A GVSU FACULTY-LED PROGRAM

## South Africa: Biology Open to: All Majors

### TELL ME ABOUT THIS PROGRAM

\*\*\* PLEASE NOTE: This program will next be offered summer 2019. The information on this page is for the 2017 program. Updated 2019 program information will be available summer 2018. Program details may be similar, but are subject to change. \*\*\*

**Hoedspruit (Kruger National Park), South Africa**— This three-week program provides students with field-based international experiences in natural resource and sustainability issues including an appreciation of the relationships between South African ecology, culture, and physical environment. The program is designed to teach students about the functioning of the Greater Kruger National Park Ecosystem including the natural history and management of wildlife and vegetation. Students will also gain first-hand knowledge of African history and culture as it pertains to natural resource management. Students will be housed at the Southern African Wildlife College and will interact with faculty, staff, and local students through lectures, discussions, field trips, and safaris.

### WHEN CAN I GO?

May 4 - May 25, 2017  
(3 weeks)

### WHERE WILL I LIVE?

Students will live in Rondavels (traditional African round houses) or safari tents

### WHO IS ELIGIBLE TO PARTICIPATE?

This program is open to all majors, but does require a minimum 2.0 GPA.  
GVSU is happy to extend this opportunity to [non-GVSU students](#).
