Affiliate Faculty member, an individual is eligible to apply to be appointed to Senior Affiliate Faculty subject to the conditions and process as established by the Provost and not inconsistent with Sections [4.3.0](#) and [4.3.3](#). This opportunity exists for Affiliate Faculty within each category of Section [4.3.0.B](#). **E. Senior Adjunct Instructor:** Adjunct Instructors who have taught for the University for a minimum of a five-year, continuous time span including within that time at least eight semesters of teaching and there is a continuing need, are eligible for appointment as Senior Adjunct Instructor. Senior Adjunct Instructors may be appointed to one-year contracts when a unit head determines there is a sufficient demand for the courses offered.

**F. Adjunct Librarian:** Adjunct Librarians are appointed to work for a limited amount of time on special projects or limited professional effectiveness portfolios, augmenting the work of a regular library faculty or to fill in for regular library faculty.

Please refer to the [holidays table](#).

Two (2) floating holidays scheduled during the Winter break; plus up to two (2) additional floating holidays scheduled during the Christmas - New Year's break (Winter break), if the university is officially closed. A full time Affiliate Faculty is not eligible for holiday pay if the holiday occurs during an unpaid leave of absence, or if the holiday falls during a suspension without pay, or if the holiday occurs during a time when they are not on pay status, such as during the summer.

3. **Salary Continuation.** Affiliate Faculty are eligible to participate in the University's salary continuation program. The program is designed to provide salary protection in the event of personal circumstances, which do not allow an Affiliate Faculty member to continue work. This program is intended only as a form of insurance and is

subject to careful scrutiny of each appointing officer. The appointing officer may require proof that any absence at any time is appropriate. Salary continuation may be approved only for the following reasons:

- a. Affiliate Faculty member's childbirth, illness, injury, hospitalization, and appointments pertaining to health. In cases of injury compensable under workers' compensation or no fault auto insurance, salary continuation may be used to the extent that payments fail to equal the Affiliate Faculty member's regular base earnings.
- b. Affiliate Faculty member's child, stepchild, foster child, spouse, parent, or household member's injury, hospitalization, and appointments pertaining to health (limited to a reasonable amount).
- c. The death of an Affiliate Faculty member's child, stepchild, foster child, spouse, brother, brother-in-law, sister, sister-in-law, parent, parent-in-law, grandparent, grandparent-in-law, or household member.
- d. Attendance at a funeral other than above (maximum one day).
- e. Inclement weather causing unusually hazardous conditions, which necessitates the closing of the university.

All Affiliate Faculty will be allowed compensation at their regular base rate of pay for an absence that falls under 3.a above for an entire absence period not to exceed six months from the date of illness, injury, or hospitalization.

4. **Leaves of Absence with Partial Pay.**

- a. **Jury Duty.** An Affiliate Faculty member who loses time from their assigned responsibilities because of jury duty will receive the difference between their pay for jury duty and their regular base pay if such a service occurs at a time when the Affiliate Faculty member is on pay status.
- b. **Military Duty.** An Affiliate Faculty member who loses time from their assigned responsibilities because of military training as a reservist or National Guard or due to a civil disturbance, not exceeding four weeks per year, will receive the difference between their military base pay and their regular pay if such service occurs while the Affiliate Faculty member is on pay status.

5. **Leaves of Absence without Pay from the University.** An Affiliate Faculty member may request a leave of absence without pay for educational, medical, or personal reasons for a period of one to twelve months provided that such leave does not

extend beyond the current contract term. Such request is subject to the approval of the appointing officer. Any accrued benefits will be protected during the leave although additional benefits will not accrue. The Affiliate Faculty member may continue existing group benefits with the appropriate University's contribution. Contribution to the retirement plan will not accrue during the leave period. In case of medical leave, the University may require a physician's statement concerning the Affiliate Faculty member's ability to perform their assigned responsibilities either before departure or just prior to returning to active employment.

Absences without pay for a period of less than one month will be considered as lost time and are subject to the approval of the appointing officer.

6. **Life and Medical Insurance.** The University will provide life insurance coverage for all Affiliate Faculty appointed one-half time or more, medical insurance coverage for Affiliate Faculty appointed three-quarter time or more, and medical insurance coverage for Affiliate Faculty hired prior to July 15, 2016 appointed one-half time or more, and their dependents and household members (as defined by plan documents) to the extent of the group insurance policies in effect provided the Affiliate Faculty member's appropriate payments are maintained. The schedule of benefits provided and their cost are described in the materials available through the Human Resources Office.

7. **Dental Insurance.** The University will provide coverage for all Affiliate Faculty appointed one-half time or more and their dependents and household members provided the appropriate payments are maintained. The schedule of benefits provided and their cost are described in materials available through the Human Resources Office.

8. **Group Disability.** Full time Affiliate Faculty appointed under a three-year employment contract will be eligible to participate in the University's disability plan, subject to the provisions of the master contract. Plan information is available in the Human Resources Office.

9. **Retirement Plan Contributions.** Affiliate Faculty will be eligible to participate in the University's retirement plan for regular Faculty. Plan information is available in the Human Resources Office.

10. **Supplemental Retirement Accounts.** Affiliate Faculty may elect to have the University provide payment for tax deferred saving plans which qualify for IRS Code Section 403(b) and beginning July 1, 2002 section 457(b) status through companies approved by the University. Affiliate Faculty can defer in such amounts as permitted by the IRS Code Section 403(b) and 457(b). The election of such a benefit in no way affects the Affiliate Faculty member's mandatory participation in the University's retirement

program. The university retains the right to modify or terminate this optional deferral program upon reasonable notice to the participating Affiliate Faculty. Plan information is available in the Human Resources Office.

#### 11. **Tuition Reduction**

a. **Academic Participation for Faculty, Staff, Retirees.** Affiliate Faculty may, with the approval of their supervisor, enroll in Grand Valley State University courses tuition free. Plan information is available in the Human Resources Office.

b. **Reduced Tuition for Spouses, Eligible Dependents and Household Members of Faculty, Staff, and Retirees.** The spouse, eligible dependents, and household members of Affiliate Faculty and retirees are eligible for a 50 percent reduction of their tuition costs for all Grand Valley State University courses. Spouses, eligible dependents, and household members who use this benefit are subject to the admission and academic requirements of the University. Plan information is available in the Human Resources Office.

12. **Flexible Spending Accounts.** Affiliate Faculty may elect once a year to participate in the Flexible Spending Accounts pursuant to the plan established under IRS Code Section 125. The University retains the right to modify or terminate this program upon reasonable notice to staff. Plan information is available in the Human Resources Office.

13. **Maternity and Other Temporary Medical Leave Policies.** [Section 4.3.3.3](#) provides for Salary Continuation for Affiliate Faculty subject to the terms of that section. The Maternity and Other Temporary Medical Leave Policies are intended to supplement and not substitute for Salary Continuation. This section applies only to Affiliate Faculty members with a three-year contract.

##### a. **Maternity Leave Policy**

Under the Pregnancy Discrimination Act (PDA), a pregnancy will be treated the same as any other "disability." The standard medical disability leave for childbirth is six weeks for a regular birth and eight weeks for a Caesarean. Depending on the timing of the standard medical disability leave, this Affiliate Faculty absence can cause significant interruption in students' learning. Therefore, to ensure continuity in students' learning, an Affiliate Faculty member will, with full pay, be released from responsibilities for student learning, except when, for example, the birth date occurs in the late spring or early summer, in which case, no release time may be needed for Affiliate Faculty on an academic-year appointment. A release from

"responsibilities for student learning" means a release from teaching as a principal instructor of a regularly scheduled, semester-long course.

A written maternity leave plan signed by the Affiliate Faculty member, the unit head, and the dean should be submitted to the Human Resources Office prior to the beginning of the Affiliate Faculty member's absence. This plan should note the disability leave dates, whether additional paid maternity release is being granted under the above policy, and if so, describe what duties will be resumed and what other assigned responsibilities will be completed after the standard medical disability leave is expired. Finally, the anticipated date of complete return should be included in the plan. The plan can be amended if unanticipated medical issues occur.

Additional information about the Maternity Leave Policy and possible leave arrangements can be found on the Human Resources website.

b. **Other Temporary Medical Leave Policy**

Temporary disability leaves due to illness, surgery or recovery from injury of an Affiliate Faculty member can also cause disruptions to student learning, depending on the length and timing of the temporary disability leave. If a temporary disability leave will exceed six weeks, an Affiliate Faculty member will, with full pay, be released from responsibilities for student learning except when, for example, the temporary disability occurs in the late spring or early summer, in which case no release time may be needed for Affiliate Faculty on an academic-year appointment. A release from "responsibilities for student learning" means a release from teaching as a principal instructor of a regularly scheduled, semester-long course.

A written medical leave plan signed by the Affiliate Faculty member, the unit head, and the dean must be submitted to the Human Resources Office prior to the beginning of the Affiliate Faculty member's absence. This plan should note the medical leave dates, whether additional paid release is being granted under the above policy, and if so, describe what duties will be resumed and what other assigned responsibilities will be completed after the standard medical leave is expired. Finally, the anticipated date of complete return should be included in the plan. The plan can be amended if unanticipated medical issues occur. If the medical leave is an emergency, a plan should be submitted when there is enough information to do so.

## ACCREDITATION

SG 2.08

### **Date of Last Update:**

January 09, 2020

### **Approved By:**

- University Academic Senate / Provost

### **Responsible Office:**

Provost Office

## **POLICY STATEMENT**

The decision to seek accreditation for a unit or program represents an investment and a commitment on the part of Grand Valley. The process of acquiring accreditation should be the result of a thoughtful, comprehensive analysis of both the benefits and the costs which result for the unit and the University community.

As part of the process for seeking the Grand Valley Administration's approval to initiate the accreditation process, units need to make the case for accreditation to faculty governance. Both curricular and budgetary consequences of accreditation must be reviewed by the appropriate governance committees and recommendations forwarded to the Associate Vice-President for Academic Affairs responsible for accreditation issues before a formal decision to pursue accreditation can be made.

## **PROCEDURES**

1. The unit seeking permission to pursue accreditation of the unit or of a program within that unit will make its case first to the College Curriculum Committee [CCC] of the College in which the unit is housed. Upon completing its review of the proposal, the CCC will forward its recommendation to ECS. ECS will refer the proposal to UCC and to FSBC for their recommendations. Upon receipt of the recommendations of UCC and FSBC, ECS will review the proposal for accreditation and forward a recommendation to the Associate Vice-President for Academic Affairs responsible for accreditation issues. The Provost will notify ECS of the Administration's decision regarding approval of the proposal to seek accreditation. An adverse recommendation at any level of governance will not terminate the process of discussion.
2. The unit's proposal to seek accreditation shall include a thorough assessment of the unit's current degree of compliance with accreditation guidelines. This assessment should be detailed and specific, and it should indicate any anticipated changes required in order to achieve accreditation. This discussion should include, but is not limited to, changes in program objectives, courses, requirements, physical space and/or facilities, faculty resources, and University Libraries or other resources.
3. A copy of the current accrediting agency guidelines shall be attached to the proposal.
4. The proposal will include a candid and specific discussion of the anticipated short term and long-term (5-year) benefits and costs associated with accreditation. This discussion should speak to the following: students, graduates, the unit, the College, and the University.
5. The proposal will include a specific discussion addressing how the unit believes that

accreditation will enhance and facilitate the unit's ability to function within the Grand Valley role and mission statement.

6. The proposal will include an analysis of sources of financial support, and of the anticipated budgetary costs and benefits. This discussion will include a projected budget and be directed toward both the short term and long-term (5 years) impact. The budget should contain numbers which indicate costs for administrative, faculty, and support personnel, and any equipment or operating costs. Monetary support could include such items as any start-up or long-term grants, increased tuition and fee revenue based on anticipated number of students, and requested University funding. Whether internal funding will come from the present unit budget, the College budget, or the University should be specified.

Units which have achieved accreditation do not need to make the case for renewal of accreditation. Implicit in the unit's decision to pursue renewal is the presumption that accreditation has been beneficial. At the renewal stage, however, the unit shall forward a brief statement to ECS/FSBC/UCC assessing the effects of accreditation during the foregoing period, and apprising ECS/FSBC/UCC of any changes in accreditation requirements or standards which may have been made since the previous review. This statement will include a projected budget for the next five years. Faculty governance will review this statement and will forward a recommendation to the Provost.

#### F. Service-

#### G. Area of Significant Focus-

#### H. Mentoring Programs for New Faculty-

### **POLICY STATEMENT**

The role of a faculty member involves an interlocking set of responsibilities to students, to colleagues in both the institution and the wider profession, to the institution itself and its surrounding community, to the advancement of knowledge and understanding in the faculty member's field, and to the ideals of free inquiry and expression. Normally, these are articulated as the areas of teaching (Regular Faculty) or professional effectiveness (Library Regular Faculty), scholarship and creative activity, and service, as outlined in the Board of Trustees' Policies [BOT 4.2.9](#).

Each unit shall establish expectations, in writing for all its faculty, in the areas of teaching (for Regular Faculty) or professional effectiveness (for Library Regular Faculty), scholarship and creative activity, and service based on disciplinary standards and best practices and unit, college and university goals and work. Teaching (for Regular Faculty) or professional effectiveness for (Library Regular Faculty), scholarship/creative activity, and service are included in each faculty member's workload. For both Regular Faculty and Library Regular Faculty, these unit expectations will be approved by the process described in Board of Trustees' Policies BOT 4.2.9.

Ordinarily, regular faculty members may not be hired to work 100% remote. However, provisions may be made consistent with university employment policies. This does not preclude faculty from pursuing temporary, flexible work arrangements for specific needs.

#### **A. Teaching and Professional Responsibility**

##### **Regular Faculty**

The primary responsibility of faculty is effective teaching [as described in the Board of Trustees' Policies [BOT 4.2.9](#)]. Effective teaching must be documented by: a) self-evaluation, b) peer evaluation, and c) student evaluations. Evidence of effective teaching is a significant factor in contract renewal, tenure, promotion, and salary increment decisions. Units should periodically review and clarify course expectations of students. Appropriate course expectations, pedagogies, and assessment vary, depending on the discipline, course level and

class size.

A regular faculty member whose appointment is at least half-time but less than full-time shall be considered "part-time" when referred to in the *Faculty Handbook*. Part-time regular faculty are expected to complete the same kind of work as full-time regular faculty, but in proportion with their appointment. Relevant items such as workload and significant focus expectations, sabbatical eligibility, promotion eligibility, and performance evaluation procedures shall be stated in writing from the Dean. These terms may be modified from time to time as circumstances change. [See also Board of Trustees' Policies BOT 4.2.4.](#)

### **Library Regular Faculty**

The primary responsibility of Library Regular Faculty is professional effectiveness [as described in the Board of Trustees' Policies [BOT 4.2.9.](#)]. Evidence of professional effectiveness is a significant factor in contract renewal, tenure, promotion, and salary increment decisions. Evaluation of professional effectiveness will be on the basis of the judgment of colleagues and/or those who are instructed or served.

### **B. Teaching and Professional Workload**

#### **Regular Faculty: Workload**

Normally, within a full-time load, the expectation for teaching shall be 18 credits per academic year. Evidence of effective teaching is significant in decisions on tenure, promotion, and salary increments. Each unit, with the approval of its dean, shall determine the number of courses that are required when any or all of the courses are other than three credits. Each unit, with the approval of its dean, shall also determine equivalencies of studios, labs, rehearsals, team-teaching, distance education, supervision of theses or student research, clinical or internship supervision, independent study or reading courses, teaching extraordinarily large classes, and other such formal teaching activities. Normally, no more than three different course preparations will be required of any faculty member in any semester.

#### **Library Regular Faculty: Workload**

The expectations for Library Regular Faculty are particular to each position, detailed in position description documents approved by the dean. Normally, within a full-time load, professional work assignments combine with scholarly/creative activities and service in 12-month appointments to equal full-time appointment.

### **C. Definition of Effective Teaching and [Documentation of Effective Teaching](#)**

Effective teaching at GVSU consists of creating and maintaining an environment that promotes learning. *This language is consistent with [Board of Trustees Policies BOT 4.2.9.](#)*

Effective teachers:

**1. Demonstrate disciplinary expertise appropriate to the level and purposes of the course.** Effective teachers must possess disciplinary expertise. The content chosen should fit with course learning goals, have importance in the discipline, be based on scholarship, and reflect current practices and information in the discipline.

**2. Teach skills that will prepare students to deal with complexity, diversity, and change.**

Effective teachers help students become independent thinkers open to diverse perspectives while being able to ask questions, critically evaluate information and claims, generate solutions to problems, and effectively communicate with others.

**3. Teach content in a coherent, organized manner to aid student learning.**

Effective teachers help students frame their course experience by organizing content and activities to create a purposeful learning structure. When a course is taught using an intentional and definable approach, students are able to learn and retain material, synthesize ideas, and improve academic achievement.

**4. Cultivate a learning environment where all students are treated equitably, have equal access to learning, and are valued and supported in their learning.**

Effective teachers are responsive to social justice issues in teaching and learning. There are many ways to help all students learn, including learning students' names, structuring meaningful peer learning opportunities, choosing examples from a broad range of cultural domains to illustrate course concepts, identifying effective study strategies for exams, effectively managing course discourse, providing grading rubrics that outline clear criteria for success on writing assignments, identifying learning objectives for class activities, explaining how students should communicate with you, being available to students, and making clear how student work will be assessed in every dimension of the course, including participation.

**5. Establish and communicate challenging learning goals and high expectations.**

Instructor expectations have a direct effect on upon student achievement. Effective teachers believe in students' abilities, expect students to perform at their full potential, and help them achieve course learning goals.

**6. Assess student performance in an appropriate and sufficient manner.**

Effective teachers assess student performance in the areas of both knowledge and skills. They use assessment measures appropriate to the course level, size, discipline, and learning goals.

**7. Competently use teaching pedagogies to help improve student performance by actively engaging students in their learning.**

Research finds strong relationships between student engagement and student achievement. Effective teachers use evidence-based techniques that will actively involve students in the learning experience.

**8. Refine courses using feedback and reflection.**

Effective teachers regularly think about how they teach, learn from their experiences, and work to improve their instruction. They develop their skills to better serve students.

**D. Definition of Excellent Teaching**

For promotion to full professor, a faculty member must consistently demonstrate at least effective teaching on annual reviews. In addition, the faculty member must have engaged in several meritorious activities and accomplishments that extended beyond normal teaching duties and performance during the previous six (6) years. A college or unit can be more specific about how much or what type of activity it requires. See also [BOT 4.2.10.5](#) and SG 3.01.E.5.III.

[A list of NON-EXHAUSTIVE examples can be found on the Office of the Provost website.](#)

**E. Scholarly/Creative Activity**

**All Faculty**

1. Within their areas(s) of expertise, all full-time ranked faculty members [[as described in the Board of Trustees' Policies BOT 4.2.9.](#)], including Library Regular Faculty [[as described in the Board of Trustees' Policies BOT 4.2.9.](#)] are responsible for effective scholarly or creative activity. The university expects all faculty members to be active scholars or artists who contribute to the development and application of knowledge and create a dynamic environment for learning. The university expects a faculty member to establish a record of scholarly or creative endeavor that is meaningful within the scholar's discipline.
2. Grand Valley State University accepts and employs the typology of scholarly activity that was first conceptualized by Boyer (1990). As such, scholarship may originate in any one of the four ways described below. These four forms of scholarship and creative activity shall be recognized by all units as equally valid forms of scholarship in decisions on tenure, promotion and salary increments.

**I. Scholarship of Discovery**

In discovery, the scholar develops new knowledge or products to answer a question that is

theoretically based and then communicates the results. Viewed by the academic community as traditional research, the scholarship of discovery is the pursuit of truth and knowledge for its own sake within a specialized academic area. The scholarship of discovery contributes to the stock of human knowledge and the intellectual environment of the university.

## II. Scholarship of Integration

The scholarship of integration combines knowledge across disciplines and communicates the results. Integration extends research and expands meaning by making connections across disciplines, bringing the focus of inquiry to bear on the broader context and deeper relationships that link and synthesize specialized knowledge into more inclusive patterns.

## III. Scholarship of Application

The scholarship of application serves the interests of the larger community by applying existing knowledge to societal and professional problems directly tied to one's area of expertise (sharing one's expertise). Theory and practice vitally interact, and one renews the other. The scholarship of application differs from the focus on research and synthesis is crucial to the first two forms of scholarship. Here the scholar uses knowledge to solve specific problems.

## IV. Scholarship of Teaching

The scholarship of teaching focuses on the study and improvement of teaching and learning. It involves systematically investigating teaching and assessment practice and/or students' learning to develop, transform, and extend teaching activities and other aspects of pedagogy for other professionals to build upon.

3. The goal of scholarly activity is a creative, intellectual contribution to knowledge that is validated by peers and shared with others: in addition to this result, Grand Valley State University also recognizes additional forms of scholarship. All scholarly/creative work must be appropriately documented so that colleagues are able to evaluate its quality and significance.

Grand Valley State University uses the following three categories to describe scholarship/creative activities:

### I. Advancement of Knowledge/Creative Expression:

Scholarly and creative work in this form advances knowledge or creative expression in the field through two characteristics: (1) the product is in a publicly accessible format and is disseminated outside of GVSU, (2) the product utilizes a process to judge the quality and value of the contribution to the discipline; this is generally through the use of peer review, but some disciplines may use other appropriate processes.

## II. Scholarly Engagement

Scholarly engagement demonstrates an active scholarly/creative activity agenda through the use of existing disciplinary knowledge to produce a product that is disseminated to peers, users, or decision makers. These products typically utilize less stringent public/private validation or judgment of work. Some of them will later become Advancement of Knowledge/Creative Expression (e.g., conference presentation that is later published as a peer-reviewed article). In addition, documented scholarly/creative work-in-progress fits into this category.

## III. Professional Development

Scholarly and creative work of the professional development type are those scholarly and creative activities undertaken by educators to improve their disciplinary knowledge, competence, or skills.

4. Examples of scholarly/creative work in each category include, but are not limited to the following [examples of faculty responsibilities in the area of scholarly/creative activity](#). Colleges and units can add items as long as they adhere to the category definitions. Teaching and services activities should not be listed as examples of scholarly/creative activities. A faculty member who feels a specific scholarly undertaking should be part of a different category can appeal to the Dean of the college/library. If a unit's faculty believe that a specific scholarly activity should be permanently part of a different category they can seek approval from the University Personnel Review Committee.

## 5. Standards for Tenure, Promotion, and Annual Review

Grand Valley State University recognizes disciplinary differences; there are, however, minimum university-wide standards for major personnel decisions. A unit is free to establish more stringent standards.

### I. Contract Renewal

To receive contract renewal, a candidate must have articulated a coherent scholarly/creative activity agenda and demonstrated progress towards tenure.

### II. Tenure and Promotion to Associate Professor/Associate Librarian

To achieve tenure or promotion, a candidate must have two contributions from the Advancement of Knowledge/Creative Expression category OR one contribution from the Advancement of Knowledge/Creative Expression category and three contributions from the Scholarly Engagement category.

### III. Promotion to Full Professor/Senior Librarian

To be promoted to full professor/senior librarian, a candidate must meet specific unit standards. Unit standards will address work done in the six (6) years prior to the submission of the portfolio on the first day of classes of the fall semester, and the standards must be more rigorous than those required for tenure and promotion to associate professor/associate librarian. See also [BOT 4.2.10.5](#) and [BOT 4.2.8.4](#).

#### IV. Annual Reviews

Ongoing scholarly/creative activity includes professional development and scholarly engagement; these constitute the minimum foundation of scholarly endeavor and are expected components of everyone's annual workload. Each unit will specify what form of scholarship/creative activity it expects on a yearly, ongoing basis.

### **F. Service**

#### **All Faculty**

Shared university governance, contributions to GVSU communities, and the development of disciplines and professions all depend on meaningful service from faculty members. In addition to teaching and scholarly/creative activities within a normal full-time load, all Regular Faculty [as described in the Board of Trustees' Policies [BOT 4.2.9](#)], including Library Regular Faculty [as described in the Board of Trustees' Policies [BOT 4.2.9](#)], are expected to engage in service as specified by the unit standards.

Faculty members are expected to undertake increasingly responsible service work over the course of their university careers. It is also expected that untenured faculty members will concentrate on developing competence in teaching or professional effectiveness and scholarship and that the amount of expected service will be adjusted accordingly. Normally, service is not a compensated activity; exceptions to this must be approved by the Dean of the College.

Evidence of service is significant in decisions on tenure, promotion, and salary increments.

Each unit and the library must establish its own standards and criteria for evaluation [as described in the Board of Trustees' Policies [BOT 4.2.9.1.C](#) and [BOT 4.2.9.2.C](#)]. These standards must discuss both the type and amount of service work expected for various faculty ranks. Both quantity and quality of service work must be part of the evaluation. Normal departmental activities (e.g., attendance at department or college meetings, reviewing sabbatical proposals, commenting on personnel files, etc.) are a basic expectation of all faculty members. These activities are not sufficient to be considered satisfactory performance in the area of service.

A faculty member is not expected or required to perform institutional service work during a

sabbatical. They can, of their own volition, engage in service during the sabbatical period, but such service is discouraged and will not be compensated.

1. [Service to the Institution \(Unit, College, University\)-](#)

GVSU depends on its faculty members for the time, energy, and the leadership that will enable the university to accomplish its mission. It is only through the service activities of faculty that GVSU is able to sustain strong shared governance. In addition to committee work, service to both current and prospective students and to alumni are also valued service activities.

2. [Service to the Discipline and Profession-](#)

As representatives of a particular discipline and members of a scholarly community, GVSU faculty members are responsible for advancing their professions and enhancing the quality of scholarly and professional organizations.

3. [Service to the Community-](#)

Service to the community involves faculty members acting as representatives of the university while using their expertise to contribute to the public's knowledge and welfare.

Community service can sometimes be integrated with scholarship if a community engagement project results in a scholarly outcome.

[Examples of activities in each service category.](#)

## **G. Area of Significant Focus**

### **Regular Faculty**

A significant focus is concentrated activity that will, at its conclusion, produce a meaningful, documented outcome in teaching, scholarship, and/or service. It is undertaken in addition to expectations in those three areas. A significant focus can be a one-semester undertaking, or it can take multiple semesters to complete. Each semester, the significant focus shall require approximately the same amount of time as teaching a 3-credit hour or standard course. It shall not have been counted as part of the expected teaching load or have been compensated externally or additionally; exceptions to the compensation exclusion must be approved by the dean of the college. Faculty members should confirm that their choice of significant focus of activity is consistent with their unit's and college's expectations for tenure and promotion.

In their annual Faculty Workload Plan ([see Shared Governance SG 3.02](#)), every regular faculty member shall propose a significant focus. The significant focus will be reviewed and approved by the unit head and dean. In the annual Faculty Workload Report, every faculty member shall describe the progress that was made in the proposed area of significant focus.

A significant focus differs from reassigned time. See [Shared Governance SG 3.03](#) for an explanation of reassigned time.

### **Library Regular Faculty**

Library Regular Faculty may optionally negotiate a temporary adjustment to their normally assigned expectations established by the unit in the areas of professional effectiveness, scholarship/creative activity and service in a given year to take on a proposed area of significant focus. This significant focus will be reviewed and approved by the dean. Faculty members anticipating review for personnel action, and especially action for tenure and promotion will want to ensure that their significant focus of activity is consistent with their unit's and college's expectations for tenure and promotion.

### **H. Mentoring Programs for New Faculty**

Grand Valley State University recognizes the value of mentoring for all faculty members and especially for new faculty. The University provides new faculty with a collaborative first-year University-Wide Mentoring Program that is designed to support them as they begin to adjust to faculty responsibilities and engage as teachers, scholars, and citizens of the university and greater community. Colleges and/or units provide additional discipline-specific and unit/college-specific mentoring.

#### **University Mentoring Program**

University and unit/college mentoring programs accomplish different outcomes. University-wide mentoring is conducted in communities of new faculty members with a faculty facilitator. It introduces the faculty member to university policies and culture, and it gives faculty a chance to candidly discuss concerns with and ask questions of colleagues outside their departments.

All new, non-tenured, regular faculty members are strongly encouraged to begin immediate participation in the University Mentoring Program for a minimum of one year regardless of appointment date. This assignment should be part of the faculty member's Faculty Workload Plan under professional development. New untenured, regular faculty members who have experience at another university can join the University Mentoring Program's 2-6th year group. A faculty member who chooses not to participate in the University Mentoring Program should advise the unit head in writing of this decision. See [the Faculty Teaching and Learning Center website](#) for a full explanation of university-wide mentoring communities.

#### **College/Unit Mentoring Programs**

All college and/or units offer a mentoring program to new untenured, regular faculty

members. (See the [Office of the Provost website](#) for guidelines and examples.) College/unit mentoring matches a new faculty member with a department mentor(s); it provides information about college, unit, and discipline-specific practices, expectations, and criteria in teaching, scholarship, and service. Each new untenured, regular faculty member is strongly encouraged to participate in the unit/college program. New, untenured regular faculty members who choose not to participate should advise their unit head of their decision in writing.

## INSTRUCTIONAL POLICIES

SG 3.04

**Date of Last Update:**

May 31, 2019

**Approved By:**

- University Academic Senate / Provost

**Responsible Office:**

Provost Office

### POLICY STATEMENT

In order to help ensure a quality educational experience, GVSU has established basic expectations instructors must meet when teaching a course. It is important that students enrolled in a course receive timely and accurate information about the course. In addition, faculty must fulfill obligations to be present to students both during class time and outside of class.

## **A. Absence from Class**

Faculty members are responsible for meeting all classes for which they are scheduled. If faculty members are absent from teaching responsibilities due to illness, they should notify their unit heads and students should be notified through Blackboard or other electronic means as early as possible.

In those cases where absences can be anticipated, approval for such absences must be obtained from the unit head. The faculty members are then responsible for arranging for substitutes or otherwise covering their teaching assignments.

Classes must be held for the duration of the semester and for the scheduled amount of time.

## **B. Change of Instructor, Time, or Place of Meeting**

Change of instructor, time, or place of meeting for a scheduled class may be made only with the approval of the unit head and the Dean of the College. The office of the Dean of the College sends changes to the [Registrar's Office](#) where a current master schedule is maintained.

## **C. Information Given at Beginning of Semester**

Students should be provided with a course syllabus, in paper or electronic form, containing at least the following:

1. General course information. Instructor name, contact information, office hours, and required resources such as textbooks should all be specified. Prerequisite courses listed in the catalog need not be reproduced but if specific prerequisite skills or knowledge are necessary they should be pointed out to students here.
2. Learning objectives. The student learning objectives listed in the syllabus of record must all be represented in the objectives listed in the course syllabus, though the course syllabus may be more specific and may include additional objectives.
3. Kinds of activities and assessments to be used. This need not be a detailed list but should give students a clear idea of the kinds of work to be expected: projects, papers, in-class exams, field trip reports, etc.
4. Grading scheme. This section should give students a clear idea of the relative importance of different kinds of assessments and the basic scheme that will be used to assign final grades.
5. Course specific policies. The syllabus should describe the instructor's policies that apply to this particular course on topics such as attendance, makeup mechanisms for missed work, late assignments, handling of academic misconduct, etc. If the course is subject to particular GVSU requirements (for example, those for SWS or General Education courses), pointers to

those requirements should be given.

6. The following statement should appear on the syllabus: This course is subject to the GVSU policies listed at <http://www.gvsu.edu/coursepolicies/>.

Faculty members should review this list each semester and familiarize themselves with the various GVSU policies listed.

#### **D. Faculty Availability to Students**

Members of the faculty are expected to publish office hours. For a standard teaching load, instructors should be accessible to students for a minimum of one hour per week for every three credits taught. Availability can be a combination of in-person office hours and on-line communication, including virtual office hours. Each instructor must be reasonably available to meet with students in person.

#### **E. Selection of Textbooks**

Faculty members are responsible for submitting information on textbooks and other required material for their courses when such information is requested from the [University Bookstore](#). Policies concerning use of self-authored textbooks may be found in Senior Leadership Team [\[SLT 3.12\]](#) Textbooks and Course Materials Policy.

#### **F. Culminating Experience**

Instructors are expected to provide a culminating experience for each course. This experience should be held at the same time and location scheduled by the Registrar. Any exceptions must be approved by the appropriate academic dean.

## **PROFESSIONAL ETHICS**

SG 3.05

#### **Date of Last Update:**

#### **Approved By:**

- University Academic Senate / Provost

#### **Responsible Office:**

Provost Office

## **POLICY STATEMENT**

## **Professional Ethics**

The University recognizes that membership in the academic profession carries with it special responsibilities and that the University bears a responsibility for articulating and maintaining ethical standards. The University normally handles questions concerning propriety of conduct internally by reference to either faculty committees convened to review particular infractions or to standing committees such as college personnel committees.

### **A. Human Subjects Review**

All projects within Grand Valley State University involving research on human subjects require review and approval by the Human Research Review Committee. To view the procedure for review and approval, go to the [Research Compliance & Integrity](#) website.

### **B. Animal Research**

Grand Valley State University (GVSU) policy and federal law require a review of research projects for humane treatment and judicious use of vertebrate animals. Vertebrate animals include wild, captive, domestic, and laboratory fish, amphibians, reptiles, birds, and mammals. At GVSU, this review is conducted by the GVSU Institutional Animal Care and Use Committee (IACUC). Principal Investigators must obtain approval from the IACUC before initiating any research, testing or instructional project involving the use of vertebrate animals. To view the procedure for gaining approval, see the information at the [Institutional Animal Care and Use](#) website.

### **C. Handling Allegations of Misconduct in Research**

Misconduct in research, scholarship, and creative activities means fabrication, falsification, plagiarism, or other practices that seriously deviate from those commonly accepted within the academic community. Grand Valley State University has established and abides by uniform policies and procedures for investigating and reporting instances of alleged or apparent misconduct. To view the policies and procedures, go to the [Research Misconduct Procedures link](#).

### **D. Professionalism in Professor-Student Relationship**

Each faculty member is expected to respect the confidential nature of the professor-student relationship and avoid any exploitation of students for private and/or professional advantage. In keeping with its responsibility to provide a congenial atmosphere in which all students have an equal opportunity to learn, the University disapproves of and seeks to eliminate discriminatory behavior directed against individuals. Such behavior, which may take the form of statements, jokes, examples, and illustrations that reveal stereotypic and discriminatory

attitudes, is considered inappropriate.

## **E. Outside Employment**

Since faculty and staff members are required to fulfill their responsibilities completely and effectively, any outside employment which a faculty or staff member wishes to undertake must be approved in advance by the appointing officer.

Faculty members should annually review the nature of any outside employment with their unit head. In addition, teaching at other colleges should have the prior approval of the unit head.

Information about faculty obligations and Rights in published material, inventions and secret processes, the Oath of Teachers, and Research Integrity can be found in Board of Trustees' Policies [BOT 4.1.10](#).

## **TEXTBOOKS AND COURSE MATERIALS POLICY**

SLT 3.12

### **Date of Last Update:**

January 16, 2026

**Approved By:**

- Senior Leadership Team

**Responsible Office:**

Provost Office

**POLICY STATEMENT**

Textbooks and related course materials continue to be essential to the delivery of knowledge. For various reasons, the cost of printed materials has continued to rise. The goal of the University is to provide the best quality educational resources at the lowest possible cost to the students by minimizing the cost of textbooks and course materials used at the university while maintaining quality of education and academic freedom. When possible, the University strongly encourages that these quality educational resources should be open educational resources that are a no cost option for students. When OER is not available consider GVSU Save as an option.

**PROCEDURES**

The Provost's Office is responsible for overseeing the faculty role in textbook selection. It discharges that responsibility by working closely with the Deans of the colleges. Business and Finance is responsible for overseeing the practices of the GVSU Laker Store.

Responsibilities of the Faculty:

- Faculty members shall submit lists of required textbooks, recommended textbooks and supplemental course materials or the intent to use open educational resources to the GVSU Laker Store by the specified deadlines.
- Faculty are expected to compare open educational resources (<https://libguides.gvsu.edu/oer>) and various textbook options and to make the selection by taking into account pedagogical value, price, and availability. If all other considerations are about the same, the less expensive option should be selected. When there are multiple sections of a course taught by different instructors, it is preferable (but not required) that departments order the same instructional materials textbook for all sections, in order to benefit students who may be adjusting their schedule during drop/add week and to support inventory management for the GVSU Laker Store.
- When faculty wish to require the purchase of any published textbooks or materials for

which they have or will receive royalties or revenue, this decision shall be reviewed by the Unit Head, who shall determine whether the selection is appropriate, taking into account the criteria above. The purpose of the review is to disclose and to manage any actual or potential conflict of interest. The Unit Head may authorize that the review be conducted by a designee if certain disciplinary expertise is needed or if the Unit Head cannot provide a neutral review. If the Unit Head cannot identify a designee, then the review shall be conducted by the Dean or designee.

Responsibilities of the GVSU Laker Store:

- The GVSU Laker Store will continue to reduce textbook prices whenever possible.
  - The GVSU Laker Store will, when available, provide a sell back option for used textbooks, and the following semester make the used copies available at reduced price and display them next to the new ones.
  - When filling departmental textbook orders, the GVSU Laker Store shall acquire as many used but still up to date copies as possible, make them available at reduced price, and place them next to the new ones.
  - The GVSU Laker Store will display the required texts and materials with the course instructors' names and course section numbers. This will help students make informed decisions when finalizing course schedules.

## CANCELLATION/CLOSURE/REMOTE POLICY

SLT 6.3

**Date of Last Update:**

February 20, 2026

**Approved By:**

- Senior Leadership Team

**Responsible Office:**

Finance and Administration

## POLICY STATEMENT

Grand Valley State University has four operating status: Open, Classes Canceled, Closed, or Remote. The operating status of the university could change for a variety of reasons including

emergency, utility disruptions, or weather.

#### **TYPES OF OPERATIONAL CHANGE:**

- **Open:** The University's normal operating condition. Students, faculty and staff should assume the university is open unless advised otherwise. County or State Health Department Orders, Executive Orders or similar directives may require temporary modifications to University operations without changing the University Operating Status.
- **Remote:** The most common reason to shift to remote status would be for weather related reasons. Classes will shift to remote delivery whenever feasible. Classes that cannot be delivered remotely will not be held. Staff will shift to remote/work from home whenever possible. Essential staff are to report to work. Athletic contests may be held as previously planned subject to approval by the Vice President of Finance and Administration. Other campus events may be held as previously planned subject to approval by the President or Vice President whose division is sponsoring the event.
- **Classes Cancelled:** Only classes are cancelled. The remainder of the University is open as normal. All staff are to report to work at their regular time. Rare instances of cancelling classes might include unusual student activities or student related crises.
- **Closed:** Classes and campus events will not be held. Only ESSENTIAL staff are to report to work. The university would normally only close for significant and unanticipated events like natural disasters or civil unrest in the surrounding community. It is not anticipated the university would close for weather related events.

When GVSU is **closed or shifts to remote**, only **essential staff** are to report. Designated personnel in the following departments are deemed essential and are expected to report:

- **Department of Public Safety**
- **Facilities Services**
- **Athletic & Recreation Facilities**
- **Food Service**
- **Housing**
- **Information Technology**
- **Library**
- **Facility Services Grand Rapids and Regional Campuses**
- **WGVU Television and Radio**
- **Kirkhof Center**
- **Campus Health Center**

Appointing officers have discretion to call in non-essential staff as circumstances may require.

Students, faculty and staff should assume the university is open unless they are advised otherwise through GVSUAlert!, the university's emergency notification system, or on [www.gvsu.edu](http://www.gvsu.edu). Radio or television announcements should be confirmed with GVSUAlert or [www.gvsu.edu](http://www.gvsu.edu). In the case of a shift to remote, every reasonable effort will be made to make the announcement the day prior in order to provide ample time to enable the shift to remote class delivery and work from home preparation for employees.

Guidelines for course delivery in the event of University cancellation, closure or remote status are available

here: [www.gvsu.edu/provost/guidelines-for-course-delivery-in-the-event-of-253.htm](http://www.gvsu.edu/provost/guidelines-for-course-delivery-in-the-event-of-253.htm).

### **University Criteria for Weather-related Shifts to Remote**

In evaluating whether to shift to remote for weather-related reasons, the following criteria are used: 1) the ability of the university's road crews to keep campus roads and parking lots cleared; 2) the conditions of primary and secondary roads in the area as reported by the Michigan Department of State Police as well as by central dispatch authorities in Kent and Ottawa counties; 3) weather reports regarding the track of the storm and other conditions, and 4) the anticipated length of time of the weather impacts campus operations

Because commuting students, faculty and staff come from such a broad geographic area, it is extremely difficult to arrive at a decision that is appropriate for each vicinity. Weather conditions rarely are uniform throughout this large area. There is no one decision that will satisfy everyone; however, a diligent effort is made to arrive at a reasonable decision that considers the safety of students, faculty and staff. Under no circumstances does GVSU ask students, faculty or staff to assume undue risk in traveling to the University in inclement weather.

When GVSU Allendale shifts to remote because of weather-related conditions, the Pew Grand Rapids Campus, Health Campus and the Meijer Holland Campus will also shift to remote.

GVSU's classes in Muskegon and the Stevenson Center for Higher Education will follow the operating status of Muskegon Community College.

GVSU's classes in Traverse City will follow the operating status of Northwestern Michigan College.

The operating status of the Annis Water Resources Institute (AWRI), the Muskegon Innovation Hub and the Detroit Center will be made separately, as these facilities host tenants, business events, and functions not necessarily affiliated with university operations.

Any changes in the University's operating status will be made through GVSUAlert!, on the Grand Valley web home page [www.gvsu.edu](http://www.gvsu.edu), and on GVNext at [www.gvsu.edu/gvnext](http://www.gvsu.edu/gvnext). Notifications may also be heard on area radio and television stations. Please do not call the university switchboard regarding the University's operating status.
