POLICY

3.3 Academic Policies

3.3.1. Academic Standards

Grand Valley is an academic institution dedicated to providing the highest level of quality instruction possible. Academic standards, levels of scholastic achievement, and grading systems are established on a university-wide basis after careful review by representative faculty members and the Provost/Vice President for Academic Affairs.

3.3.2. Academic Calendar

The University operates on a semester system, providing for fall and winter semesters and spring/summer session. Each semester is a minimum of 15 weeks in length, including days required for final examination. The spring/summer session will be 12 weeks in length, including two 6-week sessions. Each session is academically equivalent to the 15-week semester. All academic units operate on the semester system.

FACULTY ACADEMIC POLICIES - CURRICULUM

SG 2.01

Date of Last Update:
November 20, 2019

Approved By:
• University Academic Senate / Provost

Responsible Office:
Provost Office

POLICY STATEMENT

A. University Curriculum Committee Procedures and Policies for Curriculum Development and Review

1. College Curriculum Committees (CCC) and the University Curriculum Committee (UCC) conduct their business during the regular academic year. Course and program proposals may be submitted via the online curriculum development system at any time during the academic year. Proposals intended for publication in the next edition of the Catalog should be submitted as soon as possible to allow time for review and any revisions.

2. Curriculum development is the responsibility of regular faculty. Adjunct faculty (as defined in Board of Trustees’ Policies BOT 4.3.4) are encouraged to participate in unit-level discussions of curricular actions, but are not responsible for curricular proposals. Visiting instructors and part-time adjunct instructors may not author curriculum proposals. Affiliate faculty may author curriculum proposals with unit-level approval.

3. The Graduate Council Curriculum Committee will review and approve or not approve all graduate-related proposals in a manner similar to the review that the General Education Committee (GEC) conducts for all General Education issues. After approval by the GCC and/or the Graduate Council, UCC will review the proposal.

4. If a curricular proposal involves significant budgetary implications, UCC may consult with the Faculty Salary and Budget Committee (FSBC) for their assessment of the proposed budget impact.

5. Proposals which move the required hours of the major above or below the stated ranges of the various degrees will require strong justification.

6. Appeals of GEC decisions should be made to UCC.

B. UCC Curricular Procedures

All curriculum proposals require action by UCC prior to approval by the Provost. Curriculum proposals undergo review by several groups or individuals before final approval. Possible reviewers include the
Library, Information Technology, Graduate Council, Online Education and Microcredential Council, Unit Head, College Curriculum Committee, Academic Dean, Graduate Dean, General Education Committee, University Curriculum Committee, and the Provost. The precise set of review steps through the online curriculum system is determined by the curricular action being proposed. In general, simple proposals require less review than more complex proposals. A complete list of curricular actions and their pathways can be found on the University Curriculum Committee page under Curriculum Development Information.

1. All new course proposals, program change proposals, and changes to existing courses except spelling, grammar, and punctuation changes must be submitted via the online curriculum development system.

2. The agenda for UCC meetings is posted weekly on the Faculty Governance Website. All curricular review actions taken are available in the online curriculum system.

3. After a course change proposal arrives for review at UCC it will be handled in the following manner. If the course is a prerequisite for another course, the course change proposal will be reviewed by UCC. If it is not a prerequisite for a course in another college or required by another college, and at least 30 days have elapsed since the proposal was approved by the unit of origin, then the course change proposal will be automatically approved by UCC at its next regular meeting and forwarded to the Provost for approval. Until that approval is given, any faculty member can request the UCC to review a course change proposal.

4. Proposals that are approved by the UCC will be sent to the Provost for final approval. The Provost will notify the submitting unit if final approval is granted and will send the proposal to the Registrar for inclusion in the master course list. A proposal is not approved until the last step is taken.

5. If a proposal is rejected, the submitting unit is responsible for resubmitting the proposal. Appeals of CCC decisions should be made to the appropriate dean. Appeals of the UCC decisions should be made to the Provost.

6. In extraordinary cases, a non-renewable, one year interim approval category exists. Proposals should be submitted to the Chair of UCC. A decision will be made jointly by the Chair of the UCC and the Provost. These proposals must go through the normal curriculum review process for continued offering.

C. Honors Designation in Majors and Minors (added Fall 2013)

1. An Honors designation is intended to convey the fact that a program is distinguished from an existing program by its rigor, student engagement, or research, and may not be suitable for all students. Students in an Honors-designated program do not have to belong to the Honors Program or the Honors College. An Honors-designated program serves students within an academic program, whether or not those students are part of the Honors College or Honors Program.

2. Units complete a Program Change Request providing a rationale for creating the Honors-designation, how that designation would be implemented within the program (e.g., a track within a minor), and applicable admission and academic performance standards. The Program Change Request will then be sent to the Honors College for review using the standards already established by the Honors program. If supported, the Director of the Honors College will provide a letter of support to be attached to the Program Change Request after which the proposal will follow the normal curriculum review process.

3. An honors track or emphasis in a major or minor must have between 6 and 12 credit hours, depending on how the courses are constituted. These credit hours can be constructed in a variety of ways as determined by the department and in consultation with the Honors College (e.g., one-credit-hour seminars linked to non-Honors-designated courses, such as capstones).

4. Courses must follow the parameters set forth in Meijer Honors College Guidelines for Honors Courses.

5. It is preferable that the Honors-designated courses have an internal connection with one another and/or explicitly build on other classes in the major or minor.

6. Honors-designated programs will be periodically reviewed by the Honors College at the normally scheduled time for program assessment. The program will submit a report to the Honors College with evidence that the program is meeting the original objectives agreed upon when then Honors designation was approved. If the program is found to be deficient, it will be put on a one-year probationary period, and will work collaboratively with the Honors College to address concerns and deficiencies. The Honors College will give full approval if the issues are successfully addressed. Otherwise, the Honors designation will be removed from the program.

D. Hybrid and Online Curriculum Proposals

1. The following procedures will be followed for the inclusion of online and hybrid courses in the curriculum:

a. If the content of a course is unchanged, and the request is to change solely the delivery of an existing course to an online or hybrid format, the faculty member and involved unit head will seek recommendation only from the Online Education and Microcredential Council, the Dean of the submitting unit, and the Provost’s Office. If the Council recommends for non-approval, the proposer may contact the Assistant Vice-President for Academic Affairs with curriculum duties.

b. If the course/program is new in content and proposes an online or hybrid format, or if an existing program seeks to change to a fully online program, the current curricular procedures must be followed, with the addition of seeking the recommendation of the Online Education and Microcredential Council via the online curriculum system.

E. Course Proposals

1. Units should be sensitive to the impact and space implications, as well as staffing needs of a course proposal. The Curriculum Resource Statement attached to course proposals should be given careful consideration and completed accurately. Proposals that require additional staff, equipment, space, supplies that have not been committed for by the appropriate administrative offices may be rejected.

2. Units should be sensitive to the impact that new courses, dropped courses, or course changes have on other courses and other programs. The Course Change Proposal and the New Course Proposal require that all units possibly affected by the proposal be notified before it is submitted to the CCC. The unit heads of the affected units should respond in writing, even if they see no problems with the proposal. The CCCs will judge overlap/duplication within a college. Although no rigid formula or guidelines can be set for this, CCCs are advised to take a conservative approach. If significant overlap is found between a proposed course and existing courses, the proposed course or course change should be rejected.

3. Uniform Course Numbering System (Approved 4/14/06 by UAS)

a. Refer to the Uniform Course Numbering Guidelines table.

b. Reserved Undergraduate Course Numbers:

For the four categories listed below, these numbers are reserved for exclusive use for the purposes designated. A unit may not use these numbers for any other courses. A unit may, if it has compelling reasons, choose to list one of these courses with a number other than one of the reserved numbers, or use additional numbers for these courses (a two-semester internship, for example, would require another number besides 490):

i. The numbers 180, 280, 380 and 480 are reserved for use only as a special topics course.

ii. The numbers 399 and 499 are reserved for use only as independent study and research courses.

iii. The number 490 is reserved for use only as an internship or practicum course.

iv. The number 495 is reserved for use only as a Capstone course.

v. 300- and 400-level courses should be justified by 100- and 200-level prerequisites or a course content/approach that clearly indicates it is not a beginning level course.

vi. The numbers 699 and 799 are to be used for graduate independent study courses.

3. In extraordinary cases, a non-renewable, one year interim approval category exists. Proposals should be submitted to the Chair of the University Curriculum Committee (UCC). A decision will be made jointly by the Chair of the UCC and the Provost. These proposals must go through the normal curriculum review process for continued offering.

4. Special Topics Course Policies

a. A special topics course is intended to allow a unit to offer a course on a topic that is not covered in a regular course in any program at GVSU.

b. A special topics course may be offered for various reasons. For example a new visiting faculty bringing new expertise to a unit, student interest in a topic increasing enough to temporarily offer a course on a topic, a unit wishing to pilot test a reconfiguration of an existing course, a unit wanting to judge the potential interest in a given topic before proposing a new course.

c. A unit may offer a given special topic a maximum of 3 times. If a unit wishes to schedule the topic for the third time, then it must create and submit a New Course Proposal in the online curriculum development system concurrent with the third offering.

5. Syllabus of Record

A syllabus of record must be attached to new course and course change proposals. A syllabus of record (SOR) is the official record of minimum course content – that is, content that must be present in every
section of a course. In essence, it describes a department’s vision of what should be taught, and (to a lesser extent) how it should be taught. Although all SOR must contain certain items of information (noted below), some of them will be more detailed than others, depending on the course. For example, if a course needs a high degree of flexibility in its various offerings, then the SOR might be somewhat vague. If another course needs to meet rigid accreditation standards, then the SOR might be extremely detailed. A detailed description of the requirements for an SOR can be found on UCC’s website.

The SOR serves four audiences. (1) Faculty can use the SOR as a blueprint for designing course syllabi. Faculty are free to add to the content in the SOR, but the activities, objectives, and methods of evaluation in the SOR must be maintained. (2) Students can use the SOR to determine, before they register, the skills they can expect to achieve upon successful completion of a course. (3) The SOR provides a standard format that other schools can use to determine transfer credit. (4) Faculty governance committees use the SOR when evaluating course-change and new course proposals.

6. Course Grades

The Academic Policies and Regulations section of the catalog describes various grade types available for a course. Unless otherwise noted below, all courses are graded with a letter grade A through F, and I (Incomplete). In addition, students may choose to permanently withdraw from a course (resulting in a W (Withdrawal) grade), or to audit a course (resulting in an AU (Audit) grade).

Units that want to assign the grade types Credit (CR), No Credit (NC), or Deferred (X) must seek approval through the curriculum review process.

The grades P (Pass), PD (Pass with Distinction), W (Withdrawal) and NC (No Credit) are the only grades that may be assigned as the final grade for a graduate thesis or dissertation.

The grade of R (Research) is the only grade that may be assigned each semester to a continuous enrollment course for a graduate thesis or dissertation (xxx-696, xxx-796).

UNIT HEAD RESPONSIBILITIES

SG 6.01

Date of Last Update: January 09, 2020

Approved By:

University Academic Senate / Provost

Responsible Office: Provost Office

POLICY STATEMENT

SG 6.01 Unit Head Responsibilities

Policies relating to the appointment, term and evaluation of unit heads are covered in a document approved by UAS February 11, 1983 with a revised version approved by UAS on April 19, 2009. Among the provisions of this document are the following:

A. Each academic unit shall have a unit head; this person will be designated as chairperson or director based on the nature of the unit involved.

B. The authority to appoint the unit head is vested in the dean of the college. When there is a vacancy in the position of unit head, the faculty of the unit shall meet, and, after deliberating among themselves and in consultation with the dean, shall recommend a nominee or nominees for appointment as unit head. Normally, the dean appoints the nominee recommended by the unit. Should the dean appoint a unit head who has not been recommended by the unit faculty, the dean shall communicate the rationale to the unit. If the unit is not able to make a nomination, the dean shall make an appointment.

C. Normally the appointment will be for a three-year period. A unit head may be reappointed when eligible.

D. There shall be a formal evaluation of the unit head every three years, resulting in a written statement. This report will be shared by the dean, the unit head, and the faculty involved, and be restricted to these persons. This evaluation shall be carried out by the associated unit faculty and the administrators within University, college, and unit personnel guidelines. This evaluation shall be based on the performance of the unit head in carrying out the duties and responsibilities of the position. This evaluation neither precludes nor takes the place of the usual faculty evaluation for tenure, promotion, or contract renewal.

E. All appointees shall have faculty status, or have the academic credentials to be awarded faculty status, with the associated responsibilities and benefits of faculty rank. Characteristically, unit heads will be senior faculty, with tenure, chosen on the basis of their ability as teachers, their experience in their discipline, and their leadership capabilities.

On March 30, 1983, EGS also adopted a report on the "Duties and Authority of the Unit Head" which outlines the responsibility, authority, and interaction of the dean and the unit head. "The dean of the college has the administrative authority and responsibility for all academic aspects of the college. ... The dean can and usually does delegate some responsibility and authority to unit heads or coordinators." Areas the unit heads deal with include but are not limited to the following: fiscal matters; personnel matters; teaching; scholarly, & research activities; professional conduct matters; faculty absences; office assignments; meetings & communications; secretarial & technical services; faculty assignments; adjunct faculty; curriculum; library resources; course scheduling; student relations & advising; student help; equipment, facilities, & records.

UNDERGRADUATE STUDENT EMPLOYEES

SG 6.02

Date of Last Update: January 07, 2019

Approved By:

University Academic Senate / Provost

Responsible Office: Provost Office

POLICY

Undergraduate Student Employees

Full-time students enrolled at the University may be hired as student employees. All units should have a budget allocation for student employees. Wages paid to a student employee must follow the wage schedule available in the Student Employment Office. In addition, when classes are in session students without work-study are not permitted to work in excess of 25 hours per week. Students with work-study are restricted to the number of hours according to their work-study award. Work-study and regular student employees must be paid an hourly rate and hours worked reported in the University’s electronic time keeping system. Faculty members should communicate their needs for student employees to their unit heads. All student employees must complete the online training session with their supervisor to work as a student employee of the University.

Student employees may assist in departmental operations, tutoring, and laboratory and studio sessions under the direct supervision of appropriate staff and faculty. Student employees may also assist in the evaluation of student exams and assignments, provided that they have been approved by the Dean of the unit in which they work and they have completed FERPA training offered by the university. The scope of their assistance, including questions on access to gradebooks, are addressed in the FERPA training. Student employees are expressly barred from providing independent instruction in the classroom. They are also barred from administering or proctoring exams and assignments without faculty or approved staff supervision. Student employees may not be exposed to confidential personnel matters or academic records that are irrelevant to their work assignment.

This policy does not apply to graduate student assistants.

**BRIDGE FUND REQUEST POLICY**

**SLT 3.2**

**Date of Last Update:**
July 31, 2008

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Center for Scholarly and Creative Excellence

**PREFERENCE STATEMENT**

Grand Valley State University does not encourage creating nor approving a Request to Add a New Fund (RANF) and establishing a FOAP prior to the official receipt of a fully executed award. A fully executed award is an externally sponsored agreement (grant, contract, or cooperative agreement) that is signed by the duly authorized official of both the external sponsor and Grand Valley State University. It is important to note that any expenses incurred prior to an award and without the appropriate approval place the University at risk.

However, in some extraordinary situations, effective project management or research necessitates incurring expenses prior to the receipt of a fully executed award. In such cases, Principal Investigators may request a "bridge fund" to be established in anticipation of the fully executed award. Principal Investigators should contact the Office of Sponsored Programs (OSP) to initiate a Bridge Fund Request.

**PROCEDURES**

In an effort to minimize the risk to the University, the Office of Sponsored Programs will verify with the sponsor the allowability of pre-award costs, the anticipated award amount, and the period of performance. Once OSP receives verification in writing from the sponsor’s grants or contracts officer, the responsible Principal Investigator, Chair/Unit Head, Dean, and University Authorizing Official are all required to agree in writing to proceed with the expenditure of University funds in anticipation of the award. This agreement will be prepared by OSP in consultation with the Office of Business and Finance. It will be the responsibility of the Principal Investigator to obtain the required signatures of the appropriate Chair/Unit Head, Dean, University Authorizing Official, and Executive Officer (Office of the Provost).

The Bridge Fund Request will be processed in a manner similar to the Request to Add A New Fund. However, attached to the Bridge Fund Request will be:

1. Written verification from the sponsor (signed by the sponsor Grants/Contracts Officer) received by OSP
2. Bridge Fund Request Agreement signed by the Chair/Unit Head, Dean, and University Authorizing Official
3. A copy of the proposal application, narrative & budget

A Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount. The maximum allowable amount requested will be verified by OSP in consultation with the Office of Business & Finance. If the award is for multiple years, the Bridge Fund Request shall not exceed 15% of the anticipated GVSU award amount for the first year of funding. Upon the official receipt of the fully executed award, the bridge fund transition into the official FOAP for the project.

Should funding not be received from the sponsor (e.g., the award start date is delayed, or the costs are determined to be unallowable, etc.) coverage of costs incurred on the project becomes the responsibility of the Department Chair/Unit Head having initiated and signed the initial Bridge Fund Request form.

This policy was effective August 1, 2007 and will be revisited for any revisions, changes, or sunset within one year of its effective date.

**CONFIDENTIAL INTEREST IN RESEARCH POLICY**

**SLT 3.4**

**Date of Last Update:**
October 21, 2002

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Center for Scholarly and Creative Excellence

**PREFERENCE STATEMENT**

The University is committed to transparency, integrity of scholarship, and independence as it pursues its mission to create, preserve, and disseminate knowledge through teaching, research, and community service. Accordingly, Grand Valley State University allows and encourages faculty and staff to engage in outside activities and relationships that enhance the mission of the University.

External sponsors, whether public or private, regularly institute conflict of interest disclosure requirements that the University must abide by in order to accept the funds and participate in the activity. The purpose of such requirements is to promote objectivity in research and to provide a reasonable expectation that the design, conduct, and reporting of sponsored activities will be free from bias arising from conflicting interests of participating personnel.

All GVSU personnel who meet the definition of "Investigator" on externally sponsored research applications, or serve as an "Investigator" on externally sponsored agreements, administered through the Center for Scholarly and Creative Excellence (CSCE), are required to submit a conflict of interest and commitment disclosure to the Office of Research Compliance and Integrity. An ‘Investigator’ is defined as any person, regardless of title or position, who has independent responsibility for some aspect of the design, conduct, or reporting of the research, scholarly, or educational activity. Investigators include Principal Investigators, Co-Investigators, and all other individuals identified in the grant documents (e.g. application, budget, progress reports, etc.) submitted to the sponsor by GVSU, if the individual contributes to the development or execution of a project in a substantive, measurable way, whether or not they receive compensation.

The required disclosure by Investigators must be submitted prior to entering into an agreement or submitting a proposal for award to an external sponsor, and at least annually while the agreement/award is active. An annual disclosure is required even if no conflicts exist. An updated disclosure is also required within 30 days of any new conflict arising or an existing conflict ending or changing in a material way. The Office of Research Compliance and Integrity (ORCI) shall be responsible for reviewing the disclosures and, in conjunction with the Research Integrity Officer (RIO), developing and instituting an adequate mitigation plan for the management of any potential conflicts related to sponsored research and agreements administered by the CSCE. The RIO serves as the designated institutional official and has the final authority to approve and oversee mitigation plans.

GVSU personnel must also comply with the University’s Conflict of Interest Policy (SLT 19.11) and subsidiary policies, such as those in place with the Institutional Review Board (IRB) and the Institutional Animal Care and Use Committee (IACUC). Additionally, University personnel working on research funded by the Public Health Service (PHS) and/or other agencies that abide by PHS COI regulations, are subject to additional requirements in accordance with 42 C.F.R. Part 50.601 and 45 C.F.R. Part 94.5. Additional reporting requirements may be required under these other policies and regulations.

The table below provides references to the applicable procedures to follow based upon the type of research/sponsored activity submission.

For more information about conflicts of interest and commitment in research and sponsored activities, please visit the [GVSU Conflicts of Interest and Commitment in Research & Sponsored Activities webpage](http://www.gvsu.edu/orscomic) or contact the ORCI at 616-331-3197 or [rci@gvsu.edu](mailto:rci@gvsu.edu).

POLICY
This document establishes Grand Valley State University’s (University) official policy governing the administration of proposals, awards, contracts, and agreements for all externally sponsored projects. Externally Sponsored Projects do not include Purchasing Agreements or Philanthropic Gifts.

The purpose of this policy is to help ensure that all proposals and awards for externally sponsored projects conform to federal regulations, including the Office of Management and Budget 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (a.k.a., the Uniform Guidance)—and are consistent with GVSU’s academic and business policies and sound fiscal practices.

POLICY STATEMENT
Only an Authorized Organizational Representative of the University may submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University.

In addition, an Authorized Organizational Representative may accept on behalf of the University any Externally Sponsored Project award resulting from such proposal submissions or other solicitation processes. The University will not normally accept awards received from outside sources without prior proposal approval as provided in this policy.

DEFINITIONS
Assistance Action: The main purpose of an assistance action is to transfer money, property, services, or anything of value to the recipient in order to accomplish a public purpose of support or stimulation. The agency must have legal authority to award assistance agreements for this purpose. Grants or cooperative agreements are used to award assistance funds.

Authorized Organizational Representative: An Authorized Organizational Representative is the Vice Provost for Research Administration and any University employee(s) to whom the Vice Provost for Research Administration has delegated oversight responsibility for the administration and management of Externally Sponsored Projects at the University. Only an Authorized Organizational Representative has the authority to submit proposals, accept awards, and sign contracts and agreements for Externally Sponsored Projects on behalf of the University.

Externally Sponsored Project: Externally Sponsored Projects include all projects supported by way of grants and cooperative agreements (direct Assistance Actions); incoming or outgoing sub-reciprocated agreements or subawards (pass-through Assistance Actions); certain incoming or outgoing contracts (i.e., externally sponsored Procurement Actions), including direct contracts, service agreements, consulting agreements, pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include Purchasing Agreements or Philanthropic Gifts.

Philanthropic Gift: A philanthropic gift is an instrument by which an outside donor voluntarily transfers money, services, or property from a donor to the University. There is no expectation of direct economic benefit or the provision of goods or services to the donor, although donors can place stipulations on gifts that direct the funds to the donors’ areas of interest. The absence of quid pro quo language helps define
The main purpose of a procurement action is to acquire property or services by purchase, lease, or barter for the use or direct benefit of the purchaser (whether the purchaser is the university purchasing from an outside entity or an outside entity purchasing services from the university). An agreement or contract is used as the legal instrument to award a Procurement Action.

ALLOWABLE COST POLICY
SLT 3.11.1

Date of Last Update: September 04, 2019

Approved By: Senior Leadership Team

Responsible Office: Office of Sponsored Programs

POLICY

All costs proposed to be charged on externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY) at Grand Valley State University (the University) must comply with the Federal cost principles prescribed in 2 CFR 200 Subpart E, §200.400; the policies of the sponsoring agency; the specific funding solicitation for which the cost is proposed; and all applicable policies of the University.

Specifically, in order to be deemed an allowable cost on such a project, the cost of any particular item must:

1. Be necessary and reasonable for the performance of the awarded project. That is, the project cannot be performed without the item and a reasonable and prudent person would incur the cost of the item under the circumstances prevailing at the time the decision was made to propose or incur the cost (§200.403-404);
2. Be fully allocable to the particular awarded project or be proportionally allocable to it and another cost objective according to the relative benefit derived (§200.405);
3. Be treated consistently. A cost may not be assigned to a sponsored project as a Direct Cost if any other cost incurred for the same purpose in like circumstances has been allocated to the awarded project as an Indirect Cost. University policies governing the treatment of costs must apply uniformly to both sponsored- and non-sponsored activities. Like expenses must be treated the same in like circumstances (§200.400(e)).

Such costs much also meet one of the following two criteria:

1. Be an item or category of cost that is not expressly disallowed by the federal government (guidance available at §200.420-475, General Provisions for Selected Items of Cost); the sponsor (as documented in sponsor policy statements and in the applicable sponsor funding solicitation), or the University (as defined below under Unallowable Costs and documented in the Business and Finance Procedures) OR
2. Be an otherwise unallowable cost that is expressly allowed by the sponsor, whether as stipulated in an award or proposal-solicitation document or as documented in a prior written approval request duly executed by an Authorized Organizational Representative of the University. If an expense does not meet the above criteria, it must not be charged to an externally sponsored project at the University.

DEFINITIONS

Direct Costs are expenses that are specifically associated with a particular externally sponsored project that can be directly assigned to such activities with a high degree of accuracy.

Indirect Costs (also referred to as Facilities & Administration (F&A) or overhead costs) are expenses that cannot be identified specifically with a particular project or activity. Indirect costs benefit multiple activities and programming objectives. In order to capture the amount of indirect costs that should be allocated to a grant, the University has calculated an indirect cost rate, approved by the federal government.

The indirect costs included in this rate are made up of two broad categories: Facilities and Administration.

Facilities costs include:
- Custodial and Maintenance
- Utilities
- Grounds Services
- Parking Operations, less parking fines and fees
- Property and Liability Insurance
- Facility Planning and Management
- Engineering Planning and Management
- Depreciation

Administration costs include all the expenses incurred in providing the following university services:
- Central Administration
- Business & Finance, including financial audit
- Human Resources
- Legal Services
- Inclusion & Equity
- Library Operations
- Administrative Computer Operations
- Grants and Research Administration
- Department Administration, as defined by the federal government to be 20% of Dean and Dean's assistant compensation
- Mail Services
- Public Safety
- University Communications

Federal Cost Principles are the Federal regulations that govern expenditures on federal awards and which also apply to non-federal awards to GVUS because of the University's required federal compliance under 2 CFR 200 Subpart F: Audit Reporting.

Prior Written Approval is a formal permission the University must document before it proposes or incurs a special or unusual cost that may be deemed unallowable under the federal cost principles under normal circumstances.

Requests for prior written approval must be rationalized in writing as allowable under an "unlike circumstances" justification by the University personnel who wish to propose the special or unusual costs. The requests are then reviewed, approved, and (assuming approval is granted) formally submitted to the sponsoring agency by the Authorized Organizational Representative of the University (as defined in SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

In accordance with the Uniform Guidance at 2 CFR 200, prior written approval from the sponsor is explicitly required (either in the awarded proposal budget, during award negotiation, or prior to incurrence of costs in event that the expense is to be proposed post-award) for a number of items, including the following:

1. Administrative expenses ($200.413(c))
2. Change of scope ($200.308 (c)(11))
3. Cost sharing or matching ($200.308 (c)(7))
4. Entertainment costs ($200.438)
5. Equipment and other capital expenditures ($200.313, 439)
6. Exchange rates ($200.440)
7. Fines, penalties, damages and other settlements ($200.441)
8. Fixed amount subawards ($200.332)
9. Fund raising and investment management expenses ($200.442)
COST SHARING POLICY FOR EXTERNALLY SPONSORED PROJECTS

SLT 3.11.2
Date of Last Update: September 04, 2019
Approved By: 
•Senior Leadership Team

Responsible Office: Office of Sponsored Programs

POLICY

Grand Valley State University (the University) shall minimize cost sharing on all externally sponsored projects (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY).

The University will allow cost sharing on such projects under the following conditions:

1. When it is required by the sponsoring agency (Mandatory Cost Sharing) as documented in a proposal solicitation, program description, sponsor policy, Catalog of Federal Domestic Assistance record, broad agency announcement or other official sponsor document.
2. When a reasonable justification is made that provision of Voluntary Cost-Sharing (whether Committed or Uncommitted) will improve the competitiveness of a proposal.

Further, in cases under which the University will allow cost sharing:

1. The proposed cost sharing must be thoroughly and accurately quantified;
2. The proposed cost sharing must represent an allowable cost (as defined in SLT 3.11: ALLOWABLE COST POLICY); and
3. The proposed cost sharing must be limited to what is required by the sponsor (Mandatory Cost Sharing) or to what is deemed reasonable by the Appointing Officer (as defined in BOT 4.1.1: GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF – PERSONNEL ADMINISTRATION) who has authority over the resources proposed to be committed (Voluntary Cost Sharing); and
4. The approval to subsidize all proposed cost sharing must be documented by the Appointing Officer who has authority over the resources proposed to be committed;
5. The quantification and approval of cost-sharing subsidies must be documented and approved by the Authorized Organizational Representative of the University (as defined at SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY), using the standard systems and processes of the Office of Sponsored Programs; and
6. All approved cost sharing included in an awarded externally sponsored project must be monitored, tracked, and reported by the Grants Accounting office in accordance with all applicable federal and sponsor requirements.

DEFINITIONS

Cost Sharing: Cost sharing is that portion of an externally sponsored project cost that is not reimbursed by the sponsor (whether federal or non-federal) and therefore represents a commitment of institutional resources that would generally otherwise be devoted to other University purposes.

There are three forms of cost sharing:

1. Mandatory Cost Sharing, which is required by the sponsor as an award condition and becomes an obligation once an award is made;
2. Voluntary Committed Cost Sharing, which is voluntarily offered and documented in a proposal submission and therefore becomes an obligation once an award is made; and
3. Voluntary Uncommitted Cost Sharing, in which voluntary cost sharing is intended, but not explicitly committed (documented) in a proposal, and therefore not a binding commitment that must be tracked and reported.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

POLICY

Grand Valley State University (the University) normally does not allow for compensation charges in excess of an individual's Institutional Base Salary on any Externally Sponsored Project (as defined in SLT 3.11. EXTERNALLY SPONSORED PROJECTS POLICY). In most cases, funding from such projects must supplant, not supplement Institutional Base Salary during the Base-funded Appointment Period.

In the absence of unusual circumstances and specific Prior Written Approval (as defined in SLT 3.11.4, ALLOWABLE COSTS POLICY) from the appropriate University and/or sponsor officials as described in this policy, faculty member compensation for sponsored-project work at the University must offset Institutional Base Salary through:

1. The use of Significant Focus Time (as defined in SLT 3.10, FOCUS TIME POLICY);
2. The application of Reassigned Time (as defined in SLT 3.9.5, REASIGNED TIME); or
3. Some combination of Significant Focus Time and Reassigned Time.

Absent Prior Written Approval for Supplemental Compensation following procedures stated below, Administrative/Professional staff members must also offset Institutional Base Salary to participate in externally sponsored projects (supplant, not supplement). Such offsets shall require a reorganization of established job duties in the staff member's organizational unit that is approved by the staff member's Appointing Officer and Executive Officer.

In order to charge Supplemental Compensation to federally funded Externally Sponsored Project accounts at the University, the work performed must be justifiable as Intra-Institution of Higher Education Consulting as defined in 2 CFR 200.430—COMPENSATION; PERSONNEL SERVICES, which limits such charges according to their adherence to specific criteria. Such consulting must be:

1. Across departmental lines or involve a separate or remote location that is at least 30 miles away from the employee's University campus office;
2. Outside the scope of the employee's regular appointment as documented in the employee's appointment letter;
3. Short term in nature; and
4. Provided for in the sponsored agreement, or approved in writing by the sponsoring agency prior to the incurrence of applicable expenses.

In order to charge Supplemental Compensation to a non-federal Externally Sponsored Project account, the allocation is subject to the prior written approval of the Vice Provost for Research Administration as well as the sponsoring agency.

DEFINITIONS

Base Appointment Period at the University generally falls into one of two categories:

1. An Academic Year Appointment is comprised of the nine-month span from August 6 of a given calendar year to May 5 of the following calendar year.
2. A 12-month Appointment is comprised of the twelve-month span from August 6 of a given calendar year to August 5 of the following calendar year.

Institutional Base Salary is the annual salary the University pays for an employee's appointment, regardless of appointment category and whether the employee's time is spent on research, teaching, administration, patient care, or other University responsibilities. Institutional Base Salary does not include bonuses, one-time payments, incentive pay, or income that an employee is permitted to earn outside of their University responsibilities such as Private Consulting.

Private Consulting refers to works for hire performed by a University employee outside of their University responsibilities. To be deemed private consulting, work must be performed without the use of any University resources, including administrative services of any kind, facilities (classroom, clinical, meeting, or office space), supplies, equipment, computing resources, and any other service or resource owned by the University. Any outside employment must be approved in advance by the Appointing Officer (BOT 4.1.10). Consulting services that require the use of University resources are subject to SLT 3.12, SERVICE AND PORTION TIME POLICY.

Supplemental Compensation, also known as extra salary or extra service pay, is compensation a University employee receives in excess of Institutional Base Salary; Supplemental Compensation represents payments for services outside the normal scope of employment.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

FACILITIES AND ADMINISTRATIVE COST POLICY

SLT 3.11.4

Date of Last Update: July 13, 2016

Approved By:

Senior Leadership Team

Responsible Officer:

Center for Scholarly and Creative Excellence

POLICY STATEMENT

Grand Valley State University's Facilities and Administrative (F&A) rate (also known as the indirect-cost rate) is established in accordance with the Federal Office of Management and Budget under 2 CFR 200 Uniform Guidance (previously A-21). The rate is negotiated between the University and the U.S. Department of Health and Human Services, the cognizant federal agency that oversees the administration of sponsored agreements at the University. The University's F&A rate reflects the cost of real, auditable expenses incurred in the conduct of sponsored research and programs. Included among these costs are depreciation costs of buildings and equipment, maintenance and repair, jatorial services, utilities, hazardous waste disposal, libraries, and general administrative costs such as sponsored programs administration, departmental administration, and general administration (accounting, purchasing, legal services, personnel, and compliance). These costs are "indirect" because they are not easily identified with a specific project and therefore are not included in the "direct" portion of the budget. Such indirect costs support the conduct of research and other sponsored programs, regardless of the source of funding, and therefore must be applied to all sponsored projects. For reasons of sound management and equitable stewardship of resources used in support of all sponsored activities, it is expected that all sponsored projects recover full F&A costs.

PROCEDURES

Facilities & Administrative (F&A) Cost Recovery Policy:

It is the University’s policy that all proposals and agreements for sponsored research, including subawards and industry contracts, are subject to the recovery of facilities and administrative costs (F&A) at the University’s approved and published rate. In some cases, the sponsor has a written policy, uniformly applied, prohibiting F&A costs or restricting the payment of such costs to a lower rate. An exception to the University’s F&A cost recovery policy may be warranted if it is clearly in the best interest of the University to accept the award with less than full F&A cost recovery. Any reduction (defined as a waiver of F&A) is based upon the F&A costs recovered on sponsored projects during the preceding fiscal year (July 1 - June 30). For sponsored awards originating within academic units with a tenure stream Faculty Principal Investigator, recovered funds are distributed as follows:

- Faculty Principal Investigator – 12.5%
- Faculty Home Department – 7.5%
- Appointing Officer of unit generating the recovered funds – 20%
- Provost – 20%
- General Fund (Facilities Infrastructure) – 40%

For all other proposals, recovered funds are distributed as follows:

- Appointing Officer of unit generating the recovered funds – 40%
- Provost – 20%
- General Fund (Facilities Infrastructure) – 40%

It is anticipated that, when appropriate, recovered funds will be used strategically for research initiatives, faculty start-ups, bridge funding and required cost share, and to provide the necessary administrative support for research projects. Indirect cost recovery funds cannot be used to increase the principal investigator’s annual compensation.

- Ensuring that all project expenditures are directly related to the project and necessary to meet project goals and objectives. Knowing the cost sharing requirements that were committed in the budget approved by the agency and GVSU and ensuring that these obligations are met.
- Certifying the time/effort of personnel paid by the grant, contract/subcontract, or cooperative agreement, or cost sharing/matching time on the project.
- Completing a Conflict of Interest Financial Disclosure form, and having no conflict of interest that could affect the conduct of the project.
- Ensuring that the PI, and any subcontractor or sub-recipient on this project, is not debarred, suspended or proposed for debarment by any federal entity. The PI agrees to notify the University (both OSP and Purchasing Dept.) of any change in this status, should one occur, until such time as an award is made under a procurement action. See www.sam.gov.
- Completing a Conflict of Interest Financial Disclosure form, and having no conflict of interest that could affect the conduct of the project.
- Certifying the time/effort of personnel paid by the grant, contract/subcontract, or cooperative agreement, or cost sharing/matching time on the project.

- Ensuring that the PI as well as all undergraduate, graduate, or post-doctoral students receive Responsible Conduct of Research training, if required by the sponsor. PIs and students are required to sign a Completion of Training form confirming the date, receipt, and satisfactory completion of this training. The form must be returned to OSP for the record file.
- Ensuring that GVSU policies and federal regulations regarding the protection of human research subjects are followed. Ensuring the adherence to federal governing regulations and GVSU Animal Care and Use Policy for the use of animals in research.
- Ensuring compliance with the GVSU policy on Political Activity, as well as ensuring compliance with the terms and conditions of an award governing such activity.
- Submitting required reports and/or documentation in a timely manner.
- Certifying that the PI, and any subcontractor or sub-recipient on this project, is not debarred, suspended or proposed for debarment by any federal entity. The PI agrees to notify the University (both OSP and Purchasing Dept.) of any change in this status, should one occur, until such time as an award is made under a procurement action. SERVICE AND CONSULTING AGREEMENTS POLICY

SLT 3.11.6

Date of Last Update:
October 15, 2018

Approved By:
Senior Leadership Team

Responsible Office:
Center for Scholarly and Creative Excellence

POLICY STATEMENT

This document establishes Grand Valley State University’s (University) official policy governing the approval and management of service or consulting agreements that employees through the University, meaning cases in which the University would be the contracting party. These are agreements under which Principal Investigator (PI)-Eligible faculty and/or Administrative/Professional (A/P) staff members are obligated to provide specified services or “deliverables” and that do not fall squarely within the traditional framework of research or teaching activities. While these agreements may have research, scholarly, or other benefits to the University, those benefits are a secondary aspect, not the primary purpose of the activity. The terms “service agreement” or “consulting agreement” are intended to be descriptive; such agreements could have other labels or titles.

In some cases, employees who may consider providing services independently of the University as consultants will do this for their own account, on their own time, and using their own resources and subject to applicable University policies. However, review and approval of all proposed service and consulting agreements under this policy is required to ensure compliance with employment, tax, and intellectual property law; regulatory requirements governing research and the use of certain kinds of data; and institutional policies regarding student engagement in externally funded activity and the appropriate use of University resources.

The University should be the contracting party only when justified by compelling reasons that meet the General Criteria of this policy. There are occasions, however, when a PI-Eligible faculty or AP staff member wants to provide a service through the University. For example, the activity may have a strong academic and/or University programmatic component and the faculty or A/P staff member may want to be able to use university facilities, resources, staff, or students to carry out the proposed contractual activity. In those circumstances, this policy allows for the University to act as the contracting party, but only if the activity in question meets the General Criteria of this policy.

By way of illustration, but without limitation, services that PI-Eligible faculty and A/P staff members may seek to provide through this policy may include:

- Performing an evaluation or assessment of an external program, such as an educational program or public-health initiative;
- Establishing rating criteria, such as standards for measuring health or safety outcomes;
- Providing technical assistance to a foreign government in areas such as social, health or economic services;
- Delivering professional-developement services;
- Partnering with industry to engage students in technical projects the delivery of which will contribute to the educational goals of the students involved; and/or
- Assisting a city government in its urban planning.
This policy designates authority to the Vice Provost for Research Administration or their designee to establish such operational procedures as deemed necessary to implement the policy, and ensure operational efficiency, proper oversight of compliance and financial management, and ensure the success of externally sponsored projects at the University.

**DEFINITIONS**

**Authorized Organizational Representative (AOR):** The official to whom the Provost delegates authority to submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University and to accept on behalf of the University any awards, contracts, or agreements resulting from such proposal submissions or other solicitation processes.

**PI-Eligible:** University faculty and AP staff members who are documented as eligible to serve as a Principal Investigator as defined in the University’s Principal Investigator Eligibility Policy.

**Benefits and Risks**

Often, participating in service agreements involves high-profile and challenging projects that may benefit members of the university community by, for example:

- **Increasingly:** to faculty; staff, and student expertise;
- **Demonstrable:** connections to curricular and co-curricular development, new teaching cases, program development in executive education, and professional development;
- **Engaging:** faculty in domestic and international matters that are highly relevant to their teaching and scholarship, or employees in their administrative responsibilities; and/or
- **Initiating or reinforcing:** strong institutional relationships that can serve long-term University interests.

Though there may be much to recommend the pursuit of these opportunities, especially where there is substantial potential to advance scholarship, education, and service, these arrangements may also pose risks that need to be managed. Service and Consulting Agreements are more complicated for the University to manage than routine sponsored-project agreements because of the expectations of the external entities, who perceive themselves as clients or customers rather than sponsors.

The following potential risk factors will be considered in the evaluation of Service and Consulting Agreements:

- **The University**, as the contracting party in these agreements, bears the risk of liability or reputational harm for non-performance or poor performance of agreed-upon tasks and for unsatisfactory contract “deliverables.” Potential risks reach beyond the payments to the University and could include monetary damages from the downstream effects of contested performance.
- **Unlike in sponsored-project arrangements** (e.g., assistance awards, such as grants or cooperative agreements), in which the sponsor may be presumed to be committed to the principles of objective science or the enhancement of the public welfare, “clients” or “customers” in service arrangements may be more focused on obtaining specific results and will likely be more involved in directing performance of the services. Institutional integrity and impartiality may be called into question if expectations are not properly managed at the outset.
- **The use of the University’s students and staff to assist in these projects also raises unique policy issues.** The University has a duty to students in particular. They should not be made to work on projects unless the work advances their educational goals. The interests of employees, students, and the institution must be safeguarded in the negotiation of such arrangements to assure that they may generate and publish works of scholarship, receive proper credit for their work, obtain appropriate intellectual property or other proprietary rights in the work product, and avoid confidentiality or other obligations that may compromise transparency and injure reputations.
- **Special attention must be paid to assure that these arrangements comply with the university’s obligations as a tax-exempt organization** (e.g., IRS regulations regarding Unrelated Business Income).

**General Criteria**

The proposed Service and Consulting Agreement must:

1. Advance the core mission of the academic or non-academic organizational units that will carry it out;
2. Provide a significant institutional and/or public benefit; and;
3. If students are to participate in the activity, provide both a learning experience that advances student educational goals and that students will be free to use and disclose details of the experience in their academic and career pursuits, unless a Non-disclosure Agreement has been approved by the Office of the Vice Provost for Research Administration.

The determination as to whether a proposed Service and Consulting Agreement meets these criteria shall be the responsibility of the employee’s Appointing Officer. Such determinations shall be documented using University procedures for sponsored activity.

In addition, the proposed Service and Consulting Agreement must:

1. Present manageable and limited risks;
2. Be accurately budgeted to generate sufficient revenue to pay for full performance that includes both the direct charges associated with the activity and the university’s full federal negotiated facilities & administrative cost rate;
3. Be properly accounted for from a tax perspective;
4. Be reviewed and processed by the Technology Commercialization Office and the Office of Sponsored Programs (which may include the execution of a non-disclosure agreement to protect the intellectual property of the parties to the agreement); and
5. Receive approval from the employee’s Appointing Officer.
6. Be approved and submitted by the Vice Provost of Research Administration and/or designee.

And finally, once the Service and Consulting Agreement is fully executed, and throughout the performance of the contractual scope of work, the PI and responsible organizational unit must ensure that the activity complies with:

1. The contracted scope of work, timeline, and all agreed deliverables;
2. All applicable federal and state laws and regulations (e.g., export controls, use of human or animal subjects, intellectual property rights, disclosure and mitigation of financial and other conflicts of interest); and
3. All relevant University policies, such as invoicing for payment via the central accounting office of the University, and the use of the University’s name, facilities, equipment, supplies, and other resources.

**PRINCIPAL INVESTIGATOR ELIGIBILITY POLICY**

**SLT 3.11.7**

**Date of Last Update:**
October 15, 2018

**Approved By:**
+ Senior Leadership Team

**Responsible Office:**
Center for Scholarly and Creative Excellence

**POLICY**

This policy establishes the eligibility requirements for and the duties and responsibilities of all Principal Investigators (PI) at Grand Valley State University (University). The policy also provides for the establishment of formal processes to request and approve exceptions to the PI eligibility requirements.

**POLICY STATEMENT**

For each externally sponsored project, it is customary to designate as PI one person who bears ultimate responsibility for scientific, technical, and programmatic decisions, and all financial, administrative, and compliance matters relating to the project. It is the policy of Grand Valley State University that only eligible University faculty, staff, and trainees and appointees (when appropriate) may serve as the PI on externally sponsored projects to be carried out on behalf of the University.

Serving as the nominal project leader to lend credibility to a proposal while delegating PI responsibility to another person (i.e. “fronting” as the PI) is never permissible and is considered a violation of this policy. PI eligibility is conferred in one of two ways: (1) automatically, by position, and (2) via special request, both subject to training as required by this policy.

**1. Automatic Eligibility:** PI eligibility is automatically conferred upon tenure and tenure track faculty at the rank of Professor, Associate Professor, or Assistant Professor.

**Special-Request Eligibility:** If PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s).
Certain non-academic units (e.g., the University Art Gallery, Small Business Development Center, Johnson Center for Philanthropy, Van Andel Global Trade Center) may request longterm PI status for the director, associate director, and other Administrative/Professionals (regular, full-time employees), as they deem appropriate. These personnel are all subject to standard Compliance and Training requirements for PI Eligibility.

1. Fellowships and Training Opportunities
Trainees (typically graduate students and post-doctoral fellows) may be eligible to be PIs on fellowship and training programs when that designation is required by the funding agency as documented in a funding opportunity announcement and a PI-eligible faculty or staff member is identified and documented as their sponsor/mentor. In this circumstance, a trainee’s PI eligibility is conferred and verified by the applicable Department/Unit Head’s approval during the internal proposal-routing process. It is not necessary to document approval of trainee PI eligibility via Special Request.

Trainee PI status is consistent with the treatment of all Special Requests for PI eligibility, in that it is conferred on a case-by-case basis; it does not confer blanket PI eligibility status for any other externally sponsored projects.

Compliance and Training Requirements
However, it is conferred, PI Eligibility Status is contingent upon the documented completion of all required compliance and sponsored-programs training. Training requirements, certification, and documentation are determined and administered collaboratively by the Vice Provost for Research Administration, the Office of Sponsored Programs, the Office of Research Compliance & Integrity, and the Controller.

PROCEDURES
This policy designates authority to the Vice Provost for Research and the Director of Sponsored Programs to establish such operational procedures as they deem necessary to implement this policy, and ensure operational efficiency, proper oversight of compliance and administration, and the success of externally sponsored projects at the University.

It is the responsibility of the Office of Sponsored Programs to review all proposals to fund externally sponsored projects to determine and document PI eligibility prior to proposal submission. Proposals put forward by individuals without documented PI eligibility will generally not be approved for submission. Awards resulting from proposals submitted by ineligible PIs who either knowingly or unwittingly circumvent the standard approval process will generally not be accepted by the University.

Responsibilities of All Principal Investigators
Although the University is legally responsible to the sponsor as the actual recipient of any externally sponsored award, the Principal Investigator (PI) is accountable for the proper fiscal management and conduct of the project. This includes managing the project within funding limitations and all of the terms of the award, assuring that the sponsor is notified when significant conditions related to project status change, and ensuring that all programmatic reporting requirements are met in a timely fashion. To assist PIs, the University provides supporting administrative services and has established procedures to help meet both sponsor and University requirements. While responsibility for the day-to-day management of project finances may be delegated to administrative or other staff, accountability for compliance with federal requirements, University policies, and sponsor requirements ultimately rests with the PI. The full cooperation and vigilance of the PI, along with the University, is necessary to maintain the stewardship role.

1. Preparation of Proposals
Principal Investigators have primary responsibility for planning and carrying out the preparation and submission of proposals for external support. Although PIs may have administrative staff to assist with the proposal-development process, they are ultimately responsible for the quality and scientific integrity of the proposal, and for understanding and complying with all University policies for managing external support.

a. Technical Proposal
The Principal Investigator is responsible for preparing the technical proposal.

b. Proposal Budget
The Principal Investigator prepares, or directly supervises the preparation of, all aspects of the proposed budget and budget justification. This responsibility includes coordination with Procurement Services and compliance with all procurement policies and procedures. It also includes identifying any requests and sufficient resources for cost sharing (including matching funds); the need for space or space modifications (including any accommodations for large and/or unusual equipment); and the need for outside collaborators (sub-recipients, contractors, consultants). The PI ensures all costs are allowable, allocable, and reasonable for the project in accordance with the federal cost principals set out in OMB 2 CFR 200, and that all proposals include full recovery of all anticipated project costs. Full recovery includes recovery of indirect costs at GVSU’s negotiated federal rate or (in the case of non-federal sponsors or federal training grants) the maximum rate allowed under published sponsor policy.

c. Regulatory Requirements
The PI is responsible for anticipating whether the research will involve human subjects, live animals as subjects, recombinant DNA, infectious agents, narcotics or biological toxins, human blood or body fluids, radioactive materials, hazardous materials, export controls, conflicts of interest, or other regulated activities requiring University review or clearance. The PI is responsible for preparing information and forms required by the University’s Office of Research Compliance & Integrity.

d. Project Approvals
The Principal Investigator prepares, or directly supervises the preparation of, and electronically signs internal proposal-approval forms, and requests required approvals in a timely fashion.

2. Acceptance of the Award
The PI is responsible for collaborating with the Office of Sponsored Programs in any negotiations with the sponsor relating to modifications of the project scope or budget or proposed terms and conditions of the award.

The Principal Investigator is responsible for reviewing and approving the award agreement, in conjunction with OSP, including the scope of work, budget, and the special terms and conditions of the award, and for managing the award in accordance therewith.

3. Conduct and Management of Award
The Principal Investigator is responsible for all actions required to manage and complete the scientific, programmatic, and financial aspects of the externally sponsored project in accordance with all of its terms and conditions, including the performance of all sub-recipients. The Principal Investigator is also responsible for the management of the award budget and expenditures in accordance with federal, GVSU, and sponsor requirements. This responsibility includes attesting to the allowability, allocability, and reasonableness of all expenditures. Principal investigators are responsible for routine monitoring of the status of grant accounts to prevent overdrafts and incorrect charges and to ensure that unallowable costs are not charged to an award.

The Principal Investigator is responsible for the timely submission of all required programmatic reports, interim and final. The information contained in such reports must be supported by adequate documentation. The Principal Investigator will provide copies of all required programmatic and progress reports to the OSP and the Grants Accounting office.

DEFINITIONS
Externally Sponsored Project: All grants and cooperative agreements (direct assistance actions); all incoming or outgoing subrecipient agreements or subawards (pass-through assistance actions); certain incoming or outgoing contracts (i.e., externally sponsored procurement agreements), including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do not include purchasing agreements or philanthropic gifts.

Principal Investigator (PI): An individual with a formal affiliation with the University, normally an employee, who is or becomes eligible under this policy to submit a proposal for extramural support for a research, training, public-service, or other externally sponsored project, who personally participates in the project to a significant degree, and who has primary responsibility for the scientific, technical, programmatic, and administrative conduct and reporting of the project, including compliance and financial matters. A Principal Investigator who is the head of a training or other sponsored project may be known as a Project Director. For the purposes of this policy, the terms shall be considered equivalent. The University only recognizes one individual as the Principal Investigator and this individual must personally participate in the project to a significant degree.

Co-Investigator (Co-I): An investigator who will share responsibility for the scientific, technical, and/or administrative conduct and reporting of a research or sponsored project with the Principal Investigator. Each individual named as a Co-Principal Investigator at the University must meet the same eligibility requirements as a PI as noted above. There may be more than one Co-Principal Investigator, but one person is designated as the leader (PI) of the project. While the University allows this approach, not all sponsors allow Co-PI models. In certain cases, a sponsor (e.g., the National Institutes of Health—NIH) may allow a Multiple Principal Investigator model to be employed in a research or sponsored project. Such models feature multiple PIs who are expected to equally share responsibility for leadership of multidisciplinary and other types of “team science” projects that are not optimally served by the single Principal Investigator model. Such models typically require a single “Contact PI” and special justification in the form of a Multi-PI Plan that documents processes for project governance and resolution of conflicts.
**POLICY STATEMENT**

In conduction of research, all people working with laboratory animals must be qualified to do so in order to ensure the humane treatment of animals. As such, Grand Valley complies with the Animal Welfare Act as described below.

**PROCEDURES**

The Animal Welfare Act (AWA) Sec. 2.32 (a), (b), and (c) specify:

(a) It shall be the responsibility of the research facility to ensure that all scientists, research technicians, animal technicians, and other personnel involved in animal care, treatment, and use are qualified to perform their duties. This responsibility shall be fulfilled in part through the provision of training and instruction to those personnel.

(b) Training and instruction shall be made available, and the qualifications of personnel reviewed, with sufficient frequency to fulfill the research facility’s responsibilities under this section and §2.31.

(c) Training and instruction of personnel must include guidance in at least the following areas:

1. Humane methods of animal maintenance and experimentation, including:
   i. The basic needs of each species of animal;
   ii. Proper handling and care for the various species of animals used by the facility;
   iii. Proper pre-procedural and post-procedural care of animals; and
   iv. Aseptic surgical methods and procedures;

2. The concept, availability, and use of research or testing methods that limit the use of animals or minimize animal distress;

3. Proper use of anesthetics, analgesics, and tranquilizers for any species of animals used by the facility;

4. Methods whereby deficiencies in animal care and treatment are reported, including deficiencies in animal care and treatment reported by any employee of the facility. No facility employee, Committee member, or laboratory personnel shall be discriminated against or be subject to any reprisal for reporting violations of any regulation or standards under the Act;

5. Utilization of services (e.g., National Agricultural Library, National Library of Medicine) available to provide information:
   i. On appropriate methods of animal care and use;
   ii. On alternatives to the use of live animals in research;
   iii. They could prevent unintended and unnecessary duplication of research involving animals; and
   iv. Regarding the intent and requirements of the Act.

The PHS Policy, Section IV.C.1.f. places the responsibility specifically with the IACUC to ensure that personnel conducting procedures on research animals are appropriately qualified and trained in those procedures. The Institutional Animal Care and Use Committee may require additional training for each individual, depending on their prior training and experience with animals.

**UNITED STATES GOVERNMENT DOCUMENTS INTERNET USE**

**POLICY STATEMENT**

Grand Valley State University Libraries will provide the public with free and unrestricted access to online government information provided through the Federal Depository Library Program in accordance with section 1911 of Title 44, United States Code.

**PROCEDURES**

The public is able to access these materials on the Government Documents personal computers in Mary Idema Pew Library Learning & Information Commons and Steelcase libraries. Patrons are not required to provide any form of identification to use these computers, although they will need to see a librarian or staff person at the reference desk to log in. Patrons using these computers are expected to adhere to the university’s policies regarding the use of electronic resources.

**SPACE ASSIGNMENT POLICY**

**POLICY STATEMENT**

Space is an institutional resource of Grand Valley State University. As such, it does not belong to an individual, a program, a unit or a college and may be reassigned in the best interests of the University. The goal of the University's allocation and reallocation of space is to achieve the highest and best use of University resources.

The Provost's Office is responsible for assigning and overseeing space used for academic purposes, including classrooms, laboratories, academic secretarial spaces, and faculty offices. It discharges that responsibility by working closely with the Facilities Planning Office to maintain and remodel existing space; to allocate and reallocate that space; to help plan, schedule, and coordinate moves; to plan new space; and to explain allocation and reallocation decisions.

The Facilities Planning Office is responsible for overseeing all non-academic space, including outdoor space. It discharges that responsibility by working closely with the Provost's Office to maintain and remodel
existing space; to allocate and reallocate that space; to help plan, schedule, and coordinate moves; to plan new space; and to explain allocation and reallocation decisions. At least annually, Facilities Planning will conduct a physical review of space to investigate identified issues or potential space issues that need attention. Periodically, the Provost’s Office and the Facilities Planning Office will meet with appropriate representatives of the University’s organizational units to discuss upcoming moves and longer term plans for expansion and/or contraction. This policy is applicable to all departments, offices, University employees and other members of the University community occupying space owned or leased by the University.

2. Submit the following documents to their Dean or Appointing Officer, with copies to the Padnos International Center (PIC), at least seven days before departure:
   a. Detailed itinerary for program/project;
   b. Contact information on how the faculty member can be reached for each stage of the program;
   c. Emergency contact information for each participant in the group (form available from PIC website);
   d. Signed liability waivers from each participant in the group (form available from PIC website);
   e. Photocopy of photo/information page of each participant’s passport;
   f. Completed Health Information form for each participant in the group (form available from PIC website).

ADOPTION LEAVE POLICY
SLT 4.1
Date of Last Update: December 14, 2021
Approved By: Senior Leadership Team
Responsible Office: Human Resources

POLICY STATEMENT
The University recognizes the need for family and medical related leave. The following policy complies with the Family and Medical Leave Act (FMLA) and provides guidelines for procedures regarding paid or unpaid leave. By enacting this policy Grand Valley aims to allow necessary time away from the university for individuals to cope with and adapt to various family and medical related situations as described in this policy.

PROCEDURES
Adoption Leave
Grand Valley State University provides paid time off for bonding for all GVSU employees who are eligible for salary continuation/short term disability policies holding parental relationships for adoption. Please refer to the Parental Leave Policy regarding paid leave time.

Qualifying Expenses
Qualifying adoption expenses will be reimbursed up to a maximum of $3,000 per child. Qualifying expenses are defined as those that are reasonable and necessary adoption fees, court costs, attorney fees, traveling expenses while away from home, and other expenses related to, and whose principal purpose is for, the legal adoption of a child.

Process for Applying for Benefits
Upon formal placement of the adopted child, submit an adoption assistance claim form to Human Resources at 1090 James H. Zumberge Hall along with detailed receipts for eligible expenses. Human Resources will determine eligible expenses, the amount payable for reimbursement and will submit a request to the Payroll Office for payment. The reimbursement will be processed with the next payroll.

Taxation of Benefits
The amount of tax credits and exclusions available to adopting parents vary. Since an employer’s adoption assistance is not subject to income tax withholding, GVSU will not determine the extent to which the payment of reimbursement on behalf of each employee is eligible for the exclusion. However, GVSU will withhold taxes only for Social Security and Medicare.

Adding Dependent to Insurance
At the time of placement, you may add your child to your benefit plans. Any additions or changes must occur within 30 days of the official placement. Contact Human Resources at 331-2215 to add dependent.

EXERCISE RELEASE TIME POLICY
SLT 4.2
Date of Last Update: February 04, 2022
Approved By: Senior Leadership Team
Responsible Office: Human Resources

POLICY STATEMENT
Faculty and staff well being is valued at GVSU. Physical activity is a vital component to wellbeing and GVSU strives to increase the ability for faculty and staff to take time to fit physical activity into their day. The exercise release time policy reflects University’s mission by providing opportunities for faculty and staff to maintain optimal health and capacity to educate students. The policy supports university values, specifically sustainability and effective teaching. The concept of sustainability includes modeling a lifestyle of healthy living through active living, which this policy supports.

The policy provides opportunities for physical activity during the workday encouraging and promoting health risk reduction. It has been shown that physical activity increases attentiveness, reduces stress and biochemical functions such as blood pressure and glucose levels. A healthier faculty and staff population with fewer health risks can increase the number of positive interactions between faculty, staff and students through improved attentiveness, reduced stress and more.

Upon supervisor approval, GVSU staff may utilize up to two (2) 30 minute time periods a week to allow time to freshen up from, or to prepare for, a fitness class or individual workout. Pending schedules and workload, up to two additional 30-minute time periods per week may be permitted. This time can be added to the beginning of the workday, added to the lunch period, or to the days end and is inclusive of travel time if needed (i.e. to the Field house or YMCA for a class). Days and times to utilize this policy may be determined with the help of a written agreement between the supervisor and staff member (see HR website for this optional written agreement form). The release time may be divided into time prior to or after the indicated workout period. For further information contact Human Resources at 331-2215.

FAMILY AND MEDICAL LEAVE ACT (FMLA) POLICY

SLT 4.3

Date of Last Update:
February 04, 2002

Approved By:
Senior Leadership Team

Responsible Office:
Human Resources

POLICY STATEMENT

The Family and Medical Leave Act of 1993 (FMLA) gives eligible Grand Valley State University faculty and staff the right to take unpaid leave or paid leave, if appropriate benefits have been earned, for a period of up to 12 work weeks in a 12-month period because of the birth of a child or the placement of a child for adoption or foster care, because the faculty or staff member is needed to care for a family member (child, spouse, or parent) with a serious health condition, or because the faculty or staff member’s own serious health condition makes them unable to do their job, or because of any qualifying exigency arising out of the fact that the staff member’s spouse, child, or parent is a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation, or to care for a covered servicemember with a serious injury or illness if the staff member is the spouse, child, parent, or next of kin of servicemember. Leave taken for one or more of these reasons, when combined together, may not exceed 12 weeks during the rolling backward 12-month period. Under certain circumstances, this leave may be taken on an intermittent basis rather than all at once, or the faculty or staff member may work a part-time schedule.

PROCEDURES

A faculty or staff member on FMLA leave is entitled to maintain the same health benefits (such as medical, dental and vision insurance) as they had before going on leave. The faculty or staff member, however, would continue to pay their share of any applicable premiums during the leave period.

A faculty of staff member generally has a right to return to the same position or an equivalent position with equivalent pay, benefits and working condition at the conclusion of the leave.

Grand Valley State University also requires notification, as explained in this policy, from faculty and staff members who wish to take a leave under the parameters of the FMLA.

A. Who is eligible for FMLA?

1. All full-time and part-time faculty or staff members who meet all of the following criteria:
   a. Have worked at Grand Valley State University for at least 12 months.
   b. Have worked at least 1,250 hours of service during the 12-month period before the leave.

2. Grant, contract and temporary-funded faculty or staff members may be eligible for benefits under the FMLA during the term of their grant, contract or funding. The provisions of the FMLA do not continue past the date the funding or contract expires.

B. Notification Requirements

1. In order to receive leave under the FMLA, the faculty or staff member must notify their supervisor and Human Resources of the need for leave. When possible, this should be a minimum of 30 calendar days prior to the date the leave will begin.

2. If the faculty or staff member is unable to provide 30 days advance notice (such as a medical emergency) the faculty or staff member must notify their supervisor and Human Resources as soon as possible.

3. Failure to provide advance notice (when determined it was possible to do so) may result in delaying approval of the FMLA leave.

C. Faculty/Staff Job Rights

1. Subject to the specific limitations contained in this Policy, eligible faculty or staff members may take a total of up to 12 weeks of FMLA leave during a 12-month period.

2. The faculty or staff member will be returned to their position or equivalent position at the end of the FMLA leave, provided: the grant/contract/term of employment did not expire during the leave, or the University is still offering those positions previously performed by the faculty or staff member at the time the faculty or staff member is ready to return to work, or the faculty or staff member’s position was not eliminated due to a business or economic reason.

3. If a faculty or staff member is requesting an intermittent or reduced schedule leave, the University has the right to transfer the faculty or staff to another position during the time period of such leave. However, such a temporary transfer would be to a similarly situated and similarly classified position. The faculty or staff member’s salary, benefits, etc. would not be negatively affected.

4. If a faculty or staff member does not return to work after the FMLA leave is over and they do not apply for and receive approval for another University leave, they will be considered to have voluntarily resigned employment with the University.

5. The University will not discharge or discriminate against, or otherwise interfere with, restrain or deny a faculty or staff member from exercising rights under the FMLA.

D. Time Period

1. For purposes of the FMLA, the 12-month period will be a “rolling” 12-month “look back” period based on the faculty or staff member’s use of the FMLA leave during the previous 12 months. Therefore, an employee will not be entitled to more than 12 weeks of FMLA leave during any 12-month period.

2. A faculty or staff member requesting a FMLA leave may be required to use available accrued vacation for all or part of the leave. If they do not have enough accrued vacation to cover the leave period they may use a combination of vacation and unpaid leave.

3. University policies on leaves of absences, sick leave, salary continuation etc., will run concurrently with the provisions of the FMLA when applicable. Additional paid or unpaid leave may be considered, consistent with other University approved leave of absence policies.

E. Faculty/Staff Member Benefits

1. The faculty or staff member on FMLA leave will continue to receive University provided medical and dental insurance as though they were working. Such benefits will continue whether the leave is paid or unpaid. If a premium is required, provision to pay the premium during an unpaid leave must be arranged by the faculty or staff member by contacting the Human Resources Office. The same procedure will be followed for collecting premiums under an unpaid FMLA leave as is done for other unpaid leaves.

2. Failure to make required payments will result in loss of coverage, or in an obligation to repay the University if it elects to advance money to keep the coverage in effect. If the leave is paid, any required premium will continue to be deducted from the faculty or staff member’s paycheck, as is the customary manner.

3. If a faculty or staff member does not return from the FMLA leave, they may be required to repay the University for the cost of benefits received while they were on leave.

4. If the faculty or staff member does not return from leave, they may continue their medical and dental coverage by paying all required premiums under the COBRA provisions.

F. Intermittent and/or Reduced Schedule Leave

1. Faculty or staff members may request and be granted intermittent/reduced schedule leave in the case of a serious illness of themselves, their parent, spouse or child if there is a medical necessity, or for the birth of a child, adoption or foster care in collaboration with approval of the supervisor, and if the leave needs can be best accommodated through such a leave.

2. Intermittent/reduced schedule leave must be scheduled whenever possible at least ten (10) days in advance.

3. Intermittent/reduced schedule leave must be taken in 15-minute increments.
4. Intermittent/reduced schedule leave is counted toward the 12 week maximum FMLA leave which can be used during a 12-month period.
5. Intermittent/reduced schedule leaves, unless otherwise noted, are subject to the appropriate general provisions of this policy.
6. The faculty or staff member is required to schedule intermittent leave, when possible, so not to unduly interfere with the department’s operations.
7. If the faculty or staff member was temporarily transferred to another position during their intermittent or reduced schedule leave, the employee must give the University ten (10) days notice of the ability to end the leave and return to their former position or an equivalent position.

G. Conditions and Procedures for Birth and Adoption (Family Leave)
An eligible faculty or staff member is entitled to take up to 12 consecutive weeks off for family leave for the birth of their newborn child, for the legal adoption of their child; or, to accept foster care placement of a child. The following conditions apply:
1. The 12 weeks of leave is typically taken consecutively and must be within the first 12 months after the birth or adoption. Intermittent or reduced schedule leaves may be considered and will be done in collaboration with the approval of the supervisor and Human Resources.
2. Each employee is entitled to 12 weeks except if both spouses work for Grand Valley State University. In that case, the total number of bonding weeks taken between the two faculty or staff members cannot exceed 12. This does not include the personal medical recovery period for a birth parent. Leave time must be taken concurrently, unless otherwise approved by the University.
3. The medical recovery period for the birth of a baby will be considered as a medical leave, and be counted towards the 12 weeks of FMLA. This bonding period must be taken within the first 12 months following the baby’s birth. The bonding period will also be counted toward the 12 weeks of FMLA.
4. The faculty or staff member requesting family leave for birth/adoption (other than under the provisions of Income Protection) may use available accrued vacation time, unpaid leave or a combination of paid and unpaid leave as part of the FMLA leave, or the University may require the faculty or staff member to substitute available paid leave for FMLA leave. If the employee does not have enough paid benefit time to cover the leave, they will go on an unpaid leave.
5. Verification of adoption, birth of a child of foster placement may be requested.

H. Procedures on Serious Health Condition of Family Member
An eligible faculty or staff member is entitled to take up to 12 weeks off from work to care for a spouse, parent or child with a serious health condition.
1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.
2. The “need to care for” a family member includes both physical and psychological care when the family member is unable to care for their own basic medical hygienic or nutritional needs or safety, or is unable to transport themselves to the doctor, etc. It also includes time needed to make arrangements for changes in care, such as transfer to a nursing home.
3. A “child” includes a biological, adopted, or foster child, stepchild, legal ward, or a child of a person standing in loco parentis who is under the age of 18 or, if older than 18, is incapable of self-care because of mental or physical disability. The term "spouse" means husband or wife. "Parent" is the person who acted as a parent when the faculty or staff member was a child but does not include mother-in-law or father-in-law.
4. The leave may be taken intermittently or on a reduced leave but the total amount of time off cannot exceed 12 weeks of the faculty or staff member’s normal hours worked.
Example: Full-time faculty or staff member: 40 hours/week X 12 weeks = 480 hours Part-time faculty or staff member: 20 hours/week X 12 weeks = 240 hours
5. Only in cases where both parents are university employees and one must stay home to take care of the other who is seriously ill, or where there is a serious illness of a child that is so serious as to require a parent to stay with the child, can each parent take 12 weeks off.

I. Procedures on Faculty/Staff Member’s Own Serious Health Condition
An eligible faculty or staff member is entitled to take up to 12 weeks off from work due to their own serious health condition, which prevents them from being able to perform the functions of their position.
1. A serious health condition means an illness, injury, impairment or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

J. Military Family Leave
1. An eligible faculty or staff member is entitled to take up to 12 weeks off from work because of any qualifying exigency arising out of the fact that the faculty member’s spouse, son, daughter, or parent is a covered military member on active duty (or notified of impending call or order to active duty) in support of a contingency operation.
2. Qualifying exigencies may include attending certain military events, arranging for an alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.
3. The University will provide eligible employees up to 26 weeks of leave during a single (one time only) 12-month period to care for a covered service member (spouse, son, daughter, parent, or next of kin). Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed 26 weeks in a single 12-month period.
   a. A “covered servicemember” means:
      i. A member of the Armed Forces (including the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.
      ii. A veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first day the eligible employee take FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy of a serious injury or illness.
   b. The term “serious injury or illness” means:
      i. In the case of a member of the Armed Forces, means an injury or illness that was incurred (or aggravated) by the member in the line of duty while on active duty in the Armed Forces, provided that such injury or illness may render the family member medically unfit to perform duties of the member's office, grade, rank or rating.
      ii. In the case of a veteran who was a member of the Armed Forces at any time during a period when the person was a covered servicemember, means a qualifying injury or illness that was incurred (or aggravated) by the member in the line of duty and that manifested itself before or after the member became a veteran.

K. Certification of Need for FMLA Leave
1. Initial Certification - Grand Valley may require certification from the faculty or staff member's health care provider for the following reasons: to verify that the faculty or staff member is needed to care for the family member; or, the faculty or staff member is not able to perform their job duties. The University reserves the right to ask for a second opinion by a health care provider chosen by the University. Such an opinion will be paid for by the University. If the University requests a third opinion, that opinion will be final and binding. If the second opinion and the original opinion conflict, the University will pay for a third opinion. The University and the faculty or staff member will work together to reach agreement on whom to use for the third opinion. All certification must be provided to the University within 15 calendar days of the University's request. If practical, the third opinion will be final and binding.
2. Continuing Certification - Each 30 days, the University may request verification of the need to continue the leave. Failure to provide such requested documentation in a 15-day period may result in termination of FMLA leave.
3. A "health care provider" may include, for example, a licensed doctor of medicine or osteopathy, dentist, clinical psychologist, and other health care providers authorized under the Family Medical Leave Act.
4. When the faculty or staff member is ready to return from their leave, they may be required to submit medical verification (if applicable) of their ability to return to work.

L. Questions and Policy Interpretation
1. The Human Resources Office is responsible for implementing and coordinating the provisions of the FMLA for the campus. Questions may be directed to the Human Resources Office, extension X12215.
2. If there are any conflicts between the University policy and provisions of the Federal Act, the provisions of the Federal Act will supersede, with the exception of situations where University policy, handbooks or contracts provide benefits greater than the act. The Federal Act and the Federal regulations will be used to resolve issues that arise.

SMOKING (AND VAPING) POLICY

SLT 4.6

Date of Last Update:
February 04, 2022

Approved By:

• Senior Leadership Team

Responsible Office:
Human Resources

POLICY STATEMENT

The United States Department of Health and Human Services Surgeon General Report of 2006 indicates that secondhand smoke is an avoidable cause of disease and death. Exposure to second hand smoke, even for a short time, results in adverse affects to the cardiovascular system and can cause coronary heart disease and lung cancer. The report concludes that second hand smoke can cause disease and premature death in individuals who do not smoke. Reducing and eliminating opportunities for exposure to second hand smoke protects the overall health of non-smokers. By enacting this policy, Grand Valley State University is taking action to minimize the harmful effects and discomfort which smoking produces for the benefit of all members of the University Community. During the interim until further study and review can be concluded, for purposes of this policy, the use of electronic cigarettes (vaping) shall follow this policy to the same extent as smoking a tobacco product.

PROCEDURES

All buildings at all GVSU owned or controlled locations are designated as smoke free. Smoking is prohibited in all indoor spaces; including, but not limited to, educational, housing and dining locations.

Smoking is prohibited within twenty-five (25) feet of any GVSU building, within twenty-five feet of any GVSU bus stop on University property and within twenty-five feet of the Little Mac Bridge on the Allendale campus.

Smoking is prohibited in all University owned, leased or rented vehicles. At all intercollegiate Athletic facilities and at The Meadows Golf Club smoking is permitted in designated outdoor smoking areas only.

Smokers must cease smoking prior to entering any prohibited smoking area; twenty-five feet from any building, bus stop and bridge.

While GVSU permits smoking in areas not designated to be smoke free, it is the responsibility of smokers to be respectful of non-smokers in choosing a location in which to smoke so as to minimize non-smokers’ contact with second-hand smoke.

Smokers are responsible for properly disposing of all smoking related litter, which includes cigarette and cigar butts, tobacco, etc. Disposal of any smoking litter is not permitted on University grounds except in the provided ash receptacles.

If University facilities are rented by non-University individuals or groups, they shall be notified of and required to comply with this policy.

As the University acquires space or constructs new buildings or additions, smoking shall not be permitted in these buildings or areas. The above twenty-five foot distance from any building will be maintained at all new facilities.

GVSU recognizes that smoking is highly addictive. Smokers interested in assistance with quitting smoking should contact the appropriate office to learn about smoking cessation options and support. Students should contact the Campus Recreation Fitness and Wellness Office and faculty and staff members should contact Human Resources at 331-2215.

Policy Enforcement

This policy assumes that with notice to our community individuals will voluntarily adhere to these regulations and enforcement will not be needed. If smoking is observed in violation of this policy the appropriate action to take is to:

• Politely ask the person who is smoking either to stop smoking or to move to a designated smoking area, outside of the twenty-five foot perimeter of the building, bus stop or bridge.
• Should the problem persist, request the person’s name and status at Grand Valley (student, faculty, staff member or visitor). If the person refuses to identify themselves, on the Allendale campus contact the Department of Public Safety Services at (616) 331-3255 or on the Pew Campus or other campuses contact Pew Campus Security at (616) 331-6677 for assistance.
• If the person violating this policy is a student, a complaint may be filed with the Dean of Students’ Office, (616) 331-3585, which shall take appropriate action.

**ANIMALS ON PROPERTY OWNED OR CONTROLLED BY THE UNIVERSITY**

**SLT 6.1**

**Date of Last Update:**
August 28, 2023

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Public Safety

**POLICY**

This Policy applies to all faculty, students, staff, contractors, vendors and visitors.

**POLICY STATEMENT**

This policy is intended to enhance the safety and health of students, faculty, staff, contractors, vendors and other visitors, and to supplement the existing GVSU policies, by providing rules and regulations regarding the presence of animals in GVSU facilities.

No person shall bring any animal(s) onto University owned or controlled property unless otherwise permitted by this or other University policy as listed below. Individuals wishing to request a modification or exception to this policy as a reasonable accommodation should contact the Office of Disability Support Resources.

**PROCEDURES**

A. Animals Permitted on Property Owned or Controlled by the University:

1. Service Animals are permitted within all University facilities subject to the additional requirements of this policy. Individuals who wish to bring a service animal into a University housing facility may do so without prior approval. However, students are strongly encouraged to reach out to the University’s Office of Disability Support Resources (DSR) to ensure that their experience bringing the animal to campus is a positive one. Advance notice of a service animal in housing facilities will enable the University to appropriately plan for the animal’s presence and will allow more flexibility in meeting the student’s needs. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go. Please note that service animals are required to be at least 12 months of age unless an exception to this requirement has been approved by DSR.

2. Employees with a disability who wish to utilize a service animal as a reasonable accommodation in a University office or other areas of campus buildings not open to the general public, must submit the request to the Office of Disability Support Services at least 30 days before the animal is needed.

3. Service animals in training are permitted in all public facilities on the same basis as working service animals, provided that the service animal is being led or accompanied by a trainer for the purpose of training the dog and the trainer has documentation confirming the trainer is affiliated with a recognized or certified service dog training organization. Service animals in training are not permitted in certain classrooms, offices, or other areas of campus buildings not open to the general public. Facilities generally considered off limits unless an exception is granted:
   a. Research Laboratories: The natural organisms carried by service animals may negatively affect the outcome of the research. At the same time, the chemicals, and/or organisms used in the research may be harmful to service animals.
   b. Areas Where Protective Clothing is Necessary: Any room where protective clothing is required or necessary. Examples include chemistry laboratories, research/medical laboratories, wood shops, metal or machine shop, electrical shops, etc.
   c. Areas Where There is Danger to the Service Animal: Any room, including a classroom where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface, where there is hot material on the floor e.g. molten metal or glass; where there is a high level of dust; or where there is moving machinery. Where the threat of injury is to the health of the dog, the student will be permitted to make the decision.

4. A student or employee with a disability who wishes to utilize a service dog in training in University housing, classrooms, offices, or other areas of campus buildings not open to the general public must seek approval through the reasonable accommodation process.

5. Animals under the control of a law enforcement officer acting in the course of his or her duties.

6. Animals kept in residence halls as approved by the Department of Housing and Residence Life including animals kept by housing staff in residence. All animals must register with and be approved by Disability Support Resources.

7. Animals kept in residence halls must be under the control of a student or employee with a disability.

8. Animals under the control of a student or employee with a disability: A student or employee with a disability who wishes to utilize a service dog in training in University housing, classrooms, offices, or other areas of campus buildings not open to the general public must seek approval through the reasonable accommodation process.

7. Service animals are permitted to accompany the resident to all areas of housing where residents are normally permitted to go.

8. Animals approved by the University for use in research or for instructional purposes. [http://www.gvsu.edu/auuc](http://www.gvsu.edu/auuc).

9. Animals brought on campus for a special event sponsored by the University or a student organization provided that the event has been pre-approved in writing by the Dean for the sponsoring college or department or by the Office of Student Life.

10. Animals accompanied by members of the University community and visitors, as long as they remain on sidewalks and University walkways.

11. Any animal brought into a University owned or controlled property pursuant to this Policy must be properly licensed, vaccinated and tagged as required by applicable law. All animals must be under the control of their owner or handler and must be on a leash at all times, unless the owner is unable to use a leash due to a disability or the use of a leash would interfere with the service animal's ability to perform its duties. In that case, the owner must be able to control the service animal by other effective means such as voice controls or signals.

12. Animals may not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

*For purposes of this Policy, "University Facility or Facilities" means any building, facility, structure or improvement, open or enclosed, that is owned, licensed, leased by, or under the control of the University.*

B. General Requirements:

Persons bringing animals onto University owned or controlled property as permitted by this Policy are solely responsible for:

a. the full control, supervision and care of the animal
b. ensuring that animal droppings or other waste are picked up, thoroughly cleaned up and properly disposed of;

c. reimbursing the University for the costs associated with the repair of any real and/or personal property and/or University facility damaged directly or indirectly by the animal or the animal’s presence in the facility.

d. assuming full responsibility for any harm caused to others by their animal including medical expenses.

e. animals must not be cleaned or groomed in rest rooms, locker rooms, or other University facilities.

In addition, individuals bringing animals on campus must comply with all other applicable University ordinances, policies, practices and procedures and any applicable local, state or federal ordinance, statute and/or regulation.

C. Areas Requiring Pre-Approval for Service Animals:

1. The University may prohibit the use of service animals in certain locations due to health or safety restrictions, where service animals may be in danger, or where their use may compromise the integrity of research. Restricted locations may include, but are not limited to: teaching laboratories, classrooms, medical and surgical areas, and research areas.

2. Exceptions to restricted areas may be granted on a case-by-case basis by contacting the Office of Disability Support Resources. In making its decision, DSR will consult with the appropriate department and/or laboratory representative regarding the nature of the restricted area and any ongoing research. Additional requirements may be necessary to protect the animal. To be granted an exception: A student and/or employee who wants their animal to be granted admission to an off-limits area should contact DSR. Visitors should also contact DSR.

D. Clarifying Animal Status:

1. Service animals are permitted in all public facilities on campus in accordance with this Policy. University employees should refrain from questioning any individual about an accompanying service animal, including persons with non-visible disabilities, unless there is a genuine question about the animal based upon its behavior.

2. In the unusual circumstance when an inquiry must be made to determine whether an animal is a service animal, a University employee may only ask two questions:

   - Is the animal a service animal required because of a disability?
   - What work or task has the animal been trained to perform?

You may not ask those questions if the need for the service animal is obvious. You may not ask the owner to make the animal perform the task.

3. A University employee may not ask about a person's disability, require medical documentation, require a special identification card or training documentation for the service animal or ask that the service animal demonstrate its ability to perform the work or task. Although a service animal may sometimes be identified by an identification card, harness, cape, or backpack, such identifiers are not required and should not be requested or demanded for any service animal on campus.

4. Allergies and fear of animals are not valid reasons for denying access or refusing service to people using service animals.

E. Removal of Service Animals:

1. A service animal may be removed from University facilities or grounds if it disruptive (e.g., barking, wandering, posing a direct threat to the health or safety of others; is not housebroken; or displays aggressive behavior and the behavior is outside the duties of the service animal). Il, unhygienic, and/or unsanitary service animals are not permitted in public campus areas. The individual responsible for such an animal may be required to remove the animal. A service animal may also be removed if the animal is out of control and the owner does not take effective action to keep the animal under control. If the animal will be responsible for any associated fees.

2. When an animal has been properly removed pursuant to this policy, the University will work with the handler/owner to determine reasonable alternative opportunities to participate in the University’s services, programs, and activities without having the animal on the premises.

3. Any individual with a dispute or disagreement concerning the removal or restriction of a service animal or any other aspect of this policy should first contact Disability Support Resources. If the matter is not resolved, a request for mediation should be submitted to DSR. Individuals may also file a written complaint with the Equity and Compliance Unit in the Division of Inclusion and Equity by calling 616-331-2894 or at [https://www.gvsu.edu/advocates/advocacy-services/mediation-index.shtml](https://www.gvsu.edu/advocates/advocacy-services/mediation-index.shtml).

F. Enforcement of Complaints:

1. If you become aware of a violation of this policy, you are encouraged to attempt informal methods of resolution. For example, if you recognize the person violating this policy, you might contact them or their supervisor to make them aware of the problem. If that is not successful and/or you are not comfortable approaching the person violating the policy or their supervisor, then the Department of Public Safety should be notified. The Department of Public Safety may pick up the animal and hold it for 48 hours. Animals not claimed during that time will be turned over to the county animal control officer and the owner of the animal will be responsible for any associated fees. Any animal brought into a University owned or controlled property pursuant to this Policy must be properly licensed, vaccinated and tagged as required by applicable law.

2. Students in violation of this policy will be referred to the University conduct process through the Dean of Students Office and may be assessed a fine of up to $250. Employees in violation of this policy will be referred to the Human Resources Office for possible disciplinary action to be determined in consultation with the Equity and Compliance Unit in the Division of Inclusion and Equity and the employee’s supervisor.

DEFINITIONS:

1. **Service animal:** “any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untreated, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual’s disability.” (29 CFR 36.104). The crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks for the purposes of this definition.

Examples of work or tasks that service animals perform include, but are not limited to: assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as books or the telephone, alerting a person to a sudden change in blood sugar levels, providing physical support and assistance with balance and stability to individuals with mobility disabilities, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

a. The University may permit the use of a miniature horse on the same basis as a service animal if the horse has been trained to do work or perform tasks for the benefit of the individual with a disability and after an assessment of the following factors: the type, size and weight of the miniature horse and whether the facility can accommodate these features; whether the handler has sufficient control of the miniature horse; whether the miniature horse is housebroken; and whether the miniature horse’s presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation. (28 CFR 35.136)

2. **Service animal in training:** Dogs twelve months of age and older being individually trained to do work or perform tasks for people with disabilities that are at all times accompanied by a certified trainer. Puppies (dogs less than twelve months old) in training are not permitted in any University facilities.

3. **Emotional Support, Assistant, or Therapy Animals:** Please see the documentation section on the Registering with Disability Support Resources page [https://www.gvsu.edu/derg/registering-with-disability-support-resources.html](https://www.gvsu.edu/derg/registering-with-disability-support-resources.html).

SLT 6.4
Date of Last Update: September 26, 2022
Approved By: Senior Leadership Team
Responsible Office: Business and Finance

POLICY STATEMENT
Each year the University Board of Trustees approves spending rates for true and quasi-endowments. These rates are used to calculate the amount that can be distributed from each endowment. Only investment income is distributed from true endowments, as the principal must be maintained intact in perpetuity. Payouts are calculated quarterly for the current fiscal year based on the average balance over a rolling three-year period net of the endowment administration fee. Effective July 1, 2024, the payout will occur annually, during the first quarter of the fiscal year.

An endowment requires a minimum balance of $50,000 in principal before spending can begin.

PROCEDURES
A spending fund is created for each endowment so that monies are expended according to the purpose for which the endowment was established; usually a restricted fund is utilized for true endowments and a designated fund for quasi-endowments. Documentation that supports how the funds are expended must be maintained for five years. Specifically, for true endowments established to fund scholarships, the selection committee must ensure that documentation regarding the criteria utilized for candidate selection and award is maintained for a five-year period.

Replacement due to damaged, worn, or non-working tracking devices will be covered by Facilities Services – Allendale or Facilities Services – Grand Rapids and Regional Centers, so long as the damaged, worn or non-working tracking device is returned.

The employee’s department will be responsible for any keys not returned.

Levels of Keys and Issuance

A system of keys ranging from Grand Master (GM) Keys down to the lowest level key is used to satisfy user needs. Facilities Services aims to issue the smallest number of keys possible. Keys will not be issued where card access is available.

These keys are issued to Deans or Administrative Assistants with responsibility for all building and department activities. Custodial Staff will also be issued appropriate keys for the building to which they are assigned. Issuance of these keys must be approved by the Associate Vice President for Facilities Services.

Sub-Master Keys operate a sub-group of locks within a master key system such as an individual department. These are issued based on proof of need and require approval of the Associate Vice President for Facilities Services.

Operator Keys allow entry to individual offices or rooms. These are the primary keys issued to faculty and staff. Approval is from the Associate Vice President for Facilities Services.

Entrance Keys operate entrance doors to buildings, departments, or suites. Approval is from the Associate Vice President for Facilities Services.

File Keys are issued as requested to allow access to department files or personal office files, desks or cabinets.

Key Records

A key record is maintained for each employee possessing a University key or access card. The information in the key system includes the employee’s name, job title, department and phone number. The system also lists the date the key is issued, the key code, access location, room numbers, employee’s signature, and dates of key/access card return.

Key Request Procedures

Access to locked areas of the University is based upon need.

Whenever possible, employees will be issued the minimum number of keys and access cards at the lowest level allowing access to their areas of assignment only.

Students, Grad Assistants, and temporary employees will not be issued brass keys to academic buildings. Employees signing out keys for these individuals will be held responsible for the keys.

Access cards may be issued if a student is enrolled in a program that requires card access i.e. Engineering, Health Campus Programs, CLAS.

Grad Assistants may be issued access cards for the duration of their employment to buildings or spaces where they work.

All key requests must be submitted in the KEY SYSTEM, which is available on the Facilities Services website.

Return of Keys
When a key or access card is returned from an employee because the need no longer exists, the key record system will be updated with a return date. Upon termination of university employment, Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers will be notified by Human Resources. The employee’s supervisor should follow up and direct the return of keys to Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers. These key changes are reflected in the key records and the file is closed.

Under no circumstances are keys to be retained by the department and given to a new employee.

Contractors and Vendors - Special Key Issuance and Lost Keys

Such keys and access cards are to be returned immediately upon completion of the contracted service or by 5:00 p.m. each day. Keys may be kept overnight with university manager approval.

In addition to the fee for a lost key, the responsible person/vendor accepts the responsibility to pay for the re-core of the building or buildings which the lost key was assigned to open. The cost of such a re-core may reach $10,000.00 or more depending on the size of the key belonging number of cores to replace. We urge all of our contractors/vendors to maintain custody of keys and access cards at all times.

Students and Temporary Job Assignments
Students and temporary employees may have keys or access cards temporarily assigned to them for the duration of their shift and must return them daily. A driver’s license must also be presented and information will be recorded.

Employees receiving temporary job assignments may check out the appropriate building key from the Facilities Services Allendale office or Facilities Services Grand Rapids and Regional Centers office to work in the assigned area. (Example: custodians or maintenance personnel temporarily assigned to a different routine). These keys may be held for the duration of the temporary assignment and do not have to be returned daily.

Key Check Out Procedures
Lock Box Keys are issued to Facilities Services Allendale, Facilities Services Grand Rapids, Public Safety, Technology Services, and designated contractors only. This key allows access to key boxes that are located in designated buildings and contain a master key for that building. Lock Box keys are issued to designated individuals within these departments based on proof of need. These key requests must be approved by the Associate Vice President for Facilities Services.

LIGHTNING/SEVERE WEATHER POLICY - ATHLETICS

POLICY STATEMENT
The safety of all participants and observers of athletic events is extremely important. Therefore, the Athletics Department has developed the following policy and chain of command in order to ensure the safety of both athletes and onlookers in the case of severe weather during an athletic event.

PROCEDURES

Chain of Command
The athletic trainer(s) present (most practices) in coordination with the game administrator and game officials are responsible for terminating an athletic activity in the event of lightning or other severe weather. During outdoor activities, a primary responsibility of the athletic trainer(s) is to have the ability to make sound decisions on environmental factors effecting the safety and well being of the athletes as well as others involved with the activity.

The certified athletic trainer will communicate with the game administrator, the head coach, and game official(s)/umpire(s) of the potential for lightning or severe weather and will make the recommendation that all activities stop or be suspended.

If the head coach is not present, the senior most member of the coaching staff will assume responsibility.

If an athletic proceeds with their outside activity against the recommendation of the individual in charge to seek a safe shelter, the athlete assumes all personal liability with regard to their safety and health.

If a coach and/or game official(s)/umpire(s) make the decision to continue to practice and/or continue with a game or other activity despite a Telvent weather warning, the cancellation of classes, and/or the verbal instruction by a certified athletic trainer or game administrator, they will be doing so against the recommendations of the Grand Valley State University Athletic Department and will be personally liable for any and all injuries.

Severe Weather
In the event of severe weather, the following measures will be taken by Grand Valley:

The athletic training staff will check the weather daily prior to the practice or competition. Up-to-date weather reports will be obtained by using Telvent services.

During outdoor practices and games, an early warning text message system from Telvent may be used to help determine the occurrence of and/or distance of lightning in the area. The weather reports and systems will be monitored for storms that may develop during practices and games.

When an early warning text message system from Telvent has detected lightning or thunder has been heard, the athletic trainer in charge will monitor the distance on the early warning system. When the lightning is within an 8-mile radius of the venue, the activity will be ceased and a warning message with recommended safe structure will be given.

Anytime the Meadows sirens are used to close the golf course, all athletic outdoor activities will be suspended.

The certified athletic trainer will be responsible for notifying the head coach, official(s)/umpire(s) and game administrator (if present) of the lightning or severe weather. The certified athletic trainer will recommend play to be suspended at this time and shelter should be taken.

Any person who feels they are in danger of any lightning activity will have the right to leave the field or event site to seek safe shelter without fear of penalty or repercussion.

If play is suspended due to severe weather, everyone (including observers) should seek shelter in the designated “safe structures” (listed in Table A). A “safe structure” is defined as “any building normally occupied or frequently used by people, i.e. a building with plumbing and/or electrical wiring that acts to electrically ground the structure.” This structure does not include: shower facilities, baseball/softball dugouts, outside storage sheds, and canopies/awnings/tents. When in a “safe structure,” stay away from corded telephones, electrical appliances, lighting fixtures, ham radio microphones, electric sockets, and plumbing.
In the absence of a “sturdy, frequently inhabited building,” one may seek shelter in fully enclosed hardtop vehicles but should not touch the sides of the vehicle. If no “safe structure” is available within reasonable distance, find a thick grove of small trees surrounded by taller trees or a dry ditch and assume a lightning safe position. A lightning safe position is one in which one is crouched on the ground with only the balls of the feet touching the ground, with their arms wrapped around the knees and head lowered. Do not lie flat on the ground. Stay away from the tallest trees or objects (i.e. light poles or flag poles), metal objects (i.e. fences or bleachers), individual trees, standing pools of water, and open fields. Avoid being the highest object in a field.

Any person who feels his/her hairs stands on end or skin tingle should immediately assume a lightning safe position.

Avoid using a landline telephone. Cellular phones may be used in an emergency situation.

**Resumption of Activity**

Play will resume thirty minutes following the last flash of lightning per the Telvent warning system. The certified athletic trainer will make this recommendation to the official(s) during an official game.

**Care of a Lightning-Strike Victim**

A lightning strike does not stay attached to the source therefore they do not carry an electrical charge. It is safe to touch the victim to move him/her to a safe location and to render medical treatment. Medical personnel should consider their own personal safety before venturing into a dangerous situation to render care.

Lightning-strike victims who show signs of cardiac or respiratory arrest need emergency help quickly. CPR and AED use should begin immediately. If necessary, Prompt, aggressive CPR has been highly effective for the survival of victims of lightning strikes.

Victims should be assessed and treated for apnea, asystole, hypothermia, shock, fractures and burns.

Refer to the Safe Structures table.

**SPACE HEATERS AND PERSONAL APPLIANCE POLICY**

SLT 6.16

**Date of Last Update:**
January 12, 2015

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Paw Campus Operations/ Allendale Facilities Services

**POLICY STATEMENT**

The following policy language is intended to promote the safety of the campus community, improve the comfort of faculty/staff, prevent physical damage to university facilities and conserve energy at Grand Valley State University.
**PROcedures**

**Space Heaters:**
The use of electric space heaters (or those fueled by other means) is strictly prohibited in any GVSU facility. Electric space heaters pose a safety risk and fire hazard by overloading building electrical circuits. They are also a very inefficient means of providing heat and often result in the discomfort of occupants in nearby offices or work areas.

Individuals who believe their work area is too cold (or hot) may contact Facilities Services (Allendale Campus) at extension 1-3000, or Operations at extension 1-6700 (Pew Campus & Regional Centers). A work order may also be submitted online at [ehsplma.plant.gvsu.edu](http://ehsplma.plant.gvsu.edu) to request that their space be evaluated for temperature adjustments.

**Other Personal Appliances:**
The following appliances are also prohibited from being used in offices or other non-designated common areas at GVSU:

- Air conditioners
- Grills
- Coffee makers
- Crock-Pots
- Toaster ovens
- Toasters
- Mini Refrigerators
- Other small kitchen appliances
- Microwaves
- Other appliances that do not meet the intent of this policy

Many of these appliances are available to faculty/staff in designated break kitchens and lounge areas. If your department wishes to add an additional shared item to a break/lounge area, please contact the Operations Manager or Facilities Supervisor for your designated building to discuss its placement.

**Exceptions:**
Operations and Facilities Services will work to accommodate medical necessaries, departmental events or other special conditions that may warrant an exception to this policy.

**Responsibility:**
Enforcement of this policy is the responsibility of departmental supervisors. UNIVERSITY DESIGNATED AND PLANT RESERVE FUNDS POLICY

SLT 6.19

Date of Last Update:
April 12, 2022

Approved By:
Senior Leadership Team

Responsible Office:
University Budgets

POLICY STATEMENT

University reserve funds are categorized by type and will be managed by identifying target balances, authorized expenditures, and reporting thresholds for each reserve fund. The Business and Finance Office shall prepare a summary reserve report for the SLT-B annually after the close of each fiscal year.

Reserve funds are separate and distinct from operating funds. Reserve funds provide the University a measure of protection and flexibility during periods of fiscal distress or when needed for high-priority strategic initiatives requiring one-time resources. Once reserve fund levels are not restored or maintained through a specific General fund budget line item but only through access Divisional or University general funds, reserve use should be judicious and seek to always maintain compliance with minimum threshold levels unless dire fiscal circumstance warrant. Reserve fund levels are an important factor in the University’s credit rating and as such, expending reserve levels beyond the policy floors should only be undertaken in rare, emergent circumstances.

- Designated Divisional Reserve Funds are for the use of that respective division.
- Designated Institutional Reserve Funds are for the specific purpose of that named fund.
- Plant Reserve Funds are either purpose specific or are unrestricted and serve as a resource to either solely fund, or partially fund, planned or emergent projects outside of budgeted resources.

DESIGNATED DIVISIONAL RESERVE FUNDS

Designated divisional reserves are primarily funded by General Fund budget surpluses from each division. Each division shall keep any General Fund budget surpluses within its designated reserve. However, if fiscal circumstances warrant, the Senior Leadership Team-Budget (SLT-B) may elect to retain divisional budget surpluses for institutional needs.

The target range for designated divisional reserve balances is 10-20% of the General Fund budget for the respective division.

The floor for a designated divisional reserve is 5% of the General Fund budget for the respective division.

The Business & Finance office will monitor the balance of the divisional reserves with respect to these targets after the close of each fiscal year.

If a divisional designated reserve falls below the target range, the respective Executive Officer shall notify the Vice President for Finance and Administration as to the circumstances surrounding expenditures from the divisional reserve.

If a division’s designated reserve balance falls below the floor, the Executive Officer shall submit to the Vice President for Finance and Administration a corrective plan for restoring the reserve balance to the target range. In this case, additional expenditures from a divisional designated reserve are not authorized unless approved by the Vice President for Finance and Administration.

Designated divisional reserves with an average balance in excess of the target range for more than 3 consecutive years will be subject to review to determine if reallocation of reserves is appropriate for other institutional use(s). Under special circumstances, e.g., planning for special projects or expecting significant market adjustments, balances in excess of this range shall be permitted.

EXPENDITURES AGAINST DESIGNATED DIVISIONAL RESERVES

Designated divisional reserve funds are established, in part, to provide Executive Officers with sufficient flexibility to initiate new ideas or plan for large project expenditures. The following expenditures may not be charged against designated reserve funds:

- Permanent base positions
- Position contracts for periods exceeding one year and position contract renewals funded by the designated reserve. Position contracts for periods exceeding one year may be approved by the Business and Finance Office for pilot program purposes. Continuation of position contracts beyond approved exceptions must be funded by existing divisional base budget resources.
- Contracts that are expected to deplete designated reserve level below the target range over the contract period. Anticipated sweeps to the reserve will not be permitted in calculating any projected balance.
- Covering recurring deficits in General Fund operating budgets

Expenditures over $50,000 individually or in the aggregate for a single project in a Designated Reserve Fund may be approved by an Executive Officer or their designee and shall be reported to the Business and Finance Office.

Expenditures anticipated to be over $250,000 annually, whether individually or in the aggregate for a single project, in a Designated Reserve Fund must be submitted by the respective Executive Officer to the Vice President for Finance and Administration for approval before contractual obligations are made. This may include expenditures that span multiple fiscal years.

Each Executive Officer may elect to have one or more divisional reserves for its General Fund budget surpluses, but for policy application, the target balances will be considered in relationship to the entire General Fund budget for each division.

DESIGNATED INSTITUTIONAL RESERVE FUNDS

Designated institutional reserves are funded by General Fund budget surpluses outside of divisional budgets. Designated institutional reserves may be established at the direction of the Vice President for Finance and Administration and will be monitored by the Business and Finance office with respect to the specific nature of related expenditures.

PLANT RESERVE FUNDS

In general, Plant reserve funds cover anticipated future capital expenditures on infrastructure (or emergency maintenance in excess of budgeted amounts), equipment, and debt payment.

The Strategic Capital Reserve is a Plant Reserve and the primary source for anticipated (or emergency) capital expenditures and shall have a floor of $25M. This floor may be breached if recommended by the Vice President for Finance and Administration.

Expenditures over $500,000 individually or in the aggregate for a single project in a Plant Reserve Fund must be approved by an Executive Officer or their designee and shall be reported to the Vice President for Finance and Administration. Scheduled debt service payments over $500,000 that are based on maturity schedules or other invoicing do not require separate approval or reporting.

Approval for capital projects is governed under BOT policy 7.5.1 Finance and Administration – Facilities – Capital Projects. Approval of capital projects of $3,000,000 or less are reviewed and approved by the President or designee. The Board of Trustees has approval authority for each capital project over $3,000,000.

DEFINITIONS

Funds held outside the normal General Fund operating budgets that reside in the Designated and Plant Reserve funds as identified by the appropriate Executive Officer or the Vice President for Finance and Administration. Expenditures that are governed by this policy are those that are charged against funds that begin with “15” or “94”.

USE OF SECURITY CAMERAS
SLT 6.29
Date of Last Update: September 05, 2023
Approved By:
- Senior Leadership Team

Responsible Office: Public Safety

POLICY STATEMENT
Grand Valley State University seeks to promote campus safety and to provide its community with a secure environment. Security video camera systems are a critical component of a comprehensive emergency and security plan. A security camera is defined as video technology that records a specific area in order to detect, deter, prevent, or investigate crime or other threats to public safety. The University takes seriously its responsibility to protect personal privacy when it operates security camera systems. No security camera will be installed on University owned or controlled property in any location for which there is a reasonable expectation of privacy. These areas include but are not limited to restrooms, locker rooms and occupied student residential rooms. This policy applies to stationary security cameras owned or controlled by the University and not to portable or temporary camera applications. All other stationary cameras that are not for official University use, portable or not, are prohibited.

This policy serves to regulate the installation and appropriate uses of security cameras, including the retention, viewing, release and destruction of recorded images, data or records produced by security camera use.

The existence of this policy does not imply or guarantee that security video cameras will be monitored in real time, continuously or otherwise, nor that any particular department is going to observe and respond to a crime in progress.

Video recordings with information about a specific student are considered law enforcement records unless the University uses the recording for disciplinary purposes or makes the recording part of the educational record. The Department of Public Safety, working in conjunction with the Information Technology Department has the authority to select, coordinate, operate, manage, and monitor all security camera systems pursuant to this policy.

PROCEDURES
Individual colleges, departments, programs, or organizations wishing to install security camera equipment for official University use on any of the University campuses are required to collaborate with Facilities Planning. Department of Public Safety and Information Technology prior to any installation. All equipment and installation must be approved and coordinated through the Department of Public Safety in order to meet the minimum technical specifications identified by the Department of Public Safety and Facilities Planning along with Information Technology for technical standards. All costs for purchase, installation, and maintenance of security cameras will be the responsibility of the appropriate project budget or the department/unit making the request. The University reserves the right to remove or disable cameras not compliant with this policy.

Security Camera System Operator
Security Camera System Operators are trained staff members who have access and been assigned responsibility by the Department of Public Safety. Prior to being permitted access to any security cameras, these individuals will be trained by the Department of Public Safety in the technical, legal, and ethical parameters of appropriate camera use. The Department of Public Safety will maintain an up-to-date list of authorized Security Camera System Operators having access to the system and any live or recorded images. Access to viewing, copying, duplicating and/or retransmission of live, recorded video or still images will be limited to Security Camera System Operators.

Security Camera System Operators are responsible to appropriately protect the privacy of personal information that may have been captured by cameras under their control.

Recordings
Images recorded by security camera systems are considered sensitive information that are to be protected from unauthorized access for modifications, duplications or destruction. The stored images generated by University security cameras are to be kept in a central location and secured in a network location established by the Information Technology department.

Stored data may be released when it is related to any criminal investigation, civil suit, subpoena or court order, arrest, or to aid in a disciplinary proceeding against a student or personnel actions against an employee. Stored data needing to be retained as part of a civil or criminal investigation may be downloaded and retained by law enforcement personnel according to their individual department policies.

Internal requests to release stored data are to be authorized by the Director of Public Safety or designee(s).

All recordings will be re-recorded over every 30 days unless there is a demonstrated business need, ongoing investigation, court order, or other bona fide use as approved by the Director of Public Safety or designee(s).

Monitoring
University security cameras are not monitored continuously under normal operating conditions but may be monitored for legitimate safety and security purposes that include, but are not limited to, the following:
- High risk areas, restricted access areas/locations, in response to an alarm, special events, and specific investigations authorized by the Director of Public Safety or designee(s).

Any person who tampers with or destroys video security equipment will be subject to criminal prosecution and/or campus disciplinary processes.

ENDOWMENT MATCH POLICY

SLT 8.2

Date of Last Update: November 01, 2019

Approved By: Senior Leadership Team

Responsible Office:
POLICY STATEMENT

To provide additional incentive for employees to support endowments the University provides a match equal to the amount of the employee’s gift up to $25,000. Gifts are defined as outright gifts, payments and sustaining payments. Gifts are matched the same year upon actual receipt of cash or similar monetary instruments.

PROCEDURES

The following criteria are to be followed:

Only contributions to named endowments will qualify for matching funds.

Current and retired faculty and staff and their spouse’s contributions will be eligible for match. This definition excludes adjunct faculty and staff.

The available funds for matching will be limited to current year earnings of unrestricted endowed funds and undistributed interest earnings. Use of the general fund for employee gift matching is not permitted. If contributions eligible for match exceed available funding, the match will need to be reduced by an appropriate percentage for all gifts.

The match on a single gift is limited up to $25,000 per donor per year of the gift. Matching gifts over $25,000 require a recommendation from the President and approval by the Chair of the Board of Trustee’s Finance and Audit Committee in consultation with the Vice President for Finance and Administration regarding funding availability.

The eligible contributions that are received during the calendar year will be matched in the following February. Any eligible gifts received after December 31st will be matched the following February.

FUNDRAISING POLICY

SLT 8.3

Date of Last Update:
December 08, 2014

Approved By:
Senior Leadership Team

Responsible Office:
University Development

POLICY STATEMENT

University Development helps Grand Valley State University fulfill its mission and realize its aspirations in three ways: (1) securing, stewarding and increasing financial support; (2) building meaningful partnerships with external and internal constituents; and (3) communicating the university’s character, quality, priorities and goals.

Accordingly, University Development must strive at all times to ensure that its policies and procedures and those of the university are in compliance with local, state and federal regulations in regard to the solicitation and acceptance of gifts. Any deviation from the Internal Revenue Code could result in fines, public embarrassment and/or the loss of the University’s tax-exempt status.

For these and many other reasons, all fundraising requests made in the name of the University must be approved in advance by the Vice President for Development. In addition, only the Vice President for Development or their designee is empowered to issue the University’s official receipt that qualifies a donor’s charitable contribution as deductible for tax purposes.

Any fundraising activity that employs the name, image or reputation of the University, in an effort to secure financial gifts will be considered fundraising in the name of the University and is subject to this policy.

In the area of “sponsored research”, University Development may work with the Office of Sponsored Research to determine the most appropriate fit for the project.

Any potential fundraising activities on behalf of an University program or initiative must first be approved by the appropriate dean and/or the divisional vice president before a request for assistance is directed to University Development. In all decisions related to funding, the priorities of the University, as approved by the Board of Trustees, shall guide the decision making process.

University Development will not share lists of donors or other constituents with individuals and organizations not affiliated with approved university fundraising activities.

This policy shall apply to any and all members of the University community, as well as to any other individuals or organizations who may represent themselves as members of the University community or who claim to be acting on behalf of the University. This policy does not apply to members of the University community when they are engaged in fundraising activities for other organizations and/or when they have explicitly stated that their fundraising activities are unrelated to the university.

Today’s donors have more outlets for their philanthropic desires than ever before. As competition for the philanthropic dollar has increased, donors now receive numerous appeals from multiple non-profit organizations. Consequently they are likely to become annoyed by multiple requests from the same organization. To ignore this is to risk reduced support, an outright refusal, or perhaps even permanent discontinuation of support.

Grand Valley State University can be at the forefront of a donor’s choice if we are clear in our intent, focused on the university’s highest priorities, and present exciting opportunities for support. Coordination of university-wide fundraising activities is imperative.

Prohibited Activities

Members of the University community are prohibited from engaging in the following tactics and activities for purposes of fundraising:

- Use of home addresses from the university telephone directory to compile calling or mailing lists.
- Use of the Grand Valley State University Alumni Directory to compile calling or mailing lists.
- Using one’s status as a Grand Valley State University employee or student to secure a gift commitment unless specifically authorized to do so.
- Using “mass e-mails” on the campus intranet system to solicit gifts unless specifically authorized to do so by University Development.
- Conducting lotteries or similar games of chance, which the State of Michigan defines as gambling. Raffles may be conducted with prior approval from the Office of Student Life. For procedures and protocols implementing this policy please contact the Development Office.

GIFT ACCEPTANCE AND DISPOSITION POLICY

SLT 8.4

Date of Last Update:
July 31, 2008

Approved By:
Senior Leadership Team

Responsible Office:
University Development

POLICY STATEMENT

This policy is established to govern the acceptance and disposition of all gifts made to Grand Valley State University, whether such gifts are inter vivos (lifetime) or from estates, other than gifts of: (1) cash or (2) publicly traded equities traded on national exchanges. The Vice President for Development in advance of acceptance must approve all such gifts, which fall under this policy.

Gifts subject to this policy will be considered in four categories:

1. Tangible personal property
2. Real property
3. Life insurance
4. Other assets

The latter category includes, but is not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities. The criteria for acceptance, the acceptance/approval process, and the disposition policy (where relevant) for each category are set forth below.
1. Tangible personal property

A. Criteria for acceptance
Gifts of tangible personal property, including but not limited to works of art, manuscripts, literary works, boats, motor vehicles, and computer hardware, may be accepted only after thorough review indicates that the property is (1) readily marketable or (2) needed by the University for use in a manner that is related to one of the purposes for which tax-exempt status of the University was granted; that is, for education, research, or a combination of both.

B. Approval/acceptance process
A Development Officer or other appropriate gift officer will prepare a written summary of the gift proposal and submit that summary to the Assistant Vice President for Development Services. At a minimum, the summary shall include the following information:

- Description of the asset
- The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
- An estimate or appraisal of the gift's fair market value and marketability
- Any potential University use and, if so, written review by the department to benefit from the asset
- Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, etc.)

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as of whether to accept or reject the proposed gift (or, of necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

2. Real Property

The University will consider gifts of real property, both improved and unimproved (e.g., detached single-family residences, condominiums, apartment buildings, rental property, commercial property, farms, acreage, etc.), including gifts subject to a retained life estate, only after a thorough review of the criteria for acceptance set forth below under the direction and supervision of the Vice President for Business and Finance or designee. All gifts of real property shall be subject to terms and conditions as set forth in the Grand Valley State University Policy for Accepting Gifts of Real Estate.

A. Criteria for Acceptance

i. Market Value and Marketability: The Vice President for Business and Finance or designee must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers must understand and communicate to donors that it is the University’s policy to dispose of all gifts of real estate (other than property which the University wishes to retain) as expeditiously as possible. Thus, regardless of the value placed on the property by the donor’s appraisal, the University will attempt to sell at a reasonable price in light of current market conditions, and the donor needs to be informed that any such sale occurring within two years of the date of gift will be reported to the IRS on Form 8283.

ii. Potential Environmental Risks: All proposed gifts of real property, including gifts from estates, must be accompanied by a Phase I environmental audit performed at the donor’s expense. The University will consider gifts of real property, including but not limited to works of art, manuscripts, literary works, boats, motor vehicles, and computer hardware, may be accepted only after thorough review indicates that the property is (1) readily marketable or (2) needed by the University for use in a manner that is related to one of the purposes for which tax-exempt status of the University was granted; that is, for education, research, or a combination of both.

The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as of whether to accept or reject the proposed gift (or, of necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance acceptable to the University, and the delivery of the property, as applicable. The donor will pay all costs associated with the conveyance of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of tangible personal property valued at more than $500. The donor should send this form to the Gift Assistant for execution.

C. Disposition

Upon approval of a proposed gift of tangible personal property, the Vice President for Development will assign a University office the responsibility for disposing of the gift, unless the gift is intended for a specific University purpose, in which case no immediate disposition is necessary. Any guidelines on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the university office responsible for disposing of the gift.

Upon approval of a proposed gift, the Vice President for Business and Finance or designees will identify a Fund and Organization Code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the development code will be used as a holding account.

Until the property is sold or otherwise disposed of, the university office responsible for disposing of the gift will prepare quarterly status reports and distribute them to the Vice President for Development and to the designated representative of the department to benefit from the gift.

The Vice President for Development must be consulted before a gift of tangible personal property may be sold for less than appraised value, estimated fair market value, or guidelines imposed by University Development in approving the gift, as the case may be. If in the judgment of the person responsible for disposing of the gift, a current appraisal of the property would assist in disposing of the property, the person responsible for disposing of the gift may request permission to have the appraisal performed.

Upon sale of the property, the office responsible for disposing of the gift will prepare a final report on the property, including a financial summary of net proceeds to the extent known, and distribute it to the Vice President for Development, the Vice President does Business and Finance or designee, and the designated representative of the department to benefit from the gift.

B. Approval/acceptance process

The Development Officer, with the assistance of the Vice President for Business and Finance or designee, will prepare a written summary of the gift proposal and submit that summary to the Vice President for Development. At a minimum, the summary shall include the following information:

- Description of real property
- The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
- An appraisal of the properties and, if different, the University’s interest in the property’s fair market value and marketability
- The result of a title search
- Any potential for income and expenses, encumbrances, and carry costs prior to disposition
- Any environmental risks or problems revealed by audit or survey
- Any potential University use

Any special arrangements requested by the donor concerning disposition (e.g., price consideration, time durations prior to disposition, potential buyers, realtors or brokers with whom the donor would like the University to list the property, etc.)

The Vice President for Development and the Vice President for Business and Finance will review the material present by the Development Officer and make a determination as of whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.

If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of real property, the Development Officer will acknowledge receipt of the gift on behalf of the University. The University will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and to provide, at the donor’s expense, a qualified appraisal required by the IRS in the case of gifts of tangible personal property valued in excess of $1,500.

The costs associated with the conveyance of the gift, including but not limited to
The University must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the
A copy of any title information in the possession of the donor, such as the most recent survey of the property, a title insurance policy, and/or an attorney's title opinion, must be disclosed.
Other assets include but are not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities.
3. Life Insurance
A. Criteria for Acceptance
With approval of the Vice President for Development, the University will accept gifts of life insurance policies that meet the following two criteria:
The policy is a life insurance policy which is either paid-up or, if not paid-up as of the date of gift:
• Has a minimum face value of $10,000
• Has a payment schedule not to exceed ten years and which assumes an interest rate not to exceed two percent below prime interest rate as of the effective date of the policy
• Requires charitable contributions from the donor to the University in the amount of any premiums, including unscheduled premiums, which may become due.
Grand Valley State University is designated as the owner and beneficiary of the policy. If intended for endowment purposes, the face value of the policy meets the minimum funding standards for endowments established by the Board of Trustees.
B. Approval/Acceptance Process
The Development Officer will prepare a written summary of any proposed gift of a life insurance policy, which fails to meet all of the criteria specified in the section above and submit that summary through the University's Director of Planned & Endowed Giving or designee. At a minimum, the summary shall include the following information:
• Description of the type of life insurance policy, face value, premium payment schedule, interest rate, age of insured(s), and other relevant policy information
• The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, an unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.
If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of a life insurance policy, the assigned Development Officer will acknowledge receipt of the gift on behalf of the University.
The gift will be completed upon the execution and delivery of the life insurance policy to the University or an assignment of the policy in the event that the University is not the original owner of the policy.
C. Administration
The Office of University Development shall administer all gifts of life insurance policies and shall maintain records of all donor policies, contribution schedules, donor designations of death benefits, and the like. The University’s Director of Planned & Endowed Giving or designee shall be responsible for pledge reminders and monitoring payments of premiums.
The Vice President for Business and Finance or designee shall be responsible for confirming the existence and cash value of all policies in force at least annually and for collecting and distributing death benefits. Upon receipt of death benefits, the Vice President for Business and Finance or designee shall provide notice to the department(s), program(s), or endowment(s) to benefit from the gift.
4. Other Assets
Other assets include but are not limited to: promissory notes, assignments of promissory notes, partnership interests, and restricted or non-publicly traded securities.
A. Criteria for Acceptance
The University will consider gifts of other assets, including but not limited to promissory notes, assignment of promissory notes, partnership interests and restricted or non-publicly traded securities, only after a thorough review of the criteria set forth below.
• Market Value and Marketability: The University must receive a reasonably current appraisal of the fair market value of the property and interest in the property the University would receive if the proposed gift is approved. Development Officers will inform the donor that, if the gift is completed, the IRS will require an appraisal made within sixty days of the date of gift. The appraisal and other information must indicate clearly and convincingly that there is in fact a market for the asset under consideration and that the asset can be sold within a reasonable period of time.
• Potential Environmental Risks: All proposed gifts in which the University would acquire an interest in real property must be accompanied by a Phase I environmental audit performed at the donor’s expense. The only permitted exception to this requirement is for residential property, which has been used solely for residential purposes for a significant period of time for which a Phase I environmental audit has been executed.
In cases where this exception applies and no environmental audit is undertaken, the donor must have an agent complete an Environmental Checklist prepared by the Vice President for Business and Finance or designee and may be required to execute an environmental indemnity agreement.
• Limitations and Encumbrances: The existence of all mortgages, deeds of trust, restrictions, reservations, easements, mechanic liens and other limitations of record must be disclosed. No gift of an interest in the property will be accepted until all mortgages, deeds of trust, liens and other encumbrances have been discharged, except in very unusual cases where the fair market value of the University’s interest in the property net of all encumbrances which might be charged to the University had been executed by a financially responsible party.
• Carrying Costs: The existence and amount of any carrying costs, including but not limited to property owners’ association dues, country club membership dues and transfer charges, taxes and insurance, must be disclosed.
• Title Information: A copy of any title information in the possession of the donor, such as the most recent survey of the property, a title insurance policy, and/or an attorney’s title opinion, must be furnished.
B. Approval/Acceptance Process
The Development Officer will prepare a written summary of the gift proposal and submit that summary to the Vice President for Development and the Vice President for Business and Finance. At a minimum, the summary shall include the following information:
• Description of the asset
• The purpose of the gift (e.g., to fund an endowed chair, a deferred gift, and unrestricted gift) and the department(s), program(s), or endowment(s) to benefit from the gift
• An estimate or appraisal of the asset's fair market value and marketability
• Potential for income and expenses, encumbrances, and carry costs prior to disposition
• Any environmental risks or problems revealed by audit or survey
• Credit history or financial statement of financially responsible party, if applicable
• Any special arrangements requested by the donor concerning disposition (e.g., price considerations, time durations prior to disposition, potential buyers, realtors or brokers with whom the donor would like the University to list the property, etc.)
The Vice President for Development and the Vice President for Business and Finance will review the material presented by the Development Officer and make a determination as to whether to accept or reject the proposed gift (or, if necessary, to postpone a decision pending the receipt of additional information.) The Vice President for Development or the Vice President for Business and Finance shall communicate the final determination to the Development Officer, and the Development Officer shall communicate the University’s decision to the donor in writing, including any conditions imposed by the Vice President for Development or the Vice President for Business and Finance, prior to acceptance.
If the Vice President for Development and the Vice President for Business and Finance approve a proposed gift of an asset in Category 4, the assigned Development Officer will acknowledge receipt of the gift on behalf of the University. The university will not appraise or assign a value to the gift property. It is the donor’s responsibility to establish a value for the gift and to provide, at the donor's expense, a
qualified appraisal required by the IRS in the case of assets valued in excess of $1,500.

The gift will be completed by the execution and delivery of a deed of gift or other appropriate conveyance, and the delivery of the property, as applicable. The cost associated with the conveyance will be paid by the donor upon delivery of the gift. In addition, the filing of Form 8283 by the donor is required by the IRS for gifts of assets valued at more than $1,500. The donor should send this form to the Office of University Development for execution.

C. Disposition

It is the responsibility of the Vice President for Business and Finance or designee to dispose of all gifts of assets in this Category 4. If the asset involves an interest in real estate, it is generally expected that the Vice President for Business and Finance or designee will assist in disposing of the asset. If the asset is a security, it is generally expected that the Vice President for Business and Finance or designee will follow policies for disposing the asset. Any guidelines the Vice President of Business and Finance or designee wish to impose on disposition, including minimum sales price and approval or rejection of any special arrangements with the donor, will be put in writing to the Vice President for Development at this time.

Upon acceptance of a gift, the Vice President for Business and Finance or designee will designate a code for charging expenses associated with the gift pending disposition. In the absence of a known beneficiary for the gift, the Vice President for Business and Finance or designee will determine how the gift will be disposed.

Until the property is sold or otherwise disposed of, the Vice President for Business and Finance or designee will determine how the gift will be disposed.

The sale of the property, the Vice President for Business and Finance or designee will prepare a final report on the property, including a financial summary of net proceeds, and distribute it to the Vice President for Development and to the designated representative of the department to benefit from the gift.

The Vice President for Business and Finance or designee is responsible for filing Form 8283 for assets valued at more than $5,000 sold by the university within two years of the date of gift.

5. Acceptance and Disposition of Deferred Gifts

A. Deferred Giving

Deferred Services is asked to record various types of deferred gifts; the office is often asked to provide a description of the nature of such a gift, or explain how various types of deferred gifts should be recorded by us and/or handled for tax purposes. Ultimately, the Gift Assistant should refer related inquiries to the university’s Director of Major & Deferred Gifts. This does not, however, remove the need for the Gift Assistant to be familiar with this type of gift. For this reason, below are the general explanations of certain types of deferred gifts with commonly accepted rules. Information concerning specific treatment of these gifts at Grand Valley State University should be procured from the Office of University Development.

B. Bequests

The most common and simplest form of deferred giving: a bequest is a gift of property that is made through a donor’s will.

Benefits to Donors: Donors do not have to pay any money until they die, and do not owe any estate tax on the amount of the bequest.

6. Charitable Remainder Trusts

Two basic types of charitable remainder trusts qualify for federal tax benefits. In both arrangements, a donor gives stock, cash, or other assets to a trust. Those assets are invested; producing income for the gift type are initiated.

A. Unitruts

Under a basic unitrust, the donor receives one or more yearly payments equaling a fixed percentage of the value of the asset. The value is assessed each year. Under a net-income unitrust, the donor receives only the income earned by the trust, even if the trust earns less than the payout rate. However, the trust can be set up to include a “make-up provision,” which allows donors to make up the lost income in future years.

B. Annuity Trusts

The donor receives a yearly fixed payment equaling at least five percent of the value of the asset at the time the deferred-giving agreement was signed. Donors who give real estate commonly use charitable remainder trusts. Real estate is not usually given through gift annuities and cannot be given to pooled-income funds.

Benefits to Donors: Donors can get income-tax deductions and escape capital-gains taxes by making such gifts. Many donors find the trusts an appealing way to prepare for retirement. The assets can be invested to earn a lower rate of return when the donor is younger and then shifted to a higher rate of return, and thus provide more income, during a donor’s later years.

7. Deferred Gifts Policy of Grand Valley State University

In an effort to maintain continuity and consistency with deferred gifts to Grand Valley State University, the following policy has been established:

GIFTS GOVERNED BY THIS POLICY

Gifts governed by this policy: All deferred gifts to the University, which are managed by Grand Valley State University or its agents, including but not limited to the following:

- Gifts establishing charitable remainder trusts
- Gifts to the pooled income funds
- Gifts purchasing charitable gift annuities
- Gifts funding charitable lead trusts

GIFTS NOT GOVERNED BY THIS POLICY

Gifts not governed by this policy: Deferred gifts that do not require management; for example, gifts of personal residences or farms with retained life estate in donor and deferred gifts with are managed by trustees other than Grand Valley State University.

Trustee: Grand Valley State University has the option to serve as trustee of any deferred gift in which the University’s interest equals at least fifty-one percent of the total charitable interests. Usually the University prefers the use of a commercial trustee.

Payout rates: The payout rates offered to donors shall be competitive and determined in consultation with a Development Officer.

Value of Remainder: No deferred gift (except for deferred gift annuities) shall be accepted in which the value of the University’s remainder interest is less than twenty-five percent of the value of the assets transferred.

Minimum gift amounts: Grand Valley State University has the following minimums for acceptance of deferred gifts:

- Charitable remainder trusts: Initial gift - $100,000
- Pooled income fund gifts: Initial gift - $5,000 Additional gifts - $1,000
- Charitable gift annuities: Initial gift - $10,000

Note: Gift annuities may not be offered to residents of states in which such contracts are considered to be insurance products or securities. Currently almost one-half of the states (including Florida, New York and California) classify these contracts as either insurance or securities. Because this list is constantly changing, approval should be obtained from the Development Office before discussions for this gift type are initiated.

Acceptable gift assets: The University will accept the following assets:

- Cash
Publicly traded securities
Real estate (subject to approval of the Vice President for Development)
Other assets, such as closely held stock and partnership interests (subject to approval of the Vice President for Development)

Valuation of gift assets: The University will follow applicable federal tax law.

Final approval, acceptance, and execution by the University: The Vice President for Development, in collaboration with the Vice President for Business and Finance or designee must approve all documents. All documents must be sent first to the donor for signature and then to the University’s Vice President of Business and Finance or designee.

The Vice President of Business and Finance or designee shall execute the documents on behalf of the University; and the documents shall be executed in duplicate and the originals distributed as follows:

• One original to donor
• One original to Vice President of Business and Finance or designee
• Copies to the appropriate Development Officer

WEB ACCESSIBILITY POLICY

SLT 9.7

Date of Last Update:

Approved By:
•Senior Leadership Team

Responsible Office:
Equity, Planning, and Compliance Unit

POLICY STATEMENT

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all students and staff with equitable access to the University's programs, services, events and staff development activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers to our websites or to provide equally effective alternative access.

This policy establishes minimum standards for the accessibility of web-based information and services considered necessary to meet the University's goals and ensure compliance with applicable law. The University has assigned web accessibility responsibilities to its Americans with Disabilities Act Coordinator and Web Manager, or their designees.

This policy applies to all official web pages and associated web-based services developed by or for a college, school, department, program, or unit of the University.

The University will ensure that new online content and functionality developed, procured, or used will be fully accessible to individuals with disabilities. This action will include any staff training that may be necessary to ensure full implementation.

All new web pages published by any University college, school, department, program, or unit on or after the effective date of this policy must conform to WCAG 2.0 Level AA Technologies Accessibility Standards and this policy.

For existing online content, the University has: developed a strategy for identifying inaccessible content and functionality for individuals with disabilities; developed a notice to person with disabilities regarding how to request that the University provide access to online information or functionality; prominently posted this notice on its home page and throughout its website; and developed a process to ensure that, upon request, inaccessible content and functionality will be made accessible in an expedient manner.

Each website must contain a link to report accessibility issues, or to request an accessible version, should users have trouble accessing content within the site. This would usually be the site administrator or content author.

PROCEDURES

Training

Accessibility training will be provided and required of all faculty, staff and other authorized representatives prior to being given access to manage any online content through the Content Management System (CMS) or through remote access to a web server (FTP, SFTP, SSH, etc.). This training will help content administrators produce accessible content, and assess and correct content that may be inaccessible. All content administrators will be required to attend Accessibility Training on an annual basis as long as they manage online content.

Enforcement

If necessary, at the discretion of the Web Accessibility Coordinators or their designees, some or all non-compliant portions of the web pages and resources may be taken offline, or brought into compliance by designated staff or contractors.

Purchasing of Outside Content

All web-based content and systems, whether developed internally or obtained from third-parties that the University chooses to make available, is expected to conform to accessibility standards set forth in this policy. Accessibility of these technologies should be verified by University staff with demonstrated ability in accessibility evaluation. This verification process should be accomplished through hands-on evaluation of the product, prior to purchase.

When evaluating third-party products, it is advisable to choose the most accessible product in the space. However, not always will there be accessible choices, or the most accessible choice may not align with other dominant selection criteria. In cases where a product with limited accessibility has been purchased, interim, equivalent accommodations documented in an approved ADA exception should be in place until the service can be made accessible.

Contact Information

Any concerns with the accessibility of online content should be directed to the Americans with Disabilities Act Coordinator, 4935 James H. Zumberge Hall, 616-331-3296 and/or Web Manager, 2090 James H. Zumberge Hall, 616-331-2525 or their designees who serve as the University’s Web Accessibility Coordinators. FREEDOM OF INFORMATION ACT POLICY
SLT 10.3
Date of Last Update: June 03, 2019
Approved By: Senior Leadership Team

Responsible Office: Office of General Counsel

POLICY STATEMENT
Personal legal advice or representation with regard to a personal matter should be privately retained and paid for by other than University funds.
Section 1 of the Michigan Freedom of Information Act ("FOIA" or "the statute") provides, "It is the public policy of this state that all persons, except those persons incarcerated in state or local correctional facilities, are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees, consistent with this act. The people shall be informed so that they may fully participate in the democratic process." (1) To that end, all people, excluding prisoners, are allowed to file FOIA requests with a Grand Valley State University (the "University"). A requester must simply file a request in writing with the University’s FOIA Coordinator, and the University will begin processing his or her request. (2) Each request must include the requesting person’s complete name, address (in compliance with United States Postal Service addressing standards), and either a telephone number or email address.

The University, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.

If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options.

A fee deposit will be required when processing a request that will require significant University employee time and resources. The University will notify the requester of the estimated cost and provide a non-binding, best estimates of the time it will take to complete the processing of the request. It is possible that after further processing of the request, the University will determine that the cost of processing the request is significantly less or greater than the estimated cost. If that is the case, the University will notify the requester to allow the requester to determine whether and how they want to proceed with the request.

After the University receives a required deposit, it will make every effort to provide the requested documents within the time estimate provided. Requesters must understand, however, that at any given time, the University is processing multiple requests and cannot devote all of its time to one particular request.

A requester who feels wrongly denied of responsive documents may appeal to the Head of the Public Body, which for the purposes of these Procedures and Guidelines is the General Counsel, or file a civil action. If a requester believes that the University has required a fee that exceeds the amount permitted under the Procedures and Guidelines, they may file a civil action. Requesters are also always free to contact the FOIA Coordinator at 616-331-2067 or foia@gvsu.edu with any questions about the processing of their requests. Detailed Procedures and Guidelines follow.

PROCEDURES

1. How to submit a FOIA request to the University

   a. A FOIA request must be submitted in writing to the FOIA Coordinator in the Office of General Counsel. The request may be transmitted in hard copy, by email, or by facsimile.
   b. The University’s FOIA Coordinator address is 1085 James H. Zumberge Hall, Grand Valley State University, Allendale, MI 49401. The email address is foia@gvsu.edu. The fax number is (616) 331-3950.
   c. A request should describe the record(s) sought sufficiently to enable the University to find the record(s) and should provide the requester’s contact information.
   d. Requests should state that they are submitted pursuant to the Michigan Freedom of Information Act.
   e. Requests received electronically are deemed received the next business day. A business day is defined as Monday through Friday, exclusive of holidays and institutional closure days.
   f. If a request is delivered to the FOIA Coordinator’s junk mail folder, the request will be deemed received one business day after the FOIA Coordinator becomes aware of the request. The FOIA Coordinator will check the junk mail folder at least once per week.

2. Responses to FOIA requests to the University

   a. The University will respond to a FOIA request within five (5) business days of the FOIA Coordinator receiving the request.
   b. A response will consist of one or more of the following:
      i. A granting of the request
      ii. A partial granting of the request, and a partial denial because some or a portion of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iii. A complete denial of the request because all of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure
      iv. A notice that more time is needed to process the request
      1. If more time is needed, the University will send out a follow up response within 10 business days of the initial response.
      v. A notice that a fee deposit is required prior to further processing
      1. If a fee deposit is required, the University will include in its response a non-binding, best estimate regarding the time it will take to provide the records to the requester.
      vi. A notice that the record(s) sought has (have) not been sufficiently described to enable the University to locate the record(s).
   c. The response will state the FOIA exemptions under which any information and/or documents are withheld, if applicable.
   d. If any part of a request for records is denied for any reason, the response will set forth the procedures for appealing the denial.

3. Deposit Requirements

   a. A fee deposit will be required when the processing of a request will result in fees equal to or greater than $50.00.
   b. The required deposit will equal up to 50% of the estimated cost of fulfilling the request as calculated at the time of the initial response.
   c. If the University requires a deposit, it will not process the FOIA request further until the deposit is paid.
   d. If a deposit is not received by the FOIA Coordinator within 45 days of the initial notice, the request will be considered withdrawn. Notice of a deposit requirement is considered received three days after it is sent, regardless of the means of transmission.
   e. If, after receipt of the deposit and further processing of the request, the University learns that the processing costs will be significantly different from the estimated costs, the University will so notify the requester. Where the actual effort to search for, review and separate exempt material significantly exceeds the original estimate, the University will notify the requester. The requester may choose to accept the revised fee deposit notice, or to request further processing of the request at the original estimate of the cost.
   f. A person who makes a FOIA request for which a deposit is required may withdraw that FOIA request without charge instead of paying the required deposit. Failure to pay the deposit will be deemed a withdrawal of the FOIA request.
   g. The University will treat multiple concurrent FOIA requests on the same topic(s) and/or regarding the same record keeper(s) and from the same person as one FOIA request for purposes of determining whether the fee is below $50.00.
   h. Where a requester who has not paid the final fee for the processing of an earlier request files a new FOIA request, the University may require a deposit of all (100%) of the estimated fees for processing the subsequent request prior to processing the subsequent request.

4. Calculation and Payment of Fees

   a. Fees are calculated by adding together the following costs:
      i. The labor costs for searching for, locating, and examining responsive records
      ii. The labor costs for review, separation, and deletion of exempt information from non-exempt information
      iii. The cost of non-paper physical media, if used
      iv. The cost per copy of paper copies, not to exceed $.05/page for standard 8 ½ x 11 inch paper
      v. The labor costs directly associated with duplication or publication, which may include copying to non-paper media
      vi. The cost of mailing
   b. Final fees for responding to a FOIA request will be billed when the University responds to the FOIA request. A detailed FOIA fee itemization form will be provided by the University with the response. The amount invoiced must be paid within ninety (90) days. The University reserves the right to require payment in full of all fees incurred in processing a FOIA request before delivering the final, responsive documents.
   c. The University’s decision to deny access to public records sought by a FOIA request because those records are, in whole or in part, exempt from disclosure does not excuse the person who files that FOIA request from payment of fees for the work undertaken by the University in response to that request.
   d. The University may waive or reduce the fees it is authorized to charge if it determines that a waiver or reduction of the fee is in the public interest because responding to the FOIA request can be considered as primarily benefiting the general public.
   e. Fee reductions or waivers are required in certain instances involving proven indigence or non-profit organizations. The University will apply these reductions or waivers in accordance with the statute.

5. Procedures for Challenge and Appeal
a. If the University denies a request in whole or in part, the requester may:

i. Submit an appeal to the Head of the Public Body, which for the purpose of these Procedures and Guidelines is the Vice President and General Counsel, in writing, via the FOIA Coordinator, using the contact information listed in Item 1, above. The appeal must specifically use the word “appeal” and identify the reason(s) the requester seeks reversal of the denial. The Head of the Public Body must respond to the appeal within ten (10) business days by doing one of the following:

1. Reversing the FOIA Coordinator’s decision
2. Upholding the FOIA Coordinator’s decision
3. Reversing in part and upholding in part the FOIA Coordinator’s decision
4. Issuing a notice of extension for not more than ten (10) additional business days.

ii. Commence a civil action in the Court of Claims within one hundred eighty (180) days after the University’s final determination to deny a request.

b. If a requester believes that the University has required payment of a fee that exceeds the amount permitted under these Procedures and Guidelines, they may commence an action in the Court of Claims for a fee reduction within forty five (45) days after receiving the notice of the required fee.

c. If a requester has questions regarding any FOIA response, including estimated fees or actual fees assessed, the requester should not hesitate to contact the FOIA Coordinator by email foia@gvsu.edu or telephone 616-331-2067.

FOOTNOTES

(1) M.C.L.A. 15.231.

(2) Verbal requests for information are not FOIA requests for purposes of these Procedures and Guidelines. If a verbal request for information is received by a University employee who knows that the information is available on the University’s website, the employee, where practicable, will inform the requester about the University’s website address.

(3) The University has determined, consistent with FOIA, that failure to charge fees in situations where the fees would be equal to or greater than $50.00 would result in unreasonably high costs to the University.

(4) A copy of the standard form that the University uses for fee itemization, with additional explanatory information, is attached to these Procedures and Guidelines.

(5) Labor costs will be estimated and charged in increments of 15 minutes or more, with all partial time increments rounded down. The labor is charged at the hourly rate of the lowest paid University employee capable of doing the work, plus fringe benefits, if applicable. If it is not possible for the work to be done by a University employee, the University will contract the work out and charge per the provisions of the statute.

No Expressive Activity shall be permitted to violate or hinder the rights of others within the campus community.

The University does not assume any obligation or responsibility for the content of the materials distributed.

8. The Expressive Activity does not include posting materials on University property, except as provided by the University Posting Guidelines (http://www.gvsu.edu/posting/).
9. The Expressive Activity does not include soliciting or accepting donations, except as provided in this policy.

3. University or university faculty members are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and as educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times act in a professional and responsible manner, and should make every effort to indicate that they are not institutional spokespersons.

In addition to University policy, state law, specifically the Michigan Campaign Finance Act, regulates political activities of public bodies, such as state universities, and its employees.

PROCEDURES

In light of University Board of Trustees’ policies and state law, the following guidelines are intended to help faculty and staff with compliance:

1. Faculty and staff members may engage themselves, as private citizens, in political activities including support or opposition to candidates for office or ballot questions on their own time. If you are working for the University and charging your time to a federal grant, any activity to support a political candidate or ballot question must be conducted on personal time. For questions about federal grants, contact the Office of Sponsored Programs for more information.

2. University departments or programs may sponsor presentations and discussion groups about an upcoming election provided that the purpose is to provide factual information on a political subject or issue if the communication does not support or oppose a ballot question or candidate by name or clear inference.

3. Classroom discussions of candidates and ballot questions must be related to course content as described in the catalog and course syllabus. A reminder to students to register to vote and to vote is permissible.

4. Faculty and staff members may express their support or opposition to candidates or ballot questions by wearing buttons.

5. Faculty and staff members, as private citizens, may elect to lend their names to support one or more candidates for office or in support of or opposition to a ballot question. However, care must be exercised to assure that the faculty or staff member does not use their University title in relation to such advocacy.

6. Faculty and staff members shall not use University resources for political activity to support or oppose candidates for office or ballot questions. “University resources” includes, but is not limited to:

   a. University funds or money administered through a University budget;
   b. University facilities including office space or meeting rooms (except speech in open forum areas) or use of University office address;
   c. University equipment including office or cellular telephones, computer hardware or software, printers, copiers and facsimile machines;
   d. University-provided email addresses or use of the University email system;
   e. University supplies including stationary, paper, postage, pens, pencils, and other office supplies;
   f. University identifying marks including trademarks, logos, University letterhead, and University titles; and
   g. University time including when the faculty or staff member is working or the use of clerical or student worker time.

**VOLUNTEERS POLICY**

**SLT 10.7**

**Date of Last Update:**
April 25, 2013

**Approved By:**
Senior Leadership Team

**Responsible Office:**
Office of General Counsel

**POLICY STATEMENT**

This policy is intended to reduce the risk related to the use of volunteers and their activities. The University accepts volunteer support to accomplish its educational mission and desires to ensure that volunteer relationships with the University are clearly established and understood by all parties. Payment for volunteer services is not allowed. However, University departments may reimburse volunteers for actual and reasonable expenses, following the appropriate university policies. The University requires the same attention to duties and responsibilities for volunteers as it does for employees of the University. This policy also does not cover or govern volunteers who agree to serve as human subjects in University research protocols, as they are covered by other policies under the administration of the Human Research Review Committee.

**PROCEDURES**

**Relationship**

Volunteer arrangements may not be used to circumvent the established processes that govern the employment of people. Volunteers do not have an employment relationship with the University on any grounds or for any reason and are not covered by the Fair Labor Standards Act, Michigan wage laws, or the Youth Employment Standards Act, and are not eligible for any University benefit, including Worker’s Compensation, or any other benefits of employment from the University, including but not limited to, health care, vacation, or sick time. Volunteers are not provided with accident or medical insurance, and are therefore responsible for any accident or medical expenses that may be incurred as a result of the volunteer assignment.

Payment for volunteer services is not permitted under any circumstance. However, the appropriate department has the authority to decide whether to reimburse a University volunteer for actual and reasonable expenses so long as the expenses fall under the University’s reimbursement guidelines located on the [Business and Finance website](http://www.gvsu.edu/businessandfinance). Reimbursement cannot be used as a substitute for compensation nor can it be linked to the volunteer’s productivity.

Volunteers may not receive any institutional marketing materials reflecting their name and the University logos such as: business cards, letterhead, unless approved by the appropriate Vice President or Senior Leadership Team member.

**Protection of Volunteer**

According to the Board Policy BOT 10.3, Indemnification: “It is the policy of Grand Valley State University to support its Board members, officers, faculty, and staff in the reasonable and proper performance of their official duties, and to support students and volunteers when performing services on behalf of or under the direction of the university.”

Volunteers are indemnified in the same manner as employees. It is important that the department or unit managing the volunteer maintain records as specified in this policy in order to ensure their volunteers are properly covered.

**Eligibility**

To be eligible to become a volunteer, one must:
1. Be willing to provide services according to this policy, complete and sign a Grand Valley State University Volunteer Profile, Disclosure, and Consent Form as well as other associated forms if deemed appropriate.
2. Have parental consent if under the age of 18.
3. Complete the Authorization for Release of Information for Background Check if the volunteer assignment involves working directly with minor children, money or access to confidential information regarding employees, students, health, financial data, etc., and
4. Be authorized through the Department of Public Safety if the volunteer assignment requires operating a vehicle owned or leased by the University.

**Responsibilities of the University Department Engaging Volunteers**

Departments must keep records of volunteer names, dates of service(s), and services performed for a period of one year following the end of the volunteer assignment.

It is the responsibility of the individual unit to ensure that volunteers are aware of the unit’s rules and regulations. Volunteers must have the necessary training and/or supervision to safely carry out volunteer work. If the volunteer assignment involves providing professional services such as those performed by accountants, architects, doctors, engineers, etc., the department must assure that the volunteer has the appropriate credentials including licensure and/or certification.

One exception is that any legal services or assistance, whether by a volunteer or otherwise, must have prior written approval of the General Counsel. According to Board policy, as stated in the Board of Trustees’ Policies, all legal services must be provided through the Office of General Counsel.

If the volunteer assignment requires operating a vehicle, the volunteer must have a valid driver’s license, and have a good driving record as determined by the Department of Public Safety.

**Responsibilities and Rights of the University Volunteer**

Volunteers are responsible for complying with all University policies and all relevant laws including but not limited to: personal conduct, sexual assault, unlawful discrimination and harassment, compliance, workplace violence, substance abuse; misuse of confidential information; use of University technologies; financial responsibility; and vehicle use. Volunteers are not considered agents of the University unless the authority has been expressly delegated to them by an authorized University official. Volunteers are also expected to comply with any rules and regulations specific to the department for which they are
volunteering.

**Risk Management**

Volunteers cannot replace employee positions. Volunteer services are generally limited to humanitarian, charitable, or public services. University volunteers are also prohibited from performing the following activities:

1. Working in any capacity in which the volunteer is employed by the University, or which is essentially similar to the individual's regular work at the University, or under circumstances that suggest the decision to volunteer is not made freely.
2. Operating heavy equipment e.g., forklift, hi-lo, backhoe, etc.,
3. Working with highly hazardous or toxic chemicals or agents and/or dangerous equipment or environments i.e.: anything that could cause severe injury or death,
4. Any activity considered inappropriate for an employee,
5. Entering into any contract on behalf of the University,
6. Rendering professional services without possessing the required credentials,
7. Any actions beyond the scope of the volunteer assignment, and
8. Provide legal advice or assistance without prior written approval from the University General Counsel.

In some cases where the volunteer assignment involves higher levels of risk exposure to the individual and others, the University department is responsible for disclosing those risks to the volunteer in writing. This will assure that information about the risks associated with the volunteer assignment are clearly communicated to the individuals who are engaged as university volunteers. Examples of services that require risk disclosure include but are not limited to:

1. Laboratory activities
2. Services with potential exposure to bloodborne pathogens,
3. Professional services that require licensure and/or certification such as those performed by accountants, architects, doctors, engineers, etc. and trade services such as construction, plumbing, electrical, etc.
4. Travel of any kind,
5. Activities in any environment which requires orientation or training, and
6. Activities with patients and/or subjects of experiments.

**Use of Volunteer Procedures**

The procedures and forms to implement this policy can be found on the [Risk Management Website](#).

**DEFINITIONS**

A volunteer is defined as an uncompensated individual who performs services directly related to the operations of the University for its benefit, to the mission of the University, or for the volunteer to gain experience in specific endeavors. To qualify as a volunteer, an individual must be willing to provide services according to the directions of the appropriate University representative. An individual who provides services for an entity that is not directly related to the business of the University (e.g., a government or public agency), is not considered to be a University Volunteer for the purposes of this policy.

**EMAIL POLICY**

**SLT 11.2**

**Date of Last Update:** October 09, 2015

**Approved By:**

| Senior Leadership Team |

**Responsible Office:** Information Technology

**POLICY STATEMENT**

Grand Valley State University provides its faculty, staff and students with electronic mail intended for University-related purposes including direct and indirect support of the University's instructions, research, and service missions; of University administrative functions; of student and campus life activities, and of the free exchange of ideas among members of the University community and between the University and the wider local, national, and world communities.

The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder's consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional circumstances inspect, monitor, or disclose electronic mail.

**PROCEDURES**

**Applicability**

This Policy applies to:

- All electronic mail systems and services provided or owned by the University
- All users, holders, and uses of University e-mail services
- All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.

This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:

- Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the [Electronic Communications Privacy Act](https://www.law.cornell.edu/uscode/text/18/section-2711) and the [Computer Fraud and Abuse Act](https://www.law.cornell.edu/uscode/text/18/section-1030), which prohibit unauthorized use or entry into another's account; the University Student Code; the University's Anti-Harassment policy; and all applicable software licenses.
- Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.
- Act within the standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations and law.
- Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.
- Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.
- Inspection, monitoring or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

**Specific Provisions**

**A. Users**

Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVVS retains the right to remove email services at any time.

**B. Account Usage**

GVVSU has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual's responsibility to do so.
Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University's computer system without proper authorization. Any attempt by a user to gain access to another person's network account, private network drive, or restricted areas on the GVSU computer system is prohibited.

University e-mail services shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unwarranted or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) "spam," that is, to exploit listservs or similar broadcast systems for purposes beyond their intended scope to amplify the widespread distribution of unsolicited e-mail; and (3) "letterbomb," that is, to resend the same e-mail repeatedly to one or more recipients to interfere with the recipient's use of e-mail.

C. Representation

Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is: "These statements are my own, not those of the Grand Valley State University."

Policy Violations

Violations of University policies governing the use of University e-mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under other University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A for detail on additional policies and guidelines.

Security and Privacy

The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their users' accounts. Users should be aware, however, that the University couldn't guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSU is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their use of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when

a. The user has voluntarily made them accessible to the public
b. It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
c. There is reasonable cause to believe that the user has violated, or is violating, this Policy
d. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns

e. It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

Posting and Authority to Change

Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel.

Office of General Counsel

POLICY STATEMENT

All faculty/staff communications from University email accounts should reflect the University’s brand. To keep our brand identity strong and consistent, and to enhance credibility for our faculty and staff who communicate via email, all emails created by University employees and delivered via the University’s email system should feature email signature blocks consistent with this policy.
An email signature block is text and other University information appended to the end of an email in order to identify the sender and facilitate further contact. Official University email signature blocks establish credibility for our faculty and staff by clearly identifying them and their roles at the University. The official signature block provides contact information for the employee and points email recipients to the University website, a key source of information about the University.

All emails using a University account should have signature blocks consistent with the University brand. The following items are permissible but not required:

- Employee’s name
- Employee’s official University title(s)
- Employee’s department or office name
- Gender pronouns
- Grand Valley State University
- University’s website address, www.gvsu.edu
- Department or Program website
- University or departmental trademarks or logos
- the University’s general address or employee’s University address
- Employee’s department and/or office telephone number, and fax number
- Employee’s mobile phone number
- Employee’s campus email address
- Social media account addresses used solely for advancing scholarly or professional pursuits
- Other University related information may be added such as departmental mission statement, and a link to University created social media account(s)
- A confidentiality statement is permitted for use below the email signature on all outgoing emails, such as:

  The content of this email is confidential and intended only for the recipient(s) specified. If you received this message by mistake, please reply so the sender can correct the error, and then delete this email immediately. Do NOT forward it to a third party without the written consent of the sender.

Employees may not add to their official email signature block any personal information, including links to personal websites or social media accounts that are not used solely for scholarly or professional pursuits related to their position at the University. Except for messages of and concerning the University no mottos, symbols, quotations, taglines or other statements may be added to the email signature block, as these may be misunderstood as representing the University’s official positions, values or views.

All faculty and staff shall comply with this policy by creating an approved email signature block and using it consistently when communicating via their University email accounts. Should there be noncompliance to this policy, the individual’s supervisor and/or vice president will enforce compliance through appropriate means.

**POLICY STATEMENT**

When a device or account connected to the GVSU campus network is compromised by a virus or malicious software, the network is at great risk of harm due to potential damage of university data or disclosure of sensitive information. To preserve the health of the network and the devices connected to it, the infected device must IMMEDIATELY be disconnected and removed or the account blocked from the campus network until Information Technology personnel verify it is no longer compromised. Despite the disruption this may cause to the individual user, the user is required to produce any infected device to Information Technology personnel upon request in order to prevent information disclosure, data file destruction, or exploitation of the compromised account.

Information Technology personnel shall provide their identification and authorization to the device user that authorizes them to remove the afflicted device prior to its removal. PROCEDURES

Users are to provide the caller with an alternative person’s name and telephone number to contact if they are going to be gone for any length of time.

PhoneMail users are to respond to messages within one business day unless they are on vacation.

SOFTWARE SUPPORT POLICY

SLT 11.12

Date of Last Update:
April 19, 2015

Approved By:

Senior Leadership Team

Responsible Office:
Information Technology

POLICY STATEMENT

Information Technology is responsible for providing software support to the campus community. IT resources are finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.

PROCEDURES

The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Standard software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.
