in unreasonably high costs to the University.

(4) A copy of the standard form that the University uses for fee itemization, with additional explanatory information, is attached to these Procedures and Guidelines.

(5) Labor costs will be estimated and charged in increments of 15 minutes or more, with all partial time increments rounded down. The labor is charged at the hourly rate of the lowest paid University employee capable of doing the work, plus fringe benefits, if applicable. If it is not possible for the work to be done by a University employee, the University will contract the work out and charge per the provisions of the statute.

## POLICY STATEMENT

Pursuant to Article VIII of the Michigan Constitution of 1963, Grand Valley State University (“the University”) has the responsibility to serve as a public institution of higher education. To carry out this Constitutional mandate, the University owns and/or controls property and facilities. The University has established the following grounds and facility use policy to ensure the University’s educational mission is actualized, while allowing for the exchange of ideas, protecting University property, prohibiting a [hostile environment](#), and ensuring that the University’s operations are not materially or substantially disrupted.

This policy applies to all buildings, grounds, and other spaces owned or controlled by the University.

University property is primarily dedicated to academic, student life and administrative functions. To prevent these University functions from being interrupted, GVSU must regulate use of certain facilities and locations. These facilities and locations are sometimes referred to as forum. ([Forum Identification Chart](#)) These are venues for Expressive Activity, including speeches, demonstrations, and the distribution of literature, as provided by this policy. Different forums have different uses, which are explained here, and in the linked definitions in Appendix A.

The inside and immediate outside (within 50ft) of buildings dedicated to research, academics, health, and/or operations/administration, as well as parking areas (which are designed for the flow of traffic), are [nonpublic forums](#), where viewpoint neutral restrictions apply. However, many areas of campus represent a [public forum or limited public forum](#) that the University has specifically designated for Expressive Activities. The Mt. Vernon Pedestrian Mall on GVSU’s Pew Campus, the Cook Carillon Tower and Transformational Link on GVSU’s Allendale campus, and the perimeter sidewalks of both campuses as well as on the Health Campus are [open public forums](#). For students, registered student organizations, faculty and staff, the remaining areas on campus (those not designated as nonpublic or public forums) are limited public forums.

Expressive Activity comprised of [unprotected speech](#) may be prohibited.

As to all other speech, the University shall not consider the viewpoint of the Expressive Activity or the possible reaction to the viewpoint of that Expressive Activity in applying this policy. However, the University may restrict or compel speech where it has a [compelling interest](#). In the event the Expressive Activity creates a hostile environment for other members

of the GVSU community, violates or hinders the rights of others within the campus community, results in a concern for public safety, or materially and substantially disrupts the University's operations, the University (including representatives from the Department of Public Safety) shall take all necessary steps to resume normal campus activities and restore the campus climate, while still allowing protected Expressive Activity to continue.

For purposes of this policy, the term "Expressive Activity" includes the following activities, if the main purpose of the activity is the expression or exchange of ideas:

1. Meetings and other group activities;
2. Speeches, performances, demonstrations, rallies, vigils, and other events;
3. Distribution of literature, such as leaflets and pamphlets;
4. Wearing, carrying, or otherwise publicly displaying words, images or symbols; and
5. Any other expression protected by the First Amendment to the U.S. Constitution.

Although the University does not prevent, discourage, or punish protected speech, the University's allowance of protected Expressive Activity must not be construed as an adoption or endorsement of the viewpoints expressed. The University does not assume any obligation or responsibility for the content of the materials distributed or displayed.

#### **GENERAL RULES REGARDING FACILITY USE**

University facilities are intended for use by University faculty, staff, students, student organizations, guests of the University, and participants in authorized on-campus activities. Amplification that complies with the terms of this policy will generally be granted, unless a prior-reserved event is taking place in close enough proximity that it will be disrupted by the applicant's use of amplification. Check the box for Sound Amplification on the [Request Form](#).
8. The Expressive Activity does not use an amplification device in residential buildings.
9. The Expressive Activity by persons or groups that are not members of the GVSU community will not use amplification devices outside of the hours of 8 a.m. and 5 p.m.

18. Parking lots, ramps, and garages are not designated or suitable for Expressive Activities, and windshield flyers are not permitted.
19. Individuals and/or groups engaging in Expressive Activity agree to pay for any damage they cause to University property.
20. For University employees, in order to be protected, the Expressive Activity must address a matter of public concern and have an interest more compelling than the University's interest.
21. The Expressive Activity does not violate the Michigan Campaign Finance Act.
22. The Expressive Activity does not violate any other University policies, including but not limited to all Housing policies.

Other rules and policies may apply to any person or organizations desiring to sell merchandise or services on campus, including but not limited to the [Commercial Activity Policy \(SLT 10.4.1\)](#). Any person or organization desiring to sell merchandise or services on campus should contact the Event Services Office at 616-331-2350 for information prior to any efforts to engage in such sales on campus grounds.

## **B. Outdoor Locations.**

For outdoor University areas, students, registered student organizations, faculty, and employees may freely engage in spontaneous Expressive Activities provided that such activities are in compliance with all other provisions of this policy, including those provisions pertaining to public, limited public and nonpublic forums, as well as all local, state and federal laws.

Use of tables or other equipment or devices to hold distribution materials is restricted to open public forums.

### **C. Indoor Locations.**

For indoor University facilities and areas, students, registered student organizations, faculty, and University employees may freely engage in spontaneous Expressive Activities, provided that such activities are in compliance with all other provisions of this policy, including those provisions pertaining to public, limited public and nonpublic forums, as well as all local, state and federal laws, and subject to the following conditions:

1. Guests may speak at indoor locations as long as they are invited by a registered student organization or by a faculty or staff member for an official University purpose.  
Non-University affiliated individuals may be requested to show evidence of qualification. Evidence of qualification means a current and valid University identification card, or accompaniment by a University community member that is a representative of the group that issued the invitation.
2. Use of the facility must be in compliance with all directives of the fire marshal for the use of any indoor area.

If non-University affiliated individuals (non-commercial) wish to reserve an [open public forum](#) they shall submit their [application for reservation](#) to Event Services or the appropriate facility manager at least two business days prior to the reservation date. The application will not require viewpoint disclosure.
  - a. Use of the space is free of charge and may be reserved by contacting Event Services at 616-331-2350.
  - b. Any non-University affiliated individuals engaged in expressive activity outside of the 50-foot radius of any of these landmarks, will be asked to move to one of the designated areas.

### **POLICY STATEMENT**

Political activity of faculty and staff members at Grand Valley State University as addressed in the Grand Valley State University Board of Trustees' Policies [BOT 4.1.6.3](#), in pertinent part, states: "The University affirms the rights of its faculty and staff members as citizens to be active in political affairs which do not conflict with the professional standards and ethics in

employment.”

Further, the Board of Trustees address the subject of Academic Freedom of faculty in the Grand Valley State University Board of Trustees' Policies [BOT 4.2.2](#) specifically sections 2 & 3:

*2. Faculty members are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter, which has no relation to their subject. (The words faculty member as used in this document are understood to include the investigator who is attached to an academic institution without teaching duties.)*

*3. University or university faculty members are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and as educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times act in a professional and responsible manner, and should make every effort to indicate that they are not institutional spokespersons.*

In addition to University policy, state law, specifically the Michigan Campaign Finance Act, regulates political activities of public bodies, such as state universities, and its employees.

## PROCEDURES

In light of University Board of Trustees' policies and state law, the following guidelines are intended to help faculty and staff with compliance:

1. Faculty and staff members may engage themselves, as private citizens, in political activities including support or opposition to candidates for office or ballot questions on their own time. If you are working for the University and charging your time to a federal grant, any activity to support a political candidate or ballot question must be conducted on personal time. For questions about federal grants, contact the [Office of Sponsored Programs](#) for more information.
2. University departments or programs may sponsor presentations and discussion groups about an upcoming election provided that the purpose is to provide factual information on a political subject or issue if the communication does not support or oppose a ballot question or candidate by name or clear inference.
3. Classroom discussions of candidates and ballot questions must be related to course content as described in the catalog and course syllabus. A reminder to students to register to vote and to vote is permissible.
4. Faculty and staff members may express their support or opposition to candidates or ballot questions by wearing buttons.

5. Faculty and staff members, as private citizens, may elect to lend their names to support one or more candidates for office or in support of or opposition to a ballot question. However, care must be exercised to assure that the faculty or staff member does not use their University title in relation to such advocacy.
  6. Faculty and staff members shall not use University resources for political activity to support or oppose candidates for office or ballot questions. "University resources" includes, but is not limited to:
    - a. University funds or money administered through a University budget;
    - b. University facilities including office space or meeting rooms (except speech in open forum areas) or use of University office address;
    - c. University equipment including office or cellular telephones, computer hardware or software, printers, copiers and facsimile machines;

## POLICY STATEMENT

Grand Valley State University provides its faculty, staff and students with electronic mail intended for University-related purposes including direct and indirect support of the

University's instructions, research, and service missions; of University administrative functions; of student and campus life activities, and of the free exchange of ideas among members of the University community and between the University community and the wider local, national, and world communities.

The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder's consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional circumstances inspect, monitor, or disclose electronic mail.

## PROCEDURES

### Applicability

This Policy applies to:

- All electronic mail systems and services provided or owned by the University
- All users, holders, and uses of University e-mail services
- All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.

This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:

- Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the [Electronic Communications Privacy Act](#) and the [Computer Fraud and Abuse Act](#), which prohibit unauthorized use or entry into another's account; the University's [Student Code](#); the University's Anti-Harassment policy; and all applicable software licenses.
- Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of

those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.

- Act within the normal standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations and law.
- Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.
- Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth limit or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.
- Inspection, monitoring or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

## **Specific Provisions**

### **A. Users**

Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVSU retains the right to remove email services at any time.

### **B. Account Usage**

GVSU has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual's responsibility to do so.

Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University's computer system without

proper authorization. Any attempt by a user to gain access to another person's network account, private network drive, or restricted areas on the GVSU computer system is prohibited.

University e-mail services shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unwarranted or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) "spam," that is, to exploit listservs or similar broadcast systems for purposes beyond their intended scope to amplify the widespread distribution of unsolicited e-mail; and (3) "letterbomb," that is, to resend the same e-mail repeatedly to one or more recipients to interfere with the recipient's use of e-mail.

### **C. Representation**

Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is: "These statements are my own, not those of the Grand Valley State University."

### **Policy Violations**

Violations of University policies governing the use of University electronic mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under other University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A. for detail on additional polices and guidelines.

### **Security and Privacy**

The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their

users' accounts. Users should be aware, however, that the University couldn't guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSU is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their uses of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when

- a. The user has voluntarily made them accessible to the public
- b. It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
- c. There is reasonable cause to believe that the user has violated, or is violating, this Policy
- d. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns
- e. It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

## **Posting and Authority to Change**

Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel.

## EMAIL SIGNATURE BLOCK POLICY

**Date of Last Update:**

August 08, 2020

**Approved By:**

- Senior Leadership Team

**Responsible Office:**

Office of General Counsel

**POLICY STATEMENT**

All faculty/staff communications from University email accounts should reflect the University's brand. To keep our brand identity strong and consistent, and to enhance credibility for our faculty and staff who communicate via email, all emails created by University employees and delivered via the University's email system should feature email signature blocks consistent with this policy.

An email signature block is text and other University information appended to the end of an email in order to identify the sender and facilitate further contact. Official University email signature blocks establish credibility for our faculty and staff by clearly identifying them and their roles at the University. The official signature block provides contact information for the employee and points email recipients to the University website, a key source of information about the University.

All emails using a University account should have signature blocks consistent with the University brand. The following items are permissible but not required:

- Employee's name
- Employee's official University title(s)
- Employee's department or office name
- Gender pronouns
- Grand Valley State University
- University's website address, [www.gvsu.edu](http://www.gvsu.edu)
- Department or Program website
- University or departmental trademarks or logos
- the University's general address or employee's University address

- Employee's department and/or office telephone number, and fax number
- Employee's mobile phone number
- Employee's campus email address
- Social media account addresses used solely for advancing scholarly or professional pursuits
- Other University related information may be added such as departmental mission statement, and a link to University created social media account(s)
- A confidentiality statement is permitted for use below the email signature on all outgoing emails, such as:

The content of this email is confidential and intended only for the recipient(s) specified. If you received this message by mistake, please reply so the sender can correct the error, and then delete this email immediately. Do NOT forward it to a third party without the written consent of the sender.

Employees may not add to their official email signature block any personal information, including links to personal websites or social media accounts that are not used solely for scholarly or professional pursuits related to their position at the University. Except for messages of and concerning the University no mottos, symbols, quotations, taglines or other statements may be added to the email signature block, as these may be misunderstood as representing the University's official positions, values or views.

All faculty and staff shall comply with this policy by creating an approved email signature block and using it consistently when communicating via their University email accounts. Should there be noncompliance to this policy, the individual's supervisor and/or vice president will enforce compliance through appropriate means.

**Responsible Office:**

## POLICY STATEMENT

When a device or account connected to the GVSU campus network is compromised by a virus or malicious software, the network is at great risk of harm due to potential damage of university data or disclosure of sensitive information. To preserve the health of the network and the devices connected to it, the infected device must IMMEDIATELY be disconnected and removed or the account blocked from the campus network until Information Technology personnel verify it is no longer compromised. Despite the disruption this may cause to the individual user, the user is required to produce any infected device to Information Technology immediately upon request in order to prevent information disclosure, data file destruction, or exploitation of the compromised account.

Information Technology personnel shall provide their identification and authorization to the device user that authorizes them to remove the afflicted device prior to its removal. For additional verification, you may call the IT Service Desk at 331-2101 and ask for a Level 2 staff member to verify the authorization to pick up a computer. To minimize interruption, Information Technology will take reasonable steps to provide a substitute device for use on the campus network while the user awaits repair of the original device. To report that a device might be infected, contact Information Technology immediately at 331-2101.

## SOFTWARE SUPPORT POLICY

SLT 11.12

**Date of Last Update:**

April 19, 2015

**Approved By:**

- Senior Leadership Team

**Responsible Office:**

Information Technology

### POLICY STATEMENT

Information Technology is responsible for providing software support to the campus community. IT resources are finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.

### PROCEDURES

The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Standard software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.

### POLICY

The purpose of this policy is to establish standards, guidelines, and procedures for the purchase and/or lease of all information technology hardware, software, and computer-related components, as well as the contracting for all technical services. This policy will ensure that all Grand Valley State University purchases and leases align with strategic priorities; existing technical infrastructure, assets, and standards; information security guidelines; legal and regulatory compliance; optimal use of institutional funds and resources; and must still comply with general university procurement procedures and policies.

This policy applies to all who access the institution's information technology resources and services, including administrators, faculty, employees, students, contractors, and vendors. This policy covers all information technology hardware, software, and computer-related components purchased and/or leased with Grand Valley State University funds. Specifically, this policy includes, but is not limited to, the following Grand Valley State University technology resources:

- Endpoint hardware such as desktops, laptops, tablets, printers, and mobile devices.
- Devices connected to GVSU's network infrastructure, wired or wireless.

- Enterprise audio-visual equipment for offices, classrooms, and/or conference rooms.
- Applications or endpoints intended for use in labs and/or classrooms.
- Enterprise infrastructure including servers, switches, research machines, and storage devices.
- Software, services, and applications including those provided by an external party.
- Systems/services that consume, create, or update University data including those that allow access using University accounts.

This policy extends to technical services, such as off-site disaster recovery solutions and Internet Service Providers (ISPs), as well as professional services, such as consultants and legal professionals hired through the Information Technology Division. These include, but are not limited to, the following:

- Professionals or firms contracted for IT services
- Technical training services
- Co-location services
- Disaster recovery services
- Data network services

All hardware, software, or components purchased and/or leased with Grand Valley State University funds are the property of Grand Valley State University. This includes items purchased through grants and professional development funds.

## **POLICY STATEMENT**

1. The Information Technology Division is responsible for acquiring and/or approving all hardware and software products purchased and/or leased with university funds. Through normal operational means, the Information Technology Division replaces certain hardware on a regular basis and maintains a software library containing products that meet most needs. The purpose of this policy is to define the process by which additional hardware and software products are reviewed, purchased/leased, and maintained, with respect to data security, operational integrity, and long-term sustainability. The Information Technology Division will neither install nor support hardware or software that has not been approved in advance of purchase and/or lease. The Information Technology Division can assist in determining if the University already owns hardware and software that meets departmental needs.
2. All technology purchases and/or leases that either A) exceed \$500 per unit or \$1000 total or B) include computers, laptops, network-connected devices, local or cloud-based storage, tablets, peripherals, phones, printers, copiers, software that

consumes/transmits/stores GVSU data, or service contracts must first be submitted to the Information Technology Division\*. In addition to IT approval, funding must also be approved by a department head (or designee) prior to procurement.

\* IT review will begin within two business days. All technology acquisitions must be completed through standard purchasing and procurement processes; personally funded technology purchases for Grand Valley State University business needs may not be reimbursed.

3. A standard items list will be maintained containing Grand Valley State University's pre-approved technology devices, applications, services, and products. Standard items have been proven to be supportable by the Information Technology Division, compatible with university-supported systems, and cost-effective. Selected vendors have been vetted for optimal pricing and support. Departments should use this list as a source for products and services. Suggested vendors can be evaluated.
4. A requested item already in inventory, will be made available to the requestor. Requests for standard items not in inventory will be processed according to this policy statement and in alignment with standard purchasing procedures.
5. If approved, a formal selection process will be initiated that will involve a thorough vendor sourcing, per the University's Procurement Policy.
  - The selection process may vary depending on the type, cost, and other purchase significance factors.
